NOTES TO DECISIONS

Analysis

1. Control Over Common Schools.
2. Equal and Uniform Educational Opportunities.

1. Control Over Common Schools.

Though the funds are raised by both general taxation by the Commonwealth and special taxation by local boards their expenditure is under the control of the State Board of Education and all public schools of the state, even in cities having unusual powers over their schools, are state institutions and members of the Board of Education are state officers and title to school property is in the Commonwealth and is held by the board in trust for the state. *Board of Education v. Talbott*, 286 Ky. 543, 151 S.W.2d 42, 1941 Ky. LEXIS 283 (Ky. 1941).

Maintenance, management and control of public school system is strictly a governmental function provided by the Constitution or statutes enacted pursuant thereto and the Legislature in making such provisions may provide exclusive remedies for the infringement of any rights that may be perpetrated by any officer or officers in the maintenance of the project. *Marshall v. White*, 287 Ky. 290, 152 S.W.2d 945, 1941 Ky. LEXIS 531 (Ky. 1941).

It is clear that the General Assembly intended that the state board should have control over the common schools with the power of removal of such board members who might be found guilty of specified charges as a means of maintaining a uniform school system. *Gearhart v. Kentucky State Board of Education*, 355 S.W.2d 667, 1962 Ky. LEXIS 76 (Ky. 1962).

2. Equal and Uniform Educational Opportunities.

Operation of two (2) high schools in western part of county and none in eastern part without providing equal and uniform educational opportunities for those in the eastern half is clearly arbitrary, discriminatory, and in violation of this section and Const., § 183. *Wooley v. Spalding*, 293 S.W.2d 563, 1956 Ky. LEXIS 73 (Ky. 1956).

The fundamental mandate of the Constitution and the statutes of Kentucky is that there shall be equality and that all public schools shall be nonpartisan and nonsectarian. *Wooley v. Spalding*, 293 S.W.2d 563, 1956 Ky. LEXIS 73 (Ky. 1956).

158.030. "Common school" defined — Attendance at public school and primary school program — Advancement without regard to age — Local boards to adopt policy establishing petition and evaluation process for students who do not meet age requirements.

(1) "Common school" means an elementary or secondary school of the state supported in whole or in part by public taxation. No school shall be deemed a "common school" or receive support from public taxation unless the school is taught by a certified teacher for a minimum school term as defined by KRS § 158.070 and

every child residing in the district who satisfies the age requirements of this section has had the privilege of attending it. Provided, however, that any child who is six (6) years of age, or who may become six (6) years of age by October 1, shall attend public school or qualify for an exemption as provided by KRS § 159.030. Any child who is five (5) years of age, or who may become five (5) years of age by October 1, may enter a primary school program, as defined in KRS § 158.031, and may advance through the primary program without regard to age in accordance with KRS § 158.031(6).

(2) Beginning with the 2017-2018 school year, any child who is six (6) years of age, or who may become six (6) years of age by August 1, shall attend public school or qualify for an exemption as provided by KRS § 159.030. Any child who is five (5) years of age, or who may become five (5) years of age by August 1, may enter a primary school program, as defined in KRS § 158.031, and may advance through the primary program without regard to age in accordance with KRS § 158.031(6).

(3) Each local school board shall adopt a policy to permit a parent or guardian to petition the board to allow a student to attend public school who does not meet the age requirements of subsection (1) or (2) of this section. The policy shall include an evaluation process that will help determine a student's readiness for school and shall ensure that any tuition amount charged under this policy is the same amount charged to a student who meets the age requirements of subsection (1) or (2) of this section. Students enrolled under this policy shall be included in a school's average daily attendance for purposes of funding as provided in KRS § 157.310 to 157.440.

5. Attendance Not Required.

1. Educational Units Not Included.

Teaching of higher branches of learning in a common school was not a violation of common school law. *Newman v. Thompson*, 4 S.W. 341, 9 Ky. L. Rptr. 199 (Ky. Ct. App. 1887) (decided under prior law).

"Common school" does not include a college. *Pollitt v. Lewis*, 269 Ky. 680, 108 S.W.2d 671, 1937 Ky. LEXIS 659 (Ky. 1937).

Common schools as used in the Constitution mean "public" or "free" schools maintained by the state at public expense, as distinguished from any private, parochial or sectarian school.

Sherrard v. Jefferson County Board of Education, 294 Ky. 469, 171 S.W.2d 963, 1942 Ky. LEXIS 2 (Ky. 1942).

2. Recreational Training.

Common school system embraces physical training. *Dodge v. Jefferson County Board of Education*, 298 Ky. 1, 181 S.W.2d 406, 1944 Ky. LEXIS 815 (Ky. 1944).

3. Residence of Child.

The solution of the question of residence of a child for purpose of attending school is not to be found always in the site of the property for taxation, either generally or for school purposes, and where house in which child lived was more than half within the city, child resided in the city and could attend city schools without payment of tuition. *Turner v. City Board of Education*, 313 Ky. 383, 231 S.W.2d 27, 1950 Ky. LEXIS 869 (Ky. 1950).

4. Public School.

Common schools were schools actually taught by teachers legally qualified to teach in districts legally established and under the control of the trustees elected under those laws. *Collins v. Henderson*, 74 Ky. 74, 1874 Ky. LEXIS 14 (Ky. 1874) (decided under prior law).

The term a "common school" is synonymous with "public" school. *Fannin v. Williams*, 655 S.W.2d 480, 1983 Ky. LEXIS 290 (Ky. 1983).

5. Attendance Not Required.

Family court acted properly in determining that the Commonwealth could not establish a prima facie case for educational neglect where the child was only five years old when she was enrolled in kindergarten and incurred the absences which provided the basis for the temporary removal petition, pursuant to Ky. Rev. Stat. Ann. § 158.030(2), her enrollment and attendance were optional, and there could be no educational neglect of a child for excessive absenteeism who was not required by law to attend school. *Commonwealth v. H. K.*, 595 S.W.3d 498, 2019 Ky. App. LEXIS 218 (Ky. Ct. App. 2019).

OPINIONS OF ATTORNEY GENERAL

A board of education may enter into a tuition contract only with another common school as defined in this section. OAG 61-423.

Breckinridge Training School, state operated vocational schools, and Lincoln Institute are not "common schools" which term is synonymous with the phrase "approved public school" as used in KRS 158.130 (now repealed). OAG 61-423.

The phrase "approved public school" as used in KRS 158.130 (now repealed) is synonymous with the term "common school" as defined in this section. OAG 61-423.

It was the intent of the Legislature to make the last day of December the cutoff date for school admissions so that all children who are or who will become six (6) years of age by December 31 following the opening day of school, may enter school provided they do so within 30 calendar days of the beginning of the school year. OAG 61-507.

No ADA payments could be made to a school district where a child was allowed to enroll in the first grade who did not meet the age requirements. OAG 63-22.

Unless he met the statutory age requirements of Kentucky a child could not be enrolled in the first grade of the common schools of Kentucky even though he had previously been attending first grade in another state. OAG 63-22.

In order for a local school board to have a legal right to spend foundation program funds or revenue raised by local taxation for adults over 21 years of age the program would have to be part of the common school program. OAG 65-410.

Local school boards have a legal right to spend foundation program funds or revenue raised by local taxation for adults over 21 years of age. OAG 65-410.

A child living with its guardian within the county school district would be "residing" in the district within the meaning of the statutes and would be eligible to attend the county schools without the payment of tuition. OAG 66-550.

A county board of education has legal authority to refuse the admission of nonresident children to its schools, but the board would be prohibited from arbitrarily extending school attendance privileges to some nonresident children while denying the same privilege to others. OAG 66-550.

While this section extends the right of school attendance to children six (6) years of age, that right must be exercised within 30 calendar days of the opening of school, and a child who was six (6) years of age in October and who applied for admission to a Kentucky school more than 30 days after the opening of school was not eligible for enrollment since his attendance at kindergarten in Indiana did not constitute an enrollment in regular school classes. OAG 67-102.

So long as a child remains in bona fide residence in the Bellewood Presbyterian Home the child has the privilege of attending schools in the school district in which the home is situated. OAG 68-126.

A child who resides within the geographical boundaries of the school district is not removed therefrom by the mere fact that control over the property in which the child resides has been ceded to the federal government by the Commonwealth, and, under this section, the child may attend the school of the district without payment of tuition. OAG 68-582.

A vocational school does not come within the statutory definition of a "common school" and a pupil attending a vocational school would not be attending a public common school and the district in which he resides cannot receive ADA credit. OAG 73-639.

If a properly accredited school of the state of Florida certifies the enrollment of a child as a first grade pupil, the public school in the district to which she moves in Kentucky should accept her as a first grade pupil. OAG 74-626.

Children who attend tuition-free school must attend the school in the district where they physically live. OAG 76-116.

Inasmuch as common school funds may only be paid to common school districts, a county school board may not expend public common school funds to transport students attending a nonpublic model school. OAG 76-261.

A child placed by the Department for Human Resources in a foster home has a right to attend school in the district where the foster home is located, regardless of where the parents of the child reside. OAG 77-311.

A child is entitled to go to school, tuition free, in the school district in which the guardian is a resident. OAG 78-64.

A child who has reached his eighteenth birthday is entitled to attend school without payment of tuition in the school district in which he actually resides. OAG 78-64.

If a child who is not residing with his legal custodian is not residing in a particular school district primarily for school purposes, tuition generally would not be chargeable but the matter of free tuition must be decided by the school board on a case by case basis. OAG 78-64.

A school district is required to admit for enrollment, tuition free, a child living with the child's custodian declared by court order or other legal process who resides in the school district, irrespective of whether the court order is one for temporary custody or one for permanent custody. OAG 78-64.

Since KRS 157.200 et seq. and 20 USCS § 1401 et seq. mandate equal educational opportunities for exceptional and nonexceptional children; a child with cerebral palsy who will be five (5) after September 1, but before December 31, must be given readiness testing for early kindergarten enrollment, which must be geared to the particular category of exceptionality and comparably equivalent for exceptional and nonexceptional children alike. OAG 79-254.

Since a child who is five (5) years of age by October 1 "may enter a public school kindergarten" under this section, there is

no legal authority to support an argument that a six-year-old child can be required to complete kindergarten, irrespective of whether the child has participated in kindergarten before, or that the child can be required to repeat the year of kindergarten if, in the opinion of the kindergarten teacher, the child has not successfully completed the kindergarten program, accordingly, a child reaching the age of six (6) by October 1 is entitled to commence his or her school career in the first grade. OAG 81-287.

Although this section prohibits a school district from "promoting" a child in a kindergarten program into the first grade who has not met the statutory prescribed age of first grade entrance, the district would not be precluded from developing a program of instruction in the kindergarten class that would challenge the child's academic skills and abilities even if the program was equivalent to a first grade program. OAG 82-44.

KRS 158.090 (now repealed) authorizes a local school district to establish a kindergarten program to include children under five (5) but at least four (4) years of age; however, the cost of educating those four-year-old students would have to be totally borne by local school district because only those children meeting the kindergarten requirements set out in this section and the state board regulations can be counted for Minimum Foundation money purposes. OAG 82-44.

Where a child, who had been enrolled in the public school kindergarten program of another state, became five (5) years old on November 30th, she could legally transfer into Kentucky public school kindergarten program, even though she did not meet the requirement of this section that she reach five (5) years of age by October 1st of that year, since the full faith and credit provisions of the United States Constitution, Art. 4, § 1, requires that the child's prior enrollment be recognized by Kentucky. OAG 82-44.

A child who is not old enough to attend a public school as a first grader may nevertheless enroll the following year in a public school as a second grader if the child has completed first grade in a nonpublic school. OAG 82-408.

A child who will not be six (6) years old by October 1, but who has attended a private kindergarten program may not be permitted to enroll in the first grade in a public common school. OAG 82-408.

Strict adherence to the age qualification provisions of this section is called for, absent a transfer-from-out-of-state situation. OAG 82-408.

The last sentence of this section is no longer subject to application; such sentence served only as a transition provision relative to what the law had been prior to 1980 amendment. That is, only for purposes of the 1980-1981 school year could a child who was not yet six (6) years old by October 1, but who would become six (6) years of age by December 31, 1980, and who had successfully completed kindergarten, public or private, still be permitted to enroll in the first grade. OAG 82-408.

There is no statute that regulates the entrance age for a child to attend a nonpublic school and one could not constitutionally be enacted due to the Kentucky Supreme Court's view of Const., § 5 and the proscription against state regulation of nonpublic schools. OAG 82-408.

A kindergarten student may be retained in kindergarten if the parents and school officials feel such retention would be in the best interest of the child; absent parental consent, a child who is six (6) years old by October 1, is entitled to commence his school career in the first grade. OAG 83-106.

Since Kentucky school law lacks a requirement that a child must attend kindergarten, a school district could not require a child old enough to enroll in first grade to enroll in kindergarten; However, parents could hold their child back a year and initially enroll their child in the kindergarten program even though the child would qualify under this section to enter first grade. OAG 83-106.

The lead-in phrase of this section, which reads “Notwithstanding any statute to the contrary,” cannot be construed, by implication, to have lowered the compulsory attendance age range to five (5). OAG 85-55.

Both this section and KRS 158.100 must be considered as addressing and affecting only public common school districts. OAG 85-55.

Existing legislation does not require nonpublic schools in Kentucky to have kindergartens. OAG 85-55.

Where a child attends a nonpublic school kindergarten, so long as the child will be six (6) years old by October 1, the child would be eligible and entitled to enroll in the first grade in a public common school district. If the child would not be six (6) years old until after October 1, the child would be eligible to enroll only in a public school’s kindergarten program rather than first grade, even though he has already been in kindergarten in a nonpublic school. OAG 85-55.

A child who is six (6) years old before October 1, but who has not attended any kindergarten, would have to be enrolled, as far as the public common schools are concerned, in a kindergarten program rather than a public school first grade. OAG 85-55.

Where a child attends no kindergarten program, either public or nonpublic, before July 1, 1986, but upon attaining six (6) years of age he enrolls in a nonpublic school first grade, and such child subsequently is presented for enrollment in a public common school for the second or a subsequent grade, the child would be entitled to so enroll subject to the usual application of the provisions of KRS 158.140. OAG 85-55.

The day of birth should no longer be counted when computing age for purposes of this section, and thus, a child whose birthday is October 2 does not actually become a year older until October 2, and as a result, he or she is not required to attend school in the year of becoming six (6), but instead is required to attend school the following year (withdrawing OAG 62-411). OAG 86-40.

The term “school” as used in KRS 218A.990 (now repealed), prohibiting trafficking in controlled substances near such a building, is not restricted to the definition of “common public school” in this section; therefore, it could include vocational/technical schools which have classroom instruction. OAG 88-73.

158.031. Primary school program — Authority for administrative regulations — Attributes — Part time attendance — Grouping — Advancement — Reporting requirements.

(1) In this section, “primary school program” means that part of the elementary school program in which

children are enrolled from the time they begin school until they are ready to enter the fourth grade. Notwithstanding any statute to the contrary, successful completion of the primary school program shall be a prerequisite for a child’s entrance into fourth grade.

(2) The Kentucky Board of Education shall establish, by administrative regulation, methods of verifying successful completion of the primary school program in carrying out the goals of education as described in KRS 158.6451.

(3) The primary program shall include the following critical attributes: developmentally appropriate educational practices; multiage and multiability classrooms; continuous progress; authentic assessment; qualitative reporting methods; professional teamwork; and positive parent involvement.

(4) Each school council or, if none exists, the school shall determine the organization of its ungraded primary program including the extent to which multiage groups are necessary to implement the critical attributes based on the critical attributes and meeting individual student needs.

(5) The implementation of the primary program may take into consideration the necessary arrangements required for students attending part-time and will allow for grouping of students attending their first year of school when determined to be developmentally appropriate.

(6) A school district may advance a student through the primary program when it is determined that it is in the best educational interest of the student. A student who is at least five (5) years of age, but less than six (6) years of age, and is advanced in the primary program may be classified as other than a kindergarten student for purposes of funding under KRS 157.310 to 157.440 if the student is determined to have acquired the academic and social skills taught in kindergarten as determined by local board policy in accordance with the process established by Kentucky Board of Education administrative regulation.

(7) Data shall be collected by each school district on the number of students, in each school having a primary program, who take five (5) years to complete the primary program. The data shall be reported in the annual performance report described in KRS 158.6453.

158.032. Flagging record of missing child — Procedure upon recovery — Documents required upon enrollment or transfer.

(1) Upon notification by the commissioner of education of a child’s disappearance, any school in which the child is currently or was previously enrolled shall flag the record of the child so that when a copy of or information regarding the child’s record is requested,

the school shall be alerted that the record is that of a missing child. The school shall immediately report to local law enforcement or the Department of Kentucky State Police any request concerning flagged records or any knowledge as to the whereabouts of any missing child.

(2) Upon notification by the commissioner of education of any missing child who has been recovered, the school shall remove the flag from the child's record.

(3) Upon enrollment of a student for the first time in any elementary or secondary school, the school shall notify in writing the person enrolling the student that within thirty (30) days the person shall provide either:

(a) A certified copy of the student's birth certificate; or

(b) Other reliable proof of the student's identity and age, and an affidavit of the inability to produce a copy of the birth certificate.

(4) Upon the failure of a person enrolling the student to comply with this section, the school shall notify the person in writing that unless he complies within ten (10) days the case shall be referred to the Department of Kentucky State Police or local law enforcement officials for investigation. If compliance is not obtained within the ten (10) day period, the school shall so refer the case.

(5) Within fourteen (14) days after enrolling a transfer student, each elementary or secondary school shall request directly from the student's previous school a certified copy of the student's record. Any school receiving a request of a student's record which has been flagged as the record of a missing child shall not forward the student's record but shall instead notify local law enforcement or the Department of Kentucky State Police.

(1) If in any district there are students not able even with the help of transportation to be assembled in a school, instruction shall be provided to the student in the student's home or in a hospital.

(2) For a student to be eligible for home or hospital instruction, a signed statement of the diagnosed condition requiring home or hospital instruction shall be provided in accordance with KRS 159.030(2).

(3) For the purposes of KRS 157.360, a student instructed under this section who receives a minimum of two (2) instructional sessions a week with a mini-

mum of one (1) hour of instruction per session by a certified teacher provided by the board of education shall equal the student attending five (5) days in school.

(4) For students with disabilities, the admissions and release committee shall be responsible for placement decisions regarding home or hospital instruction in accordance with the Individuals with Disabilities Education Act, 20 U.S.C. secs. 1400 et seq. The home or hospital instruction shall be provided pursuant to the individual education program as determined by the admissions and release committee. For the purposes of KRS 157.360, students receiving home or hospital instruction under this subsection may be counted in attendance in accordance with subsection (3) of this section.

(5) The Kentucky Board of Education shall promulgate administrative regulations to establish the components of home or hospital instruction.

This section was formerly compiled as KRS 157.270 and was renumbered as this section effective July 15, 2020.

OPINIONS OF ATTORNEY GENERAL.

Inasmuch as local school tax revenues are involved in the kind of training provided for by KRS 157.270 and 159.030, the statutes are open to constitutional challenge since this type of training could possibly be considered not part of the common schools but a welfare program. OAG 74-681.

Pursuant to this section, a local board of education is required to provide home training for exceptional children but an institutional home for exceptional children cannot under KRS 157.230 legally require a school district to establish and maintain special educational classes for its inmates. OAG 74-681.

NOTES TO DECISIONS**1. Constitutionality.**

Since the primary effect of the state immunization program was to improve and protect the health and well being of citizens, the exemption for members of a religious denomination, the teachings of which are opposed to medical immunization against disease, did not make this statute unconstitutional as being in violation of the establishment clause of the first amendment. *Kleid v. Board of Education*, 406 F. Supp. 902, 1976 U.S. Dist. LEXIS 16997 (W.D. Ky. 1976).

Piatt v. Louisville & Jefferson County Board of Education, 556 F.2d 809, 1977 U.S. App. LEXIS 12994 (6th Cir. 1977).

OPINIONS OF ATTORNEY GENERAL.

This section requires local school authorities to refuse enrollment in school, whether initial enrollment in the school system or transfer into the school system, if a child has not been tested or immunized as required by law. OAG 76-256.

The county board of health is authorized to enforce the immunization requirements of this section and KRS 214.034 by entering an order under KRS 212.245 or proceeding directly against the parent, guardian or custodian of the child who fails to have him immunized by having a criminal complaint sworn out against the offender. OAG 78-24.

The July 18, 1979 amendment of 902 KAR 2:060 allowing pupils who have begun, but not completed, immunization to attend school for the limited period of time necessary for completion of the immunization schedule is not in conflict with this section, since the requirement is a certificate that the child has been immunized, not that the immunization schedule has been completed. 158.038. Student identification badges must contain hotline number contact information relating to domestic violence, sexual assault, and suicide prevention — Recommendation required of Cabinet for Health and Family Services.

(1) Beginning August 1, 2020, any student identification badge issued to a student in grades six (6) through twelve (12) by a public school shall contain the contact information for:

- (a) A national domestic violence hotline;
- (b) A national sexual assault hotline; and
- (c) A national suicide prevention hotline.

(2) The requirements of subsection (1) of this section shall apply to public charter schools as a health and safety requirement under KRS 160.1592(1).

(3) By July 20, 2020, the Cabinet for Health and Family Services shall publish recommendations for at least one (1) national hotline accessible twenty-four (24) hours a day, seven (7) days a week, and three hundred sixty-five (365) days a year that specializes in each of the hotline categories required by subsection (1) of this section.

NOTES TO DECISIONS

Analysis

1. Nomination of Employees.
2. Approval of Employees.
3. Child Support.

1. Nomination of Employees.

This section contemplates that the superintendent of schools shall nominate teachers for the next school year at some time between April 1 and the beginning of the next school year on July 1, though the particular school may not open until a later date. (See KRS 160.380.) *Beckham v. Kimbell*, 282 Ky. 648, 139 S.W.2d 747, 1940 Ky. LEXIS 235 (Ky. 1940).

Although the school year shall begin on July 1, the superintendent does not forfeit his right to make nominations of school employees by failing to make them by July 1 of each year and the county board of education has no right or authority to make appointments in the absence of nominations by the superintendent. (See KRS 160.380.) *Smith v. Beverly*, 314 Ky. 651, 236 S.W.2d 914, 1951 Ky. LEXIS 719 (Ky. 1951).

2. Approval of Employees.

Since the school year begins on July 1, teachers must be chosen by that date, and the school board cannot refuse to act on recommendations submitted before that date, or postpone action until after that date. *Cottongim v. Stewart*, 277 Ky. 706, 127 S.W.2d 149, 1939 Ky. LEXIS 716 (Ky. 1939).

The board of education cannot divest a nominated teacher of his rights by postponing its approval of his nomination until after July 1 without legal cause. (See KRS 160.380.) *Beckham v. Kimbell*, 282 Ky. 648, 139 S.W.2d 747, 1940 Ky. LEXIS 235 (Ky. 1940).

3. Child Support.

In a child support dispute, a trial court erred by assigning May 30, 2014 as the end of the school and as the termination date for a father's obligation to pay child support because the school year ended on June 30, pursuant to statute; however, there was no error in failing to extend the school year to November 2014 to allow the student to finish his senior year after the age of majority. *Mix v. Petty*, 465 S.W.3d 891, 2015 Ky. App. LEXIS 40 (Ky. Ct. App. 2015).

158.060. School month and school day — Duty-free lunch period — Nonteaching time for teachers.

(1) Twenty (20) school days, or days in which teachers are actually employed in the schoolroom, shall constitute a school month in the common schools.

(2) Each full-time teacher shall be provided with a duty-free lunch period each day during the regularly scheduled student lunch period. The duty-free lunch period shall be not less than the length of the lunch period specified in the school calendar approved by the chief state school officer. A full-time teacher may be assigned to lunch room duty during the regularly scheduled student lunch period only for an amount of time equal to the noninstructional time in excess of fifty-five (55) minutes included in the teacher's daily schedule. The calculation of noninstructional time shall

not include the teacher's duty-free lunch period, the time teachers are required to be at school prior to the start of the student's instructional day, or the time teachers are required to remain at school after the students are dismissed.

(3) Except for children with disabilities and children attending the primary school program who may attend a program of less than six (6) hours per day under policy adopted by the local school district board of education and approved by the commissioner of education and children attending a school district where the local board has approved a schedule that provides at least the equivalent of six (6) hours of daily instruction during the school year, a minimum of six (6) hours of actual school work shall constitute a school day. Kindergarten programs may be operated for less than six (6) hours without state board approval. The Kentucky Board of Education, upon recommendation of the chief state school officer, shall develop and approve regulations governing make up by school districts of whole days missed due to emergencies, or partial days missed as a result of shortening regularly scheduled school days due to emergencies.

(4) Teachers shall be provided additional time for nonteaching activities. The nonteaching time shall be used to provide teachers opportunities for professional development activities as provided in KRS 156.095, instructional planning, school-based decision making as provided in KRS 160.345, curriculum development, and outreach activities involving their students' families and the community.

(5) Character education programs and activities shall be considered valuable and legitimate components of the actual school work constituting a school day under subsection (3) of this section.

Board of Educ. v. Powell, 792 S.W.2d 376, 1990 Ky. App. LEXIS 81 (Ky. Ct. App. 1990).

OPINIONS OF ATTORNEY GENERAL.

Lunch periods could not be used to conduct religious classes if the district is utilizing portions of the lunch period to meet the six-hour school work requirement of this section. OAG 64-111.

The term “actual school work” as used in this section means instructional hours, either of purely academic classroom instruction or reasonably calculated to achieve general educational objectives within such standards for school instructional programs as have been approved by the State Board of Education pursuant to its power to prescribe curricula under KRS 156.070. OAG 70-222; OAG 78-344.

A proposed plan of a county school district to institute a pilot program of in-service training of teachers which would require the dismissing of pupils for one-half day each week would be in violation of KRS 158.070(2)(b) (see now subsection (9)) which requires a pupil’s attendance in school for a minimum term and this section which provides that six hours of actual classroom work shall constitute a school day. OAG 73-98.

