Overview

Description

As courses are added or rolled forward, the course data should follow these guidelines for accurate LEAD reporting, Teacher of Record (TOR) linkage, School Report Card and Accountability reporting.

Every course scheduled during instructional time or that delivers instruction during non-instructional time must use the state code that most closely represents the content, rigor, students, and teacher certification of a given course as described in the <u>Searchable State Course Codes Database</u>.

New Course Look May 2025

As of the Campus.2515 Release Pack (May 2025), the Course Information tool has a new look and feel. The same fields you are used to still exist, but they may be in a different location. See the <u>Course</u> <u>Information article on Campus Community</u> (login required) for more information regarding the new look.

Course Masters

Districts may choose to use a Course Catalog, a collection of course masters that is then attached to the school. A Course Master can be used to define elements of courses from a district level, so that all schools have the same number and naming convention for the courses, as well as the same setup for grading. Changes made to locked fields on the course master may be pushed to the courses at the schools based on the school year.

Kentucky Specific Course Field Information

State Code: Every course scheduled during instructional time or that delivers instruction during noninstructional time must use the state code that most closely represents the content, rigor, students, and teacher certification of a given course as described in the <u>Searchable State Course Codes Database</u> <u>within KECS</u>. Please see the <u>Course Codes Frequently Asked Questions document</u> for more information about selecting the appropriate state course code.

GPA Weight: Weight of course grade for Grade Point Average (GPA) calculation only. For KEES calculation, the GPA Weight must equal the credits attempted with one exception. If the course is pass/fail, then must be 0.

Type: Select if course is Online/Virtual, Attendance-Based Online/Virtual or Performance-Based. The school will become eligible for Average Daily Attendance (ADA) funding for students if a passing grade is posted for this type of course. Please see the <u>Virtual and Performance-Based Course Set-Up and</u> <u>Attendance Verification Guidance Document</u> for further assistance determining when each Type is appropriate.

- V: Online/Virtual select if course is an offsite online course. Please note the attendance box cannot be checked if this Type is selected.
- ABV: Attendance-Based Online/Virtual select if online/virtual course that uses daily attendance tracking rather than performance-based completion to determine credits and funding as described in <u>704 KAR 3:535</u>. Attendance check box must be checked with this Type. See <u>Blended Learning Group Setup in Infinite Campus document</u> for information on setting up blended learning groups.
- P: Performance select if course is a Performance-Based Course. <u>Performance-Based Credit</u> may be awarded for satisfactory demonstration of learning based on content standards described in the program of studies, <u>704 KAR 3:303</u>, regardless of the number of instructional hours in one (1) subject. The awarding of credit based on performance requires a rigorous performance

Rev. 5/16/2025

standards policy, including performance descriptors and assessments that provide evidence of demonstrated knowledge and skills. The attendance box may or may not be checked.

Difficulty Level: Select from the drop-down menu **only** for AP: Advanced Placement, DC: Dual Credit, IB: International Baccalaureate and CAI: Cambridge Advanced International courses. In order for students to be eligible for the KEES bonus, you must select AP, DC, IB or CAI.

- <u>AP: Advanced Placement</u> courses must have the matching AP state course code.
- <u>DC: Dual Credit</u> courses must comply with <u>KRS 158.007(8)</u> which defined dual credit as "a college–level course of study developed in accordance with <u>KRS 164.098</u> in which a high school student receives credit from both the high school and postsecondary institution in which the student is enrolled upon completion of a single class or designated program of study. See <u>Dual Credit Course Data Standard</u> for additional requirements for dual credit courses.
- **<u>IB: International Baccalaureate</u>** courses must have the matching IB state course code.
- <u>CAI: Cambridge Advanced International</u> courses should utilize the state course code most closely matching the content of the course

Teaching Method (The methods used for instruction): Choose from the drop-down menu the appropriate teaching method for this course section

