### Mandatory Assessments, Advising, and Additional Preparation

**Note:** Categories of courses (e.g. Required, Recommended Electives, other Electives and career and Technical Education) apply to both secondary and postsecondary levels.
**CHIL DEVELOPMENT SERVICES I**

**Course Description:**
This course provides training for entry-level positions in day care centers, nurseries, preschools, kindergartens, and private homes. Students study child development and guidance, children's health and well-being in group care, value of play, teaching strategies and management, curriculum development and careers in child development. The subject content is reinforced with work experience in a variety of early childhood settings. Leadership development will be provided through the Family, Career and Community Leaders of America.

**Grade Level:** 11-12  
**Credits:** 1.0 – 2.0

**Technical Content / Process**

**Students will:**

1. review the principles of child development.
2. explore the philosophies of leading child development theorists.
3. examine the physical, intellectual, emotional and social development of infants, toddlers and preschool age children and its impact on educational success.
4. demonstrate skills in caring and providing guidance for young children in a variety of early childhood settings.
5. analyze ways to accommodate special needs of exceptional and disabled children.
6. identify the need for quality child development centers and describe the types of programs.
7. analyze and develop daily schedules for infants, toddlers, and preschool children.
8. Develop age-appropriate and effective lesson plans in a variety of early childhood settings.
9. organize art, music, language arts, math and science activities for young children.
10. identify the types of records and observation tools to assess children’s growth and development.
11. outline general health, safety, and sanitation precautions for children.
12. select safe, age-appropriate materials and equipment for proper room arrangement.
13. explain procedures for caring for an ill child.
14. explain procedures for caring for an injured child.
15. identify agencies that provide services to children and parents.
16. identify the competencies of early childhood workers.
17. determine career opportunities in childcare, specifying requirements of CCCC and CDA.
18. utilize activities of the Family, Career and Community Leaders of America student organization as an integral component of course content and leadership development.
19. apply math, science literacy, and communication skills within technical content.
20. demonstrate employability and social skills relevant to the career cluster.

**Connections**

- National Standards for Family and Consumer Sciences
- Partnership for 21st Century Skills
- Kentucky Academic Standards
- Standards for Mathematics and English/Language Arts
- Kentucky Occupational Skills Standards Assessment (KOSSA) Standards
- Commonwealth Child Care Credential (CCCC)
- Child Development Associates Credential (CDA)
This course provides training for entry-level positions in day care centers, nurseries, preschools, kindergartens, and private homes. Students study child development and guidance, children’s health and well-being in group care, value of play, teaching strategies and management, curriculum development and careers in child development. The subject content is reinforced with work experience in a variety of early childhood settings. Leadership development will be provided through the Family, Career and Community Leaders of America (FCCLA) student organization.

**Prerequisites**
Child & Human Development

**Unit Title**
Professional Development / Professionalism

**Technical Content**

19. Students will apply math, science literacy, and communication skills within technical content.

20. Students will demonstrate employability and social skills relevant to the career cluster.

**National Standards**

1.2.8 Demonstrate work ethics and professionalism.
1.2.1 Analyze potential career choices to determine the knowledge, skills, and attitudes associated with each career.
4.1.1 Explain the roles and functions of individuals engaged in early childhood, education, and services.
4.1.2 Analyze opportunities for employment and entrepreneurial endeavors.
4.1.3 Summarize education and training requirements and opportunities for career paths in early childhood, education, and services.
4.1.6 Analyze the role of professional organizations in education and early childhood.
4.6.1 Utilize opportunities for continuing training and education.
4.6.2 Apply professional ethical standards as accepted by the recognized professional organizations.

**KY Academic Standards (Big Idea)**

Career Awareness, Exploration, Planning - Vocational Studies
Career awareness, exploration and planning gives students the opportunity to discover the various career areas that exist and introduce them to the realities involved with the workplace. Many factors need to be considered when selecting a career path and preparing for employment. Career awareness, exploration and planning will enable students to recognize the value of education, learn how to plan for careers and integrate academic subjects.

**English/Language Arts Standards**

CC.11-12.L.1 Conventions of Standard English: Demonstrate command of the conventions of standard English grammar and usage when writing or speaking.
CC.11-12.L.2 Conventions of Standard English: Demonstrate command of the conventions of standard English capitalization, punctuation, and spelling when writing.
CC.11-12.L.3 Knowledge of Language: Apply knowledge of language to understand how language functions in different contexts, to make effective choices for meaning or style, and to comprehend more fully when reading or listening.

