On December 21st, a password reset will be initiated in CIITS. Users will receive a temporary password in their email (check SPAM folders) and will be prompted to set a new password on the first login.

Password Reset Coming End of December

All user passwords for CIITS will be reset on Saturday, December 21, 2013. Each user will receive an email with a temporary password on this day. It is important you check your SPAM folder in the event that you do not receive the email.

 - Then, turn some letters into numbers, such as:
 - Example: c11tS1Sgr3aT

Update Information

Curriculum Manager Training

KDE will sponsor Curriculum Manager training in January or February 2014. It would be one day open to 25 districts for each day long session. There will be a half day how to use the Curriculum Manger tool and a half day of working with participants on entering their district curriculum. Please bring materials to enter your Curriculum that day.

CIITS Contact Roles added to Web Security Administrator

Two new CIITS contact roles have been added to the Person Role Manager application within the Web Security Administrator: 1) CIITS Primary Contact 2) CIITS Secondary Contact.

The Web Apps Admin Point of Contact (WAAPOC) in each district can add or remove this role from district individuals. The individuals assigned this role will receive important CIITS communications from KDE. Each district should add the CIITS Primary Contact role to at least one individual.

To view the WAAPOCs for each district, go to:
