### SECONDARY

#### Year 13
- English 100 & Speech
- General Math
- Cat D Science
- Psychology
- Working with Young Children and Families
- Human Nutrition
- Foundations in FCS
- Diversity in Early Childhood Programs
- 3 Hours Articulation - Early Childhood Education
- 3 Hours

#### Year 14
- English 200 & Children's Literature
- Family and Community and Early Childhood Programs
- Safety & First Aid & Family Relations
- Western Civilization
- Assessment of Young Children
- Guidance & Problemb solving Approaches for Young Children
- Curr Dev for infants & toddlers & Curr Dev for Preschool and Kindergarten
- Administration of Early Childhood Programs & Practicum
- Associates Degree- Early Childhood Education
- Associates Degree

#### Year 15
- English 300
- Foreign Language
- Humanities Elective (2)
- Family Life Education
- PPT Techniques in FCS
- Management of Family Resources
- Implications of Research in Child and Family
- Growth and Guidance of Children
- Growth and Guidance of Children

#### Year 16
- World Cultures - Folk Studies
- Statistics
- Critical Issues in Family and Child Studies
- Professional Presentations in FCS
- Internship
- Parenting Strategies
- Family Relations
- Exceptional Education
- Bachelor's Degree in Child Studies (minor required)

### Postsecondary

### Required Courses

### Recommended Elective Courses

### Other Elective Courses

### Required Career and Technical Education Courses

### Credit-Based Transition Programs (e.g. Dual/Concurrent Enrollment, Articulated Courses, 2+2+2)

### Mandatory Assessments, Advising, and Additional Preparation

**Note:** Categories of courses (e.g. Required, Recommended Electives, other Electives and career and Technical Education) apply to both secondary and postsecondary levels.

Revised Jan. 2005

October, 2006-CTE/Kentucky
CHILD DEVELOPMENT SERVICES II

Course Description:
Child Development Services II is a continuation of Child Development Services I and is designed for students who wish to train for supervisory level positions or those wishing to further their education at the post-secondary level in the area of early childhood. Students gain in-depth work experiences in a variety of early childhood settings. Leadership development will be provided through the Family, Career and Community Leaders of America.

Grade Level: 11-12
Credits: 1.0 – 3.0

Technical Content / Process

Students will:
1. demonstrate skills in caring for young children in a variety of early childhood settings.
2. describe qualities possessed by an early child care professional and conduct a self-assessment related to the professional role.
3. assess the physical, emotional, intellectual and social milestones of children in early childhood settings.
4. develop and implement age-appropriate and effective classroom lesson plans, incorporating the KY Early Childhood Standards.
5. utilize Kentucky’s School Readiness indicators when planning, creating, or evaluating activities with pre-K children.
6. create and implement art, music, language arts, math and science activities for young children.
7. demonstrate positive guidance techniques when working with children.
8. explore methods of effective communication with parents and guardians of children.
9. document goal statements and activities for creating and maintaining a safe, healthy, and learning environment that enhance growth and development.
10. explain general health and safety precautions and procedures for children.
11. evaluate arrangement of furniture in a child development center for the health, safety and education of young children.
12. create and evaluate daily menus for young children based on state regulations.
13. describe appropriate strategies and techniques for collaboration with families and colleagues.
14. identify local community service agencies that assist families including children with special needs and family counseling.
15. identify the legal requirements in operating an early childhood center.
16. identify the types of records and observation tools to assess children’s growth and development.
17. utilize and apply the ITERS / ECERS rating systems and subscales to identify characteristics of quality child care programs.
18. utilize and apply the CLASS assessment scoring system for preschool and Head Start programs.
19. utilize opportunities to obtain industry certifications and/or credentials such as the Orientation for Early Child Care Professionals, CCCC, and CDA.
20. utilize activities of the Family, Career and Community Leaders of America student organization as an integral component of course content and leadership development.
21. apply math, science literacy, and communication skills within technical content.
22. demonstrate employability and social skills relevant to the career cluster.

Child Development Services II is a continuation of Child Development Services I and is designed for students who wish to train for supervisory level positions or those wishing to further their education at the post-secondary level in the area of early childhood. Students gain in-depth work experiences in a variety of early childhood settings. Leadership development will be provided through the Family, Career and Community Leaders of America (FCCLA) student organization.

### Technical Content

2. Students will describe qualities possessed by an early child care professional and conduct a self-assessment related to the professional role.

19. Students will utilize opportunities to obtain industry certifications and/or credentials such as the Orientation for Early Child Care Professionals, CCCC, and CDA.

### National Standards

4.1.1 - Explain the roles and functions of individuals engaged in early childhood, education, and services.

4.1.2 - Analyze opportunities for employment and entrepreneurial endeavors.

