COMMITTEE FOR MATHEMATICS ACHIEVEMENT TO MEET MARCH 17

(FRANKFORT, Ky.) – The Committee for Mathematics Achievement (CMA) will meet Friday, March 17 from 9 a.m. to 3 p.m. ET, at the Kentucky Department of Education, 300 Sower Boulevard, Room 516, in Frankfort.

The Committee for Mathematics Achievement (CMA) was created for the purpose of developing a multifaceted strategic plan to improve student achievement in mathematics at all levels of schooling – pre-kindergarten through postsecondary and adult. Components of this strategic plan address challenging curriculum that is aligned through postsecondary; teachers' knowledge of mathematics; statewide institutes that prepare cadres of mathematics leaders in local school districts; closing the student achievement gap among various student groups; and the early mathematics testing program under KRS 158.803.

The CMA is comprised of 26 members including the commissioner of education; representatives from the Council on Postsecondary Education, the Education Professional Standards Board and the Education and Workforce Development Cabinet; a representative with a specialty in mathematics or mathematics education; and elementary, middle and high school mathematics teachers and school administrators.

A full agenda follows:
