Subject: KSIS Notification: Changes to Non-Academic Report in E.1430
Date: Friday, August 15, 2014 10:16:33 AM

KSIS contact:

The E.1430 release contains a major change relating to the Non-Academic report.

- The report has been separated into three individual reports located under KY State Reporting.
 - Dropout Report
 - Retention Report
 - Transition Report
- Tool right changes – each report will require separate tool rights. Users who formerly had access to the Non-Academic report will maintain rights only to the Dropout report following the update. Tool rights to the Retention and Transition reports must be assigned to users as needed.
- The reports retain the same logic and reported values which existed when they were part of the Non-Academic report. The only changes to the reports were to update the LEP logic on all three reports and remove the NCLB status column from the Transition report (release notes copied below). Issues found with the reports should be reported to Infinite Campus via support tickets.

- Otherwise, a value of 0 is reported.