**Technical Literacy Standards**

Reading / 11-12 / #4 – Determine the meaning of symbols, key terms, and other domain-specific words/phrases as they are used in specific scientific and technical context.
Reading / 11-12 / #10 – By the end of grade 12, read and comprehend science/technical texts in the grades 11-CCR text complexity band independently and proficiently.
Writing / 11-12 / #4 – Produce clear and coherent writing in which the development, organization, and style are appropriate to task, purpose and audience.
Writing / 11-12 / #6 – Use technology, including the Internet, to produce, publish, and update individual or shared writing products in response to ongoing feedback, including new arguments or information.
Writing / 11-12 / #7 – Conduct short as well as more sustained research projects to answer a question or solve a problem; narrow or broaden the inquiry when appropriate; synthesize multiple sources on the subject, demonstrating understanding of the subject under investigation.
Writing / 11-12 / #10 – Write routinely over extended time frames and shorter time frames for a range of discipline-specific tasks, purposes, and audiences.
21st Century Skills and Knowledge

Critical Thinking and Problem Solving
Communication
Collaboration
Information Literacy
Flexibility and Adaptability

KOSSA Standards

3003.AA.4 Communicate effectively with customers and co-workers
3003.AF.1 Recognize the potential risks associated with Internet use
3003.AF.2 Identify and apply Internet security practices (e.g., password security, login, logout, log off, lock computer)
3003.AF.3 Practice safe, legal, and responsible use of technology in the workplace
3003.AG.1 Use technology appropriately to enhance professional presentations
3003.AG.2 Demonstrate effective and appropriate use of social media
3003.AG.3 Identify ways social media can be used as marketing, advertising, and data gathering tools
3003.AH.1 Select and use appropriate devices, services, and applications to complete workplace tasks
3003.AH.2 Demonstrate appropriate etiquette when using e-communications (e.g., cell phone, e-mail, personal digital assistants, online meetings, conference calls)
3003.AI.1 Communicate effectively with customers and co-workers
3003.AI.2 Identify and address needs of customers/clients
3003.AI.3 Provide helpful, courteous, and knowledgeable service
3003.AI.4 Identify appropriate channels of communication with customers/clients (e.g., phone call, face-to-face, e-mail, website)
3003.AI.5 Identify techniques to seek and use customer/client feedback to improve company services
3003.AI.6 Recognize the relationship between customer/client satisfaction and company success
3003.AJ.1 Recognize the importance of maintaining a job and pursuing a career
3003.AJ.2 Define jobs associated with a specific career path or profession
3003.AJ.3 Identify and seek various job opportunities (e.g., volunteerism, internships, co-op, part-time/full-time employment)
3003.AJ.4 Prepare a resume, letter of application, and job application
3003.AJ.5 Prepare for a job interview (e.g., research company, highlight personal strengths, prepare questions, set-up a mock interview, dress appropriately)
3003.AJ.6 Participate in a job interview
3003.AJ.7 Explain the proper procedure for leaving a job
3003.AL.1 Acquire current and emerging industry-related information
3003.AL.2 Demonstrate commitment to learning as a life-long process and recognize learning opportunities
3003.AL.3 Seek and capitalize on self-improvement opportunities
3003.AL.4 Discuss the importance of flexible career planning and career self-management
3003.AL.5 Employ leadership skills to achieve workplace objectives (e.g., personal vision, adaptability, change, shared vision)
3003.AL.6 Recognize the importance of job performance evaluation and coaching as it relates to career advancement
3003.AL.7 Accept and provide constructive criticism
3003.AL.8 Describe the impact of the global economy on jobs and careers
3003.OA.1 Determine the roles and functions of individuals engaged in early childhood education and services
3003.OA.2 Explore opportunities for employment and entrepreneurial endeavors
3003.OA.3 Examine education/training requirements and opportunities for career paths in early childhood education and services
3003.OA.4 Examine the impact of early childhood education and service occupations on local, state, national, and global economies
Learning Targets - Click here to view Sample Learner Activities

- Determine career opportunities in early childhood programs.
- Specify requirements of the CCCC and CDA.
- Identify professional organizations in early childhood.
- Identify the competencies of early childhood workers.
- Describe the legal responsibilities of early childhood workers.
This course provides training for entry-level positions in day care centers, nurseries, preschools, kindergartens, and private homes. Students study child development and guidance, children's health and well-being in group care, value of play, teaching strategies and management, curriculum development and careers in child development. The subject content is reinforced with work experience in a variety of early childhood settings. Leadership development will be provided through the Family, Career and Community Leaders of America (FCCLA) student organization.

