January 7, 2019

## PUBLIC SCHOOL REPORT CARD OPENING FOR REVIEW

The new School Report Card (SRC) is now open for district review. Data within the card are embargoed until public release tentatively scheduled for the week of January 14. Please share this message with the access information below with your district's principals, superintendent and other school and district users as needed. ***The link and password are for internal use only and should not be shared outside of your school or district.*** The site will display all schools' and districts' information, not just your district's.

On Monday, January 7 at 2 p.m. ET, BrightBytes and KDE will host a Skype session School Report Card Contacts (SRCC) and District Assessment Coordinators (DAC) to provide an overview and answer questions on the new School Report Card. The Skype link and information to join the session are provided below. *There is an opportunity to submit questions before and during the Skype session at [GoSoapBox](#); access code: KDEdata.* The Skype session will be recorded for those that are not available today.

This SRC opening starts the final district review (embargo) period and is the last look before public release. Districts previously had opportunity to review data in the secure site but this period allows districts an opportunity to become familiar with the new format of the public site. The data files were shared in Open House in 2018 and much of the data in the card should be as it was in the spreadsheets. The additional data that districts have been approving will now appear in the SRC. Note: There are some charts that remain hidden while suppression is finalized – these include Behavior, CTE, and Advanced coursework charts – these will be rolled out as the suppression work is completed within the next few days.

The embargo extends to public meetings, screen captures, etc. – same as in previous releases.

For comprehensive instructions for how users can access and navigate the public-facing School Report card, please refer to the [SRC Public Website User's Guide](#).

User login information to access the School Report Card is provided below. *In order to see the publically suppressed version of your organization's data in the School Report Card, please be sure to log out of [kysrc.clarity.brightbytes.net](#) while viewing the portal.*

Password: *Suppressed from Public View*

***Do Not Share this link with staff who are not reviewing the card. Remind staff who are reviewing that this is embargoed data.***

NOTE: All data sets used for 2017-18 School Report Card reporting are now available on the [Open House site](#) along with a link to a NEW Proficiency dashboard created by KYStats.

### **CONTACT INFORMATION**

- For SRC structure questions, contact BrightBytes Support:
  - by email at [BrightBytes Support](#)
  - by phone at (877) 433-4036
- For specific School Report Card data questions, contact staff listed in the [SRC QA Worksheet](#).
- For other School Report Card questions and comments, [contact KDE by email](#). We will route your messages to the appropriate data stewards for resolution.
