Descriptions: Mastering the Fundamentals of Campus is a 4.5 day, in-depth course designed to understand the Campus Application from student to staff to system administration and maintenance. This course covers the functionality of the Campus SIS giving unique examples of different usability and setup options. This class goes into each section of Infinite Campus, from creating calendars, schedules, grading to creating households etc. It is a great class for those new to Infinite Campus and to those that have been on it for a while and need more understanding of the whole system.

Campus needs a minimum of 10 registrations by October 13 to hold this class or they will need to cancel.

Registration: If you are interested in attending please go to icu.infinitecampus.com and register for class CCR4100 – Mastering the Fundamentals of Campus – Regional. Make sure you choose the correct location.