**Technical Content**

1. Students will review the principles of child development.
2. Students will explore the philosophies of leading child development theorists.
3. Students will examine the physical, intellectual, emotional and social development of infants, toddlers and preschool age children and its impact on educational success.
4. Students will demonstrate skills in caring and providing guidance for young children in a variety of early childhood settings.

**National Standards**

4.5.1 Apply developmentally appropriate guidelines for behavior.
4.5.2 Demonstrate problem-solving skills with children.
4.5.3 Demonstrate interpersonal skills that promote positive and productive relationships with children.
4.2.1 Analyze child development theories and their implications for educational and childcare practices.
4.2.4 Analyze abilities and needs of children and their effects on children's growth and development.
4.2.5 Analyze strategies that promote children's growth and development.

**KY Academic Standards (Big Idea)**

**Biological Change (Biological Science) - Science**
The only thing certain is that everything changes. At the high school level, students evaluate the role natural selection plays in the diversity of species. Modern ideas of evolution provide a scientific explanation for three main sets of observable facts about life on Earth: the enormous number of different life forms we see about us, the systematic similarities in anatomy and molecular chemistry we see within that diversity, and the sequence of changes in fossils found in successive layers of rock that have been formed over more than a billion years.

**Nutrition (Health Education) - Practical Living**
Proper nutrition is critical to good health. To maintain a healthy weight, good dietary habits and physical activity are essential. Nutritious foods are necessary for growth, development and maintenance of healthy bodies.

**Psychomotor Skills (Health Education) - Practical Living**
Cognitive information can be used to understand and enhance the development of motor skills such as movement sequences and patterns. Individuals who understand their bodies and how to perform various movements will be safer and more productive in recreation and work activities. Development of psychomotor skills contributes to the development of social and cognitive skills.

**Personal Wellness (Health Education) - Practical Living**
Wellness is maximum well-being or total health. Personal wellness is a combination of physical, mental, emotional, spiritual and social well-being. It involves making behavioral choices and decisions each day that promote an individual's physical well-being, the prevention of illnesses and diseases and the ability to remain, physically, mentally, spiritually, socially and emotionally healthy.

**English/Language Arts Standards**

CC.11-12.L.1 Conventions of Standard English: Demonstrate command of the conventions of standard English grammar and usage when writing or speaking.
CC.11-12.L.2 Conventions of Standard English: Demonstrate command of the conventions of standard English capitalization, punctuation, and spelling when writing.
CC.11-12.L.3 Knowledge of Language: Apply knowledge of language to understand how language functions in different contexts, to make effective choices for meaning or style, and to comprehend more fully when reading or listening.
CC.11-12.L.4 Vocabulary Acquisition and Use: Determine or clarify the meaning of unknown and multiple-meaning words and phrases based on grades 11–12 reading and content, choosing flexibly from a range of strategies.
CC.11-12.SL.1 Comprehension and Collaboration: Initiate and participate effectively in a range of collaborative discussions (one-on-one, in groups, and teacher-led) with diverse partners on grades 11–12 topics, texts, and issues, building on others’ ideas and expressing their own clearly and persuasively.
**Technical Literacy Standards**

Reading / 11-12 / #2 – Determine central ideas or conclusions of a text; summarize complex concepts, processes, or information presented in a text by paraphrasing them in simpler but still accurate terms.

Reading / 11-12 / #4 – Determine the meaning of symbols, key terms, and other domain-specific words/phrases as they are used in specific scientific and technical context.

Reading / 11-12 / #5 – Analyze how the text structures information or ideas into categories or hierarchies.

Reading / 11-12 / #7 – Integrate and evaluate multiple sources of information presented in diverse formats and media in order to address a question or solve a problem.

Reading / 11-12 / #8 – Evaluate the hypothesis, data, analysis, and conclusions in a science or technical text.

Reading / 11-12 / #10 – By the end of grade 12, read and comprehend science/technical texts in the grades 11-CCR text complexity band independently and proficiently.

Writing / 11-12 / #1 – Write arguments based on discipline-specific content.

Writing / 11-12 / #2 – Write informative/explanatory texts, including narration of historical events, scientific procedures/experiments, or technical processes.

Writing / 11-12 / #4 – Produce clear and coherent writing in which the development, organization, and style are appropriate to task, purpose and audience.

Writing / 11-12 / #7 – Conduct short as well as more sustained research projects to answer a question or solve a problem; narrow or broaden the inquiry when appropriate; synthesize multiple sources on the subject, demonstrating understanding of the subject under investigation.

Writing / 11-12 / #10 – Write routinely over extended time frames and shorter time frames for a range of discipline-specific tasks, purposes, and audiences.

