PART I: CTE EOP ASSESSMENT TEST COORDINATOR MANUAL

INTRODUCTION AND OVERVIEW

Career and Technical Education (CTE) End-of-Program (EOP) Assessment is one measure of career readiness as a postsecondary readiness indicator of the Kentucky's accountability and one measure of postsecondary credential for Federal Perkins accountability for career and technical education concentrator students. CTE EOP Assessments are state developed assessments based upon clear and concise standards identified by Kentucky employers, aligned with CTE career pathways and associated with statewide articulation agreements with postsecondary partners. The CTE EOP Assessment testing window is February 21 – March 31 of the current school year.

2021-2022 CTE EOP Assessment will be available **in-person** following current health and safety guidance and **must be** proctored **in-person** pursuant to the [703 KAR 5:080](#), Administration Code for Kentucky's Educational Assessment Program and [703 KAR 5:070](#), Inclusion of Special Populations in the State-Required Assessment and Accountability Programs.

This manual describes procedures district and school test coordinators must follow before, during and after administration of the CTE EOP Assessment.

- **Part I** provides detailed information on the responsibilities of the CTE EOP Assessment Test Coordinator.
- **Part II** provides information needed by individuals involved in the administration of the CTE EOP Assessment.

NOTE: All individuals participating in the administration of CTE EOP Assessment (e.g., coordinator, administrator and proctor) shall comply with the [703 KAR 5:080](#), Administration Code for Kentucky's Educational Assessment Program and [703 KAR 5:070](#), Inclusion of Special Populations regulations and trainings. Required trainings must be completed prior to the administration of CTE EOP Assessment at the local level. Nondisclosures and Group Signature Sheets verifying training should be kept on file locally.

Training information and other resources related to CTE EOP Assessment are available at the [CTE EOP Assessment web page](#) link <https://education.ky.gov/CTE/endofprog/Pages/default.aspx>. This information is necessary to train the test coordinators and proctors in each school to administer the CTE EOP Assessment according to the policies and procedures mandated by the Kentucky Department of Education. Any additional questions related to test administration or test security procedures should be directed to the District Assessment Coordinator (DAC).

SCHOOL TEST COORDINATOR'S RESPONSIBILITIES

The test coordinator responsibilities before, during and after the scheduled test is to aid in assuring the integrity of the testing materials and administration. The test coordinator may be the DAC, Building Assessment Coordinator (BAC), Principal, Counselor or other certified personnel who has been designated to coordinate the testing responsibilities; however, the DAC is ultimately responsible for the oversight of testing in schools throughout the district.

BEFORE THE TEST

- Plan and schedule the assessment administration at the school level within the assessment testing window, February 21 – March 31, following the current health and safety guidance.
- **CRITICAL ACTION REQUIRED:** Run the EOP Test Ticket Report from the Technical Education Database System (TEDS) **prior to February 1** to verify students who are eligible for CTE EOP Assessment testing. CTE EOP Test Coordinator must work with your school's TEDS Coordinator to verify students are identified as a concentrator and show at least two credits in their career pathway(s) in TEDS by the February 1 deadline. CTE EOP Assessment test tickets will be generated from TEDS data as of **February 1**.

NOTES:

- Senior concentrator students enrolled in programs where a CTE EOP Assessment is available must take the CTE EOP Assessment, if they are not planning to take an approved industry certification and have not previously tested an end-of-program assessment associated with statewide articulated credit (e.g., CTE EOP Assessment).
 - Students working towards an alternative high school diploma or taking an alternative assessment are **not required** to take CTE EOP Assessment.
 - For a complete listing of available assessments by pathway and CIP CODE, refer to the current year [Career and Technical Education End-of-Program Assessment for Articulated Credit list](#) on the [CTE EOP Assessment website](#).
 - **REMINDER:** TEDS data updates overnight, therefore, verify your data **BEFORE February 1**.
- Review "[Appendix A – CTE End-of-Program \(EOP\) Assessment Online IT Requirements](#)" for information technology preparations, ensure the District Technology Coordinator conducts a sample test to make sure computer labs are in good working order. The [CTE EOP Assessment Online Sample Test](#) should be run on each device that will be used during live testing to ensure success.
 - Carefully read the *CTE EOP Assessment Test Coordinator Manual and Administrator Manual* and complete required [Assessment Regulations Training](#) prior to the administration of the assessment. Know procedures for emergencies,

testing irregularities (e.g., unscheduled fire drills, a student getting sick during testing, technology interruptions or outages) and testing allegations as set forth by your district. Contact your DAC with any questions.

- Determine the best testing locations for students, determine testing group size and select test administrators/proctors.
- Determine the time schedule for administering the assessment, following any district directions you have been provided. Two hours are allocated to complete the assessment. Students with Individualized Education Plans (IEP), 504 Plans and Program Services Plans (PSP) requiring an extended time accommodation will have up to five hours to complete the assessment. Plan for students to have the maximum time allocated to complete the assessment during a single testing session, including extended time accommodation, if applicable.
- Prepare testing schedules and accommodation plans for test administration. Verify that special testing accommodations are properly documented on the student IEP or 504 Plan in IC.
- Provide testing schedules to the school personnel who will be involved with testing.
- Ensure classroom teachers are **NOT** proctoring students enrolled in the specific content area in which the CTE EOP Assessment is being administered. In other words, teachers shall **NOT** proctor their own students.
- Read the *CTE EOP Assessment Test Administrator Manual* to become familiar with the testing scripts.
- Ensure all training sessions and documentation of individuals who administer, proctor or work with CTE EOP Assessment testing in any capacity have completed all required trainings, including the Assessment Regulations Training (e.g., [703 KAR 5:080](#), Administration Code for Kentucky's Educational Assessment Program and [703 KAR 5:070](#), Inclusion of Special Populations in the State-Required Assessment and Accountability Programs, any additional district/school required trainings) prior to the start of the school testing window. Ensure all individuals assisting with the administration of CTE EOP Assessment abide by the information in the CTE EOP Assessment Test Coordinator and Administrator Manuals. There are no CTE EOP Assessment specific trainings.
- Distribute the *CTE EOP Assessment Test Administrator Manual* to test administrators and proctors so they can become familiar with the testing procedures and testing scripts.
- Provide test administrators and proctors with CTE EOP Assessment technical support contact information (e.g., school, district, state and the Career and Technical Education Consortium of States (CTECS)).
- Notify test administrators and proctors with procedures for emergencies, testing irregularities (e.g., unscheduled fire drills, a student getting sick during testing, technology interruptions or outages) and testing allegations during testing as set forth by your district policy and in accordance with [703 KAR 5:080](#), Administration Code for Kentucky's Educational Assessment Program.

- After receiving notification that test tickets are available in E-SESS, the online testing system for CTE EOP Assessment, next access E-SESS to generate the Test Ticket Report prior to the school testing window. Refer to “[Appendix B – Using your E-SESS Administrator Account to Generate Assessment Reports](#)” for instructions. The Test Ticket Report in E-SESS contains the test tickets for each registered student. Once the report is generated, you will be able to view or print the report and distribute the test tickets appropriately. **Do NOT distribute test tickets prior to the day of testing.**

NOTE: Test tickets are considered secure test materials.

- Verify extended time and/or text-to-speech (TTS) reader accommodation(s) are accurately showing on student test ticket(s), if applicable, prior to testing. If any test ticket extended time or text-to-speech reader accommodation adjustments are necessary, the CTE EOP Assessment Coordinator or District Assessment Coordinator may complete those in E-SESS, or contact Sherri Craig, KDE Office of Career and Technical Education (OCTE), at (502) 564-4286 ext. 4226 or sherri.craig@education.ky.gov or Tim Withee, CTECS, at (404) 994-6535 or twithee@ctecs.org for technical assistance.

NOTE: More details regarding accommodations will be provided to District Assessment Coordinators and CTE EOP Assessment Coordinators prior to testing. In 2021-2022, the TTS reader accommodation assistive technology is a new feature in E-SESS.

