Pearson Tech Note

As part of the CIITS school-year rollover process (moving from 2015-2016 to 2016-2017), Pearson will be updating the Training Site to display the new school year configurations. Once completed the training site will be reflective of what educators now see on the Production site. The Training Site will be inaccessible beginning at 4pmET Friday evening August 12th. The configurations and set up will take several days and we are targeting completion by end-of-day Friday August 19th.

We will send a follow-up Tech Note once the Training site has been configured and is accessible.

Thank you,

Maritta Horne
