Independent Auditors' Report

Members of the Board
Kenton County School District
Fort Wright, Kentucky

Opinion

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the Kenton County School District (the "District") as of and for the year ended June 30, 2024, and the related notes to the financial statements, which collectively comprise the Kenton County School District's basic financial statements as listed in the table of contents.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the District, as of June 30, 2024, and the respective changes in financial position and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America ("GAAP").

Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America ("GAAS") and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States and the *Kentucky Public School Districts' Audit Contract* and requirements prescribed by the Kentucky State Commission for School District Audits. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the District and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the District's ability to continue

as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS, *Government Auditing Standards* and *Kentucky Public School Districts' Audit Contract and Requirements* prescribed by the Kentucky State Committee For School District Audits will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, *Government Auditing Standards*, and *Kentucky Public School Districts' Audit Contract and Requirements*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the District's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Required Supplementary Information

GAAP requires that the Management's Discussion and Analysis (Unaudited) on pages 4 through 14, budgetary comparison information on pages 64 through 65, bond and interest redemption funds on page 66, and the pension and other postemployment benefits liability and contributions information on pages 67 through 81 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with GAAS, which consisted of inquiries of

management about the methods of preparing the information and comparing the information for consistency with management’s responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the District’s basic financial statements. Schedules of School Activity Funds on pages 82 through 85, the combining supplementary information on pages 82 through 85, and Schedule of Expenditures of Federal Awards, as required by *Title 2 U.S. Code of Federal Regulations (“CFR”) Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* on pages 86 through 88, are presented for purposes of additional analysis and are not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and related directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statement and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statement or to the basic financial statements themselves, and other additional procedures in accordance with GAAS. In our opinion, the combining supplementary information and the Schedule of Expenditures of Federal Awards are fairly stated in all material respects in relation to the financial statements as a whole.

Other Reporting Required by *Government Auditing Standards*

In accordance with Government Auditing Standards, we have also issued our report dated November 14, 2024 on our consideration of the District’s internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the District’s internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the District’s internal control over financial reporting and compliance.

MANAGEMENT'S DISCUSSION AND ANALYSIS (UNAUDITED)

**Kenton County School District
Management's Discussion and Analysis
Fiscal Year Ended June 30, 2024
Unaudited**

As management of the Kenton County School District (the "District"), we offer readers of the District's financial statement this narrative overview and analysis of the financial activities of the District for the fiscal year ended June 30, 2024. We encourage readers to consider the information presented here in conjunction with additional information found within the body of the audit.

DISTRICT BACKGROUND

Kenton County Schools served 14,018 enrolled students in Preschool through twelfth grade during the 2024 fiscal year through 19 schools including 3 high schools, a technology academy, 4 middle schools and 11 elementary schools. All students received full day instruction in a variety of academic programs.

The District is committed to providing a world class education ensuring ALL students are transition ready and prepared for the 21st century economy. District goals include a student transition readiness rate of 100% at each grade level and a 96.25% school attendance rate. Fiscal operations focus on providing resources that improve learning in a measurable way over time. Investing in high-quality resources in all areas of District operations provides students with a world class education in safe and inviting learning environments.

The Community Based Accountability System management tool implemented in 2022 continues to grow and identify areas of efficiency and effectiveness in District academic and support operations. Quarterly metrics provide progress in each pillar area to the stakeholders and committees. Collaborative analysis completed each quarter identifies the current status and adjustments that are needed to achieve each pillar's goals and objectives. Every major area of the District is included in this endeavor.

Resource additions including expanded technology for each teacher and student, new classroom resources in reading, literacy and mathematics, professional development for teachers coupled with measurements of student academic progress throughout the year, targeted remediation and social/emotional awareness all contribute to the holistic approach of learning adopted by the District. Academic growth and proficiency is measured each year in several ways. The 2024 school year was another successful year for students and their accomplishments included the following:

- Overall school performance on the 2024 KY Summative Assessment in the second highest category for each aggregate school level, elementary, middle and high
- A high percentage of students performing at or above Proficient and Distinguished and above the state average
- ACT average is above the state in all content areas and the overall composite score
- Four year graduation rate increased by 2.3 % to 97.9% in 2024
- Post-secondary readiness increased 15% over the last two years to reach 95.6%
- Increased student participation in extra and co-curricular activities in 2024

Management's Discussion and Analysis
Fiscal Year Ended June 30, 2024
Unaudited (Continued)**

FINANCIAL HIGHLIGHTS

Net Position increased \$26.9 million reflecting an increase in annual tax revenue and earnings on investments.

Total Revenues were \$204 million for the year. General revenues accounted for \$170 million, 83 percent of the total, while program specific revenues, in the form of charges for services and sales, grants, and contributions, accounted for \$34 million or 17 percent of total revenues. The District incurred \$177 million in total expenses.

Governmental Fund Revenues were \$195.5 million with \$149 million accounted for in the General Fund. Local tax revenues increased to \$86.5 million while state SEEK revenues decreased by \$4 million. Federal grant program revenue collections increased \$1.6 million due to collection of expiring Coronavirus Response & Relief grants.

Governmental Fund Expenditures totaled \$218.6 million during 2024 with General Fund expenses comprising \$141 million of that total. All District schools delivered instruction in-person for the entire school year.

The General Fund ended the year with a reserve balance of \$41.7 million which represents 23% of the non-construction budget for the year. \$25.6 million of the \$62.9 million Total Fund Balance is either restricted or committed to capital/construction projects or operating obligations. The Unassigned Fund Balance at the end of the year is \$37.3 million.

District facility activity during 2024 included the final phases on the addition/renovation to Scott High School, safety and security enhancements and building renovation projects for five schools to address student population needs and eliminate temporary classroom facilities. In addition, construction work began on the new Transportation and Operations Support building and site preparation on the central office building project.

School Revenue Bonds were issued in July, 2023 for \$34.95 million to finance the construction of the Support Operations Facility.

OVERVIEW OF FINANCIAL STATEMENTS

This discussion and analysis are intended to serve as an introduction to the District's basic financial statements. The District's basic financial statements are comprised of three components: 1) district-wide financial statements; 2) fund financial statements; and 3) notes to the financial statements. This report also contains other supplementary information in addition to the basic financial statements themselves.

District-wide financial statements. The District-wide financial statements are designed to provide readers with a broad overview of the District's finances, in a manner similar to a private-sector business. This financial perspective is provided via the Statement of Net position and the Statement of Activities.

The Statement of Net Position presents information on all of the District's assets and liabilities, with the difference between the two reported as net position. Net Position is one indication of financial health and position to support future operations. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the District is improving or deteriorating. Other non-financial factors, such as changes in the District's property tax base and the condition of school facilities, also contribute to evaluating the District's overall financial position.

**Kenton County School District
Management's Discussion and Analysis
Fiscal Year Ended June 30, 2024
Unaudited (Continued)**

The Statement of Activities presents information showing how the District's net position changed during the most recent fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, the revenues and expenses reported in this statement for some items will result in cash flows in future fiscal periods.

The District-wide financial statements are divided into two categories, governmental activities and business-type activities. Governmental activities include functions of the District that are principally supported by property taxes and intergovernmental revenues and include instruction, support services, operation and maintenance of plant, student transportation and operation of non-instructional services. Fixed assets and related debt are also supported by taxes and intergovernmental revenues. Business-type activities are those that charge a fee to assist in covering the cost of the service. Food Service is the only business-type activity reported in these financial statements.

The district-wide financial statements can be found on pages 15 and 16 of this report.

Fund financial statements. A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. This is a state mandated uniform system and chart of accounts for all Kentucky public school districts utilizing the MUNIS administrative software. The District uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of the funds of the District can be divided into three categories: governmental funds, proprietary funds and fiduciary funds. Fiduciary funds are trust funds established by benefactors to aid in student education, welfare and teacher support. The only proprietary fund is food service operations. All other activities of the District are included in the governmental funds.

The basic governmental fund financial statements can be found on pages 17 through 24 of this report.

Notes to the financial statements. The notes provide additional information that is essential to a full understanding of the data provided in the district-wide and fund financial statements. The notes to the financial statements can be found on pages 25 through 60 of this report.

DISTRICT-WIDE FINANCIAL ANALYSIS

Net Position for the periods ended June 30, 2024 and 2023

The following is a summary of net position for the fiscal years ended June 30, 2024 and 2023.

	<u>2024</u>	<u>2023</u>
Current assets	\$ 79,316,538	\$ 67,400,708
Noncurrent assets	<u>321,981,026</u>	<u>295,524,354</u>
Total assets	<u>401,297,564</u>	<u>362,925,062</u>
Deferred outflows	<u>33,848,372</u>	<u>41,467,650</u>
Current liabilities	31,663,854	30,414,650
Noncurrent liabilities	<u>286,839,097</u>	<u>299,381,452</u>
Total liabilities	<u>318,502,951</u>	<u>329,796,102</u>
Deferred inflows	<u>45,683,386</u>	<u>30,569,077</u>
Net position		
Investment in capital assets (net of debt)	87,686,992	80,338,313
Restricted	20,378,768	12,297,092
Unrestricted	<u>(37,106,161)</u>	<u>(48,607,872)</u>
Total net position	<u>\$ 70,959,599</u>	<u>\$ 44,027,533</u>

**Kenton County School District
Management's Discussion and Analysis
Fiscal Year Ended June 30, 2024
Unaudited (Continued)**

Due to state pension plan and OPEB liabilities reflected on the District's balance sheet, Net Position may not be the best indicator of a government's financial position. In the case of the District, assets plus deferred outflows exceeded liabilities plus deferred inflow of resources by \$70.9 million as of June 30, 2024. Unrestricted Net Position is (\$37.1) million which includes the recognition of the District's proportionate share of the pension and other post-employment benefits (OPEB) liabilities at year end. Without the effect of the pension and OPEB net liabilities, unrestricted net position would be approximately \$43.8 million. See notes 8 and 9 in the Notes to the Financial Statements.

The pension and OPEB liabilities are related to the state pension funds which are legislated and controlled by the state of KY and at this time are not fully funded. Fully funding the state's pension and benefit plans is a recurring agenda item for the KY legislature. Future remedies may include changes to benefit calculations, employee and/or employer contribution rates and investment strategies. The District has always paid its entire employer contribution based on the rates enacted by each pension body.

Capital Assets

The largest portion of the District's net position resides in its investment in capital assets, which include land, buildings and improvements, vehicles, furniture and equipment, and construction in progress, less any related outstanding debt. These capital assets enable the District to provide high-quality services and facilities to students and the community. However, it's important to note that these assets are not liquid and cannot be converted directly to cash for debt repayment. As a result, the resources required to service this debt must come from other funding sources.

One major capital improvement is the comprehensive renovation at Scott High School. This multi-year project which reached substantial completion in July 2024, has enhanced all areas of the facility, including classroom spaces, the auditorium, gymnasium, and natatorium. As the only high school with a pool facility in Northern Kentucky, the 440-seat natatorium hosts regional and state swimming and diving meets. It also supports community organizations such as police and fire departments, JROTC, and lifeguard training, as well as open swims, increasing its value as a community resource.

The District has also taken steps to improve operational flow and address space needs at RC Hinsdale Elementary. In 2024, the District acquired three properties near the school to address circulation issues and increase parking capacity. These purchases, totaling \$1.6 million, were funded without additional bonds by utilizing investment earnings, a building fund transfer, and surplus funds from a previous project.

Construction also continues on the Support Operations Facility, which will house a bus garage, maintenance workshop, District storage, technology department workspaces, and support department offices. Revenue Bonds totaling \$34.95 million were issued in July 2023 to fund this facility, which is expected to be operational by early 2025.

Another significant project is the new central office building, a ground-up construction scheduled for completion in 2026. The District has leased its current office space from the Sanitation District for 21 years, and this new facility will provide dedicated administrative offices, meeting rooms, a public training room, virtual learning classrooms, and records storage. Revenue Bonds of \$24.99 million were secured to fund this project, reinforcing the District's commitment to operational efficiency and strategic growth.

**Kenton County School District
Management's Discussion and Analysis
Fiscal Year Ended June 30, 2024
Unaudited (Continued)**

Due to high demand and supply chain delays, school buses ordered in 2023 were delivered in the 2024 school year. The District added nine new buses through the Kentucky Intermodal School Transportation System ("KISTA") bond program. This order included eight 84-passenger buses, enhancing route efficiency by replacing 72-passenger buses. Additionally, the District added two special needs buses funded through grant support.