DURING THE TEST

- Provide test administrators and proctors with a roster of students to be assessed. This roster may be generated using the EOP Test Ticket Report in TEDS.
- Distribute student test tickets on the day of the test using your district and school documenting process for transferring secure testing materials.
- Students requiring extended time accommodation based on their IEPs, 504 Plans or PSPs should have an hourglass symbol in the upper right corner of their test ticket and five (5) hours indicated on their test timer. Upon student log in, if five (5) hours are not showing on the assessment timer in E-SESS, then stop testing, close the assessment, secure the test ticket and immediately contact Sherri Craig, KDE OCTE, at (502) 564-4286 ext. 4226 or sherri.craig@education.ky.gov or Tim Withee, CTECS, at (404) 994-6535 or twithee@ctecs.org for technical assistance.

Students requiring text-to-speech (TTS) reader accommodation based on their IEP should have a headphones symbol in the upper right corner of their test ticket indicating TTS assistive technology is turned on. If TTS is turned on, the student must use headphones during the test administration. Upon student log in, if TTS reader accommodation is not available and should be turned on, then stop testing, close the assessment, secure the test ticket, and immediately contact Sherri Craig, KDE OCTE, at (502) 564-4286 ext. 4226 or

sherri.craig@education.ky.gov or Tim Withee, CTECS, at (404) 994-6535 or twithee@ctecs.org for technical assistance.

NOTE: For CTE EOP Assessment, if a student requires a reader accommodation, a human reader provided by the district will be the default. The TTS reader accommodation assistive technology may be turned on for the student's test ticket(s), if applicable.

- If a student requires a human reader accommodation, then the headphone symbol should not appear on the student's test ticket and the human reader accommodation would be provided by the district.
- Maintain a list of students who tested on each day of the testing window. This should be kept on file by the DAC in a secure location.
- Provide assistance in developing seating charts for each testing session. This is to be filed with the DAC following testing.
- Monitor the test administration.
- In the event of extenuating circumstances (e.g., power outage, bomb threat, fire drill) during the test, stop testing and report the test irregularity to your DAC and notify Sherri Craig, KDE OCTE, at (502) 564-4286 ext. 4226 or sherri.craig@education.ky.gov or Tim Withee, CTECS, at (404) 994-6535 or twithee@ctecs.org for technical assistance.
- Any instance of cheating should be handled in the least disruptive manner consistent with district and school policies. Assessments are to be terminated for students who cheat. All instances of cheating must be reported as a testing allegation.

AFTER THE TEST

- Collect all test materials (e.g., scratch paper, student test tickets) from test administrators and proctors no later than the end of the day of testing, documenting the material transfer. Verify that ALL test materials have been received and properly destroyed.
- Immediately, report any testing irregularities or testing allegations in test administration or test security to the DAC and notify Sherri Craig, KDE OCTE, at (502) 564-4286 ext. 4226 or sherri.craig@education.ky.gov. Testing allegations are to be submitted as they are for other state assessments. Refer to details [Allegation Reporting](http://education.ky.gov/AA/dist supp/Pages/Allegation-Reporting.aspx) at link <http://education.ky.gov/AA/dist supp/Pages/Allegation-Reporting.aspx>. Contact Beth Bales, KDE Office of Legal Services, at (502) 564-4474 or beth.bales@education.ky.gov for assistance with reporting potential testing allegations.
- Disclosure of assessment content is strictly prohibited. If any potential issue regarding an assessment item is identified and reported to you, report the concern to Sherri Craig, KDE OCTE, at (502) 564-4286 ext. 4226 or sherri.craig@education.ky.gov, in accordance with the [Procedures for Reporting Concerns Regarding CTE EOP Assessment Items](#) within this document and in

accordance with the [703 KAR 5:080](#), Administration Code for Kentucky's Educational Assessment Program.

CONTACT INFORMATION – TECHNICAL SUPPORT

General Questions and Support

For questions or support needed before, during or after testing, contact the KDE Office of Career and Technical Education:

Sherri Craig
(502) 564-4286 ext. 4226
sherri.craig@education.ky.gov

TEDS

For questions related to registering students in TEDS, contact the KDE Office of Career and Technical Education:

Claude Christian
(502) 564-4286 ext. 4207
claude.christian@education.ky.gov

Technical or System Issues

For assistance with technical or system issues before or during testing, contact CTECS:

Tim Withee
(404) 994-6535
twithee@ctecs.org

Robyn Marshall
(678) 226-9000 or (404) 994-6534
rmarshall@ctecs.org

Allegation Reporting

For assistance with potential testing allegations, contact the KDE Office of Legal Services:

Beth Bales
(502) 564-4474
beth.bales@education.ky.gov

SUPPORTING INFORMATION – POLICIES AND PROCEDURES

TEST ADMINISTRATION DATES

Assessment Name: Career and Technical Education (CTE) End-of-Program (EOP) Assessment

Registration Deadline: February 1

February 1 is a critical deadline for CTE EOP Assessment registration. Student registration for CTE EOP Assessment testing is generated from Technical Education Database System (TEDS) data as of the February 1 deadline. Only those students identified as a concentrator and show at least two credits within a pathway that aligns to a CTE EOP Assessment in TEDS by **February 1** will be eligible to test.

The EOP Test Ticket Report in TEDS should be utilized to review and confirm students' concentrator status and credits in pathway prior to February 1 of the current school year. **REMINDER:** TEDS data updates overnight, so it is best to verify the data **BEFORE February 1.**

2021-2022 Testing Window: February 21 – March 31

Each school planning to administer the CTE EOP Assessment must plan and schedule the CTE EOP Assessment testing to be completed within the assessment testing window. Schools must identify a consecutive two-week school testing window within the CTE EOP Assessment testing window. All CTE EOP Assessment testing must be completed by March 31.

- **NOTE:** Schools should plan to administer specific CTE EOP assessments (e.g., Accounting, Agribusiness, Computer Programming, Culinary and Food Services) to all students planning to test in the specific CTE EOP assessment at the same time, when possible.

TESTING TIME

- Allow 10-15 minutes for seating and instructions for the test.
- Allow a minimum of 2 hours for completion of the test.

NOTE: Each assessment must be completed during a single uninterrupted testing session and students must **NOT** be given an opportunity to interact with their peers or to receive outside help prior to completing the test.

PROVIDING ADDITIONAL TIME

Prior to testing, develop a plan for students who will need additional testing time to stay in the same location. Additional time will be given to students with an extended time accommodation indicated in their Individualized Education Plans (IEP), 504 Plans or

Program Services Plans (PSP) based on information in Infinite Campus (IC). Under no circumstances may an individual test be given over multiple days or over multiple sessions.

PARTICIPATION

Students identified as a “concentrator” and show at least two credits within a pathway that aligns to a CTE EOP Assessment may test as an option to meet the postsecondary readiness measure for career readiness and to earn articulated credit. A concentrator is defined as a student that has completed 2 courses in a single program of study (career pathway). In Kentucky, a course is defined as 1 credit on the student’s official transcript.

Senior concentrator students enrolled in programs where a CTE EOP Assessment is available **must** take the CTE EOP Assessment if they are not taking an approved industry certification and have not previously tested in an end-of-program assessment associated with statewide articulated credit (e.g. CTE EOP Assessment). For a complete listing of available assessments by pathway and CIP Code, refer to the current year [Career and Technical Education End-of-Program Assessment for Articulated Credit list](#) on the [CTE EOP Assessment web page](#).

NOTE: Students working towards an alternative high school diploma or taking alternative assessment are **not required** to take CTE EOP Assessment.

TEST SECURITY TRAINING

The school test coordinator is responsible for planning and implementing the training session for all individuals involved in the administration of CTE EOP Assessment. The training is required in order to review the instructions for test administration, test security and individual responsibilities, such as distributing and collecting materials and monitoring to make certain that each student is working independently. Test tickets are secure materials and shall be handled in compliance with the [703 KAR 5:080](#), Administration Code for Kentucky's Educational Assessment Program and [703 KAR 5:070](#), Inclusion of Special Populations in the State-Required Assessment and Accountability Programs regulations and trainings. Failure to comply could result in a testing allegation. Detailed information of the required [Assessment Regulations Training](#) procedures can be found at [CTE EOP Assessment web page](#).

Disclosure of assessment content is strictly prohibited. If any potential issues regarding an assessment item are identified and reported to you, report those to Sherri Craig, KDE OCTE, at (502) 564-4286 ext. 4226 or sherri.craig@education.ky.gov, in accordance with the Procedures for Reporting Concerns Regarding CTE EOP Assessment Items within this document and in accordance with the [703 KAR 5:080](#), Administration Code for Kentucky's Educational Assessment Program.

