

## SBDM Online Training Options

Kentucky Educational Television (KET) offers several online training options that allow both new and experienced members to learn at their own rate. These include fee-based, facilitated courses as well as opportunities for experienced SBDM members to enroll in free, self-paced courses on PBS LearningMedia and PBS TeacherLine.

Check out the descriptions below for details! All courses are approved for SBDM EILA credit.

### **KET's Facilitated Courses for SBDM Members**

KET offers two convenient, online, fee-based courses:

- **[Intro to SBDM](#)**  
This course is facilitated by Dr. Tom Hiter, a certified SBDM trainer. It fulfills the training requirement for new SBDM members and provides six hours of SBDM EILA credit. There is an enrollment fee of \$95 per person.
- **[Exploring Your School's Data](#)**  
Facilitated by Susan Weston, a certified SBDM trainer, this course shows new and existing members how to locate and analyze data using actual online reports about their own schools and districts, which will enable them to start important conversations in their communities. The course provides three hours of SBDM EILA credit and has an enrollment fee of \$75 per person.

Registration for both courses is open during the year on the following schedule:

- Summer/Fall: July 1 – October 15
- Winter: November 1 – February 15
- Spring: March 1 – June 15

Participants work at their own pace and have several weeks to complete a course. SBDM coordinators can enroll members at any time during a term, but participants who don't complete the course by the final day will have to re-enroll at the start of the next term.

To learn more about the courses or to register, visit <http://edustore.ket.org>. Instructions for registration are on the site. #### Free Self-Paced Courses

To take these courses, members must login or create an account on [PBS LearningMedia](#) and [PBS TeacherLine](#). At the end of each module, they take a quiz; the certificate is generated once all criteria are met.