**Mathematics Standards**

CC.9-12.S.IC.6 Evaluate reports based on data.*

**21st Century Skills and Knowledge**

Health Literacy

Critical Thinking and Problem Solving

Flexibility and Adaptability

**KOSSA Standards**

3003.AA.1 Utilize effective verbal and non-verbal communication skills

3003.AA.2 Participate in conversation, discussion, and group presentations

3003.AA.3 Communicate and follow directions/procedures

3003.AB.1 Locate and interpret written information

3003.AB.2 Communicate effectively with others

3003.AB.3 Identify relevant details, facts, and specifications

3003.AB.4 Demonstrate competence in organizing, writing, and editing using correct vocabulary, spelling, grammar, and punctuation

3003.AB.5 Demonstrate the ability to write clearly and concisely using industry specific terminology

3003.AB.6 Utilize critical-thinking skills to determine best options/outcomes (e.g., analyze reliable/unreliable sources of information, use previous experiences, implement crisis management, develop contingency planning)

3003.AC.1 Utilize innovation and problem-solving skills to arrive at the best solution for current situation

3003.AC.2 Implement effective decision-making skills

3003.AD.1 Use tables, graphs, diagrams, and charts to obtain or convey information

3003.AG.1 Use technology appropriately to enhance professional presentations

3003.AE.1 Demonstrate enthusiasm and confidence about work and learning new tasks

3003.AE.2 Demonstrate consistent and punctual attendance

3003.AE.3 Demonstrate initiative in assuming tasks

3003.AE.4 Accept responsibility for personal decisions and actions

3003.BB.1 Demonstrate honesty and reliability

3003.BB.2 Demonstrate ethical characteristics and behaviors

3003.BB.3 Use language and manners suitable for the workplace

3003.BB.4 Demonstrate pride in work

3003.BB.5 Examine child development theories and their implications for educational and childcare practices

3003.BB.6 Determine a variety of assessment methods to observe and interpret children's growth and development
Learning Targets • Click here to view Sample Learner Activities

Review principles of child development.

Explore the philosophies of leading child development theorists.

Examine the physical, intellectual, emotional and social development of infants, toddlers and preschool age children and its impact on educational success.

Demonstrate skills in caring and providing guidance for young children in a variety of early childhood settings.
This course provides training for entry-level positions in day care centers, nurseries, preschools, kindergartens, and private homes. Students study child development and guidance, children’s health and well-being in group care, value of play, teaching strategies and management, curriculum development and careers in child development. The subject content is reinforced with work experience in a variety of early childhood settings. Leadership development will be provided through the Family, Career and Community Leaders of America (FCCLA) student organization.

Technical Content

14. Students will explain procedures for caring for an injured child.
16. Students will identify the competencies of early childhood workers.

National Standards

4.4.3 Implement strategies to teach children health, safety, and sanitation habits.
4.4.4 Plan safe and healthy meals and snacks.
4.4.5 Document symptoms of child abuse and neglect and use appropriate procedures to report suspected abuse or neglect to the designated authorities.
4.4.6 Implement basic health practices and prevention procedures for workers and children regarding childhood illness and communicable diseases.
12.7 Analyze factors that contribute to maintaining safe and healthy school, work and community environments.
9.2.5 Demonstrate practices and procedures that assure personal and workplace health and hygiene.
9.3.6 Critique the selection of foods to promote a healthy lifestyle.
9.4.1 Analyze nutritional needs of individuals.
9.6.1 Build menus to customer/client preferences.

KY Academic Standards (Big Idea)
Nutrition (Health Education) - Practical Living
Proper nutrition is critical to good health. To maintain a healthy weight, good dietary habits and physical activity are essential. Nutritious foods are necessary for growth, development and maintenance of healthy bodies.

Safety (Health Education) - Practical Living
Accidents are a major cause of injury and death to children and adolescents. Unintentional injuries involving a motor vehicle, falls, drowning, fires, firearms and poisons can occur at home, school and work. Safe behavior protects a person from danger and lessens the effects of harmful situations.

