INDEPENDENT AUDITOR'S REPORT

November 7, 2014
Members of the Board of Education
Monroe County School District
Thompsonville, Kentucky

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of Monroe County Board of Education, Kentucky, as of and for the year ended June 30, 2014, and the related notes to the financial statements, which collectively comprise the Monroe County School District's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements prescribed by the Kentucky State Committee for School District Audits in the Independent Auditor's Contract. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the Monroe County Board of Education, Kentucky, as of June 30, 2014, and the respective changes in

financial position and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United State of America require that the management's discussion and analysis and budgetary comparison information on pages 3 through 8 and 49 through 50 be presented to supplement the basic financial statements.

Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Monroe County Board of Education's financial statements.

The combining and individual nonmajor fund financial statements are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The statements of changes in assets and liabilities – school activity funds are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The schedule of expenditures of federal awards is presented for purposes of additional analysis as required by the U.S. Office of Management and Budget Circular A-133, *Audits of States, Local Governments and Non-Profit Organizations*, and is also not a required part of the basic financial statements.

These statements and schedule are management's responsibility, and derive from and relate directly to, the underlying accounting and other records used to prepare the basic financial statements. We subjected these statements and schedules to the auditing procedures we applied to the basic financial statements. We also applied certain additional procedures, including comparing and reconciling schedules directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves in accordance with auditing standards generally accepted in the United States of America. In our opinion, these statements and schedules are fairly stated in all material respects in relation to the basic financial statements as a whole.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued a report dated November 7, 2014, on our consideration of Monroe County Board of Education's internal control over financial reporting and on our test of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Monroe County Board of Education's internal control over financial reporting and compliance.

MANAGEMENT'S DISCUSSION AND ANALYSIS

**MONROE COUNTY BOARD OF EDUCATION
TOMPKINSVILLE, KENTUCKY
MANAGEMENT'S DISCUSSION AND ANALYSIS (MD&A)
YEAR ENDED JUNE 30, 2014**

As management of the Monroe County School District (District), we offer readers of the District's financial statements this narrative overview and analysis of the financial activities of the District for the fiscal year ended June 30, 2014. We encourage readers to consider the information presented here in conjunction with additional information found within the body of the audit.

The Management's Discussion and Analysis (MD&A) is a new reporting form adopted by the Governmental Accounting Standards Board (GASB) in their Statement No. 34 Basic Financial Statements and Management's Discussion and Analysis for State and Local Government issued in June, 1999.

MISSION STATEMENT:

With the support of parents, school, and community, the mission of the Monroe County School District is to provide a comprehensive learning environment for children to prepare for lifelong learning and achievement in a changing society and a complex world.

FINANCIAL HIGHLIGHTS

- The beginning General Fund cash balance for the District was \$1.3 million. The ending General Fund balance was \$1.1 million.
- A concerted effort was focused on purchasing in all areas.
- The district purchased three (3) new buses for its regular route fleet.
- George Eagle Bushong has committed to donating \$1,160,000 to the Monroe County School district as follows: 1) Scholarship funding for Monroe County High School graduates in the amount of \$60,000 to be given over the next 10 years totaling \$600,000. 2) Donating \$50,000 each year over the next 10 years to fund an indoor golf digital machine, a swimming scoreboard, and other specific improvements to the George Eagle and Isabelle Bushong Family Wellness Center totaling \$500,000. 3) Donating \$2,000 to the Hall of Fame committee for the next ten years totaling \$20,000. 4) Donating \$2,000 to the swim team each year for the next 20 years totaling \$40,000.
- Utilized state flexibility for use of Capital Outlay funds to offset general fund expenditures to pay property insurance.
- District purchased through KISTA financing two 25 ton water source heat pumps to be placed in the gymnasium of the Monroe County High School and one 25 ton water source heat pump at the Monroe County Middle School to provide heating and cooling for the schools.
- The General Fund had \$14.0 million in revenue, which primarily consisted of the state program SEEK (Support Educational Excellence in Kentucky) which is the state formula for funding schools, property, local occupational license taxes, utilities, and motor vehicle taxes. Excluding inter-fund transfers, there were \$14.1 million in General Fund expenditures, with a carry forward deficit of \$135,050.

**MONROE COUNTY BOARD OF EDUCATION
TOMPKINSVILLE, KENTUCKY
MANAGEMENT'S DISCUSSION AND ANALYSIS (MD&A)
YEAR ENDED JUNE 30, 2014 (continued)**

OVERVIEW OF FINANCIAL STATEMENTS

This discussion and analysis is intended to serve as an introduction to the District's basic financial statements. The District's basic financial statements comprise three components: 1) government-wide financial statements, 2) fund financial statements, and 3) notes to the financial statements. This report also contains other supplementary information in addition to the basic financial statements themselves.

Government-wide financial statements. The government-wide financial statements are designed to provide readers with a broad overview of the District's finances, in a manner similar to a private-sector business.

The Statement of Net Position presents information on all of the District's assets and liabilities, with the difference between the two reported as net position. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the District is improving or deteriorating.

The statement of activities presents information showing how the District's net assets changed during the most recent fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of timing of related cash flows. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods.

The government-wide financial statements outline functions of the District that are principally supported by property taxes and intergovernmental revenues (governmental activities). The governmental activities of the District include instruction, support services, operation and maintenance of plant, student transportation and operation of non-instructional services. Fixed assets and related debt is also supported by taxes and intergovernmental revenues.

The government-wide financial statements can be found on pages 9 and 10 of this report.

Fund financial statements. A fund is grouping of related accounts that are used to maintain control over resources that have been segregated for specific activities or objectives. This is state mandated uniform system and chart of accounts for all Kentucky public school districts utilizing the MUNIS administration software. The District uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of the funds of the District can be divided into three categories: governmental, proprietary funds and fiduciary funds. Fiduciary funds are trust funds established by benefactors to aid in student education, welfare and teacher support. The only proprietary funds are our vending and food service operations. All other activities of the District are included in the governmental funds.

The basic governmental fund financial statements can be found on pages 11-14 of this report.

Notes to the financial statements. The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements. The notes to the financial statements can be found on pages 20-48 of this report.

**MONROE COUNTY BOARD OF EDUCATION
TOMPKINSVILLE, KENTUCKY
MANAGEMENT'S DISCUSSION AND ANALYSIS (MD&A)
YEAR ENDED JUNE 30, 2014 (continued)**

GOVERNMENT-WIDE FINANCIAL ANALYSIS

Net position may serve over time as a useful indicator of a government's financial position. In the case of the District, assets exceeded liabilities by \$9.6 million as of June 30, 2014.

The largest portion of the District's net position reflects its investment in capital assets (e.g., land and improvements, buildings and improvements, vehicles, furniture and equipment and construction in progress), less any related debt used to acquire those assets that is still outstanding. The District uses these capital assets to provide services to its students; consequently, these assets are not available for future spending. Although the District's investment in its capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities.

The District's financial position is the product of several financial transactions including the net results of activities, the acquisition and payment of debt, the acquisition and disposal of capital assets, and the depreciation of capital assets.

Net Position for the period ending June 30, 2014

Comments on Budget Comparisons

- The District's total revenue for the fiscal year ended June 30, 2014 was \$21.2 million.
- The General Fund's total revenues were \$14.0 million, higher than budgeted by 9.3%. The expenditures of the General Fund amounted to \$14.1 million or 5.3% lower than budgeted. After considering transfers and adjustments, the fund balance declined \$240,125.
- The Special Revenue Fund's total revenue was \$3.8 million, higher than budgeted by 12.3%. Expenditures totaled \$3.8 million, higher than the budget by 12.2%.

The following table presents a summary of changes in net position for the fiscal year ended June 30, 2014 and 2013.

MANAGEMENT'S DISCUSSION AND ANALYSIS (MD&A)
YEAR ENDED JUNE 30, 2014 (continued)**

Governmental Activities

Instruction comprises 58.0% of governmental program expenses. Support services expenses make up 39.8% of government expenses. The remaining expense for interest accounts for the remaining 2.2% of total government expense.

The Statement of Activities shows the cost of program services and the charges for services and grants offsetting those services. The following table shows for government activities, the total cost of services and the net cost of services. That is, it identifies the cost of these services supported by tax revenue and unrestricted State entitlements.

