Title I, Part A Coordinators:

The U.S. Department of Education produces and frequently updates non-regulatory guidance documents. These documents are excellent resources for program coordinators, as they put federal education law into question and answer format, providing examples and scenarios related to federal requirements. A listing of some of the most frequently accessed documents can be found at this link: <http://www2.ed.gov/policy/elsec/guid/edpicks.jhtml?src=ln>. However, you may find the following documents most useful, as they are related to the requirements of Title I, Part A and can be used to complement our program handbook.

[Designing Schoolwide Programs](#)

[Neglected, Delinquent, or At-Risk Children](#)

[Equitable Services for Private Schools](#)

[Identifying Eligible Title I Schools and Attendance Areas](#)

[Serving Preschool Children Under Title I](#)

[Parental Involvement](#)

[Title I Paraprofessionals Guidance](#)

[Title I Services to Private School Children](#)

Furthermore, you should become familiar with [ESEA Flexibility Waiver Guidance for Districts](#). Kentucky currently operates under NCLB waivers that change some of the requirements of the Part A program, as described within.