English/Language Arts Standards
CC.11-12.L.1 Conventions of Standard English: Demonstrate command of the conventions of standard English grammar and usage when writing or speaking.
CC.11-12.L.2 Conventions of Standard English: Demonstrate command of the conventions of standard English capitalization, punctuation, and spelling when writing.
CC.11-12.L.3 Knowledge of Language: Apply knowledge of language to understand how language functions in different contexts, to make effective choices for meaning or style, and to comprehend more fully when reading or listening.
CC.11-12.L.4 Vocabulary Acquisition and Use: Determine or clarify the meaning of unknown and multiple-meaning words and phrases based on grades 11–12 reading and content, choosing flexibly from a range of strategies.
CC.11-12.SL.1 Comprehension and Collaboration: Initiate and participate effectively in a range of collaborative discussions (one-on-one, in groups, and teacher-led) with diverse partners on grades 11–12 topics, texts, and issues, building on others’ ideas and expressing their own clearly and persuasively.
Technical Literacy Standards
Reading / 11-12 / #2 – Determine central ideas or conclusions of a text; summarize complex concepts, processes, or information presented in a text by paraphrasing them in simpler but still accurate terms.
Reading / 11-12 / #3 – Follow precisely a complex multistep procedure when carrying out experiments, taking measurements, or performing technical tasks; analyze the specific results based on explanations in the text.
Reading / 11-12 / #4 – Determine the meaning of symbols, key terms, and other domain-specific words/phrases as they are used in specific scientific and technical context.
Writing / 11-12 / #1 – Write arguments based on discipline-specific content.
Writing / 11-12 / #4 – Produce clear and coherent writing in which the development, organization, and style are appropriate to task, purpose and audience.
Writing / 11-12 / #7 – Conduct short as well as more sustained research projects to answer a question or solve a problem; narrow or broaden the inquiry when appropriate; synthesize multiple sources on the subject, demonstrating understanding of the subject under investigation.
Writing / 11-12 / #10 – Write routinely over extended time frames and shorter time frames for a range of discipline-specific tasks, purposes, and audiences.

Mathematics Standards
CC.9-12.S.IC.6 Evaluate reports based on data.*
CC.9-12.S.MD.7 (+) Analyze decisions and strategies using probability concepts (e.g., product testing, medical testing, pulling a hockey goalie at the end of a game).*

21st Century Skills and Knowledge
Leadership and Responsibility
Flexibility and Adaptability

KOSSA Standards
3003.ED.1 Plan and follow a work schedule
3003.ED.4 Demonstrate ability to stay on task to produce high quality deliverables on time
3003.EE.4 Explain the importance of respect for feelings, values, and beliefs of others
3003.EE.5 Identify strategies to bridge cultural/generational differences and use differing perspectives to increase overall quality of work
3003.EF.1 Recognize the characteristics of a team environment and conventional workplace
3003.EF.2 Contribute to the success of the team
3003.EF.3 Demonstrate effective team skills and evaluate their importance in the workplace (e.g., setting goals, listening, following directions, questioning, dividing work)
3003.EG.1 Contribute new ideas
3003.EG.2 Stimulate ideas by posing questions
3003.EG.3 Value varying ideas and opinions
3003.EG.4 Locate and verify information
3003.EN.1 Assume responsibility for safety of self and others
3003.EN.2 Follow safety guidelines in the workplace
3003.EN.3 Manage personal health and wellness
3003.OE.1 Manage physical space to maintain a safe and healthy learning environment
3003.OE.2 Apply safe and healthy practices that comply with state regulations
3003.OE.3 Implement strategies to teach children health, safety, and sanitation habits
3003.OE.4 Provide safe and healthy meals and snacks
3003.OE.5 Document symptoms of child abuse and neglect and use appropriate reporting procedures to the designated authorities
3003.OE.6 Implement basic health practices and prevention procedures for workers and children regarding childhood illness and communicable diseases
3003.OE.7 Demonstrate security and emergency procedures
3003.OE.8 Analyze and evaluate environmental issues
3003.OL.4 Assess the impact of abuse and neglect on children and families and determine methods for prevention
3003.OM.1 Assess community resources and services available to families
3003.OM.2 Appraise community resources that provide opportunities related to parenting
3003.OM.3 Review current laws and policies related to parenting
Learning Targets

Outline general health, safety, and sanitation precautions for children.
Plan and analyze nutritious meals and snacks.
Explain procedures for caring for an ill child.
Explain procedures for caring for an injured child.
Describe first aid procedures for common emergencies.
Identify the signs of child abuse and neglect, local reporting procedures, and state statutes related to suspected child abuse and neglect.
This course provides training for entry-level positions in day care centers, nurseries, preschools, kindergartens, and private homes. Students study child development and guidance, children’s health and well-being in group care, value of play, teaching strategies and management, curriculum development and careers in child development. The subject content is reinforced with work experience in a variety of early childhood settings. Leadership development will be provided through the Family, Career and Community Leaders of America (FCCLA) student organization.

