Important Program Review Update

We frequently receive questions on entering information for Program Reviews into ASSIST. One question is how the Non-Applicable (N/A) option applies to specific grade levels and schools. The only reviews that are affected by the N/A option are PLCS and Arts & Humanities. On the KDE Program Review Web page, the Working Documents for both of these reviews have been updated and reflect guidance within the rubrics. The specific characteristics for which elementary and middle schools should use this option are highlighted in gray and state which level(s) are affected. The N/A option should not be used at the high school level – all questions should be answered.

Western Kentucky University to Host Healthy Schools Summit

A day of special guest speakers will provide strategies for principals and other administrators looking to support staff and student wellness efforts. Keynote speaker is David Jones Jr., chairman of Chrysalis Ventures (Kentucky's largest venture capital firm), former Chairman of Humana Inc., and recently elected member of the Jefferson County Board of Education.

Topics include state and federal policies, school meals, employee wellness and more.

In addition to a full day of great speakers who will help you build support for local wellness efforts, we are excited to announce Tennessee Titans' Pro-Bowl Return Specialist Marc Mariani will be a special guest during the day. Mariani will lead some physical activity breaks and will have some signed giveaways! For a jump start at earning raffle tickets, register your school as a [Fuel Up to Play 60 school](#) and then become a Program Advisor on their website.

Do you tweet?! Attached is a list of Twitter handles for the summit's speakers. #HealthySchools and #KYCSH are the day's hashtags.

AAHPERD Partners With First Lady's Let's Move! Active Schools

The American Alliance for Health, Physical Education, Recreation and Dance (AAHPERD) is proud and excited to be a part of First Lady Michelle Obama's newly released Let's Move! Active Schools program – an unprecedented collaboration to bring physical activity back to American schools. The program provides simple steps and tools, including monetary support and training, to help schools create active environments where students get 60 minutes of daily physical activity through quality physical education and physical activity before, during and after the school day.

Let's Move! Active Schools mobilizes "School Champions" – P.E. and classroom teachers, administrators, staff, and even parents – who are ready and willing to be leaders for their school community. These champions go to [LetsMoveSchools.org](#) and follow a simple, six-step process that includes building a team,

conducting a basic school assessment and creating a customized action plan. Participating schools will have access to free tools and resources, including in-person trainings, program activation grants and personal assistance from certified professionals.

Registered Let's Move! Active Schools will have an opportunity to access resources from such partners as Alliance for a Healthier Generation, NIKE, the GENYOUth Foundation, ChildObesity180, Kaiser Permanente and the Presidential Youth Fitness Program partners, including the General Mills Foundation. To register go to www.letsmoveschools.org.

University of Kentucky PAWS Institute

UK PAWS celebrates its fifth year this summer on June 10, 2013. To help celebrate this milestone, there will be a one-time only special offer. Physical educators will be able to register and attend for a reduced fee of \$35. This fee includes the workshop, lunch and a T-shirt. For more details please visit <http://education.uky.edu/KHP/content/paws-institute>.

KAHPERD 2013 Summer Workshop Announced

The Kentucky Association for Health, Physical Education, Recreation, and Dance (KAHPERD) will hold its summer workshop at Highland Middle School (Jefferson County) on June 11-12, 2013. Summer workshops are a great opportunity to engage in quality professional learning around Health and Physical Education. Visit the KAHPERD [website](#) for more information.

Anyone interested in presenting a session, please contact Vicki Johnson-Leuze at vjleuze@gmail.com. The deadline for submission is April 12, 2013.

Kentucky Teen Institute

The Kentucky Teen Institute (KTI), a program of the KY YMCA Youth Association in partnership with the University of Louisville, develops the leadership capacity of teens to lead the way to greater health in our state. Through dynamic educational programming, teams of young people from across the state are trained to implement health initiatives in their communities and transform themselves in the process. Please view the [adult](#) and [youth](#) flyers for more information.

NASPE and AAHPERD need your input

The NASPE Board of Directors appointed a task force to revise the national standards for K-12 Physical Education and develop a curriculum framework for physical education. Please review the [most recent proposed revisions](#) and give your feedback by March 11, 2013.

Resources

Kentucky Educational Television Offers Nutrition Program

KET's [Well Fed: Nourishing Our Children for a Lifetime](#) explores childhood nutrition, its impact on health outcomes and obesity rates, and efforts across the state to make it easy for families to eat well.

Well Fed premiered Monday, Feb. 18. To see upcoming airdates, please go [here](#).

Gym Class Isn't Just Fun and Games Anymore

Spurred by an intensifying focus on student test scores in math and English as well as a desire to incorporate more health and fitness information, more school districts are pushing [physical education](#) teachers to move beyond soccer, kickball and tennis to include reading, writing and arithmetic. But some parents say they object to the way testing is creeping into every corner of

school life, and some educators worry that pushing academics into P.E. class could defeat its primary purpose.