Procedures for Reporting Concerns Regarding CTE EOP Assessment Items

1. Do not reproduce the assessment item in any way.

2. Identify the location of the error (e.g., assessment name, student name, item number – if known).
3. Provide a general description of the concern (e.g., missing answer choices, missing portion of item stem, no correct answer); however, the description shall not unduly compromise the security of the assessment by revealing the content of the item.
4. Notify the CTE EOP Assessment Coordinator and then contact Sherri Craig, KDE OCTE, at (502) 564-4286 ext. 4226 or sherri.craig@education.ky.gov.

Reporting Testing Allegations

Testing allegations are to be submitted as they are for other state assessments. Refer to [Allegation Reporting](#) on KDE website for details. Contact Beth Bales, KDE Office of Legal Services, at (502) 564-4474 or beth.bales@education.ky.gov for assistance with reporting a potential testing allegation.

SCHEDULING AT THE SCHOOL LEVEL

School test coordinators will coordinate the school's testing schedule and assign school personnel who will administer and proctor the assessments. The assessment is to be administered by the DAC, BAC, Principal, Counselor or a classroom teacher who does **NOT** teach the specific content area in which the assessment is being administered. One proctor should be provided for every group of 25-30 students. Proctors must remain in the room for the duration of the test. Students shall **NOT** be left unsupervised during testing.

ADMINISTRATION PROCEDURES/TESTING ENVIRONMENT

The CTE EOP Assessment Test Coordinator and Test Administrator Manuals are not considered secure documents and may be distributed to test administrators prior to the date of the test administration to allow test administrators/proctors to familiarize themselves with the testing instructions and script.

2021-2022 CTE EOP Assessments will **only** be available **in-person** following current health and safety guidance and **must be** proctored **in-person** pursuant to the [703 KAR 5:080](#), Administration Code for Kentucky's Educational Assessment Program and [703 KAR 5:070](#), Inclusion of Special Populations in the State-Required Assessment and Accountability Programs.

School test coordinators are to ensure an optimum testing environment is provided for each student during testing. Trainings developed by the Office of Assessment and Accountability (OAA) provide specific instructions regarding what can be displayed on walls, workstations and other information that clearly defines what students can and cannot use during the test.

Because testing environments can affect student scores, the following guidelines are provided for planning favorable environments.

Size of Testing Sessions: Districts may decide the size of testing sessions, but smaller testing sessions (approximately 25-30 students) provide better testing conditions.

Room: A room that is free from distractions and has adequate light, ventilation and heating or air conditioning provides the most supportive conditions for students.

Seating: Seating must be arranged to minimize the possibility of students communicating with each other either verbally or visually. Each student should be provided with ample scratch paper (blank on both sides, lined or unlined), pencil and computer. The test coordinator/administrator must maintain a seating chart for each testing session to file with the DAC.

When to Test: The CTE EOP Assessment testing window is February 21 – March 31 of the current school year. Each school must plan and schedule the CTE EOP Assessment testing to be completed during their school’s identified consecutive two-week testing window within the assessment testing window. All CTE EOP Assessment testing must be completed by March 31.

Personnel: The assessment must be administered by the DAC, BAC, Principal, Counselor or a classroom teacher who does **NOT** teach the specific content area in which the CTE EOP Assessment is being administered. The test administrator must be a certified school employee. The proctor cannot be the teacher on record for the assessment being administered. If the test is being administered in large groups, at least one proctor should be provided for every group of 25-30 students. Test administrators and test proctors must circulate throughout the testing area while students are testing to make certain that students are completing the test as directed. At no time shall students be left in the testing room unsupervised by appropriate personnel.

Helping Students: All test administrators and proctors must maintain an impartial and professional attitude; in no case may students be given help with the test. Testing procedures should be made clear. Any questions about procedures for marking or correcting answers should be answered by repeating the appropriate sections of the instructions. If a student should ask a question about the test content or the choice of a response, permissible replies include “*Stay on task*” and “*Do your best.*”

Cheating: Any instances of cheating should be handled in the least disruptive manner consistent with district and school policies. Assessments are to be terminated for students who cheat. Students who cheat will receive a failing score and be referred to the Principal and DAC for further appropriate action. All instances of cheating must be reported as a testing allegation.

No Electronic Devices: Students are **NOT** allowed to have cell phones or any other electronic device on the desk or accessible during the testing. Exceptions are made for IEP, 504 Plan or PSP students under very specific, permissible circumstances.

Students Who Finish Early: Prior to testing, advise students to bring books or other reading materials to occupy their time if they finish early. These materials should **NOT** be on student desks while they are taking tests. Items for use after the assessment administration are to be stored away from the student work area and **NOT** accessible until testing materials have been collected, logged in and completion verified by the test administrator. After the administrator has confirmed submission of the assessment in and all secure materials (e.g. test ticket, scratch paper) have been collected, students who finish early may be dismissed in a nondisruptive manner to return to class or designated area, if this can be done without disruption to other students who are testing.

No Books, Dictionaries, Thesauruses, Notes or Other Aids: No reference aids or materials may be accessible to students during the administration of the *CTE EOP Assessment*.

ACCOMMODATIONS FOR STUDENTS WITH SPECIAL NEEDS

Infinite Campus (IC) is the authoritative source for accommodations. Ensure IEPs, 504 Plans and PSPs in IC document all accommodations required for students with special needs. Student testing accommodations must be provided in accordance with the [703 KAR 5:080](#), Administration Code for Kentucky's Educational Assessment Program and [703 KAR 5:070](#), Inclusion of Special Populations in the State-Required Assessment and Accountability Programs regulations and trainings.

- **Large Print:** Students can increase font size for large print by holding the Ctrl key and pressing the + key. Students can decrease font size by holding the Ctrl key and pressing the – key.
- **Readers:** The reader accommodation must be properly documented in IC. Accommodations for readers may be handled by a human reader or text-to-speech (TTS) reader. For CTE EOP Assessment, if a student requires a reader accommodation, a human reader provided by the district/school will be the default. The TTS reader accommodation assistive technology may be turned on for student test tickets in E-SESS, if applicable. Test coordinators should review student test tickets prior to testing to ensure all accommodations are accurately depicted on the students' test ticket(s), if applicable. More details will be provided to District Assessment Coordinators and CTE EOP Assessment Coordinators prior to the assessment testing window opening.
 - If a human reader is utilized, they will read directly from the student's computer screen or by connecting a second monitor to the computer to read the assessment. The reader-to-student ratio must be one-to-one because each of the assessment items and answer choices are randomized. If a student requires a reader accommodation and a human reader is utilized, then the headphone symbol should not appear on the student's test ticket and the human reader accommodation would be provided by the district/school.
 - The TTS reader accommodation is provided within E-SESS. Students requiring TTS reader accommodation based on their IEP should have a headphones symbol in the upper right corner of their test ticket, indicating

TTS assistive technology is turned on. If TTS is turned on, the student must use headphones during the test administration. Once the student logs into their account and begins the assessment, if TTS reader accommodation is not available and should be turned on, stop testing, close the assessment, secure the test ticket and immediately contact Sherri Craig, KDE OCTE, at (502) 564-4286 ext. 4226 or sherri.craig@education.ky.gov or Tim Withee, CTECS, at (404) 994-6535 or twithee@ctecs.org for technical assistance.

- **Extended Time:** The extended time accommodation will be added to a student test account based on student information documented in IC. Test coordinators should review student test tickets prior to testing to ensure extended time accommodations are accurately depicted on the students' test ticket(s). More details will be provided to District Assessment Coordinators and CTE EOP Assessment Coordinators prior to the assessment testing window opening. Once the student logs into their account and begins the assessment, the timer will run down until the student completes the assessment and submits for grading or time expires.

Accommodations data is captured in IC and utilized to indicate extended time accommodation.

- **IEPs with extended time accommodations for assessment and 504 Plans are pulled from IC; however, extended time accommodation for PSPs must be requested.** Test coordinators should verify extended time accuracy prior to testing and request any necessary changes. If there is an issue, contact Sherri Craig, KDE OCTE, at (502) 564-4286 ext. 4226 or sherri.craig@education.ky.gov or Tim Withee, CTECS, at (404) 994-6535 or twithee@ctecs.org for technical assistance.

NOTE: Do **NOT** email Personal Identifiable Information (PII). More details will be provided for updating and/or requesting assistance with accommodations.

TEST REGISTRATION PROCESS

Student registration for CTE EOP Assessment is generated from information provided in TEDS. Schools should run the EOP Test Ticket Report in TEDS prior to the February 1 deadline to verify the complete list of eligible students. Students identified in the EOP Test Ticket Report from TEDS will be uploaded to the online system, E-SESS, for generation of test tickets. Refer to "[Appendix B – Using your E-SESS Administrator Account to Generate Assessment Reports](#)" for instructions to create the Test Ticket Report, which produces the test tickets needed for testing. The same E-SESS administrator account is also used to generate performance reports after scores are finalized.

NOTE: Only school and district personnel with E-SESS accounts identified as CTE EOP Assessment Coordinator or DAC roles have access to the Test Ticket Report in E-SESS for testing.

PART II: CTE EOP ASSESSMENT TEST ADMINISTRATOR MANUAL

TEST ADMINISTRATOR RESPONSIBILITIES

The test administrator has responsibilities before, during and after the scheduled test to guarantee the integrity of the test administration and the testing materials. The test administrator must be a certified school employee.

BEFORE THE TEST

- Make sure classroom teachers are **NOT** proctoring students enrolled in the specific content area in which the CTE EOP Assessment is being administered. In other words, a teacher should **NOT** be proctoring their own students.
- Complete the required [703 KAR 5:080](#), Administration Code for Kentucky's Educational Assessment Program and [703 KAR 5:070](#), Inclusion of Special Populations in the State-Required Assessment and Accountability Programs trainings prior to administering the assessment. Refer to [Assessment Regulations Training](#) on the [CTE EOP Assessment web page](#) for more information at link <https://education.ky.gov/CTE/endofprog/Pages/default.aspx>.
- Read and adhere to all instructions for test administration in the *CTE EOP Assessment Test Administrator Manual*. Also, refer to “[Appendix C](#) – E-SESS Test Participant Log In and Navigation Instructions” and “[Appendix D](#) – IT Tips and Solutions” for additional information. Contact your CTE EOP Assessment Test Coordinator with any questions.
- Know procedures for emergencies, testing irregularities (e.g., unscheduled fire drills, a student getting sick during testing, technology interruptions or outages) and testing allegations as set forth by your district. Contact your CTE EOP Assessment Test Coordinator with any questions. Maintain access to contact information for technical support, CTE EOP Assessment Coordinator and District Assessment Coordinator (DAC).
- Prepare the testing room and cover or remove any posters or materials on the walls and/or desks that might provide instruction or assistance to students.
- Obtain student roster and test tickets from your CTE EOP Assessment Test Coordinator who will verify student eligibility prior to testing.

NOTE: Be aware that test tickets are **secure materials** and shall be handled in compliance with the [703 KAR 5:080](#), Administration Code for Kentucky's Educational Assessment Program and [703 KAR 5:070](#), Inclusion of Special Populations in the State-Required Assessment and Accountability Programs regulations and trainings. **Failure to comply could result in a testing allegation.**

- On the day of the test, ensure you have all necessary materials for test administration: CTE EOP Assessment Administration Manual, pencils, scratch paper (blank on both sides, lined or unlined), student roster, seating chart, permissible calculators (e.g., handheld calculator permitted under [KDE Calculator Policy](#), online calculator available within E-SESS) and test tickets.
- Electronic devices are strictly prohibited unless a student has an accommodation plan that allows a specific permissible device.
- No personal belongings are to be on desks or tabletops. Whenever possible, have students store backpacks and personal belongings in the rear of the testing room.
- Assessments should be administered in accordance with current health and safety guidance.

DURING THE TEST

- Post a “Testing” sign on your classroom door.
- Follow the script in this test administration manual VERBATIM.
- Provide accommodations as outlined in student IEP, 504 Plan or PSP provided by your school’s CTE EOP Assessment Test Coordinator.
- After the students log in to their test accounts and begin the assessment, verify students requiring extended time accommodations based on IEPs, 504 Plans or PSPs have five (5) hours indicated on their test timer. If extended time is not on the student’s test timer, then immediately contact Sherri Craig, KDE OCTE, at (502) 564-4286 ext. 4226 or sherri.craig@education.ky.gov or Tim Withee, CTECS, at (404) 994-6535 or twithee@ctecs.org for technical assistance.
- Students shall **NOT** be left unattended in the test room and with test materials.
- Students shall **NOT** receive any assistance from anyone or use any other materials beyond those specified in this manual. No dictionaries, reference materials, or other instructional aides are allowed.
- Walk the room and actively monitor students during testing.
- Ensure that students do **NOT** open another web browser or any other computer programs during testing. If this is observed, report it to the CTE EOP Assessment Coordinator and/or DAC immediately following the testing session.
- Document any unusual conditions or situations that may affect students’ scores.
- Be aware of remaining testing time and remind students as appropriate.
- **DISCLOSURE OF TEST CONTENT IS STRICTLY PROHIBITED. DO NOT** discuss, read, review, copy, reproduce and/or take notes on the assessment items or student responses.
- After each student completes their assessment, confirm their assessment successfully submitted in E-SESS, then collect their test ticket and scratch paper.

AFTER THE TEST

- Ensure all scratch paper and student test tickets have been collected. Students are to leave the room with only their personal belongings.
- Follow your district/school's procedures for sorting test materials and return them to your school test coordinator as soon as possible, but no later than the end of the school day. All materials are secure documents and must **NOT** be left unsecured.
- Immediately report any test irregularities, testing allegations or breaches of security to your CTE EOP Assessment Test Coordinator and/or DAC.
- **Disclosure of assessment content is strictly prohibited.** Student responses are **NEVER** to be copied or disclosed. **Failure to comply could result in a testing allegation.** If any potential issues regarding an assessment item are identified and reported to you, report those to the CTE EOP Assessment Coordinator in accordance with the [Procedures for Reporting Concerns Regarding CTE EOP Assessment Items](#) within this document and in accordance with the Administration Code for Kentucky's Educational Assessment Program.

ADMINISTRATION PROCEDURES

This manual contains a description of the procedures to be used when administering the Career and Technical Education (CTE) End-of-Program (EOP) Assessment along with detailed instructions to read to students. Read and understand these instructions thoroughly before administering the test.

TESTING MATERIALS

Only the following materials are allowed for CTE EOP Assessment:

- The Test Administrator Manual
- A computer for each student
- A student roster and seating chart
- Log in information – test ticket for each student
- A supply of pencils with erasers
- Scratch paper (blank on both sides, lined or unlined)
- A calculator is permissible in accordance with the [KDE Calculator Policy](#)
NOTE: A calculator is also available within E-SESS.

TEST SECURITY

All testing personnel are bound by testing procedures and test security measures as outlined in the [Assessment Regulations Training](#) in accordance with [703 KAR 5:080](#), Administration Code for Kentucky's Educational Assessment Program and [703 KAR](#)

[5:070](#), Inclusion of Special Populations in the State-Required Assessment and Accountability Programs. The DAC or Principal of each school is responsible for providing complete training annually in test security and test administration for all school personnel involved in the administration of state assessments. The training session held before testing should include the [Assessment Regulations Training](#), review of these instructions, test security and individual responsibilities, such as distributing and collecting materials and checking to make certain that each student is working on the appropriate part of the test. Test tickets are secure materials and shall be handled in compliance with assessment regulations and trainings.

Disclosure of the assessment content is strictly prohibited. School officials, including test administrators and proctors, are not authorized to view the assessment content, make notes or copies of any assessment items. Only individuals providing required accommodations for students may view content of the assessment when reading to an individual student. Only the student listed on the test ticket is permitted to log into the student account. If any potential assessment issues are reported to you, then notify your CTE EOP Assessment Coordinator in accordance the [Procedures for Reporting Concerns Regarding CTE EOP Assessment Items](#) within this document and in accordance with [703 KAR 5:080](#), Administration Code for Kentucky's Educational Assessment Program. **Failure to comply could result in a testing allegation.**

ADMINISTRATION PROCEDURES / TESTING ENVIRONMENT

The CTE EOP Assessment Test Coordinator and Test Administrator Manuals are not considered secure documents and may be distributed to test administrators prior to the date of the test administration to allow test administrators/proctors to familiarize themselves with the testing instructions and script. Refer to “[Appendix C – E-SESS Test Participant Log In and Navigation Instructions](#)” and “[Appendix D – IT Tips and Solutions](#)” for additional information.

2021-2022 CTE EOP Assessment will **only** be available **in-person** following the current health and safety guidance and **must be** proctored **in-person** pursuant to the [703 KAR 5:080](#), Administration Code for Kentucky's Educational Assessment Program and [703 KAR 5:070](#), Inclusion of Special Populations in the State-Required Assessment and Accountability Programs.

School test coordinators are to ensure an optimum testing environment is provided for each student taking a test. Trainings developed by the Office of Assessment and Accountability (OAA) provide specific instructions regarding what can be displayed on walls, workstations and other information that clearly defines what students can and cannot use during the test.

Because testing environments can affect student scores, the following guidelines are provided for planning favorable environments.

Size of Testing Sessions: Districts may decide the sizes of testing sessions, but smaller testing sessions (approximately 25-30 students) provide better testing conditions.

The Room: A room that is free from distractions and has adequate light, ventilation and heating or air conditioning provides the most supportive conditions for students.

Seating: Seating must be arranged to minimize the possibility of students communicating with each other either verbally or visually. Each student should be provided with ample blank, front and back, scratch paper (lined or unlined), pencil and computer. The test coordinator/administrator must maintain a seating chart for each testing session to file with the DAC.

When to Test: The CTE EOP Assessment testing window is February 21 – March 31 of the current school year. Each school must plan and schedule the CTE EOP Assessment testing to be completed during their school’s identified consecutive two-week testing window within the assessment testing window. All CTE EOP Assessment testing must be completed by March 31.

Personnel: The assessment must be administered by the DAC, BAC, Principal, Counselor or a classroom teacher who does **NOT** teach the specific content area in which the CTE EOP Assessment is being administered. The test administrator must be a certified school employee. The proctor cannot be the teacher on record for the assessment being administered. If the test is being administered in large groups, at least one proctor should be provided for every group of 25-30 students. Test administrators and test proctors must circulate throughout the testing area while students are testing to make certain that students are completing the test as directed. At no time shall students be left in the testing room unsupervised by appropriate personnel.

Helping Students: All test administrators and proctors must maintain an impartial and professional attitude; in no case may students be given help with the test. Testing procedures should be made clear. Any questions about procedures for marking or correcting answers should be answered by repeating the appropriate sections of the instructions. If a student should ask a question about the test content or the choice of a response, permissible replies include “*Stay on task*” and “*Do your best.*”

Cheating: Any instances of cheating should be handled in the least disruptive manner consistent with district and school policies. Assessments are to be terminated for students who cheat. Students who cheat will receive a failing score and be referred to the Principal and DAC for further appropriate action. All instances of cheating must be reported as a testing allegation.

No Electronic Devices: Students are **NOT** allowed to have cell phones or any other electronic device on the desk or accessible during the testing. Exceptions are made for IEP, 504 Plan, or PSP students under very specific, permissible circumstances.

Students Who Finish Early: Prior to testing, advise students to bring books or other reading materials to occupy their time if they finish early. These materials should **NOT** be on student desks while they are taking tests. Items for use after the assessment administration are to be stored away from the student work area and **NOT** accessible until testing materials have been collected, logged in and completion verified by the test

administrator. After the administrator has confirmed submission of the assessment in E-SESS and all secure materials (e.g. test ticket, scratch paper) have been collected, students who finish early may be dismissed in a nondisruptive manner to return to class or designated area, if this can be done without disruption to other students who are testing.

No Books, Dictionaries, Thesauruses, Notes or Other Aids: No reference aids or materials may be accessible to students during the CTE EOP Assessment.

TESTING TIMES:

- Allow 10-15 minutes for seating and instructions for the test.
- Allow 2 hours for completion of the test.

NOTE: Each assessment must be completed during a single uninterrupted testing session and students must **NOT** be given an opportunity to interact with their peers or to receive outside help prior to completing the test.

PROVIDING ADDITIONAL TIME

Prior to testing, develop a plan for students who will need additional testing time to stay in the same location. Additional time will be given to students with an extended time accommodation indicated in their Individualized Education Plans (IEP), 504 Plans or Program Services Plans (PSP) based on information in IC. Under no circumstances may an individual test be given over multiple days or over multiple sessions.

CTE EOP ASSESSMENT INSTRUCTIONS (Script)

Verify attendance using the student roster provided by the CTE EOP Assessment Coordinator. Document room arrangement and attendance on a seating chart to be filed with the District Assessment Coordinator (DAC).

When all students are quietly seated at their computer station with pencils, erasers, and scratch paper (blank on both sides, lined or unlined):

SAY You are here to take the Career and Technical Education (CTE) End-of-Program (EOP) Assessment for articulated credit. The assessment is administered through an online testing system, E-SESS.

If you have any questions as we go through the instructions, please raise your hand.

SAY There are a few items we need to cover to help ensure a smooth testing experience. Please listen carefully.

- You can increase the font and picture size by using CTRL +, to make the font and picture size smaller use CTRL -.

- A calculator is available within E-SESS by selecting the “Show calculator” button. Only a permissible calculator may be used.
- Remember to click the “Next Item” button after answering each question.
- If you want to go back to a question at the end of the assessment, remember to mark the box labeled “Mark for Review.” These questions will be highlighted in blue in the summary page at the end of the assessment.
- When you have completed the assessment, a screen will show all the questions and answers you plan to submit. Review the summary and look for any questions in red. Those are the questions you have not yet answered. You may also select the “Show unanswered” button.

I will now distribute the test tickets. **DO NOT** log in until you are told to do so.

DO Distribute the test tickets and confirm the student name and assessment name listed on the test tickets are accurate for each student.

SAY You should have a test ticket, scratch paper and a pencil on your desk; there should **NOT** be any other materials on your workstation. Is anyone missing their test ticket, scratch paper or pencil?

DO Ensure all students have the necessary testing items.

SAY Verify your name and assessment name are accurate on your test ticket.

DO Ensure all students have the correct test ticket.

SAY There are 120 questions and you will have 2 hours to complete this assessment. There is a timer on your screen that will tell you how much time is left. When the timer expires, your assessment will be automatically submitted.

If you finish testing early and have reviewed your answers, you can submit your assessment by clicking the “Submit for Grading” button.

Once you have submitted your assessment, raise your hand and I will pick up your test ticket, scratch paper and confirm that you have properly submitted the assessment on the computer.

After I have collected your assessment materials, you may read any materials you have brought with you. However, due to test security, please do not talk and disturb others.

Are there any questions?

DO Answer any questions.

NOTE: Students will have up to 2 hours regular time to test; however, students with extended time accommodations will have up to 5 hours to complete the

assessment. Prior arrangements must be made to ensure students have adequate time to complete the assessment in a single testing session.

SAY By logging into this assessment, you are agreeing to maintain the security and integrity of this assessment by not discussing or disclosing the content of the assessment.

Are there any questions?

DO Answer any questions.

SAY You may now log in and begin your assessment.

Approximate Start Time: _____ Approximate Stop Time: _____

DO Ensure students requiring additional time as indicated in their IEP, 504 Plan or PSP have five (5) hours on their test timer. If the extended time is not displayed accurately immediately contact Sherri Craig, KDE OCTE, at (502) 564-4286 ext. 4226 or sherri.craig@education.ky.gov or Tim Withee, CTECS, at (404) 994-6535 or twithee@ctecs.org for technical assistance.

APPENDIX A

CTE END-OF-PROGRAM (EOP) ASSESSMENT ONLINE IT REQUIREMENTS

TECHNICAL SPECIFICATIONS

CTE EOP Assessments are administered using the online assessment system, E-SESS, through Pitsco Education. Please review the following technical specifications provided by Pitsco Education, Career and Technical Education Consortium of States (CTECS) and Kentucky Department of Education (KDE) to ensure a smooth testing experience. District Assessment Coordinators (DAC), Building Assessment Coordinators (BAC) and Principals should communicate with Building and District Technology Coordinators to confirm all guidelines in this document are addressed.

Browser: The testing program is supported in Chrome, Edge, Firefox and Safari.

KDE Specific Browser Update:

- **Firefox or Chrome are preferred on Mac OS. An issue has been reported with Safari in the past.**
- **Chrome is preferred on Windows.**

Other browsers beyond what is listed above may work, but the specified browsers are the only versions actively tested and supported. We will try to help with any other browsers or older versions but offer no guarantees. Bandwidth may be an issue if it's not "dedicated." A school may have 5 T1s, but if they have 50 students in the library streaming videos, the entire pipe is going to be used. The bandwidth estimation of this requirement is based on 150-200 students simultaneously taking the assessment on a dedicated T1 and experiencing no delays.

