Subject: CIITS Notification: Days Enrolled Calculation

CIITS Contact,

Pearson/SchoolNet has released the following notification related to the days enrolled calculation on the student profile:

Pearson has been made aware of an issue related to the calculations of student enrollments within a student profile in CIITS. This issue is impacting students who have had an updated enrollment calendar throughout the school year. The calculations displayed are calendar days and not school days.

This issue has been escalated to Pearson and developers are currently reviewing the issue and working to determine a resolution. We will provide an update once a resolution has been determined.
