KSIS Contact:

Infinite Campus has provided the following information:

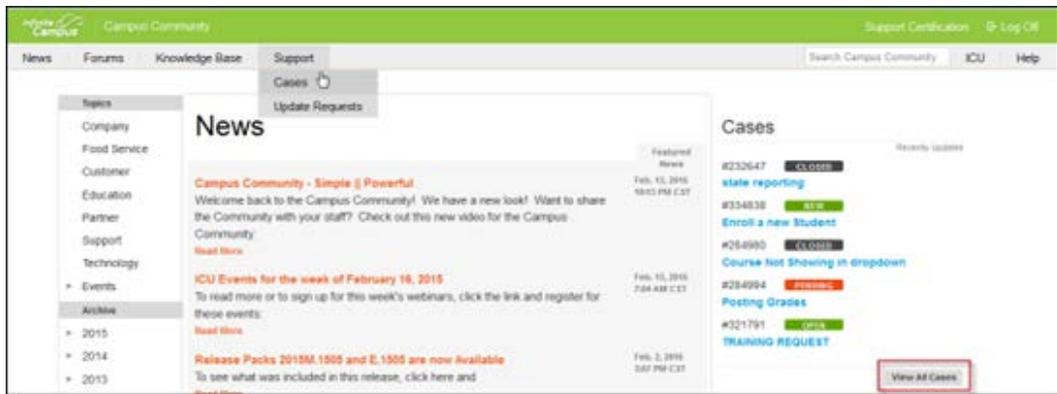

To: KSIS Points of Contact

Campus Community has a new look and a redesigned Homepage. News-centric, the homepage is cleaner and easier to read.

For Infinite Campus support contacts, **Cases** are now located on the right side of the homepage and available via the toolbar dropdown for **Support**. The last 5 cases that you submitted will appear by default. Click **View All Cases** to see more, and to enter new Cases.

Click [here](#) for a reference guide on requesting assistance from Campus Support.

The first time you load the Campus Community, you may notice that the page loads slower than previously if your computer or servers cache images for improved speed. Once you've visited a page, the load time will speed up.

Introduce your staff to the new Campus Community. Campus Community offers your district a wealth of information to learn more about the product. From hands-on virtual labs that guide users through learning the product based on their role in their district, to videos, simulations, curriculum and thousands of pages of product documentation.
