KDE's mission is to prepare all Kentucky students for next generation learning, work, and citizenship by engaging schools, districts, families, and communities through excellent leadership, service and support. KRS 160.345(2)(c)1 requires school councils to set school policies consistent with district policies which "shall provide an environment to enhance the students' achievement." Modules submitted will need to be aligned with the Kentucky Department of Education's vision and mission and fulfill the statutory requirements in KRS 160.345(2)(c)1.