Technical Content

5. Students will analyze ways to accommodate special needs of exceptional and disabled children.
8. Students will develop age-appropriate and effective lesson plans in a variety of early childhood settings.
9. Students will organize art, music, language arts, math and science activities for young children.
10. Students will identify the types of records and observation tools to assess children’s growth and development.
11. Students will outline general health, safety, and sanitation precautions for children.
12. Students will select safe, age-appropriate materials and equipment for proper room arrangement.
15. Students will identify agencies that provide services to children and parents.

National Standards

4.3.1 Analyze a variety of curriculum and instructional models.
4.3.5 Arrange learning centers that provide for children's exploration, discovery, and development.
4.3.6 Establish activities, routines, and transitions.
4.4.1 Manage physical space to maintain a learning environment that is safe and healthy and encourages physical activity.
4.6.4 Demonstrate enthusiasm, initiative, and commitment to program goals and improvements.

KY Academic Standards (Big Idea)

Communication/Technology - Vocational Studies
Special communication and technology skills are needed for success in schooling and in the workplace. Students will be able to express information and ideas using a variety of technologies in various ways.

Consumer Decisions - Vocational Studies
Individual and families need to make consumer decisions due to the numerous products/services on the market, multiple advertising techniques, and the need to make responsible financial management decisions. Accessing and assessing consumer information, comparing and evaluating products and services, provides basis for making effective consumer decisions. Consumer decisions influence the use of resources and the impact they have on the community and environment.

English/Language Arts Standards

CC.11-12.L.1 Conventions of Standard English: Demonstrate command of the conventions of standard English grammar and usage when writing or speaking.
CC.11-12.L.2 Conventions of Standard English: Demonstrate command of the conventions of standard English capitalization, punctuation, and spelling when writing.
CC.11-12.L.3 Knowledge of Language: Apply knowledge of language to understand how language functions in different contexts, to make effective choices for meaning or style, and to comprehend more fully when reading or listening.
CC.11-12.SL.1 Comprehension and Collaboration: Initiate and participate effectively in a range of collaborative discussions (one-on-one, in groups, and teacher-led) with diverse partners on grades 11–12 topics, texts, and issues, building on others’ ideas and expressing their own clearly and persuasively.
**Technical Literacy Standards**

Reading / 11-12 / #3 – Follow a complex multistep procedure when carrying out experiments, taking measurements, or performing technical tasks; analyze the specific results based on explanations in the text.

Reading / 11-12 / #4 – Determine the meaning of symbols, key terms, and other domain-specific words/phrases as they are used in specific scientific and technical context.

Reading / 11-12 / #5 – Analyze how the text structures information or ideas into categories or hierarchies.

Reading / 11-12 / #9 – Synthesize information from a range of sources into a coherent understanding of a process, resolving conflicting information when possible.

Writing / 11-12 / #1 – Write arguments based on discipline-specific content.

Writing / 11-12 / #2 – Write informative/explanatory texts, including narration of historical events, scientific procedures/experiments, or technical processes.

Writing / 11-12 / #7 – Conduct short as well as more sustained research projects to answer a question or solve a problem; narrow or broaden the inquiry when appropriate; synthesize multiple sources on the subject, demonstrating understanding of the subject under investigation.

Writing / 11-12 / #10 – Write routinely over extended time frames and shorter time frames for a range of discipline-specific tasks, purposes, and audiences.

3003.EN.1 Assume responsibility for safety of self and others

3003.EN.2 Follow safety guidelines in the workplace

3003.EN.3 Manage personal health and wellness

3003.AD.1 Perform basic and higher level math operations (e.g., addition, subtraction, multiplication, division, decimals, fractions, units of conversion, averaging, percentage, proportion, ratios)

3003.AD.2 Solve problems using measurement skills (e.g., distance, weight, area, volume)

3003.AD.3 Make reasonable estimates

3003.AD.4 Use tables, graphs, diagrams, and charts to obtain or convey information

3003.AD.5 Use deductive reasoning and problem-solving in mathematics

3003.OC.1 Examine child development theories and their implications for educational and childcare practices

3003.OC.2 Determine a variety of assessment methods to observe and interpret children’s growth and development

3003.OC.3 Consider cultural and environmental influences with assessing children’s development

3003.OC.4 Determine special needs of children

3003.OC.5 Put into effect strategies that promote children’s growth and development

3003.OD.1 Examine a variety of curriculum and instructional models

3003.OD.2 Implement learning activities in all curriculum areas that meet the developmental needs of children

3003.OD.3 Implement an integrated curriculum that incorporates a child’s language, learning styles, home experiences, and cultural values

