The ARC deterministruction and			<del>-</del>	pairment and is eligible for specially designed	
Complete During ARC	The	The ARC compared and analyzed evaluation data and documents the following interpretation:			
$\square$ Y $\square$ N	1.	A severe orthopedic impairment exists and is caused by one or more of the following:			
	1a.		congenital anomaly such as c	lubfoot or absence of some member	
	1b.		disease such as poliomyelitis	or bone tuberculosis	
	1c.		other causes such as cerebral contractures	palsy, amputations, fractures or burns that cause	
□ Y □ N	2.	Evaluation information confirms there is an adverse effect on educational performance.			
□ Y □ N	3.	Evaluation information confirms lack of instruction in reading and math is not a determinant factor in the eligibility decision.			
□ Y □ N	4.	Evaluation information confirms limited English proficiency is not a determinant factor in the eligibility decision.			

On the following page provide supporting documentation that demonstrates the ARC:

- Used multiple sources to triangulate the data and substantiate the existence of the disability; and
- Confirmed the progress of the student is impeded by the disability to the extent the student's educational performance is significantly and consistently below the level of similar age peers.

## Orthopedic Impairment Eligibility Determination Form

Student's Full Name:	SSID:				
Supporting Documentation:					
The ARC used the interpretation of the evaluation data documented above to determine:					
The student meets the eligibility criteria for an ortho- education, and is eligible for specially designed inst	opedic impairment, which adversely impacts his/her ruction and related services.				
The student does not meet the eligibility criteria for designed instruction and related services.	an orthopedic impairment and is not eligible for specially				
The student has an orthopedic impairment, but it do student is not eligible for specially designed instructions.	es not adversely impact his/her education; therefore, the tion and related services.				
Evaluation data are insufficient to determine eligibing in the area(s) of:	lity. Additional assessments and data will be obtained				

The ARC will reconvene by \_\_\_\_\_ to review and determine eligibility.
