## **P**urpose

# 13 “Move or Moved in Order to Obtain”

---

## – “Move or Moved in Order to Obtain”

- If a worker states that one of the purposes of the move was to seek any type of employment (*the worker moved with no specific intent to find work in a particular job*), the worker is deemed to have moved with a purpose of obtaining qualifying work **if** the worker obtains qualifying work soon after the move.
- Therefore, those who move to get “**any**” work and end up obtaining qualifying work soon after the move, maybe deemed to have moved to obtain qualifying work soon after.

# 14 “Move or Moved in Order to Obtain”

---

– “Move or Moved in Order to Obtain”

- A worker who did not obtain qualifying work soon after a move may be considered to have moved in order to obtain qualifying work *only* if the worker states that at least **one purpose of the move was specifically** to seek the qualifying work, and there is:
  - Prior migrant history *and/or*
  - Credible evidence that the worker sought qualifying work but, for reasons beyond the worker’s control, the work was not available.

# PURPOSE

16

## S.T.A.M.**P**. of Eligibility

Move or Moved in order to Obtain:

- Seasonal or Temporary, and
- Agricultural or Fishing work

# 17 Agricultural Work

## “Agricultural Work”

*Agricultural Work* – The production or initial processing of crops, dairy products, poultry, or livestock, as well as the cultivation or harvesting of trees. It consists of work performed for wages or personal subsistence. 34 CFR 200.81(a)

# 18 Seasonal Employment

# 19 Temporary vs. Seasonal

---

## – Temporary

Employment that last for a limited period of time, usually a few months, but no longer than 12 months. It typically includes employment where the employer states that the worker was hired for a limited time frame; the worker states that the worker does not intend to remain in that employment indefinitely; or the SEA has determined on some other reasonable basis that the employment is temporary.

## – Seasonal

Employment that occurs only during a certain period of the year because of the cycles of nature and that, by it's nature, may not be continuous or carried on through out the year.
