Subject: KSIS Notification: Mid-Year Training - POSSIBLE WEATHER CONCERNS
Date: Monday, January 11, 2016 4:12:17 PM

KSIS Contact:

The current weather advisory warns of a possible 1-4 inches of snow falling during the day tomorrow, creating concern that many school districts will be closed and some of our session presenters may not be able to drive to Frankfort for the training. We will make a determination by 7:30 a.m. ET tomorrow morning whether to move forward with the training. A notification will be sent at that time if the decision is to cancel.

- If the training is cancelled, the sessions will be recorded and posted later on the [KSIS Training](#) page.
- The PowerPoint presentations are currently available on the training page.
- Questions can still be submitted through the Go Soapbox link contained in the Outlook invitation that was provided to all KSIS Points of Contact. <https://app.gosoapbox.com/>
