**CHECKLIST
FOR SUBMITTING STATE EVIDENCE
FOR STATE ASSESSMENT PEER REVIEW**

This checklist is provided as an optional guide for a State to use before it submits its information to the U.S. Department of Education.

- Is a State Assessment Peer Review Submission Cover Sheet:
 - Included?
 - Complete?
 - Signed?

- Is a State Assessment Peer Review Submission Index included?

- For each section and critical element in the State Assessment Peer Review Submission Index:
 - Does the evidence listed for each critical element fully address the critical element?
 - As applicable for each critical element, is evidence included for both general and alternate assessments?
 - As applicable for each critical element, is evidence included for each subject (reading/language arts, mathematics, and science)?
 - Does the Index for the submission clearly identify the assessments, subjects, and grades addressed for each critical element?
 - Does the Index for the submission clearly identify evidence provided for each critical element (e.g., relevant document(s), page number(s) and where evidence is in the submission)?
 - Does the Index for the submission include notes, where helpful, regarding evidence provided for critical elements?

- Is the State administering an assessment(s) that is the same as an assessment(s) administered in other States? If yes:
 - Does the Index clearly identify the grades, subjects, and assessment type (e.g., general assessment, alternate assessment based on alternate academic achievement standards) for which the State is administering common assessments across States?
 - Does the Index clearly identify which evidence is included with this submission?
 - Does the Index clearly identify the entity or entities submitting other relevant evidence and the elements for which that entity is submitting evidence?

- Does the submission include the required number of copies of the complete submission (i.e., cover sheet, index and evidence)?

- Has an e-mail message been sent to the State's contact at the U.S. Department of Education (Department) at OSS.[State]@ed.gov alerting the contact to expect the submission?

INSTRUCTIONS

This document provides a template for both a cover sheet for a State to include with its assessment peer review submission and an index that parallels the six sections of critical elements for assessment peer review for a State to use to present its assessment peer review submission. A checklist for Submitting State Evidence for Assessment Peer Review also is provided.

To prepare an assessment peer review submission, a State should complete an Assessment Peer Review Submission Cover Sheet and use the template for the State Assessment Peer Review Submission Index to prepare an index to its submission to accompany the evidence the State submits for assessment peer review. A State should submit a completed cover sheet and index with its submission of evidence for assessment peer review.

A State's index should outline the evidence for each critical element by listing the evidence submitted to address the critical element in the evidence column and adding any applicable notes in the notes column. The index should identify the assessments (e.g., general and alternate), subjects (e.g., reading/language arts, mathematics and science), and grade or grade band (e.g., grades 3-8 or high school, if relevant) addressed for each for each critical element. The index also should clearly identify each piece of evidence provided for each critical element (e.g., relevant document(s), page number(s) and where evidence is in the submission).

For more information on preparing an assessment peer review submission, see the U.S. Department of Education's (Department) *Peer Review of State Assessment Systems, Non-regulatory Guidance for States*, September 25, 2015, available at: www.ed.gov/admins/lead/account/saa.html.

I. State Contact Information for Assessment Peer Review Submission

State:	Kentucky	Date:	June 1, 2016
Contact:	Mary Ann Miller	Title:	Executive Director
Phone:	502-564-3141	E-Mail:	maryann.miller@education.ky.gov

II. Review Information. Indicate reason(s) for assessment peer review:¹

- New assessments based on existing academic content standards
- New assessments based on new or revised academic content standards
- Assessments based on new or revised academic achievement standards
- Development of a new technology-based or native language version of an assessment
- Changes to an existing test design or test administration
- Additional evidence following up on a prior assessment peer review

III. Assessments For Which Evidence is Submitted. In Table 1 below, identify the subjects and grades for which evidence is submitted for this assessment peer review. For all grades, mark cells with “S” for State-specific assessments and “M” for assessment administered in multiple States. For high school, include only assessments the State administers to meet the assessment requirements for grades 10-12 in ESEA Section 1111(b)(3), indicating the grade for end-of-grade assessments (e.g., Grade 11) and the course for end-of-course assessments (e.g., English II or English 10).

* AA-AAAS = Alternate assessment based on alternate academic achievement standards;
AA-GLAS = Alternate assessment aligned with grade-level achievement standards;
Native Lang. = Native language assessment.

NOTE: If the State is administering all State-specific assessments (i.e., there are not assessments administered in multiple States), skip to Section V).

¹ See Exhibit 1 and the section on Coordination of Submissions for States that Administer the Same Assessments in *Peer Review of State Assessment Systems Non-regulatory Guidance for States*, September 25, 2015.