Rural teachers who are required by the board to work a reasonably longer day than city teachers in the same district are not entitled to extra compensation solely on the basis of a longer working day. OAG 75-297.

Within the statutory limits of from six to nine hours, each school district may adopt its own schedule of classes and professional duties of its teachers and it is not required that the working day of all teachers in a district be the same length. OAG 75-297.

Neither a teacher who has taught three hours per day for 185 school days nor a teacher who has taught full time for 94 school days may be considered to have a year of actual service for tenure purposes. OAG 76-278.

School administrators may permit a study hall or activity period to be used by a student outside the school for a program of off-school-premises work since participation in such program would not be shortening of the school day but merely shortening the portion of the full regular school day which the child is in attendance in the school classroom. OAG 76-545.

While KRS 158.107 (repealed) did not prohibit the charging of a student to attend sports events, these sports events may not properly be held during any part of the regular school day so as to shorten the six hours required “of actual school work.” OAG 79-381.

Where the General Assembly failed to include a delayed effective date for the provisions regarding the teachers’ duty-free lunch period and class-size limitations in grades 1-8 contained in the education package enacted in the 1985 extraordinary session, the effective date of these provisions was October 18, 1985. However, given the restrictions of KRS 160.530 and 160.550(1), as well as the impracticalities of implementation on October 18, it was doubtful that any local school district could be expected to implement these programs on October 18. Therefore, except where otherwise expressly indicated in a particular provision, the education improvement programs which the local school districts have a duty to implement would have to be implemented by the local school districts beginning with the 1986-87 school year. OAG 85-132.

158.065. Year-round school program — Legislative intent. [Repealed.]

Compiler’s Notes.

This section (Enact. Acts 1972, ch. 372, § 1) was repealed by Acts 1974, ch. 265, § 6.

158.070. School district calendar committee — School calendar adoption procedures — Variable student instructional year — Professional development — Holidays and days closed — Waivers — Scheduling of athletic competitions — Continuing education for students — Student attendance days and their equivalents in instructional year — Nontraditional instruction program — Administrative regulations — Breakfast program — Calculation of service credit and equivalent time for days missed by employees due to emergencies.

(1) As used in this section:

(a) “Election” has the same meaning as in KRS 121.015;

(b) “Minimum school term” or “school term” means not less than one hundred eighty-five (185) days composed of the student attendance days, teacher professional days, and holidays;

(c) “School calendar” means the document adopted by a local board of education that establishes the minimum school term, student instructional year or variable student instructional year, and days that school will not be in session;

(d) “School district calendar committee” means a committee that includes at least the following:

1. One (1) school district principal;
2. One (1) school district office administrator other than the superintendent;
3. One (1) member of the local board of education;
4. Two (2) parents of students attending a school in the district;
5. One (1) school district elementary school teacher;
6. One (1) school district middle or high school teacher;
7. Two (2) school district classified employees; and
8. Two (2) community members from the local chamber of commerce, business community, or tourism commission;

(e) “Student attendance day” means any day that students are scheduled to be at school to receive instruction, and encompasses the designated start and dismissal time;

(f) “Student instructional year” means at least one thousand sixty-two (1,062) hours of instructional time for students delivered on not less than one hundred seventy (170) student attendance days;

(g) “Teacher professional day” means any day teachers are required to report to work as determined by a local board of education, with or without the presence of students; and

(h) “Variable student instructional year” means at least one thousand sixty-two (1,062) hours of instructional time delivered on the number of student attendance days adopted by a local board of education which shall be considered proportionally equivalent to one hundred seventy (170) student attendance days and calendar days for the purposes of a student

instructional year, employment contracts that are based on the school term, service credit under KRS 161.500, and funding under KRS 157.350.

(2)(a) The local board of education, upon recommendation of the local school district superintendent, shall annually appoint a school district calendar committee to review, develop, and recommend school calendar options.

(b) The school district calendar committee, after seeking feedback from school district employees, parents, and community members, shall recommend school calendar options to the local school district superintendent for presentation to the local board of education. The committee's recommendations shall comply with state laws and regulations and consider the economic impact of the school calendar on the community and the state.

(c) Prior to adopting a school calendar, the local board of education shall hear for discussion the school district calendar committee's recommendations and the recommendation of the superintendent at a meeting of the local board of education.

(d) During a subsequent meeting of the local board of education, the local board shall adopt a school calendar for the upcoming school year that establishes the opening and closing dates of the school term, beginning and ending dates of each school month, student attendance days, and days on which schools shall be dismissed. The local board may schedule days for breaks in the school calendar that shall not be counted as a part of the minimum school term.

(e) For local board of education meetings described in paragraphs (c) and (d) of this subsection, if the meeting is a regular meeting, notice shall be given to media outlets that have requests on file to be notified of special meetings stating the date of the regular meeting and that one (1) of the items to be considered in the regular meeting will be the school calendar. The notice shall be sent at least twenty-four (24) hours before the regular meeting. This requirement shall not be deemed to make any requirements or limitations relating to special meetings applicable to the regular meeting.

(f) A local school board of education that adopts a school calendar with the first student attendance day in the school term starting no earlier than the Monday closest to August 26 may use a variable student instructional year. Districts may set the length of individual student attendance days in a variable student instructional schedule, but no student attendance day shall contain more than seven (7) hours of instructional time unless the district submitted and received approval from the commissioner of education for an innovative alternative calendar.

(3)(a) Each local board of education shall use four (4) days of the minimum school term for professional development and collegial planning activities for the professional staff without the presence of students pursuant to the requirements of KRS 156.095. At the discretion of the superintendent, one (1) day of professional development may be used for district-wide activities and for training that is mandated by fed-

eral or state law. The use of three (3) days shall be planned by each school council, except that the district is encouraged to provide technical assistance and leadership to school councils to maximize existing resources and to encourage shared planning.

(b) At least one (1) hour of self-study review of seizure disorder materials shall be required for all principals, guidance counselors, and teachers hired after July 1, 2019.

(c)1. A local board may approve a school's flexible professional development plan that permits teachers or other certified personnel within a school to participate in professional development activities outside the days scheduled in the school calendar or the regularly scheduled hours in the school work day and receive credit towards the four (4) day professional development requirement within the minimum one hundred eighty-five (185) days that a teacher shall be employed.

2. A flexible schedule option shall be reflected in the school's professional development component within the school improvement plan and approved by the local board. Credit for approved professional development activities may be accumulated in periods of time other than full day segments.

3. No teacher or administrator shall be permitted to count participation in a professional development activity under the flexible schedule option unless the activity is related to the teacher's classroom assignment and content area, or the administrator's job requirements, or is required by the school improvement plan, or is tied to the teacher's or the administrator's individual growth plan. The supervisor shall give prior approval and shall monitor compliance with the requirements of this paragraph. In the case of teachers, a professional development committee or the school council by council policy may be responsible for reviewing requests for approval.

(d) The local board of each school district may use up to a maximum of four (4) days of the minimum school term for holidays; provided, however, any holiday which occurs on Saturday may be observed on the preceding Friday.

(e) Each local board may use two (2) days for planning activities without the presence of students.

(f) Each local board may close schools for the number of days deemed necessary for:

1. National or state emergency or mourning when proclaimed by the President of the United States or the Governor of the Commonwealth of Kentucky;

2. Local emergency which would endanger the health or safety of children; and

3. Mourning when so designated by the local board of education and approved by the Kentucky Board of Education upon recommendation of the commissioner of education.

(4)(a) The Kentucky Board of Education, upon recommendation of the commissioner of education, shall adopt administrative regulations governing the use of student attendance days as a result of a local emergency, as described in subsection (3)(f)2. of this section, and regulations setting forth the guidelines

and procedures to be observed for the approval of waivers from the requirements of a student instructional year in subsection (1)(f) of this section for districts that wish to adopt innovative instructional calendars, or for circumstances that would create extreme hardship.

(b) If a local board of education amends its school calendar after its adoption due to an emergency, it may lengthen or shorten any remaining student attendance days by thirty (30) minutes or more, as it deems necessary, provided the amended calendar complies with the requirements of a student instructional year in subsection (1)(f) of this section or a variable student instructional year in subsection (1)(h) of this section. No student attendance day shall contain more than seven (7) hours of instructional time unless the district submitted and received approval from the commissioner of education for an innovative alternative calendar.

(5)(a)1. In setting the school calendar, school may be closed for two (2) consecutive days for the purpose of permitting professional school employees to attend statewide professional meetings.

2. These two (2) days for statewide professional meetings may be scheduled to begin with the first Thursday after Easter, or upon request of the statewide professional education association having the largest paid membership, the commissioner of education may designate alternate dates.

3. If schools are scheduled to operate during days designated for the statewide professional meeting, the school district shall permit employees who are delegates to attend as compensated professional leave time and shall employ substitute teachers in their absence.

4. The commissioner of education shall designate one (1) additional day during the school year when schools may be closed to permit professional school employees to participate in regional or district professional meetings.

5. These three (3) days so designated for attendance at professional meetings may be counted as a part of the minimum school term.

(b)1. If any school in a district is used as a polling place, the school district shall be closed on the day of the election, and those days may be used for professional development activities, professional meetings, or parent-teacher conferences.

2. A district may be open on the day of an election if no school in the district is used as a polling place.

(c) All schools shall be closed on the third Monday of January in observance of the birthday of Martin Luther King, Jr. Districts may:

1. Designate the day as one (1) of the four (4) holidays permitted under subsection (3)(d) of this section; or

2. Not include the day in the minimum school term specified in subsection (1) of this section.

(6)(a) The Kentucky Board of Education, or the organization or agency designated by the board to manage interscholastic athletics, shall be encouraged to schedule athletic competitions outside the regularly scheduled student attendance day.

(b) Any member of a school-sponsored interscholastic athletic team who competes in a regional tournament or state tournament sanctioned by the Kentucky Board of Education, or the organization or agency designated by the board to manage interscholastic athletics, and occurring on a regularly scheduled student attendance day may be counted present at school on the date or dates of the competition, as determined by local board policy, for a maximum of two (2) days per student per year. The student shall be expected to complete any assignments missed on the date or dates of the competition.

(c) The school attendance record of any student for whom paragraph (b) of this subsection applies shall indicate that the student was in attendance on the date or dates of competition.

(7) Schools shall provide continuing education for those students who are determined to need additional time to achieve the outcomes defined in KRS 158.6451, and schools shall not be limited to the minimum school term in providing this education. Continuing education time may include extended days, extended weeks, or extended years. A local board of education may adopt a policy requiring its students to participate in continuing education. The local policy shall set out the conditions under which attendance will be required and any exceptions which are provided. The Kentucky Board of Education shall promulgate administrative regulations establishing criteria for the allotment of grants to local school districts and shall include criteria by which the commissioner of education may approve a district's request for a waiver to use an alternative service delivery option, including providing services during the student attendance day on a limited basis. These grants shall be allotted to school districts to provide instructional programs for pupils who are identified as needing additional time to achieve the outcomes defined in KRS 158.6451. A school district that has a school operating a model early reading program under KRS 158.792 may use a portion of its grant money as part of the matching funds to provide individualized or small group reading instruction to qualified students outside of the regular classroom during the student attendance day.

(8) Notwithstanding any other statute, each school term shall include no less than the equivalent of the student instructional year in subsection (1)(f) of this section, or a variable student instructional year in subsection (1)(h) of this section, except that the commissioner of education may grant up to the equivalent of ten (10) student attendance days for school districts that have a nontraditional instruction plan approved by the commissioner of education on days when the school district is closed for health or safety reasons. The district's plan shall indicate how the nontraditional instruction process shall be a continuation of learning that is occurring on regular student attendance days. Instructional delivery methods, including the use of technology, shall be clearly delineated in the plan. Average daily attendance for purposes of Support Education Excellence in Kentucky program funding during the student attendance days granted shall be calculated in compliance with administrative regulations promulgated by the Kentucky Board of Education.

(9) The Kentucky Board of Education shall promulgate administrative regulations to prescribe the conditions and procedures for districts to be approved for the nontraditional instruction program. Administrative regulations promulgated by the board under this section shall specify:

(a) The application, plan review, approval, and amendment process;

(b) Reporting requirements for districts approved for the program, which may include but are not limited to examples of student work, lesson plans, teacher work logs, and student and teacher participation on nontraditional instruction days. Documentation to support the use of nontraditional instruction days shall include clear evidence of learning continuation;

(c) Timelines for initial approval as a nontraditional instruction district, length of approval, the renewal process, and ongoing evaluative procedures required of the district;

(d) Reporting and oversight responsibilities of the district and the Kentucky Department of Education, including the documentation required to show clear evidence of learning continuation during nontraditional instruction days; and

(e) Other components deemed necessary to implement this section.

(10) Notwithstanding the provisions of KRS 158.060(3) and the provisions of subsection (2) of this section, a school district shall arrange bus schedules so that all buses arrive in sufficient time to provide breakfast prior to the beginning of the student attendance day. The superintendent of a school district that participates in the Federal School Breakfast Program may also authorize up to fifteen (15) minutes of the student attendance day to provide the opportunity for children to eat breakfast during instructional time.

(11) Notwithstanding any other statute to the contrary, the following provisions shall apply to a school district that misses student attendance days due to emergencies, including weather-related emergencies:

(a) A certified school employee shall be considered to have fulfilled the minimum one hundred eighty-five (185) day contract with a school district under KRS 157.350 and shall be given credit for the purpose of calculating service credit for retirement under KRS 161.500 for certified school personnel if:

1. State and local requirements under this section are met regarding the equivalent of the number and length of student attendance days, teacher professional days, professional development days, holidays, and days for planning activities without the presence of students; and

2. The provisions of the district's school calendar to make up student attendance days missed due to any emergency, as approved by the Kentucky Department of Education when required, including but not limited to a provision for additional instructional time per day, are met.

(b) Additional time worked by a classified school employee shall be considered as equivalent time to be applied toward the employee's contract and calculation of service credit for classified employees under KRS 78.615 if:

1. The employee works for a school district with a school calendar approved by the Kentucky Department of Education that contains a provision that additional instructional time per day shall be used to make up full days missed due to an emergency;

2. The employee's contract requires a minimum six (6) hour work day; and

3. The employee's job responsibilities and work day are extended when the instructional time is extended for the purposes of making up time.

(c) Classified employees who are regularly scheduled to work less than six (6) hours per day and who do not have additional work responsibilities as a result of lengthened student attendance days shall be excluded from the provisions of this subsection. These employees may be assigned additional work responsibilities to make up service credit under KRS 78.615 that would be lost due to lengthened student attendance days.

Legislative Research Commission Notes.

(7/14/2022). This statute was amended by 2022 Ky. Acts chs. 41 and 168, which do not appear to be in conflict and have been codified together.

(4/8/2022). 2022 Ky. Acts ch. 168, sec. 4, provides that the Act, which amended this statute, may be cited as Wyatt's Act.

(6/24/2015). In subsection (5)(b) 1. of this statute, a reference to "subsection (4)(d) of this section" has been changed to read "subsection (3)(d) of this section." In subsection (10) of this statute, a reference to "subsection (1) of this section" has been changed to read "subsection (2) of this section." When the statute was amended in 2014 Ky. Acts ch.14, sec. 3, the subsections were renumbered, but the reference to subsections (4) and (1) were not changed to conform. The Reviser of Statutes has made the conforming changes under the authority of KRS 7.136.

(7/15/2010). The amendments made to this section by 2010 Ky. Acts ch. 136 shall be known as the "Make a Difference for Kids Act of 2010."

(1/29/2002). The words "upon request of the statewide professional education association having the" were inadver-

tently omitted from subsection (6)(a) of this section when it was amended by 2001 Ky. Acts ch. 134, sec. 1. These words have been restored to the section by the reviser of statutes under KRS 7.136 and 446.280.

(6/21/2001). A reference to “subsection (3)(c)” in subsection (6)(b)1. of this statute has been changed in codification to “subsection (4)(c)” under KRS 7.136(1)(e) and (h). In 2001 Ky. Acts ch. 134, sec. 1, the existing subsection (3) was renumbered as subsection (4), but an internal reference to that subsection in the existing language of this statute was overlooked.

NOTES TO DECISIONS

Analysis

1. Snow Days.
2. Child Support.

1. Snow Days.

Teachers were not entitled to unemployment benefits for days they missed due to snow, where the days were made up at a later date within the contract year and their incomes remained intact. *Tackett v. Kentucky Unemployment Ins. Com.*, 630 S.W.2d 76, 1982 Ky. App. LEXIS 204 (Ky. Ct. App. 1982).

2. Child Support.

In a child support dispute, a trial court erred by assigning May 30, 2014 as the end of the school and as the termination date for a father's obligation to pay child support because the school year ended on June 30, pursuant to statute; however, there was no error in failing to extend the school year to November 2014 to allow the student to finish his senior year after the age of majority. *Mix v. Petty*, 465 S.W.3d 891, 2015 Ky. App. LEXIS 40 (Ky. Ct. App. 2015).

OPINIONS OF ATTORNEY GENERAL.

Under this section the school board must provide some form of alternative service to be performed by a teacher who does not wish to attend KEA meetings. OAG 60-374.

The approval of the State Department of Education is required in order to conduct a school on a continuous basis. OAG 67-277.

Since regulations provide days when schools are closed for mourning and disaster shall be counted as school days, a teacher who would have taught had school been conducted was entitled to compensation for those days. OAG 67-289.

If in a specific factual situation the only reasonably available access roads which may be utilized to provide transportation to a particular school or schools of the district are so impassable as to create a substantial risk of injury to the pupils who must use these roads, or if in a specific factual situation the only reasonably available access roads are being used by overweight or oversized vehicles in such a manner as to create a hazard under the circumstances to the transportation of schoolchildren, the superintendent does have the power to declare an emergency day or days. OAG 70-568.

The fact that a superintendent may declare an emergency day in a given factual situation carries with it the power to delay the opening of school, if transportation to the school would create a risk, until the hazardous condition can be rectified. OAG 70-568.

The superintendent of the district is imposed with a positive responsibility to exercise the discretion vested by subsection (2) of this section in the best interest of the health and safety of the children attending the district schools. OAG 70-568.

The superintendent of the school district is vested with the discretion of making a factual determination as to whether conditions beyond the control of the superintendent are such as to endanger the safety of children attending the schools of the district. OAG 70-568.

A proposed plan of a county school district to institute a pilot program of in-service training of teachers which would require the dismissing of pupils for one-half (½) day each week would be in violation of subdivision (2)(b) (see now (9)) of this section which requires a pupil's attendance in school for a minimum term and KRS 158.060 which provides that six (6) hours of actual classroom work shall constitute a school day. OAG 73-98.

This section leaves the matter of professional days to the discretion of the local board of education and if the superintendent and the board wish to grant a professional day privilege to a professional educators' organization, there is no reason why they may not do so. OAG 73-668.

A reduction in state appropriations to the minimum foundation fund for teachers' salaries, legal or illegal, could not be said to have reduced the number of days required for a minimum school term in the commonwealth's public common schools; the law still requires 185 days and that four (4) of these days be devoted to in-service training for public common school teachers and the elimination of state money for two (2) in-service days did not take the requirement for the two (2) days away. OAG 82-106.

Even though the contracts entered into between local boards and their teachers fail to reference the minimum 185 day school term, these contracts could not be construed to cover any period less than the 185 school days established by statute since all full-time teachers in the public common schools have, by operation of law, a contract that entitles them to be paid for 185 school days, four (4) of which are to be utilized as in-service and professional development and planning activities; accordingly, the teachers employed by the local school boards for the 1981-82 school year had a vested right to employment and salary for at least 185 school days and the possible reduction in state funds for teachers' salaries for two (2) mandated in-service days in no way could be used to divorce the local school districts from their preexisting obligation of contracts for a minimum school term of 185 days. OAG 82-106. (Refers to 1982 Budget.)

The present school laws, in light of the Kentucky Constitution, do not authorize or permit any state funded extended employment days to be used for vacation or holidays. OAG 82-356.

It is within the legal prerogative of the local board to fairly establish the nature of professional activities for which it will be willing to incur expenses. OAG 83-228.

While there is a legal basis for the expenditure of school moneys for professional activities, a school board is not mandated to approve the incurring of these expenses and costs for reimbursement from school funds. OAG 83-228.

Within reason, school boards are permitted to bear the direct and indirect expenses incurred by teachers and administrators who attend, after prior approval by the board, professional activities and functions; however, school boards are not wholly unfettered in exercising their discretion in approving attendance at sundry professional activities since Const., §§ 180 and 184 require that school funds may be used only for school purposes, the test being whether the expenditure is for an educational purpose rather than whether an activity might be beneficial to education. OAG 83-228.

It is legal for a board of education to pay salaries and/or expenses, including travel, lodging, and meals for school administrators to attend business sessions of their respective

professional organizations, training and professional improvement meetings conducted by their professional organization and accreditation associations to which their schools or districts belong and/or lobbying activities conducted by their professional associations. OAG 83-228.

It is legal for a board of education to pay salaries and/or expenses, including travel, lodging, meals, and substitute teachers, for teachers to attend business sessions of their respective professional organizations, training and professional improvement meetings conducted by their professional organization, and/or lobbying activities conducted by their organization. OAG 83-228.

A teacher may take his or her sick leave days on any day of the school year upon compliance with the statutorily required presentation of a personal affidavit or certificate of a physician or as provided for by an appropriately adopted regulation of policy of a local board of education, and a teacher who uses accumulated sick leave to cover a period of absence is not required to use a sick leave day when the schools are already closed for a paid holiday, since the teacher is authorized by this section to be paid for such holidays without the payment being charged to accumulated sick leave. OAG 83-457.

Schools may offer, but not compel, students who have excessive unexcused absences, attendance in a summer program when attendance in a summer program will enable the students to achieve the appropriate goals. OAG 92-95.

There is no specific statute authorizing a board of education to require a student who has excessive absences to attend a summer program. OAG 92-95.

Days that a school is closed for spring vacation cannot be characterized as legal holidays, and therefore do not toll an agency's response time in responding to an open records request. Days on which students, faculty, and staff are not present for any reason other than Saturdays, Sundays, and legal holidays must therefore be calculated into the three-day response time. OAG 01-ORD-94.

158.075. Veterans Day observance in public schools.

All public schools shall observe Veterans Day under this section.

(1) On Veterans Day, or one (1) of the five (5) school days preceding Veterans Day, one (1) class or instructional period shall be devoted to the observance of Veterans Day.

(2) Students shall assemble in one (1) or more groups, as decided by the school principal, to attend the Veterans Day program.

(3) The program shall be approved by the principal and, at a minimum, shall consist of a teacher and a veteran speaking on the meaning of Veterans Day.

(4) To develop a Veterans Day program, Kentucky public schools are encouraged to seek advice from the Kentucky Department of Veterans' Affairs and veterans' service organizations, including but not limited

to the American Legion and the Veterans of Foreign Wars.

158.080. Private and parochial schools — Courses — Term.

Private and parochial schools shall be taught in the English language and shall offer instruction in the several branches of study required to be taught in the public schools of the state, consistent with KRS 156.445(3). Except in those school districts operating a year-round school program, the term of the school shall not be for a shorter period in each year than the term of the public school provided in the district in which the child attending the school resides. In those school districts which are operating a year-round school program, the minimum term of private and parochial schools shall be one hundred eighty-five (185) days.

NOTES TO DECISIONS

Analysis

1. Constitutionality.
2. Rights of Conscience.
3. Teachers.
4. — Certification.
5. Standardized Achievement Testing.

1. Constitutionality.

This section does not offend the Bill of Rights provided that the "several branches of study" are rationally related to the education of children to exercise their right of suffrage and to participate in the democratic system. Kentucky State Board for Elementary & Secondary Education v. Rudasill, 589 S.W.2d 877, 1979 Ky. LEXIS 295 (Ky. 1979), cert. denied, 446 U.S. 938, 100 S. Ct. 2158, 64 L. Ed. 2d 792, 1980 U.S. LEXIS 1592 (U.S. 1980).

2. Rights of Conscience.

While the state has an interest in the education of its citizens which could be furthered through compulsory education, the rights of conscience of those who desire education of their children in private and parochial schools should be protected. Kentucky State Board for Elementary & Secondary Education v. Rudasill, 589 S.W.2d 877, 1979 Ky. LEXIS 295 (Ky. 1979), cert. denied, 446 U.S. 938, 100 S. Ct. 2158, 64 L. Ed. 2d 792, 1980 U.S. LEXIS 1592 (U.S. 1980).

3. Teachers.

4. — Certification.

It cannot be said as an absolute that a teacher in a nonpublic school who is not certified under KRS 161.030(2)

will be unable to instruct children to become intelligent citizens; certainly, the receipt of “a bachelor’s degree from a standard college or university” is an indicator of the level of achievement, but it is not a sine qua non the absence of which establishes that private and parochial school teachers are unable to teach their students to intelligently exercise the elective franchise. *Kentucky State Board for Elementary & Secondary Education v. Rudasill*, 589 S.W.2d 877, 1979 Ky. LEXIS 295 (Ky. 1979), cert. denied, 446 U.S. 938, 100 S. Ct. 2158, 64 L. Ed. 2d 792, 1980 U.S. LEXIS 1592 (U.S. 1980).

5. Standardized Achievement Testing.

If the Legislature wishes to monitor the work of private and parochial schools in accomplishing the constitutional purpose of compulsory education, it may do so by an appropriate standardized achievement testing program, and if the results show that one or more private or parochial schools have failed to reasonably accomplish the constitutional purpose, the Commonwealth may then withdraw approval and seek to close them for they no longer fulfill the purpose of “schools.” *Kentucky State Board for Elementary & Secondary Education v. Rudasill*, 589 S.W.2d 877, 1979 Ky. LEXIS 295 (Ky. 1979), cert. denied, 446 U.S. 938, 100 S. Ct. 2158, 64 L. Ed. 2d 792, 1980 U.S. LEXIS 1592 (U.S. 1980).

158.090. Kindergartens — Night schools. [Repealed.]

Compiler’s Notes.

This section (4399-50) was repealed by Acts 1990, ch. 476, Pt. VI, § 616, effective July 13, 1990.