	Governmental Activities			
	<u>Total Cost of Services</u>		<u>Net Cost of Services</u>	
	<u>6/30/14</u>	<u>6/30/13</u>	<u>6/30/14</u>	<u>6/30/13</u>
Instruction	\$11,382,373	\$ 11,956,612	\$ 8,391,368	\$ 9,011,602
Support Services	7,820,097	7,946,569	6,798,882	6,774,591
Interest on long-term debt	<u>427,973</u>	<u>446,500</u>	<u>427,973</u>	<u>446,500</u>
Total Expenses	<u>\$19,630,443</u>	<u>\$20,349,681</u>	<u>\$15,618,223</u>	<u>\$16,232,693</u>

Business-Type Activities

The business-type activities include the food service and day care operations. These programs had total revenues of \$1.6 million and expenses of \$1.7 million for fiscal year 2014. Of the revenues, \$330,134 was charges for services, \$1,406,129 was from State and Federal Grants, and \$518 was from investment earnings. Business activities receive no support from tax revenues.

Capital Assets

At the end of fiscal year 2014 the School District had \$27.7 million invested in land, buildings, equipment, and construction in progress. The following table shows fiscal year 2014 balances:

	2014			2013

TOMPKINSVILLE, KENTUCKY
MANAGEMENT'S DISCUSSION AND ANALYSIS (MD&A)
YEAR ENDED JUNE 30, 2014 (continued)**

BUDGETARY IMPLICATIONS

In Kentucky the public school fiscal year is July 1- June 30; other programs, i.e. some federal programs, operate on a different fiscal calendar, but are reflected in the District's overall budget. By law the budget must have a minimum 2% contingency. The District adopted a budget with \$389,159 in contingency. Other budgetary implications:

- Reduction in state and federal grant funds
- Insufficient funding of the state transportation formula
- CERS rates went from 18.96% to 19.55%
- KTRS required match went from 1.0% to 1.5%
- No salary increase for certified or classified personnel.
- ADA

The Monroe County Board of Education adopted the four percent (4%) tax rate increase for FY 2014. Property taxes are levied annually usually in October on the assessed value for all real and personal property in the district as of January 1st of the prior year. However, this revenue is not received until the months of November - February which means that the general fund's beginning balance is used to pay much of the first few months of expenditures. It is very important to have a substantial beginning balance to start the beginning of each year.

Questions regarding this report should be directed to the Superintendent, Amy W. Thompson, or to Kathy Haile, Chief Finance Officer, (270) 487-5456 or by mail at 309 Emberton Street, Tompkinsville, Kentucky 42167.

RECONCILIATION OF THE GOVERNMENTAL FUNDS BALANCE SHEET
TO THE STATEMENT OF NET POSITION
JUNE 30, 2014**

Total Fund Balances – Total Governmental Funds \$ 1,141,384

Amounts reported for governmental activities in the statement of net position are different because:

Capital assets used in governmental activities are not financial resources and therefore are not reported as assets in governmental funds. The cost of the assets is \$43,707,852, and the accumulated depreciation is \$17,394,891. 26,312,961

Long-term liabilities, including bonds payable, are not due and payable in the current period and therefore are not reported as liabilities in the funds. Long-term liabilities at year-end consist of:

Interest Payable	(427,973)
Bonds Payable	(18,055,000)
Capital Lease Obligations	(344,221)
Compensated Absences	<u>(485,679)</u>

Net Position of Governmental Activities \$ 8,141,472

**MONROE COUNTY SCHOOL DISTRICT
RECONCILIATION OF THE GOVERNMENTAL FUNDS STATEMENT OF
REVENUES, EXPENDITURES, AND CHANGES IN FUND BALANCES
TO THE STATEMENT OF ACTIVITIES
JUNE 30, 2014**

Total Net Change in Fund Balance - Governmental Funds \$ (240,125)

Amounts reported for governmental activities in the statement of activities are different because:

Capital outlays are reported in governmental funds as expenditures. However, in the statement of activities, the cost of those assets is allocated over their estimated useful lives as depreciation expense. This is the amount by which depreciation expense exceeds capital outlays in the period. (1,268,394)

Repayment of bond principal is an expenditure in the governmental funds, but the repayment reduces long-term liabilities in the statement of net position. 1,330,000

Expenditures reported in the fund financial statements are recognized when the current financial resources is used. However, expenses in the statement of activities are recognized when they are incurred.

Interest Payments	139,834
Compensated Absences	(27,748)

NOTES TO THE FINANCIAL STATEMENTS

**MONROE COUNTY SCHOOL DISTRICT
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2014**

NOTE A – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

▪ **REPORTING ENTITY**

The Monroe County Board of Education (the “Board”) a five-member group, is the level of government that has oversight responsibilities over all activities related to public elementary and secondary education within the jurisdiction of Monroe County School District (the “District”). The District receives funding from local, state, and federal government sources and must comply with the commitment requirements of these funding source entities. However, the District is not included in any other governmental “reporting entity” as defined in Section 2100, ***Codification of Governmental Accounting and Financial Reporting Standards*** as Board members are elected by the public and have decision-making authority, the power to designate management, the responsibility to develop policies which may influence operations, and primary accountability for fiscal matter.

The District, for financial purposes, includes all of the funds and account groups relevant to the operation of the Monroe County Board of Education. The financial statements presented herein do not include funds of groups and organizations, which although associated with the school system, have not originated within the Board itself such as Band Boosters, Parent-Teacher Association, etc.

The financial statements of the District also include those of separately administered organizations that are controlled by or dependent on the Board. Control or dependence is determined on the basis of budget adoption, funding, and appointment of the respective governing Board.

Based on the Foregoing criteria, the financial statements of the following organization are included in the accompanying financial statements.

Monroe County School District Finance Corporation – In July 1985, the Monroe County, Kentucky Board of Education resolved to authorize the establishment of the Monroe County School District Finance Corporation (a non-profit, non-stock, public, and charitable corporation organized under the School Bond Act and KRS 273 and KRS Section 58.180) as an agency of the District for financing the costs of school building facilities. The board members of the Monroe County Board of Education also comprise the Corporation’s Board of Directors.

MONROE COUNTY SCHOOL DISTRICT
NOTES TO FINANCIAL STATEMENTS- CONTINUED
JUNE 30, 2014

▪ **BASIS OF PRESENTATION**

District-wide Financial Statements

The Statement of Net Position and the Statement of Activities display information about the District as a whole. They include all funds of the District except for the fiduciary funds. The statements distinguish between governmental and business activities. Governmental activities generally are financed through taxes, intergovernmental revenues and other non-exchange revenues. Business-type activities are financed in whole or part with fees charged to external customers and grant proceeds.

The District-Wide Financial Statements are prepared using the economic measurement focus. This is the same approach used in the preparation of the proprietary fund financial statements but differs from the manner in which Governmental Fund Financial Statements are prepared. Governmental Fund Financial Statements therefore includes reconciliation with a brief explanation to better identify the relationship between the District-Wide Financial Statements and the statements for governmental funds.

The District-Wide Financial Statements presents a comparison between direct expense and program revenue for each segment of the business-type activities of the District and for each function or program of the District's governmental activities. Direct expenses are those that are specifically associated with a service, program, or department and are, therefore, clearly identifiable to a particular function. Program revenues include grants and contributions that are restricted to meeting the operational or capital requirements of a particular program and charges paid by the recipient of the goods and services offered by the program. Revenues that are not classified as program revenues are presented as general revenues of the District, with certain limited exceptions. The comparison of direct identifies the extent to which each business segments or governmental function is self-financing or draws from the general revenues of the District.

In the District-Wide Financial Statements of Net Position and Statement of Activities, both governmental and business-type activities are presented using the accrual basis of accounting. Under the accrual basis of accounting revenues are recognized when earned and expenses are recorded when the liability is incurred or economic asset used. Revenues, expenses, gains, losses, assets, and liabilities resulting from exchange and exchange-like transactions are recognized when the exchange takes place.

**MONROE COUNTY SCHOOL DISTRICT
NOTES TO FINANCIAL STATEMENTS- CONTINUED
JUNE 30, 2014**

Fund Financial Statements

The financial transactions of the District are reported in individual funds in the fund financial statements, each of which is considered to be a separate set of self-balancing accounts which constitute its assets, liabilities, fund equity, revenues and expenditures/expenses. Funds are organized into three major categories: governmental, proprietary, and fiduciary. An emphasis is placed on major funds within the governmental and proprietary categories. Each major fund is presented in a separate column. Non-major funds are aggregated and presented in a single column. A fund is considered major if it is the primary operating fund of the District or meets the following criteria:

- a) Total assets, liabilities, revenues, or expenditures/expenses of that individual governmental or enterprise fund are at least 10 percent of the corresponding total for all funds of that category or type and
- b) Total assets, liabilities, revenues, or expenditures/expenses of that individual governmental or enterprise fund are at least 5 percent of the corresponding total for all governmental and enterprise funds combined.

The accounting and financial reporting treatment applied to a fund is determined by its measurement focus. All governmental fund types are accounted for using a flow of current financial resources measurement focus. The financial statements for governmental funds are a balance sheet, which generally includes only current assets and current liabilities, and a statement of revenues, expenditures and changes in fund balances, which reports on the sources (i.e., revenues and other financing sources) and uses (i.e., expenditures and other financing uses) of current financial resources.