IV. Coordination of Submissions for States that Administer the Same Assessments.²

The State should complete Table 2 below for each assessment(s) administered in multiple States to identify the source of the evidence submitted for each critical element.

For each assessment that is administered in multiple States, indicate whether the State has adopted a set of academic content standards that are common across the other States administering the same assessment(s) and, if so, whether the State has adopted supplemental State-specific academic content standards in these content areas (i.e., added or made changes to the common set of academic content standards with State-specific academic content standards in the same core subject area(s)).

For the cell for each critical element, note one of the following:

- **Other:** Element is addressed entirely by evidence submitted by the entity identified in the table
- **Mix:** Element is addressed in part by evidence submitted by the entity identified in the table (and in part by the State, as indicated in the Index, or by another entity)
- **State:** Element is addressed entirely by evidence submitted by the State

If the State administers more than one set of assessment(s) administered in multiple States, such as between the assessments in grades 3-8 and high school or for the general and alternate assessments, copy Table 2 and complete it for each such set of assessments.

² See section on Coordination of Submissions for States that Administer the Same Assessments in *Peer Review of State Assessment Systems Non-regulatory Guidance for States*, September 25, 2015.

V. Proprietary Information. Does your submission contain any proprietary information or secure materials? If yes, please list the relevant piece(s) of evidence and any special instructions related to this evidence. If the State is submitting samples or forms of items, please contact your program office at [OSS.\[State\]@ed.gov](mailto:OSS.[State]@ed.gov) to discuss the process for maintaining the security of those items.

At ACT’s request the evidence provided for the following Critical Elements are marked as CONFIDENTIAL.
3.2 – Validity Based on Cognitive Processes
 Document: 3_2 EOC_2 QualityCore content Reviews Guide

³ A State that has adopted supplemental State-specific academic content standards with content standards different than or in addition to the content standards on which the assessment(s) administered in multiple States are aligned will need to submit evidence specific of that content for each critical element, as applicable.

⁴ A State checking this box is encouraged to contact the Department early in the planning process to determine whether a coordinated submission of evidence is appropriate for part or all of an assessment peer review for the State’s assessment system.

These assessments were collectively named the Kentucky Performance Rating for Educational Progress (K-PREP) tests. NCS Pearson provides the K-PREP assessments for grades 3-8 and writing on-demand at high school at grades 10 and 11.</p> <p>K-PREP assessment for grades 3-8 is a blended model built with norm-referenced test (NRT) and criterion-referenced test (CRT) items which consist of multiple-choice (mc), extended-response (er) and short answer (sa) items. The NRT is a purchased test with national norms and the CRT portion is customize-made for Kentucky.</p> <p>The legislation allowed, with approval by the Kentucky Board of Education, an end-of-course (EOC) assessment program at the high school level.</p> <p>Kentucky completed the state-required procurement process in 2011, and ACT, Inc. was awarded the contract to provide EOC assessments.</p> <p>Assessments for English 10, Algebra II, Biology and US History have been purchased as part of ACT’s <i>QualityCore</i>® program. This is custom-made for the Kentucky assessment provided by Inclusive Large Scale Standards and Assessment group, part of the Human Development Institute at the University of Kentucky.</p> <p>The summative testing requirements for reading, writing, mathematics and science are measured with Attainment Tasks in Alternate K-PREP. Attainment tasks are multiple choice items with picture-based responses. The alternate assessment program uses an additional Transition Attainment Record (TAR) at grades 8, 10 and 11. The TAR is a checklist which evaluates the student’s readiness in reading, mathematics and science.</p> <p>With the 2009 implementation of Senate Bill 1 (SB1) requiring new assessment standards for English/language arts and mathematics for the general assessment, new statements aligned to the standards also were required for the Alternate Assessment.</p> <p>Human Resources Research Organization (HumRRO) serves the Kentucky Department of Education (KDE) as a third-party check of psychometric work. They provide research to support policy and requirements of the assessment and accountability system.</p>

Additionally, the Kentucky General Assembly (state legislature) through Senate Bill 1 (2009), mandated the assessments include a national comparison. Due to the requirements of aligning to our standards and having a national comparison, Kentucky sought an off-the-shelf product that would incorporate the CCSS and also yield a student comparison to a</p>

The ACT <i>QualityCore</i>® end-of-course (EOC) assessment program met these requirements. And, ACT was awarded the contract. ACT’s evidence relating to the reliability and validity of its EOC tests is presented within the documentation that has been submitted for this peer review. These assessments are proprietary to ACT, Inc.</p> <p>Kentucky recognized ACT’s stance that their curriculum surveys of high school and college faculty and statistical studies examining the relationship between student performance on the ACT tests and outcomes in college courses provided a substantial foundation for the development of the CCSS.</p>
