KDE SEEKING FEEDBACK ON REVISED MATHEMATICS STANDARDS

(Frankfort, KY) – The Kentucky Department of Education (KDE) is seeking feedback on the revised Kentucky Academic Standards for Mathematics.

Through Tuesday, June 5, interested individuals are invited to review the revised Kentucky Academic Standards for Mathematics and share feedback and suggestions, which will be used during the remaining development process. Feedback and comments will be thoughtfully considered and any needed revisions made before bringing forward a final set of proposed standards to the Kentucky Board of Education for action later this year. If approved, the new mathematics standards would take effect in the 2019-20 school year.

You may go online to [provide feedback on the Kentucky Academic Standards for Mathematics](https://www.research.net/r/KDEMath3) (<https://www.research.net/r/KDEMath3>).

Due to the amount of text within the survey, it is recommended that surveys be completed on a full size computer or laptop.

Questions on this process may be directed standards@education.ky.gov.