Debt

As of June 30, 2024, the District had \$224.9 million in outstanding bonds, which are serviced through the Debt Service Fund. The Kentucky School Facility Construction Commission ("KSFCC") contributes to servicing a portion of this debt, totaling \$16.6 million. Further details on debt service can be found in Note 17 of the Financial Statements.

The District also continues to participate in the KISTA bus lease/purchase program, approved by the Board, which provides a cost-effective approach to managing transportation needs. Total KISTA debt outstanding as of June 30, 2024, is \$6.12 million, representing a reduction of over \$1.4 million from the previous year. This debt, which is managed through the General Fund, illustrates the District's commitment to maintaining efficient and sustainable transportation resources.

In accordance with Government Accounting Standards Board ("GASB") Statement No. 96 on *Subscription-Based Information Technology Arrangements* ("SBITA"), the District has reviewed its technology subscriptions to ensure compliance with proper classification standards. These subscription-based assets and liabilities are presented in the district-wide financial statements, with further details provided in Notes 20 and 21 of the Financial Statements.

Lease obligations have been recorded in accordance with Government Accounting Standards Board ("GASB") Statement No. 87 as the district entered into a four year lease agreement for technology assets in 2024. The right-to-use assets and liabilities are presented in the district-wide financial statements, with further details provided in Notes of the Financial Statements.

Management's Discussion and Analysis
Fiscal Year Ended June 30, 2024
Unaudited (Continued)**

Governmental Activity

All District activities operated on normal schedules in 2024 and schools delivered instruction in-person for the entire school year while student attendance returned to more normal levels.

Funding from the American Rescue Plan covered increased costs related to increased staffing and instruction to address learning loss experienced in the previous three years.

Governmental Revenues experienced a \$4.1 million increase in property taxes and \$1.7 million increase in interest revenue in 2024. Property tax collections rose due to property value increases in the county. Real estate, franchise and motor vehicle all reflected an increase in tax base. State SEEK revenue decreased \$4.0 million due to the local tax effort adjustment related to the tax base increase and a decrease in funded student attendance. State facilities revenue match decreased by \$2.2 million while the state On-behalf decreased by \$7.2 million compared to 2023. Federal collections from relief funds were also lower as these grants near expiration.

Total expenses reflected a decrease of \$17.8 million and reflects the decrease in On-behalf, federal relief and construction project expenditures. Certified and classified salary schedules increased 2.5% to retain and attract staff. With the increase in revenue and bond proceeds, the 2024 fiscal year ended by adding \$11.7 million to Total Fund Balance from current year activities.

Business-Type Activity

The only business-type activity of the District is the food service operation. This program experienced revenues of \$8.5 million and expenditures of \$7.6 million during fiscal year 2024. USDA breakfast and lunch meal reimbursement revenue was \$5.9 million in 2024, an increase of \$452,000. Expenditures also increased as some food items were unavailable and were replaced with higher cost items. Certainly food costs continued to be affected by inflation during 2024 which is expected in the 2025 school year. The 2024 fiscal year ended adding \$862 thousand to net position.

The Food Service Program continues to offer students excellent nutrition through a variety of breakfast and lunch meal choices. Meals are prepared and served each school day and several weeks during summer instructional programs. The food service operation is self-operating and funded without assistance from the General Fund. The business activity receives no support from tax revenues.

In accordance with Implementation of Government Accounting Standards Board Statement No. 68, *Accounting and Reporting for Pensions*, and Government Accounting Standards Board Statement No. 75, *Accounting and Reporting for Postemployment Benefits Other than OPEBs*, food service financial results include provisions for deferred outflows and inflows related to both the state net pension and postemployment benefits other than OPEBs liabilities.

The District's Funds

The District's governmental funds are accounted for using the modified accrual basis of accounting. Fund financial statements are included on pages 17 – 24. The District accounts include eight different funds with the General Fund reflecting the most activity. Total governmental fund revenues, including on-behalf payments, were \$195.5 million with expenditures of \$218.6 million.

**Kenton County School District
Management's Discussion and Analysis
Fiscal Year Ended June 30, 2024
Unaudited (Continued)**

Government Fund tax revenues increased by \$4.0 million in 2024 due to increased property and motor vehicle valuations in Kenton County. Both the General and Building Fund reflected this increase. District and Student Activity Funds also experienced increased revenue activity as extra and co-curricular events returned to the weekly school agendas. Federal grant reimbursements increased by \$1.7 million in 2024 accounting for 7% of government collected revenue. State SEEK and grant funding decreased by \$4.0 million comprising 20% of 2024 government fund collected revenue. The District's property tax base remains strong and increased by \$923 million (9.0%) providing a stable source of operating revenue. The distribution of government fund revenues is approximately 51% from state/federal sources and 49% generated from local sources.

Government Fund expenditures totaled \$218.6 million, a decrease of \$17.7 million from 2023. General Fund expenditures decreased \$8.4 million as no new buses were ordered in 2024 and the annual On-behalf payments decreased by \$7.0 million in 2024. Salary and benefit costs increased \$1.9 million reflecting a 2.5% increase in the salary schedules and the experience step rate increase of approximately 1.3%. Salary and benefits cost represent approximately 85% of the General Fund expenditures each year. The District is committed to hiring and retaining the most qualified personnel. The current compensation schedule is competitive with other Northern Kentucky Districts as well as Ohio and Indiana. This has helped attract highly qualified applicants and retain staff who have been trained by the District. Special Revenue expenditures rose \$1.9 million to fund instructional programs and sessions to address student learning loss and social/emotional needs. The majority of this increase occurred in federal grants. Construction expenditures were \$12 million lower as multiple capital improvement projects were in their final year of completion.

The General Fund ended the year with a fund balance at June 30, 2024 of \$41.7 million. This fund receives approximately 94% of annual cash revenue from local taxes and state SEEK revenue which can vary with the local economic environment and state budget issues. The fund balance will be critical in maintaining instructional programs and facilities as state funding priorities could shift given the current status of the state pension funding deficiencies.

The Special Revenue Fund expended and received \$7.9 million from federal Coronavirus Relief Acts. The funds paid for additional instruction programs after school and during the summer months as well as PPE, health supplies and student technology devices. Some of these federal funds will continue to be available through September, 2024.

BUDGETARY IMPLICATIONS

The District's budget is prepared according to Kentucky law and is based on accounting for certain transactions on a basis of cash receipts, disbursements and encumbrances.

The most significant budgeted fund is the General Fund. By law, this fund budget must include a minimum 2% contingency. The Board adopted a 2024 working budget with \$26 million in contingency (20%). The 2024 General Fund budget is included in the Supplementary Information section of this report. It should be noted that state on-behalf revenues and expenditures of \$36.3 million are not budgeted but are included in the actual results column of the report.

**Kenton County School District
Management's Discussion and Analysis
Fiscal Year Ended June 30, 2024
Unaudited (Continued)**

For the General Fund, total budgeted revenues and other financing sources were \$112 million and actual revenues, excluding on-behalf payments were \$114.4 million. General Fund budgeted expenditures, excluding contingency, were \$117 million while actual expenditures, excluding on-behalf totaled \$108 million. The favorable variances in actual revenue and expenditures resulted in the addition of \$6.4 million to the fund balance at the end of the year.

On-Behalf Payments

The District recorded on-behalf payments in the General Fund in 2024 totaling \$36.3 million and \$572 thousand in the District Academy Fund as required by KDE. On-behalf payments represent amounts paid on behalf of the Kenton County School District by the Commonwealth of Kentucky for employee health insurance, Teachers' Retirement, post-employment benefits and technology services. These revenues and expenditures are not budgeted but are required to be reflected in the annual financial fund reports as a revenue and expenditure. As a result, it should be noted that large variances between budgeted and actual amounts for the General Fund are the result of this inconsistency.

CURRENT ISSUES

District operations and schedules were normal during the 2024 school year however the effects of the health emergency remain evident in student achievement, social and emotional areas. Expanded learning opportunities and programs that began in 2022 to address student learning loss have been incorporated into the daily instruction process and will continue as needed. Funding from the American Rescue Plan provided support during the 2024 school year and will shift to other grant or general funding sources over the next two years.

The local economy is active which creates a challenging environment to attract workers. The District experienced staffing shortages in several positions such as substitute teacher, custodian, food service and bus drivers. The state is also experiencing a shortage of classroom teachers since fewer students are entering college teacher preparation programs. Compensation plans, certification alternatives and aggressive recruiting of certified teachers are helping fill vacancies and maintain effective instruction and district operations. Certain measures were passed by the 2024 General Assembly to address the state wide teacher and other personnel shortages experienced by all Ky school districts. The district continues to experience rising utility, food and service costs due to inflation, the same as any other business in the nation. Fortunately, the property tax base continues to provide adequate tax revenue to offset the expected cost increases.

The KY General Assembly raised the SEEK revenue to \$4,326 and \$4,586 per student for 2025 and 2026 respectively and increased funding for student transportation and school resource officers. The District has been providing full day instruction for Kindergarten students since 2019 and added full day Preschool instruction in 2022. The state currently funds Preschool half-day. The SEEK process continues to redistribute revenue via the 30 cent adjustment process so districts in areas of rising property values do not retain the benefit of all local tax revenue increases.

State operating grants provide funding for specialized instructional and safety programs. These include Extended School Services, Preschool, Safe Schools, Read To Achieve, Family Resource Centers, and Ky Education Technology programs. The state revenue projections indicate that these programs will continue to be funded. Federal Title I and IDEA remain steady resources to supplement instruction for special student populations and schools.

**Kenton County School District
Management's Discussion and Analysis
Fiscal Year Ended June 30, 2024
Unaudited (Continued)**

Capital improvements to existing school buildings and new construction continue throughout the District and have been primarily funded with lease revenue bonds. The 2024 General Assembly authorized school districts to issue general obligation bonds to fund future construction projects in order to benefit from market interest rates. This option was utilized on the August, 2024 bond issue which was issued at a premium. The District continues to participate in an annual financial review with Moody's rating service to secure a specific district issuer rating.

The financial position of the state's pension plans continues to affect the District's financial obligations. Both the Teachers' Retirement and County Employees Retirement Systems are underfunded at this time. The District has always paid its required contribution as determined by the plans. In accordance with the requirements of Governmental Accounting Standards Board Statements 68 and 75, the District has recorded its proportionate share of certain financial aspects of the pension plans in which its employees participate.

CONTACTING THE DISTRICT'S FINANCIAL MANAGEMENT

Questions about this report or additional financial information needs should be directed to Dr. Henry Webb, Superintendent, or Ms. Susan Bentle, Treasurer, at 859-344-8888, or by mail at 1055 Eaton Drive, Fort Wright, Kentucky 41017.

KENTON COUNTY SCHOOL DISTRICT
RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES AND CHANGES IN FUND BALANCES
OF GOVERNMENTAL FUNDS TO THE STATEMENT OF ACTIVITIES
FOR THE YEAR ENDED JUNE 30, 2024

Net Change in Fund Balances - Total Governmental Funds	\$	11,754,853
<i>Amounts reported for governmental activities in the statement of activities are different because:</i>		
Capital outlays are reported as expenditures in this fund financial statement because they use current financial resources, but they are presented as assets in the statement of activities and depreciated over their estimated economic lives. The difference is the amount by which depreciation expense exceeds capital outlays for the year as well as differences in gains and losses on capital asset sales		24,759,442
Bond proceeds are recorded as revenues in the fund financial statements but are additions to liabilities in the statement of net position.		(34,950,000)
Capital lease payments and bond payments are recognized as expenditures of current financial resources in the fund financial statement but are reductions of liabilities in the statement of net position.		17,159,665
Accrued bond interest payable is not reported as a liability in the fund financial statements but is recorded in the statement of net position		(396,072)
Bond premiums are not reported as a part of long-term debt in the fund financial statements but are recorded in the statement of net position		956,296
Capitalized savings from bond refunding's are not reported in the fund financial statements but must be amortized over the remaining life of the bonds in the statement of activities.		(634,515)
Net Pension Liability is not reported as a liability in the fund financial statements but is recorded in the statement of net position		3,427,174
Net OPEB Liability is not reported as a liability in the fund financial statements but is recorded in the statement of net position		4,387,515
Accrued Interest is recorded as a liability on the district-wide financial statements but is recorded in the statement of net position		(91,532)
SBITA assets are reported as expenditures in the fund financial statements but are presented as assets and liabilities in the statement of activities and amortized over time.		(227,537)
Leased assets are reported as expenditures in the fund financial statements but are presented as assets and liabilities in the statement of activities and amortized over time.		24,491
Noncurrent accrued sick leave is not reported as a liability in the fund financial statements but is recorded in the statement of net position		(99,981)
		(99,981)

NOTES TO FINANCIAL STATEMENTS

**Kenton County School District
Notes to Financial Statements
Year Ended June 30, 2024**

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Reporting Entity

The Kenton County Board of Education (the “Board”), a five member group, is the level of government which has oversight responsibilities over all activities related to public elementary and secondary school education within the jurisdiction of the Kenton County School District (“District”). The District receives funding from local, state and federal government sources and must comply with the commitment requirements of these funding source entities. However, the District is not included in any other governmental "reporting entity" as defined in Section 2100, Codification of Governmental Accounting and Financial Reporting Standards. Board members are elected by the public and have decision making authority, the power to designate management, the responsibility to develop policies which may influence operations, and primary accountability for fiscal matters.

