Graduates - Updating end status, graduation tab
and SDRR Cohort Reports
Question and Answer Summary

1.	Q	Graduation Tab: Diploma Period - What period is used for hardship graduations (less than 4 years, and graduation date is before the last day of school). Not sure when to use 'early' vs 'spring' diploma period.
	A	Early/Spring Diploma Periods are no longer used for Cohort. It is only used for KEES: Graduation date prior to January 15 = Early Graduate Diploma Period; Graduation Date on/after January 15 = Spring Diploma Period. If the diploma period is not marked correctly according to the graduation date, the student will not appear on the KEES report. Refer to the Graduation data standard for more specifics.
