COMPETENCY-BASED ASSESSMENT PILOT WORK GROUP TO MEET MARCH 28

(FRANKFORT, Ky.) – The Competency-Based Assessment Pilot Work Group, one of the groups involved with developing a new accountability system, will meet Tuesday, March 28 from 9 a.m. – 3 p.m. ET at the Kentucky Department of Education, 300 Sower Boulevard, Room 514, in Frankfort.

The Accountability Work Groups, as support to the Accountability Steering Committee, have designed various elements of Kentucky's draft accountability system proposal under the Every Student Succeeds Act (ESSA) – the federal law governing public education.

The Competency-Based Assessment Pilot Work Group will work to create a program of competency-based assessment which will then be submitted to the Consequential Review Work Group and Regulatory Review Work Group to determine if the proposal meets the statutory requirements of ESSA, identify any amendments to existing state statutes that may be required as a result of the proposals and determine any required state regulatory changes needed as a result of the recommendations.

The Kentucky Board of Education must approve any changes in the accountability system. The current timeline calls for the new system to be filed with the United States Department of Education by September 18, with full implementation likely in the 2018-19 school year.