Reporting: In some cases, in-browser reports are augmented with spreadsheet and/or PDF documents. Excel (or compatible) and a PDF reader (such as Acrobat Reader) are optional, but not required.

Audio: Using the audio feature requires additional bandwidth; you may notice slower response times during testing. CTECS recommends using wired computer internet connections. Audio is played using HTML 5 technology.

Display Properties: The testing program is best viewed at 1024 x 768 display resolution or higher. It will work at 800 x 600.

Memory: There are no specific requirements for the CPU, RAM, etc. If the machine will run the browser, the E-SESS application will run.

Proxy Server Settings: Make sure that the proxy server will not cache Techfluency.org. Responses must be sent directly to the E-SESS server. Do not begin

testing students until proxy server settings allow communication to flow to and from E-SESS. **Otherwise, the students will finish the test and receive a 0 score.**

Be sure to take the sample test (refer to next section) to test your devices and system. The timer (clock) should display correctly on the screen; if not, there is a problem and students cannot test until it is resolved.

Sample Test: Access the sample test at each location before students begin testing. This ensures that there are no proxy servers preventing access to the site, no software packages preventing cookies/sessions from being stored, etc. The sample test may be accessed multiple times by individual users.

To access the sample CTE EOP Assessment test:

1. Go to www.techfluency.org/esess/
2. Make the following entries into the four blanks:
Organization: KYEOP
First Name: Sample
Last Name: Sample
Password: Sample

Organization

First Name

Last Name

Password

 Log In

Need help? Look at the [Participant Guide](#) for a visual orientation to the participant assessment interface.

3. Click **Log In**.
4. Click **Continue**.
5. Click **Begin**.

NOTE: At least one graphic should be visible, and the timer should be visible and clearly readable throughout the test.

Firewalls and server settings: Ensure www.techfluency.org and any subdomains are not blocked.

The only exception will be images and audio (text-to-speech feature) used on the tests. The images are hosted on Amazon's S3 servers. Server name: media.techfluency.org

Add Server name: "techfluency.org" to the permit lists on the firewalls, internet filters and proxies.

District Guidelines for Network Activity Moratorium During Online Testing:

The following is a list of recommended best practices for district technology personnel to have in place during scheduled online testing windows in their district.

Use of these recommendations will greatly improve the testing experience for the students and reduce or eliminate possible activity that could impede the online testing system. These guidelines apply to all online tests. They were specifically designed to focus on best practices and lessons learned from past testing sessions.

Most Importantly:

Communicate with the DAC or ATC Principal to make sure you have these guidelines in place to meet their scheduled tests.

During Testing Windows:

1. Disable wireless guest networks
2. If a district has routers within their LAN, establish QOS rules to prioritize access to testing sites
3. Whitelist testing sites "techfluency.org" (Proxy/Internet Filter)
4. Restrict or ban certain network activity during testing window. This should include:
 - a. Video streaming (YouTube, Discovery, Netflix, Hulu, Hudi, etc.)
 - b. Audio streaming (Pandora, iHeartRadio, Slacker, etc.)
 - c. Large data moves or backup/restoration projects
 - d. Alterations to LAN network equipment
 - e. Removal or additions to network LAN
 - f. System updates (OS Updates, Patches, Software Updates, etc.). These should be rescheduled, after the testing window
 - g. App updates or downloads. These should be scheduled for after the testing window
 - h. Video conferencing

APPENDIX B

USING YOUR E-SESS ADMINISTRATOR ACCOUNT TO GENERATE ASSESSMENT REPORTS

Once administrator accounts are created in E-SESS, the CTE EOP Assessment Coordinator, DAC and CTE EOP Assessment Report User accounts will receive an e-mail message from Pitsco Education (esess@pitsco.com) with the Test Site Administrator account information.

- The CTE EOP Assessment Test Coordinator account is the primary contact at the school site. Test Coordinators will access E-SESS, the online testing system, to view and print student assessment log in information (test tickets) and summative reports.
- The DAC account will have access to each school within their district, including student assessment log in information (test tickets) and summative reports.
- CTE EOP Assessment Report User account will have access to their school level or district level summative reports only.

NOTE: Be aware log in credentials are considered secure information and shall **NOT** be shared with others in your school or district. The CTE EOP Assessment Test Coordinator and DAC are accountable for maintaining security of the online system. **Failure to comply could result in a testing allegation.**

Prior to the day of the testing, the CTE EOP Assessment Test Coordinator will access E-SESS and generate the Test Ticket Report. This report contains test tickets for each registered student. Once the report is generated, the Test Coordinator will be able to view, print and distribute the test tickets appropriately.

NOTE: Do **NOT** wait until the day of testing to review and prepare the test tickets; however, the test tickets shall **NOT** be distributed prior to the day of testing.

Be aware test tickets are secure materials and shall be handled in compliance with the [703 KAR 5:080](#), Administration Code for Kentucky's Educational Assessment Program and [703 KAR 5:070](#), Inclusion of Special Populations in the State-Required Assessment and Accountability Programs regulations and trainings. Failure to comply could result in a testing allegation.

After the assessment testing window closes on March 31, the DAC, CTE EOP Assessment Coordinator and Report Users will be notified when the following summative assessment reports are available:

- Assessment Enrollment Report
- Assessment Statistics
- Assessment Statistics Summary
- Grade Report

- Participant Information Report
- Standards Performance Report
- Standards Performance Summary with Graph Report

NOTES/TIPS

- Only registered user accounts have access to the administrative menu items covered in this manual.
- The words “participant” and “student” are interchangeable in the E-SESS software and this manual.
- Use CTRL+F to search the manual for specific words/phrases.
- Contact KDE, Office of Career and Technical Education (OCTE), or the Career and Technical Education Consortium of States (CTECS) when you require technical assistance related to CTE EOP Assessment administration.

Steps to Log in to Your District / School E-SESS Administrator Account

1. Follow the link provided in the e-mail message.
(<http://www.techfluency.org/esess/Admin>)
2. Enter your school email address in the Username field.
3. Enter your password in the Password field. Refer to instructions provided by Pitsco Education.
4. Click the Log In button. The Administrative Menu will be displayed.

Administrative Menu

The menu provides access to participants, reports and the Help menu.

Steps to Print Test Tickets Using the Test Ticket Report

Prior to the day of the test, the CTE EOP Assessment Coordinator will access E-SESS and generate the Test Tickets Report. This report contains the test tickets for each registered student to log in and take their assessment. Once the report is generated, the CTE EOP Assessment Coordinator will be able to view or print the report and distribute the test tickets appropriately. Prior to testing, the CTE EOP Assessment Coordinator should review the test tickets and verify accommodation(s) (e.g., extended time, reader) are accurate, if applicable.

- The Test Ticket Report generates an alphabetical, block-format list of participant names and passwords. The report is designed to be printed. The report can be filtered by school name and assessment name.
- Each log in information block (e.g., test ticket) can be cut out and distributed to the test administrators/proctors.
- Do **NOT** distribute test tickets prior to the day of testing. The test tickets are **secure test materials**.
- For assistance, contact Sherri Craig, KDE OCTE, at (502) 564-4286 ext. 4226 or sherri.craig@education.ky.gov or Tim Withee, CTECS, at (404) 994-6535 or twithee@ctecs.org.

IMPORTANT NOTES

- **Be aware that test tickets are secure materials and shall be handled in compliance with the [703 KAR 5:080](#), Administration Code for Kentucky's Educational Assessment Program and [703 KAR 5:070](#), Inclusion of Special Populations in the State-Required Assessment and Accountability Programs regulations and trainings. **Failure to comply could result in a testing allegation.****

- The CTE EOP Assessment Test Coordinator and DAC are accountable for maintaining security of the online system. Failure to comply could result in a testing allegation.

To use the Test Tickets Report

This report can be generated by school name, assessment name and other report filters. If no filters are used, the default Test Ticket Report lists all participants for a given organization.