4.1.3 - Summarize education and training requirements and opportunities for career paths in early childhood, education, and services.

4.1.4 - Analyze the effects of early childhood, education, and services occupations on local, state, national, and global economies.

4.1.6 - Analyze the role of professional organizations in education and early childhood.

4.6.1 - Utilize opportunities for continuing training and education.

4.6.2 - Apply professional ethical standards as accepted by the recognized professional organizations.

1.2.1 - Analyze potential career choices to determine the knowledge, skills, and attitudes associated with each career.

1.2.8 - Demonstrate work ethics and professionalism.

7.1.2 - Analyze opportunities for employment and entrepreneurial endeavors.

### KY Academic Standards (Big Idea)

Career Awareness, Exploration, Planning - Vocational Studies
Career awareness, exploration and planning gives students the opportunity to discover the various career areas that exist and introduce them to the realities involved with the workplace. Many factors need to be considered when selecting a career path and preparing for employment. Career awareness, exploration and planning will enable students to recognize the value of education, learn how to plan for careers and integrate academic subjects.

Employability Skills - Vocational Studies
Employability skills will focus on student’s competencies with their work habits and academic/technical skills that will impact an individual’s success in school and workplace. School-to-work transition skills will help students develop interpersonal skills and positive work habits.

### English/Language Arts Standards

CC.11-12.L.1 Conventions of Standard English: Demonstrate command of the conventions of standard English grammar and usage when writing or speaking.

CC.11-12.L.2 Conventions of Standard English: Demonstrate command of the conventions of standard English capitalization, punctuation, and spelling when writing.

CC.11-12.L.3 Knowledge of Language: Apply knowledge of language to understand how language functions in different contexts, to make effective choices for meaning or style, and to comprehend more fully when reading or listening.

CC.11-12.SL.1 Comprehension and Collaboration: Initiate and participate effectively in a range of collaborative discussions (one-on-one, in groups, and teacher-led) with diverse partners on grades 11–12 topics, texts, and issues, building on others’ ideas and expressing their own clearly and persuasively.

### Technical Literacy Standards

Reading / 11-12 / #4 – Determine the meaning of symbols, key terms, and other domain-specific words/phrases as they are used in specific scientific and technical context.

Reading / 11-12 / #10 – By the end of grade 12, read and comprehend science/technical texts in the grades 11-CCR text complexity band independently and proficiently.

Writing / 11-12 / #4 – Produce clear and coherent writing in which the development, organization, and style are appropriate to task, purpose and audience.

Writing / 11-12 / #10 – Write routinely over extended time frames and shorter time frames for a range of discipline-specific tasks, purposes, and audiences.
21st Century Skills and Knowledge

Critical Thinking and Problem Solving
Communication
Collaboration
Information Literacy
Flexibility and Adaptability
Leadership and Responsibility
Life and Career Skills

KOSSA Standards

3003.AA.1 Utilize effective verbal and non-verbal communication skills
3003.AA.2 Participate in conversation, discussion, and group presentations
3003.AA.3 Communicate and follow directions/procedures
3003.AB.1 Locate and interpret written information
3003.AB.2 Participate in conversation, discussion, and group presentations
3003.AB.3 Identify relevant details, facts, and specifications
3003.AB.5 Demonstrate competence in organizing, writing, and editing using correct vocabulary, spelling, grammar, and punctuation
3003.AB.6 Demonstrate the ability to write clearly and concisely using industry specific terminology
3003.AC.1 Utilize critical-thinking skills to determine best options/outcomes (e.g., analyze reliable/unreliable sources of information, use previous experiences, implement crisis management, develop contingency planning)
3003.AC.2 Utilize innovation and problem-solving skills to arrive at the best solution for current situation
3003.AC.3 Implement effective decision-making skills
3003.AD.4 Use tables, graphs, diagrams, and charts to obtain or convey information
3003.AG.1 Use technology appropriately to enhance professional presentations
3003.EA.1 Demonstrate enthusiasm and confidence about work and learning new tasks
3003.EA.2 Demonstrate consistent and punctual attendance
3003.EA.3 Demonstrate initiative in assuming tasks
3003.EA.6 Accept responsibility for personal decisions and actions
3003.EI.1 Recognize the importance of and demonstrate how to properly acknowledge customers/clients
3003.EI.2 Identify and address needs of customers/clients
3003.EI.3 Provide helpful, courteous, and knowledgeable service
3003.EI.4 Identify appropriate channels of communication with customers/clients (e.g., phone call, face-to-face, e-mail, website)
3003.EI.5 Identify techniques to seek and use customer/client feedback to improve company services
3003.EI.6 Recognize the relationship between customer/client satisfaction and company success
3003.EK.1 Recognize the importance of maintaining a job and pursuing a career
3003.EK.2 Define jobs associated with a specific career path or profession
3003.EK.3 Identify and seek various job opportunities (e.g., volunteerism, internships, co-op, part-time/full-time employment)
3003.EK.4 Prepare a resume, letter of application, and job application
3003.EK.5 Prepare for a job interview (e.g., research company, highlight personal strengths, prepare questions, set-up a mock interview, dress appropriately)
3003.EK.6 Participate in a job interview
3003.EK.7 Explain the proper procedure for leaving a job
3003.EL.1 Acquire current and emerging industry-related information
3003.EL.2 Define jobs associated with a specific career path or profession
3003.EL.3 Identify and seek various job opportunities (e.g., volunteerism, internships, co-op, part-time/full-time employment)
3003.EL.4 Discuss the importance of flexible career planning and career self-management
3003.EL.7 Accept and provide constructive criticism
3003.OA.1 Determine the roles and functions of individuals engaged in early childhood education and services
3003.OA.2 Examine education/training requirements and opportunities for career paths in early childhood education and services
3003.OA.4 Examine the impact of early childhood education and service occupations on local, state, national, and global economies
Learning Targets

