Schoolnet Hotfix Application

Tonight, Feb 21, 2014, a hotfix will be released to Schoolnet hosted customers who have been upgraded to version 15.3 to address the following issues:

- SF 01632077 - Answer Choice 'A' is not being recognized when scanning answer sheets using ScanIt
- SF 01637034 - Test not scanning correctly/Not scoring open response questions
- SF 01606563 - Export of an item does not include scoring instructions; cannot reimport item into site

The hotfix will be applied this evening during the maintenance window, which begins at 8 PM EST.

Pearson is committed to providing you with the highest quality technology tools to improve teaching and learning.

If you have any questions please contact your Schoolnet representative or Schoolnet Customer Support for assistance.

Thank you,
The Pearson Schoolnet Team