158.100. Program required to be provided by school district — Additional programs permitted — Refugee or legal alien students — Virtual high school completion program.

(1) Notwithstanding any statute to the contrary, each school district shall provide an approved preschool school program through twelve (12) grade school service. An approved preschool school program through eight (8) grade school service shall be provided for the children residing in the district by maintaining schools. An approved high school service for all children of high school grade under twenty-one (21) years of age residing in the district shall be provided either by maintaining the schools within the district or by contract with another district. The board of education of any school district, subject to the approval of the chief state school officer, may establish night schools, industrial schools, and other schools for the residents of the district as it deems advisable.

(2) A school district may provide an approved high school program to a student who is a refugee or legal alien until the student graduates or until the end of the school year in which the student reached the age of twenty-one (21), whichever occurs first.

(3)(a) The board of education of any school district may establish a virtual high school completion program for residents of the district of at least twenty-one (21) years of age that is designed to allow high school dropouts to complete high school graduation requirements through the use of virtual instruction.

(b) A student shall be eligible to enroll in a district’s program if the student:

1. Is a resident of the district;
2. Is at least twenty-one (21) years of age;

3. Had previously dropped out of a high school; and

4. Had earned at least sixteen (16) credits at the time of dropping out.

(c) Notwithstanding paragraph (b)1. of this subsection, a program may enroll a nonresident student if the student otherwise qualifies for enrollment.

(d) To enroll in a district’s program, a student shall provide a notarized transcript evidencing any credits earned previously towards graduation that are not from that district.

(e) To earn a high school diploma through the virtual program, a district shall require a student to either:

1. Complete the high school graduation requirements of the district that were or would have been applicable to the student at the time the student dropped out of high school; or

2. Complete the high school graduation requirements of the district in effect at the time of enrolling in the virtual program.

(f) A district may charge a student reasonable tuition and fees for the program.

3. High School.
4. — Minimum Students for Maintaining.
5. — Contracts with Another District.
6. — Attendance.

1. School Grades.

The county school board is not required to provide for the teaching of twelve (12) grades in each school in the district. *Wilson v. Alsip*, 256 Ky. 466, 76 S.W.2d 288, 1934 Ky. LEXIS 435 (Ky. 1934).

A school board may maintain schools (1) in which only the elementary grades are taught, (2) in which only the four higher grades are taught, (3) in which all twelve (12) grades are taught, (4) in which the first six (6) grades are taught, (5) junior high schools (seventh, eighth and ninth grades), (6) senior high schools (tenth, eleventh and twelfth grades), (7) or any combination of same, provided it does not act arbitrarily or abuse its discretion. *Wilson v. Alsip*, 256 Ky. 466, 76 S.W.2d 288, 1934 Ky. LEXIS 435 (Ky. 1934).

2. Education Facilities for All Residents under Twenty-one.

This section mandatorily directs that each board of education shall provide public education facilities for residents of its district who are under twenty-one. *Board of Education v. Bentley*, 383 S.W.2d 677, 1964 Ky. LEXIS 51 (Ky. 1964).

3. High School.

4. — Minimum Students for Maintaining.

A rule of the state Superintendent of Public Instruction, approved by the State Board of Education to the effect that a

minimum of 60 students is required for maintenance of a high school, was a valid administrative regulation carrying out the Legislature's intent in its enactment of the school code, and was not an invalid exercise of a legislative function. *Dicken v. Kentucky State Board of Education*, 304 Ky. 343, 199 S.W.2d 977, 1947 Ky. LEXIS 579 (Ky. 1947).

5. — Contracts with Another District.

Under law providing that county board could unite with city or town in order to establish a high school for the joint use of the county and city, a county board of education and the board of education of a fourth-class city could contract to establish and maintain joint high and grade schools. *Board of Education v. Knox County Board of Education*, 260 Ky. 115, 84 S.W.2d 62, 1935 Ky. LEXIS 447 (Ky. 1935) (decided under prior law).

The right to contract with another district to teach certain grades is conferred upon the county board of education and an independent school district is not authorized to make such contract. *Board of Trustees v. State Board of Education*, 269 Ky. 253, 106 S.W.2d 985, 1937 Ky. LEXIS 585 (Ky. 1937).

6. — Attendance.

Law repealing sections dealing with pupil attending the most convenient high school does not violate Ky. Const., § 51, and there is now no law requiring the county board of education to give a high school pupil the privilege of attending the most convenient high school. *Stallins v. Caldwell County Board of Education*, 274 Ky. 824, 120 S.W.2d 656, 1938 Ky. LEXIS 350 (Ky. 1938).

Even though it would be more economical and for the best interests of the high school pupils to attend high schools other than those maintained by the county board, whether they attend high schools other than those maintained by the county board and whether some of the high schools should be discontinued is a matter within the discretion of the board. *Stallins v. Caldwell County Board of Education*, 274 Ky. 824, 120 S.W.2d 656, 1938 Ky. LEXIS 350 (Ky. 1938).

7. Uniform or Equal Facilities.

The fact that a board of education provided only an eight-month school term for the colored school, while a nine-month term was provided for the white school, did not constitute a violation of Ky. Const., § 187, there being no allegation that the faculty, facilities or equipment of the colored school were unequal to that of the white school. *Board of Education v. Ballard*, 299 Ky. 370, 185 S.W.2d 538, 1945 Ky. LEXIS 426 (Ky. 1945) (decision prior to 1966 amendment).

8. School Taken Over by City.

Where school building and grounds located in city of fifth class had been operated by county board of education as a school for colored children, prior to law requiring independent districts in such cities to provide school service for colored children, the county board of education was not entitled to any payment for the property upon its being taken over by the city under the 1936 act. *Board of Education v. Board of Education*, 292 Ky. 261, 166 S.W.2d 295, 1942 Ky. LEXIS 69 (Ky. 1942) (decision prior to 1966 amendment).

OPINIONS OF ATTORNEY GENERAL.

Local school boards have a legal right to spend foundation program funds or revenue raised by local taxation for adults over 21 years of age. OAG 65-410.

A child living with its guardian within the county school district would be "residing" in the district within the meaning of the statutes and would be eligible to attend the county schools without the payment of tuition. OAG 66-550.

A county board of education has legal authority to refuse the admission of nonresident children to its schools, but the board would be prohibited from arbitrarily extending school attendance privileges to some nonresident children while denying the same privilege to others. OAG 66-550.

Where children residing on federal property attend schools operated and financed by the federal government, if the property in the federally-owned areas were subject to local ad valorem taxation by the school districts, and if the responsibility for educating children residing in these areas was transferred to the local school districts, then those resident children could properly and lawfully be included in the computation of state minimum foundation program fund allocations. OAG 68-50.

The duty of the school district to provide transportation under KRS 158.110 extends only to children of elementary grades who reside within its district. OAG 69-140.

A school district which grants nonresident pupils the privilege of attending its school for which tuition is charged, is not compelled to furnish transportation to such nonresident students. OAG 69-140.

The obligation of a local school district to provide an education to those children residing in the school district is not affected by the compulsory attendance laws since said laws affect those children wanting to get away from education in the schools, not those desiring to stay in school. OAG 77-116.

An unmarried girl under the age of 16, who has given birth to a child and is mothering that child, is not required to attend school, even though there is no delineated exemption under KRS 159.030; however, if the girl finds it necessary to remain out of school for several years, she is entitled to attend school later, up until she has received 12 years education or reached the age of 21. OAG 81-73.

Both KRS 158.030 and this section must be considered as addressing and affecting only public common school districts. OAG 85-55.

Existing legislation does not require nonpublic schools in Kentucky to have kindergartens. OAG 85-55.

Where a child attends a nonpublic school kindergarten, so long as the child will be six (6) years old by October 1, the child would be eligible and entitled to enroll in the first grade in a public common school district. If the child would not be six (6) years old until after October 1, the child would be eligible to enroll only in a public school's kindergarten program rather than first grade, even though he has already been in kindergarten in a nonpublic school. OAG 85-55.

A child who is six (6) years old before October 1, but who has not attended any kindergarten, would have to be enrolled, as far as the public common schools are concerned, in a kindergarten program rather than a public school first grade. OAG 85-55.

Where a child attends no kindergarten program, either public or nonpublic, before July 1, 1986, but upon attaining six (6) years of age he enrolls in a nonpublic school first grade, and such child subsequently is presented for enrollment in a public common school for the second or a subsequent grade, the child would be entitled to so enroll subject to the usual application of the provisions of KRS 158.140. OAG 85-55.

158.102. Requirement for library media center — Employment of librarian.

(1) The board of education for each local school district shall establish and maintain a library media center in every elementary and secondary school to promote information literacy and technology in the curriculum, and to facilitate teaching, student achievement, and lifelong learning.

(2)(a) Schools shall employ a school media librarian to organize, equip, and manage the operations of the school media library. The school media librarian shall hold the appropriate certificate of legal qualifications in accordance with KRS 161.020 and 161.030. A certified school media librarian may be employed to serve two (2) or more schools in a school district with the consent of the school councils.

(b) If a vacancy occurs, the school council may fill the vacancy on a temporary basis by employing:

1. A person who is pursuing certification as a school media librarian in accordance with administrative regulations promulgated by the Educational Professional Standards Board; or

2. A temporary employee for a period not to exceed sixty (60) days.

Each school district in this state shall admit to its twelve (12) grade school service, without tuition, any veteran of the Armed Forces whose attendance was interrupted, before completing the approved twelve (12) grade school course, because of induction or enlistment in the Armed Forces. The veteran shall apply for reenrollment in the public school system of the district of his residence not later than four (4) years after his honorable discharge from the Armed Forces. However, this is not intended to apply to enrollment by veterans in special courses for which tuition is paid under the provisions of federal laws, or otherwise.

OPINIONS OF ATTORNEY GENERAL.

KRS 159.140(7) (see now 159.140 (1)(h)) and 160.330 may be read in complete harmony with this section. OAG 82-359.

There is no federal prohibition against charging a fee to the parents of a handicapped child that will be charged to the parents of a nonhandicapped student as a part of the regular education program; but if the object or reason for a fee will solely relate to the fulfillment of a handicapped child's individual educational program, a charge may not be made to the parents of the handicapped child. Nevertheless, a very close scrutiny of the charges to be made by a school district will be required regarding each handicapped child. OAG 82-359.

A school district cannot use parents' inability to pay or refusal to pay against a student. OAG 82-464.

No child is to be denied the opportunity to participate in an educational program due to the parents' inability to pay; how such "inability to pay" is determined is up to the reasonable discretion of each local school board. OAG 82-464.

No school district can use "debt" collection as an obstacle to prevent a child from receiving an education in one of the public common schools. OAG 82-464.

The 1982 General Assembly in repealing KRS 158.107 and enacting this section has again authorized local school districts to charge parents incidental fees associated with the instruction of their children; thus, the school districts may charge parents for materials and supplies for courses and projects that related to any educational program, remembering the special considerations applicable to handicapped children. Parents are entitled to be informed what the fee they are being charged will be used for, that is, what is going to be received by the child in return for the payment of this money by the parent. OAG 82-464.

This section is not to be used for general fund raising, but only to reimburse the school district for materials and supplies provided to a child as a part of a child's educational program. OAG 82-464.

158.110. Transportation of pupils.

(1) Boards of education may provide transportation from their general funds or otherwise for any pupil of any grade to the nearest school to the pupil's residence within the district if the pupil does not live within a reasonable walking distance to such nearest school of appropriate grade level. The local board may provide transportation by means of a board-operated transportation system, transit authorities organized and operating pursuant to KRS Chapter 96A, local governmental mass transit systems, and individual contracted buses and vehicles.

(2) When space is not available at the nearest school, boards of education may provide transportation from their general funds or otherwise for any pupil of any grade who does not live within a reasonable walking distance to the nearest school of appropriate grade level where space is available. Transportation may be provided by means pursuant to subsection (1) of this section.

(3) Public elementary and secondary schools shall not change their present grade level structure without

written permission from the Kentucky Board of Education.

(4) The boards of education shall adopt such rules and regulations as will insure the comfort, health, and safety of the children who are transported, consistent with the rules and regulations of the Kentucky Board of Education dealing with the transportation of pupils.

1. In General.

County board of education is an arm of the state and in operating common schools it is engaged in a governmental capacity. *Wallace v. Laurel County Bd. of Education*, 287 Ky. 454, 153 S.W.2d 915, 1941 Ky. LEXIS 556 (Ky. 1941).

2. Relation to Other Laws.

School district had to allow students to attend the school nearest home, not merely to register at the school nearest home. That interpretation of KRS 159.070 was consistent with KRS 158.110. *Fell v. Jefferson County Bd. of Educ.*, 2011 Ky. App. LEXIS 176 (Ky. Ct. App. Sept. 30, 2011), rev'd, 391 S.W.3d 713, 2012 Ky. LEXIS 148 (Ky. 2012).

3. Constitutionality.

This section is not unconstitutional as being a delegation of legislative power. *County Board of Education v. Goodpaster*, 260 Ky. 198, 84 S.W.2d 55, 1935 Ky. LEXIS 444 (Ky. 1935).

So much of this section as provides for free transportation for pupils attending private schools is unconstitutional. *Sherard v. Jefferson County Board of Education*, 294 Ky. 469, 171 S.W.2d 963, 1942 Ky. LEXIS 2 (Ky. 1942) (decision prior to 1944 amendment).

Paragraphs 1 and 2 of Acts 1976, ch. 78, § 3, which amended subsections (1) and (2) of this section, in effect allowed local school boards to refuse to expend funds for cross district busing, thereby circumventing the state's responsibility to comply with court desegregation orders, and were unconstitutional. *Carroll v. Board of Education*, 561 F.2d 1, 1977 U.S. App. LEXIS 11870 (6th Cir. Ky. 1977), cert. denied, 435 U.S. 904, 98 S. Ct. 1449, 55 L. Ed. 2d 494, 1978 U.S. LEXIS 945 (U.S. 1978).

Paragraph 3 of Acts 1976, ch. 78, § 3, which amended subsection (3) of this section relating to change of grade level structures, violated the provision of Ky. Const., § 51 against

more than one (1) subject in legislation. *Carroll v. Board of Education*, 561 F.2d 1, 1977 U.S. App. LEXIS 11870 (6th Cir. Ky. 1977), cert. denied, 435 U.S. 904, 98 S. Ct. 1449, 55 L. Ed. 2d 494, 1978 U.S. LEXIS 945 (U.S. 1978).

4. Purpose.

The statute was enacted to protect children from traffic hazards they would encounter in walking to school, not to protect the children from seeing evidence that the roads are being used for drinking or immoral purposes. *Hoefer v. Hardin County Board of Education*, 441 S.W.2d 418, 1969 Ky. LEXIS 317 (Ky. 1969).

5. Application.

This section applies to independent school districts as well as to county school districts. *Schmidt v. Payne*, 304 Ky. 58, 199 S.W.2d 990, 1947 Ky. LEXIS 584 (Ky. 1947).

6. Elementary Pupils.

This section is mandatory with respect to elementary pupils, and discretionary as to pupils in higher grades. *Ex parte County Board of Education*, 260 Ky. 246, 260 Ky. 249, 84 S.W.2d 59, 1935 Ky. LEXIS 445 (Ky. 1935).

This section is mandatory as to elementary grades. The school board must either enroll the pupil in a school within reasonable walking distance of his home, or, if facilities are not available for the pupil at such a school, the board must furnish transportation to some other school selected by it. *Hines v. Pulaski County Board of Education*, 292 Ky. 100, 166 S.W.2d 37, 1942 Ky. LEXIS 46 (Ky. 1942).

7. Costs.

The transportation of pupils does not require the levy of a special tax. The cost is payable from general funds or otherwise. *Ex parte County Board of Education*, 260 Ky. 246, 260 Ky. 249, 84 S.W.2d 59, 1935 Ky. LEXIS 445 (Ky. 1935).

Given the state's constitutional duty to make public education available and to fund the school system thus created, the burden of additional costs of transporting students resulting from a federal desegregation order fell on the state if local school district was unable to fund such transportation. *Carroll v. Department of Health, Education & Welfare*, 410 F. Supp. 234, 1976 U.S. Dist. LEXIS 16031 (W.D. Ky. 1976), aff'd, *Carroll v. Board of Education*, 561 F.2d 1, 1977 U.S. App. LEXIS 11870 (6th Cir. Ky. 1977).

8. Definition of "or otherwise."

The words "or otherwise" have reference to funds that may come to the hands of the board of education other than through the exercise of a coercive revenue producing power. *Japs v. Board of Education*, 291 S.W.2d 825, 1956 Ky. LEXIS 402 (Ky. 1956).

9. Reasonable Walking Distance.

It is the mandatory duty of a board of education to furnish transportation to children who do not live within reasonable walking distance of the school attended. *Madison County Board of Education v. Skinner*, 299 Ky. 707, 187 S.W.2d 268, 1945 Ky. LEXIS 809 (Ky. 1945).

Where young children were required to walk two (2) or three (3) miles to school, over a tortuous and dangerous road crossing narrow bridge, railroad, and federal highway carrying fast moving traffic, independent school board's determination that children were within "reasonable walking distance" was abuse of discretion, and therefore writ of mandamus would be granted to compel board to furnish pupils transportation as soon as possible. *Schmidt v. Payne*, 304 Ky. 58, 199 S.W.2d 990, 1947 Ky. LEXIS 584 (Ky. 1947).

Walking distances for elementary pupils which do not exceed two (2) miles, where no particularly hazardous road conditions are involved, are not unreasonable and travel for about two (2) miles on a gravel road without shoulders or

walkways over which approximately 50 cars passed each day was within reasonable walking distance. *Board of Education v. Bowling*, 312 Ky. 749, 229 S.W.2d 769, 1950 Ky. LEXIS 767 (Ky. 1950).

Where distance children had to walk to school was at the most two and one-quarter ($2\frac{1}{4}$) miles along streets which did not present any particular hazards and they had school safety patrol and traffic patrolwoman to assist them in crossing the streets it was not mandatory upon the board to furnish transportation. *Bowen v. Meyer*, 255 S.W.2d 490, 1953 Ky. LEXIS 657 (Ky. 1953).

The distance alone, which at the most was two and one-quarter ($2\frac{1}{4}$) miles, was not an unreasonable walking distance for pupils in an elementary school. *Bowen v. Meyer*, 255 S.W.2d 490, 1953 Ky. LEXIS 657 (Ky. 1953).

The board of education necessarily must be allowed some discretion in determining what is a reasonable walking distance in any particular situation, and the courts should not interfere unless the board has acted in an arbitrary and unreasonable manner in refusing to furnish transportation. *Bowen v. Meyer*, 255 S.W.2d 490, 1953 Ky. LEXIS 657 (Ky. 1953).

Where the plaintiff's children had to walk one-half ($\frac{1}{2}$) to seven-tenths ($\frac{7}{10}$) of a mile to reach a school bus, there was not sufficient substantial evidence to compel a finding by the trial court that the board of education acted arbitrarily or unreasonably in refusing to take a bus to the plaintiff's home. *Hoefer v. Hardin County Board of Education*, 441 S.W.2d 418, 1969 Ky. LEXIS 317 (Ky. 1969).

The fact that road may be insufficiently patrolled by the law enforcement officers is not sufficient reason to require the school board to send a school bus one-half ($\frac{1}{2}$) mile down narrow one-lane gravel road over unsafe bridge to the plaintiff's residence where there was no turnaround to pick up elementary school pupils and board of education did not act arbitrarily and unreasonably in requiring children to walk up the road to the bus line. *Hoefer v. Hardin County Board of Education*, 441 S.W.2d 418, 1969 Ky. LEXIS 317 (Ky. 1969).

10. Reasonable Mode of Transportation.

Where school bus was operated over main highway, but certain pupils lived on dirt side roads, over which it was impossible to operate a school bus of regular size, and in bad weather such roads became in such condition as to make it unsafe for children to travel on foot, order of court requiring school board to furnish "such reasonable mode of transportation as the condition of the roads permit" was affirmed, it being contemplated that school board would pay for transportation of pupils by parents in private automobiles. *Madison County Board of Education v. Skinner*, 299 Ky. 707, 187 S.W.2d 268, 1945 Ky. LEXIS 809 (Ky. 1945).

11. Charging Fees or Fares.

The whole tenor of the statutes is that the transportation shall be furnished for grade school pupils at public expense. *Japs v. Board of Education*, 291 S.W.2d 825, 1956 Ky. LEXIS 402 (Ky. 1956).

The general powers of a board of education are broad enough to encompass the operation of a transportation system under which high school pupils are charged a fee. *Japs v. Board of Education*, 291 S.W.2d 825, 1956 Ky. LEXIS 402 (Ky. 1956).

Free transportation may be furnished indigent high school pupils under appropriate and reasonable regulations although high school pupils are charged fees for transportation. *Japs v. Board of Education*, 291 S.W.2d 825, 1956 Ky. LEXIS 402 (Ky. 1956).

Charging of fares to high school pupils will not have the effect of reducing the per pupil minimum state aid under KRS 157.400 (repealed). *Japs v. Board of Education*, 291 S.W.2d 825, 1956 Ky. LEXIS 402 (Ky. 1956).

Charging fees to high school pupils does not give a pupil residing within reasonable walking distance of the school a matter of right to tender the fare and ride the bus. *Japs v. Board of Education*, 291 S.W.2d 825, 1956 Ky. LEXIS 402 (Ky. 1956).

12. Purchase of Buses.

The board may either purchase buses and hire drivers, or contract with persons who own their own vehicles. *Smith v. Rose*, 293 Ky. 583, 169 S.W.2d 609, 1943 Ky. LEXIS 663 (Ky. 1943).

13. Liability.

14. — County Board.

Act of furnishing transportation is not removed from governmental function, even if provision requiring board to furnish such transportation should be deemed mandatory and not merely permissive. *Wallace v. Laurel County Bd. of Education*, 287 Ky. 454, 153 S.W.2d 915, 1941 Ky. LEXIS 556 (Ky. 1941).

County board of education was not liable for personal injuries, allegedly due to negligence of school bus driver, to pupil who alighted from bus and was struck by passing car, since board was engaged in governmental function in furnishing transportation. *Wallace v. Laurel County Bd. of Education*, 287 Ky. 454, 153 S.W.2d 915, 1941 Ky. LEXIS 556 (Ky. 1941).

When a board of education has secured an insurance policy, under KRS 160.310, insuring against liability (rather than loss) arising from the operation of its school buses, the board may not interpose the defense, in an action for damages arising from negligent operation of a school bus, that the operation of school buses is a governmental function. *Taylor v. Knox County Bd. of Educ.*, 292 Ky. 767, 167 S.W.2d 700, 1942 Ky. LEXIS 144 (Ky. 1942), overruled in part, *Grayson County Bd. of Educ. v. Casey*, 157 S.W.3d 201, 2005 Ky. LEXIS 50 (Ky. 2005).

In suit against county board of education where board carried liability insurance under KRS 160.310 it was within the province of the jury to find bus driver was negligent and that nine-year-old boy was not contributorily negligent in collision of his bicycle with a school bus. *Pike County Bd. of Education v. Varney*, 253 S.W.2d 253, 1952 Ky. LEXIS 1074 (Ky. 1952).

No liability may be imposed upon the individual board members when they fail to perform or perform negligently some duty owing the public but the transportation of pupils is a necessary part of the school program and the carrying of liability insurance under KRS 160.310 is an expense incident thereto and failing of school board to require bus operators to carry liability insurance renders the members of the board individually liable. *Bronaugh v. Murray*, 294 Ky. 715, 172 S.W.2d 591, 1943 Ky. LEXIS 531 (Ky. 1943).

15. Gasoline Tax.

Boards of education are liable for tax on gasoline purchased by them. *Board of Education v. Talbott*, 286 Ky. 543, 151 S.W.2d 42, 1941 Ky. LEXIS 283 (Ky. 1941).

Payment of gasoline tax by boards of education does not violate Const., § 184. *Board of Education v. Talbott*, 286 Ky. 543, 151 S.W.2d 42, 1941 Ky. LEXIS 283 (Ky. 1941).

16. Hauling Voters to Polls.

Use of school buses to haul voters to polls at subdistrict tax levy election is not inherently vicious, but is subject to criticism if passengers are limited to adherents of one (1) side. *Gill v. Board of Education*, 288 Ky. 790, 156 S.W.2d 844, 1941 Ky. LEXIS 142 (Ky. 1941).

Barnes, 469 S.W.2d 61, 1971 Ky. LEXIS 288 (Ky. 1971); *Joslin v. Board of Education*, 585 F. Supp. 37, 1983 U.S. Dist. LEXIS 15249 (E.D. Ky. 1983).

OPINIONS OF ATTORNEY GENERAL.

A school district which grants nonresident pupils the privilege of attending its school for which tuition is charged, is not compelled to furnish transportation to such nonresident students. OAG 69-140.

The duty of the school board to provide transportation extends only to children of elementary grades who reside within its district. OAG 69-140.

Common school funds may be used for transporting pupils from private or parochial schools to public vocational schools where the private school students attend vocational schools on a split day basis and where regular school bus transportation is used. OAG 75-300.

A school bus may be used to transport children to a child care center or scout meeting after school if the delivery point is along the usual bus route, the distance is greater than a reasonable walking distance, and the driver has permission from the principal who in turn has secured permission from the parents. OAG 75-645.

A board of education is not under an obligation to provide transportation where the students or parents have refused the school provided for the children and instead the parents take their children to another public school. OAG 76-55.

If school district money in any respect and in any amount is used to transport nonpublic school children, the Kentucky Constitution will be violated. OAG 82-392.

It was not constitutionally permissible for the board of education to provide transportation for parochial school pupils from their homes to the nearest public schools, so long as they do not live within a reasonable walking distance to such school, where transportation from public schools to parochial schools would then be provided either by the fiscal court or the local parochial school system. OAG 82-392.

To the extent nonpublic school children are transported on public school buses, irrespective of their point of departure, the local school district must be reimbursed on a per capita basis to avoid constitutional violation. Accordingly, it would not be appropriate for the board of education to provide transportation for parochial pupils from their homes to the nearest public school, so long as they do not live within a reasonable walking distance to such school, and for the board of education to be reimbursed by either the fiscal court and/or the local parochial school system for the additional cost (if any) to the school system, since reimbursement is required to be on a "per capita" basis. OAG 82-392.

