From the Coordinated School Health Team

As winter slowly makes an exit, we know that spring fever will soon hit. We also know that this is a very hectic time for schools with all of the events that come with the spring time of the year. This spring also brings exciting times for the CSH team as we are deeply embedded in the process of applying for our new five-year grant. Because of this, the April newsletter will be brief with just a few reminders of upcoming events. Be on the lookout in the very near future as we will have some exciting news that will lay out the future work of the KY CSH Team.
