Schoolnet Hotfix Application

Tonight, Mar 3, 2014, a hotfix will be released to Schoolnet hosted customers who have been upgraded to version 15.3 to address the following issues:

- SF 01664044 - Proctor Dashboard not displaying test scores
- SF 01662351 - Cube failed to process
- SF 01654362 - Not seeing items matched to standards in test creation
- SF 01664972 - Triggered area count display not working as designed
- SF 01647042 - When creating a lesson plan and clicking on save and continue an "our apologizes" error is returned
- SF 01657765 - Page breaks are occurring on PDF's
- SF 01650650 - Tests are giving the error "Add Content"
- SF 01656067 - User Unable to Find Test
- SF 01674164 - Tests that have been previously assigned are no longer assigned
- SF 01639109 - Unable to schedule tests

The hotfix will be applied this evening during the maintenance window, which begins at 8 PM EST.

Pearson is committed to providing you with the highest quality technology tools to improve teaching and learning.

If you have any questions please contact your Schoolnet representative or Schoolnet Customer Support for assistance.

Thank you,
The Pearson Schoolnet Team