Nutrition Education

Looking for free educational handouts to use with parents? Below are three of the most popular downloads from the <http://nutritionforkids.com> site:

Healthy Summers for Kids: Turning Risk into Opportunity

Many families struggle to find and pay for high-quality summer care for their children. Many also lack access to healthy meals and safe places to play outdoors. In fact, emerging research is showing that young people’s health may actually decline in summer as compared to the school year, and that several factors contribute to this decline, including lower levels of engagement in physical activity and lack of access to healthy meals.

[*Healthy Summers for Kids*](#) shows that fitness benefits children receive by participating in a school-based intervention can be reversed during a three-month summer break.

Free FitnessGram Videos

As FitnessGram(FG) testing approaches it is always a good thing for the teachers, students and parents to understand Body Composition and VO₂ Max. Here are two free education vignettes explaining these two difficult concepts in non-scientific term.

Body Composition:

<http://www.youtube.com/watch?v=61k7MmtoFFc>

Aerobic Capacity:

<http://www.youtube.com/watch?v=eiS8xGzRlwI>. You may also access these on You Tube at:

Grant Opportunities

2013 PEP Grants Announcement

The 2013 PEP Grant RFP was released on 2/28/2013. Due date is 4/12/2013. Please go to:

<http://www2.ed.gov/fund/grant/find/edlite-forecast.html>, chart No. 3.

For more information, contact Carlette Kyser Pegram, Carlette.KyserPegram@ed.gov, or (202) 245-7871.

Fuel Up to Play 60 Healthy Lifestyle Grant

The Fuel Up to Play 60 Healthy Lifestyle Grant program is supported by the Food Marketing Institute Foundation as part of a partnership effort with the National Dairy Council to encourage students and adult program leaders to consume nutrient-rich foods and achieve 60 minutes of physical activity every day. This grant provides funds to help schools implement a Healthy Eating Play, including a visit to a local supermarket (under the guidance of the supermarket's registered dietitian or health and wellness professional) and a corresponding physical activity play.

Multiple grants of up to \$3,000 will be awarded to select applicants. Schools that participate in the National School Lunch Program and/or the School Breakfast Program and have support from the school principal, district school nutrition director and school nutrition manager are eligible to apply.

Up to \$4,000 per year is available to any qualifying K-12 school enrolled in Fuel Up to Play 60. The competitive, nationwide funding program can help your school jumpstart and sustain healthy nutrition and physical activity improvements.

Learn more at

http://school.fueluptoplay60.com/funds/funds_for_futp60.php.

The final funding application deadline is June 4, 2013.

Active Schools Acceleration Project (ASAP)

ASAP will award 1,000 elementary schools in the United States \$1,000 each to kick start one of three school-based physical activity programs – 100 Mile Club, BOKS, or Just Move. In addition to the grant money, participating schools will get a "game plan" for their chosen program and a nationwide support network of other champions embarking on the same path.

Applications will be accepted through April 22, 2013. Visit www.ActiveSchoolsASAP.org for more information.

WellPoint Foundation Funding – Healthy Generations

The WellPoint Foundation invests in domestic initiatives that help improve the lives of people and the health of local communities. The foundation promotes healthy behaviors, health-risk prevention and healthy environments. Focus areas include childhood-obesity prevention. The foundation considers both local and national initiatives whose outcomes predominantly impact any of the 14 states in which WellPoint Inc. does business. Eligible organizations include tax-exempt organizations, schools, government units and hospitals. Cycle One 2013 applications are due no later than Friday, April 19, 2013. Cycle Two 2013 applications are due no later than Friday, Sept. 13, 2013.

Award amounts vary. Click [here](#) for more information.

Together Counts

Together Counts is providing three different funding opportunities for schools. They are:

- Healthy Playground Makeover

Two \$30,000 prizes will be given away. One grand prize drawing will be made from among all eligible entries. The second grand prize drawing will be from among all eligible entries whose schools qualify for Title I Schoolwide Program status. See eligibility in official rules. Three schools also will be chosen as runners-up to receive \$5,000.

- Find Your Balance Challenge

The Find Your Balance Challenge is open to elementary school classrooms in grades K-5 and rewards student teams for taking steps toward achieving energy balance in their own school communities. Winning schools have a chance to win a grand prize including a \$30,000 grant and an Ultimate Energy Balance Party. Two second-place winning classes each will receive a \$10,000 grant. Three third-place schools each will receive a \$5,000 grant.

- HealthierUS School Challenge

The HealthierUS School Challenge (HUSSC) is a voluntary initiative established in 2004 to recognize those schools participating in the National School Lunch Program responsible for creating healthier school environments through the promotion of nutrition and physical activity. The Healthy Weight Commitment Foundation and Discovery Education are proud to support the USDA's HealthierUS School Challenge by providing

powerful rewards and incentives to schools striving to reach higher levels of certification.

Student Scholarship Opportunity

The [Live Through Love Foundation](http://www.livethroughlove.org) is offering an opportunity for students to apply for a scholarship for the fall of 2013. This scholarship is set up to reward open LGBT high school Seniors who live life fearlessly, follow their dreams and exude our core motto and name. Through this we can create a feeling of safety and love for our children growing up openly LGBT. Please visit livethroughlove.org for more information on this scholarship opportunity.
