KSIS Contact,

Please be advised that KDE has confirmed the scheduled release of **Campus.1625** to start **Wednesday, July 13 at 7:00 p.m. (Central)/8:00 p.m. (Eastern)**. Infinite Campus will be temporarily unavailable during the update process. Please contact me if you have any questions or concerns about the update schedule.

The chart below summarizes highlights of the release. The Kentucky Release Notes are attached. For the full manifest of changes in this release, click here (Campus ID required). Infinite Campus University has provided a recorded WebEx training session for the release: LL 9740: New Release Enhancements Lunch and Learn (22 min). Click here to play the recording.

Please share this information with individuals in your district or office as appropriate.

Thank you!

Infinite Campus Release Highlights – Campus.1625	
Kentucky Specific	
Attendance	• The following modifications were made to the Attendance tab: o Users will no longer receive a validation message when entering and refreshing attendance data for Non-Attendance calendar days. o The following validation has been added to prevent attendance entry for days where the Instruction checkbox is unmarked: "This Calendar Day (dd/mm/yyyy) is not an instructional day. Change the date above and click refresh on the set attendance flag for dd/mm/yyyy."
Calendar	• The following modifications were made to the Calendar > Days tool: o The validation warning users receive when unmarking the Attendance checkbox on a day has been removed for Kentucky users. o The following validation has been added and will appear when users unmark the Instruction checkbox on a calendar day: "Warning: you are about to set a non-instructional day. All attendance records on this day are going to be deleted. Are you sure you want to do this?"
Special Education	• New print formats have been created of the following documents: o KY Conference Summary 2016 - Revised (current) o KY Evaluation 2016 (current) o KY IEP 16 Format (current) o KY PSP 16 Format (current) • The Test Accommodations Report, Student Records Transfer, Progress Report, and Amend Tool have also been updated. New versions of the following FDFs (blank and interactive) have

	been added: o KY Consent for Special Education and Related Services o Consent to Evaluate o Revocation Denial of Consent o Meeting Notice • Corrected issue where amendments made to IEPs created with the 2015 print format were not included in the printed document. • Corrected issue where users were unable to batch sync special education documents or print from the state edition. • Corrected issue where evaluations synced to the state would only include the header when printed.
TEDS	• The following CIP Codes were added: o 13.1399.00: Future Educator o 43.0102.00: Corrections • CIP Code 51.0601.01 has been renamed 51.0601.01: Dental Assisting • The following CIP Codes were deprecated: o 09.0701.01: Radio and TV Production o 09.0701.02: Radio and TV Scripting and Directing o 10.0201.00: Photographic Film Video Technology o 11.1004.00: Communications-Multimedia Audio Video o 48.0503.05: CAD/CAM Operator • Logic for the TEDS Report has been updated so that when a student has TEDS records in multiple schools and all of these schools have been selected on the extract editor, the student will report their TEDS record for each associated school.
Core Product	
External LMS Exclude Checkbox	• An External LMS Exclude checkbox has been added to various tools in Campus to distinguish records that are not relevant to a 3rd party LMS system. This checkbox can be used to exclude the marked record from being shared with an external LMS system, such as through OneRoster or a custom district configuration. This checkbox has been added to the following tools: o Scheduling > Courses > Course, Section o Grading & Standards > Course Master > Course Master Info o Census > People > District Assignments o Student Information > General > Enrollments o System Administration > Calendar > Calendar > Calendar, Grade Levels, Schedule Structures o Grading & Standards > Grading Tasks, Standards Bank o System Administration > Resources > School
Grading & Standards	• District Management of Grading Setup - When copying grading tasks, standards, categories and grade calc options at the course level and the course masters level, Select All and Clear options have been added.
Response to Intervention	• Response to Intervention (RTI) functionality is now generally available for all Campus customers. (NOTE: KY districts are required to continue using the custom Intervention tab for the

	2016-17 school year.) KDE recommends that system administrators remove tool rights to the RTI functionality to prevent users from entering data in the wrong location.)

Section Staff History	• The Section Staff History tab now includes Access Dates in addition to Assignment Dates.
	  o Access Dates determine a teacher's access to Campus Instruction tools (Grade Book, Planner, etc.).
	  o Assignment dates indicate when a teacher is teaching a section, and for the most part should not be populated (this is existing functionality).
	• Both of these date fields can be populated with future dates.
	• The Section Staff and Teacher tables have been archived and converted to views. State reports that reported from these tables have been updated to report necessary data from the SectionStaffHistory table.