158.115. **Supplementation of school bus transportation system by county out of general funds — Annual report to Interim Joint Committee on Appropriations and Revenue.**

(1) Each county may furnish transportation from its general funds, and not out of any funds or taxes raised or levied for educational purposes or appropriated in aid of the common schools, to supplement the present school bus transportation system for the aid and benefit of all pupils of elementary grade attending school in

compliance with the compulsory school attendance laws of the Commonwealth of Kentucky who do not reside within reasonable walking distance of the school they attend and where there are no sidewalks along the highway they are compelled to travel; and any county may provide transportation from its general funds to supplement the present school bus transportation system for the aid of any pupil of any grade who does not live within reasonable walking distance of the school attended by him in compliance with the compulsory school attendance laws and where there are no sidewalks along the highway he is compelled to travel.

(2) Each county may provide transportation by means of local board of education operated transportation systems, transit authorities organized and operating pursuant to KRS Chapter 96A, local governmental mass transit systems, and individual contracted buses and vehicles.

(3) By September 30 of each year, the secretary of the Transportation Cabinet shall report to the General Assembly's Interim Joint Committee on Appropriations and Revenue the following information for those fiscal court applications received by the Transportation Cabinet:

- (a) The annual cost to transport an individual pupil by local school district;
- (b) The total annual cost to transport all pupils;
- (c) The number of nonpublic school pupils transported by district;
- (d) The amount of money needed to fund actual costs to transport the projected number of nonpublic pupils over the next biennium; and
- (e) A history by year of participating counties requesting funding to transport nonpublic students, the funding requested by the counties, and the actual funding provided to the counties.

6. Limitation on Transportation.
7. Transportation Subsidies.
8. — Constitutionality.

1. **Constitutionality.**

This section does not violate Const., § 5 notwithstanding that it would authorize transportation of children to parochial schools as well as public schools for it is simply an exercise of police power for the protection of children against the inclem-

ency of the weather and the hazards of highway traffic. *Nichols v. Henry*, 301 Ky. 434, 191 S.W.2d 930, 1945 Ky. LEXIS 746 (Ky. 1945).

This section does not violate § 26, of the Constitution. *Nichols v. Henry*, 301 Ky. 434, 191 S.W.2d 930, 1945 Ky. LEXIS 746 (Ky. 1945).

This section does not violate Const., § 180 as authorizing a diversion of tax proceeds. *Nichols v. Henry*, 301 Ky. 434, 191 S.W.2d 930, 1945 Ky. LEXIS 746 (Ky. 1945).

This section does not violate either the provisions of Const., § 171 requiring that tax levys be only for public purposes or the provision of Const., § 3 forbidding a special privilege. *Nichols v. Henry*, 301 Ky. 434, 191 S.W.2d 930, 1945 Ky. LEXIS 746 (Ky. 1945).

This section is valid as legislation intended for public purpose of protecting children from dangers of highways and is not invalid as intended for private purpose of aiding private, parochial or sectarian schools notwithstanding that such schools would indirectly benefit by virtue of transportation of their pupils. *Nichols v. Henry*, 301 Ky. 434, 191 S.W.2d 930, 1945 Ky. LEXIS 746 (Ky. 1945).

2. Construction.

This section's use of the word "may" denotes that the section permits county fiscal courts to supplement the present bus school transportation system, but does not require it to do so. *Fiscal Court v. Brady*, 885 S.W.2d 681, 1994 Ky. LEXIS 88 (Ky. 1994).

3. Nonpublic School Pupils.

Children attending private, parochial or sectarian schools under the provisions of KRS 159.030 are "attending school in compliance with the compulsory school attendance laws" within the meaning of this section. *Nichols v. Henry*, 301 Ky. 434, 191 S.W.2d 930, 1945 Ky. LEXIS 746 (Ky. 1945).

Fiscal court may, under this section, bear the expense of transporting children attending parochial or private schools. *Rawlings v. Butler*, 290 S.W.2d 801, 1956 Ky. LEXIS 345 (Ky. 1956).

This section contemplates transportation furnished by the fiscal court to "all pupils" equally, but contemplates neither furnishing transportation selectively to some pupils and not others nor direct payment to the general fund of private institutions. *Fiscal Court v. Brady*, 885 S.W.2d 681, 1994 Ky. LEXIS 88 (Ky. 1994).

4. Expenditure from General Fund.

Fiscal court should make general fund unit in county budget large enough to cover amount to be expended under this section, rather than attempt to levy a special tax for the purpose. *Nichols v. Henry*, 301 Ky. 434, 191 S.W.2d 930, 1945 Ky. LEXIS 746 (Ky. 1945).

5. — Use of School Funds.

The school district cannot constitutionally expend any of its funds to transport nonpublic school pupils and expenditures under this section must be by county out of general funds. *Board of Education v. Jefferson County*, 333 S.W.2d 746, 1960 Ky. LEXIS 198 (Ky. 1960).

6. Limitation on Transportation.

Transportation may be furnished only to those who did not live within reasonable walking distance of the school, and where there are no sidewalks at or within a reasonable distance of their homes, but having once boarded the bus they will not be required to leave it until they have been transported to within a reasonable distance of their school. *Nichols v. Henry*, 301 Ky. 434, 191 S.W.2d 930, 1945 Ky. LEXIS 746 (Ky. 1945).

7. Transportation Subsidies.

Taxpayer challenge to expenditures for transportation of nonpublic school students in Acts 1994 (1st Ex. Sess.), ch. 5,

Part XI, E. and administrative regulation setting up procedure for distribution of funds provided by the Act (600 KAR 5:010) was not moot for although payment had already been made for the 1994-95 school year at the time of the appeal of the Circuit Court's dismissal of the action the payments for the 1995-96 school year were still pending and since the legislature has historically approved various expenditures pursuant to KRS 158.115 it is a matter likely to come again before the legislature. *Price v. Commonwealth*, 945 S.W.2d 429, 1996 Ky. App. LEXIS 136 (Ky. Ct. App. 1996).

8. — Constitutionality.

Grants made by fiscal court from county tax revenues by direct payment to certain specified privately-owned schools designated as transportation subsidies violated Ky. Const., § 171, which provides that taxes shall be levied for public purposes only, and subsection (1) of KRS 61.080, which provides that county funds may be appropriated only for lawful purposes. *Fiscal Court v. Brady*, 885 S.W.2d 681, 1994 Ky. LEXIS 88 (Ky. 1994).

Award of 99 percent of fiscal court's transportation subsidy to educational institutions that promote religious teachings and beliefs, while equivalent support for the public school optional program was withheld violated Ky. Const., §§ 5, 189. *Fiscal Court v. Brady*, 885 S.W.2d 681, 1994 Ky. LEXIS 88 (Ky. 1994).

Grants made by fiscal court from county tax revenue by direct payment to certain specified privately-owned schools which were designated as a transportation subsidies violated Ky. Const., § 184 when such payments were made directly to the nonpublic school, for Ky. Const., § 184 provides that money cannot be expended for education other than in common schools without a vote of the public, because public money is being expended for the benefit of the private institution rather than providing specifically for the health and safety of all the children. *Fiscal Court v. Brady*, 885 S.W.2d 681, 1994 Ky. LEXIS 88 (Ky. 1994).

OPINIONS OF ATTORNEY GENERAL.

Under this section the fiscal court may appropriate moneys out of its general fund to pay the transportation expenses of retarded children who are attending nonpublic schools. OAG 61-547.

A fiscal court may appropriate funds to aid a local board of education in the transportation of students attending nonpublic schools. OAG 61-668.

A county can expend money from its properly budgeted general fund to the county board of education for the specific transportation purposes outlined in the statute, provided that such expenditure is actually supplemental to the present school bus transportation system for such affected class of students, and provided the formula for such expenditure is observed. OAG 67-241.

This section is permissive and the fiscal court is not required to supplement school bus transportation in any given year even though it may have done so in prior years. OAG 67-433.

It seems clear that in enacting this section the Legislature intended that when the fiscal court of a county decided to furnish transportation to pupils in parochial schools, the school board in the county which was then furnishing transportation to the public schools would have to enlarge its operation to include the parochial schools and be compensated from the general funds of the county on a pro rata basis. OAG 72-795.

Common school funds may be used for transporting pupils from private or parochial schools to public vocational schools

where the private school students attend vocational schools on a split day basis and where regular school bus transportation is used. OAG 75-300.

Under this section, a fiscal court may fund the cost of transporting students to parochial schools within its district. OAG 76-529.

While this section authorizes a county to supplement the transportation of school children under certain conditions out of its general funds, it does not apply to the rocking and maintenance of a school bus turnaround on private property. OAG 79-200.

A county fiscal court may provide snow removal service to the county schools in exchange for the transporting of nonpublic school students, provided that the value of such service is fairly and accurately determined, provisions are made for the payment to the county school system of any balance due, and appropriate procurement laws are followed where applicable; the best method for handling any legitimate exchange of services as outlined would be for the county school system to pay for the service and for the county fiscal court to pay that amount back to the county school system for the transporting of nonpublic school students. OAG 80-390.

It is not constitutionally permissible for the board of education to provide transportation for parochial school pupils from their homes to the nearest public schools so long as they do not live within a reasonable walking distance to such school, where transportation from public schools to parochial schools would then be provided either by the fiscal court or the local parochial school system. OAG 82-392.

To the extent nonpublic school children are transported on public school buses, irrespective of their point of departure, the local school district must be reimbursed on a per capita basis to avoid constitutional violation. Accordingly, it would not be appropriate for the board of education to provide transportation for parochial pupils from their homes to the nearest public school, so long as they do not live within a reasonable walking distance to such school, and for the board of education to be reimbursed by either the fiscal court and/or the local parochial school system for the additional cost (if any) to the school system, since reimbursement is required to be on a "per capita" basis. OAG 82-392.

A member of the board of education of a particular county would not be personally liable if the school board failed to collect from the fiscal court the amount due under its contract with the fiscal court for the transportation of students to and from parochial schools, when the fiscal court contracted and agreed to pay such transportation expense. Only the school board had a responsibility to collect the money due under the contract with the fiscal court. OAG 82-405.

This section was the authorizing statute for a contract requiring a fiscal court to reimburse a school district on a straight per capita basis for nonpublic school students who ride public school buses and, absent full reimbursement by the fiscal court to the school board, the expenditure of public school moneys for transporting nonpublic school children would create a constitutional violation under Const., § 180 as well as other provisions. Therefore, failure by the school board to enforce the contract with the fiscal court would be tantamount to willful neglect of duty and could lead to removal from office. OAG 82-405.

A proposal by the fiscal court to pay a sum equal to 150 percent of the purported "actual cost" of transporting all the school children in a school district may not be legally tolerated, since it appears that a purported "actual increase cost" figure for the cost of transporting the nonpublic school children may not be constitutionally determined. OAG 83-294.

158.120. Nonresident pupils — Nonresident pupil policy — Tuition.

(1) By July 1, 2022, a board of education shall adopt a nonresident pupil policy to govern the terms under

which the district shall allow enrollment of nonresident pupils. Upon allowing nonresident pupil enrollment, the policy shall allow nonresident children to be eligible to enroll in any public school located within the district. The policy shall not discriminate between nonresident pupils, but may recognize enrollment capacity, as determined by the local school district. The nonresident pupil policy and any subsequent changes adopted by a board of education shall be filed with the Kentucky Department of Education no later than thirty (30) days following their adoption.

(2) Any board of education may charge a reasonable tuition fee per month for each child attending its schools whose parent, guardian, or other legal custodian is not a bona fide resident of the district. Any controversy as to the fee shall be submitted to the Kentucky Board of Education for final settlement. The fee shall be paid by the board of education of the school district in which the pupil resides, except in cases where the board makes provision for the child's education within his or her district. If a board of education is required to pay a pupil's tuition fee, the pupil shall be admitted to a school only upon proper certificate of the board of education of the district in which he or she resides.

(3) When it appears to the board of education of any school district that it is convenient for a pupil of any grade residing in that district to attend an approved public school in another district, the board of education may enter into a tuition contract with the public school authorities of the other school district for that purpose, but before a contract is entered into with public school authorities in another state the school shall have been approved by the state school authorities of that state through the grades in which the pupil belongs. When a district undertakes, under operation of a tuition contract or of law, to provide in its school for pupils residing in another district, the district of their residence shall share the total cost of the school, including transportation when furnished at public expense, in proportion to the number of pupils or in accordance with contract agreement between the two (2) boards.

NOTES TO DECISIONS

Analysis

1. Residence in District.
2. Tuition.
3. — Payment.
4. Discretion of Board.
5. Pleadings.

1. Residence in District.

When an inmate of a children's home is placed in a "boarding home" in another school district, he is entitled to attend school in the latter district without payment of tuition. *Wirth v. Board of Education*, 262 Ky. 291, 90 S.W.2d 62, 1935 Ky. LEXIS 787 (Ky. 1935).

Denial of a school district's claim for nonresident tuition from a family was appropriate because the family members

were bona fide residents of the district as they properly notified the district of their intention to live within the district and paid the tuition for a semester. When their house which they purchased within the district was not completed in time, they then leased an apartment in the district, moved part of their belongings to the apartment, and spent some nights in the apartment so that they could be residents of the district. *Beechwood Bd. of Educ. v. Wintersheimer*, 493 S.W.3d 390, 2016 Ky. App. LEXIS 103 (Ky. Ct. App. 2016).

2. Tuition.

The fact that the receiving board did not secure as high a tuition from nonresidents as it might have does not, in the absence of corruption or bad faith, make its acts illegal. *White v. Board of Education*, 263 Ky. 91, 91 S.W.2d 539, 1936 Ky. LEXIS 123 (Ky. Ct. App. 1936).

3. — Payment.

Where city boundaries extended beyond those of independent school district said school district could enjoin resident of city living beyond the boundaries of the district from sending his children to said school until he paid the tuition charged under this section. *Jenkins Independent School Dist. v. Hunt*, 314 Ky. 760, 237 S.W.2d 65, 1951 Ky. LEXIS 748 (Ky. 1951).

4. Discretion of Board.

The matter of whether to pay tuition for a child's attendance at a school of another district is a matter within the board's discretion, and the refusal of the board of such a request, made merely on the ground of convenience, cannot be classed as arbitrary or unreasonable. *Wheat v. Adair County Board of Education*, 460 S.W.2d 806, 1970 Ky. LEXIS 589 (Ky. 1970) (decision under former KRS 158.130, now repealed).

5. Pleadings.

Where petitioners were closer to a neighboring county school than to a school in their own county, allegations of inconvenience did not state a claim on which relief could be granted against the board of education. *Wheat v. Adair County Board of Education*, 460 S.W.2d 806, 1970 Ky. LEXIS 589 (Ky. 1970) (decision under former KRS 158.130, now repealed).

OPINIONS OF ATTORNEY GENERAL.

A child living with its guardian within the county school district would be "residing" in the district within the meaning of the statutes and would be eligible to attend the county schools without the payment of tuition. OAG 66-550.

A county board of education has legal authority to refuse the admission of nonresident children to its schools, but the board would be prohibited from arbitrarily extending school attendance privileges to some nonresident children while denying the same privilege to others. OAG 66-550.

Without a showing that the circumstances differ, the exemption of certain nonresidents without the exemption of all would be arbitrary and illegal. OAG 67-48.

Where the construction of a lake separates a portion of a school district from the remainder of the district and would require high school students in the separated portion to travel 65 miles to attend the district high school, the school is not reasonably accessible to the students and, under this section, it is the obligation of the board of education of the divided district to pay the tuition of those students at the high school of a more readily accessible district. OAG 67-276.

Where children residing on federal property attend schools operated and financed by the federal government, if the property in the federally-owned areas were subject to local ad valorem taxation by the school districts, and if the responsibility for educating children residing in these areas was transferred to the local school districts, then those resident children could properly and lawfully be included in the com-

putation of state minimum foundation program fund allocations. OAG 68-50.

A school district which grants nonresident pupils the privilege of attending its school for which tuition is charged, is not compelled to furnish transportation to such nonresident students. OAG 69-140.

The duty of the school district to provide transportation under KRS 158.110 extends only to children of elementary grades who reside within its district. OAG 69-140.

Under this section and KRS 158.130 (now repealed), the school district in which a parent resides is not required to pay tuition for the children of such parent to attend school in another district where the school district of the parent's residence has provided educational facilities and the children would be sent to another school district merely because of the personal preference of the parent. OAG 72-271.

A school district is required to admit for enrollment, tuition free, a child living with the child's custodian declared by court order or other legal process who resides in the school district, irrespective of whether the court order is one for temporary custody or one for permanent custody. OAG 78-64.

If a child who is not residing with his legal custodian is not residing in a particular school district primarily for school purposes, tuition generally would not be chargeable but the matter of free tuition must be decided by the school board on a case by case basis. OAG 78-64.

A child is entitled to go to school, tuition free, in the school district in which the guardian is a resident. OAG 78-64.

A child who has reached his eighteenth birthday is entitled to attend school without payment of tuition in the school district in which he actually resides. OAG 78-64.

It is truly in the discretion of the local board of education to establish a reasonable tuition fee for nonresident students; however, the better practice would be for a local board to attempt to establish a tuition fee sufficient to defray any reasonably calculated per capita costs not funded through the state foundation program funds for educating a nonresident child. OAG 78-265.

Although a county school district and an independent school district can establish a policy concerning the times when a student could transfer from one school district to another, they could not prevent a student from returning to attend the schools in the district in which he resides. OAG 80-47.

This section (4399-52) was repealed by Acts 1990, ch. 476, Pt. VI, § 616, effective July 13, 1990.

158.135. Reimbursement for school services for state agency children in state institution or day treatment center or in custody of Department of Juvenile Justice.

(1) As used in this section, unless the context otherwise requires:

(a) "State agency children" means:

1.a. Those children of school age committed to or in custody of the Cabinet for Health and Family Services and placed, or financed by the cabinet, in a Cabinet for Health and Family Services

operated or contracted institution, treatment center, facility, including those for therapeutic foster care and excluding those for nontherapeutic foster care; or

b. Those children placed or financed by the Cabinet for Health and Family Services in a private facility pursuant to child care agreements including those for therapeutic foster care and excluding those for nontherapeutic foster care;

2. Those children of school age in home and community-based services provided as an alternative to intermediate care facility services for the intellectually disabled;

3. Those children committed to or in custody of the Department of Juvenile Justice and placed in a department operated or contracted facility or program; and

4. Those children referred by a family accountability, intervention, and response team as described in KRS 605.035 and admitted to a Department of Juvenile Justice operated or contracted day treatment program;

(b) "Current costs and expenses" means all expenditures, other than for capital outlay and debt service, which are in excess of the amount generated by state agency children under the Support Education Excellence in Kentucky funding formula pursuant to KRS 157.360. These expenditures are necessary to provide a two hundred thirty (230) day school year, smaller teacher pupil ratio, related services if identified on an individual educational plan, and more intensive educational programming; and

(c) "Therapeutic foster care" means a remedial care program for troubled children and youth that is in the least restrictive environment where the foster parent is trained to implement planned, remedial supervision and care leading to positive changes in the child's behavior. Children served in this placement have serious emotional problems and meet one (1) or more of the following criteria:

1. Imminent release from a treatment facility;
2. Aggressive or destructive behavior;
3. At risk of being placed in more restrictive settings, including institutionalization; or
4. Numerous placement failures.

(2)(a) Unless otherwise provided by the General Assembly in a budget bill, any county or independent school district that provides elementary or secondary school services to state agency children shall be reimbursed through a contract with the Kentucky Educational Collaborative for State Agency Children. The school services furnished to state agency children shall be equal to those furnished to other school children of the district.

(b) The Department of Education shall, to the extent possible within existing appropriations, set aside an amount of the state agency children funds designated by the General Assembly in the biennial budget to reimburse a school district for its expenditures exceeding twenty percent (20%) of the total amount received from state and federal sources to serve a state agency child.

(3) The General Assembly shall, if possible, increase funding for the education programs for state agency

children by a percentage increase equal to that provided in the biennial budget for the base funding level for each pupil in the program to support education excellence in Kentucky under KRS 157.360 and, if applicable, by an amount necessary to address increases in the number of state agency children being served.

(4) The Kentucky Educational Collaborative for State Agency Children shall make to the chief state school officer the reports required concerning school services for state agency children, and shall file with the Cabinet for Health and Family Services unit operating or regulating the institution or day treatment center, or contracting for services, in which the children are located a copy of the annual report made to the chief state school officer.

(5) The Department of Juvenile Justice shall contract with a public university or nonprofit education entity utilizing all funds generated by the children in state agency programs, except Oakwood and Hazelwood funds, and the funds in the Kentucky Department of Education budget, pursuant to this section, as well as any other educational funds for which all Kentucky children are entitled. The total of these funds shall be utilized to provide educational services through the Kentucky Educational Collaborative for State Agency Children established in KRS 605.110.

(6) Notwithstanding the provisions of any other statute, the Kentucky Educational Collaborative for State Agency Children shall operate a two hundred thirty (230) day school program.

158.137. Educational passports for state agency children.

(1) As used in this section:

(a) "State agency child" or "state agency children" means "state agency children" defined in KRS 158.135;

(b) "School or educational facility" means any public school, private school, day treatment center, or any other public or private entity that provides educational services to state agency children; and

(c) "Educational passport" means a standard form completed by a school or educational facility which a state agency child is leaving which provides a receive-

ing school or facility with basic demographic and academic information about the state agency child.

(2) When the placement of a state agency child is changed and the state agency child must transfer from one school or educational facility to a different school or educational facility, the school or educational facility that the state agency child is leaving shall, within two (2) days of the state agency child leaving, prepare an educational passport for the child, which shall be delivered to the Cabinet for Health and Family Services or the Department of Juvenile Justice. The Cabinet for Health and Family Services or the Department of Juvenile Justice shall, within two (2) days of enrolling a state agency child in a new school or educational facility, present the educational passport to the receiving school or educational facility.

(3) A standard educational passport form shall be developed by the Kentucky Department of Education in consultation with the Cabinet for Health and Family Services and the Department of Juvenile Justice. The Kentucky Department of Education shall make the form available to all schools or educational facilities serving state agency children.

158.140. Admission to high school — Promotion — Classification — High school diploma — Alternative high school diploma — Academy diploma — Posthumous diploma — Diploma for certain honorably discharged veterans — Vocational certificate of completion.

(1) When a pupil in any public elementary school or any approved private or parochial school completes the prescribed elementary program of studies, he or she is entitled to a certificate of completion signed by the teacher or teachers under whom the program was completed. The certificate shall entitle the pupil to admission into any public high school. Any promotions or credits earned in attendance in any approved public school are valid in any other public school to which a pupil may go, but the superintendent or principal of a school, as the case may be, may assign the pupil to the class or grade to which the pupil is best suited. In case a pupil transfers from the school of one (1) district to the school of another district, an assignment to a lower grade or course shall not be made until the pupil has demonstrated that he or she is not suited for the work in the grade or course to which he or she has been promoted.

(2) Upon successful completion of all state and local board requirements, the student shall receive:

(a) A diploma indicating graduation from high school; or

(b) An alternative high school diploma if the student has a disability and has completed a modified

curriculum and an individualized course of study pursuant to requirements established by the Kentucky Board of Education in accordance with KRS 156.160.

(3)(a) The Gatton Academy of Mathematics and Science in Kentucky, located at Western Kentucky University, and the Craft Academy for Excellence in Science and Mathematics, located at Morehead State University, may award a diploma to any student who completes his or her high school program at the respective academy. If the academy issues a diploma, the board of regents of the host university shall provide to the commissioner of education a letter of assurance that the program of study completed by its students, in combination with previously earned secondary credits, meets the minimum high school graduation requirements established by the Kentucky Board of Education under KRS 156.160(1)(d).

(b) A local school district may award a joint diploma with the Gatton Academy of Mathematics and Science in Kentucky or the Craft Academy for Excellence in Science and Mathematics to any student who was enrolled in a district high school and completed his or her high school program at the respective academy.

(c) The respective academy and the home school district shall ensure that student transcripts from each institution accurately reflect the dual credit coursework.

(4) A local school board may award a diploma indicating graduation from high school to any student posthumously with the high school class the student was expected to graduate.

(5)(a) A local board of education shall award an authentic high school diploma to an honorably discharged veteran who did not complete high school prior to being inducted into the United States Armed Forces during:

1. World War II, as defined in KRS 40.010;

2. The Korean conflict, as defined in KRS 40.010; or

3. The Vietnam War. As used in this paragraph, "Vietnam War" means the period beginning August 5, 1964, and ending May 7, 1975. However, for a member of the United States Armed Forces serving in Vietnam prior to August 5, 1964, the period shall begin February 28, 1961.

(b) Upon recommendation of the commissioner, the Kentucky Board of Education in consultation with the Kentucky Department of Veterans' Affairs shall promulgate administrative regulations to establish the guidelines for awarding the authentic diplomas referred to in paragraph (a) of this subsection.

(6) Any high school graduation requirements adopted by a local board shall not include achieving a minimum score on a statewide assessment administered under KRS 158.6453.

(7) The Department of Education shall establish the requirements for a vocational certificate of completion. A student who has returned to school after dropping out shall receive counseling concerning the vocational program. A student who has completed the requirements established for a vocational program shall re-

ceive a vocational certificate of completion specifying the areas of competence.

OPINIONS OF ATTORNEY GENERAL.

Retention and promotion of pupils is entirely a matter of local board of education policy and not a matter for control by parents. Parents do not have a right to demand that a child be retained at a particular grade level for any reason, and especially not for athletic purposes. OAG 82-473.

Where a child attends no kindergarten program, either public or nonpublic, before July 1, 1986, but upon attaining six (6) years of age he enrolls in a nonpublic school first grade, and such child subsequently is presented for enrollment in a public common school for the second or a subsequent grade, the child would be entitled to so enroll subject to the usual application of the provisions of this section. OAG 85-55.