The District, for financial purposes, includes all of the funds and account groups relevant to the operation of the Kenton County Board of Education. The financial statements presented herein do not include funds of groups and organizations, which although associated with the school system, have not originated within the Board itself such as Parent-Teacher Associations, etc.

The financial statements of the District include those of separately administered organizations that are controlled by or dependent on the Board. Control or dependence is determined on the basis of budget adoption, funding and appointment of the respective governing board.

Based on the foregoing criteria, the financial statements of the following organization are included in the accompanying financial statements:

Kenton County School District Finance Corporation - The Board authorized the establishment of the Kenton County School District Finance Corporation (a non-profit, non-stock, public and charitable corporation organized under the School Bond Act and KRS 273 and KRS 58.180) as an agency of the District for financing the costs of school building facilities. The Board Members of the Kenton County Board of Education also comprise the Corporation's Board of Directors.

Basis of Presentation

District-wide Financial Statements – The statement of net position and the statement of activities display information about the District as a whole. These statements include the financial activities of the primary government, except for fiduciary funds. The statements distinguish between those activities of the District that are governmental and those that are considered business-type activities.

The district-wide statements are prepared using the economic resources measurement focus. This is the same approach used in the preparation of the proprietary fund financial statements but differs from the manner in which governmental fund financial statements are prepared. Governmental fund financial statements therefore include reconciliation with brief explanations to better identify the relationship between the district-wide statements and the statements for governmental funds.

Kenton County School District
Notes to Financial Statements--Continued
Year Ended June 30, 2024

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

The district-wide statement of activities presents a comparison between direct expenses and program revenues for each segment of the business-type activities of the District and for each function or program of the District's governmental activities. Direct expenses are those that are specifically associated with a service, program or department and are therefore clearly identifiable to a particular function. Program revenues include charges paid by the recipient of the goods or services offered by the program and grants and contributions that are restricted to meeting the operational or capital requirements of a particular program. Revenues that are not classified as program revenues are presented as general revenues of the District, with certain limited exceptions. The comparison of direct expenses with program revenues identifies the extent to which each business segment or governmental function is self-financing or draws from the general revenues of the District.

Fund Financial Statements – Fund financial statements report detailed information about the District. The focus of governmental and enterprise fund financial statements is on major funds rather than reporting funds by type. Each major fund is presented in a separate column. Nonmajor funds are aggregated and presented in a single column. Fiduciary funds are reported by fund type.

The accounting and reporting treatment applied to a fund is determined by its measurement focus. All governmental fund types are accounted for using a flow of current financial resources measurement focus. The financial statements for governmental funds are a balance sheet, which generally includes only current assets and current liabilities, and a statement of revenues, expenditures and changes in fund balances, which reports on the changes in total net position. Proprietary funds and fiduciary funds are reported using the economic resources measurement focus.

The District has the following funds:

- i. Governmental Fund Types
 - a) The General Fund is the primary operating fund of the District. It accounts for financial resources used for general types of operations. This is a budgeted fund and any unrestricted fund balances are considered as resources available for use. This is a major fund of the District.
 - b) The Special Revenue Fund accounts for proceeds of specific revenue sources (other than expendable trusts or major capital projects) that are legally restricted to disbursements for specified purposes. It includes federal financial programs where unused balances are returned to the grantor at the close of specified project periods as well as the state grant programs. Project accounting is employed to maintain integrity for the various sources of funds. The separate projects of federally funded grant programs are identified in the schedule of expenditures of federal awards included in this report on pages 86-88. This is a major fund of the District.
 - c) Special Revenue Activity Fund is used to support co-curricular activities and are not raised and expended by student groups. District activity funds accounted for in the District bank account are not subject to the Redbook and may be expended with more flexibility than

Kenton County School District
Notes to Financial Statements--Continued
Year Ended June 30, 2024

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

school activity funds but must meet the “educational purpose” standard for all District expenditures.

- d) Capital Project Funds are used to account for financial resources to be used for the acquisition or construction of major capital facilities and equipment (other than those financed by Proprietary Funds).
 - 1. The Support Education Excellence in Kentucky (“SEEK”) Capital Outlay Fund receives those funds designated by the state as Capital Outlay funds and is restricted for use in financing projects identified in the District's facility plan.
 - 2. The Facility Support Program of Kentucky Fund (“FSPK”) accounts for funds generated by the building tax levy required to participate in the School Facilities Construction Commission's construction funding and state matching funds, where applicable. Funds may be used for projects identified in the District's facility plan.
 - 3. The Construction Fund accounts for proceeds from sales of bonds and other revenues to be used for authorized construction. The District is committed to construction contracts in the amount of \$43,472,189 for ongoing projects. This is a major fund of the District.
- e) The Activity Funds account for activities of student groups and other types of activities requiring clearing accounts. These funds are accounted for in accordance with Uniform Program of Accounting for School Activity Funds.

ii. Debt Service Fund

The Debt Service Fund is used to account for the accumulation of resources for, and the payment of, general long-term debt principal and interest and related cost; and, for the payment of interest on general obligation notes payable, as required by Kentucky Law.

iii. Proprietary Fund (Enterprise Fund)

The School Food Service Fund is used to account for school food service activities, including the National School Lunch Program, which is conducted in cooperation with the U.S. Department of Agriculture (“USDA”). The Food Service fund is a major fund of the District.

The District applies all Governmental Accounting Standards Board (“GASB”) pronouncements to proprietary funds as well as the Financial Accounting Standards Board (“FASB”) pronouncements issued on or before November 30, 1989 unless those pronouncements conflict with or contradict GASB pronouncements.

Kenton County School District
Notes to Financial Statements--Continued
Year Ended June 30, 2024

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Basis of Accounting

The District's financial statements are prepared in accordance with generally accepted accounting principles ("GAAP"). The GASB is responsible for establishing GAAP for state and local government through its pronouncements (Statements and Interpretations).

The basis of accounting determines when transactions are recorded in the financial records and reported on the financial statements. District-wide financial statements are prepared using the accrual basis of accounting. Governmental funds use the modified accrual basis of accounting. Proprietary and fiduciary funds also use the accrual basis of accounting.

Revenues – Exchange and Non-exchange Transactions – Revenues resulting from exchange transactions, in which each party receives essentially equal value, is recorded on the accrual basis when the exchange takes place. On a modified accrual basis, revenues are recorded in the fiscal year in which the resources are measurable and available. Available means that the resources will be collected within the current fiscal year or are expected to be collected soon enough thereafter to be used to pay liabilities of the current fiscal year. For the District, available means expected to be received within sixty days of the fiscal year end.

Nonexchange transactions, in which the District receives value without directly giving equal value in return, include property taxes, grants, entitlements and donations. On an accrual basis, revenue from property taxes is recognized in the fiscal year for which the taxes are levied. Revenue from grants, entitlements and donations is recognized in the fiscal year in which all eligibility requirements have been satisfied. Eligibility requirements include timing requirements, which specify the year when the resources are required to be used or the fiscal year when use is first permitted, matching requirements, in which the District must provide local resources to be used for a specified purpose, and expenditure requirements, in which the resources are provided to the District on a reimbursement basis. On a modified accrual basis, revenues from nonexchange transactions must also be available before they can be recognized.

Unearned Revenue – Unearned revenue arises when assets are recognized before revenue recognition criteria have been satisfied.

Grants and entitlements received before the eligibility requirements are met are recorded as unearned revenue.

Expenses/Expenditures – On the accrual basis of accounting, expenses are recognized at the time they are incurred.

The measurement focus of governmental fund accounting is on decreases in net financial resources (expenditures) rather than expenses. Expenditures are generally recognized in the accounting period in which the related fund liability is incurred, if measurable. Allocations of cost, such as depreciation, are not recognized in governmental funds.

Kenton County School District
Notes to Financial Statements--Continued
Year Ended June 30, 2024

NOTE 1 **SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES** (Continued)

Taxes

Property Tax Revenues – Property taxes are levied each September on the assessed value listed as of the prior January 1, for all real and personal property in the county. The billings are considered due upon receipt by the taxpayer; however, the actual date is based on a period ending 30 days after the tax bill mailing. Property taxes collected are recorded as revenues in the fiscal year for which they were levied. All taxes collected are initially deposited into the General Fund and then transferred to the appropriate fund.

Budgetary Process

Budgetary Basis of Accounting: The District's budgetary process accounts for certain transactions on a basis other than GAAP of the United States of America. The major differences between the budgetary basis and the GAAP basis are:

Revenues are recorded when received in cash (budgetary) as opposed to when susceptible to accrual ("GAAP").

Expenditures are recorded when paid in cash (budgetary) as opposed to when susceptible to accrual ("GAAP").

Cash and Cash Equivalents

The District considers demand deposits, money market funds, and other investments with an original maturity of 90 days or less, to be cash equivalents.

Fair Value Measurements

GAAP has established a three-level hierarchy for fair value measurements based on transparency of valuation inputs as of the measurement date. The hierarchy is based on the lowest level of input that is significant to the fair value measurement. The three levels are defined as follows: Level 1 inputs are unadjusted quoted prices for identical assets in active markets; Level 2 inputs are observable quoted prices for similar assets in active markets; Level 3 inputs are unobservable and reflect management's best estimate of what market participants would use as fair value.

In February 2015, the GASB issued Statement No. 72, *Fair Value Measurement and Application*. This Statement provides guidance for determining a fair value measurement for financial reporting purposes. This Statement also provides guidance for applying fair value to certain investments and disclosures related to all fair value measurements.

Kenton County School District
Notes to Financial Statements--Continued
Year Ended June 30, 2024

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Inventories

Supplies and materials are charged to expenditures when purchased, except for inventories in the Proprietary Fund, which are capitalized at the lower of cost or market.

Capital Assets

General capital assets are those assets not specifically related to activities reported in the proprietary funds. These assets generally result from expenditures in the governmental funds. These assets are reported in the governmental activities column of the district-wide statement of net position but are not reported in the fund financial statements. Capital assets utilized by the proprietary funds are reported both in the business-type activities column of the district-wide statement of net position and in the respective funds.

All capital assets are capitalized at cost (or estimated historical cost) and updated for additions and retirements during the year. Donated fixed assets are recorded at their fair market values as of the date received. The District maintains a capitalization threshold of one thousand dollars, with the exception of computers, digital cameras and real property, for which there is no threshold. The District does not possess any infrastructure. Improvements are capitalized; the cost of normal maintenance and repairs that do not add to the value of the asset or materially extend an asset's life are not.

All reported capital assets are depreciated. Improvements are depreciated over the remaining useful lives of the related capital assets. Depreciation is computed using the straight-line method over the following useful lives for both general capital assets and proprietary fund assets:

<u>Description</u>	<u>Governmental Activities Estimated Lives</u>
Buildings and improvements	25-50 years
Land improvements	20 years
Technology equipment	5 years
Vehicles	5-10 years
General equipment	10 years
Food service equipment	10-12 years
Furniture and fixtures	7 years
Other	10 years

Accumulated Unpaid Sick Leave Benefits

Upon retirement from the school system, an employee will receive from the District an amount equal to 30% of the value of accumulated sick leave. Sick leave benefits are accrued as a liability using the termination payment method. An accrual for earned sick leave is made to the extent that it is probable that the benefits will result in termination payments. The liability is based on the District's experience

Kenton County School District
Notes to Financial Statements--Continued
Year Ended June 30, 2024

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

of making termination payments. The entire compensated absence liability is reported on the district-wide financial statements.

Interfund Balances

On fund financial statements, receivables and payables resulting from short-term interfund loans are classified as “interfund receivables/payables”. These amounts are eliminated in the governmental and business-type activities columns of the statements of net position, except for the net residual amounts due between governmental and business-type activities, which are presented as internal balances.

Accrued Liabilities and Long-Term Obligations

All payables, accrued liabilities, and long-term obligations are reported in the district-wide financial statements, and all payables, accrued liabilities and long-term obligations payable from proprietary funds are reported on the proprietary fund financial statements.

In general, payables and accrued liabilities that will be paid from governmental funds are reported on the governmental fund financial statements regardless of whether they will be liquidated with current resources. However, claims and judgments, the noncurrent portion of finance leases, accumulated sick leave, contractually required pension contributions and special termination benefits that will be paid from governmental funds are reported as a liability in the fund financial statements only to the extent that they will be paid with current, expendable, available financial resources. In general, payments made within sixty days after year-end are considered to have been made with current available financial resources. Bonds and other long-term obligations that will be paid from governmental funds are not recognized as a liability in the fund financial statements until due.

Fund Balance Reserves

Beginning with fiscal year 2012 the District implemented GASB Statement 54, *Fund Balance Reporting and Governmental Fund Type Definitions*. This Statement provides more clearly defined fund balance categories to make the nature and extent of the constraints placed on the District’s fund balance more transparent. The following classifications describe the relative strength of the spending constraints placed on the purposes for which resources can be used:

Nonspendable fund balance - amounts that are not in a spendable form (such as inventory) or are required to be maintained intact;

Restricted fund balance – amounts constrained to specific purposes by their providers (such as grantors, bondholders and higher levels of government), through constitutional provisions, or by enabling legislation.

Kenton County School District
Notes to Financial Statements--Continued
Year Ended June 30, 2024

NOTE 1 **SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES** (Continued)

Committed fund balance – amounts constrained to specific purposes by the District itself, using its decision-making authority; to be reported as committed, amounts cannot be used for any other purpose unless the District takes the action to remove or change the constraint.

Assigned fund balance – amounts the District intends to use for specific purpose (such as encumbrances); intent can be expressed by the District or by an official or body to which the District delegates the authority.

Unassigned fund balance – amounts that are available for purpose; positive amounts are reported only in the General fund.

It is the Board's practice to liquidate funds when conditions have been met releasing these funds from legal, contractual, Board or managerial obligations, using restricted funds first, followed by committed funds, assigned funds, then unassigned funds.

Encumbrances are not liabilities and are not recorded as expenditures until receipt of material or service. Encumbrances remaining open at the end of the fiscal year are automatically re-budgeted in the following fiscal year. Encumbrances are considered a managerial assignment of fund balance in the governmental funds balance sheet.

Net Position

Net position represents the difference between assets and liabilities. Net position invested in capital assets, net of related debt, consists of capital assets, net of accumulated depreciation, reduced by the outstanding balances of any borrowings used for the acquisition, construction or improvement of those assets. Net position is reported as restricted when there are limitations imposed on their use either through the enabling legislation adopted by the District or through external restrictions imposed by creditors, grantors or laws or regulations of other governments.

Operating Revenues and Expenses

Operating revenues are those revenues that are generated directly from the primary activity of the proprietary funds. For the District, those revenues are primarily charges for meals provided by the various schools.

Interfund Activity

Exchange transactions between funds are reported as revenues in the seller funds and as expenditures/expenses in the purchaser funds. Flows of cash or goods from one fund to another without a requirement for repayment are reported as interfund transfers. Interfund transfers are reported as other financing sources/uses in governmental funds and as non-operating revenues/expenses in proprietary funds. Repayments from funds responsible for particular expenditures/expenses to the funds that initially paid for them are not presented on the financial statements.

Kenton County School District
Notes to Financial Statements--Continued
Year Ended June 30, 2024

NOTE 1 **SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES** (Continued)

Pensions

For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the County Employees Retirement System Non-Hazardous ("CERS") and Teachers Retirement System of the State of Kentucky ("TRS") and additions to/deductions from fiduciary net position have been determined on the same basis as they are reported by the pensions. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

Postemployment Benefits Other than Pensions (OPEB)

For purposes of measuring the District's OPEB liability, deferred outflows of resources and deferred inflows of resources related to OPEB, and OPEB expense, information about the fiduciary net position of the Teachers' Retirement System of the State of Kentucky ("TRS") and additions to deductions from TRS's fiduciary net position have been determined on the same basis as they are reported by TRS. For this purpose, benefits payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value, except for money market investments and participating interest-earning investment contracts that have a maturity at the time of purchase of one year or less, which are reported at cost.

Leases

The District adopted GASB Statement No. 87, *Leases*, during the fiscal year ended June 30, 2022. The District is a lessee for various noncancellable leases of equipment and vehicles.

Short-Term Leases

For leases with a maximum possible term of 12 months or less at commencement, the District recognizes expense/expenditure based on the provisions of the lease contract.

Leases Other than Short-Term

For all other leases, the District recognizes a lease liability and an intangible right-to-use lease asset in the applicable columns of the District-wide (governmental or business-type activities) and proprietary fund financial statements.

Measurement of Lease Amounts

At lease commencement, the District initially measures the lease liability at the present value of payments expected to be made during the lease term. Subsequently, the lease liability is reduced by the principal portion of lease payments made. The lease asset is initially measured as the initial amount of the lease liability, less lease payments made at or before the lease commencement date, plus any initial direct costs ancillary to placing the underlying asset into service, less any lease

Kenton County School District
Notes to Financial Statements
Year Ended June 30, 2024

NOTE 1 **SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES** (Continued)

incentives received at or before the lease commencement date. Subsequently, the lease asset is amortized into depreciation and amortization expense on a straight-line basis over the shorter of the lease term or the useful life of the underlying asset. If the District is reasonably certain of exercising a purchase option contained in a lease, the lease asset will be amortized over the useful life of the underlying asset.

Key Estimates and Judgements

Key estimates and judgements include how the District determines (1) the discount rate it uses to calculate the present value of the expected lease payments, (2) lease term, and (3) lease payments.

- The District generally uses its estimated incremental borrowing rate as the discount rate for leases unless the rate that the lessor charges is known.
- The lease term includes the noncancellable period of the lease plus any additional periods covered by either the District or lessor option to (1) extend for which it is reasonably certain to be exercised, or (2) terminate for which it is reasonably certain not to be exercised. Period in which both the District and the lessor have a unilateral option to terminate (or if both parties have to agree to extend) are excluded from the lease term.
- Payments are evaluated by the District to determine if they should be included in the measurement of the lease liability, including those payments that require a determination of whether they are reasonably certain of being made.

Remeasurement of Lease Amounts

The District monitors changes in circumstances that may require measurement of a lease. When certain changes occur that are expected to significantly affect the amount of the lease liability, the liability is remeasured, and a corresponding adjustment is made to the lease asset.

Presentation in Statement of Net Position

Lease assets are reported with capital assets and lease liabilities are reported with long-term debt in the statement in the statement of net position.

NOTE 2 **ESTIMATES**

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect reported amounts of assets, liabilities, designated fund balances, and disclosure of contingent assets and liabilities at the date of the general purpose financial statements, and the reported amounts of revenues and expenditures during the reporting period. Actual results could differ from those estimates.

Kenton County School District
Notes to Financial Statements--Continued
Year Ended June 30, 2024

NOTE 3 CASH AND CASH EQUIVALENTS

The District maintains its cash in bank deposit accounts which, at times, exceed federally insured limits. The amounts exceeding the federally insured limits are covered by a collateral agreement and the collateral is held by the pledging banks' trust departments in the District's name. The District has not experienced any losses in such accounts and the District believes it is not exposed to any significant credit risk on cash and cash equivalents.

NOTE 4 CAPITAL ASSETS

Capital asset activity for the fiscal year ended June 30, 2024 was as follows:

	Balance June 30, 2023	Additions	Dispositions	Balance June 30, 2024

Notes to Financial Statements--Continued
Year Ended June 30, 2024

NOTE 4 CAPITAL ASSETS (Continued)

Depreciation expense by function for the fiscal year ended June 30, 2024 was as follows:

	<u>Governmental</u>	<u>Business-Type</u>
Instruction	\$ 3,625,170	\$ -
Student Support Services	10,233	-
Instructional staff support services	14,304	-
District administration support services	47,353	-
School Admin Support	23,286	-
Business support services	38,537	-
Plant operation and maintenance	7,086,895	-
Food service	-	88,246
Transportation	1,523,168	-
Community services	36	-
	<u>\$ 12,368,982</u>	<u>\$ 88,246</u>

NOTE 5 ACCRUED SICK LEAVE BENEFITS

In accordance with GAAP, the District has recorded accrued sick leave as a liability in the District-wide statement of net position since the majority of these liabilities are not expected to be liquidated with expendable available financial resources. Accrued sick leave, which has no maximum accumulation, is payable upon retirement at 30% of the value of accumulated sick leave.

Sick leave benefits are accrued as a liability using the termination payment method. An accrual for earned sick leave is made to the extent that it is probable that the benefits will result in termination payments. The liability is based on the District’s past experience of making termination payments.

NOTE 6 LEASE LIABILITIES

KISTA Finance Lease

The District is financing the acquisition of buses through various Kentucky Interlocal School Transportation Association (“KISTA”) agreements. The obligations under the leases expire between 2025 and 2033. The assets and liabilities under KISTA liabilities are recorded at the lower of the present value of the minimum lease payments or the fair value of the asset. The assets are depreciated over the lower of their related lease terms or their estimated productive lives. Depreciation of assets under KISTA liabilities is included in depreciation expense.

Kenton County School District
Notes to Financial Statements--Continued
Year Ended June 30, 2024

NOTE 6 LEASE LIABILITIES (Continued)

Future minimum lease payments under KISTA liabilities as of June 30, 2024, for each of the next five years and in the aggregate are as follows:

Year Ending June 30,		
2024-2025	\$	1,424,773
2025-2026		1,253,245
2026-2027		1,084,194
2027-2028		890,120
2028-2029		728,913
Thereafter		<u>1,398,643</u>
Total minimum payments		6,779,888
Lees amount representing interest		<u>656,582</u>
Present value of net minimum liability payments		<u>\$ 6,123,306</u>

Equipment Lease

Beginning on July 1, 2023, the District entered into a long-term lease for Chromebooks. In accordance with GASB 87, the assets have been reflected in the financial statements as right-to-use assets along with the associated liability. The assets and liabilities are recorded at the lower of the present value of the minimum lease payments or the fair value of the asset. The assets are amortized over the lower of their related lease terms or their estimated productive lives. Amortization of the assets under lease is included in Instruction expenditures.

Future minimum lease payments under the equipment lease as of June 30, 2024, for each of the next three years and in the aggregate are as follows:

Year Ending June 30,		
2024-2025	\$	435,577
2025-2026		435,577
2026-2027		<u>435,577</u>
Total minimum payments		1,306,731
Lees amount representing interest		<u>97,965</u>
Present value of net minimum liability payments		<u>\$ 1,208,766</u>

Kenton County School District

Year Ended June 30, 2024

NOTE 7 LEASE OBLIGATIONS AND BONDED DEBT

The amount shown in the accompanying financial statements as lease obligations represents the District's future obligations to make lease payments relating to the bonds issued.

The original amount of each issue, the issue date, and interest rates are summarized below:

<u>Issue Date</u>	<u>Proceeds</u>	<u>Rates</u>
March 7, 2013	30,545,000	2.000% - 3.000%
May 16, 2013	12,005,000	2.000% - 3.125%
March 5, 2014	4,170,000	1.000% - 4.000%
April 1, 2015	14,445,000	2.000% - 3.000%
April 10, 2015	8,895,000	2.000% - 3.000%
May 28, 2015	17,320,000	3.000% - 3.625%
March 9, 2016	25,190,000	2.000% - 4.000%
April 19, 2016	19,400,000	2.000% - 3.250%
June 5, 2017	5,125,000	2.000% - 3.550%
November 7, 2017	2,280,000	3.00%
April 18, 2018	13,945,000	2.000% - 4.000%
May 7, 2020	12,850,000	1.500% - 3.000%
September 30, 2020	7,670,000	1.500% - 1.750%
November 29, 2021	29,125,000	2.000% - 3.000%
- February 2, 2022	48,385,000	2.000% - 5.000%
July 14, 2022	2,490,000	2.500% - 4.000%
August 2, 2023	34,950,000	4.00%

The District, through the General Fund (including utility taxes and the Support Education Excellence in Kentucky ("SEEK") Capital Outlay Fund) is obligated to make lease payments in amounts sufficient to satisfy debt service requirements on bonds issued by the Kenton County Fiscal Court and the Kenton County School District Finance Corporation to construct school facilities.

