

Infinite Campus: PLP Intervention Data Quick Reference Card

Release date: 2/11/15

Custom Report: PLP Intervention Data - The purpose of this report is to identify students with records on the Intervention tab in the PLP module. By default, all records will be pulled for students from the school selected in the toolbar. The year selected on the toolbar will not limit the records reported to a school year. To limit the results by date, you must define a date range by selecting a start date and an end date. Additionally, you may filter the results by intervention type, content area, and grade level.

The screenshot shows the report parameter selection interface. It includes three date pickers for start and end dates, a dropdown for Intervention Type (with options: All, Course, ESS, RTA, MAF, Other), a dropdown for Content Area (with options: All, Reading, Writing, Reading and Writing, Math, Science, Social Studies, Behavior, Other), and a vertical list for Select Grade (with options: All, 00, 01, 02, 03, 04, 05, 06, 07, 08, 09, 10, 11, 12, 14, 96, 97, 98, 99).