158.141. Passing grade on civics test required for high school graduation.

(1) Beginning on July 1, 2018, to graduate from a Kentucky public high school with a regular diploma, a student shall pass a civics test composed of one hundred (100) questions drawn from those that are set forth within the civics test administered by the United States Citizenship and Immigration Services to persons seeking to become naturalized citizens.

(2) A local board of education shall prepare or approve a test composed of the questions described in subsection (1) of this section and shall disseminate the test to all public high schools of the district. The test shall be administered by the public high schools in each district.

(3) A public high school shall provide each student with the opportunity to take the test as many times as necessary for the student to pass the test. A student

shall not receive a regular high school diploma until the student passes the test.

(4) A student passes the test if at least sixty percent (60%) of the questions are answered correctly.

(5) A student who has passed a similar test within the previous five (5) years shall not be required to take the test under this section.

(6) Provisions of this section shall be subject to the requirements and accommodations of a student's individualized education program as defined in KRS 158.281 or a Section 504 Plan as defined in KRS 156.027.

158.1411. Successful completion of course or program on financial literacy required for high school graduation — Establishment of academic standards, curricula, and guidelines for financial literacy.

(1) Beginning with the entering ninth grade class of the 2020-2021 school year and each year thereafter, successful completion of one (1) or more courses or programs that meet the financial literacy standards shall be a Kentucky public high school graduation requirement. The graduation requirement shall also apply to a student pursuing an early graduation program, as established in KRS 158.142.

(2) In accordance with KRS 156.160, the Kentucky Board of Education shall promulgate administrative regulations establishing academic standards and a graduation requirement for financial literacy.

(3) The local school-based decision making council, or principal if no council exists, of each high school shall determine curricula for course offerings, programs, or a combination of course offerings and programs that are aligned with the financial literacy academic standards promulgated by the Kentucky Board of Education.

(4) The Department of Education shall develop financial literacy guidelines that provide direction to local schools in developing and implementing the financial literacy standards.

158.1413. Essential workplace ethics instruction program — Required characteristics — Required biennial collaboration — Symbol of attainment of essential workplace ethics indicators — Biennial reporting on program.

(1) Beginning with the 2019-2020 school year, each school district shall implement essential workplace ethics programs that promote characteristics that are critical to success in the workplace. Each student in elementary, middle, and high school shall receive essential workplace ethics instruction that shall include but not be limited to:

(a) Adaptability, including an openness to learning and problem solving, an ability to embrace new ways of doing things, and a capability for critical thinking;

(b) Diligence, including seeing a task through to completion;

(c) Initiative, including taking appropriate action when needed without waiting for direct instruction;

(d) Knowledge, including exhibiting an understanding of work-related information, the ability to apply that understanding to a job, and effectively explain the concepts to colleagues in reading, writing, mathematics, science, and technology as required by the job;

(e) Reliability, including showing up on time, wearing appropriate attire, self-control, motivation, and ethical behavior;

(f) Remaining drug-free; and

(g) Working well with others, including effective communication skills, respect for different points of view and diversity of coworkers, the ability to cooperate and collaborate, enthusiasm, and the ability to provide appropriate leadership to or support for colleagues.

(2)(a) A school district shall use the essential workplace ethics characteristics listed in subsection (1) of this section when creating a program or when choosing an existing program.

(b) Each school district's local workforce investment board, in conjunction with local economic development organizations from its state regional sector, and other economic, workforce, or industry organizations the workforce investment board deems necessary, shall recommend to the school district best practices which may be used by schools to implement an essential workplace ethics program.

(3) By January 1, 2019, and every two (2) years thereafter, each local school board shall collaborate with the local workforce investment board, in conjunction with local economic development organizations from its state regional sector, and other economic, workforce, or industry organizations the workforce investment board deems necessary, to establish essential workplace ethics indicators for middle and high school students that are aligned with the essential workplace ethics characteristics listed in subsection (1) of this section.

(4) Each local school board shall design and adopt a diploma seal, certificate, card, or other identifiable symbol to award students deemed as having minimally demonstrated attainment of the local board's essential workplace ethics indicators.

(5) By September 1, 2019, and every two (2) years thereafter, the superintendent of each school district shall provide to the commissioner of education and the Kentucky Workforce Innovation Board a report, in a format specified by the commissioner, describing the school district's essential workplace ethics programs and how they are being implemented at each school. A summary report compiled by the commissioner that includes information from all local school district reports shall be provided to the Kentucky Board of Education, the Interim Joint Committee on Education, the Kentucky Workforce Innovation Board and each Kentucky superintendent and principal in order to foster program improvement and the sharing of best practices.

If a school council or, if none exists, the principal adopts a curriculum for human sexuality or sexually transmitted diseases, instruction shall include but not be limited to the following content:

(1) Abstinence from sexual activity is the desirable goal for all school-age children;

(2) Abstinence from sexual activity is the only certain way to avoid unintended pregnancy, sexually transmitted diseases, and other associated health problems; and

(3) The best way to avoid sexually transmitted diseases and other associated health problems is to establish a permanent mutually faithful monogamous relationship.

158.142. Early high school graduation program — Requirements — Early Graduation Scholarship Certificate — Award from early graduation scholarship trust fund.

(1) Beginning with the 2014-2015 school year, a public school student may complete an early high school graduation program and qualify for an Early Graduation Scholarship Certificate for use at a Kentucky public two (2) year community and technical college or a Kentucky four (4) year public or nonprofit, independent institution that is accredited by the Southern Association of Colleges and Schools, if conditions specified in this section are met.

(2) Each student desiring to complete an early graduation program shall indicate to the secondary school principal his or her intent prior to the beginning of grade nine (9) or as soon thereafter as the intent is known. The intent shall be indicated on a form provided by the Kentucky Department of Education and signed by the parent.

(3) For early graduation in accordance with this section, a student shall successfully complete the requirements for early high school graduation as established in administrative regulation by the Kentucky Board of Education.

(4) The Kentucky Board of Education or a local board of education shall not impose graduation requirements that would prohibit a student who is pursuing an early graduation program as described in this section from finishing high school in less than four (4) years.

(5) Students pursuing early graduation may take two (2) high school English courses in an academic year.

(6) Students pursuing early graduation may complete selected courses at the middle school level. Each school district is encouraged to provide access to all middle school students to English I and Algebra I courses for high school credit. Access may be provided by each middle school offering the course on-site or by the district providing transportation for students to a central location within the district, to a neighboring

school within the district, or to a neighboring school district. The district may also provide access for the student to take these courses online based on the local board of education policy.

(7)(a) In addition to the regular high school diploma, a student who completes a program of study that meets the requirements of subsection (3) of this section shall receive an Early Graduation Scholarship Certificate signed by the high school principal and district superintendent.

(b) A student who earns an Early Graduation Scholarship Certificate shall be eligible for a scholarship award to be used at an institution described in subsection (1) of this section. The award amount shall be equal to one-half (1/2) of the state portion of the average statewide per pupil guaranteed base funding level as described in KRS 157.360 for the year in which the student graduates.

(c) The student shall be eligible for the scholarship award only for the next academic year following early graduation.

(d) Each public high school shall report all Early Graduation Scholarship Certificate recipients by July 1 for the previous academic year to the Kentucky Higher Education Assistance Authority.

(e) Each postsecondary institution described in subsection (1) of this section shall notify the Kentucky Higher Education Assistance Authority of students with an Early Graduation Scholarship Certificate who enroll in the institution. The authority shall disburse the award amount described in paragraph (b) of this subsection from the early graduation trust fund established by KRS 164.7892.

(1) Notwithstanding any other statute to the contrary, a state agency child, as defined in KRS 158.135(1), who is at least seventeen (17) years of age shall be eligible to seek attainment of a High School Equivalency Diploma.

(2) Notwithstanding any other statute to the contrary, a student enrolled in a district-operated alternative education program shall be eligible to seek attainment of a High School Equivalency Diploma if the student:

- (a) Is at least seventeen (17) years of age;
- (b) Is not on track to graduate, as defined by the local board of education policy; and
- (c) Has previously attained a passing score on an official readiness test for a High School Equivalency Diploma program authorized by the Office of Adult Education pursuant to KRS 151B.403.

(3) Notwithstanding KRS 159.010 or any school district policy adopted pursuant to KRS 159.010, a student who has attained a High School Equivalency Diploma in accordance with subsection (1) or (2) of this section shall be exempt from compulsory attendance.

(4) A local board of education shall adopt a policy to define when a student enrolled in a district-operated alternative education program is not on track to graduate. The Kentucky Board of Education may publish a recommended model policy for local boards of education but shall not impose any restrictions or requirements upon the content of the local board policy.

158.144. Adult caregiver with whom minor student resides may, by affidavit, establish authority to make school-related decisions for minor student — Conditions — Caretaker's decision may be superseded — Obligations and liability of person relying on affidavit of authority — Revocation of affidavit — Statute subordinate to federal law — Penalty.

(1) As used in this section, "caregiver" has the same meaning as provided in KRS 405.024(1).

(2)(a) A caregiver may be authorized to make school-related decisions for a minor residing in the caregiver's home, including but not limited to decisions concerning enrollment, attendance, extracurricular activities, discipline, special education and related services, and other school-related activities, if the caregiver presents to the school a duly executed affidavit as described in KRS 405.024(2).

(b) A school shall honor a caregiver's authority to make school-related decisions for a minor residing in the caregiver's home if the caregiver presents the school with a duly executed affidavit as described in KRS 405.024(2). The affidavit shall be valid in the school district in which the caregiver resides, but a school official charged with the responsibility of enrolling a minor shall not honor the affidavit if the official has reasonable grounds to believe that the affidavit is presented solely for the purpose of enrolling the minor in a school for the purpose of:

- 1. Access to athletics programs; or
- 2. Circumventing the school assignment, attendance, or boundaries policies of the school district to gain access to curricula, services, or programs unique to a particular school and not offered at other schools the minor would be eligible to attend.

(3) A school-related decision made by a caregiver under the affidavit described in KRS 405.024(2) shall be superseded by a decision of a parent, de facto custodian as defined in KRS 403.270, guardian, or legal custodian of the minor. A school official shall refuse to honor a caregiver's decision if he or she has actual knowledge that a parent, de facto custodian as defined in KRS 403.270, guardian, or legal custodian has made a school-related decision superseding the decision of a caregiver.

(4) A person who relies in good faith on a duly executed affidavit as described in KRS 405.024(2) shall be under no obligation to undertake further investigation into the circumstances forming the basis of the caregiver's authority to make school-related decisions for the minor to whom the affidavit applies.

(5) A person who relies in good faith on a duly executed affidavit as described in KRS 405.024(2) in honoring a school-related decision of a caregiver shall not be subject to criminal or civil liability because of that reliance.

(6) An affidavit described in KRS 405.024(2) be revoked by the minor's parent, de facto custodian, guardian, legal custodian, or caregiver, and shall be revoked if the minor to whom it applies ceases to reside with the caregiver. If an affidavit is revoked, the caregiver shall give written notice of revocation to any school to which the affidavit was presented for the purposes of enrolling the minor and establishing the caregiver's authority to make school-related decisions for the minor.

(7) The provisions of this section shall not supersede the provisions of:

(a) The Individuals with Disabilities Education Act, 20 U.S.C. secs. 1400 et seq., and its accompanying regulations at 34 C.F.R. pts. 300 et seq.;

(b) Section 504 of the Rehabilitation Act of 1973, as amended, 29 U.S.C. secs. 705(20) and 794 to 794b, and its accompanying regulations at 34 C.F.R. pts. 104 et seq.; and

(c) The Family Educational and Privacy Rights Act, 20 U.S.C. sec. 1232g, and its accompanying regulations at 34 C.F.R. pts. 99 et seq.

(8) A person who knowingly makes a false statement in an affidavit described in KRS 405.024(2) shall be guilty of a Class A misdemeanor as required under KRS 405.024(11).

158.145. Legislative findings and declarations on school dropout rate.

(1) The General Assembly hereby finds that:

(a) Little progress has been made in reducing the state's student dropout rate;

(b) The number of school dropouts in Kentucky is unacceptable;

(c) The factors, such as lack of academic success, poor school attendance, lack of parental support and encouragement, low socioeconomic status, poor health, child abuse, drug and alcohol addictions, alienation from school and community, and other factors that are associated with an increased probability of students dropping out of school, occur long before the end of compulsory school age;

(d) Students who drop out of school before graduation are less likely to have the basic capacities as defined in KRS 158.645 and the skills as defined in KRS 158.6451;

(e) The number of school dropouts seriously interferes with Kentucky's ability to develop and maintain a well-educated and highly trained workforce;

(f) The effects of students dropping out of school can be felt throughout all levels of society and generations in increased unemployment and underemployment, reduced personal and family incomes, increased crime, decreased educational, social, emotional, and physical well-being, and in increased needs for government services; and

(g) The positive reduction in school dropouts can only be achieved by comprehensive intervention and prevention strategies.

(2) The General Assembly declares on behalf of the people of the Commonwealth the following goals to be achieved by the year 2006:

(a) The statewide annual average school dropout rate will be cut by fifty percent (50%) of what it was in the year 2000. All students who drop out of a school during a school year and all students who have not graduated, fail to enroll in the school for the following school year, and do not transfer to another school, shall be included in the statewide annual average school dropout rate;

(b) No school will have an annual dropout rate that exceeds five percent (5%); and

(c) Each county will have thirty percent (30%) fewer adults between the ages of sixteen (16) and twenty-four (24) without a high school diploma or a High School Equivalency Diploma than the county had in the year 2000.

158.146. Establishment of strategy to address school dropout problem — Department to provide technical assistance, award grants, and disseminate information to school districts and school level personnel.

(1) No later than December 30, 2000, the Kentucky Department of Education shall establish and implement a comprehensive statewide strategy to provide assistance to local districts and schools to address the student dropout problem in Kentucky public schools. In the development of the statewide strategy, the department shall engage private and public representatives who have an interest in the discussion. The statewide strategy shall build upon the existing programs and initiatives that have proven successful. The department shall also take into consideration the following:

(a) Analyses of annual district and school dropout data as submitted under KRS 158.148 and 158.6453;

(b) State and federal resources and programs, including, but not limited to, extended school services; early learning centers; family resource and youth service centers; alternative education services; pre-school; service learning; drug and alcohol prevention programs; School-to-Careers; High Schools that Work; school safety grants; and other relevant programs and services that could be used in a multidimensional strategy;

(c) Comprehensive student programs and services that include, but are not limited to, identification, counseling, mentoring, and other educational strategies for elementary, middle, and high school students who are demonstrating little or no success in school,

who have poor school attendance, or who possess other risk factors that contribute to the likelihood of their dropping out of school; and

(d) Evaluation procedures to measure progress within school districts, schools, and statewide.

(2) No state or federal funds for adult education and literacy, including but not limited to funds appropriated under KRS 151B.409 or 20 U.S.C. secs. 9201 et seq., shall be used to pay for a high school student enrolled in an alternative program operated or contracted by a school district leading to a certificate of completion or a High School Equivalency Diploma.

(3) The department, with assistance from appropriate agencies, shall provide technical assistance to districts requesting assistance with dropout prevention strategies and the development of district and schoolwide plans.

(4) The department shall award grants to local school districts for dropout prevention programs based upon available appropriations from the General Assembly and in compliance with administrative regulations promulgated by the Kentucky Board of Education for this purpose. Seventy-five percent (75%) of the available dropout funds shall be directed to services for at-risk elementary and middle school students, including, but not limited to, identification, counseling, home visitations, parental training, and other strategies to improve school attendance, school achievement, and to minimize at-risk factors. Twenty-five percent (25%) of the funds shall be directed to services for high school students identified as likely to drop out of school, including, but not limited to, counseling, tutoring, extra instructional support, alternative programming, and other appropriate strategies. Priority for grants shall be awarded to districts that average, over a three (3) year period, an annual dropout rate exceeding five percent (5%).

(5) The department shall disseminate information on best practices in dropout prevention in order to advance the knowledge for district and school level personnel to address the dropout problem effectively.

158.148. Definition of “bullying” — discipline guidelines and model policy — Local code of acceptable behavior and discipline — Required contents of code.

(1)(a) As used in this section, “bullying” means any unwanted verbal, physical, or social behavior among students that involves a real or perceived power imbalance and is repeated or has the potential to be repeated:

1. That occurs on school premises, on school-sponsored transportation, or at a school-sponsored event; or
2. That disrupts the education process.

(b) This definition shall not be interpreted to prohibit civil exchange of opinions or debate or cultural practices protected under the state or federal Constitution where the opinion expressed does not other-

wise materially or substantially disrupt the education process.

(2) In cooperation with the Kentucky Education Association, the Kentucky School Boards Association, the Kentucky Association of School Administrators, the Kentucky Association of Professional Educators, the Kentucky Association of School Superintendents, the Parent-Teachers Association, the Kentucky Chamber of Commerce, the Farm Bureau, members of the Interim Joint Committee on Education, and other interested groups, and in collaboration with the Center for School Safety, the Department of Education shall develop or update as needed and distribute to all districts by August 31 of each even-numbered year, beginning August 31, 2008:

(a) Statewide student discipline guidelines to ensure safe schools, including the definition of serious incident for the reporting purposes as identified in KRS 158.444;

(b) Recommendations designed to improve the learning environment and school climate, parental and community involvement in the schools, and student achievement; and

(c) A model policy to implement the provisions of this section and KRS 158.156, 158.444, 525.070, and 525.080.

(3) The department shall obtain statewide data on major discipline problems and reasons why students drop out of school. In addition, the department, in collaboration with the Center for School Safety, shall identify successful strategies currently being used in programs in Kentucky and in other states and shall incorporate those strategies into the statewide guidelines and the recommendations under subsection (2) of this section.

(4) Copies of the discipline guidelines shall be distributed to all school districts. The statewide guidelines shall contain broad principles and legal requirements to guide local districts in developing their own discipline code and school councils in the selection of discipline and classroom management techniques under KRS 158.154; and in the development of the district-wide safety plan.

(5)(a) Each local board of education shall be responsible for formulating a code of acceptable behavior and discipline to apply to the students in each school operated by the board. The code shall be updated no less frequently than every two (2) years, with the first update being completed by November 30, 2008.

(b) The superintendent, or designee, shall be responsible for overall implementation and supervision, and each school principal shall be responsible for administration and implementation within each school. Each school council shall select and implement the appropriate discipline and classroom management techniques necessary to carry out the code. The board shall establish a process for a two-way communication system for teachers and other employees to notify a principal, supervisor, or other administrator of an existing emergency.

(c) The code shall prohibit bullying.

(d) The code shall contain the type of behavior expected from each student, the consequences of failure to obey the standards, and the importance of

the standards to the maintenance of a safe learning environment where orderly learning is possible and encouraged.

(e) The code shall contain:

1. Procedures for identifying, documenting, and reporting incidents of bullying, incidents of violations of the code, and incidents for which reporting is required under KRS 158.156;

2. Procedures for investigating and responding to a complaint or a report of bullying or a violation of the code, or of an incident for which reporting is required under KRS 158.156, including reporting incidents to the parents, legal guardians, or other persons exercising custodial control or supervision of the students involved;

3. A strategy or method of protecting from retaliation a complainant or person reporting an incident of bullying, a violation of the code, or an incident for which reporting is required under KRS 158.156;

4. A process for informing students, parents, legal guardians, or other persons exercising custodial control or supervision, and school employees of the requirements of the code and the provisions of this section and KRS 158.156, 158.444, 525.070, and 525.080, including training for school employees; and

5. Information regarding the consequences of bullying and violating the code and violations reportable under KRS 158.154, 158.156, or 158.444.

(f) The principal of each school shall apply the code of behavior and discipline uniformly and fairly to each student at the school without partiality or discrimination.

(g) A copy of the code of behavior and discipline adopted by the board of education shall be posted at each school. Guidance counselors shall be provided copies for discussion with students. The code shall be referenced in all school handbooks. All school employees and parents, legal guardians, or other persons exercising custodial control or supervision shall be provided copies of the code.

NOTES TO DECISIONS

1. No Evidence of Bullying.

In a suit by the estate of the decedent, a 13-year-old eighth-grader who allegedly committed suicide based on being bullied at school, against various teachers and administrators,

even though the teachers were not immune from suit, the trial court did not err by granting summary judgment as the estate presented no credible evidence that the decedent was bullied because, the estate never placed in the record the affidavits from the decedent's classmates describing the torment the decedent endured and that the principal was notified of the cruel conduct and teachers turned a blind eye to it; and, without some factual support for the bullying allegations, there was no evidence of the teachers' negligence under the anti-bullying policies. *Patton v. Bickford*, 2016 Ky. LEXIS 95 (Ky. Mar. 17, 2016), sub. op., 529 S.W.3d 717, 2016 Ky. LEXIS 681 (Ky. 2016), modified, 2017 Ky. LEXIS 302 (Ky. Aug. 24, 2017).

NOTES TO UNPUBLISHED DECISIONS

1. Maintenance of Safe Learning Environment.

Circuit court erred in ruling that two former high school principals were not entitled to qualified official immunity for injuries sustained by a student because the principals were performing their general supervisory duties by making hallway assignments and walking the school's hallways as part of their job requirements and the principals were necessarily required to use their discretion to fill an absent teacher's station where the Student Supervision Schedule did not include a clear directive for the particular situation. *Beward v. Whitaker*, 2016 Ky. App. Unpub. LEXIS 754 (Ky. Ct. App. May 6, 2016), review denied, ordered not published, 2016 Ky. LEXIS 481 (Ky. Sept. 15, 2016).

Kirby, School-Based Decision Making, Vol. 57, No. 1, Winter 1993, Ky. Bench & Bar 15.

158.150. Suspension or expulsion of pupils.

(1) All pupils admitted to the common schools shall comply with the lawful regulations for the government of the schools:

(a) Willful disobedience or defiance of the authority of the teachers or administrators, use of profanity or vulgarity, assault or battery or abuse of other students, the threat of force or violence, the use or possession of alcohol or drugs, stealing or destruction or defacing of school property or personal property of students, the carrying or use of weapons or dangerous instruments, or other incorrigible bad conduct on school property, as well as off school property at school-sponsored activities, constitutes cause for suspension or expulsion from school; and

(b) Assault or battery or abuse of school personnel; stealing or willfully or wantonly defacing, destroying, or damaging the personal property of school personnel on school property, off school property, or at school-sponsored activities constitutes cause for suspension or expulsion from school.

(2)(a) Each local board of education shall adopt a policy requiring the expulsion from school for a period of not less than one (1) year for a student who is determined by the board to have brought a weapon to a school under its jurisdiction. In determining whether a student has brought a weapon to school, a local board of education shall use the definition of

“unlawful possession of a weapon on school property” stated in KRS 527.070.

(b) The board shall also adopt a policy requiring disciplinary actions, up to and including expulsion from school, for a student who is determined by the board to have possessed prescription drugs or controlled substances for the purpose of sale or distribution at a school under the board’s jurisdiction, or to have physically assaulted or battered or abused educational personnel or other students at a school or school function under the board’s jurisdiction. The board may modify the expulsion requirement for students on a case-by-case basis. A board that has expelled a student from the student’s regular school setting shall provide or assure that educational services are provided to the student in an appropriate alternative program or setting, unless the board has made a determination, on the record, supported by clear and convincing evidence, that the expelled student posed a threat to the safety of other students or school staff and could not be placed into a state-funded agency program. Behavior which constitutes a threat shall include but not be limited to the physical assault, battery, or abuse of others; the threat of physical force; being under the influence of drugs or alcohol; the use, possession, sale, or transfer of drugs or alcohol; the carrying, possessing, or transfer of weapons or dangerous instruments; and any other behavior which may endanger the safety of others. Other intervention services as indicated for each student may be provided by the board or by agreement with the appropriate state or community agency. A state agency that provides the service shall be responsible for the cost.

(3) For purposes of this subsection, “charges” means substantiated behavior that falls within the grounds for suspension or expulsion enumerated in subsection (1) of this section, including behavior committed by a student while enrolled in a private or public school, or in a school within another state. A school board may adopt a policy providing that, if a student is suspended or expelled for any reason or faces charges that may lead to suspension or expulsion but withdraws prior to a hearing from any public or private school in this or any other state, the receiving district may review the details of the charges, suspension, or expulsion and determine if the student will be admitted, and if so, what conditions may be imposed upon the admission.

(4) School administrators, teachers, or other school personnel may immediately remove or cause to be removed threatening or violent students from a classroom setting or from the district transportation system pending any further disciplinary action that may occur. Each board of education shall adopt a policy to assure the implementation of this section and to assure the safety of the students and staff.

(5) A pupil shall not be suspended from the common schools until after at least the following due process procedures have been provided:

(a) The pupil has been given oral or written notice of the charge or charges against him which constitute cause for suspension;

(b) The pupil has been given an explanation of the evidence of the charge or charges if the pupil denies them; and

(c) The pupil has been given an opportunity to present his own version of the facts relating to the charge or charges.

These due process procedures shall precede any suspension from the common schools unless immediate suspension is essential to protect persons or property or to avoid disruption of the ongoing academic process. In such cases, the due process procedures outlined above shall follow the suspension as soon as practicable, but no later than three (3) school days after the suspension.

(6) The superintendent, principal, assistant principal, or head teacher of any school may suspend a pupil but shall report the action in writing immediately to the superintendent and to the parent, guardian, or other person having legal custody or control of the pupil. The board of education of any school district may expel any pupil for misconduct as defined in subsection (1) of this section, but the action shall not be taken until the parent, guardian, or other person having legal custody or control of the pupil has had an opportunity to have a hearing before the board. The decision of the board shall be final.

(7)(a) Suspension of exceptional children, as defined in KRS 157.200, shall be considered a change of educational placement if:

1. The child is removed for more than ten (10) consecutive days during a school year; or

2. The child is subjected to a series of removals that constitute a pattern because the removals accumulate to more than ten (10) school days during a school year and because of other factors, such as the length of each removal, the total amount of time the child is removed, and the proximity of removals to one another.

(b) The admissions and release committee shall meet to review the placement and make a recommendation for continued placement or a change in placement and determine whether regular suspension or expulsion procedures apply. Additional evaluations shall be completed, if necessary.

