Subject: KSIS Notification: Release E.1513.3 Scheduled for May 13
Date: Monday, May 04, 2015 4:00:23 PM
Attachments: E.1513 release notes kentucky.pdf

KSIS Contact,

Please be advised that KDE has confirmed the scheduled release of **E.1513.3** to all Kentucky Infinite Campus production and sandbox environments to start **Wednesday, May 13 at 7:00 p.m. (Central)/8:00 p.m. (Eastern)**. Infinite Campus will be temporarily unavailable during the update process. Please contact me if you have any questions or concerns about the update schedule.

The chart below summarizes highlights of the release. The Kentucky Release Notes are attached. For the full manifest of changes in this release, click here (Campus ID required). Infinite Campus University has provided a recorded WebEx training session for the release: LL 9770: E.1513 New Release Enhancements-20150402 1619-1 (26 min.). Click here to register and play the recording.

Please share this information with individuals in your district or office as appropriate.

Thank you!

Infinite Campus Release Highlights – E.1509.3	
Kentucky Specific	
Evaluation Override	• The PD Class field found on the District Assignment tab has been renamed Evaluation Override. Existing PD Class values were converted to Evaluation Override values (01: Yes or Null).
Preschool	• The Preschool Enrollment Count has been updated to include students who have a Preschool Setting of Head Start (unless the student also has a Preschool Type of Head Start).
Core Product	
Ad Hoc Reporting	• The WYSIWYG editor available in the Ad hoc Letter Designer has been updated. This update allows users to add multiple line breaks between paragraphs for readability.
Attendance	• Users reported that when attendance clerks recorded attendance using the Classroom Monitor, the sections in which attendance was entered and saved were not updating to the correct color (green for attendance entered, red for attendance not entered). This has been corrected.
Campus Instruction	• Multiple fixes were applied to the grade book, seating charts and scoring functionality. See full release notes for details.
Grading & Standards	• The Course Standards report has been updated so that when the option to "List Standards not aligned to Courses" is selected, the report will only include standards that are aligned to the selected school.
Programs	• LEP: Logic behind the LEP Parent Refused Services label to hide the field was not functioning properly in all states. This has been corrected. • MYAP-Grad Progress tab: When a student drops a course, any in-progress credits for that course will NOT be calculated and

	will NOT count towards the student's total credits.
Report Cards	• Users were encountering performance issues and long delays when attempting to print standardized report cards. This has been corrected. • All comments related to scores tied to standards associated with a dropped course section print on a Standards Based Report Card. (See release notes for full details)