3003.OD.4 Demonstrate a variety of teaching methods to meet individual needs of children

3003.OD.5 Arrange learning centers that provide for children’s exploration, discovery, and development

3003.OD.6 Establish activities, routines, and transitions

3003.OE.1 Manage physical space to maintain a safe and healthy learning environment

3003.OE.2 Apply safe and healthy practices that comply with state regulations

3003.OE.3 Implement strategies to teach children health, safety, and sanitation habits

3003.OE.4 Provide safe and healthy meals and snacks

3003.OE.5 Document symptoms of child abuse and neglect and use appropriate reporting procedures to the designated authorities

3003.OE.6 Implement basic health practices and prevention procedures for workers and children regarding childhood illness and communicable diseases

3003.OE.7 Demonstrate security and emergency procedures

3003.OE.8 Analyze and evaluate environmental issues

3003.OF.1 Establish developmentally appropriate guidelines for behavior

3003.OF.2 Demonstrate problem-solving skills with children

3003.OF.3 Demonstrate interpersonal skills that promote positive and productive relationships with children
Analyze and develop sample daily schedules.
Explain the effectiveness of routines in a daily schedule.
Explain how the general room arrangement affects the learning climate.
Select safe, age-appropriate materials and equipment for proper room arrangement.
Analyze and organize basic activity areas of the classroom and outdoor playground.
Analyze ways to accommodate special needs of exceptional and disabled children, including daily schedules for infants, toddlers, and preschool children.
Describe factors to consider in curriculum planning.
Explain the role of play in children's learning.
Develop age and developmentally appropriate and effective lesson plans in a variety of early childhood settings.
Organize art, music, language arts, math, and science activities for young children.
Child Development Services I

This course provides training for entry-level positions in day care centers, nurseries, preschools, kindergartens, and private homes. Students study child development and guidance, children’s health and well-being in group care, value of play, teaching strategies and management, curriculum development and careers in child development. The subject content is reinforced with work experience in a variety of early childhood settings. Leadership development will be provided through the Family, Career and Community Leaders of America (FCCLA) student organization.

Prerequisites

Child & Human Development

Click here for Additional Resources

Technical Content

3. Students will examine the physical, intellectual, emotional and social development of infants, toddlers and preschool age children and its impact on educational success.

13. Students will explain procedures for caring for an ill child.

14. Students will explain procedures for caring for an injured child.

National Standards

4.2.2 Apply a variety of assessment methods to observe and interpret children's growth and development.

KY Academic Standards (Big Idea)

Research, Inquiry/Problem-Solving and Innovation - Technology

Students understand the role of technology in research and experimentation. Students engage technology in developing solutions for solving problems in the real world. Students will use technology for original creation and innovation.

English/Language Arts Standards

CC.11-12.L.1 Conventions of Standard English: Demonstrate command of the conventions of standard English grammar and usage when writing or speaking.

CC.11-12.W.3 Text Types and Purposes: Write narratives to develop real or imagined experiences or events using effective technique, well-chosen details, and well-structured event sequences.

Technical Literacy Standards

Reading / 11-12 / #3 – Follow precisely a complex multistep procedure when carrying out experiments, taking measurements, or performing technical tasks; analyze the specific results based on explanations in the text.

Reading / 11-12 / #4 – Determine the meaning of symbols, key terms, and other domain-specific words/phrases as they are used in specific scientific and technical context.

Reading / 11-12 / #8 – Evaluate the hypothesis, data, analysis, and conclusions in a science or technical text.

Writing / 11-12 / #7 – Conduct short as well as more sustained research projects to answer a question or solve a problem; narrow or broaden the inquiry when appropriate; synthesize multiple sources on the subject, demonstrating understanding of the subject under investigation.

Writing / 11-12 / #9 – Draw evidence from informational texts to support analysis, reflection, and research.

Writing / 11-12 / #10 – Write routinely over extended time frames and shorter time frames for a range of discipline-specific tasks, purposes, and audiences.

Mathematics Standards

CC.9-12.S.IC.6 Evaluate reports based on data.*

Identify the types of records and observation tools to assess children's growth and development.
This course provides training for entry-level positions in day care centers, nurseries, preschools, kindergartens, and private homes. Students study child development and guidance, children’s health and well-being in group care, value of play, teaching strategies and management, curriculum development and careers in child development. The subject content is reinforced with work experience in a variety of early childhood settings. Leadership development will be provided through the Family, Career and Community Leaders of America (FCCLA) student organization.