(c) If the admissions and release committee determines that an exceptional child’s behavior is related to his disability, the child shall not be suspended any further or expelled unless the current placement could result in injury to the child, other children, or the educational personnel, in which case an appropriate alternative placement shall be provided that will provide for the child’s educational needs and will provide a safe learning and teaching environment for all. If the admissions and release committee determines that the behavior is not related to the disability, the local educational agency may pursue its regular suspension or expulsion procedure for the child, if the behavior so warrants. However, educational services shall not be terminated during a period of expulsion and during a suspension after a student is suspended for more than a total of ten (10) days during a school year. A district may seek temporary injunctive relief through the courts if the parent and the other members of the admissions and release committee cannot agree upon a placement and the current placement will likely result in injury to the student or others.

(8) Suspension of primary school students shall be considered only in exceptional cases where there are safety issues for the child or others.

(9) Any action under this section related to students with disabilities shall be in compliance with applicable federal law.

1. Regulations.

A pupil could be expelled for violation of rules of a school, and courts would not interfere with such an action unless it was arbitrary or malicious. *Board of Education v. Booth*, 110 Ky. 807, 62 S.W. 872, 23 Ky. L. Rptr. 288, 1901 Ky. LEXIS 140 (Ky. 1901) (decided under prior law).

The superintendent of a school may make reasonable rules for the school, and suspend students for violation thereof. *Byrd v. Begley*, 262 Ky. 422, 90 S.W.2d 370, 1936 Ky. LEXIS 37 (Ky. 1936).

A rule requiring students to be in their rooms by a certain hour is reasonable. *Byrd v. Begley*, 262 Ky. 422, 90 S.W.2d 370, 1936 Ky. LEXIS 37 (Ky. 1936).

Refusal to obey rule requiring students to be in their rooms by a certain hour constitutes wilful disobedience and defiance. *Byrd v. Begley*, 262 Ky. 422, 90 S.W.2d 370, 1936 Ky. LEXIS 37 (Ky. 1936).

This section and KRS 161.180 plainly authorize public schools to make and enforce reasonable regulations for the government of such schools during school hours. *Casey County Board of Education v. Luster*, 282 S.W.2d 333, 1955 Ky. LEXIS 238 (Ky. 1955).

This statute preempts the right of the school officials to promulgate disciplinary regulations that impose additional punishment for the conduct that results in suspension. *Dorsey v. Bale*, 521 S.W.2d 76, 1975 Ky. LEXIS 147 (Ky. 1975).

2. — Insubordination.

A suspension for insubordination conditioned upon apology before the students is not unreasonable. *Byrd v. Begley*, 262 Ky. 422, 90 S.W.2d 370, 1936 Ky. LEXIS 37 (Ky. 1936).

3. — Vaccination.

This section together with KRS 160.290 and 214.050 (repealed) authorized county board of education to promulgate and enforce its own rules requiring compulsory vaccination of school children or it would enforce such a rule of the county or

State Board of Health by excluding from the schools children who were not vaccinated. *Mosier v. Barren County Board of Health*, 308 Ky. 829, 215 S.W.2d 967, 1948 Ky. LEXIS 1050 (Ky. 1948).

4. — Married Students.

School board regulation requiring that any student who shall marry shall withdraw from the school, subject to being readmitted after one year if the principal permits it, is unreasonable and arbitrary and for that reason invalid. *Board of Education v. Bentley*, 383 S.W.2d 677, 1964 Ky. LEXIS 51 (Ky. 1964).

5. — Alcohol or Drugs.

A high school regulation, which provides for mandatory suspension on the first offense for the use of, possession of, or trafficking in drugs or alcoholic beverages on school property or at school functions, does not exceed the authority granted to a school under this section, which allows for either suspension or expulsion for the use or possession of alcoholic beverages or drugs. *Clark County Bd. of Education v. Jones*, 625 S.W.2d 586, 1981 Ky. App. LEXIS 303 (Ky. Ct. App. 1981).

6. — — Particular cases.

With regard to both observers and participants, school athletic events held at other schools are school-sponsored activities; thus student was properly suspended when he was found to be in possession of alcohol during a basketball tournament in which his school was participating. *Pirschel v. Sorrell*, 2 F. Supp. 2d 930, 1998 U.S. Dist. LEXIS 5503 (E.D. Ky. 1998).

Where student was expelled for remainder of school year under this section for smoking marijuana, the offense was of sufficient gravity so that the discipline imposed was not excessive to the extent of violating the student's right to substantive due process. *Petrey v. Flaughner*, 505 F. Supp. 1087, 1981 U.S. Dist. LEXIS 10458 (E.D. Ky. 1981).

Where a county board of education automatically expelled several high school students for consuming alcohol on a school-sponsored trip, the trial court's finding that the board acted arbitrarily was not clearly erroneous, since the record showed that the board had not given consideration to any other factors such as the previous general conduct of the students involved, the probability of a recurring violation, or the possibility of alternative punishment or restrictions. *Clark County Bd. of Education v. Jones*, 625 S.W.2d 586, 1981 Ky. App. LEXIS 303 (Ky. Ct. App. 1981).

7. Refusal to Consent to Search.

Where freshman high school student, implicated by fellow students in bringing to school firecrackers which were set off during class, refused request of the school administration to search her purse, which request was reasonable under the circumstances, a suspension of five (5) days was not inappropriate. *Bahr v. Jenkins*, 539 F. Supp. 483, 1982 U.S. Dist. LEXIS 12479 (E.D. Ky. 1982).

8. Refusal to Participate in Commencement.

Refusal to take a part assigned in commencement exercises constituted disobedience and was ground for suspension. *Cross v. Board of Trustees*, 129 Ky. 35, 110 S.W. 346, 33 Ky. L. Rptr. 472, 1908 Ky. LEXIS 135 (Ky. 1908) (decided under prior law).

9. Due Process.

Where the principal testified that each of the requirements provided for under subsection (2) of this section were met, and no proof controverted that testimony, the plaintiffs failed to demonstrate that they were denied procedural due process in their five-day suspension from school as a penalty for using alcoholic beverages at a school-sponsored convention. *Katchak*

v. Glasgow Independent School System, 690 F. Supp. 580, 1988 U.S. Dist. LEXIS 10318 (W.D. Ky. 1988).

There was no procedural due process violation where principal informed student that he was being suspended for possession of alcohol on school property rather than at a school-sponsored activity off school property, because this did not prevent student from stating his own version of the facts; furthermore, student did not dispute or deny possessing alcohol. *Pirschel v. Sorrell*, 2 F. Supp. 2d 930, 1998 U.S. Dist. LEXIS 5503 (E.D. Ky. 1998).

Even if the provisions of KRS 13B.140(1) and 13B.010(1) were applicable to the actions of a county board of education, the board waived any jurisdictional defect by not objecting until after the Circuit Court and the Court of Appeals decided the issues regarding a student's expulsion pursuant to KRS 158.150, for having marijuana and prescription drugs in his car. *M.K.J. v. Bourbon County Bd. of Educ.*, 2008 Ky. App. LEXIS 286 (Ky. Ct. App. Aug. 29, 2008).

Termination of plaintiff student's out-of-district status during the school year was an expulsion requiring a pre-expulsion hearing under KRS 158.150, which had not been held, thus, his due-process claim against defendants, a school district and its officials, should have survived summary judgment. *G.C. v. Owensboro Pub. Sch.*, 711 F.3d 623, 2013 FED App. 0078P, 2013 U.S. App. LEXIS 6159 (6th Cir. Ky. 2013).

OPINIONS OF ATTORNEY GENERAL.

This section defines the method of enforcing school disciplinary rules and regulations and does not authorize withholding a pupil's school records at the end of the school year because the pupil has damaged school textbooks and other school property and has not made restitution. OAG 61-315.

This section is not applicable to a model and practice school conducted by a state college or university pursuant to KRS 164.380. OAG 70-149.

A teacher may not lower a student's academic grades because of misconduct. OAG 72-753.

An "in school suspension" is a contradiction in terms and not within the disciplinary procedures authorized by this section as a suspended pupil should be barred from the school premises during the period of suspension in order to produce the desired effect upon the pupil, his parents, and the decorum of the school. OAG 73-305.

This section authorizes expulsion of a child from public school for no longer than the current school year, for it is not the policy of the state to expel a child permanently. OAG 74-165.

Unexcused absence from school may constitute wilful disobedience. OAG 74-312.

If the attendance of a pupil over 16 years of age is so poor as to indicate a lack of interest in completing his school courses, the board of education would be justified in expelling him. OAG 74-312.

A school board regulation providing that a student fails a course after nine (9) absences is invalid since it in effect considers the student to be automatically expelled after the nine (9) absences but does not afford him a hearing or an opportunity to be heard and gives no consideration to the cause of the absences. OAG 75-124.

KRS chapter 387 pertaining to guardians makes no provision for a guardian "for school purposes only" and therefore the appointment of a guardian "for school purposes only" through trial commissioner's order was a nullity and the school board was not legally bound to recognize such an order. OAG 75-170.

Although there is no provision in this section that entitles a student to a hearing prior to a suspension, under the U.S. Constitution, a student may not be withdrawn from the school roll without a notice and hearing by either the superintendent, principal, head teacher or the board of education. OAG 76-735.

School personnel may not temporarily, by suspension or expulsion, deny a child's property interest in educational benefits without following rudimentary due process procedures. OAG 77-12.

Since this section provides that the decision of the board is final, legal action would be maintainable in a court of competent jurisdiction with the test being whether the school personnel had acted arbitrarily or maliciously in expelling a student. OAG 77-12.

A suspended student, who is compelled to stay at the school building but who is not being afforded any alternative educational program or school counseling, is legally absent from school and may not be counted for purposes of figuring average daily attendance. OAG 77-419.

School officials have authority to withdraw from any pupil the privilege of participating in out-of-class activities of the school band for misconduct during field trips. OAG 77-427.

School personnel would not be required to permit a student who has been suspended to do make-up work for class activities and assignments missed during the period of a suspension from school. OAG 77-547.

A school board attorney, if he is to serve the role as the prosecutor, should limit his advice to the board to explaining the legal obligations the board has in an expulsion hearing before the hearing commences and the school board attorney should at no time advise the board during an expulsion hearing in which he is participating. OAG 78-673.

Notice consists of two (2) parts, first the student should be made aware of the standard of expected behavior in a school system; and second the student and the student's parent(s), guardian or legal custodian should receive adequate written notice from the board of education or its designee containing a statement of the specific charges and grounds which, if proven, would justify expulsion. OAG 78-673.

Only a local board of education, by an official act, can expel a student. OAG 78-673.

Policies regarding discipline of conduct of pupils should be promulgated to the students through the permissive statute outlining the adoption and promulgation of a code of student rights and responsibilities. OAG 78-673.

The board should report in writing the decision of the board to the parent(s), guardian or legal custodian, and if the hearing has involved multiple charges, the report should include which charges, if less than all, the board found to be supported by the evidence, and upon which the board made the decision to expel. OAG 78-673.

The due process hearing of: (1) oral or written notice of the charge or charges, (2) an explanation of the charge or charges, and (3) an opportunity for the pupil to present his own version of the facts is to be followed for all suspensions, irrespective of duration. OAG 78-673.

The minimum requirements to be followed for a due process hearing prior to expulsion are: (1) notice, (2) legal counsel, (3) impartial hearing, and (4) written notification of the decision, but a criminal type due process hearing is not required nor is a judicial or quasi-judicial trial required. OAG 78-673.

The procedural due process which must be afforded in an expulsion situation should be greater than that in a suspension situation and the extent and degree of due process to be given in a hearing will increase as the possible penalty affecting constitutionally protected rights becomes greater. OAG 78-673.

The school board must allow the student to be represented by legal counsel, but the board does not have to provide an attorney if the student and his or her parents choose not to have one, or if an attorney cannot be afforded, and the board

need not advise the student or parent that they may retain legal counsel to assist them in preparation of a defense at the expulsion hearing. OAG 78-673.

The student is entitled to an orderly hearing, either closed or open, as the student desires, at which he must be given full opportunity to give his or her side of the story before the board and to produce either oral testimony or written affidavits of witnesses in his or her behalf, and the opportunity should be given to cross-examine witnesses. OAG 78-673.

The student is entitled to have consideration of the evidence by an impartial tribunal which means the board members should have shunned prior involvement in the situation, but exposure to evidence prior to the hearing is insufficient in itself to impugn the fairness of the board member at the adversary hearing and there need not be proof of the charges beyond a reasonable doubt nor that there be a unanimous decision of the board. OAG 78-673.

The written notice should further provide the evidence and the witnesses the school will produce at the hearing and the date, place and time for the hearing should be set forth, which hearing should probably be scheduled to be held no earlier than five (5) days from the day the notice is received or not later than the next regular school board meeting. OAG 78-673.

There is no time duration spelled out in the Kentucky school law or elsewhere for suspension. OAG 78-673.

A general search of all lockers for rotting food, missing library books, or overall cleanliness could be, under most circumstances, an administrative search; and, the fact that contraband, stolen articles, controlled drugs, alcoholic beverages, dangerous weapons, or the like, were inadvertently discovered during the administrative search would not void the search and any such unlawful items found could stand as evidence and as a basis for cause in a possible suspension or expulsion hearing. OAG 79-168.

Even if the primary purpose of a search of an older student is based upon reasonable suspicion and the purpose of the search is for possible school disciplinary action and not criminal prosecution, it must be remembered the "causes" upon which suspension or expulsion may be based are very much with overtones of criminality. OAG 79-168.

In the situation where a search is conducted by a law enforcement officer with a school officer without consent, without a search warrant, and without any of the case law delineated exceptions existing (e.g., search incident to lawful arrest), the evidence seized would most likely be subject to the exclusionary rule in any criminal action and some case authority would support a conclusion that the evidence seized could also not be used in school disciplinary actions. OAG 79-168.

In view of the responsibilities of teachers and school administrators and in view of the fact that teachers and administrators are state officers or employees they are within the purview of fourth amendment and Const., § 10 restraint upon activities of the government. OAG 79-168.

For good cause shown a local board may deny readmission of a nonresident student based upon the student's prior failure to abide by the board-adopted standards of conduct to which he may be lawfully held. OAG 79-327.

Once a student is permitted to enroll in a nonresident school for a school year, the law applicable to student conduct and the possibility of suspension and/or expulsion under this section comes into play. OAG 79-327.

Termination of the privilege of attending a nonresident school during the course of a school year is an expulsion and must be so handled and effected only after a hearing before the "foreign" board of education. OAG 79-327.

The term "drugs" means controlled substances or illegal drugs. OAG 82-633.

Pursuant to this section, a school board may adopt a policy establishing as a separate legal cause for suspension or expulsion those practices prohibited by KRS 218A.350 con-

cerning substances that simulate controlled substances. OAG 82-633.

The power of suspension granted to the superintendent, principal, assistant principal, or head teacher of a school may be carried over to the next school year if the student's misconduct fell within the prohibited behavior described in this section; in the instance that a hearing cannot be held immediately following willful disobedience of the student, the hearing must be held during the summer vacation in accordance with the appropriate due process procedures. OAG 88-65 (overruling OAG 74-165).

The board, in deciding whether a carry-over expulsion is appropriate, should examine whether the student's behavior was so egregious as to endanger the health and safety of students and staff, and whether continued attendance by the student would be in the best interest of the district in light of the denial of future education for the student. OAG 88-65 (overruling OAG 74-165).

Behavior which occurs after a student arrives at home and outside school sponsored activities will not be a basis for school discipline unless the behavior is of a serious violent nature or would directly affect the school's discipline or the welfare of its students and employees. OAG 91-171.

A school board may not adopt a plan to deduct points from a student's final grade for each unexcused absence. Despite the board's stated intent to act in the best interest of the students, the deduction of five (5) points from a pupil's final grade is a penalty. Such a penalty, in the guise of an incentive to get children to attend school, is not permissible; providing an opportunity for a student to make up the points does not change this conclusion — it is still an impermissible penalty. OAG 96-28.

A school board's decision not to differentiate between excused and unexcused absences was fatal to its policy of withholding promotion to the next level from students for failure to make up absences in excess of an approved number of days. OAG 96-28.

158.153. Punishment based on child's records — Disclosure of records — Cause of action — Districtwide standards of behavior for students participating in extracurricular activities.

(1) Unless the action is taken pursuant to KRS 158.150, no school, school administrator, teacher, or

other school employee shall expel or punish a child based on information contained in a record of an adjudication of delinquency or conviction of an offense received by the school pursuant to KRS 610.345 or from any other source. Nothing in this subsection shall be construed to prohibit a local school board or school official from instituting disciplinary proceedings against any student for violating the discipline policy of the school or school district or taking actions necessary to protect staff and students. Actions to protect staff and students may be taken only after the principal makes a determination that the conduct of the student reflected in the records of the school or obtained by the school from the court indicates a substantial likelihood of an immediate and continuing threat that the student will cause harm to students or staff, and that the restrictions to be ordered represent the least restrictive alternative available and appropriate to remedy the threat, and that the determination and supporting material be documented in the child's record. The action of the principal, in addition to or in lieu of any other procedure available, may be appealed by the child or the child's parent or guardian to the superintendent of the school system or to the Circuit Court in the county in which the school is located, and the appealing party may be represented by counsel.

(2) No school, school administrator, teacher, or other school employee who has custody of records received or maintained by the school pursuant to KRS 610.345 or who has received information contained in or relating to a record received by the school pursuant to KRS 610.345 shall disclose the fact of the record's existence, or any information contained in the record or received from the record to any other person, including but not limited to other teachers, school employees, pupils, or parents other than the pupil, or parents of the pupil who is the subject of the record.

(3) The child and his parent or guardian shall have a civil cause of action against the school board and against any school administrator violating subsection (1) or (2) of this section or divulging information in violation of KRS 610.345 or 610.340. This civil cause of action shall be in addition to any other criminal or administrative remedy provided by law.

(4) Nothing in this section shall be construed to prohibit a local board of education from establishing districtwide standards of behavior for students who participate in extracurricular and cocurricular activities, including athletics. A school principal may deny or terminate a student's eligibility to participate in extracurricular or cocurricular activities if the student has violated the local district behavior standards or the council's criteria for participation, as described in KRS 160.345(2)(i)8. A student's right to participate in extracurricular or cocurricular activities, including athletics, may be suspended, pending investigation of an allegation that the standards of behavior have been violated.

(7/15/96). Under 1996 Ky. Acts ch. 358, sec. 67(2), this statute becomes effective July 15, 1996.

158.154. Principal's duty to report certain acts to local law enforcement agency.

When the principal has a reasonable belief that an act has occurred on school property or at a school-sponsored function involving assault resulting in serious physical injury, a sexual offense, kidnapping, assault involving the use of a weapon, possession of a firearm in violation of the law, possession of a controlled substance in violation of the law, or damage to the property, the principal shall immediately report the act to the appropriate local law enforcement agency. For purposes of this section, "school property" means any public school building, bus, public school campus, grounds, recreational area, or athletic field, in the charge of the principal.

Enact. Acts 1998, ch. 493, § 13, effective April 10, 1998.

NOTES TO UNPUBLISHED DECISIONS

1. Negligence Per Se.

When school officials were sued regarding a student who bullied a parent's child, the officials could not be held to be negligent per se under Ky. Rev. Stat. Ann. §§ 158.154 or 158.156 because (1) the officials' decision as to whether the requirements of these statutes were invoked involved the use of discretion, so the officials were entitled to qualified official immunity, and (2) the child's injury did not rise to the level addressed by these statutes. *Slattery v. J.F.*, 2015 Ky. App. Unpub. LEXIS 871 (Ky. Ct. App. May 29, 2015), review denied, ordered not published, 2016 Ky. LEXIS 60 (Ky. Feb. 10, 2016).

158.155. Reporting of specified incidents of student conduct — Notation on school records — Report to law enforcement of certain student conduct — Immunity.

(1) If a student has been adjudicated guilty of an offense specified in this subsection or has been expelled from school for an offense specified in this subsection, prior to a student's admission to any school, the parent, guardian, principal, or other person or agency responsible for a student shall provide to the school a sworn statement or affirmation indicating on a form provided by the Kentucky Board of Education that the student has been adjudicated guilty or expelled from school attendance at a public or private school in this state or another state for homicide, assault, or an offense in violation of state law or school regulations relating to weapons, alcohol, or drugs. The sworn statement or affirmation shall be sent to the receiving school within five (5) working days of the time when the student requests enrollment in the new school.

(2) If any student who has been expelled from attendance at a public or private school in this state for homicide, assault, or an offense in violation of state law or school regulations relating to weapons, alcohol, or drugs requests transfer of his records, those records shall reflect the charges and final disposition of the expulsion proceedings.

(3) If any student who is subject to an expulsion proceeding at a public or private school in this state for homicide, assault, or an offense in violation of state law or school regulations relating to weapons, alcohol, or drugs requests transfer of his records to a new school,

the records shall not be transferred until that proceeding has been terminated and shall reflect the charges and any final disposition of the expulsion proceedings.

(4) A person who is an administrator, teacher, or other employee of a public or private school shall promptly make a report to the local police department, sheriff, or the Department of Kentucky State Police, by telephone or otherwise, if:

(a) The person knows or has reasonable cause to believe that conduct has occurred which constitutes:

1. A misdemeanor or violation offense under the laws of this Commonwealth and relates to:

a. Carrying, possession, or use of a deadly weapon; or

b. Use, possession, or sale of controlled substances; or

2. Any felony offense under the laws of this Commonwealth; and

(b) The conduct occurred on the school premises or within one thousand (1,000) feet of school premises, on a school bus, or at a school-sponsored or sanctioned event.

(5) A person who is an administrator, teacher, supervisor, or other employee of a public or private school who receives information from a student or other person of conduct which is required to be reported under subsection (1) of this section shall report the conduct in the same manner as required by that subsection.

(6) Neither the husband-wife privilege of KRE 504 nor any professional-client privilege, including those set forth in KRE 506 and 507, shall be a ground for refusing to make a report required under this section or for excluding evidence in a judicial proceeding of the making of a report and of the conduct giving rise to the making of a report. However, the attorney-client privilege of KRE 503 and the religious privilege of KRE 505 are grounds for refusing to make a report or for excluding evidence as to the report and the underlying conduct.

(7) Nothing in this section shall be construed as to require self-incrimination.

(8) A person acting upon reasonable cause in the making of a report under this section in good faith shall be immune from any civil or criminal liability that might otherwise be incurred or imposed from:

(a) Making the report; and

(b) Participating in any judicial proceeding that resulted from the report.

History.

Enact. Acts 1994, ch. 471, § 1, effective July 15, 1994; 1996, ch. 362, § 6, effective July 15, 1996; 2004, ch. 185, § 2, effective July 13, 2004; 2007, ch. 85, § 167, effective June 26, 2007.

Legislative Research Commission Note.

(7/15/94). A comma has been added after the second use of the word “premises” in paragraph (b) of subsection (4) of this statute. The drafter of 1994 Ky. Acts ch. 471 advises and the context clearly establishes that the omission of this comma in that Act was a manifest clerical or typographical error. See KRS 7.136(1)(h).

158.156. Reporting of commission of felony KRS Chapter 508 offense against a student — Investigation — Immunity from liability for reporting — Privileges no bar to reporting.

(1) Any employee of a school or a local board of education who knows or has reasonable cause to believe that a school student has been the victim of a violation of any felony offense specified in KRS Chapter 508 committed by another student while on school premises, on school-sponsored transportation, or at a school-sponsored event shall immediately cause an oral or written report to be made to the principal of the school attended by the victim. The principal shall notify the parents, legal guardians, or other persons exercising custodial control or supervision of the student when the student is involved in an incident reportable under this section. The principal shall file with the local school board and the local law enforcement agency or the Department of Kentucky State Police or the county attorney within forty-eight (48) hours of the original report a written report containing:

(a) The names and addresses of the student and his or her parents, legal guardians, or other persons exercising custodial control or supervision;

(b) The student’s age;

(c) The nature and extent of the violation;

(d) The name and address of the student allegedly responsible for the violation; and

(e) Any other information that the principal making the report believes may be helpful in the furtherance of the purpose of this section.

(2) An agency receiving a report under subsection (1) of this section shall investigate the matter referred to it. The school board and school personnel shall participate in the investigation at the request of the agency.

(3) Anyone acting upon reasonable cause in the making of a report required under this section in good faith shall have immunity from any liability, civil or criminal, that might otherwise be incurred or imposed.

Any such participant shall have the same immunity with respect to participation in any judicial proceeding resulting from such report or action.

(4) Neither the husband-wife nor any professional-client/patient privilege, except the attorney-client and clergy-penitent privilege, shall be a ground for refusing to report under this section or for excluding evidence regarding student harassment in any judicial proceedings resulting from a report pursuant to this section. This subsection shall also apply in any criminal proceeding in District or Circuit Court regarding student harassment.

158.160. Notification to school by parent or guardian of child's medical condition threatening school safety — Exclusion of child with communicable disease from school — Closing of school during epidemic.

(1) A parent, legal guardian, or other person or agency responsible for a student shall notify the student's school if the student has any medical condition which is defined by the Cabinet for Health and Family Services in administrative regulation as threatening the safety of the student or others in the school. The notification shall be given as soon as the medical condition becomes known and upon each subsequent enrollment by the student in a school. The principal, guidance counselor, or other school official who has knowledge of the medical condition shall notify the student's teachers in writing of the nature of the medical condition.

(2) If any student is known or suspected to have or be infected with a communicable disease or condition for which a reasonable probability for transmission exists in a school setting, the superintendent of the district may order the student excluded from school. The time period the student is excluded from school shall be in accordance with generally accepted medical standards which the superintendent shall obtain from consultation with the student's physician or the local health officer for the county in which the school district

is located. During the presence in any district of dangerous epidemics, the board of education of the school district may order the school closed.

158.162. Mandatory adoption of emergency management response plan in each school — Emergency response drills — Consequence of schools failing to comply.

(1) As used in this section:

(a) "Emergency management response plan" or "emergency plan" means a written document to prevent, mitigate, prepare for, respond to, and recover from emergencies; and

(b) "First responders" means local fire, police, and emergency medical personnel.

