Subject: TEDS August Message
Date: Monday, August 31, 2015 3:05:08 PM
Attachments: [15-16 CIP Code Automatic Changes.xls](#)

Coordinators:

Please share this message with teachers or others that need this information.

This will be a very short message today. There are only two purposes to this message.

1. Tomorrow at Close-of-Business (4:30 pm EST) TEDS will lock for 2014-2015 data.
2. 2015-2016 CIP Codes

TEDS LOCK DATE

All last minute changes, terminations, federal indicators, and CCR information must be completed by COB tomorrow or you will not be able to make changes.

2015-2016 CIP Codes

All requested CIP Codes will start to show up in TEDS tomorrow. We will be spending the next couple days rolling TEDS over for 2015-2016. You should not be in TEDS working on data for 2015-2016 this week. Please give us the next couple days to get TEDS rolled over to 2015-2016 before starting to work on information.

We will send another email when everything is ready for 2015-2016. At that time, any new pathway that has been added for 2015-2016 will need to have a section added. To add a section, click on the name of the pathway in TEDS, click on New Section at the top, type in the name of the pathway as the section name, choose Secondary from the Program Level dropdown and click save. Do not put any other information into any other fields on this screen.

For pathways that changed to a new code this year, we will be moving students to the new pathway this week.

Please see the attached document that shows those pathways that will be changed automatically.

Mr. Kiley Whitaker
Office of Career and Technical Education
Academic Program Manager
Kentucky Department of Education
500 Mero Street
