The teacher has tried everything they know. You have tried everything you know. Teacher Grades are not posting to the Grade Book! Principals: use this Teacher Grade Posting Troubleshooting Guide as a tool to locate and correct the issue BEFORE submitting a support request to KDE.

#### 1. SCHEDULING & COURSES > COURSES > COURSE GRADING TASKS

- a. Make sure the grading tasks are set up correctly at the course level
- b. Reference the [KTS Grading Task Setup](#) document, located on the KTS Data Exchange [webpage](#)
- c. Open each Grading Task (i.e. CTE Term Grade, CTE Final Grade, CTE Final Exam (if applicable)), and check the following:
  - i. Fields that must be complete for the below Grading Task:
    1. CTE Term Grade
      - a. CTE Numeric Score Group Selected
      - b. Term Mask – A checkmark represents the term(s) in which the course met. In other words, how often does/did the course meet throughout the year? Check as many Term Masks as needed
    2. CTE Final Grade
      - a. CTE Numeric Score Group Selected
      - b. You MUST add a Credit value into the Credit field. If a credit value is not indicated transcript records will not post

      - d. Term Mask – A checkmark represents the term(s) in which the course is awarding a final grade and credit for the class.
    3. CTE Final Exam (if applicable)
      - a. If your school does not calculate a final exam grade into the CTE Final Grade, then you do not need to use this grading task.
      - b. If your school DOES calculate a final exam grade into the CTE Final Grade, then you must make sure it is set up
      - c. CTE Numeric Score Group Selected
      - d. Term Mask – A checkmark represents the term(s) in which you would like a final exam score to calculate with the CTE Final Grade
  - d. Navigate to the Grading Window tool (Grading & Standards > Grading & Standards Administration > Grading Window). Make sure the grading task(s) you would like to sync have been correctly scheduled for the correct term and date range. Make sure date ranges do not overlap for specific grading tasks. See the [Grade Sync Troubleshooting Guide](#) for more details regarding the new Grading Window tool.
  - e. Do not use any other grading tasks for CTE courses besides the three that are listed above
  - f. If you notice multiple of the same grading task showing for a course, contact KTS Support immediately

## 2. SCHEDULING & COURSES > COURSES > GRADE CALC OPTIONS

- a. Make sure calculation options and composites are set up correctly at the course level
- b. Reference the [KTS Grade Calc Options](#) document, located on the KTS Data Exchange [webpage](#)
- c. Click on the Fill Options button (top left corner, under the Save button)
  - i. For the dropdown under Fill Calculation Type, select "In Progress"
  - ii. For the \*Grading Scale" dropdown, select CTE Grading Scale
  - iii. Click OK

    1. Weights should always equal to 100%
    2. Child Task and Weight Setup Examples:
      - a. If your Q4 CTE Final Grade is compiled of a composite of Q3 CTE Term, Q4 CTE Term and Q4 CTE Final Exam, you would set the Composite up as follows:
        - i. Child Task: Q3 CTE Term Grade, Weight: 40.000
        - ii. Child Task: Q4 CTE Term Grade, Weight: 40.000
        - iii. Child Task: Q4 CTE Final Exam, Weight: 20.000
      - b. If your Q4 CTE Final Grade is compiled of a composite of Q1 CTE Term, Q2 CTE Term, Q3 CTE Term and Q4 CTE Term, you would set the Composite up as follows:

        - i. Child Task: Q3 CTE Term Grade, Weight: 50.000
        - ii. Child Task: Q4 CTE Term Grade, Weight: 50.000

    - iii. Be sure to Save the Grade Calc Options record when finished with your modifications

## 3. PUSH TO SECTIONS

- b. A pop-up box will populate providing notification of the course data that will be pushed, and a list of the sections in which the data will be pushed. Click the Push button on this pop-up notification

4. **INSTRUCTION > GRADE BOOK > ASSIGNMENT OVERVIEW**
  - a. Verify that all assignments have been attached to the CTE Term Grade grading task
    - i. Select Assignment Overview on the left side of Campus Instruction
    - ii. Make sure the correct Term and Section from the dropdown boxes at the top of the Grade Book screen are selected
      1. This view gives you a visual of all categories and assignments attached to the course/section
      2. All assignments should be attached to the CTE Term Grade grading task. The only exception will be if a CTE Final Exam grade is calculated into the CTE Final Grade composite, then only in this case would one assignment be added to the CTE Final Exam grading task to house the final exam score
      3. Categories and Assignments should NEVER be attached to the CTE Final Grade grading task
5. **CONTACT KTS SUPPORT AFTER FOLLOWING STEPS 1-5**

    - i. Course/Section number
    - ii. Teacher Name
    - iii. The grading task you are trying to post to
  - b. Email requests for assistance to [ktssupport@education.ky.gov](mailto:ktssupport@education.ky.gov)

Please remember:

- It is difficult to troubleshoot without details. Please be sure to include examples if available. (i.e. course numbers, SSID numbers of specific students to assist with troubleshooting, screen shots)
- Be careful not to include a student’s name, social security number or date of birth in a screen shot. This is FERPA violation.