National Standards

7.2.3 Summarize licensing laws and regulations that affect service providers and their participants.

KY Academic Standards (Big Idea)

Information, Communication and Productivity - Technology

Students demonstrate a sound understanding of the nature and operations of technology systems. Students use technology to learn, to communicate, increase productivity and become competent users of technology. Students manage and create effective oral, written and multimedia communication in a variety of forms and contexts.

Career Awareness, Exploration, Planning - Vocational Studies

Career awareness, exploration and planning gives students the opportunity to discover the various career areas that exist and introduce them to the realities involved with the workplace. Many factors need to be considered when selecting a career path and preparing for employment. Career awareness, exploration and planning will enable students to recognize the value of education, learn how to plan for careers and integrate academic subjects.

English/Language Arts Standards

CC.11-12.L.4 Vocabulary Acquisition and Use: Determine or clarify the meaning of unknown and multiple-meaning words and phrases based on grades 11–12 reading and content, choosing flexibly from a range of strategies.

CC.11-12.SL.1 Comprehension and Collaboration: Initiate and participate effectively in a range of collaborative discussions (one-on-one, in groups, and teacher-led) with diverse partners on grades 11–12 topics, texts, and issues, building on others’ ideas and expressing their own clearly and persuasively.

Technical Literacy Standards

Reading / 11-12 / #7 - Integrate and evaluate multiple sources of information presented in diverse formats and media in order to address a question or solve a problem.

Writing / 11-12 / #2 – Write informative / explanatory texts, including narration of historical events, scientific procedures / experiments, or technical processes.

Writing / 11-12 / #4 – Produce clear and coherent writing in which the development, organization, and style are appropriate to task, purpose and audience.

Writing / 11-12 / #7 – Conduct short as well as more sustained research projects to answer a question or solve a problem; narrow or broaden the inquiry when appropriate; synthesize multiple sources on the subject, demonstrating understanding of the subject under investigation.

Writing / 11-12 / #10 – Write routinely over extended time frames and shorter time frames for a range of discipline-specific tasks, purposes, and audiences.

Mathematics Standards

CC.9-12.S.CP.5 Recognize and explain the concepts of conditional probability and independence in everyday language and everyday situations. For example, compare the chance of having lung cancer if you are a smoker with the chance of being a smoker if you have lung cancer.*

Leadership development will be provided through the Family, Career and Community Leaders of America (FCCLA) student organization.

### National Standards

1. Students will demonstrate skills in caring and providing guidance for young children in a variety of early childhood settings.
17. Students will determine career opportunities in childcare, specifying requirements of CCCC and CDA.
20. Students will demonstrate employability and social skills relevant to the career cluster.

### KY Academic Standards (Big Idea)

**Employability Skills - Vocational Studies**

Employability skills will focus on student’s competencies with their work habits and academic/technical skills that will impact an individual’s success in school and workplace. School-to-work transition skills will help students develop interpersonal skills and positive work habits.

**Career Awareness, Exploration, Planning - Vocational Studies**

Career awareness, exploration and planning gives students the opportunity to discover the various career areas that exist and introduce them to the realities involved with the workplace. Many factors need to be considered when selecting a career path and preparing for employment. Career awareness, exploration and planning will enable students to recognize the value of education, learn how to plan for careers and integrate academic subjects.

### English/Language Arts Standards

**CC.11-12.L.1 Conventions of Standard English: Demonstrate command of the conventions of standard English grammar and usage when writing or speaking.**

**Technical Literacy Standards**

Reading / 11-12 / #10 – By the end of grade 12, read and comprehend science/technical texts in the grades 11-CCR text complexity band independently and proficiently.

Writing / 11-12 / #4 – Produce clear and coherent writing in which the development, organization, and style are appropriate to task, purpose and audience.

Writing / 11-12 / #5 – Develop and strengthen writing as needed by planning, revising, editing, rewriting, or trying a new approach, focusing on addressing what is most significant for a specific purpose and audience.

Writing / 11-12 / #6 – Use technology, including the Internet, to produce, publish, and update individual or shared writing products in response to ongoing feedback, including new arguments or information.

Writing / 11-12 / #7 – Conduct short as well as more sustained research projects to answer a question or solve a problem; narrow or broaden the inquiry when appropriate; synthesize multiple sources on the subject, demonstrating understanding of the subject under investigation.

Writing / 11-12 / #9 – Draw evidence from informational texts to support analysis, reflection, and research.

### Mathematics Standards

**CC.9-12.S.IC.6 Evaluate reports based on data.***

**CC.9-12.A.SSE.4 Derive the formula for the sum of a finite geometric series (when the common ratio is not 1), and use the formula to solve problems. For example, calculate mortgage payments.**