(2)(a) Each local board of education shall require the school council or, if none exists, the principal in each school building in its jurisdiction to adopt an emergency plan to include procedures to be followed in case of fire, severe weather, or earthquake, or if a building lockdown as defined in KRS 158.164 is required.

(b) Following adoption, the emergency plan, along with a diagram of the facility, shall be provided to appropriate first responders.

(c) The emergency plan shall be reviewed following the end of each school year by the school council, the principal, and first responders and shall be revised as needed.

(d) The principal shall discuss the emergency plan with all school staff prior to the first instructional day of each school year and shall document the time and date of any discussion.

(e) The emergency plan and diagram of the facility shall be excluded from the application of KRS 61.870 to 61.884.

(3) Each local board of education shall require the school council or, if none exists, the principal in each school building to:

(a) Establish primary and secondary evacuation routes for all rooms located within the school and shall post the routes in each room by any doorway used for evacuation;

(b) Identify the best available severe weather safe zones, in consultation with local and state safety officials and informed by guiding principles set forth by the National Weather Service and the Federal Emergency Management Agency, and post the location of safe zones in each room of the school;

(c) Develop practices for students to follow during an earthquake; and

(d) Develop and adhere to practices to control the access to each school building. Practices shall include but not be limited to:

1. Controlling outside access to exterior doors during the school day;

2. Controlling the main entrance of the school with electronically locking doors, a camera, and an intercom system;

3. Controlling access to individual classrooms;

4. Requiring classroom doors to be equipped with hardware that allows the door to be locked from the outside but opened from the inside;

5. Requiring classroom doors to remain closed and locked during instructional time, except:

a. In instances in which only one (1) student and one (1) adult are in the classroom; or

b. When approved in writing by the state school security marshal;

6. Requiring classroom doors with windows to be equipped with material to quickly cover the window during a building lockdown;

7. Requiring all visitors to report to the front office of the building, provide valid identification, and state the purpose of the visit; and

8. Providing a visitor's badge to be visibly displayed on a visitor's outer garment.

(4) All schools shall be in compliance with the provisions of subsection (3)(d) of this section as soon as practicable but no later than July 1, 2022.

(5) Each local board of education shall require the principal in each public school building in its jurisdiction to conduct, at a minimum, emergency response drills to include one (1) severe weather drill, one (1) earthquake drill, and one (1) lockdown drill within the first thirty (30) instructional days of each school year and again during the month of January. Required fire drills shall be conducted according to administrative regulations promulgated by the Department of Housing, Buildings and Construction. Whenever possible, first responders shall be invited to observe emergency response drills.

(6) No later than November 1 of each school year, a local district superintendent shall send verification to the Kentucky Department of Education that all schools within the district are in compliance with the requirements of this section.

(7) A district with a school not in compliance with the requirements of subsection (3)(d) of this section by July 1, 2022, shall not be eligible for approval by the Kentucky Department of Education for new building construction or expansion in the 2022-2023 school year and any subsequent year without verification of compliance, except for facility improvements that specifically address the school safety and security requirements of this section, when deemed necessary for the protection of student or staff health and safety, or to comply with other legal requirements or orders.

158.163. Earthquake and tornado emergency procedure system.

The board of each local school district, and the governing body of each private and parochial school or school district, shall establish an earthquake and tornado emergency procedure system in every public or private school building in its jurisdiction having a capacity of fifty (50) or more students, or having more than one (1) classroom. The earthquake and tornado emergency procedure system shall include, but not be limited to, all of the following:

(1) A school building disaster plan, ready for implementation at any time, for maintaining the safety and care of students and staffs. A drop procedure and safe area evacuation practice shall be held at least twice during each school year, with the first practice for a drop procedure and a safe area evacuation being held within the first thirty (30) instructional days of each school year and one (1) practice being held during the month of January;

(2) A drop procedure. As used in this section, "drop procedure" means an activity by which each student and staff member takes cover under a table or desk, dropping to his or her knees, with the head protected by the arms, and the back to the windows;

(3) A safe area. As used in this section, "safe area" means a designated space including an enclosed area with no windows, a basement or the lowest floor using the interior hallway or rooms, or taking shelter under sturdy furniture;

(4) Protective measures to be taken before, during, and following an earthquake or tornado; and

(5) A program to ensure that the students and the certificated and classified staff are aware of, and properly trained in, the earthquake and tornado emergency procedure system.

158.164. Building lockdown procedures — Practice.

(1) As used in this section, "building lockdown" means to restrict the mobility of building occupants to maintain their safety and care.

(2) Each local board of education shall require the school council or, if none exists, the principal in each public school building in its jurisdiction to establish procedures to perform a building lockdown, including protective measures to be taken during and immediately following the lockdown. Local law enforcement agencies shall be invited to assist in establishing lockdown procedures.

(3) Students, certified staff, and classified staff shall be informed annually of building lockdown procedures.

(4) A building lockdown practice shall be held at least twice during each school year, with at least one (1) practice being held within the first thirty (30) instructional days of the school year and one (1) practice being held during the month of January.

158.165. Possession and use of personal telecommunications device by public school student.

(1) The board of education of each school district shall develop a policy regarding the possession and use of a personal telecommunications device by a student while on school property or while attending a school-sponsored or school-related activity on or off school property, and shall include the policy in the district's written standards of student conduct. A student who violates the policy shall be subject to discipline as provided by board policy.

(2) In this section, "personal telecommunications device" means a device that emits an audible signal, vibrates, displays a message, or otherwise summons or delivers a communication to the possessor, including, but not limited to, a paging device and a cellular telephone.

NOTES TO DECISIONS

1. In General.

The Bible is not a sectarian book. *Hackett v. Brooksville Graded School Dist.*, 120 Ky. 608, 87 S.W. 792, 27 Ky. L. Rptr.

1021, 1905 Ky. LEXIS 144 (Ky. 1905) (decided under prior law).

OPINIONS OF ATTORNEY GENERAL.

A school teacher may read any portion of the New Testament to students while in a public classroom. OAG 60-1099.

The prohibition against the conduct of religious or devotional exercises through a reading of the Bible in the common school system is not circumvented by the designation of such activities as "classes." OAG 63-790.

Because of the difficulty of communication for community churches, nonsectarian nondenominational religious instruction can be given to deaf children at the deaf school on a voluntary basis on Sunday by teachers employed by the school. OAG 64-111.

Children can say grace before lunch in the schools. OAG 64-111.

Lunch periods could not be used to conduct religious classes if the district is utilizing portions of the lunch period to meet the six-hour school work requirement of KRS 158.060. OAG 64-111.

Missionaries would be precluded from making periodic visits to the schools to conduct religious services during regular scheduled periods. OAG 64-111.

The nativity scene can be used in schools at Christmas so long as no religious significance is attached thereto. OAG 64-111.

The utterance of prayers or the reading of the Bible can continue in PTA meetings and voluntary Bible classes held without the regular school hours or school curriculum. OAG 64-111.

There would be nothing objectionable in a student, during a period of meditation, voluntarily or spontaneously saying a prayer, silent or vocal, but a teacher could not do so. OAG 64-111.

This section is unconstitutional as violative of the first and fourteenth amendments of the United States Constitution under the doctrine of *Engel v. Vitale*, 370 U.S. 421, 82 S. Ct. 1261, 8 L. Ed. 2d 601, 20 Ohio Op. 2d 328, 1962 U.S. LEXIS 847, 86 A.L.R.2d 1285 (1962) and *School Dist. v. Schempp*, 374 U.S. 203, 83 S. Ct. 1560, 10 L. Ed. 2d 844, 1963 U.S. LEXIS 2611 (1963). OAG 79-463.

For those school officials, employees and school board members that participate in or permit the continued practice of Bible reading as denounced by the United States Supreme Court, there stands a strong possibility of a legal claim by a student against them that the student's constitutional rights are being infringed under color of state law by these school personnel's actions. OAG 79-463.

158.175. Recitation of Lord's prayer and pledge of allegiance — Instruction in proper respect for and display of the flag — Observation of moment of silence or reflection.

(1) As a continuation of the policy of teaching our

country's history and as an affirmation of the freedom of religion in this country, the board of education of a local school district may authorize the recitation of the traditional Lord's prayer and the pledge of allegiance to the flag in public elementary schools. Pupil participation in the recitation of the prayer and pledge of allegiance shall be voluntary. Pupils shall be reminded that this Lord's prayer is the prayer our pilgrim fathers recited when they came to this country in their search for freedom. Pupils shall be informed that these exercises are not meant to influence an individual's personal religious beliefs in any manner. The exercises shall be conducted so that pupils shall learn of our great freedoms, including the freedom of religion symbolized by the recitation of the Lord's prayer.

(2) The board of education of each school district shall establish a policy and develop procedures whereby the pupils in each elementary and secondary school may participate in the pledge of allegiance to the flag of the United States at the commencement of each school day.

(3) The Kentucky Board of Education shall develop a program of instruction relating to the flag of the United States of America, including instruction in etiquette, the correct use and display of the flag, and other patriotic exercises as may be related. This program of instruction shall be provided to each public school for use in its course of instruction. The program of instruction, at a minimum, shall include the provisions of 4 U.S.C. secs. 1 to 3 and 4 U.S.C. secs. 5 to 9.

(4) The board of education of each local school district may purchase or otherwise acquire and provide for display in each classroom copies of the Declaration of Independence, the Gettysburg Address, and other documents the local board deems significant to the history of Kentucky and the United States.

(5) At the commencement of the first class of each day in all public schools, the teacher in charge of the room may announce that a moment of silence or reflection not to exceed one (1) minute in duration shall be observed.

History.

Enact. Acts 1976, ch. 145, § 1; 1980, ch. 304, § 1, effective July 15, 1980; 1986, ch. 339, § 1, effective July 15, 1986; 1988, ch. 435, § 3, effective July 15, 1988; 1990, ch. 476, Pt. IV, § 205, effective July 13, 1990; 1996, ch. 85, § 1, effective July 15, 1996; 2000, ch. 235, § 1, effective July 14, 2000.

OPINIONS OF ATTORNEY GENERAL.

Students who, for religious or political beliefs or other personal convictions, do not participate in the salute and pledge of allegiance to the flag should remain in their seats quietly, and school employees should be directed to avoid any action intended to coerce or influence a student to participate in the pledge if the student desires not to so participate. OAG 80-456.

The clear intent of the General Assembly in subsection (2) of this section is that: (1) The pledge of allegiance ceremony of recitation will be offered each school day, not just once or twice a week, and (2) that the opportunity to participate in the pledge of allegiance will occur as a first item on the school day agenda, not at midmorning or at the end of the school day. OAG 80-456.

This section as it relates to the pledge of allegiance violates no provision of either the United States or Kentucky Consti-

tutions; the key to the facial constitutionality of this section is that pupil participation in the recitation of the pledge of allegiance to the flag is voluntary. OAG 80-456.

158.177. Teaching of evolution — Right to include Bible theory of creation.

(1) In any public school instruction concerning the theories of the creation of man and the earth, and which involves the theory thereon commonly known as evolution, any teacher so desiring may include as a portion of such instruction the theory of creation as presented in the Bible, and may accordingly read such passages in the Bible as are deemed necessary for instruction on the theory of creation, thereby affording students a choice as to which such theory to accept.

(2) For those students receiving such instruction, and who accept the Bible theory of creation, credit shall be permitted on any examination in which adherence to such theory is propounded, provided the response is correct according to the instruction received.

(3) No teacher in a public school may stress any particular denominational religious belief.

158.178. Ten Commandments to be displayed. [Unconstitutional.]

(1) It shall be the duty of the Superintendent of Public Instruction, provided sufficient funds are available as provided in subsection (3) of this section, to ensure that a durable, permanent copy of the Ten Commandments shall be displayed on a wall in each public elementary and secondary school classroom in the Commonwealth. The copy shall be sixteen (16) inches wide by twenty (20) inches high.

(2) In small print below the last commandment shall appear a notation concerning the purpose of the display, as follows: "The secular application of the Ten Commandments is clearly seen in its adoption as the fundamental legal code of Western Civilization and the Common Law of the United States."

(3) The copies required by this section shall be purchased with funds made available through voluntary contributions made to the State Treasurer for the purposes of this section.

History.

Enact. Acts 1978, ch. 436, § 1, effective June 17, 1978.

Compiler's Notes.

This section (Acts 1978, ch. 436, § 1, effective June 17, 1978) was declared unconstitutional in *Stone v. Graham*, 449 U.S. 39, 101 S. Ct. 192, 66 L. Ed. 2d 199 (1980), rehearing denied, 449 U.S. 1104, 101 S. Ct. 904, 66 L. Ed. 2d 832 (1981).

NOTES TO DECISIONS

1. Constitutionality.

Since the pre-eminent purpose for posting the Ten Commandments on schoolroom walls is plainly religious in nature, this section has no secular legislative purpose and is therefore unconstitutional as violative of the establishment clause of the First Amendment of the United States Constitution; it does not matter that the posted copies are financed by voluntary private contributions, for the mere posting of the copies under the auspices of the Legislature provides the official support of the state government that the establishment clause prohibits. *Stone v. Graham*, 449 U.S. 39, 101 S. Ct. 192, 66 L. Ed. 2d 199, 1980 U.S. LEXIS 2 (U.S. 1980).

OPINIONS OF ATTORNEY GENERAL.

The United States Supreme Court in *Stone v. Graham*, 449 U.S. 39, 101 S. Ct. 192, 66 L. Ed. 2d 199, 1980 U.S. LEXIS 2 (1980) determined that this section is unconstitutional, concluding that the permanent posting of copies of the Ten Commandments in the public common schools of Kentucky violates the First Amendment and the Fourteenth Amendment of the United States Constitution and the decision requires the removal of the copies presently hanging on the walls of the public common schools since the court found that the pre-eminent purpose for posting is plainly religious in nature. 158.181. Legislative findings.

(1) The General Assembly finds the following:

(a) Judicial decisions concerning religion, free speech, and public education are widely misunderstood and misapplied;

(b) Confusion surrounding these decisions has caused some to be less accommodating of the religious liberty and free speech rights of students than permitted under the First Amendment to the United States Constitution;

(c) Confusion surrounding these decisions has resulted in needless conflicts and litigation;

(d) The Supreme Court of the United States has ruled that the establishment clause of the First Amendment to the United States Constitution requires that public schools neither advance or inhibit religion. Public schools should be neutral in matters of faith and should treat religion with fairness and respect;

(e) Neutrality to religion does not require hostility to religion. The establishment clause does not prohibit reasonable accommodation of religion, nor does the clause prohibit appropriate teaching about religion;

(f) Accommodation of religion is required by the free speech and free exercise clauses of the First Amendment to the United States Constitution; and

(g) Setting forth the religious liberty rights of students in a statute would assist students and parents in the enforcement of the religious liberty rights of students and would provide impetus to efforts in public schools to accommodate religious belief in feasible cases.

(2) The purpose of KRS 158.181 to 158.187 is to create a safe harbor for schools desiring to avoid litigation and to allow the free speech and religious liberty rights of students to the extent permissible under the establishment clause.

History.

158.182. Definitions for KRS 158.181 to 158.187.

As used in KRS 158.181 to 158.187, unless the context requires otherwise:

(1) "Establishment clause" means the portion of the First Amendment to the United States Constitution that forbids laws respecting an establishment of religion;

(2) "Free exercise clause" means the portion of the First Amendment to the United States Constitution that forbids laws prohibiting the free exercise of religion;

(3) "Free speech clause" means the portion of the First Amendment to the United States Constitution that forbids laws abridging the freedom of speech;

(4) "Public school" means any school that is operated by the state, a political subdivision of the state, or a governmental agency within the state; and

(5) "Student" means an individual attending a public school.

158.183. Prohibited acts by students — Rights of student — Duties of local board of education — Administrative remedies.

(1) Consistent with the Constitutions of the United States of America and the Commonwealth of Kentucky,

a student shall have the right to carry out an activity described in any of paragraphs (a) to (j) of subsection (2) of this section, if the student does not:

- (a) Infringe on the rights of the school to:
 1. Maintain order and discipline;
 2. Prevent disruption of the educational process; and
 3. Determine educational curriculum and assignments;
- (b) Harass other persons or coerce other persons to participate in the activity; or
- (c) Otherwise infringe on the rights of other persons.

(2) Consistent with the Constitutions of the United States of America and the Commonwealth of Kentucky, and subject to the provisions of subsection (1) of this section, a student shall be permitted to voluntarily:

(a) Pray or engage in religious activities in a public school, vocally or silently, alone or with other students to the same extent and under the same circumstances as a student is permitted to vocally or silently reflect, meditate, speak on, or engage in nonreligious matters alone or with other students in the public school;

(b) Express religious or political viewpoints in a public school to the same extent and under the same circumstances as a student is permitted to express viewpoints on nonreligious or nonpolitical topics or subjects in the school;

(c) Express religious or political viewpoints in classroom, homework, artwork, and other written and oral assignments free from discrimination or penalty based on the religious or political content of the submissions;

(d) Speak to and attempt to discuss religious or political viewpoints with other students in a public school to the same extent and under the same circumstances as a student is permitted to speak to and attempt to share nonreligious or nonpolitical viewpoints with other students. However, any student may demand that this speech or these attempts to share religious or political viewpoints not be directed at him or her;

(e) Distribute religious or political literature in a public school, subject to reasonable time, place, and manner restrictions to the same extent and under the same circumstances as a student is permitted to distribute literature on nonreligious or nonpolitical topics or subjects in the school;

(f) Display religious messages on items of clothing to the same extent that a student is permitted to display nonreligious messages on items of clothing;

(g) Access public secondary school facilities during noninstructional time as a member of a religious student organization for activities that may include prayer, Bible reading, or other worship exercises to the same extent that members of nonreligious student organizations are permitted access during noninstructional time;

(h) Use school media, including the public address system, the school newspaper, and school bulletin boards, to announce student religious meetings to the same extent that a student is permitted to use school media to announce student nonreligious meetings;

(i) Meet as a member of a religious student group during noninstructional time in the school day to the same extent that members of nonreligious student groups are permitted to meet, including before and after the school day; and

(j) Be absent, in accordance with attendance policy, from a public school to observe religious holidays and participate in other religious practices to the same extent and under the same circumstances as a student is permitted to be absent from a public school for nonreligious purposes.

(3) Consistent with its obligations to respect the rights secured by the Constitutions of the United States of America and the Commonwealth of Kentucky, a local board of education shall ensure that:

(a)1. The selection of students to speak at official events is made without regard to the religious or political viewpoint of the student speaker;

2. The prepared remarks of the student are not altered before delivery, except in a viewpoint-neutral manner, unless requested by the student. However, student speakers shall not engage in speech that is obscene, vulgar, offensively lewd, or indecent; and

3. If the content of the student's speech is such that a reasonable observer may perceive affirmative school sponsorship or endorsement of the student speaker's religious or political viewpoint, the school shall communicate, in writing, orally, or both, that the student's speech does not reflect the endorsement, sponsorship, position, or expression of the school;

(b) Religious and political organizations are allowed equal access to public forums on the same basis as nonreligious and nonpolitical organizations; and

(c) No recognized religious or political student organization is hindered or discriminated against in the ordering of its internal affairs, selection of leaders and members, defining of doctrines and principles, and resolving of organizational disputes in the furtherance of its mission, or in its determination that only persons committed to its mission should conduct these activities.

(4) Consistent with its obligations to respect the rights secured by the Constitutions of the United States of America and the Commonwealth of Kentucky, a local board of education shall permit public schools in the district to sponsor artistic or theatrical programs that advance students' knowledge of society's cultural and religious heritage, as well as provide opportunities for students to study and perform a wide range of music, literature, poetry, and drama.

(5) No action may be maintained under KRS 158.181 to 158.187 unless the student has exhausted the following administrative remedies;

(a) The student or the student's parent or guardian shall state his or her complaint to the school's principal. The principal shall investigate and take appropriate action to ensure the rights of the student are resolved within seven (7) days of the date of the complaint;

(b) If the concerns are not resolved, then the student or the student's parent or guardian shall

make a complaint in writing to the superintendent with the specific facts of the alleged violation;

(c) The superintendent shall investigate and take appropriate action to ensure that the rights of the student are resolved within thirty (30) days of the date of the written complaint; and

(d) Only after the superintendent's investigation and action may a student or the student's parent or legal guardian pursue any other legal action.

158.188. Teaching activities permitted in the secular study of religion with the use of the Bible or other scripture

A teacher in a public school shall be permitted to:

(1) Teach about religion with the use of the Bible or other scripture, but without providing religious instruction, for the secular study of:

- (a) The history of religion;
- (b) Comparative religions;
- (c) The Bible as literature;
- (d) The role of religion in the history of the United States and other countries; and

(e) Religious influences on art, music, literature, and social studies; and

(2) Teach about religious holidays, including religious aspects, and celebrate the secular aspects of holidays.

Analysis

1. Injunction for Enforcement.
2. Bible.

1. Injunction for Enforcement.

An injunction should have been issued by the Circuit Court prohibiting school officers, including the board of education, from violating this section, expending public school funds for religious or sectarian purposes, keeping sectarian periodicals in and about the libraries of the county schools and stopping the operating of public school buses on religious holidays not legalized as state or national holidays. *Wooley v. Spalding*, 293 S.W.2d 563, 1956 Ky. LEXIS 73 (Ky. 1956).

2. Bible.

Legislative Research Commission Note.

(9/30/99). This statute was created by a joint resolution of the 1988 Regular Session of the General Assembly and was previously carried as an LRC Note under KRS 158.010. Because the enactment is permanent in nature, see KRS 7.131(2), the Reviser of Statutes has codified this text as KRS 158.194 under KRS 7.136(1)(a).

158.195. Display of national motto in public elementary and secondary schools — Reading and posting in public schools of texts and documents on American history and heritage.

(1)(a) Beginning in the 2019-2020 school year, local boards shall require each public elementary and secondary school to display the national motto of the United States, “In God We Trust,” in a prominent location in the school.

(b) The display required in paragraph (a) of this subsection may take the form of but is not limited to a mounted plaque or student artwork.

(c) For purposes of this section, “prominent location” means a school entryway, cafeteria, or common area where students are likely to see the national motto.

(2) Local boards may allow any teacher or administrator in a public school district of the Commonwealth to read or post in a public school building, classroom, or event any excerpts or portions of: the national motto; the national anthem; the pledge of allegiance; the preamble to the Kentucky Constitution; the Declaration of Independence; the Mayflower Compact; the writings, speeches, documents, and proclamations of the founding fathers and presidents of the United States; United States Supreme Court decisions; and acts of the United States Congress including the published text of the Congressional Record. There shall be no content-based censorship of American history or heritage in the Commonwealth based on religious references in these writings, documents, and records.

158.196. Instructional materials standards and concepts — Documents and speeches to be included.

(1) A public school or public charter school shall provide instruction and instructional materials that are aligned with the social studies academic standards adopted in accordance with KRS 158.6453 and consistent with the following concepts:

(a) All individuals are created equal;

(b) Americans are entitled to equal protection under the law;

(c) An individual deserves to be treated on the basis of the individual’s character;

(d) An individual, by virtue of the individual’s race or sex, does not bear responsibility for actions committed by other members of the same race or sex;

(e) The understanding that the institution of slavery and post-Civil War laws enforcing racial segregation and discrimination were contrary to the fundamental American promise of life, liberty, and the pursuit of happiness, as expressed in the Declaration of Independence, but that defining racial disparities solely on the legacy of this institution is destructive to the unification of our nation;

(f) The future of America’s success is dependent upon cooperation among all its citizens;

(g) Personal agency and the understanding that, regardless of one’s circumstances, an American has the ability to succeed when he or she is given sufficient opportunity and is committed to seizing that opportunity through hard work, pursuit of education, and good citizenship; and

(h) The significant value of the American principles of equality, freedom, inalienable rights, respect for individual rights, liberty, and the consent of the governed.

(2) Nothing in subsection (1) of this section shall be construed to restrict a public school or public charter school from providing instruction or using instructional materials that include:

(a) The history of an ethnic group, as described in textbooks and instructional materials adopted by a school district;

(b) The discussion of controversial aspects of history; or

(c) The instruction and instructional materials on the historical oppression of a particular group of people.

(3)(a) Notwithstanding the every six (6) year schedule set forth in KRS 158.6453 (2)(a), no later than July 1, 2023, the Kentucky Department of Education shall incorporate fundamental American documents and speeches into the grade-level appropriate middle

and high school social studies academic standards and align corresponding assessments, including but not limited to:

1. The Mayflower Compact;
2. The Declaration of Independence;
3. The Constitution of the United States;
4. The Federalist No. 1 (Alexander Hamilton);
5. The Federalist Nos. 10 and 51 (James Madison);
6. The June 8, 1789, speech on amendments to the Constitution of the United States by James Madison;
7. The first ten (10) amendments to the Constitution of the United States, also known as the Bill of Rights;
8. The 1796 Farewell Address by George Washington;
9. The United States Supreme Court opinion in *Marbury v. Madison*, 5 U.S. 137 (1803);
10. The Monroe Doctrine by James Monroe;
11. What to the Slave is the Fourth of July? speech by Frederick Douglass;
12. The United States Supreme Court opinion in *Dred Scott v. Sandford*, 60 U.S. 393 (1857);
13. Final Emancipation Proclamation by Abraham Lincoln;

158.197. Elective course on religious scripture — Purpose — Restrictions — School council or governing body authorized to display historic religious and non-religious artifacts, monuments, symbols, and texts in conjunction with course of study.

(1) A school-based decision making council under administrative regulations of the Kentucky Board of Education may offer students in grade nine (9) or above:

- (a) An elective social studies course on the Hebrew Scriptures, Old Testament of the Bible;
- (b) An elective social studies course on the New Testament of the Bible; or
- (c) An elective social studies course on the Hebrew Scriptures and the New Testament of the Bible.