All proprietary funds utilize the accrual basis of accounting. Under the accrual basis of accounting, revenues are recognized when earned and expenses are recorded when the liability is incurred or economic asset used.

MONROE COUNTY SCHOOL DISTRICT
NOTES TO FINANCIAL STATEMENTS- CONTINUED
JUNE 30, 2014

The fiduciary funds are reported using the economic resources measurement focus.

Agency funds are not involved in the measurement of results of operations; therefore, measurement focus is not applicable to them. In the fund financial statements, governmental funds and agency funds are presented on the modified accrual basis of accounting. Under this modified accrual basis of accounting, revenues are recognized when "measurable and available." Measurable means knowing or being able to reasonably estimate the amount. Available means collectible within the current period or soon enough thereafter to pay current liabilities. Expenditures (including capital outlay) are recorded when the related fund liability is incurred, except for general obligation bond principal and interest which are reported when due.

The district has the following funds described below:

I. Governmental Funds

Major Funds

- A. The General Fund is the primary operating fund of the District and is always classified as a major fund. It is used to account for all activities except those legally or administratively required to be accounted for in other funds. This is a budgeted fund and any unrestricted fund balances are considered as resources available for use. Restrictions have been placed on the fund balance for accrued sick leave (Note D).

- B. The Special Revenue Fund accounts for proceeds of specific revenue sources (other than expendable trusts debt service, enterprise funds, or major capital projects) that are legally restricted to disbursements for specified purposes. It includes federal financial assistance programs where unused balances are returned to the grantor at the close of specified project periods, as well as the state grant programs. Project accounting is employed to maintain integrity for the various sources of funds. The separate projects of federally funded grant programs are identified in the Schedule of Expenditures of Federal Awards included in this report. In additions, The Kentucky Department of Education Technology System (KETS) allocation and local district matching funds are being recorded in the special revenue fund as required by the Kentucky Department of Education (KDE) and has deemed this fund always be classified as a major fund. These funds are restricted for the purchase of technology consistent with the District's approved technology plan.

MONROE COUNTY SCHOOL DISTRICT
NOTES TO FINANCIAL STATEMENTS- CONTINUED
JUNE 30, 2014

Non-major Funds

- A. The Debt Service Fund accounts for the accumulation of financial resources for the payment of principal, interest, and related costs on the general long-term debt of the District, including the payment of interest on general obligation notes payable, as required by Kentucky law.
- B. Capital Project Funds are used to account for financial resources restricted for the acquisition or construction of major capital facilities and equipment (other than those financed by Proprietary Funds). The District's Capital Project Fund includes:
 - 1. The Support Education Excellence in Kentucky (SEEK) Capital Outlay Fund receives those funds designated by the state as Capital Outlay Funds and is restricted for use in financing projects identified in the District's facility plan.
 - 2. The Facility Support Program of Kentucky (FSPK) Fund accounts for funds generated by the building tax levy required to participate in the School Facilities Construction Commission's construction funding and state matching funds, where applicable. Funds may be used for projects identified in the District's facility plan.
- C. The Construction Fund accounts for proceeds from sales of bonds and other revenues to be used for authorization construction.

II. Proprietary Funds

Enterprise funds may be used to account for any activity for which a fee is charged to external users for goods and services. The District's enterprise funds are the School Food Service Fund and the Day Care operated by the district. The School Food Service Fund is used to account for the financial transactions related to the food service operations of the District including the National School Lunch Program, which is conducted in cooperation with the U.S. Department of Agriculture (USDA). Amounts have been recorded for in-kind contributions of commodities from the USDA.

**MONROE COUNTY SCHOOL DISTRICT
NOTES TO FINANCIAL STATEMENTS- CONTINUED
JUNE 30, 2014**

III. Fiduciary Funds

Agency Funds

Agency funds account for assets held by the District in a purely custodial capacity. Since agency funds are custodial in nature (i.e. assets equal liabilities), they do not involve the measurement of results of operations.

- A. The School Activity Fund accounts for activities of student groups and other types of activities requiring clearing accounts. These funds are accounted for in accordance with *Accounting Procedures for Kentucky School Activity Funds*.

Private-Purpose Trust Funds

The Private-Purpose Trust Funds can only be used to award scholarships for needy students.

▪ **BASIS OF ACCOUNTING**

The District's financial statements are prepared in accordance with generally accepted accounting principles (GAAP). The Governmental Accounting Standards Board (GASB) is responsible for establishing GAAP for state and local governments through its pronouncements (Statements and Interpretations). Governments are also required to follow the pronouncements (Statements and Interpretations).

▪ **CASH AND CASH EQUIVALENTS**

The District considers demand deposits, money market funds, and other investments with an original maturity of 90 days or less, to be cash equivalents.

▪ **ACCOUNTS RECEIVABLE**

Receivables consist of all revenues earned at year-end and not yet received. Allowances for uncollectible accounts are based upon historical trends and the periodic aging of accounts receivable. Major receivable balances for the governmental activities include federal and state funding and taxes.

**MONROE COUNTY SCHOOL DISTRICT
NOTES TO FINANCIAL STATEMENTS- CONTINUED
JUNE 30, 2014**

▪ **INVENTORIES**

The only inventory maintained by the District consists of expendable supplies held for consumption and is accounted for in the Enterprise Fund. Inventory consists of donated and purchased foods held for resale and are expensed when used. Purchased food is valued at cost and U.S. Government donated commodities value is determined by the U.S. Department of Agriculture.

▪ **CAPITAL ASSETS**

District-Wide Financial Statements

In the District-Wide Financial Statements, capital assets are valued at historical cost, or estimated historical cost if actual is unavailable, except for donated fixed assets which are recorded at their estimated fair value at the date of donation. The District maintains a capitalization threshold of one thousand dollars with the exception of computers and technology equipment for which there is no threshold. The cost of normal maintenance and repairs that do not add value or materially extend an asset's life are expensed.

Depreciation of all exhaustible fixed assets is recorded as an allocated expense in the Statements of Activities, with accumulated depreciation reflected in the Statement of Net Assets. Depreciation is provided over the assets' estimated useful lives using the straight-line method of depreciation. The range of estimated useful lives by type of asset is as follows:

Buildings and Improvements.....	25-50 years
Land Improvements.....	20 years
Technology Equipment.....	5 years
Vehicles.....	5-10 years
Food Service Equipment.....	10-12 years
Furniture and Fixtures.....	7 years
Other General Equipment.....	5-15 years

Fund Financial Statements

In the fund financial statements, capital assets used in governmental fund operations are accounted for as expenditures of the governmental fund. Capital assets used in proprietary fund operations are accounted for the same as in the District-Wide Financial Statements.

**MONROE COUNTY SCHOOL DISTRICT
NOTES TO FINANCIAL STATEMENTS- CONTINUED
JUNE 30, 2014**

▪ **ACCRUED LIABILITIES AND LONG-TERM DEBT**

District-Wide Financial Statements

All payables, accrued liabilities and long-term debt obligations are reported in the District-Wide financial statements. In general long-term debt to be repaid from governmental resources is reported as liabilities in the District-Wide Financial Statements. The long-term debt consists primarily of capital lease obligations, compensated absences and bond obligations.

Fund Financial Statements

In general, governmental fund payables and accrued liabilities that, once incurred, are paid in a timely manner and in full from current financial resources and are reported as obligations of the fund. Long-term debt is not reported as liabilities in the fund financial statements. The debt proceeds are reported as revenue and payment of principal and interest reported as expenditures. There are no long-term debt obligations recorded in the Proprietary Funds as these funds are not responsible for paying the debt.

▪ **COMPENSATED ABSENCES**

District-Wide Financial Statements

The District uses the vesting method to compute compensated absences for sick leave. Sick leave benefits are accrued as a liability as the benefits are earned if the employee's rights to receive compensation are attributable to services already rendered and it is probable that the District will compensate the employees for the benefits at termination. The District records a liability for accumulated unused sick leave when earned for all employees with more than five years of service.

The entire compensated absence liability is reported on the District-Wide Financial Statements. The current portion of this debt is estimated based on employees who have twenty-seven years of service as of June 30, 2014 and is calculated at thirty percent of their total accumulated sick leave.

**MONROE COUNTY SCHOOL DISTRICT
NOTES TO FINANCIAL STATEMENTS- CONTINUED
JUNE 30, 2014**

Fund Financial Statements

For governmental fund financial statements, the current portion of unpaid compensated absences is the amount expected to be paid using expendable available resources. The noncurrent portion of the liability is not reported. No liability is accrued in the Proprietary Fund.