The District entered into "participation agreements" with the School Facility Construction Commission (the "Commission"). The Commission was created by the Kentucky General Assembly for the purpose of assisting local school districts in meeting school construction needs. Note 17 sets forth the amount to be paid by the District and the Commission for each year until maturity of all bond issues. The liability for the total bond amount remains with the District and, as such, the total principal has been recorded in the financial statements.

All issues may be called prior to maturity and redemption premiums are specified in each issue. Assuming no bonds are called prior to scheduled maturity, the minimum obligations of the District, including amounts to be paid by the Commission, at June 30, 2024 for debt service (principal and interest) are reported in Note 16.

Kenton County School District
Notes to Financial Statements--Continued
Year Ended June 30, 2024

NOTE 8 RETIREMENT PLANS

The District’s employees are provided with two pension plans, based on each position’s college degree requirement. The County Employees Retirement System (“CERS”) covers employees whose position does not require a college degree or teaching certification. The Kentucky Teachers Retirement System (“TRS”) covers positions requiring teaching certification or otherwise requiring a college degree.

General information about the County Employees Retirement System Non-Hazardous

Plan description

Employees whose positions do not require a degree beyond a high school diploma are covered by the CERS, a cost-sharing multiple-employer defined benefit pension plan administered by the Kentucky Retirement System, an agency of the Commonwealth of Kentucky. Under the provisions of the Kentucky Revised Statute (“KRS”) Section 61.645, the Board of Trustees of the Kentucky Retirement System administers CERS and has the authority to establish and amend benefit provisions. The Kentucky Retirement System issues a publicly available financial report that includes financial statements and required supplementary information for CERS. That report may be obtained from <http://kyret.ky.gov/>.

Benefits provided

CERS provides retirement, health insurance, death and disability benefits to Plan employees and beneficiaries. Employees are vested in the plan after five years’ service. For retirement purposes, employees are grouped into three tiers, based on hire date:

Tier 1	Participation date Unreduced retirement Reduced retirement	Before September 1, 2008 27 years service or 65 years old At least 5 years service and 55 years old At least 25 years service and any age
Tier 2	Participation date Unreduced retirement Reduced retirement	September 1, 2008 - December 31, 2013 At least 5 years service and 65 years old Or age 57+ and sum of service years plus age equal 87 At least 10 years service and 60 years old
Tier 3	Participation date Unreduced retirement Reduced retirement	After December 31, 2013 At least 5 years service and 65 years old Or age 57+ and sum of service years plus age equal 87 Not available

Kenton County School District
Notes to Financial Statements--Continued
Year Ended June 30, 2024

NOTE 8 RETIREMENT PLANS (Continued)

Cost of living adjustments are provided at the discretion of the General Assembly. Retirement is based on a factor of the number of years' service and hire date multiplied by the average of the highest five years' earnings. Reduced benefits are based on factors of both of these components. Participating employees become eligible to receive the health insurance benefit after at least 180 months of service. Death benefits are provided for both death after retirement and death prior to retirement. Death benefits after retirement are \$5,000 in lump sum. One month's service is required for death benefits prior to retirement and the employee must have suffered a duty-related death. The decedent's beneficiary will receive the higher of the normal death benefit and \$10,000 plus 75% of the decedent's monthly average rate of pay. If the surviving spouse remarries, the monthly rate will be recalculated to 25% of the decedent's monthly average. Any dependent child will receive 50% of the decedent's monthly final rate of pay up to 75% for all dependent children. Five years' service is required for nonservice-related disability benefits.

Contributions

Required contributions by the employee are based on the following tier:

	Required Contributions
Tier 1	5%
Tier 2	5% + 1% for insurance
Tier 3	5% + 1% for insurance

The contribution requirement for CERS for the year ended June 30, 2024, was \$5,899,616, which consisted of \$4,765,617 from the District and \$1,133,999 from the employees. Total contributions for the year ended June 30, 2023 and 2022 were \$5,808,422 and \$5,131,621, respectively. The contributions have been contributed in full for fiscal years 2024, 2023 and 2022.

General information about the Teachers' Retirement System of the State of Kentucky

Plan description

Teaching certified employees of the District and other employees whose positions require at least a college degree are provided pensions through the Teachers' Retirement System of the State of Kentucky—a cost-sharing multiple-employer defined benefit pension plan with a special funding situation established to provide retirement annuity plan coverage for local school districts and other public educational agencies in the Commonwealth. TRS was created by the 1938 General Assembly and is governed by Chapter 161 Section 220 through Chapter 161 Section 990 of the KRS. TRS is a blended component unit of the Commonwealth of Kentucky Revised Statues and therefore is included in the Commonwealth's financial statements. TRS issues a publicly available financial report that can be obtained at <https://trs.ky.gov/employers/information/gasb-65-67/>.

Kenton County School District
Notes to Financial Statements--Continued
Year Ended June 30, 2024

NOTE 8 RETIREMENT PLANS (Continued)

Benefits provided

For employees who have established an account in a retirement system administered by the Commonwealth prior to July 1, 2008, employees become vested when they complete five (5) years of credited service. To qualify for monthly retirement benefits, payable for life, employees must either:

- 1.) Attain age fifty-five (55) and complete five (5) years of Kentucky service, or
- 2.) Complete 27 years of Kentucky service.

Employees that retire before age 60 with less than 27 years of service receive reduced retirement benefits. Non-university employees with an account established prior to July 1, 2002 receive monthly payments equal to two (2) percent (service prior to July 1, 1983) and two and one-half (2.5) percent (service after July 1, 1983) of their final average salaries for each year of credited service. New employees (including second retirement accounts) after July 1, 2002 will receive monthly benefits equal to 2% of their final average salary for each year of service if, upon retirement, their total service less than ten years. New employees after July 1, 2002 who retire with ten or more years of total service will receive monthly benefits equal to 2.5% of their final average salary for each year of service, including the first ten years. In addition, employees who retire July 1, 2004 and later with more than 30 years of service will have their multiplier increased for all years over 30 from 2.5% to 3.0% to be used in their benefit calculation. New employees hired after July 1, 2008 but before December 31, 2021 who retire with less than ten years will receive monthly benefits equal to 1.7% of their final average salary for each year of service. New employees hired between July 1, 2008 and December 31, 2021 with between 20 to 26 years of service will receive monthly benefits equal to 2.3% of their final average salary for each year of service. Lastly, new employees hired between July 1, 2008 and December 31, 2021 with between 26-30 years of service. Effective January 1, 2022 the system has been amended to change the benefit structure for employees hired on or after that date.

Final average salary is defined as the member's five (5) highest annual salaries for those with less than 27 years of service. Employees at least age 55 with 27 or more years of service may use their three (3) highest annual salaries to compute the final average salary. TRS also provides disability benefits for vested employees at the rate of sixty (60) percent of the final average salary. A life insurance benefit, payable upon the death of a member, is \$2,000 for active contributing employees and \$5,000 for retired or disabled employees.

Cost of living increases are one and one-half (1.5) percent annually. Additional ad hoc increases and any other benefit amendments must be authorized by the General Assembly.

Contributions

Contribution rates are established by Kentucky Revised Statutes. For members who began participating before Jan. 1, 2022, non-university employees are required to contribute 12.855% of their salaries to the System. University employees are required to contribute 10.400% of their salaries. KRS 161.565 allows each university to reduce the contribution of its employees by 2.215%; therefore, university employees contribute 8.185% of their salary to TRS. For members employed by local school

Kenton County School District
Notes to Financial Statements--Continued
Year Ended June 30, 2024

NOTE 8 RETIREMENT PLANS (Continued)

districts, the state (as a non-employer contributing entity) contributes 13.105% of salary for those who joined before July 1, 2008, and 14.105% for those who joined on or after July 1, 2008, and before Jan. 1, 2022. Other participating employers are required to contribute the percentage contributed by members plus an additional 3.25% of members' gross salaries. For local school district and regional cooperative employees whose salaries are federally funded, the employer contributes 16.105% or 17.105% of salaries. If an employee leaves covered employment before accumulating five (5) years of credited service, accumulated employee pension contributions plus interest are refunded to the employee upon the member's request.

For members employed by local school districts, the state (as a non-employer contributing entity) contributes 13.105% of salary for those who joined before July 1, 2008, and 14.105% for those who joined on or after July 1, 2008, and before Jan. 1, 2022. Other participating employers are required to contribute the percentage contributed by members plus an additional 3.25% of members' gross salaries.

The contribution requirement for TRS for the year ended June 30, 2024, was \$12,292,078, which consisted of \$2,893,661 from the District and \$9,398,417 from the employees. Total contributions for the year ended June 30, 2023 and 2022 were \$11,929,797 and \$11,215,587, respectively. The contributions have been contributed in full for fiscal years 2024, 2023 and 2022.

Medical Insurance Plan

Plan description

In addition to the pension benefits described above, KRS 161.675 requires TRS to provide post-employment healthcare benefits to eligible employees and dependents. The TRS Medical Insurance Fund (MIF) is a cost-sharing multiple employer defined benefit plan. Changes made to the medical plan may be made by the TRS Board of Trustees, the Kentucky Department of Employee Insurance and the General Assembly.

To be eligible for medical benefits, the member must have retired either for service or disability. The TRS Medical Insurance Fund offers coverage to employees under the age of 65 through the Kentucky Employees Health Plan administered by the Kentucky Department of Employee Insurance. Once retired employees and eligible spouses attain age 65 and are Medicare eligible, coverage is obtained through the TRS Medicare Eligible Health Plan.

Funding policy

In order to fund the post-retirement healthcare benefit, 7.50% of the gross annual payroll of members is contributed. Member contributions are 3.75% and 0.75% is paid from state appropriate. Employer contributions are 3.00%. Also, the premiums collected from retirees as described in the plan description and investment interest help meet the medical expenses of the plan.

Kenton County School District

NOTE 8 RETIREMENT PLANS (Continued)

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

At June 30, 2024, the District reported a liability for its proportionate share of the net pension liability for CERS. The District did not report a liability for the District's proportionate share of the net pension liability for TRS because the Commonwealth of Kentucky provides the pension support directly to TRS on behalf of the District. The amount recognized by the District as its proportionate share of the net pension liability, the related Commonwealth support, and the total portion of the net pension liability that was associated with the District were as follows:

District's proportionate share of the CERS net pension liability	\$ 43,561,804
Commonwealth's proportionate share of the TRS net pension liability associated with the District	<u>335,481,462</u>
	<u>\$ 379,043,266</u>

The net pension liability for each plan was measured as of June 30, 2023, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date.

The District's proportion of the net pension liability for CERS was based on the actual liability of the employees and former employees relative to the total liability of the System as determined by the actuary. At June 30, 2023, the District's proportion was 0.678902% percent.

For the year ended June 30, 2024, the District recognized pension expense of \$985,243 related to CERS. At June 30, 2024, the District reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between expected and actual experience	\$ 2,255,111	\$ 118,370
Changes of assumptions	-	3,992,469
Net difference between projected and actual earnings on pension plan investments	4,705,909	5,300,115
Changes in proportion and differences between District contributions and proportionate share of contributions	-	1,128,397
District contributions after the measurement date	<u>4,765,617</u>	<u>-</u>
Total	<u>\$ 11,726,637</u>	<u>\$ 10,539,351</u>

Kenton County School District
Notes to Financial Statements--Continued
Year Ended June 30, 2024

NOTE 8 RETIREMENT PLANS (Continued)

\$4,765,617 reported as deferred outflows of resources related to pensions resulting from District contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability in the year ended June 30, 2024. Other amounts reported as deferred outflows of resources and deferred inflows related to pensions will be recognized in pension expense as follows:

Year Ending June 30	
2024	\$ (2,255,106)
2025	(1,873,982)
2026	972,476
2027	(421,719)
2028	-

Actuarial assumptions

The total pension liability in the June 30, 2023 actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

	CERS	TRS
Inflation	2.30%	2.50%
Projected salary increases	2.00%	3.00 - 7.50%
Investment rate of return, net of investment expense and inflation	6.25%	7.10%

For CERS, mortality rates used for active members for PUB-2010 General Mortality table projected with the ultimate rates from the MP-2020 mortality improvement scale using a base year of 2010. The mortality table used for healthy retired members was a system-specific mortality table based on a mortality experience from 2013-2022, projected with the ultimate rates from MP-2014 mortality improvement scale using a base year of 2023. The mortality table used for disabled members was PUB-2010 Disabled Mortality table, with rates multiplied by 150% for both male and female rates, projected with the ultimate rates from the MP-2014 mortality improvement scale using a base year of 2010.