- Click here to view Sample Learner Activities

- Determine career opportunities in early childhood programs.
- Utilize opportunities to obtain industry certifications and/or credentials such as the Early Childhood Career Major Certificate, the Orientation for Early Child Care Professionals, CCCC and CDA.
- Identify professional organizations in early childhood.
- Describe qualities possessed by an early child care professional and conduct a self-assessment related to the professional role.

3003.AF.1 Recognize the potential risks associated with Internet use
3003.AF.2 Identify and apply Internet security practices (e.g., password security, login, logout, log off, lock computer)
3003.AF.3 Practice safe, legal, and responsible use of technology in the workplace
3003.AF.4 Communicate effectively with customers and co-workers
3003.AG.1 Use technology appropriately to enhance professional presentations
3003.AG.2 Demonstrate effective and appropriate use of social media
3003.AG.3 Identify ways social media can be used as marketing, advertising, and data gathering tools
3003.AH.1 Select and use appropriate devices, services, and applications to complete workplace tasks
3003.AH.2 Demonstrate appropriate etiquette when using e-communications (e.g., cell phone, e-mail, personal digital assistants, online meetings, conference calls)
3003.AA.1 Explain the use of documentation and its role as a component of conflict resolution
3003.AA.2 Demonstrate commitment to learning as a life-long process and recognize learning opportunities
3003.EL.3 Seek and capitalize on self-improvement opportunities
3003.EL.5 Employ leadership skills to achieve workplace objectives (e.g., personal vision, adaptability, change, shared vision)
3003.EL.6 Recognize the importance of job performance evaluation and coaching as it relates to career advancement
3003.EM.1 Identify the value of new technologies and their impact on driving continuous change and the need for life-long learning
3003.EM.2 Research and identify emerging technologies for specific careers
3003.EM.3 Select appropriate technological resources to accomplish work
3003.EH.1 Use technology appropriately to enhance professional presentations
3003.EH.3 Explain the use of documentation and its role as a component of conflict resolution
3003.EL.8 Describe the impact of the global economy on jobs and careers
3003.OG.1 Utilize opportunities for continuous training and education
3003.ON.4 Determine legal and ethical impacts of technology
**Technical Content**

1. Students will demonstrate skills in caring for young children in a variety of early childhood settings.
2. Students will demonstrate positive guidance techniques when working with children.
22. Students will demonstrate employability and social skills relevant to the career cluster.

**National Standards**

4.2.3 - Analyze cultural and environmental influences when assessing children's development.
4.2.4 - Analyze abilities and needs of children and their effects on children's growth and development.
4.2.5 - Analyze strategies that promote children's growth and development.
4.5.1 - Apply developmentally appropriate guidelines for behavior.
4.5.2 - Demonstrate problem-solving skills with children.
4.5.3 - Demonstrate interpersonal skills that promote positive and productive relationships with children.
12.1.1 - Analyze physical, emotional, social, spiritual, and intellectual development.
12.1.2 - Analyze interrelationships among physical, emotional, social, and intellectual aspects of human growth and development.

**KY Academic Standards (Big Idea)**

**Biological Change (Biological Science) - Science**
The only thing certain is that everything changes. At the high school level, students evaluate the role natural selection plays in the diversity of species. Modern ideas of evolution provide a scientific explanation for three main sets of observable facts about life on Earth: the enormous number of different life forms we see about us, the systematic similarities in anatomy and molecular chemistry we see within that diversity, and the sequence of changes in fossils found in successive layers of rock that have been formed over more than a billion years.

**Nutrition (Health Education) - Practical Living**
Proper nutrition is critical to good health. To maintain a healthy weight, good dietary habits and physical activity are essential. Nutritious foods are necessary for growth, development and maintenance of healthy bodies.

