Subject: KSIS Notification: FERPA Training
Date: Friday, December 05, 2014 2:10:18 PM

KSIS POC & CIOs –

FYI – *NEW* opportunity to submit questions prior to the event.

LAST CALL –Register NOW for district FERPA data training

Reminder – All districts are encouraged to register for the United States Department of Education Privacy and Technical Assistance Center (PTAC) training scheduled for December 9.

NOTE: If you have specific FERPA questions you'd like addressed during this training, they can be submitted prior to the event and live at the event through GoSoapbox.

Access code: KDEData

The Data Sharing within FERPA Boundaries event will be held from 1:00 p.m. to 3:30 p.m. (ET) at the Louisville Downtown Marriott (280 W. Jefferson Street). This event will not be broadcast; however, it will be held in conjunction with Infinite Campus Interchange since many district data users will already be in Louisville. This is an opportunity for district leadership to hear firsthand from the United States Department of Education Privacy and Technical Assistance Center (PTAC) about best practices for data sharing and use. Participants will be encouraged to share information from this session within the district and help lead efforts to promote best practices of data collection and use locally.

This is an important topic and relevant for district leaders as well as district and school data users. As of December 4, 230 have registered from 99 districts; registration summary posted [here](#).

It is free to attend; however, we do need participants to register to ensure adequate space. Please click [here](#) to register or go to the [KSIS Training Web page](#) for more information.

For more information on Infinite Campus 2014 Interchange@Kentucky, go to the [KSIS Training Web page](#). All attendees should register even if already registered for Interchange and just staying for the PTAC session. EILA credit may be available - application has been submitted.
