### OPEN LETTER TO KENTUCKY HIGH SCHOOL COUNSELORS FROM KENTUCKY COUNCIL ON POSTSECONDARY EDUCATION

Dear Colleagues:

On behalf of the public universities and colleges in Kentucky, the Council on Postsecondary Education strongly encourages high school personnel responsible for transcripts to use the Kentucky e-Transcript Initiative as the preferred delivery method of transcripts for application to Kentucky's public colleges and universities.

This system allows our colleges and universities to process transcripts in a more efficient and timely manner. This allows our admissions office to track application materials more easily and to make quicker decisions. Consequently, students are better informed and some of the stress associated with the college application process is relieved. As you process final transcripts for this academic year, we ask you to use the e-Transcript service whenever possible.

Sincerely,

A handwritten signature in black ink, appearing to read "Aaron Thompson".