For TRS, mortality rates were based on Pub2010 (Teachers Benefit-Weighted) Mortality Table projected generationally with MP-2020 with various set-forwards, set-backs, and adjustments for each groups: service, retirees, contingent annuitants, disabled retirees, and active members. The actuarial assumptions used were based on the results of an actuarial experience study for the 5- year period ending June 30, 2020, adopted by the board on September 20, 2021. The Municipal Bond Index Rate used for this purpose is the June average of the Bond Buyer General Obligation 20-year Municipal Bond Index.

Kenton County School District
Notes to Financial Statements--Continued
Year Ended June 30, 2024

NOTE 8 RETIREMENT PLANS (Continued)

For CERS, the long-term expected return on plan assets is reviewed against actual plan experience at least once every five years through the completion of an actuarial experience study. In general, the assumptions and methods used in the June 30, 2023 valuation are based on the most recent actuarial experience study performed as of June 30, 2022, submitted, and adopted by the Boards in May and June 2023. The future investment earnings of plan assets are assumed to accumulate at a rate of 6.50% per annum. This rate consists of a 2.50% price inflation component and a 4.00% real rate of return component. This assumption was adopted in 2023.

For TRS, the long-term expected rate of return on pension plan investments was determined using a log-normal distribution analysis in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation.

The target allocation and best estimates of arithmetic real rates of return for each major asset class, as provided by TRS and CERS investment consultant, are summarized in the following table:

<u>Asset Classes</u>	<u>TRS Target Allocation</u>	<u>TRS Long-Term Expected Real Rate of Return</u>	<u>CERS Target Allocation</u>	<u>CERS Long-Term Expected Real Rate of Return</u>
U.S. equity	38.0%	5.00%	50.0%	5.90%
Developed international equity	15.7%	5.50%		
Emerging markets equity	5.3%	6.10%		
Core bonds			10.0%	2.45%
Private equity	7.0%	8.00%	10.0%	11.73%
High yield	5.0%	3.80%	10.0%	3.65%
Fixed income	15.0%	1.90%		
Additional categories	5.0%	3.60%		
Real estate	7.0%	3.20%	7.0%	4.99%
Real return			13.0%	5.15%
Cash	2.0%	1.60%	0.0%	1.39%
Total	<u>100.00%</u>		<u>100.00%</u>	

Discount rate

For CERS, the discount rate used to measure the total pension liability was 6.50%. The projection of cash flows used to determine the discount rate assumed that contributions from plan employees and employers will be made at statutory contribution rates. Projected inflows from investment earnings were calculated using the long-term assumed investment return of 6.50%. The long-term investment rate of return was applied to all periods of projected benefit payments to determine the total pension liability.

Kenton County School District
Notes to Financial Statements--Continued
Year Ended June 30, 2024

NOTE 8 RETIREMENT PLANS (Continued)

For TRS, the discount rate used to measure the total pension liability was 7.10%. The projection of cash flows used to determine the discount rate assumed that plan member contributions will be made at the current contribution rates and the employer contributions will be made at statutorily required rates for all fiscal years in the future. Based on those assumptions, the pension plan’s fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

Sensitivity of CERS and TRS proportionate share of net pension liability to changes in the discount rate

The following table presents the net pension liability of the District, calculated using the discount rates selected by each pension system, as well as what the District’s net pension liability would be if it were calculated using a discount rate that is 1-percentage-point lower or 1-percentage-point higher than the current rate:

	<u>1% Decrease</u>	<u>Current Discount Rate</u>	<u>1% Increase</u>
CERS	5.50%	6.50%	7.50%
District's proportionate share of net pension liability	\$ 54,999,409	\$ 43,561,804	\$ 34,056,724
TRS	6.10%	7.10%	8.10%
District's proportionate share of net pension liability	\$ -	\$ -	\$ -

Pension plan fiduciary net position

Detailed information about the pension plan’s fiduciary net position is available in the separately issued financial reports of both CERS and TRS.

NOTE 9 OPEB PLANS

General information about the Teachers’ Retirement System OPEB Plan

Plan description

Teaching-certified employees of the Kenton County School District are provided OPEBs through the Teachers’ Retirement System of the State of Kentucky (TRS) – a cost-sharing multiple- employer defined benefit OPEB plan with a special funding situation established to provided retirement annuity plan coverage for local school districts and other public educational agencies in the state. TRS was created by the 1938 General Assembly and is governed by Chapter 161 Section 220 through Chapter 161 Section 990 of the Kentucky Revised Statues and therefore is included in the Commonwealth’s

Year Ended June 30, 2024

NOTE 9 OPEB PLANS (Continued)

financial statements. TRS issues a publicly available financial report that can be obtained at <https://trs.ky.gov/financial-reports-information>.

The state reports a liability, deferred outflows of resources and deferred inflows of resources, and expense as a result of its statutory requirement to contribute to the TRS Medical Insurance and Life Insurance Plans. The following information is about the TRS plans.

Medical Insurance Plan

Plan description

In addition to the OPEB benefits described above, Kentucky Revised Statute 161.675 requires TRS to provide post-employment healthcare benefits to eligible members and dependents. The TRS Medical Insurance benefit is a cost-sharing multiple employer defined benefit plan with a special funding situation. Changes made to the medical plan may be made by the TRS Board of Trustees, the Kentucky Department of Employee Insurance and the General Assembly.

Benefits provided

To be eligible for medical benefits, the member must have retired either for service or disability. The TRS Medical Insurance Fund offers coverage to members under the age of 65 through the Kentucky Employees Health Plan administered by the Kentucky Department of Employee Insurance. TRS retired members are given a supplement to be used for payment of their health insurance premium. The amount of the member's supplement is based on a contribution supplement table approved by the TRS Board of Trustees. The retired member pays premiums in excess of the monthly supplement. Once retired members and eligible spouses attain age 65 and are Medicare eligible, coverage is obtained through the TRS Medicare Eligible Health Plan.

Contributions

In order to fund the post-retirement healthcare benefit, seven and one-half percent (7.50%) of the gross annual payroll of members is contributed. Three and three quarters percent (3.75%) is paid by member contributions and three quarters percent (.75%) from state appropriation and three percent (3.00%) from the employer. The state contributes the net cost of health insurance premiums for members who retired on or after July 1, 2010 who are in the non-Medicare eligible group. Also, the premiums collected from retirees as described in the plan description and investment interest help meet the medical expenses of the plan.

NOTE 9 OPEB PLANS (Continued)

Retirement System, an agency of the Commonwealth of Kentucky. Under the provisions of the Kentucky Revised Statute ("KRS") Section 61.645, the Board of Trustees of the Kentucky Retirement System administers CERS and has the authority to establish and amend benefit provisions. The Kentucky Retirement System issues a publicly available financial report that includes financial statements and required supplementary information for CERS.

Benefits

CERS provides health insurance, death and disability benefits to Plan employees and beneficiaries. Employees are vested in the plan after five years' service. For retirement purposes, employees are grouped into three tiers, based on hire date. See Note 8 for tier classifications.

Contributions

Required contributions by the employee are based on the tier disclosed in Note 8.

OPEB Liabilities, OPEB Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEBs

At June 30, 2024, the Kenton County School District reported a liability of \$ 24,214,698 for its proportionate share of the collective net OPEB liability that reflected a reduction for state OPEB support provided to the District. The collective net OPEB liability was measured as of June 30, 2023, and the total OPEB liability used to calculate the collective net OPEB liability was based on a projection of the District's long-term share of contributions to the OPEB plan relative to the projected contributions of all participating employers, actuarially determined. At June 30, 2023, the District's proportion was 1.03 percent for TRS, which was an decrease of 0.37 percent of its proportion measured as of June 30, 2022. At June 30, 2023, the District's proportion was 0.68 percent for CERS, which was a decrease of 0.01 percent from its proportion measured as of June 30, 2022.

The amount recognized by the District as its proportionate share of the OPEB liability, the related State support, and the total portion of the net OPEB liability that was associated with the District were as follows:

District's proportionate share of the CERS net OPEB asset	\$ (937,302)
District's proportionate share of the TRS net OPEB liability	25,152,000
State's proportionate share of the net OPEB liability associated with the District.	21,200,000
	\$ 45,414,698

Kenton County School District
Notes to Financial Statements--Continued
Year Ended June 30, 2024

NOTE 9 OPEB PLANS (Continued)

For the year ended June 30, 2024, the District recognized OPEB benefit of \$2,307,398 and revenue of \$1,701,430 for support provided by the State. At June 30, 2024, the District reported deferred outflows of resources and deferred inflows of resources related to OPEBs from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between expected and actual experience	\$ 653,422	\$ 21,833,767
Changes of assumptions	7,562,547	1,285,464
Net difference between projected and actual earnings on OPEB investments	2,224,126	1,971,657
Changes in proportion and differences between District contributions and proportionate share of contributions	8,215,395	10,053,147
District contributions after the measurement date	2,171,517	-
Total	\$ 20,827,007	\$ 35,144,035

Of the total amount reported as deferred outflows of resources related to OPEB, \$2,171,517 resulting from District contributions subsequent to the measurement date and before the end of the fiscal year will be included as a reduction of the collective net OPEB liability in the year ended June 30, 2024. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to OPEB will be recognized in the District's OPEB expense as follows:

Year Ending June 30	
2025	\$ (5,321,427)
2026	(4,163,517)
2027	(2,182,211)
2028	153,000
2029	(717,000)
Thereafter	(892,000)

Kenton County School District
Notes to Financial Statements--Continued
Year Ended June 30, 2024

NOTE 9 OPEB PLANS (Continued)

Actuarial assumptions

The total OPEB liability in the June 30, 2023 actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

	TRS	CERS
Investment rate of return	7.10%, net of OPEB plan investment expense, including inflation.	6.25%
Projected salary increases	3.00 - 7.50%, including wage inflation	3.30% to 10.30%, varies by service
Inflation rate	2.50%	2.30%
Real Wage Growth	0.25%	
Wage Inflation	2.75%	
Healthcare cost trend rates		
Under 65	6.75% for FY 2023 decreasing to an ultimate rate of 4.50% by FY 2032	Initial trend starting at 6.3% at January 1 2023 and gradually decreasing to an ultimate trend rate of 4.05% over a period of 13 years
Ages 65 and Older	6.75% for FY 2023 decreasing to an ultimate rate of 4.50% by FY 2032	Initial trend starting at 6.30% at January 1, 2023 and gradually decreasing to an ultimate trend rate of 4.05% over a period of 13 years
Medicare Part B Premiums	1.55% for FY 2023 with an ultimate rate of 4.50% by 2034	
Municipal Bond Index Rate	3.66%	3.86%
Discount Rate	7.10%	5.93%
Single Equivalent Interest Rate	7.10%, net of OPEB plan investment expense, including price inflation	

For TRS, mortality rates were based on the Pub2010 (Teachers Amount-Weighted) Mortality Table projected generationally with MP-2020 with various set-forwards, set-backs, and adjustments for each of the groups; service, retirees, contingent annuitants, disabled retirees, and active members. The demographic actuarial assumptions for retirement, disability incidence, withdrawal, rates of plan participation, and rates of plan election used in the June 30, 2022 valuation were based on the results of the most actuarial experience studies for the system, which covered the five-year period ending June 30, 2020, adopted by the Board on September 20, 2021.

For CERS, mortality rates used for active members was PUB-2010 General Mortality table projected with the ultimate rates from the MP-2014 mortality improvement scale using a base year of 2010. The mortality table used for healthy retired members was a system-specific mortality table based on a mortality experience from 2013-2018, projected with the ultimate rates from MP-2014 mortality improvement scale using a base year of 2019.

For TRS, the long-term expected rate of return on OPEB plan investments was determined using a log-normal distribution analysis in which best-estimate ranges of expected future real rates of return (expected returns, net of OPEB plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting

Kenton County School District
Notes to Financial Statements--Continued
Year Ended June 30, 2024

NOTE 9 OPEB PLANS (Continued)

the expected future real rates of return by the target asset allocation percentage and by adding expected inflation.