▪ EQUITY CLASSIFICATIONS

District-Wide Financial Statements

Equity is classified as net position and displayed in three components:

Net investment in capital assets - Consists of capital assets net of accumulated depreciation and reduced by the outstanding balances of any bonds, notes, or other borrowings that are attributable to the acquisition, construction, or improvement of those assets.

Restricted net position – Consists of net position with constraints placed on the use either by 1) external groups such as creditors, grantors, or laws or regulations, or 2) law through constitutional provisions or enabling legislation.

Unrestricted net position – All other net position that do not meet the definition of “restricted” or “invested in capital assets, net of related debt”.

Fund Financial Statements

The District implemented GASB No. 54, Fund Balance Reporting and Governmental Fund Type Definitions, in fiscal year 2011. In the fund statements, governmental funds are required to report the following classification of fund balance as applicable:

- Nonspendable – includes amounts that cannot be spent because they are either not spendable in form or are legally or contractually required to be maintained intact. The District has not reported any amounts that are nonspendable for the year ended June 30, 2014.
- Restricted – includes amounts restricted by external sources (creditors, grantors, laws of other governments, etc.) or by constitutional provision or enabling legislation.
- Committed – fund balance is reported pursuant orders passed by the Board, the District’s highest level of decision making authority. Commitments may be modified or rescinded only through orders approved by the Board.

MONROE COUNTY SCHOOL DISTRICT
NOTES TO FINANCIAL STATEMENTS- CONTINUED
JUNE 30, 2014

- Assigned – includes amounts that the District intends to use for a specific purpose, but do not meet the definition of restricted or committed fund balance. The District has not adopted a policy on who may assign funds for specific uses.
- Unassigned – includes amounts that have not been assigned to other funds or restricted, committed, or assigned to a specific purpose within the general fund. The district reports all amounts that meet the unrestricted General Fund Balance procedures described below as unassigned.

When restricted and other fund balance resources are available for use, it is the District's policy to use restricted resources first, followed by committed, assigned, and unassigned amounts, respectively.

Proprietary Fund equity is classified the same as in the District-Wide Financial Statements.

- ENCUMBRANCE ACCOUNTING

Encumbrances are not liabilities and, therefore, are not recorded as expenditures until receipt of material or service. For budgetary purposes, appropriations lapse at fiscal year-end and outstanding encumbrances at year-end are reappropriated in the next year. Accordingly, no differences exist between actual results and the applicable budgetary data presented in the accompanying combined financial statements. No fund balances of the respective funds have been reserved for outstanding encumbrances at June 30, 2014.

- REVENUES – EXCHANGE AND NON-EXCHANGE TRANSACTIONS

Revenue resulting from exchange transactions, in which each party gives and receives essentially equal value, is recorded on the accrual basis when the exchange takes place. On a modified accrual basis, revenue is recorded in the fiscal year in which the resources are measurable and become available. Available means that the resources will be collected within the current fiscal year or are expected to be collected soon enough thereafter to be used to pay liabilities of the current fiscal year. For the District, available means expected to be received within sixty days of fiscal year-end.

Nonexchange transactions, in which the District receives value without directly giving equal value in return, include property taxes, grants, entitlements and donations. Revenue from property taxes is not recognized until there is an enforceable legal claim. However, for the District, an enforceable legal claim arises after the period for which taxes are levied. Property taxes receivable are recognized in the same period that the revenues are recognized. The property taxes are normally levied in September. On the modified accrual basis of accounting, assets and revenues from property taxes are recognized in the fiscal year for which the taxes are levied. Revenue from grants, entitlements and donations is recognized in the fiscal year in which all eligibility requirements have been satisfied.

MONROE COUNTY SCHOOL DISTRICT
NOTES TO FINANCIAL STATEMENTS- CONTINUED
JUNE 30, 2014

Eligibility requirements include timing requirements, which specify the year when the resources are required to be used or the fiscal year when use is first permitted, matching requirements, in which the District must provide local resources to be used for a specified purpose and expenditure requirements, in which the resources are provided to the District on a reimbursement basis. On a modified accrual basis, revenue from non-exchange transactions must also be available before it can be recognized.

- CONTRIBUTIONS OF CAPITAL

Contributions of Capital in proprietary fund financial statements arise from outside contributions of fixed assets, or from grants or outside contributions of resources restricted to capital acquisition and construction.

- UNEARNED REVENUE

Unearned revenue arises when assets are recognized before revenue recognition criteria have been satisfied.

In order to present the Special Revenue Fund on the accrual basis of accounting, and because the awards are not yet available assets, cash awards received in advance for the 2014-2015 school year have been classified as deferred revenues. Likewise, all awards requested as a result of 2013-2014 expenditures have been classified as receivables. Revenues of the Special Revenue Fund are considered earned when reimbursable expenditures are made or obligations are incurred, and of an equal amount.

- OPERATING AND NON-OPERATING REVENUES

Operating revenues are those revenues that are generated directly from the primary activity of the proprietary funds. Those revenues are primarily charges for meals provided by the various schools and for childcare services provided. Non-operating revenues included grants, donations, and interest income.

- ECONOMIC DEPENDENCY

The continued operation of Monroe County School District is dependent upon the continued federal and state support of the various District programs. The non-funding of one or several of these programs could result in a reduction to the operations and staff necessary to maintain the District at its current level.

**MONROE COUNTY SCHOOL DISTRICT
NOTES TO FINANCIAL STATEMENTS- CONTINUED
JUNE 30, 2014**

▪ PROPERTY TAXES

Property taxes collected are reported as revenues in the fund for which they are levied. Property taxes are based on property valuations on January 1, of each year. The tax rate is generally agreed to by the Board in the following September meeting, and contingent upon state approval, the tax collection date is the period from September 15 through December 31. Collections from the period September 15 through November 1 receive a two percent discount. The due date is the period from November 2 through December 31 in which no discount is allowed. Property taxes received subsequent to December 31 are considered to be delinquent and subject to a lien being filed by the County Attorney.

The property tax rates assessed for the year ended June 30, 2014, to finance the General Fund operations were \$.48 per \$100 valuation for real property, \$.48 per \$100 valuation for business personal property, and \$.562 per \$100 valuation for motor vehicles.

The District levies a utility gross receipts license tax in the amount of 3% of the gross receipts derived from the furnishings, within the county, of telephonic and telegraphic communications services, cablevision services, electric power, water, and natural, artificial and mixed gas.

▪ ESTIMATES

The preparation of financial statements in conformity with generally accepted accounting principles in the United States of America requires management to make estimates and assumptions that affect reported amounts of assets, liabilities, designated fund balances, and disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenues and expenditures during the reporting period. Actual results could differ from those estimates.

▪ BUDGETARY PRINCIPLES

The District's budgetary process accounts for certain transactions on a basis other than generally accepted accounting principles (GAAP). The major differences between the budgetary basis and the GAAP basis are:

Revenues are recorded when received in cash (budgetary) as opposed to when susceptible to actual (GAAP).

Expenditures are recorded when paid in cash (budgetary) as opposed to when the obligation is incurred (GAAP).

MONROE COUNTY SCHOOL DISTRICT
NOTES TO FINANCIAL STATEMENTS- CONTINUED
JUNE 30, 2014

Once the budget is approved, it can be amended. Amendments are presented to the Board at their regular meetings. Per Board policy, only amendments that aggregate greater than \$50,000 require Board approval. Such amendments are made before the fact, are reflected in the official minutes of the Board, and are not made after fiscal year-end as dictated by law.

Each budget is prepared and controlled by the budget coordinator at the revenue and expenditure function/object level. All budget appropriations lapse at year end.

▪ INTERFUND ACTIVITY

Exchange transactions between funds are reported as revenues in the seller funds and as expenditure/expenses in the purchaser funds. Flows of cash or goods from one fund to another without a requirement for repayment are recorded as interfund transfers. Interfund transfers are reported as other financing sources/uses in governmental funds and as non-operating revenues/expenses in proprietary funds. Repayments from funds responsible for particular expenditures/expenses to the funds that initially paid for them are not presented in the financial statements.

▪ INTERFUND BALANCES

Each fund is a distinct fiscal and accounting entity, and thus interfund transactions are recorded in each fund affected by a transaction. During the year the General Fund receives and disburses funds that relate to other funds or activities, such as the School Food Service Fund, the School Activity Fund; SEEK Capital Outlay Fund, Debt Service Fund, Special Revenue Fund, and the School Construction Fund. Transfers are then made between the various funds to more properly reflect the nature of the transactions. At June 30, 2014, substantially all such transfers had been made and no significant interfund payables or receivables existed.

NOTE B – CASH

The District's funds are required to be deposited and invested under the terms of a depository contract pursuant to KRS 160.570 and 702 KAR 3:090. The depository bank deposits for safekeeping and trusts with the District's third party agent approved pledged securities in an amount sufficient to protect District funds on a day-to-day basis during the period of the contract. The pledge of approved securities is waived only to the extent of the dollar amount on Federal Deposit Insurance Corporation (FDIC) insurance.

Custodial Credit Risk

Custodial credit risk is the risk that in the event of a bank failure, the District's deposits may not be returned. The District's cash and cash equivalents consisted of checking accounts with local banks. The District does not have a deposit policy for custodial credit risk. As of June 30, 2014, the District's bank balance was \$863,107. \$250,000 of the District's bank balance was covered by FDIC and the other \$613,107 was collateralized with collateral held by pledging bank's trust department in the District's name.

MONROE COUNTY SCHOOL DISTRICT
NOTES TO FINANCIAL STATEMENTS- CONTINUED
JUNE 30, 2014

Credit Risk

Credit risk is the risk that an issuer or other counter party to an investment will not fulfill its obligations. Investments are made under the "prudent advisor" standard outlined in the District's investment policy to ensure that 9a) due diligence is exercised in accordance with state law, (b) any negative deviations are reported timely, and (c) reasonable action is taken to control any adverse developments.

Kentucky Revised Statutes authorize the District to invest in direct obligations of the United States government, obligations backed by the full faith and credit of the United States government, certificates of deposit or other interest bearing accounts issued by any bank or savings and loan institution provided that such investment is insured by the FDIC or guaranteed by the pledge of direct United States government obligations, bonds issued by the Commonwealth of Kentucky or one of its agencies and instrumentalities, securities issued by any state or local government of the United States rated in one of the three highest categories by a nationally recognized rating agency, or bankers' acceptances for banks rated in one of the three highest categories by a nationally recognized rating agency.

Due to the nature of the accounts and certain limitations imposed on the use of funds, each bank account within the following funds is considered restricted: SEEK Capital Outlay Fund, Facility Support Program (FSPK) Fund, Technology Funds, (accounted for within the Special Revenue Fund), Special Revenue Fund, Debt Service Fund, Bond Proceeds Fund, School Construction Fund, School Food Service Fund, and School Activity Funds.

Interest Rate Risk

Interest rate risk is the risk that changes in interest rates of investments will adversely affect the fair value of an investment. The District's formal investment policy does limit investment maturities as a means of managing its exposure to fair value losses arising from inverting interest rates.

To the extent possible, the District will attempt to match its investments with anticipated cash flow requirements. Unless matched to a specific cash flow need, the District's funds should not, in general, be invested in securities maturing more than two years from the date of purchase. However, the District may collateralize its repurchase agreements using longer dated investments in securities exceeding five years to maturity.

**MONROE COUNTY SCHOOL DISTRICT
NOTES TO FINANCIAL STATEMENTS- CONTINUED
JUNE 30, 2014**

Concentration of Credit Risk

The District recognizes that some level of risk is inherent in any investment transaction. Losses may be incurred due to issuer default, market price changes, or closing investments prior to maturity due to unanticipated cash flow needs. Diversification of the District's investment portfolio by institution, type or investment instrument, and term to maturity is the primary method to minimize investment risk.

The total cash balance of the District at June 30, 2014 was \$863,107 of which \$478,407 is governmental activities; \$24,723 is business-type activities. \$359,977 of cash is in agency funds. For the purpose of the cash flow statements, cash consists of all enterprise fund bank accounts.

NOTE C – CAPITAL ASSETS

Capital Asset activity for the year ended June 30, 2014 was as follows:

Governmental Activities	<u>Beginning Balance</u>	<u>Additions</u>	<u>Retirements</u>	<u>Ending Balance</u>
Capital assets not depreciated:				
Land	\$ 531,690	\$ -	\$ -	\$ 531,690

2008	2,150,000	3.755-4.625%	October 1, 2028
2010	3,155,000	1.00%-2.75%	June 30, 2021
2012	2,475,000	.60%-2.375%	October 1, 2023
2013	4,805,000	1.00%-1.00%	November 1, 2029

In 2003, the District issued \$1,000,000 of Qualified Zone Academy Bonds (QZAB). The bonds were approved for Tompkinsville Elementary School renovation. As stated in the agreement, \$544,900 of the proceeds was used to purchase U.S. government securities. In 2004, the District issued \$500,000 Qualified Zone Academy Bonds (QZAB). The bonds were approved for Gamliel Elementary School renovation. As stated in the agreement, \$259,940 of the proceeds was used to purchase U.S. government securities. Those securities were deposited in an irrevocable trust with an escrow agent to provide for all future debt service payments on the \$1,500,000 bond issue. As a result, the \$1,500,000 QZAB's are considered to be defeased and the liability for those bonds has been removed from the District-wide statement of net position.

**MONROE COUNTY SCHOOL DISTRICT
NOTES TO FINANCIAL STATEMENTS- CONTINUED
JUNE 30, 2014**

The District, through the General Fund, (including utility taxes and the Support Education Excellence in Kentucky (SEEK) Capital Outlay Fund) is obligated to make these lease payment in amounts sufficient to satisfy debt service requirements on bonds issued by the Monroe County School District Finance Corporation to construct school facilities. The District has an option to purchase the property under lease at any time by retiring the bonds then outstanding.

The District has entered into “participation agreements” with the Kentucky School Facilities Construction Commission (SFCC). The Commission was created by the Kentucky Legislature for the purpose of assisting local school districts in meeting school construction needs. The table below sets forth the amounts to be paid by the District and the Commission for each year until maturity of all bonds issues. The liability for the total bond amounts remains with the District and, as such, the total principal outstanding has been recorded in the financial statements.

**MONROE COUNTY SCHOOL DISTRICT
NOTES TO FINANCIAL STATEMENTS- CONTINUED
JUNE 30, 2014**

The bonds may be called prior to maturity at dates and redemption premiums specified in each issue. Assuming no issues are called prior to scheduled maturity, the minimum obligations of the District, including amounts to be paid by the Commission, at June 30, 2014, for debt service (principal and interest) are as follows:

Year Ending <u>June 30</u>	<u>Monroe County School District</u>			<u>Kentucky School Facilities</u>			<u>Total Debt Service</u>
	<u>Principal</u>	<u>Interest</u>	<u>Total</u>	<u>Principal</u>	<u>Interest</u>	<u>Total</u>	
2014-15	\$ 1,124,313	\$ 376,627	\$ 1,500,940	\$ 240,687	\$ 40,618	\$ 281,305	\$ 1,782,245
2015-16	1,135,201	350,714	1,485,915	224,799	35,628	260,427	1,746,342

	<u>\$344,222</u>	<u>\$ 34,524</u>	<u>\$378,746</u>

**MONROE COUNTY SCHOOL DISTRICT
NOTES TO FINANCIAL STATEMENTS- CONTINUED
JUNE 30, 2014**

All assets acquired under capital leases are included in the District-Wide Financial Statements within “depreciated capital assets” and, accordingly, are depreciated. On the governmental fund financial statements, payments on capital lease obligations are recognized as expenditures.

The amount shown in the accompanying District-Wide Financial Statements as lease obligations represents the District’s future obligations to make lease payments relating to school building revenue bonds issued by the Monroe County Fiscal Court (the Fiscal Court) and the Monroe County School District Finance Corporation (the Finance Corporation) on behalf of the District for purposes of school facility construction. These amounts are not reflected on the fund financial statements.

The General Fund, SEEK Capital Outlay Fund, and the FSPK Building Fund are obligated to make lease payments. The lease agreements provide, among other things, for rentals sufficient to satisfy debt service requirements on bonds issued by the Fiscal Court or the Finance Corporation to construct school facilities and the District with the option to purchase the property under lease at any time by retiring the bonds then outstanding. Upon completion of such payments, the leased premises should become the property of the District. The District must generally make sinking fund payments by the fifteenth day of the month prior to scheduled bond and interest payment dates. The District is also obligated to maintain adequate property insurance on the school facilities and the school facilities have been pledged as security to the holders of the bonds.

The District has “participation agreements” with the Kentucky School Facilities Construction Commission. The Commission was created by the Kentucky General Assembly for the purpose of assisting local school districts in meeting school construction needs. The liability for the total bond amount remains with the District and, as such, the total principal outstanding has been recorded in the financial statements.

Operating Leases

The School Board leases office equipment under an operating lease. Total costs for such leases were approximately \$17,186 for the year ended June 30, 2014. The future minimum lease payments for these leases are as follows:

Year Ending June 30:

2015	\$ 25,318
2016	<u>10,549</u>
Total	<u>\$ 35,867</u>

**MONROE COUNTY SCHOOL DISTRICT
NOTES TO FINANCIAL STATEMENTS- CONTINUED
JUNE 30, 2014**

Accumulated Unpaid Sick Leave Benefits

Upon retirement from the school system, an employee will receive from the District an amount equal to 30% of the value of accumulated sick leave.

