

## KENTUCKY ACT STATE ORGANIZATION 5<sup>TH</sup> ANNUAL EDUCATION SUMMIT

### **Students First: Education for Our New Economy**

#### **KENTUCKY ACT STATE ORGANIZATION**

---

The Kentucky ACT State Organization, a group of educators and business leaders throughout Kentucky, is sponsoring a one day summit focusing on the academic preparation of our high school students and the programs and support to prepare them for success in college and the workplace.

Academic rigor is being increased in all grades, high school graduation requirements are changing, and more attention is being given to the way teachers and administrators are being trained.

Kentucky has partnered with ACT, Inc. to provide educators with crucial information on where our students are excelling and where improvement is needed.

---
