

**SAAR Preparation and January Growth Factor  
Questions and Answers**

Ronda Devine & Cheri Meadows, Office of Administration & Support  
Division of District Support

**1. Question: Could you mention that all the ad hocs that were referred to are under State Published?**

*Answer: The attendance cleanup ad hoc filters that were mentioned in the Growth Factor training can be found under Ad Hoc Reporting in the State Published folder. The district's system administrator will need to share the ad hocs with appropriate staff according to their local policy.*

**2. District Input: Other resources for folks in the district are the KDE Website, Campus Community, and the DPP Manual.**

*KDE Response: The KSIS Other Information page on the KDE website also contains information regarding all State Published ad hoc filters and the reports found under KY State Reporting.*

**3. Question: Where is the report that shows all the people with all the tool rights?**

*District Response: There is a State Published Ad Hoc filter called Audit All Tool Rights  
Answer: Infinite Campus has also added a report under System Administration>User Security>Reports>Tool and Calendar Rights that can be generated to check rights to specific tools or calendars.*