**Personal Wellness (Health Education) - Practical Living**
Wellness is maximum well-being or total health. Personal wellness is a combination of physical, mental, emotional, spiritual and social well-being. It involves making behavioral choices and decisions each day that promote an individual’s physical well-being, the prevention of illnesses and diseases and the ability to remain, physically, mentally, spiritually, socially and emotionally healthy.

**Psychomotor Skills (Health Education) - Practical Living**
Cognitive information can be used to understand and enhance the development of motor skills such as movement sequences and patterns. Individuals who understand their bodies and how to perform various movements will be safer and more productive in recreation and work activities. Development of psychomotor skills contributes to the development of social and cognitive skills.

**English/Language Arts Standards**

CC.11-12.L.1 Conventions of Standard English: Demonstrate command of the conventions of standard English grammar and usage when writing or speaking.
CC.11-12.L.3 Knowledge of Language: Apply knowledge of language to understand how language functions in different contexts, to make effective choices for meaning or style, and to comprehend more fully when reading or listening.
CC.11-12.SL.1 Comprehension and Collaboration: Initiate and participate effectively in a range of collaborative discussions (one-on-one, in groups, and teacher-led) with diverse partners on grades 11–12 topics, texts, and issues, building on others’ ideas and expressing their own clearly and persuasively.
Technical Literacy Standards

Reading / 11-12 / #2 – Determine central ideas or conclusions of a text; summarize complex concepts, processes, or information presented in a text by paraphrasing them in simpler but still accurate terms.

Reading / 11-12 / #4 – Determine the meaning of symbols, key terms, and other domain-specific words/phrases as they are used in specific scientific and technical context.

Reading / 11-12 / #5 – Analyze how the text structures information or ideas into categories or hierarchies.

Reading / 11-12 / #8 – Evaluate the hypothesis, data, analysis, and conclusions in a science or technical text.

Writing / 11-12 / #1 – Write arguments based on discipline-specific content.

Writing / 11-12 / #4 – Produce clear and coherent writing in which the development, organization, and style are appropriate to task, purpose and audience.

Writing / 11-12 / #6 – Use technology, including the Internet, to produce, publish, and update individual or shared writing products in response to ongoing feedback, including new arguments or information.

Writing / 11-12 / #10 – Write routinely over extended time frames and shorter time frames for a range of discipline-specific tasks, purposes, and audiences.

Mathematics Standards

CC.9-12.S.IC.6 Evaluate reports based on data.*

Health Literacy

Critical Thinking and Problem Solving

Flexibility and Adaptability

Information Literacy

KOSSA Standards

3003.EB.2 Demonstrate honesty and reliability
3003.EB.3 Demonstrate ethical characteristics and behaviors
3003.EC.2 Use language and manners suitable for the workplace
3003.EC.3 Demonstrate polite and respectful behavior toward others
3003.EC.5 Demonstrate pride in work
3003.ED.1 Plan and follow a work schedule
3003.ED.4 Demonstrate ability to stay on task to produce high quality deliverables on time
3003.OC.1 Examine child development theories and their implications for educational and childcare practices
3003.OC.2 Determine a variety of assessment methods to observe and interpret children's growth and development
3003.OC.3 Consider cultural and environmental influences with assessing children's development
3003.OC.4 Determine special needs of children
3003.OC.5 Put into effect strategies that promote children's growth and development
3003.OD.1 Examine a variety of curriculum and instructional models
3003.OD.2 Implement learning activities in all curriculum areas that meet the developmental needs of children
3003.OD.3 Implement an integrated curriculum that incorporates a child's language, learning styles, home experiences, and cultural values
3003.OD.4 Demonstrate a variety of teaching methods to meet individual needs of children
3003.OD.5 Arrange learning centers that provide for children's exploration, discovery, and development
3003.OD.6 Establish activities, routines, and transitions
3003.OF.1 Establish developmentally appropriate guidelines for behavior
3003.OF.2 Demonstrate problem-solving skills with children
3003.OF.3 Demonstrate interpersonal skills that promote positive and productive relationships with children
3003.OF.4 Implement strategies for constructive and supportive interactions between children and families
3003.OF.5 Present information to parents regarding developmental issues and concerns related to children
3003.OH.1 Examine physical, emotional, social, and intellectual development
3003.OH.2 Examine interrelationships among physical, emotional, social, and intellectual aspects of human growth and development
Learning Targets - Click here to view Sample Learner Activities

Demonstrate skills in caring for young children in a variety of childhood settings.
Demonstrate positive guidance techniques when working with children.

