

Standards Implementation Professional Learning Series Fall 2019

Each month two webcasts and one virtual workshop will be available to provide information and professional learning around standards implementation. The three monthly opportunities will cover different aspects of related topics and although attendance in all three will result in the greatest learning, it is not required.

Webcasts:

You can access the live webcasts by going to the [KDE Media Portal](#) and clicking on the EdCast Video icon at the bottom of the page. The livestream will be on the “Home” page. You can get your questions answered during the webcasts using GoSoapBox with the access code: KAS. Webcast video archives and slides will be made available on the [Standards Webcast webpage](#) as the webcasts occur.

Virtual Workshops:

Virtual workshops will be conducted using Zoom. Instructions for joining each section are included in the [Virtual Workshop Information document](#).

Date & Time	Media Platform	Topic	Description
9/5/19 9:00 am ET	Webcast	Standards Resources	This webcast will highlight resources to support KAS implementation and how to access resources for Reading & Writing, Mathematics and Social Studies.
9/19/19 9:00 am ET	Webcast	Alignment Tools	During this webcast, we will discuss alignment tools to help determine if tasks meet the intended depth and rigor of the KAS for Reading and Writing and Mathematics.