1. Select the Test Tickets Report from the Participant menu. The Test Tickets Report filters displays.

2. Filter the report.
 - a. Click the + to expand the filter.
 - b. Click the drop-down arrows to set the range.
3. The **"Page break on"** drop-down enables the report to insert a page break on designated demographic (for example, "Search by Last Name"). The log in cards are then grouped by that demographic; each new demographic prints on a new page with a header listing the demographic.
4. Click the **Show Test Tickets** button. A filtered Test Tickets Report displays.
5. Print or save the report as a .pdf by following one of the steps below.

- a. (recommended) Click the **PDF Version** button to create a .pdf version of the report.
- b. Click the **Print** button to see a printable version of the report in your browser window.

Test tickets contain log in information for the student(s) to access their test.

Site URL: <https://www.techfluency.org/esess>

Org. Name: KYEOP

First Name: student's first name

Last Name: student's last name

Password: password

Assessment: name of assessment

NOTES:

- If an hourglass symbol is displayed in the upper right corner of the test ticket, then the student account has been identified to receive extended time accommodation. Five (5) hours should be displayed on the student's assessment timer upon log in. Follow the student's IEP, 504 Plan or PSP to determine the appropriate amount of extended time to allow for testing.
- If a headphones symbol is displayed in the upper right corner of the test ticket, the text-to-speech (TTS) assistive technology has been turned on for the test ticket. If TTS is turned on, the student must use headphones during the test administration.

APPENDIX C

E-SESS TEST PARTICIPANT LOG IN AND NAVIGATION INSTRUCTIONS

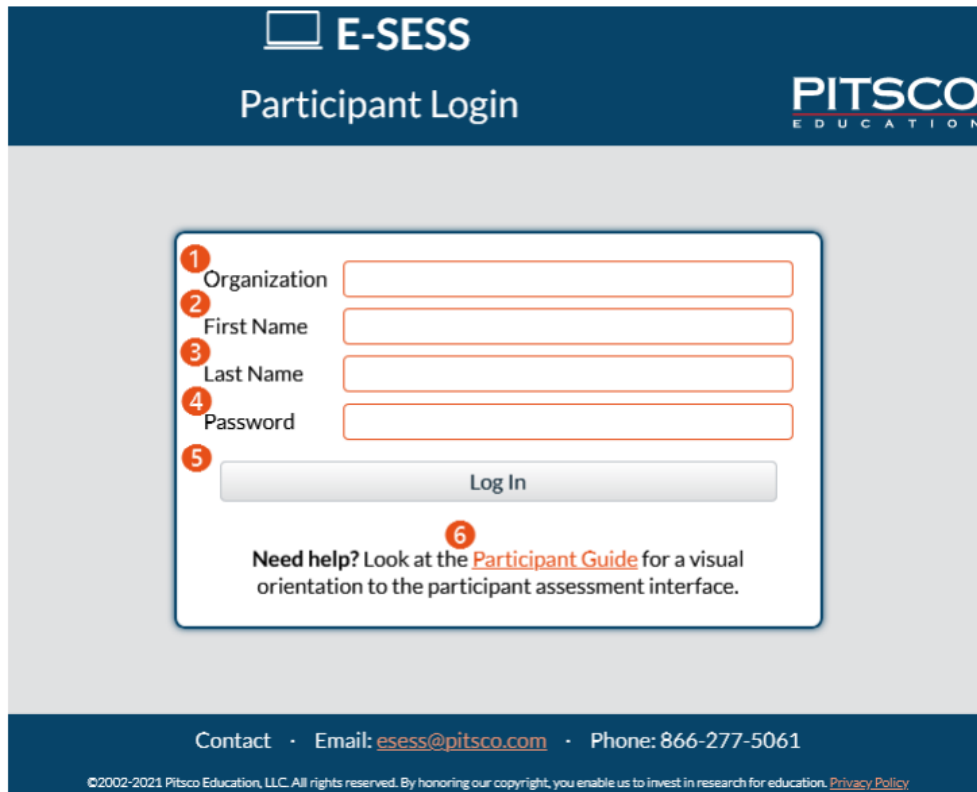

TEST TICKET

Below is a sample test ticket. Each row on the ticket will be used to access the online test. The most critical row is the Site URL. Type the Site URL into the address bar of the web browser to access the participant testing site.

Site URL:	<i>https://www.techfluency.org/esess</i>	
Org. Name:	<i>organization name</i>	
First Name:	<i>student's first name</i>	
Last Name:	<i>student's last name</i>	
Password:	<i>password</i>	
Assessment:	<i>name of assessment</i>	

LOG IN

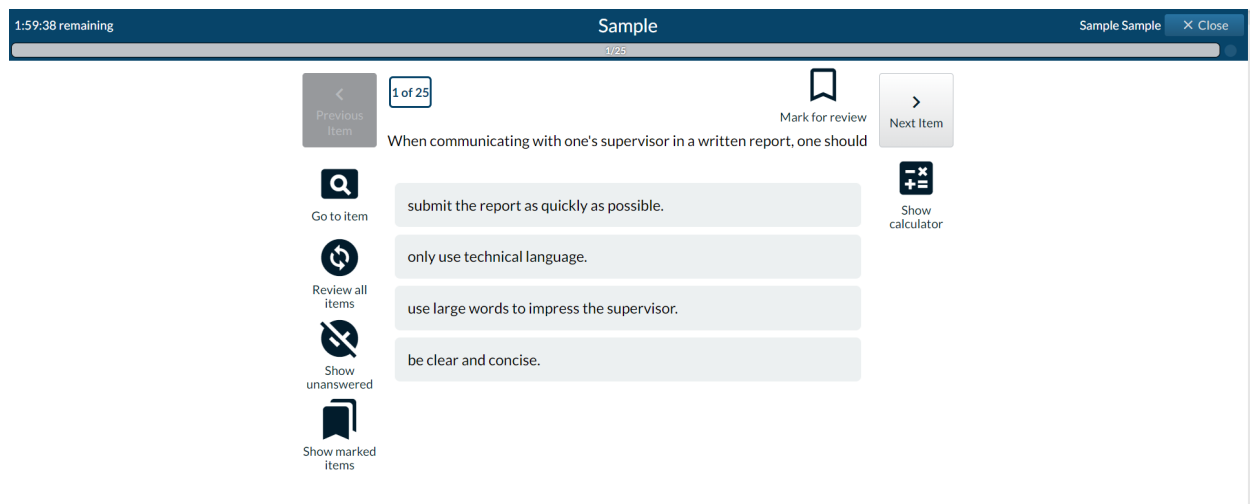

Below is a screenshot of the test participant/student log in page. Students will type in the information given on their test tickets here. The information is **NOT** case sensitive. Do not let students change their name. It may invalidate their scores.

1. **Organization:** This information is provided by the test coordinator/administrator (as provided on the test ticket).
2. **First Name:** Type the student's first name as it was provided on the test ticket.
3. **Last Name:** Type the student's last name as it was provided on the test ticket.
4. **Password:** Type the student's password as it was provided on the test ticket.
5. **Log In:** Click this button to proceed after students have entered all the necessary information described above.
6. **Participant Guide:** This link will open the Participant Guide.

SAMPLE ASSESSMENT ITEM

This is an example of an assessment item. After students click the “Begin” button on the Participant Home Page, they will see a screen similar to this one.

1. **Time Remaining:** If the test is timed, the time remaining will be displayed in the upper left corner and run down to zero.
2. **Assessment Name:** The name of the assessment. (e.g., Sample)
3. **Participant Name:** The name of the participant logged in. (e.g., Sample Sample)
4. **Close Assessment:** This button, in the upper right corner, launches the Submit page. If there are unanswered items, you can choose to continue working to go back or submit the assessment to send answers for grading.
5. **Network Status:** This icon, below the close button, has three states:
 - a) Dark blue – nothing has been sent to the server – the assessment remains in this state until an answer is selected.