3003.OI.1 Investigate the impact of heredity and environment on human growth and development
3003.OI.2 Determine the impact of social, economic, and technological forces on individual growth and development
3003.OI.3 Examine the effects of gender, ethnicity, and culture on individual development
3003.OI.4 Examine the effects of life events on individuals' physical and emotional development
3003.OJ.1 Examine the role of nurturance on human growth and development
3003.OJ.2 Examine the role of communication on human growth and development
3003.OJ.3 Examine the role of support systems in meeting human growth and development needs
National Standards

Technical Content

10. Students will explain general health and safety precautions and procedures for children.
11. Students will evaluate arrangement of furniture in a child development center for the health, safety and education of young children.
12. Students will create and evaluate daily menus for young children based on state regulations.

National Standards

4.4.2 - Apply safe and healthy practices that comply with state regulations.
4.4.3 - Implement strategies to teach children health, safety, and sanitation habits.
4.4.4 - Plan safe and healthy meals and snacks.
4.4.5 - Document symptoms of child abuse and neglect and use appropriate procedures to report suspected abuse or neglect to the designated authorities.
4.4.6 - Implement basic health practices and prevention procedures for workers and children regarding childhood illness and communicable diseases.
4.4.7 - Demonstrate security and emergency procedures.
1.2.7 - Analyze factors that contribute to maintaining safe and healthy school, work and community environments.
9.2.5 - Demonstrate practices and procedures that assure personal and workplace health and hygiene.
9.3.5 - Analyze recipe/formula proportions and modifications for food production.
9.3.6 - Critique the selection of foods to promote a healthy lifestyle.
9.4.1 - Analyze nutritional needs of individuals.
9.6.1 - Build menus to customer/client preferences.

KY Academic Standards (Big Idea)

Nutrition (Health Education) - Practical Living
Proper nutrition is critical to good health. To maintain a healthy weight, good dietary habits and physical activity are essential. Nutritious foods are necessary for growth, development and maintenance of healthy bodies.

Safety (Health Education) - Practical Living
Accidents are a major cause of injury and death to children and adolescents. Unintentional injuries involving a motor vehicle, falls, drowning, fires, firearms and poisons can occur at home, school and work. Safe behavior protects a person from danger and lessens the effects of harmful situations.

English/Language Arts Standards

CC.11-12.L.1 Conventions of Standard English: Demonstrate command of the conventions of standard English grammar and usage when writing or speaking.
CC.11-12.L.2 Conventions of Standard English: Demonstrate command of the conventions of standard English capitalization, punctuation, and spelling when writing.
CC.11-12.L.3 Knowledge of Language: Apply knowledge of language to understand how language functions in different contexts, to make effective choices for meaning or style, and to comprehend more fully when reading or listening.
CC.11-12.SL.1 Comprehension and Collaboration: Initiate and participate effectively in a range of collaborative discussions (one-on-one, in groups, and teacher-led) with diverse partners on grades 11–12 topics, texts, and issues, building on others’ ideas and expressing their own clearly and persuasively.
Technical Literacy Standards
Reading / 11-12 / #3 – Follow precisely a complex multistep procedure when carrying out experiments, taking measurements, or performing technical tasks; analyze the specific results based on explanations in the text.
Reading / 11-12 / #4 – Determine the meaning of symbols, key terms, and other domain-specific words/phrases as they are used in specific scientific and technical context.
Reading / 11-12 / #8 – Evaluate the hypothesis, data, analysis, and conclusions in a science or technical text.
Reading / 11-12 / #9 – Synthesize information from a range of sources into a coherent understanding of a process, resolving conflicting information when possible.
Writing / 11-12 / #1 – Write arguments based on discipline-specific content.
Writing / 11-12 / #2 – Write informative/explanatory texts, including narration of historical events, scientific procedures/experiments, or technical processes.
Writing / 11-12 / #4 – Produce clear and coherent writing in which the development, organization, and style are appropriate to task, purpose and audience.
Writing / 11-12 / #8 – Gather relevant information from multiple authoritative print and digital sources, using advanced searches effectively; assess the strengths and limitations of each source in terms of specific task, purpose and audience; integrate information into the text selectively to maintain the flow of ideas, avoiding plagiarism and overreliance on any one source and following standard format for citation.
Writing / 11-12 / #9 – Draw evidence from informational texts to support analysis, reflection, and research.
Writing / 11-12 / #10 – Write routinely over extended time frames and shorter time frames for a range of discipline-specific tasks, purposes, and audiences.

Mathematics Standards
CC.9-12.S.IC.6 Evaluate reports based on data.*
CC.9-12.S.MD.5 (+) Weigh the possible outcomes of a decision by assigning probabilities to payoff values and finding expected values.*

3003.OM.1 Assess community resources and services available to families
3003.OM.2 Appraise community resources that provide opportunities related to parenting
3003.OM.3 Review current laws and policies related to parenting
Learning Targets - Click here to view Sample Learner Activities

Describe the symptoms and reporting requirements of common childhood diseases.

