Subject: KSIS Notification: Expanding Data Standard on Grades
Date: Thursday, August 29, 2013 4:14:35 PM

KSIS Contacts,

Thank you for your efforts, questions and feedback regarding the Grades data standard. Based on your input, we will expand the data standard and add examples for various course configurations and grade levels. The revised data standard will be available on or before Sept. 6, in time for you to set up your grading task for Final Grade.

Tip: If you currently have a grading task by another name used to calculate the course average for the year, you can edit and rename it "Final Grade." Persistence to Graduation (PtG) will only use the Final Grade in calculations to determine a student's risk value from the prior year.

Linda Burton
Assistant Director, Division of Enterprise Data