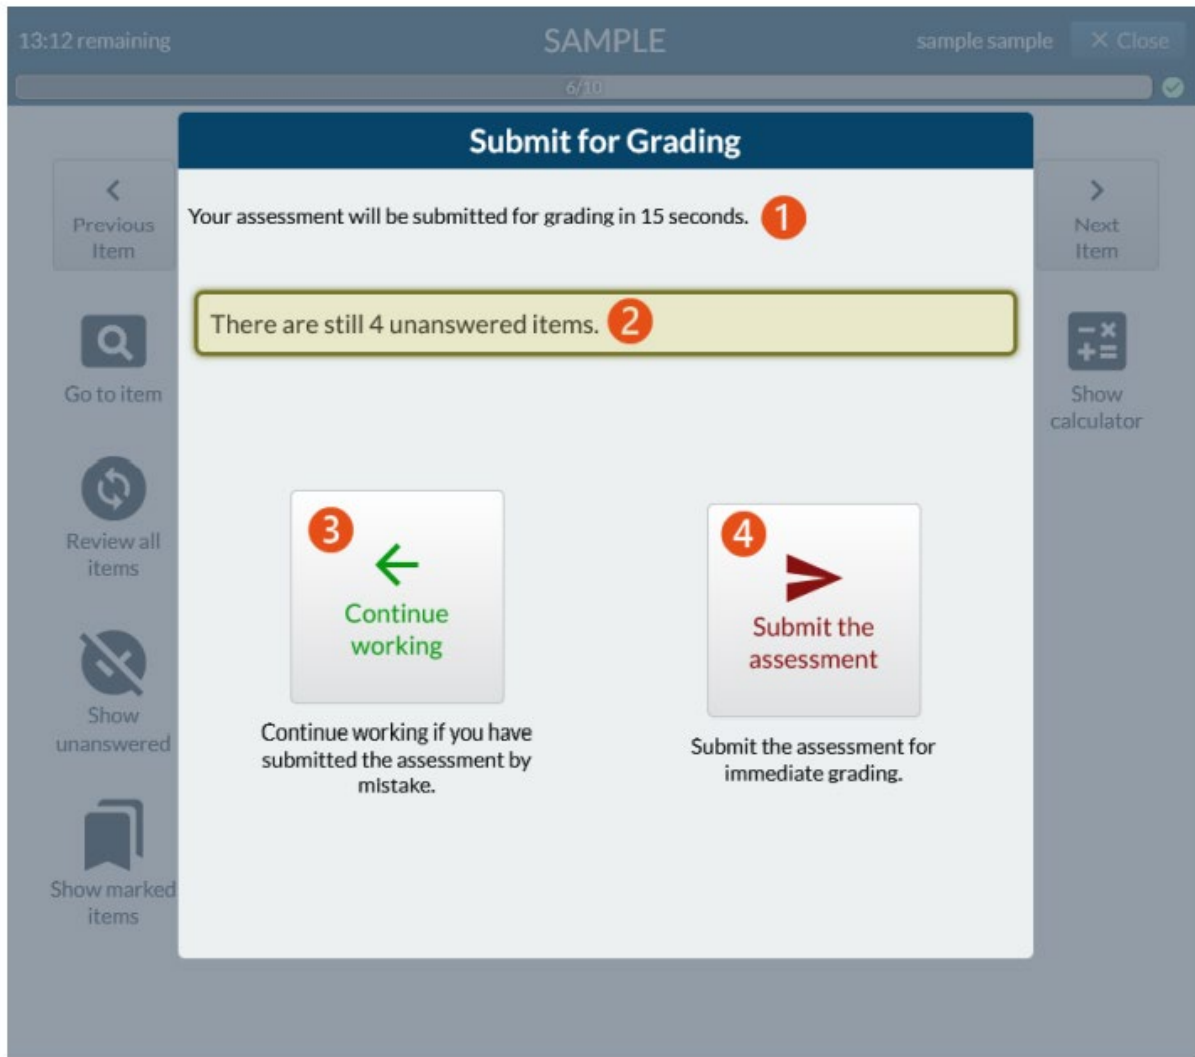

- b) Yellow horizontal ellipsis – waiting for server response – indicates answers have been selected but not sent to the server yet.
 - c) Green check mark – all answers have been saved – indicates selected answers have been sent to the server and saved.
6. **Progress bar:** Indicates test progress or review mode.
 7. **Previous Item:** Navigates back to the last question.
 8. **Item Count:** This displays the current item number and the total number of items on the test.
 9. **Mark for review:** Use this bookmark if you wish to mark the item for review. If you do so, the bookmark will be highlighted blue. Bookmarked items are visible when using Show marked items. You may mark as many items as you like for review. Items may be answered or left blank when marked for review. It is a visual reminder only. It does not affect the assessment.
 10. **Next Item:** Navigates to the next question.
 11. **Go to Item:** Click this button to select a specific question to go to.
 12. **Question and Answer options:** Item text and available option choices. Unanswered questions are marked incorrect. Click the option box to select your answer. You may choose only one option. You can change your answer by clicking a different option. After a question has been answered, you cannot cancel the option to leave the item unanswered.
 13. **Calculator:** If the calculator is available in the assessment, click this button to gain access to a basic 4-function calculator.
 14. **Review Items:** Click this button to display all the items for the entire test. Use the scroll bar to navigate through the items. Review Items mode is also active after you answer the last question. Reviewing items displays all chosen answers highlighted blue. Answers can be changed in review mode by clicking a different option.
 15. **Show unanswered:** Click this button to display only unanswered questions.
 16. **Show marked items:** Click this button to display only items that have been marked for review.
 17. **Submit for Grading:** This button is only visible while in Reviewing items mode. When you are finished with your test, click Submit for Grading to confirm test submission.

REVIEW ASSESSMENT

After students have answered all the items or if they click the “Review Items” button, students will see a summary page displaying all the items for the entire assessment. This page displays all their chosen answers and lists the items vertically so they can scroll down to check each answer. Once students have checked all answers, click on the “Submit for Grading” button.

Clicking the “Submit for Grading” button will submit the assessment for grading and lock students out of the assessment. Do not have students click this button until they are satisfied with all their answers and ready to submit their assessment for grading.

After students click “Submit for Grading”, they will see the Assessment Submission page. It gives them an opportunity to continue working or finalize the submission.

1. **Submission text:** This text shows the remaining time before the assessment is automatically submitted if no action is taken.
2. **Unanswered item status:** If there are unanswered items, this text will show how many items have not been answered.
3. **Continue working:** Clicking this button takes the student back into the assessment and allows them to continue working.
4. **Submit the assessment:** Clicking this button submits the assessment for grading and brings up any conclusion text, such as the score if it is available.

APPENDIX D

IT TIPS AND SOLUTIONS

The students are using an online assessment tool called E-SESS. The website is www.techfluency.org. Below are some problems you might experience during online testing. Please check this list to the best of your abilities before proceeding. If this does not appear to be the problem, then escalate the problem appropriately.

If you must escalate the problem, please have the following information available:

- Browser name and version (e.g., Chrome, Edge, Firefox)
- What time the problem began and if it is still currently going on.
- Is your lab running on wireless, or are the computers physically connected to the network?

If the students are having general connection issues, check the following:

- If possible, check the packet loss in the lab.
- Perform a traceroute to www.techfluency.org to see if the connection to E-SESS is OK and packet loss (“No Reply” or “Host Unreachable”) is minimal.

Next, refer to the following troubleshooting steps:

1. The test will not load at all. The student clicks the Begin button, but the page never opens.
 - a. Check the firewall and/or proxy server to see if www.techfluency.org or any subdomains are blocked.
 - b. Close all open browser windows (even any minimized ones). Try again. It is possible for the test to already be open and minimized, or for an open window to prevent the test from opening.
2. The student clicks Begin, and the page opens, but the assessment never appears.
 - a. Check the browser version. The assessment program is supported in Chrome, Edge, Firefox, and Safari.
 - **Firefox or Chrome are preferred on Mac OS.** An issue has been reported with Safari in the past.
 - **Chrome is preferred on Windows.**
 - b. Try closing the assessment and click Begin again.
 - c. Check for any specific errors showing up and contact CTECS with the exact error message.
3. “The students keep getting disconnected.” The message on the screen should be something like “Please wait while your test is being loaded. The connection to the server has slowed or stopped...”
 - a. This means the AJAX call to E-SESS failed. This could be due to server packet loss on an overloaded network. When the student begins the assessment, it will

download about 1+MB, but the typical transaction after that is less than 10K, so it doesn't require much bandwidth. You might also check to see if a firewall or proxy server is blocking communication with www.techfluency.org.

4. The test is going really slow. Each question takes more than ten seconds to load.
 - a. The simplest check is to see if it is the computer itself. Check the browser to be sure that it is adequately responsive when changing to other sites, such as the local school website. If the computer seems acceptable, try a connection speed test, such as <http://speedtest.net>. Run the test to see if the numbers are abnormally low.

If you have any technical concerns prior to testing, please contact CTECS via phone or email.
