State Performance Plan and Annual Performance Report
for School Year 2009-2010**

Indicator 4A	Percent of districts identified by the State as having a significant discrepancy in the rates of suspensions and expulsions of children with disabilities for greater than 10 days in a school year.							
Description of Determination Formula	<i>With data for Out-of-School Suspensions or Expulsions for Greater Than 10 Days, from the 2009-2010 school year, Kentucky revised its formula for determining if a district has a significant discrepancy. The calculation compares the rate of each district to the statewide rate of these types of removals. Districts that have 10 or more children with Out-of-School Suspensions or Expulsions for Greater Than 10 Days at a rate that is 3 times or more the statewide rate for this type of removal are identified as having a Significant Discrepancy.</i>