The target allocation and best estimates of arithmetic real rates of return for each major asset class, as provided by TRS's investment consultant, are summarized in the following table:

Asset Classes	Target Allocation	30 Year Expected Geometric Rate of Return
Large Cap U.S. equity	35.4%	5.00%
Small Cap U.S. equity	2.6%	5.50%
Fixed income	9.0%	1.90%
Developed international equity	15.0%	5.50%
Emerging markets	5.0%	6.10%
High yield bonds	8.0%	3.80%
Real estate	6.5%	3.20%
Private equity	8.5%	8.00%
Other additional categories	9.0%	3.70%
Cash	1.0%	1.60%
Total	100.00%	

Discount rate

For TRS, the discount rate used to measure the total OPEB liability was 7.10%. The projection of cash flows used to determine the discount rate assumed that plan member contributions will be made at the current contribution rates and the employer contributions will be made at statutorily required rates. Based on those assumptions, the OPEB plan's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on OPEB plan investments was applied to all periods of projected benefit payments to determine the total OPEB liability.

For CERS, the discount rate used to measure the total OPEB liability was 5.93%. The projection of cash flows used to determine the discount rate assumed that plan member contributions will be made at the current contribution rates and the employer contributions will be made at statutorily required rates. Based on those assumptions, the OPEB plan's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on OPEB plan investments was applied to all periods of projected benefit payments to determine the total OPEB liability.

Kenton County School District
Notes to Financial Statements--Continued
Year Ended June 30, 2024

NOTE 9 OPEB PLANS (Continued)

The following table presents the District's proportionate share of the collective net OPEB liability of the System, calculated using the discount rate, as well as what the District's proportionate share of the collective net OPEB liability would be if it were calculated using a discount rate that is 1- percentage-point lower or 1-percentage-point higher than the current rate:

	<u>1% Decrease</u>	<u>Current Discount</u>	<u>1% Increase</u>
TRS Discount Rate	6.10%	7.10%	8.10%
District's Net OPEB Liability	\$ 32,351,000	\$ 25,152,000	\$ 19,202,000
CERS Discount Rate	4.93%	5.93%	6.93%
District's Net OPEB Liability	\$ 1,758,959	\$ (937,302)	\$ (3,195,093)

Sensitivity of the District's proportionate share of the collective net OPEB liability to changes in the healthcare cost trend rates

The following presents the District's proportionate share of the collective net OPEB liability, as well as what the District's proportionate share of the collective net OPEB liability would be if it were calculated using healthcare cost trend rates that were 1-percentage-point lower or 1-percentage- point higher than the current healthcare cost trend rates:

	<u>1% Decrease</u>	<u>Current Health Care Trend Rate</u>	<u>1% Increase</u>
TRS			
District's Net OPEB Liability	\$ 18,107,000	\$ 25,152,000	\$ 33,924,000
CERS			
District's Net OPEB Liability	\$ (3,004,220)	\$ (937,302)	\$ 1,601,709

OPEB plan fiduciary net position

Detailed information about the OPEB plan's fiduciary net position is available in the separately issued TRS financial report.

Life Insurance Plan

Plan description

TRS administers the life insurance plan as provided by Kentucky Revised Statute 161.655 to eligible active and retired members. The TRS Life Insurance benefit is a cost-sharing multiple employer defined benefit plan with a special funding situation. Changes made to the life insurance plan may be made by the TRS Board of Trustees and the General Assembly.

Kenton County School District
Notes to Financial Statements--Continued
Year Ended June 30, 2024

NOTE 9 OPEB PLANS (Continued)

TRS provides a life insurance benefit of five thousand dollars payable for members who retire based on service or disability. TRS provides a life insurance benefit of two thousand dollars payable for its active contributing members. The life insurance benefit funded by the Life Insurance Fund (LIF) is payable upon the death of the member to the member's estate or to a party designated by the member.

Contributions

In order to fund the post-retirement life insurance benefit, three hundredths of one percent (.03%) of the gross annual payroll of members is contributed by the state.

OPEB Liabilities, OPEB Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEBs

At June 30, 2024, the Kenton County School District did not report a liability for its proportionate share of the collective net OPEB liability for life insurance benefits because the State of Kentucky provides the OPEB support directly to TRS on behalf of the District. The amount recognized by the District as its proportionate share of the OPEB liability, the related State support, and the total portion of the net OPEB liability that was associated with the District were as follows:

District's proportionate share of the net OPEB liability - LIF	\$	-
State's proportionate share of the net OPEB liability - LIF associated with the District.		525,000
		525,000
	\$	525,000

For the year ended June 30, 2024, the District recognized OPEB expense of \$ 0.

Actuarial assumptions

The total OPEB liability in the June 30, 2023 actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Investment rate of return	7.10%, net of OPEB Plan Investment Expense, including inflation
Projected salary increases	3.00 - 7.50%, including wage inflation
Inflation rate	2.50%
Rage wage growth	0.25%
Wage Inflation	2.75%
Municipal bond index rate	3.37%
Discount Rate	7.10%
Single Equivalent Interest Rate	7.10%, net of OPEB plan Investment Expense, including price inflation

Kenton County School District
Notes to Financial Statements--Continued
Year Ended June 30, 2024

NOTE 9 OPEB PLANS (Continued)

Mortality rates were based on the Pub2010 (Teachers Benefit-Weighted) Mortality Table projected generationally with MP-2020 with various set-forwards, set-backs, and adjustments for each of the groups; service, retirees, contingent annuitants, disabled retirees, and active members. The demographic actuarial assumptions for retirement, disability incidence, withdrawal, rates of plan participation, and rates of plan election used in the June 30, 2021 valuation were based on the results of the most actuarial experience studies, which covered the five-year period ending June 30, 2020, adopted by the Board on September 20, 2021.

The long-term expected rate of return on OPEB plan investments was determined using a log-normal distribution analysis in which best-estimate ranges of expected future real rates of return (expected returns, net of OPEB plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation.

The target allocation and best estimates of arithmetic real rates of return for each major asset class, as provided by TRS's investment consultant, are summarized in the following table:

<u>Asset Class</u>	<u>Target Allocation</u>	<u>30 Year Expected Geometric Real Rate of Return</u>
U.S. Equity	40.00%	5.20%
Fixed Income	21.00%	1.90%
Developed International Equity	15.00%	5.50%
Emerging Markets	5.00%	6.10%
Real Estate	7.00%	3.20%
Private Equity	5.00%	8.00%
Other Additional Categories	5.00%	4.00%
Cash	2.00%	1.60%
Total	<u>100.00%</u>	

Discount rate

The discount rate used to measure the total OPEB liability for life insurance was 7.10%. The projection of cash flows used to determine the discount rate assumed that the employer contributions will be made at statutorily required rates. Based on those assumptions, the OPEB plan's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on OPEB plan investments was applied to all periods of projected benefit payments to determine the total OPEB liability.

The following table presents the District's proportionate share of the collective net OPEB liability of the System, calculated using the discount rate of 7.10%, as well as what the District's proportionate share of the collective net OPEB liability would be if it were calculated using a discount rate that is 1-percentage-point lower (6.10%) or 1-percentage-point higher (8.10%) than the current rate:

	1% Decrease	Current Discount	1% Increase
TRS Discount Rate	6.10%	7.10%	8.10%
District's Net OPEB Liability	\$ -	\$ -	\$ -

OPEB plan fiduciary net position

Detailed information about the OPEB plan's fiduciary net position is available in the separately issued TRS financial report.

NOTE 10 CONTINGENCIES

Grant Fund Approval

The District receives funding from federal, state, and local government agencies and private contributions. These funds are to be used for designated purposes only. For government agency grants, if the grantor's review indicates that the funds have not been used for the intended purpose, the grantors may request a refund of monies advanced or refuse to reimburse the District for its disbursements. The amount of such future refunds and unreimbursed disbursements, if any, is not expected to be significant. Continuation of the District's grant programs is predicated upon the grantors' satisfaction that the funds provided are being spent as intended and the grantors' intent to continue the programs.

NOTE 11 INSURANCE AND RELATED ACTIVITIES

The District is exposed to various forms of loss of assets associated with the risks of fire, personal liability, theft, vehicular accidents, errors and omissions, fiduciary responsibility, etc. Each of these risk areas are covered through the purchase of commercial insurance. The District has purchased certain policies which are retrospectively rated, which includes workers' compensation insurance.

Kenton County School District
Notes to Financial Statements--Continued
Year Ended June 30, 2024

NOTE 12 RISK MANAGEMENT

The District is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. To obtain insurance for errors and omissions, and general liability coverage, the District participates in the Kentucky School Boards Insurance Trust Liability Insurance Fund. These public entity risk pools operate as common risk management and insurance programs for all school districts and other tax supported educational agencies of Kentucky who are members of the Kentucky School Boards Association. The District pays an annual premium to each fund for coverage. The Liability Insurance fund pays insurance premiums of the participating members established by the insurance carrier. The Trust can terminate coverage if it is unable to obtain acceptable excess general liability coverage and for any reason by giving ninety (90) days' notice. In the event the Trust terminated coverage, any amount remaining in the Fund (after payment of operational and administrative costs and claims for which coverage was provided) would be returned to the member on a pro rata basis.

The District is self-insured for unemployment insurance benefits. The District reimburses the state for any claims paid. The District purchases workers' compensation insurance through the Kentucky School Boards Insurance Trust. In addition, the District continues to carry commercial insurance for all other risks of loss. Settled claims resulting from these risks have not exceeded commercial insurance coverage in any of the past three fiscal years

NOTE 13 DEFICIT OPERATING/FUND BALANCES

The following funds have operations that resulted in a current year deficit of revenues over expenditures, resulting in a corresponding reduction of fund balance:

Food Service Fund	\$ 232,334
District Activity Fund	196,034
Building Fund	294,424
Turkeyfoot Middle School	4,272
Beechgrove Elementary School	4,792
Piner Elementary	4,296
Whites Tower Elementary	172
Taylor Mill Elementary	9

NOTE 14 COBRA

Under COBRA, employers are mandated to notify terminated employees of available continuing insurance coverage. Failure to comply with this requirement may put the District at risk for a substantial loss (contingency).

Year Ended June 30, 2024

NOTE 18 UNDIVIDED INTEREST IN THE IGNITE INSTITUTE

On July 1, 2019, the District acquired an undivided interest in the Ignite Institute (“Ignite”), which is a regional high school at the Roebing Innovation Center in Boone County, Kentucky which provides regional programs.

The District has agreed to contribute \$330,000 annually to Ignite to ensure its balance budget and contribute additional funds for any unforeseen costs needed to be incurred beyond the budget. The District is responsible for the transportation costs of the students in its district, and has contributed 26 initial staff. The District is entitled to 50% of the revenues raised for Ignite to offset its financial obligations. The District does not own any of the fixed assets of Ignite.

The agreement is in effect until either party desires to terminate its participation, a written notice is required two full school years prior to its termination process. If the other party desires termination, the District has the right to purchase the furniture, fixtures, equipment, and inventory at Ignite and to lease the premises at fair market rent for the purpose of continuing the program at Ignite.

The District has recorded its undivided interest in Ignite in its Academy Fund.

NOTE 19 INVESTMENTS AT FAIR VALUE

Current accounting and reporting standards define fair value, establish a three-level hierarchy for fair value measurements based on transparency of valuation inputs and require disclosures about fair value measurements. The hierarchy is based on the lowest level of input that is significant to the fair value measurement. The three levels are defined as follows:

- Level 1 - Inputs are unadjusted quoted prices for identical assets in active markets.
- Level 2 - Inputs are observable quoted prices for similar assets in active markets.
- Level 3 - Inputs are unobservable and reflect our best estimate of what market participants would use as fair value.

Investments consisted of the following at June 30, 2024:

	Level 1	Level 2	Level 3	Total
US Treasury Bonds	\$ <u>39,847,726</u>	\$	\$	\$ <u>39,847,726</u>
Total investments	\$ <u>39,847,726</u>	\$ -	\$ -	\$ <u>39,847,726</u>

The following is a description of the valuation methodologies used for investments measured at fair value on a recurring basis and recognized in the accompanying statement of financial position, as well as the general classification pursuant to the valuation hierarchy. There were no valuations using Level 2 or 3 inputs.

Where quoted market prices are available in an active market, securities are classified within Level 1 of the valuation hierarchy. Level 1 securities include brokered certificates of deposit. If quoted market prices are not available, then fair values are estimated by using pricing models or quoted prices of securities with similar characteristics.