Create and evaluate daily menus for young children based on state regulations.

Identify the signs of child abuse and neglect, local reporting procedures, and state statues related to suspected child abuse and neglect.

Explain general health and safety precautions and procedures for children.
Technical Content
4. Students will develop and implement age-appropriate and effective classroom lesson plans, incorporating the KY Early Childhood Standards.
5. Students will utilize Kentucky’s School Readiness indicators when planning, creating, or evaluating activities with pre-K children.
6. Students will create and implement art, music, language arts, math and science activities for young children.
9. Students will document goal statements and activities for creating and maintaining a safe, healthy, and learning environment that enhance growth and development.
11. Students will evaluate arrangement of furniture in a child development center for the health, safety and education of young children.

National Standards
4.3.1 - Analyze a variety of curriculum and instructional models.
4.3.2 - Implement learning activities in all curriculum areas that meet the developmental needs of children.
4.3.3 - Implement an integrated curriculum that incorporates a child's language, learning styles, early experiences, and cultural values.
4.3.4 - Demonstrate a variety of teaching methods to meet individual needs of children.
4.3.5 - Arrange learning centers that provide for children's exploration, discovery, and development.
4.3.6 - Establish activities, routines, and transitions.
4.4.1 - Manage physical space to maintain a learning environment that is safe and healthy and encourages physical activity.
4.6.4 - Demonstrate enthusiasm, initiative, and commitment to program goals and improvements.

KY Academic Standards (Big Idea)
Communication/Technology - Vocational Studies
Special communication and technology skills are needed for success in schooling and in the workplace. Students will be able to express information and ideas using a variety of technologies in various ways.
Research, Inquiry/Problem-Solving and Innovation - Technology
Students understand the role of technology in research and experimentation. Students engage technology in developing solutions for solving problems in the real world. Students will use technology for original creation and innovation.

English/Language Arts Standards
CC.11-12.L.1 Conventions of Standard English: Demonstrate command of the conventions of standard English grammar and usage when writing or speaking.
CC.11-12.L.2 Conventions of Standard English: Demonstrate command of the conventions of standard English capitalization, punctuation, and spelling when writing.
CC.11-12.SL.1 Comprehension and Collaboration: Initiate and participate effectively in a range of collaborative discussions (one-on-one, in groups, and teacher-led) with diverse partners on grades 11–12 topics, texts, and issues, building on others' ideas and expressing their own clearly and persuasively.
Technical Literacy Standards

**Reading / 11-12 / #3** – Follow precisely a complex multistep procedure when carrying out experiments, taking measurements, or performing technical tasks; analyze the specific results based on explanations in the text.

**Reading / 11-12 / #7** - Integrate and evaluate multiple sources of information presented in diverse formats and media in order to address a question or solve a problem.

**Reading / 11-12 / #9** – Synthesize information from a range of sources into a coherent understanding of a process, resolving conflicting information when possible.

**Writing / 11-12 / #1** – Write arguments based on discipline-specific content.

**Writing / 11-12 / #2** – Write informative/explanatory texts, including narration of historical events, scientific procedures/experiments, or technical processes.

**Writing / 11-12 / #7** – Conduct short as well as more sustained research projects to answer a question or solve a problem; narrow or broaden the inquiry when appropriate; synthesize multiple sources on the subject, demonstrating understanding of the subject under investigation.

**Writing / 11-12 / #10** – Write routinely over extended time frames and shorter time frames for a range of discipline-specific tasks, purposes, and audiences.

Mathematics Standards

**CC.9-12.S.IC.5** Use data from a randomized experiment to compare two treatments; use simulations to decide if differences between parameters are significant.*

**CC.9-12.S.IC.6** Evaluate reports based on data.*

21st Century Skills and Knowledge

**Creativity and Innovation**

**Critical Thinking and Problem Solving**

**ICT (Information, Communications, and Technology) Literacy**

**Productivity and Accountability**

KOSSA Standards

3003.AD.1 Perform basic and higher level math operations (e.g., addition, subtraction, multiplication, division, decimals, fractions, units of conversion, averaging, percentage, proportion, ratios)

3003.AD.2 Solve problems using measurement skills (e.g., distance, weight, area, volume)

3003.AD.3 Make reasonable estimates

3003.AD.4 Use tables, graphs, diagrams, and charts to obtain or convey information

3003.AD.5 Use deductive reasoning and problem-solving in mathematics

3003.EN.1 Assume responsibility for safety of self and others

3003.EN.2 Follow safety guidelines in the workplace

3003.EN.3 Manage personal health and wellness

3003.OC.1 Examine child development theories and their implications for educational and childcare practices

