Meeting Date: Enter the date the Admissions and Release Committee (ARC) met to develop the current IEP. If the ARC meeting date changes after a draft IEP has been created, the date must be changed to reflect the actual meeting date.

Start Date: This date defaults to the Meeting Date entered and may be changed to a future date if necessary.

Considerations of Special Factors for IEP Development

The ARC MUST address each question below and consider these issues in the review and revision of the IEP.

Does the child's behavior impede his/her learning or that of others?

If yes, consider, if appropriate, strategies, including positive behavioral intervention strategies and supports to address that behavior.

Does the child have limited English proficiency?

If yes, what is the relationship of language needs to the IEP?

Is the child blind or visually impaired?

If yes, the IEP Team must consider:

Is instruction in Braille needed? Is use of Braille needed? Will Braille be the student's primary mode of communication?
See evaluation data for supporting evidence

For Math & Science, student will need

Does the child's behavior impede his/her learning or that of others? If a child's behavior impedes his or her learning or that of others, the ARC develops strategies, including positive behavioral interventions, to address the behavior.

Rev. 4/16/2025

Does the child have limited English proficiency? For a child with limited English proficiency, the ARC describes the language needs as related to the student's IEP.

Is the child blind or visually impaired? For a child who is blind or visually impaired, the ARC uses an evaluation of the student's reading and writing media (including an evaluation of the child's future needs for instruction in Braille), to determine the need for instruction in Braille and the use of Braille. The ARC will also need to determine if, for math and science only, *Unified English Braille (UEB)* or *UEB w/ Nemeth Code* will be used.

Does the child have communication needs? For students with communication needs, the ARC addresses the student's language and communication needs.

Is the child deaf or hard of hearing?

If yes, the IEP Team must consider:

1. The child's language and communication needs; Describe:

See Present Levels for Communication Status and Functional Hearing, Listening and Communication Assessment

Other

Specify:

2. Opportunities for direct communications with peers and professional personnel in the child's language and communication mode, academic level and full range of needs; Describe:

3. Any necessary opportunities for direct instruction in the child's language and communication mode. Describe:

Are assistive technology devices and services necessary in order to implement the child's IEP?

If yes, include appropriate devices in the Statement of Devices/Services below.

Is the child deaf or hard of hearing? For a child who is deaf or hard of hearing, consider the student's language and communication needs, opportunities for direct communication (with peers and professional personnel) in the student's language and communication mode.

Are assistive technology devices and services necessary in order to implement the child's IEP? For students who may need assistive technology the ARC must determine the type(s) of device(s) and/or amount of services needed. The ARC documents the assistive technology in the IEP and indicates the type of service in the *Statement of Devices/Services* box below.

***All answers to Participation Criterion must be answered Yes in order to be eligible to participate in the KY Alternate Assessment.*

The parent was provided a copy of the Alternate Assessment Parent Guide with an opportunity to ask questions.
If yes, indicate below when the Guide was provided to the parents.
If no, provide a copy of the Alternate Assessment Parent Guide and an opportunity to ask questions.

When Guide was Provided to Parents Date Guide Provided to Parents month/day/year

The Admissions and Release Committee has explained the difference between an Alternative High School Diploma (704 KAR 3:305) and Regular High School Diploma to all members of the ARC.

Participation in the KY Alternate Assessment is stated in the IEP and based on the annual review.

Check **Yes** if the parent was provided a copy of the Alternate Assessment Parent Guide. Check **No** if the parent was not provided a copy of the Alternate Assessment Parent Guide.

Note: The only time **No** should be checked is if the parent was not in attendance at the ARC. Document in the conference summary that the parent was not at the ARC and the Parent Guide will be sent home.

Participation Criterion #1

Questions to determine eligibility.

1. Has the student been determined to be a student with a disability eligible to receive special education services under the Individuals with Disabilities Education Act (IDEA)?

2. Is a current Individual Education Program (IEP) in place or being developed for the student?

Response
Answer to Criterion

If **NO** to either question, **stop here**. The student must meet Special Education Determination for Eligibility criteria in one or more disability categories defined in Kentucky Administrative Regulations (KAR). The student is **not eligible** to participate in the KY Alternate Assessment. The ARC must determine state approved accommodations (as set forth in 703 KAR 5:070) in the general assessment, if any, refer to the accommodations and modifications form. Section B – KY Private School Service Plan

Kentucky Administrative Regulations: 707 KAR 1:370

- A private school child with a disability does not have the individual right to receive all of the special education and related services that he/she would receive if enrolled in a public school.
- A private school child with a disability may receive a different amount of services than children with disabilities enrolled in public schools. These services are specified on a Service Plan, not an IEP.
- When a parent decides to place his/her child with a disability in a private school after the district offered a free and appropriate public education, the district is not required to pay for the cost of the private education.
- Parents may file a state-level complaint if the district failed in its responsibilities to evaluate and determine eligibility for private school children with disabilities. Parents may not file state-level complaints on other IDEA issues, such as failure to provide services contained in a Service Plan.
- Services provided to a private school child with a disability may be provided at a site determined by the district.

***Note: Under Kentucky law preschoolers in private schools are not eligible for service plans. If the district chooses to provide services to preschool students, please create IEPs for them.**
