curriculum LEAD Invalid Teaching Method	<p>Courses identified have a teaching method, on the Course tab that will no longer be active as of January 2013. Please review this list and make plans to change the teaching method to one of the new options as of January to ensure accurate state reporting.</p>	
curriculum State Course Codes	<p>It continues to be very important that districts and schools have linked their local courses accurately to the Kentucky Uniform Academic Course Codes in Infinite Campus. The accuracy of the LEAD report and the teacher/student data link related to the attribution of student growth data both depend on the accuracy of the linking process at the school and district level. As a step toward this accuracy, this ad hoc report will allow schools and districts to see all course names, the state code and the description of the code so districts can verify their course codes.</p>	
curriculum Student Voice Survey School Parameters	<p>This report lists the school parameters from the school resource records that control the student voice survey process. Fields reported are Auto Assignment Choice and Date; Survey Start Date and Time; and Survey End Date and Time.</p>	15-16
person Invalid Administrator and Teacher Email Addresses	<p>This list includes any administrators or teachers who do not have an email address in Infinite Campus or have an email address that does not end with "kyschools.us". The email address should be the KETS-provided address (firstname.lastname@districtname.kyschools.us), due to state law requiring use of the KETS email system for district/school business. The list may have duplicate records if the administrator has multiple district assignments. This list only includes people whose district assignment type is 01: Teacher or 02: Administrator. Addresses ending with "ky.gov" are also valid addresses. If they are on the list, they can be ignored.</p>

student ENR - CO1 with Diploma Dates	A 12th grade student who is graduating with a diploma should have: • An End Action of promoted or blank • An appropriate End Status of G01, G02, G03 or G04 • A diploma date This filter will identify student records marked with the following incorrect scenarios: • A 12th grade student retained with a CO1 end status who also has a diploma date • A 12th grade student promoted (or has a blank End Action) with a diploma date who has a CO1 End Status	
student ENR - G Codes	This filter will return a list of students who have an enrollment end status of G01, G02, G03 or G04. These students should also have an appropriate diploma date.	
student ENR - Grade 14 Students with CO1 End Status	This filter returns a list of students in grade 14 students with an end status of CO1 and no diploma date. Grade 14 students should be given the CO1 end status code unless they are receiving an alternate diploma. The appropriate G code and diploma date should be used in the year they receive an alternate diploma. If they subsequently return to school the following year after receiving an alternate diploma, the end status for that year and each year until they age out should be CO1. Use this filter to verify that the appropriate code has been assigned to these grade 14 students.	
student ENR - Seniors with CO1	Grade 12 students should only have a CO1 end status on their enrollment if they did not graduate and will be returning in the next school year. If marked correctly, they should have: • an end status CO1 • no diploma date • an end action of R-Retained The following scenarios of grade 12 students with a CO1 end status are invalid and will need to be corrected: • diploma date and an end action of R-Retained • diploma date and an end action of P-Promoted • no diploma date and an end action P-Promoted The filter will pull a list of all grade 12 students with a CO1 end status. It can be adjusted to pull just the correct or incorrect students. The filter should be used to verify all data. Any invalid records meeting the criteria listed above need to be corrected.	
student ENR - Student Enrollments Missing End Dates	All student enrollments should be end-dated after the close of the school year. This filter will generate a list of students with no end date on their enrollment record. An appropriate end-date and status should be entered for all students returned by the query.	
student enrollment	This filter lists all students enrolled or withdrawn in the year and school selected at the top of the screen. It lists basic demographics such as grade, gender, race/ethnicity and number of days enrolled.	
student EOC Bulk Roster Registration for Algebra II	This filter can be used to populate the bulk roster registration template for the End of Course Algebra II assessment. student Homeless Count – End of Year (Rev. 2/29/16)	This report will give the user a list of students that will be used for homeless data collection and reporting for the current school year. The students must have the homeless indicator checked and a living status selected. The report will also provide student's unaccompanied youth indication (01=YES; 02=NO). Please use state published ad hoc filters labeled "student Homeless marked w/o living status marked" and "student Homeless students w/o homeless marked" to clean up errors before running this report. Refer to the data standard for further information and descriptions of the living status codes. This list will need to be generated by June 30 of the current school year, the data will be pulled by KDE for federal reporting on July 1 each year.	Rev. 15-16
student Homeless marked w/o living status marked	All students marked as homeless must have a living status indicated. Please enter the living status that determines this student was/is homeless.

Filter Name	Purpose	New
student Homeless students w/o homeless marked	In order to enter living status, a student must have had the homeless checkbox checked. Students on this list may have been homeless and the checkbox has since been unchecked. If the student was homeless for even one day during his enrollment, the box should be checked. If the living status is incorrect, check the homeless checkbox to display the living status, delete the text in that box, then remove the homeless check and save.	
student Homeless students w/o unaccompanied youth marked	This report will list all students marked as homeless without an unaccompanied youth status indicated. All students marked as homeless must have a living status and unaccompanied youth status. Please enter the unaccompanied youth status at the time this student was identified as homeless.	15-16
student Immigrant Count	This count includes students with a primary enrollment, who have an immigrant checkbox and have a date entered US school.	
student Immigrant Over 3 Years	When a student has been enrolled in a US English speaking school 3 years, they are no longer an immigrant. Please check any students on this list. If they left the US, later returned, and have not been in a US school 3 years, make sure you have documentation to verify. Students may appear on the list multiple times due to multiple LEP records. If the date is incorrect, enter the correct date on the Demographics screen (Date Entered US school) The immigrant checkbox needs to be unchecked for all other students on the list.	
student Immigrant without Date Entered US School	This report will find students marked as Immigrant but no Date Entered US School on the census demographic screen. The Date Entered US School must be entered on the demographics screen.	
Student Intervention tab – All Records	This ad-hoc will produce results for all intervention records with a type and start date. The majority of fields will display codes rather than the descriptions. Please use the Intervention data standard to find meaning of the codes. All KSIS data standards are available at http://education.ky.gov/districts/tech/sis/pages/ksis-data-standards.aspx . Note: Try the new custom report instead at path: KY State Reporting > KDE Reports > PLP Intervention Data