3003.OC.2 Determine a variety of assessment methods to observe and interpret children's growth and development

3003.OC.3 Consider cultural and environmental influences with assessing children's development

3003.OC.4 Determine special needs of children

3003.OC.5 Put into effect strategies that promote children's growth and development

3003.OD.1 Examine a variety of curriculum and instructional models

3003.OD.2 Implement learning activities in all curriculum areas that meet the developmental needs of children

3003.OD.3 Implement an integrated curriculum that incorporates a child's language, learning styles, home experiences, and cultural values

3003.OD.4 Demonstrate a variety of teaching methods to meet individual needs of children

3003.OD.5 Arrange learning centers that provide for children's exploration, discovery, and development

3003.OD.6 Establish activities, routines, and transitions

3003.OE.1 Manage physical space to maintain a safe and healthy learning environment

3003.OE.2 Apply safe and healthy practices that comply with state regulations

3003.OE.3 Implement strategies to teach children health, safety, and sanitation habits

3003.OE.4 Provide safe and healthy meals and snacks
Learning Targets - Click here to view Sample Learner Activities

Review daily schedules for infants, toddlers, and preschool children.
Evaluate arrangement and furniture in a child development center for the health, safety and education of young children.
Document goal statements and activities for creating and maintaining a safe, healthy, and learning environment that enhance growth and development.
Develop and implement age-appropriate and effective classroom lesson plans, incorporating the Kentucky Early Childhood Standards.
Utilize Kentucky's School Readiness Indicators when planning and creating activities with pre-K children.
Create and implement art, music, language arts, math, and science activities for young children.

3003.OE.5 Document symptoms of child abuse and neglect and use appropriate reporting procedures to the designated authorities
3003.OE.6 Implement basic health practices and prevention procedures for workers and children regarding childhood illness and communicable diseases
3003.OE.7 Demonstrate security and emergency procedures
3003.OE.8 Analyze and evaluate environmental issues
3003.OF.1 Establish developmentally appropriate guidelines for behavior
3003.OF.2 Demonstrate problem-solving skills with children
3003.OF.3 Demonstrate interpersonal skills that promote positive and productive relationships with children
3003.OF.4 Implement strategies for constructive and supportive interactions between children and families
3003.OF.5 Present information to parents regarding developmental issues and concerns related to children
3003.OG.1 Utilize opportunities for continuous training and education
3003.OG.2 Apply professional and ethical standards as accepted by the recognized professional organizations
3003.OG.3 Implement federal, state, and local standards, policies, regulations, and laws which impact children, families, and programs
3003.OG.4 Demonstrate enthusiasm, initiative, and commitment to program goals and improvements
Child Development Services II is a continuation of Child Development Services I and is designed for students who wish to train for supervisory level positions or those wishing to further their education at the post-secondary level in the area of early childhood. Students gain in-depth work experiences in a variety of early childhood settings. Leadership development will be provided through the Family, Career and Community Leaders of America (FCCLA) student organization.

**Technical Content**

3. Students will assess the physical, emotional, intellectual and social milestones of children in early childhood settings.

5. Students will utilize Kentucky’s School Readiness Indicators when planning, creating, or evaluating activities with pre-K children.

16. Students will identify the types of records and observation tools to assess children’s growth and development.

**National Standards**

4.2.2 - Apply a variety of assessment methods to observe and interpret children's growth and development.

4.5.5 - Analyze children's developmental progress and summarize developmental issues and concerns.

**KY Academic Standards (Big Idea)**

Research, Inquiry/Problem-Solving and Innovation - Technology

Students understand the role of technology in research and experimentation. Students engage technology in developing solutions for solving problems in the real world. Students will use technology for original creation and innovation.

Personal Wellness (Health Education) - Practical Living

Wellness is maximum well-being or total health. Personal wellness is a combination of physical, mental, emotional, spiritual and social well-being. It involves making behavioral choices and decisions each day that promote an individual’s physical well-being, the prevention of illnesses and diseases and the ability to remain, physically, mentally, spiritually, socially and emotionally healthy.

**English/Language Arts Standards**

CC.11-12.W.3 Text Types and Purposes: Write narratives to develop real or imagined experiences or events using effective technique, well-chosen details, and well-structured event sequences.

CC.11-12.L.1 Conventions of Standard English: Demonstrate command of the conventions of standard English grammar and usage when writing or speaking.

CC.11-12.L.2 Conventions of Standard English: Demonstrate command of the conventions of standard English capitalization, punctuation, and spelling when writing.

CC.11-12.L.3 Knowledge of Language: Apply knowledge of language to understand how language functions in different contexts, to make effective choices for meaning or style, and to comprehend more fully when reading or listening.

