ACT COMPASS AND KYOTE SCORES UPLOADED TO INFINITE CAMPUS (IC)

KDE strives to publish assessment data in IC as it becomes available. In this spirit, Compass scores from 8/1/2014 through 2/27/2015 and KYOTE scores from 7/1/2014 through 3/2/2015 have been loaded into IC. These scores should also become available in CIITS in the next couple of weeks.

The addition of these scores will affect the results of the benchmark report. Please re-run the benchmark report to reflect the new scores.

Upcoming: ACT National scores (up to and including February 2015 test dates) should appear in IC and CIITS in the next few weeks.
