October – First reading by the Kentucky Board of Education  

11:30 RDC Work  
Break out work on content and inquiry progressions for History, Geography, Civics, and Economics:  
- In pairs, examine K-12 progressions from AP meeting to ensure standards provide a comprehensive study of the content; a full view of the discipline.  
- Review standards for appropriate word choice and verbiage with an effort to promote clarity of expectations.  

3:30 Reflection  
Lauren Gallicchio  
- What is your group thinking?  
- What changes were made?  

Additional clarifications (clarity of language, intent) were recommended as well as changes to the verb choices and their progression within the standards.  

- What were the justifications for those changes?  
- What were you trying to achieve?  

Based on feedback from writing team, the next recommended steps involve hosting focus groups to better inform future revisions by select AP/RDC subcommittees to prepare the document for public comment.