**Technical Literacy Standards**

Reading / 11-12 / #3 – Follow precisely a complex multistep procedure when carrying out experiments, taking measurements, or performing technical tasks; analyze the specific results based on explanations in the text.

Reading / 11-12 / #4 – Determine the meaning of symbols, key terms, and other domain-specific words/phrases as they are used in specific scientific and technical context.

Reading / 11-12 / #8 – Evaluate the hypothesis, data, analysis, and conclusions in a science or technical text.

Writing / 11-12 / #2 – Write informative / explanatory texts, including narration of historical events, scientific procedures / experiments, or technical processes.

Writing / 11-12 / #4 – Produce clear and coherent writing in which the development, organization, and style are appropriate to task, purpose and audience.

Writing / 11-12 / #7 – Conduct short as well as more sustained research projects to answer a question or solve a problem; narrow or broaden the inquiry when appropriate; synthesize multiple sources on the subject, demonstrating understanding of the subject under investigation.

Writing / 11-12 / #9 – Draw evidence from informational texts to support analysis, reflection, and research.

KOSSA Standards
3003.AB.2 Read and interpret workplace documents
3003.AB.4 Record information accurately and completely
3003.ED.2 Work with minimal supervision
3003.ED.3 Work within budgetary constraints
3003.OC.2 Determine a variety of assessment methods to observe and interpret children's growth and development

Learning Targets - Click here to view Sample Learner Activities
Identify the types of records and observation tools to assess children's growth and development.
Assess the physical, emotional, intellectual, and social milestones of children in early childhood settings.
Utilize Kentucky's School Readiness Indicators when evaluating young children.
Technical Content

15. Students will identify the legal requirements in operating an early childhood center.
17. Students will utilize and apply the ITERS / ECERS rating systems and subscales to identify characteristics of quality child care programs.
18. Students will utilize and apply the CLASS assessment scoring system for preschool and Head Start programs.

National Standards

4.6.3 - Implement federal, state, and local standards, policies, regulations, and laws that affect children, families, and programs.
4.6.5 - Apply business management skills to planning businesses in early childhood, education, and services.
7.2.3 - Summarize licensing laws and regulations that affect service providers and their participants.

KY Academic Standards (Big Idea)

Career Awareness, Exploration, Planning - Vocational Studies
Career awareness, exploration and planning gives students the opportunity to discover the various career areas that exist and introduce them to the realities involved with the workplace. Many factors need to be considered when selecting a career path and preparing for employment. Career awareness, exploration and planning will enable students to recognize the value of education, learn how to plan for careers and integrate academic subjects.

Information, Communication and Productivity - Technology
Students demonstrate a sound understanding of the nature and operations of technology systems. Students use technology to learn, to communicate, increase productivity and become competent users of technology. Students manage and create effective oral, written and multimedia communication in a variety of forms and contexts.

English/Language Arts Standards

CC.11-12.SL.1 Comprehension and Collaboration: Initiate and participate effectively in a range of collaborative discussions (one-on-one, in groups, and teacher-led) on grades 11–12 topics, texts, and issues, building on others’ ideas and expressing their own clearly and persuasively.

Technical Literacy Standards

3003.OC.2 Determine a variety of assessment methods to observe and interpret children’s growth and development
Learning Targets

- Identify the legal requirements in operating an early childhood center.
- Utilize and apply the ITERS/ECERS rating systems and subscales to identify characteristics of quality child care programs.
- Utilize and apply the CLASS assessment scoring system for preschool and Head Start programs.
8. Students will explore methods of effective communication with parents and guardians of children.

13. Students will describe appropriate strategies and techniques for collaboration with families and colleagues.

14. Students will identify local community service agencies that assist families including children with special needs and family counseling.

20. Students will utilize activities of the Family, Career and Community Leaders of America student organization as an integral component of course content and leadership development.

**National Standards**

1.2.3 - Apply communication skills in school, community and workplace settings.

1.2.4 - Demonstrate teamwork skills in school, community and workplace settings.

1.2.6 - Demonstrate leadership skills and abilities in school, workplace and community settings.

4.5.4 - Implement strategies for constructive and supportive interactions between children and families.

7.2.1 - Describe local, state, and national agencies and informal support resources providing human services

12.3.3 - Analyze the role of family and social services support systems in meeting human growth and development needs.

**KY Academic Standards (Big Idea)**

Employability Skills - Vocational Studies

Employability skills will focus on student’s competencies with their work habits and academic/technical skills that will impact an individual’s success in school and workplace. School-to-work transition skills will help students develop interpersonal skills and positive work habits.

Information, Communication and Productivity - Technology

Students demonstrate a sound understanding of the nature and operations of technology systems. Students use technology to learn, to communicate, increase productivity and become competent users of technology. Students manage and create effective oral, written and multimedia communication in a variety of forms and contexts.