Sick leave benefits are accrued as a liability using the termination payment method. An accrual for earned sick leave is made to the extent that it is probable that the benefits will result in termination payments. The estimated liability is based on the School District's past experience of making termination payments.

The entire compensated absence liability is reported on the government-wide financial statements.

For governmental fund financial statements, the current portion of unpaid accrued sick leave is the amount expected to be paid using expendable available resources. These amounts are recorded in the account "accumulated sick leave payable" in the general fund. The noncurrent portion of the liability is not reported.

NOTE E – RETIREMENT PLANS

KENTUCKY TEACHERS' RETIREMENT SYSTEM

Pension Plan

The Monroe County Public Schools participates in the Kentucky Teachers' Retirement System of the State of Kentucky, a component unit of the Commonwealth of Kentucky (KTRS) and the County Employees Retirements System, a component unit of the Commonwealth of Kentucky (KTRS) and the County Employees Retirement System, a component unit of the commonwealth of Kentucky (CERS), cost-sharing, multiple employer defined benefit pension plans. KTRS and CERS provide retirement and disability benefits, annual cost-of-living adjustments, and death benefits to plan members and beneficiaries. KTRS was created by the 1938 General Assembly and is governed by Chapter 161 Section 220 through Chapter 161 Section 990 of the Kentucky Revised Statutes (KRS). Under the provisions of KRS Section 61.645, the Board of Trustees of Kentucky Retirement Systems (KERS) administers the CERS. The KTRS and CERS issues a publicly available financial report that includes financial statements and required supplementary information for the defined benefit pension plan. That report can be obtained by writing to Kentucky Teachers' Retirement System, 479 Versailles Road, Frankfort, KY 40601 or from the KTRS website at <http://ktrs.ky.gov/>. CERS' report may be obtained by writing to Kentucky Retirement Systems, Perimeter Park West, 1260 Louisville Road, Frankfort, KY 40601 or by calling (502) 564-5656.

MONROE COUNTY SCHOOL DISTRICT
NOTES TO FINANCIAL STATEMENTS- CONTINUED
JUNE 30, 2014

Funding Policy – Contribution rates are established by KRS. Members are required to contribute 11.355% of their salaries to KTRS. The Commonwealth of Kentucky is required to contribute 14.605% of salaries for members before July 1, 2008 and 14.605% of salaries for members after July 1, 2008. The federal program for any salaries paid by that program pays the matching contribution of 14.605%. Effective July 1, 2011, employer contribution for non-federal funded employee salaries is 1.5%. The rate for CERS is 18.89%, 19.55%, 18.96% and 16.93% for the years ended June 30, 2014, 2013, 2012 and 2011, respectively, of covered annual payroll. The contribution requirements of the plan members, the District and Commonwealth of Kentucky are established and may be amended by the Plans' Board of Trustees. The District's contributions to CERS for the years ended June 30, 2014, 2013, 2012 and 2011 were \$532,802, \$574,218, \$605,918 and \$530,023, respectively, equal to the required contributions for each year.

For the year ended June 30, 2014 the Commonwealth contributed \$979,764 to the KTRS for the benefit of the District's participation employees. The District's contributions to the KTRS for the year ended June 30, 2014 were \$176,779 which represents those employees covered by federal programs.

Medical Insurance Plan

Plan Description – In addition to the pension benefits described above, Kentucky Revised Statute 161.675 requires KTRS to provide post-retirement healthcare benefits to eligible members and dependents. The KTRS Medical Insurance benefit is a cost-sharing multiple employer defined benefit plan. Changes made to the medical plan may be made by the KTRS Board of Trustees, the Kentucky Department of Employee Insurance and the General Assembly.

To be eligible for medical benefits, the member must have retired either for service or disability. The KTRS Medical Insurance Fund offers coverage to members under the age of sixty-five (65) through the Kentucky Employees Health Plan administered by the Kentucky Department of Employee Insurance; Once retired member eligible spouses attain age sixty-five (65) and are Medicare eligible, coverage through the KTRS Medicare Eligible Health Plan.

Funding Policy – The post- retirement healthcare provided by KTRS is financed on a pay-as-you-go basis. In order to fund the post-retirement healthcare benefit, one and one-half percent (1.5%) of the gross annual payroll of all active members is contributed. One-half (1/2) of this amount is derived from member contributions and one-half (1/2) from state appropriation. Also, the premiums collected from retirees as described in the plan description and investment interest help with the medical expenses of the plan.

**MONROE COUNTY SCHOOL DISTRICT
NOTES TO FINANCIAL STATEMENTS- CONTINUED
JUNE 30, 2014**

DEFERRED COMPENSATION

The District offers its employees a deferred compensation plan created in accordance with Internal Revenue Code Section 457. The Plan, available to all employees, permits them to defer a portion of their salary until future years. This deferred compensation is not available to employees until termination, retirement, death or unforeseeable emergency. GASB Statement No. 32, **Accounting and Financial Reporting for Internal Revenue Code Section 457 Deferred Compensation Plans**, allows entities with little or no administrative involvement that do not perform the investing function for these plans to omit plan assets and related liabilities from their financial statements. The District therefore does not show these assets and liabilities on this financial statement.

NOTE F – ON-BEHALF PAYMENTS

For the year ended June 30, 2014, the Commonwealth of Kentucky contributed estimated payments on-behalf of the District's employees of \$3,590,198 to the health insurance carriers and the flexible spending account vendors. GASB Statements No. 24, *Accounting and Financial Reporting for Certain Grants and Other Financial Assistance*, establishes accounting and reporting standards for on-behalf payments. In accordance with the standard, the District recognized an expense and revenue for this payment on the District-Wide Financial Statements.

NOTE G – CONTINGENCIES

The District receives funding from federal, state, and local government agencies and private contributions. These funds are to be used for designated purposes only. For government agency grants, if the grantor's review indicated that the funds have not been used for the intended purpose, the grantors may request a refund of monies advanced or refuse to reimburse the District for its disbursements. The amount of such future refunds and unreimbursed disbursements, if any, is not expected to be significant. Continuation of the District's grant programs is predicated upon the grantor's satisfaction that the funds provided are being spent as intended and the grantors' intent to continue their programs.

MONROE COUNTY SCHOOL DISTRICT
NOTES TO FINANCIAL STATEMENTS- CONTINUED
JUNE 30, 2014

NOTE H – INSURANCE AND RISK MANAGEMENT

The District is exposed to various forms of loss of assets associated with the risks of fire, personal liability, theft, vehicular accidents, errors and omissions, fiduciary responsibility, etc. Each of these risk areas is covered through the purchase of commercial insurance. The District has purchased certain policies which are retrospectively rated including workers' compensation insurance. Premiums for these policies are based upon the District's experience to date.

The District is also exposed to various risks of loss related to torts, errors and omissions, injuries to employees, and natural disasters. To obtain insurance for workers' compensation, errors and omissions, and general liability coverage, the District participates in the Kentucky School Boards Insurance Trust Liability Insurance Fund. These public entity risk pools operate as common risk management and insurance programs for all school districts and other tax supported educational agencies of Kentucky who are members of the Kentucky School Boards Association. The District pays an annual premium to each fund for coverage.

Contributions to the Workers' Compensation Fund are based on premium rates established by such fund in conjunction with the excess insurance carrier, subject to claims experience modifications and a group discount amount. Dividends may be declared, but are not payable until twenty-four (24) months after the expiration of the self-insurance term. The Liability Insurance Fund pays insurance premiums of the participation members established by the insurance carrier. The Trust can terminate coverage if it is unable to obtain acceptable excess general liability coverage and for any reasons by giving ninety (90) days' notice. In the event the Trust terminated coverage, any amount remaining in the Fund (after payment of operational and administrative costs and claims for which was provided) would be returned to the member on a pro rata basis.

The District purchases unemployment insurance through the Kentucky School Boards Insurance Trust Unemployment Compensation Fund; however, risk has not been transferred to such fund. In addition, the District continues to carry commercial insurance for all other risks of loss. Settled claims resulting from these risks have not exceeded commercial insurance coverage in any of the past three fiscal years.

**MONROE COUNTY SCHOOL DISTRICT
NOTES TO FINANCIAL STATEMENTS- CONTINUED
JUNE 30, 2014**

NOTE I – LITIGATION

The District is subject to various legal actions in various states of litigation, the outcome of which is not determinable at this time. Management of the District and its legal counsel do not anticipate that there will be any material effect on the combined financial statements as a result of the cases presently in progress, except as described elsewhere in this report.

NOTE J – DEFICIT OPERATING BALANCES

No funds of the District currently have a deficit fund balance or net position. However, the following funds had excess current year expenditures over current year appropriated revenues resulting in a corresponding reduction of fund balance:

<u>Fund</u>	<u>Amount</u>
Special Revenue	\$ 42,957
General Fund	\$135,050

NOTE K – TRANSFER OF FUNDS

Interfund transfers are eliminated in the governmental and business-type activities columns of the district-wide statement of net position. As reflected on the fund financial statements, the following transfers were made during the year:

<u>From Fund</u>	<u>To Fund</u>	<u>Purpose</u>	<u>Amount</u>
General	Debt Service	Debt Service	\$ 151,021
General	Debt Service	Debt Service	156,467
General	Special Revenue	Expense Reimbursement	42,957
SEEK Capital Outlay	Debt Service	Debt Service	168,096
FSPK	Debt Service	Debt Service	260,991
FSPK	General Fund	Funds Transfer	156,467
Food Service	General Fund	Expense Reimbursement	88,903
Total			<u>\$ 1,024,902</u>

NOTE L – SUBSEQUENT EVENTS

The District has evaluated subsequent events through November 7, 2014, the date which the financial statements were available to be issued.

NOTE M – NET POSITION ADJUSTMENT

For the year ended June 30, 2014, the District adopted GASB 65 *Items Previously Reported as Assets and Liabilities*. As a result of this adoption, the beginning net position of the governmental fund activities have been decreased by \$183,595. The governmental funds had a balance at June 30, 2013 of \$8,371,997. The balance should have been \$8,188,402. The change is the result of the write off of the amortized costs associated with the deferred loss on a bond's refunding. The net effect of these restatements was \$(183,595).

Page 45
MONROE COUNTY SCHOOL DISTRICT
NOTES TO FINANCIAL STATEMENTS- CONTINUED
JUNE 30, 2014

NOTE N – IMPACT OF RECENTLY ISSUED ACCOUNTING PRINCIPALS

In May 2009, the GASB issued Statement 54, *Fund Balance Reporting and Governmental Fund Type Definitions*, GASB 54 requires the use of new fund balance classifications and clarifies existing governmental fund type definitions. The requirements of this statement are effective for financial statements for periods beginning after June 15, 2010. The District adopted GASB Statement 54 in fiscal year 2011.

In June 2010, the GASB issued Statement 59, *Financial Instruments Omnibus*. GASB 59 updates and improves existing standards regarding financial reporting and disclosure requirements of certain financial instruments and external investment pools for which significant issues have been identified in practice. The requirements of this Statement will improve financial reporting by providing more complete information, by improving consistency of measurements, and by providing clarifications of existing standards. This Statement is effective for financial statements for periods beginning after June 15, 2010. The District adopted GASB Statement 59 in fiscal year 2012. The adoption of GASB 59 did not have any impact on the District's financial statements.

In November 2010, the GASB issued Statement 60, *Accounting and Financial Reporting for Service Concession Arrangements*. GASB 60 provides financial reporting guidance for service concession arrangements (SCAs). SCAs are defined as an arrangement between a transferor (a government) and an operator (governmental or nongovernmental entity) in which (1) the transferor conveys to an operator the right and related obligation to provide services through the use of infrastructure or another public asset (a "facility") in exchange for significant consideration and (2) the operator collects and is compensated by fees from third parties. This statement is effective for periods beginning after December 15, 2011 and the District adopted GASB 60 in fiscal year 2013. The District does not have any SCAs and therefore the adoption of GASB 60 does not have any impact on the District's financial statements.

In November 2010, the GASB issued Statement 61, *The Financial Reporting Entity: Omnibus an amendment of GASB Statements No. 14 and No. 34*. GASB 61 provides additional criteria for classifying entities as component units to better assess the accountability of elected officials by ensuring that the financial reporting entity includes only organizations for which the elected officials are financially accountable or that are determined by the government to be misleading to exclude. This statement is effective for periods beginning after June 15, 2012 and the District adopted GASB 61 in fiscal year 2013.

In December 2010, the GASB issued Statement 62, *Codification of Accounting and Financial Reporting Guidance Contained in Pre-November 30, 1989 FASB and AJCPA Pronouncements*. GASB 62 incorporates into the GASB's authoritative literature certain accounting and financial reporting guidance that is included in the following pronouncements issued on or before November 30, 1989, which does not conflict with or contradict GASB pronouncements:

Financial Accounting Standards Board (FASB) Statements and Interpretations, Accounting

Page 46
MONROE COUNTY SCHOOL DISTRICT
NOTES TO FINANCIAL STATEMENTS- CONTINUED
JUNE 30, 2014

Principles Board Opinions and Accounting Research Bulletins of the American Institute of Certified Public Accountants' (AICPA) Committee on Accounting Procedure. This statement is effective for periods beginning after December 15, 2011 and the District adopted GASB 62 in fiscal year 2013. The adoption of GASB 62 does not have any impact on the District's financial statements.

In June 2011, the GASB issued Statement 63, *Financial Reporting of Deferred Outflows of Resources, deferred Inflows of Resources, and Net Position*. GASB 63 provides guidance for reporting deferred outflows of resources, deferred inflows of resources, and net position in a statement of financial position and related disclosures. The statement of net assets is renamed the statement of net position and includes four components: assets, deferred outflows of resources, liabilities and deferred inflows of resources. The provisions of this Statement are effective for financial statements for periods beginning after December 15, and the District adopted GASB 63 in fiscal year 2013.

In June 2011, the GASB issued Statement 64, *Derivative Instruments: Application of Hedge Accounting Termination Provisions an amendment of GASB Statement No. 53*. GASB 64 provides clarification on whether an effective hedging relationship continues after the replacement of a swap counterparty or a swap counterparty's credit support provider. This statement is effective for periods beginning after June 15, 2011 and the District adopted GASB 64 in fiscal year 2013. The adoption of GASB 64 does not have any impact on the District's current financial statements.

In March 2012, the GASB issued Statement 65, *Items Previously Reported as Assets and Liabilities*. GASB 65 establishes accounting and financial reporting standards that reclassify, as deferred outflows of resources or deferred inflows of resources, certain items that were previously reported as assets and liabilities and recognizes, as outflows of resources or inflows of resources, certain items that were previously reported as assets and liabilities. This statement is effective for periods beginning after December 15, 2012 and the District adopted GASB 65 in fiscal year 2014 which resulted in a restatement of beginning net position of \$(225,139) for bond issuance costs previously being amortized.

In March 2012, the GASB issued Statement 66, *Technical Corrections – 2012 – an Amendment of GASB Statements No. 10 and No. 62*. GASB 66 was issued to improve accounting and financial reporting for a governmental financial reporting entity by resolving conflicting guidance that resulted from the issuance of two pronouncements, Statements No. 54, *Fund Balance Reporting and Governmental Fund Type Definitions*, and No. 62, *Codification of Accounting and Financial Reporting Guidance Contained in Pre-November 30, 1989 FASB and AICPA Pronouncements*. This statement is effective for periods beginning after December 15, 2012 and the District adopted GASB 65 in fiscal year 2014. There was no effect on the financial statements.

MONROE COUNTY SCHOOL DISTRICT
NOTES TO FINANCIAL STATEMENTS- CONTINUED
JUNE 30, 2014

In June 2012, the GASB issued Statement 68, *Accounting and Financial Reporting for Pensions – an Amendment of GASB Statement 27*. GASB 68, as amended by GASB 71 addresses accounting and financial reporting for pensions that are provided to the employees of state and local governmental employers through pension plans that are administered through trusts that have the following characteristics:

- Contributions from employers and nonemployer contributing entities to the pension plan and earnings on those contributions are irrevocable.
- Pension plan assets are dedicated to providing pensions to plan members in accordance with the benefit terms.
- Pension plan assets are legally protected from the creditors of employers, nonemployer contributing entities, and the pension plan administrator. If the plan is a defined benefit pension plan, plan assets also are legally protected from creditors of the plan members.

The Statement establishes standards for measuring and recognizing liabilities, deferred outflows of resources, and deferred inflows of resources, and expense/expenditures. For defined benefit pensions, the Statement identifies the methods and assumptions that should be used to project benefit payments, discount projected benefit payments to their actuarial present value, and attribute that present value to periods of employee service. This statement is effective for periods beginning after June 15, 2014. Management is currently evaluating the impact of the adoption of this statement on the District's financial statements.

In January 2013, the GASB issued Statement 69, *Government Combinations and Disposals of Government Operations*. GASB 69 establishes accounting and financial reporting standards related to government combinations and disposals of government operations. This statement is effective for periods beginning after December 15, 2013. Management is currently evaluating the impact of the adoption of this statement on the District's financial statements.

