

The Kentucky Department of Education Presents

NEW SKILLS FOR YOUTH

JPMORGAN CHASE & Co.

Meet the 1st Cohort of Regional Career Academies in Kentucky...

Academy Profiles

**BURGIN
INDEPENDENT**

"Through collaboration, we have developed the idea of the US 127 Regional Career Academy that will allow us to provide students with meaningful and hands-on learning experiences...in order to build a stronger, highly skilled and sustainable workforce to meet the needs of our community now and in the future."

**CORBIN
INDEPENDENT**

"The Southeastern Kentucky Regional Career Academy will include public school districts, area technology centers, postsecondary and multiple business & industry partners in creating a transformational program for career education and readiness."

**LEE
COUNTY**

"...will develop educational coalitions with multi-dimensional partners for the top 5 KWIB sectors/pathways, building seamless pathways from middle grades up to four-year degrees that can transform career education & readiness in regional Appalachia."

NEW SKILLS FOR YOUTH

JPMORGAN CHASE & CO.

“The purpose is to get students involved in career decisions earlier and enable them to enter the workforce sooner and better prepared.”

Why NSFY?

Aligning career-focused education with high-skill high-demand jobs

Kentucky NSFY incentivizes local districts to transition state-operated area technical centers and locally-operated technical centers into regional academies through the collaboration of 2 or more school districts, a postsecondary partner, community partners, and employer engagement to transform the delivery of CTE in Kentucky.

Connecting students to in-demand careers

Transform your school, your district, and your community!

Next Round Begins January 2018!

ROUND 2 APPLICATIONS...

Apply for regional academy planning funds

Planning grants awarded up to \$115,000

Why Regional Academies?

Employers, educators, and policymakers align education and workforce pipelines

Employer partners and labor market information drive career pathway decisions

CTE accessibility to all students in all secondary settings