- **01: Direct Instruction** (default setting) traditional course taught by a teacher employed by the district
- **02: 3**rd **Party Contract** course taught by a 3rd party contractor other than virtual, dual credit (e.g., auto mechanic, golf instructor, Head Start provider)
- **10: Digital Learning Provider** an online/virtual course utilizing a digital content provider with a Kentucky certified teacher as the teacher of record, largely in an asynchronous format (excluding credit recovery courses)
- **11: Dual Credit District Offered** dual credit course taught by a teacher employed by the district
- **12: Dual Credit College Offered** dual credit course taught by a teacher employed by a postsecondary institution
- **13: Credit Recovery Direct Instruction** course taught by a teacher employed by the district that allows students to earn credit for a course they previously failed
- **14: Credit Recovery Digital Learning Provider** computer-based course that allows students to earn credit for a course they previously failed (e.g., PLATO, APEX, Odyssey, NOVEL/STARS).
- 19: District Provided Self Study independent self-study course
- **20: Blended Instruction** An online/virtual course with a combination of synchronous and asynchronous learning facilitated through a digital content provider and a KY certified teacher.
- **21**: Work-Based Learning course where a student leaves campus to participate in workbased learning.

Rev. 5/16/2025

Instructional Setting: (The location where instruction takes place) Choose from the drop-down menu the appropriate instructional setting for this course section.

- 01: Onsite Classroom course taught primarily in the school building
- **02: Offsite CTE** course taught at a Career and Technical Education Center away from the school building
- 03: Offsite College course taught at a postsecondary institution
- 04: Home/Hospital course taught in a home/hospital setting
- 05: Online course taught fully online
- **06: Blended Learning** course taught in a setting consisting of both face-to-face instruction and online learning. Ideally, blended learning consists of 40-60% of a course being delivered online or digitally. There must be that face-to-face component delivered by a certified teacher. The digital/online content ideally should be created, reviewed and/or endorsed by a certified teacher in that content area.
- 11: Spanish Immersion
- 12: French Immersion
- **21: Offsite Workplace** course where student leaves campus to participate in work-based learning

Attendance: Select if attendance is required to be taken in this course for ADA funding purposes by an EPSB certified teacher. *The attendance checkbox cannot be checked if the course uses the Type Online/Virtual and must be checked if the Type is Attendance-Based Online/Virtual. If students are in the building while working on Type Online/Virtual course and attendance must be taken, please use the <u>950001 Dual Credit Placeholder</u> course to take attendance and schedule the Online/Virtual dual credit course outside of the instructional day following the guidance in the <u>Virtual and Performance-Based</u> <u>Course Set-Up and Attendance Verification document</u>.*

NOTE: Any changes made to the Course Master need to be pushed to the courses. Use the Push to Courses option and select the calendar year to which it should apply, which will update any locked fields on connected courses in the selected calendar to have the same information - Grading Tasks, Standards, Categories, Grade Calculations, etc. See Campus Community's <u>Course Master Info</u> for more information.

Section Number: Each section must have a distinct section number

Selecting an option from the drop list overrides the course's instructional setting for this section only.

Rev. 5/16/2025

Highly Qualified: Select the primary teacher's Highly Qualified status for this course. Options are as follows:

- Highly Qualified
- Not Highly Qualified
- Not Applicable

Special Type: Indicate courses designated as one of the special type courses. Type 02: Alternative Classroom must be selected for any course received by a student placed in an alternative education program. All content courses offered at the alternative school must have a section with a Special Type of Alternative Classroom.

Population ID: Indicate the population from the dropdown menu only if there are no students in the course. This should be blank in most cases.

Instructional Time: It is not necessary to record instructional time.

Core Content: Only select a core content if state code 165698, 230168, 230170, 230171, 499901, 499910, 499915 or 909999 has been indicated on the course tab. This should be blank in most cases. Do not use content code 507: Non-instructional content or 509: Varies since no certification includes this content area.