In March 2013, the GASB issued Statement 70, *Accounting and Financial Reporting for Nonexchange Financial Guarantees*. GASB 70 requires a government that extends a nonexchange financial guarantee to recognize a liability when qualitative factors and historical data, if any, indicate that it is more likely than not that the government will be required to make a payment on the guarantee. This statement is effective for periods beginning after June 15, 2013. Management is currently evaluating the impact of the adoption of this statement on the District's financial statements.

**MONROE COUNTY SCHOOL DISTRICT
NOTES TO SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS
JUNE 30, 2014**

NOTE A – BASIS OF PRESENTATION

The accompanying schedule of expenditures of federal awards includes the federal grant activities of the Monroe County School District and is presented on the accrual basis of accounting. The information in this schedule is presented in accordance with the requirement of OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. Therefore, some amounts presented in the schedule may differ from amounts presented in, or used in the preparation of, the basic financial statements.

NOTE B – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Expenditures reported on the Schedule are reported on the accrual basis of accounting. Such expenditures are recognized following the cost principles contained in OMB Circular A-87, *Cost Principles for State, Local, and Indian Tribal Governments*, wherein certain types of expenditures are not allowable or are limited as to reimbursement. Pass-through entity identifying numbers are presented where available. Non-monetary assistance is reported in the schedule of fair value of the goods received.

NOTE C – SUB RECIPIENTS

There were no sub-recipients during the fiscal year.

**MONROE COUNTY SCHOOL DISTRICT
SCHEDULE OF FINDINGS AND QUESTIONED COSTS
FOR THE YEAR ENDED JUNE 30, 2014**

Section I – Summary of Audit Results

1. The auditor’s report expresses an unmodified opinion on the financial statements of the Monroe County School District.
2. No significant deficiencies relating to the audit of the financial statements are reported.
3. No instances of noncompliance material to the financial statements of the District were disclosed during the audit.
4. No significant deficiencies relating to the audit of the major federal award programs are reported.
5. The auditors’ report on compliance for the major federal programs of the District expresses an unmodified opinion.
6. There are no findings to be reported in accordance with Section 510(a) of OMB Circular A-133.
7. The programs tested as major programs include:

<u>Federal Grantor/Program Title</u>	<u>CFDA Number</u>
U.S. Department of Agriculture Passed Through Kentucky Department of Education Children Nutrition Cluster	10.553, 10.555 & 10.559
U.S. Department of Education Passed Through Kentucky Department of Education	
Title I Grants to Local Educational Agencies	84.010
Special Education Cluster:	
Special Education – Grants to States	84.027
Special Education – Preschool Grants	84.173

8. The threshold used for distinguishing between Type A and B programs was \$300,000.
9. The District did qualify to be audited as a low-risk auditee.

**MONROE COUNTY SCHOOL DISTRICT
SCHEDULE OF FINDINGS AND QUESTIONED COSTS - CONTINUED
FOR THE YEAR ENDED JUNE 30, 2014**

Section II – Findings – Financial Statement Audit

There are no findings related to the financial statements which are required to be reported in accordance with *Government Auditing Standards*.

Section III – Findings – Major Federal Programs Audit

There are no findings or questioned costs related to the major federal programs which are required to be reported in accordance with *OMB Circular A-133, Section 510(a)*.

**MONROE COUNTY SCHOOL DISTRICT

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

To the Kentucky State Committee for School District Audits
and Members of the Board of the Monroe County School District
Tompkinsville, Kentucky

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of Monroe County School District, as of and for the year ended June 30, 2014, and the related notes to the financial statements, which collectively comprise Monroe County School District's basic financial statements, and have issued our report thereon dated November 7, 2014.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered Monroe County School District's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Monroe County School District's internal control. Accordingly, we do not express an opinion on the effectiveness of Monroe County School District's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or, significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether Monroe County School District's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*. In addition, the results of our tests disclosed no instances of noncompliance with specific statutes or regulations identified in the *Independent Auditor's Contract*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE WITH REQUIREMENTS THAT COULD HAVE A DIRECT AND MATERIAL EFFECT ON EACH MAJOR PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE IN ACCORDANCE WITH OMB CIRCULAR A-133

To the Kentucky State Committee for School District Audits
and Members of the Board of the Monroe County School District
Tompkinsville, Kentucky

Compliance

We have audited Monroe County School District's compliance with the types of compliance requirements described in the *OMB Circular A-133 Compliance Supplement* that could have a direct and material effect on each of Monroe County School District's major federal programs for the year ended June 30, 2014. Monroe County School District's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

Management's Responsibility

Compliance with the requirements of laws, regulations, contracts, and grants applicable to each of its major federal programs is the responsibility of Monroe County School District's management.

Auditor's Responsibility

Our responsibility is to express an opinion on Monroe County School District's compliance based on our audit. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United State of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations* and the audit requirements prescribed by the Kentucky State Committee for School District Audits in Appendix I of the *Independent Auditors' Contract – General Audit Requirements* and Appendix II of the *Independent Auditors' Contract-State Audit Requirements*. Those standards and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the District's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances. We believe that our audit provides a reasonable basis for our opinion. Our audit does not provide a legal determination of the District's compliance with those requirements

Opinion on Each Major Program

In our opinion, Monroe County School District complied, in all material respects, with the compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2014.

Internal Control Over Compliance

Management of Monroe County School District is responsible for establishing and maintaining effective internal control over compliance with the requirements of laws, regulations, contracts, and grants

applicable to federal programs. In planning and performing our audit, we considered Monroe County School District's internal control over compliance with the requirements that could have a direct and material effect on a major federal program to determine the auditing procedures for the purpose of expressing our opinion on compliance and to test and report on internal control over compliance in accordance with OMB Circular A-133, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of Monroe County School District's internal control over compliance.

A *deficiency in internal control over compliance* exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A *material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis.

Opinion on Each Major Federal Program

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be deficiencies, significant deficiencies, or material weaknesses. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of OMB Circular A-133. Accordingly, this report is not suitable for any other purpose.

Kentucky State Committee for School District Audits
and Members of the Board of Education
Monroe County School District
Tompkinsville, Kentucky

In planning and performing our audit of the financial statements of the Monroe County School District as of and for the year ended June 30, 2014, in accordance with auditing standards generally accepted in the United States of America, we considered Monroe County School District's internal control over financial reporting (internal control) as a basis for designing our auditing procedures for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control. Accordingly, we do not express an opinion on the effectiveness of the Company's internal control.

However, during our audit we became aware of several matters that are opportunities for strengthening internal controls and operating efficiency. The memorandum that accompanies this letter summarizes our comments and suggestions regarding those matters. A separate report, November 4, 2013, contains our report on significant deficiencies in the Company's internal control. This letter does not affect our report dated November 7, 2014 on the financial statements of Monroe County School District.

We will review the status of these comments during our next audit engagement. We have already discussed many of these comments and suggestions with various District personnel, and we will be pleased to discuss them in further detail at your convenience, to perform any additional study of these matters, or to assist you in implementing the recommendations.

Sincerely,

**MONROE COUNTY SCHOOL DISTRICT
MANAGEMENT LETTER POINTS
FOR THE YEAR ENDED JUNE 30, 2014**

1. Condition – During the audit, we noted that in one activity fund, there was no support for some expenditures.

Criteria – The *Accounting Procedures for School Activity Funds* (Red Book) states that all expenditures shall be accompanied by a purchase order and an original vendor invoice.

Cause – Oversight by school employees caused the violation of the requirement.

Recommendations – Ensure that all purchase orders and standard invoices be approved by signature of sponsor and principal.

Response – Management agrees with the finding and recommendations will be adopted.

2. Condition – During the audit, we noted that in one activity fund, only a standard invoice was prepared.

Criteria – The *Accounting Procedures for School Activity Funds* (Red Book) states that all expenditures must be accompanied by a purchase order and an original vendor invoice.

Cause – Oversight by school employees caused the violation of the requirement.

Recommendations – Reinforce education to all school personnel about the policy and monitor that it is enforced.

Response – Management agrees with the finding and recommendations will be adopted.

3. Condition – During the audit, we noted that in several activity funds, purchase orders and invoices contain only the principal's signature, or a typed name in lieu of a signature.

Criteria – The *Accounting Procedures for School Activity Funds* (Red Book) states that for each expenditure, there must be a purchase order (Form F-SA-7) prepared and approved by both the sponsor and the principal prior to payment.

Cause – Oversight by school employees caused the violation of the requirement.

Recommendations – Reinforce education to all school personnel about the policy and monitor that it is enforced.

Response – Management agrees with the finding and recommendations will be adopted.