NOTE 20 SUBSCRIPTION-BASED INFORMATION TECHNOLOGY ARRANGEMENTS

The District has various subscription-based information technology arrangements (SBITAs) which are used for educational and administrative purposes. These arrangements grant licenses to use the underlying IT assets of the vendors for periods expiring between June 2025 and June 2028. The District recognized an intangible asset and a corresponding liability for the value of the licenses during the term of the arrangements. These assets are amortized on a straight-line basis over the subscription term. The following table shows the District's change in subscription asset and liability accounts for the year ended June 30, 2024:

<u>Governmental Activities</u>	<u>Balance July 1, 2023</u>	<u>Additions</u>	<u>Deductions</u>	<u>Balance June 30, 2024</u>
Subscription assets	<u>\$ 1,385,984</u>	<u>\$ 992,789</u>	<u>\$ -</u>	<u>\$ 2,378,773</u>
Accumulated amortization	<u>\$ 438,296</u>	<u>\$ 789,653</u>	<u>\$ -</u>	<u>\$ 1,227,949</u>
Subscription Liabilities	<u>\$ 648,869</u>	<u>\$ 1,056,619</u>	<u>\$ 625,946</u>	<u>\$ 1,079,542</u>

NOTE 21 SUBSEQUENT EVENTS

On August 22, 2024, the District issued a 15 year general obligation bond in the amount of \$24,985,000 to fund the construction of a central office building. Interest on the bond will be accrued at 4.00% semiannually and is payable each March and September, beginning March 1, 2025. The principal payments are due on an annual basis until September 1, 2039.

KENTON COUNTY SCHOOL DISTRICT

Notes to Required Supplementary Information - TRS Pension

Year Ended June 30, 2024

Pension:

Changes of benefit terms: A new benefit tier was added for members joining the System on and after January 1, 2022.

Changes of assumption: In 2014, the calculation of the Single Equivalent Interest Rate ("SEIR") resulted in an assumption change from 5.16% to 5.23%.

Changes of assumption: In 2015, the calculation of the Single Equivalent Interest Rate ("SEIR") resulted in an assumption change from 5.23% to 4.88%.

Changes of assumption: In the 2016 valuation, rates of withdrawal, retirement, disability and mortality were adjusted to more closely reflect actual experience. In the 2016 valuation, the Assumed Salary Scale, Price Inflation, and Wage Inflation were adjusted to reflect a decrease. In addition, the calculation for the Single Equivalent Interest Rate (SEIR) resulted in an assumption change from 4.88% to 4.20%.

Changes of assumption: In 2017, the calculation of the Single Equivalent Interest Rate ("SEIR") resulted in an assumption change from 4.20% to 4.49%.

Changes of assumption: In 2018, the calculation of the Single Equivalent Interest Rate ("SEIR") resulted in an assumption change from 4.49% to 7.50%.

Changes of assumption: In the 2020 experience study, rates of withdrawal, retirement, disability, mortality and rates of salary increases were adjusted to reflect actual experience more close. The expectation of mortality was changed to the Pub2010 Mortality Tables projected generationally with MP-2020 with various set forwards, set-backs, and adjustments for each of the groups; service retirees, contingent annuitants, disabled retirees, and actives. The assumed long-term investment rate of return was changed from 7.50% to 7.10% and the price inflation assumption was lowered from 3% to 2.50%. In addition, the calculation of the SEIR results in an assumption.

KENTON COUNTY SCHOOL DISTRICT

Notes to Required Supplementary Information - CERS Pension

Year Ended June 30, 2024

Pension

Changes of benefit terms: The following changes were made by the Kentucky Legislature and reflected in the valuation performed as of June 30 listed below: 2014: As cash balance plan was introduced for member whose participation date is on or after January 1, 2014.

Changes of assumption: The following changes were made by the Kentucky Legislature and reflected in the valuation performed as of June 30 listed below:

2015: The assumed investment rate of return was decreased from 7.75% to 7.50%. 2015: The assumed rate of inflation was reduced from 3.50% to 3.25%.

2015: The assumed rate of wage inflation was reduced from 1.00% to 0.75%. 2015: Payroll growth assumption was reduced from 4.50% to 4.00%.

2015: The mortality table used for active members is RP-2000 Combined Mortality table projected with Scale BB to 2013 (multiplied by 50% for males and 30% for females).

2015: For healthy retired members and beneficiaries, the mortality table used is the RP-2000 Combined Mortality Table projected with Scale BB to 2013 (set back 1 year for females). For disabled members, the RP-2000 Combined Disabled Mortality Table projected with Scale BB to 2013 (set back 4 years for males) is used for the period after disability retirement. There is some margin in the current mortality tables for possible future improvement in mortality rates and that margin will be reviewed again when the next experience investigation is conducted.

2015: The assumed rates of Retirement, Withdrawal and Disability were updated to more accurately reflect experience.

2017: The assumed investment rate of return was decreased from 7.50% to 6.25%.

2017: The assumed rate of inflation was reduced from 3.25% to 2.30%.

2017: The assumed rate of salary growth was reduced from 4.00% to 3.05%.

Notes to Required Supplementary Information - TRS OPEB Life Insurance

Year Ended June 30, 2024

OPEB:

Changes of benefit terms - None.

Methods and assumptions used in the actuarially determined contributions - The actuarially determined contribution rates, as a percentage of payroll, used to determine the actuarially determined contribution amounts in the Schedule of Employer Contributions are calculated as the of the indicated valuation date. The following actuarial methods and assumptions (from the indicated actuarial valuations) were used to determine contribution rates reported in that schedule for the year ending June 30, 2023:

Valuation date	June 30, 2019
Actuarial cost method	Entry Age Normal
Amortization method	Level Percent of Payroll
Amortization period	25 years
Asset valuation method	Five-year smoothed value
Inflation	3.00%
Real wage growth	0.50%
Wage inflation	3.50%
Salary increases, including wage inflation	3.50% - 7.20%
Discount rate	7.50%

Kenton County School District
Notes to Schedule of Expenditures of Federal Awards
June 30, 2024

Note 1 BASIS OF ACCOUNTING

The accompanying Schedule of Expenditures of Federal Awards includes the federal grant activity of the Kenton County School District and is presented on the accrual basis of accounting. The information in this Schedule is presented in accordance with the requirements of Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards ("Uniform Guidance").

Note 2 SUMMARY OF ACCOUNTING POLICIES

Expenditures reported on the schedule are reported on the accrual basis of accounting in accordance with generally accepted accounting principles. Such expenditures are recognized following the cost principles contained in the Uniform Guidance, wherein certain types of expenditures are not allowable or are limited as to reimbursement

Note 3 FOOD DISTRIBUTION

Nonmonetary assistance is reported in the Schedule at the fair value of the commodities received and disbursed. During the fiscal year ended June 30, 2024 the District received \$584,058 in donated food commodities.

Note 4 INDIRECT COST RATE

The District has not elected to use the 10% de minimis indirect costs rate as allowed under the Uniform Guidance.

Note 5 SUBRECIPIENTS

The District did not have any subrecipients during the year ended June 30, 2024.

REPORTS REQUIRED BY THE SINGLE AUDIT ACT

**Independent Auditors' Report on Internal Control
Over Financial Reporting and on Compliance and
Other Matters Based on an Audit of Financial
Statements Performed In Accordance with
*Government Auditing Standards***

www.LBMC.com

LOUISVILLE | 325 West Main Street | SUITE 1600
LOUISVILLE, KY 40202
(502) 585-1600

**Independent Auditors' Report on Internal Control
Over Financial Reporting and on Compliance and
Other Matters Based on an Audit of Financial
Statements Performed in Accordance with
*Government Auditing Standards***

Members of the Board
Kenton County School District
Fort Wright, Kentucky

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States and the *Kentucky Public School Districts' Audit Contract and Requirements* prescribed by the Kentucky State Committee for School District Audits, the financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the Kenton County School District (the "District") as of and for the year ended June 30, 2024, and the related notes to financial statements, which collectively comprise the District's basic financial statements, and have issued our report thereon dated November 14, 2024.

Report on Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered the District's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, we do not express an opinion on the effectiveness of the District's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the District's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or, significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses or significant deficiencies may exist that have not been identified.

Report on Compliance and Other Matters

As part of obtaining reasonable assurance about whether the District's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

In addition, the results of our tests disclosed no material instances of noncompliance with specific statutes or regulations identified in the *Kentucky Public School District's Audit Contract and Requirements* prescribed by the Kentucky State Committee for School District Audits.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the District's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the District's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Report on Compliance for Each Major Federal Program

Opinion on Each Major Federal Program

We have audited Kenton County School District's (the "District") compliance with the types of compliance requirements described in the *OMB Compliance Supplement* that could have a direct and material effect on its major federal program for the year ended June 30, 2024. The District's major federal programs are identified in the summary of audit results section of the accompanying schedule of findings and questioned costs.

In our opinion, the Kenton County School District complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2024.

Basis for Opinion on Each Major Federal Program

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America ("GAAS"), the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States and the audit requirements of *Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* ("Uniform Guidance"). Our responsibilities under those standards and the Uniform Guidance are further described in the Auditors' Responsibilities for the Audit of Compliance section of our report.

We are required to be independent of the District and to meet our other ethical responsibilities, in accordance with relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on compliance for each major federal program. Our audit does not provide a legal determination of the District's compliance with the compliance requirements referred to above.

Management's Responsibility for Compliance

Management is responsible for compliance with the requirements referred to above and for the design, implementation, and maintenance of effective internal control over compliance with the requirements of laws, statutes, regulations, rules, and provisions of contracts or grant agreements applicable to the District's federal programs.

Auditors' Responsibilities for the Audit of Compliance

Our objectives are to obtain reasonable assurance about whether material noncompliance with the compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on the District's compliance based on our audit. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS, *Government Auditing Standards*, and the Uniform Guidance will always detect material noncompliance when it exists. The risk of not detecting material noncompliance resulting from fraud is higher than for that resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Noncompliance with the compliance requirements referred to above is considered material if there is a substantial likelihood that, individually or in the aggregate, it would influence the judgment made by a reasonable user of the report on compliance about the District's compliance with the requirements of each major federal program as a whole.

In performing an audit in accordance with GAAS, *Government Auditing Standards*, and the Uniform Guidance, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material noncompliance, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the District's compliance with the compliance requirements referred to above and performing such other procedures as we considered necessary in the circumstances.
- Obtain an understanding of the District's internal control over compliance relevant to the audit in order to design audit procedures that are appropriate in the circumstances and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control over compliance. Accordingly, no such opinion is expressed.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that we identified during the audit.

Report on Internal Control Over Compliance

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. *A material weakness in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. *A significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with

a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the Auditors' Responsibilities for the Audit of Compliance section above and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies in internal control over compliance. Given these limitations, during our audit we did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above. However, material weaknesses or significant deficiencies in internal control over compliance may exist that were not identified.

Our audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

Report on Schedule of Expenditures of Federal Awards Required by the Uniform Guidance

We have audited the financial statements of the Kenson County School District as of and for the year ended June 30, 2024, and have issued our report thereon dated November 14, 2024, which contained an unmodified opinion on these financial statements. Our audit was performed for the purpose of forming an opinion on the financial statements as a whole. The accompanying schedule of expenditures of federal awards is presented for purposes of additional analysis as required by the Uniform Guidance and is not a required part of the consolidated financial statements. Such information is the responsibility of management and was derived from and related directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the schedule of expenditures of federal awards is fairly stated in all material respects in relation to the financial statements as a whole.

SCHEDULE OF FINDINGS AND QUESTIONED COSTS

Schedule of Findings and Questioned Costs

Kenton County School District

Year Ended June 30, 2024

Section I – Summary of Audit Results

1. The Independent Auditors' Report expresses an unmodified opinion on the financial statements of the Kenton County School District (the "District").
2. No significant deficiencies relating to the audit of the financial statements were reported.
3. No instances of noncompliance material to the financial statements of the District were disclosed during the audit.
4. No significant deficiencies or material weaknesses in internal control relating to the audit of the major federal award program are reported.
5. The auditors' report on compliance for the major federal program of the District expresses an unmodified opinion.
6. There were no audit findings that are required to be reported in accordance with 2 CFR Section 200.516(a) of the Uniform Guidance.
7. The programs tested as major programs are as follows:

Federal Grantor/Pass-through Grantor/Program or Cluster Title

U.S. DEPARTMENT OF AGRICULTURE

Child Nutrition Center

School Breakfast Program	10.553
National School Lunch Program	10.555
National School Lunch Program - Food Commodities	10.555
Summer Food Service Program	10.559

8. The threshold used for distinguishing Type A programs was \$750,000.
9. The District qualified to be audited as a low-risk auditee.
