SCHOOL REPORT CARD TO OPEN FOR VERIFICATION OF NON-TESTING INFORMATION - Note Deadlines Found Below (From Commissioner's E-Mail)

In preparation of the public release of 2015-16 data, the School Report Card (Secure) site will open Tuesday, July 12, for district and school verification. Specifically, the Learning Environment and Finance Tabs will be available for review. These two tabs along with the Profile tab have been updated with 2015-16 data.

Additionally, the Safety Tab is open for data validation. Verification is required by **August 1, 2016** for the **Safety Tab**. Data in the **Learning Environment and Finance Tabs** should be verified by **August 30, 2016**.

There are a limited number of fields that must be entered locally through the secure site. Specific requirements for this data collection will be shared with District Assessment Coordinators (DACs) and School Report Card (SRC) contacts on Tuesday, July 12.

The Secure Report Card is accessible this year through the Web Applications login [here](#). If you do not have a KDE web user name or need assistance recovering a user ID or passwords, click [here](#). If you need assistance with access, contact your district Web Application Administrator Point of Contact (WAAPOC). District WAAPOCs, DAC and SRC contacts are included in the School and District directory [here](#).