(2) The purpose of a course under this section is to:

- (a) Teach students knowledge of biblical content, characters, poetry, and narratives that are prerequisites to understanding contemporary society and culture, including literature, art, music, mores, oratory, and public policy; and
- (b) Familiarize students with, as applicable:
 1. The contents of the Hebrew Scriptures or New Testament;
 2. The history of the Hebrew Scriptures or New Testament;
 3. The literary style and structure of the Hebrew Scriptures or New Testament; and
 4. The influence of the Hebrew Scriptures or New Testament on law, history, government, literature, art, music, customs, morals, values, and culture.

(3) A student shall not be required to use a specific translation as the sole text of the Hebrew Scriptures or New Testament and may use as the basic textbook a different translation of the Hebrew Scriptures or New Testament from that chosen by the school council.

(4) A course offered under this section shall follow applicable law and all federal and state guidelines in maintaining religious neutrality and accommodating the diverse religious views, traditions, and perspectives of students in the school. A course under this section shall not endorse, favor, or promote, or disfavor or show hostility toward, any particular religion or nonreligious faith or religious perspective. A school-based decision making council, in complying with this section, shall not violate any provision of the United States Constitution or federal law, the Kentucky Constitution or any state law, or any administrative regulations of the United States Department of Education or the Kentucky Department of Education.

(5) Any school council organized pursuant to KRS 160.345 or, if none exists, the principal, may authorize the display of historic artifacts, monuments, symbols, and texts, including but not limited to religious materials, in conjunction with a course of study that includes an elective course in history, civilization, ethics, comparative religion, literature, or other subject area

that uses such artifacts, monuments, symbols, and texts as instructional material if the display is:

- (a) Appropriate to the overall educational purpose of the course; and
- (b) Consistent with the requirements of KRS 42.705.

OPINIONS OF ATTORNEY GENERAL.

This section is permissive, not mandatory. OAG 60-953.

The State Department of Education has no responsibility for released time religious instruction carried on by a school board in cooperation with churches in the school district. OAG 73-481.

Sections KRS 158.200 to 158.260 do not authorize the releasing of pupils for moral instruction on any basis other than one hour per week and thus a release on an accumulated basis, though equivalent, violates the statutes. OAG 75-218.

158.210. Survey of desire for moral instruction may be made.

The board of education of each school district may authorize a complete survey of all the pupils attending the public schools within the district and determine those pupils who desire moral instruction and have the consent of parent or guardian for the instruction.

History.

4363-7b; amend. Acts 1990, ch. 476, Pt. IV, § 207, effective July 13, 1990.

OPINIONS OF ATTORNEY GENERAL.

Students who have been excused from school to attend religious instruction, in accordance with the provisions of KRS 158.210 to 158.260, may be considered in attendance at the public schools for purposes of the Minimum Foundation Program. OAG 66-116.

158.220. Time allowed for moral instruction in suitable place.

The boards of education shall allow pupils who have expressed a desire for moral instruction to be excused for at least one (1) hour, one (1) day each week to attend their respective places of worship or some other suitable place to receive moral instruction in accordance with the religious faith or preference of the pupils.

Illinois ex rel. McCollum v. Bd. of Educ., 333 U.S. 203, 68 S. Ct. 461, 92 L. Ed. 649, 1948 U.S. LEXIS 2451, 2 A.L.R.2d 1338 (1948); Wooley v. Spalding, 293 S.W.2d 563, 1956 Ky. LEXIS 73 (Ky. 1956).

OPINIONS OF ATTORNEY GENERAL.

Under this section the Church of the Good Shepherd could, on a released time basis, provide confirmation instruction of one (1) hour each week in parish buildings to students attending the public school system. OAG 61-508.

The Legislature intended that the students be released from school for one (1) hour a week to go to religious instruction conducted by religious organizations of their faith without any coercion by teachers or school administration. OAG 63-937.

Whether students will actually be excused to receive moral instruction at a parochial school is discretionary with the board of education. OAG 66-116.

Under this section a local school board has authority to excuse students for organized religious services or instruction but that authority is limited to one (1) day per week and to a number of hours to be established by the board within the limits prescribed, the minimum being one (1) hour and the maximum determined by the length of the services or instruction. OAG 68-254.

Sections KRS 158.200 to 158.260 do not authorize the releasing of pupils for moral instruction on any basis other than one (1) hour per week, and thus a release on an accumulated basis, though equivalent, violates this section. OAG 75-218.

This section prohibits the use of public school buildings for moral instruction classes, irrespective of whether or not rent is paid for the use of the premises. OAG 75-595.

Whether students will actually be excused to receive moral instruction at a parochial school is discretionary with the board of education. OAG 66-116.

158.240. Credit for moral instruction.

Pupils who attend the classes for moral instruction at the time specified and for the period fixed shall be credited with the time spent as if they had been in actual attendance in school, and the time shall be calculated as part of the actual school work required by KRS 158.060. The pupil shall not be penalized for any school work missed during the specified time.

OPINIONS OF ATTORNEY GENERAL.

Students who have been excused from school to attend religious instruction, in accordance with the provisions of KRS 158.210 to 158.260, may be considered in attendance at the public schools for purposes of the Minimum Foundation Program. OAG 66-116.

It is impermissible for a teacher incorporating classroom participation as part of the overall academic grade to give a student a lower grade in a course than he earned while in class for failure to participate in class on days when he was absent under a legitimate excused absence. OAG 79-539.

A school board may not adopt a plan to deduct points from a student's final grade for each unexcused absence. Despite the board's stated intent to act in the best interest of the students, the deduction of five (5) points from a pupil's final grade is a penalty. Such a penalty, in the guise of an incentive to get children to attend school, is not permissible; providing an opportunity for a student to make up the points does not change this conclusion — it is still an impermissible penalty. OAG 96-28.

A school board's decision not to differentiate between excused and unexcused absences was fatal to its policy of withholding promotion to the next level from students for failure to make up absences in excess of an approved number of days. OAG 96-28.

158.250. Activities for nonparticipants in moral instruction classes.

Any pupil who does not participate in the moral instruction shall remain in school during the time when the instruction is being given, and shall take noncredit enrichment courses or participate in educational activities not required in the regular curriculum, and that time shall be calculated as part of the actual schoolwork required by KRS 158.060. Students of different grade levels may be placed into combined classrooms in accordance with maximum class size allotments as described in KRS 157.360. As used in KRS 156.476, 158.282, 161.051, and this section:

- (1) "Braille" means the system of reading and writing through touch commonly known as Standard English Braille;
- (2) "Individualized education program (IEP)" means a written statement developed for an exceptional student eligible for special education services in accordance with administrative regulations promulgated pursuant to KRS 157.200 to 157.290;
- (3) "Blind student" means a student between the ages of three (3) and twenty-one (21) for whom an individualized education program is required and who:
 - (a) Has a visual acuity of 20/200 or less in the better eye with correcting lenses or has a limited field of vision such that the widest diameter subtends an angular distance of no greater than twenty degrees; or

(b) Has a medically indicated expectation of visual deterioration which would bring the student within the provisions of subsection (3)(a) of this section; or

(c) Functions as if he is blind even though the student may not technically meet the visual acuity or medical standards set forth in this subsection.

(1) The purpose of KRS 156.476, 158.281, 161.051, and this section shall be to assure, to the maximum extent possible, that all blind students shall be instructed in the use of braille.

(2) The written individualized education program for each exceptional student, as promulgated by administrative regulation, shall also include the following assessment for blind students:

(a) A braille skills inventory, including an assessment of the student's strengths and weaknesses;

(b) A statement as to whether the use of braille shall be that student's primary mode of communication;

(c) The date on which braille instruction shall begin;

(d) The length of the period of instruction, and the frequency and duration of each instructional session; and

(e) The level of competency in braille reading and writing to be achieved, and the assessment measures to be used in determining if that level has been achieved.

(3) Braille instruction and use shall not be required by this section if, during the course of developing the blind student's individualized educational program, the members of the Administrative Admission and Release Committee as established for this purpose, pursuant to administrative regulations, concur that the student shall not be required to learn to read and write braille. In reaching its decision, the committee shall consider the student's reading readiness, functional reading skills, reading comprehension rate and stamina, functional writing skills, communication skills, eye condition and prognosis, and functional vision and tactile discrimination skills. Upon reaching this determination the committee shall write into the individualized education program of a blind student, the factors and evidence considered by the committee in reaching its decision.

(4) Nothing in this section shall require the exclusive use of instruction in braille if other methods of reading and writing may also be learned by the student.

No public school shall promote or engage in a schoolwide fundraising project without the prior approval of the local board of education.

(2) Nothing in this section shall prohibit student participation in classes in which salesmanship is an integral part of the prescribed curriculum.

OPINIONS OF ATTORNEY GENERAL.

The phrase "schoolwide fund raising project" refers to each individual school or school building, and not the schools collectively within a school system, and only when the solicitation affects the entire school, not necessarily a percentage of the students participating, i.e., when the classes, clubs and organizations, etc., solicit or participate in a fund-raising activity, the profits from which will go to purchase an item for the school, then such a fund raising activity would need to be approved by the local board of education. OAG 78-508.

The prohibition of subsection (1) of this section does not reach participation or involvement in voluntary extracurricular activities sponsored or endorsed by a local school system. OAG 79-330.

The fact that school children participate during nonschool hours in Booster Club activities, or that the activity takes place on school property with prior approval of the local board, does not require the school board to approve of the Booster Club fund raising activity even if it is a so-called "school wide fund raising project." OAG 79-556.

158.301. Legislative findings on skin cancer risks — Schools encouraged to educate students on risks of exposure to ultraviolet rays.

(1) The General Assembly finds that:

(a) The chief cause of skin cancer is exposure to ultraviolet rays from natural sunlight and artificial sources;

(b) According to the American Cancer Society, skin cancer is one (1) of the most common types of cancer in the United States, with one (1) in five (5) Americans developing skin cancer in his or her lifetime and one (1) American dying from skin cancer every hour;

(c) The lifetime risk of getting skin cancer is linked to sun exposure and sunburn during childhood and adolescence;

(d) World and national health organizations have published guidelines or instructional materials regarding sun safety and skin cancer prevention for schools; and

(e) Schools have the potential to positively influence pupil behavior regarding skin cancer prevention.

(2) The General Assembly hereby encourages each public school to provide age-appropriate education to all students on the risks associated with exposure to ultraviolet rays from natural sunlight and artificial sources.

(a) The education should be included within the existing health curriculum as required by KRS 156.160(1)(a) and in accordance with the curriculum policy adopted by the school-based decision making council or, if none exists, by the school principal.

(b) The education should be consistent with guidelines published by world or national health organizations and should include, but not be limited to:

1. The facts and statistics about skin cancer;
2. The cause and impact of skin cancer; and
3. Strategies and behaviors to reduce individual risks for skin cancer.

(c) The Kentucky Department of Education shall provide instructional resources, including information from national standards and health organizations.

158.302. Cardiopulmonary resuscitation on training required for high school students.

(1) The General Assembly hereby finds that training Kentucky students in cardiopulmonary resuscitation procedures will:

(a) Increase students' ability to respond to emergency situations at school, home, and public places;

(b) Benefit Kentucky communities by rapidly increasing the number of people ready to respond to sudden cardiac arrest, a leading cause of death in the United States; and

(c) Assist students in becoming responsible citizens consistent with the goals established in KRS 158.6451.

(2) Every public high school shall provide cardiopulmonary resuscitation training to students as part of the health course or the physical education course that is required for high school graduation or the Junior Reserve Officers Training Corps course that meets the physical education requirement. The training shall:

(a) Be based on the American Heart Association's Guidelines for CPR and Emergency Cardiovascular Care or other nationally recognized, evidenced-based guidelines;

(b) Incorporate psychomotor skills training to support cognitive learning; and

(c) Make students aware of the purpose of an automated external defibrillator and its ease and safety of use.

(3) The training does not have to be provided by a certified instructor or result in students being certified in cardiopulmonary resuscitation.

(4) A school administrator may waive the requirement that a student receive instruction under subsection (2) of this section if the student has a disability or is physically unable to perform the psychomotor skills component of the instruction required.

(5) This section shall not be construed to require a school to have an automated external defibrillator on its premises, although having one available for emergencies is encouraged.

(1) As used in this section:

(a) "Aphasia" means a condition characterized by either partial or total loss of the ability to communicate verbally or through written words. A person with aphasia may have difficulty speaking, reading, writing, recognizing the names of objects, or understanding what other people have said. The condition may be temporary or permanent and does not include speech problems caused by loss of muscle control;

(b) "Dyscalculia" means the inability to understand the meaning of numbers, the basic operations of addition and subtraction, the complex operations of multiplication and division, or to apply math principles to solve practical or abstract problems;

(c) "Dysgraphia" means difficulty in automatically remembering and mastering the sequence of muscle motor movements needed to accurately write letters or numbers;

(d) "Dyslexia" has the same meaning as in KRS 158.307;

(e) "Enrichment program" means accelerated intervention within the school day or outside of the school day or school calendar led by individuals most qualified to provide the intervention that includes evidence-based reading instructional programming related to reading instruction in the areas of phone-

mic awareness, phonics, fluency, vocabulary, and comprehension, and other instructional strategies aligned to reading and writing standards required by KRS 158.6453 and outlined in administrative regulation promulgated by the Kentucky Board of Education;

(f) “Evidence-based” has the same meaning as in 20 U.S.C. sec. 7801(21);

(g) “Phonemic awareness” has the same meaning as in KRS 158.307;

(h) “Reading diagnostic assessment” has the same meaning as in KRS 158.792;

(i) “Reading improvement plan” means an accelerated intervention plan for a student in kindergarten through grade four (4) that is developed to increase a student’s rate of progress toward proficient performance in reading that is identified as necessary based on the student’s results on an approved reading diagnostic assessment. This plan should be developed in collaboration and accordance with any existing program services plan, individualized education program, or Section 504 Plan unless the program services plan, individualized education program, or Section 504 Plan already addresses improving reading;

(j) “Reading improvement team” means a team that develops and oversees the progress of a reading improvement plan and includes:

1. The parent or guardian of the student that is the subject of the reading improvement plan;

2. No less than one (1) regular education teacher of the student to provide information about the general curriculum for same-aged peers;

3. A representative of the local education agency who is knowledgeable about the reading curriculum and the availability of the evidence-based literacy resources of the local education agency; and

4. Any specialized certified school employees for students receiving language instruction educational programming or special education services; and

(k) “Universal screener” means a process of providing a brief assessment to all students within a grade level to assess the students’ performance on the essential components of reading.

(2) Notwithstanding any other statute or administrative regulation to the contrary, the Kentucky Board of Education shall promulgate administrative regulations to further define a multitiered system of supports for district-wide use of a system for students in kindergarten through grade three (3), that includes a tiered continuum of interventions with varying levels of intensity and duration and which connects general, compensatory, and special education programs to provide interventions implemented with fidelity to evidence-based research and matched to individual student strengths and needs. At a minimum, evidence of implementation shall be submitted by the district to the department by October 1 of each year and shall include but not be limited to the activities required under KRS 158.649.

(3) The Department of Education shall provide technical assistance and training, if requested by a local

district, to assist in the implementation of the district-wide, multitiered system of supports as a means to identify and assist any student experiencing difficulty in reading, writing, mathematics, or behavior and to determine appropriate instructional modifications needed by advanced learners to make continuous progress.

(4) The technical assistance and training shall be designed to improve:

- (a) The use of specific screening processes and programs to identify student strengths and needs;

- (b) The use of screening data for designing instructional interventions;

- (c) The use of multisensory instructional strategies and other interventions validated for effectiveness by evidence-based research;

- (d) Progress monitoring of student performance; and

- (e) Accelerated, intensive, direct instruction that addresses students’ individual differences, including advanced learners, and enables students that are experiencing difficulty to catch up with typically performing peers.

(5)(a) By January 1, 2023, each superintendent or public charter school board of directors shall select:

1. At least one (1) universal screener for reading that is determined by the department to be reliable and valid to be administered to all students in kindergarten through grade three (3); and

2. At least one (1) reading diagnostic assessment for reading that is determined by the department to be reliable and valid to be administered as part of a multitiered system of supports for students in kindergarten through grade three (3).

(b) Notwithstanding KRS 158.6453(19) and 160.345, each superintendent or public charter school board may adopt a common comprehensive reading program that is determined by the department to be reliable, valid, and aligned to reading and writing standards required by KRS 158.6453 and outlined in administrative regulation promulgated by the Kentucky Board of Education for kindergarten through grade three (3) for all schools or a subset of schools, with consultation of all affected elementary school councils.

(c) All teachers of students in kindergarten through grade three (3), including public charter school teachers, shall be trained on any reading diagnostic assessment and universal screener selected by the superintendent or public charter school board prior to administration of the assessment. The training shall address:

1. How to properly administer the reading diagnostic assessment;

2. How to interpret the results of the reading diagnostic assessment to identify students needing interventions;

3. How to use the assessment results to design instruction and interventions;

4. The use of the assessment to monitor the progress of student performance; and

5. The use of accelerated, intensive, and direct instruction that addresses students’ individual differences and enables students to achieve profi-

ciency in reading, including but not limited to daily, one-on-one instruction.

(6) Beginning with the 2023-2024 school year, a universal screener determined by the Department of Education to be reliable and valid shall be:

(a) Given in the first forty-five (45) days of the school year for all kindergarten students at a public school or public charter school; and

(b) Given in the first thirty (30) days of the school year for grades one (1) through three (3) at a public school or public charter school.

(7) A reading improvement plan shall be developed and implemented by a reading improvement team for any student in kindergarten through grade three (3) identified as needing accelerated interventions to progress toward proficient performance in reading. The reading improvement plan shall require:

(a) Intensive intervention that includes effective instructional strategies and appropriate instructional materials necessary to help the student make accelerated progress toward proficient performance in reading and become ready for the next grade, including but not limited to daily, one-on-one instruction with students the most in need provided by certified teachers specifically trained to provide one-on-one instruction;

(b) A school to provide a written quarterly progress report containing the information required by paragraph (a) of this subsection to a parent or guardian of any student subject to a reading improvement plan. The written quarterly progress report for the reading improvement plan may be included in the school's existing quarterly progress report; and

(c) Individual placement decisions for children who are eligible for special education and related services to be determined by the appropriate admissions and release committee in accordance with administrative regulations promulgated by the Kentucky Board of Education.

(8) Beginning in the 2023-2024 school year, if a student's rate of progress toward proficient performance in reading needs accelerated interventions as demonstrated by the results of an approved reading diagnostic assessment, the local school district shall provide:

(a) Enrichment programs through grade three (3) using evidence-based reading instruction and other strategies;

(b) Intensive instructional services, progress monitoring measures, and supports to students through grade three (3); and

(c) Parents and legal guardians of students identified for accelerated interventions in reading in kindergarten through grade three (3) with a "Read at Home" plan, including information on how to participate in regular parent-guided home reading.

(9) Beginning in the 2024-2025 school year, if a student does not score in the proficient performance level or higher in reading, as defined in KRS 158.791(2), on the state annually required grade three (3) assessment, the local school district shall provide:

(a)1. Enrichment programs in grade four (4) using evidence-based reading instruction and other strategies; or

2. Intensive instructional services, progress monitoring measures, and supports to students in grade four (4); and

(b) Written notification of the interventions and supports described in paragraph (a) of this subsection to the parent or legal guardian of the student, including a description of proposed interventions and supports to be provided.

(10) By September 1, 2023, if funds are appropriated, the department shall establish required teacher academies or coaching models for teachers of students in prekindergarten through grade three (3). The teacher academies or coaching models shall be related to evidence-based practices in instruction, instructional materials, and assessment in reading.

(11) The department shall develop and maintain a Web-based resource providing teachers access to:

(a) Information on the use of specific screening processes and programs to identify student strengths and needs, including those for advanced learners;

(b) Current, evidence-based research and age-appropriate instructional tools that may be used for substantial, steady improvement in:

1. Reading when a student is experiencing difficulty with phonemic awareness, phonics, vocabulary, fluency, general reading comprehension, or reading in specific content areas, or is exhibiting characteristics of dyslexia, aphasia, or other reading difficulties;

2. Writing when a student is experiencing difficulty with consistently producing letters or numbers with accuracy or is exhibiting characteristics of dysgraphia;

3. Mathematics when a student is experiencing difficulty with basic math facts, calculations, or application through problem solving, or is exhibiting characteristics of dyscalculia or other mathematical difficulties; or

4. Behavior when a student is exhibiting behaviors that interfere with his or her learning or the learning of other students; and

(c) Current, evidence-based research and age-appropriate instructional tools that may be used for continuous progress of advanced learners.

(12) The department shall encourage districts to utilize both state and federal funds as appropriate to implement a district-wide multitiered system of supports.

(13) The department is encouraged to coordinate technical assistance and training on current best practice interventions with state postsecondary education institutions.

(14) The department shall collaborate with the Kentucky Collaborative Center for Literacy Development, the Kentucky Center for Mathematics, the Kentucky Center for Instructional Discipline, the Education Professional Standards Board, the Council on Postsecondary Education, postsecondary teacher education programs, and other agencies and organizations as deemed appropriate to ensure that teachers are prepared to utilize evidence-based interventions in reading, writing, mathematics, and behavior.

(15) In compliance with 20 U.S.C. sec. 1414(a)(1)(E), screening of a student to determine appropriate in-

structional strategies for curriculum implementation shall not be considered to be an evaluation for eligibility for special education and related services and nothing in this section shall limit a school district from completing an initial evaluation of a student suspected of having a disability.

158.307. Dyslexia toolkit to assist school districts in instructing students with dyslexia — Professional development related to dyslexia — Local board of education policy to identify and assist students in kindergarten through grade three with dyslexia — Annual report — Study project.

(1) As used in this section:

(a) “Dyslexia” means a specific learning disability that is neurological in origin. It is characterized by difficulties with accurate or fluent word recognition and by poor spelling and decoding abilities. These difficulties typically result from a deficit in the phonological component of language that is often unexpected in relation to other cognitive abilities and the provision of effective classroom instruction. Secondary consequences may include problems in reading comprehension and reduced reading experience that can impede the growth of vocabulary and background knowledge;

(b) “Evidence-based” has the same meaning as in 20 U.S.C. sec. 7801(21); and

(c) “Phonemic awareness” means the ability to recognize that a spoken word consists of a sequence of individual sounds and the ability to manipulate individual sounds in speaking.

(2) By January 1, 2019, the Department of Education shall make available a dyslexia toolkit that includes guidance, technical assistance, and training to assist all local school districts in the implementation of evidence-based practices for instructing students identified with or displaying characteristics of dyslexia.

(3) The dyslexia toolkit shall include but not be limited to the following guidance for local districts targeting students in kindergarten through grade three (3) who have been identified with or displaying characteristics of dyslexia:

(a) Evidence-based practices designed specifically for students with dyslexia;

(b) Characteristics of targeted instruction for dyslexia;

(c) Guidance on developing instructional plans for students with dyslexia;

(d) Best practices toward meaning-centered reading and writing;

(e) Structured multisensory and literacy approaches to teaching language and reading skills; and

(f) Suggested professional development activities.

(4) The department shall collaborate with the Education Professional Standards Board, Council on Post-secondary Education, and other groups as necessary to improve and update professional development opportunities for teachers specifically related to dyslexia. Professional development opportunities may focus on:

(a) Development and ongoing implementation of training and coaching for teachers;

(b) Identifying high-quality trainers to provide support to local districts utilizing a coaching model to develop building level dyslexia experts;

(c) Developing awareness training modules for all instructional staff to include information about characteristics of dyslexia; and

(d) Evidence-based interventions, structured multisensory and literacy approaches to teach language and reading skills, and accommodations for dyslexia and other specific learning disabilities.

(5) Each local board of education may develop a policy addressing the implementation of a program for the identification of and strategies for assisting students in kindergarten through grade three (3) with dyslexia.

(6) The local board policies may include but not be limited to:

(a) The definition and characteristics of dyslexia;

(b) A process for identifying students who are displaying characteristics of dyslexia;

(c) A process for the utilization of evaluation tools to accurately identify students who are displaying characteristics of dyslexia. Any qualified dyslexia evaluation tool utilized by a local district shall address but not be limited to the following components:

1. Phonological awareness and phonemic awareness;

2. Sound symbol recognition;

3. Alphabet knowledge;

4. Decoding skills;

5. Encoding skills; and

6. Rapid naming;

(d) A process for how evaluation tools are administered and evaluated by trained district personnel or licensed professionals;

(e) A process for outreach to parents of students identified with or displaying the characteristics of dyslexia with information and resource materials and how dyslexia may be addressed in the student’s educational setting;

(f) Identification of evidence-based interventions, structured multisensory and literacy approaches to teach language and reading skills, and accommodations that schools may utilize to provide services to students identified as having dyslexia; and

(g) A process for monitoring a student's progress after the positive identification, including assessments to ascertain whether the intervention services improve the student's language processing and reading skills.

(7) By June 30 of each year, each local school district that developed a policy addressing the implementation of a program for the identification of and strategies for assisting students in kindergarten through grade three (3) with dyslexia shall provide the department the following data for the current school year:

(a) The number of students in kindergarten through grade three (3) that were identified as displaying characteristics of dyslexia;

(b) The number of students in paragraph (a) of this subsection that were identified through the response-to-intervention process;

(c) The number of students in kindergarten through grade three (3) that were evaluated for dyslexia;

(d) The number of students in kindergarten through grade three (3) that were identified with dyslexia;

(e) The dyslexia evaluation tools used to identify students;

(f) The number of students in kindergarten through grade three (3) that were participating in interventions within the school setting;

(g) The process or tools used to evaluate student progress; and

(h) The number of trained district personnel or licensed professionals used to administer the dyslexia evaluation tools.

(8)(a) The department shall establish a study project to gather information on early screening and intervention services for children with characteristics of dyslexia. The commissioner of education shall select three (3) school districts to participate in the study project, one (1) of which shall be located in an urban setting, one (1) of which shall be located in a suburban setting, and one (1) of which shall be located in a rural setting.

(b) The department shall establish guidelines and procedures for the study project.

(c) The study project shall operate for three (3) full school years, beginning with the school year that begins at least three (3) months after July 14, 2018.

(d) The goal of the study project shall be to evaluate the effectiveness of early reading assistance programs for children with characteristics of dyslexia.

(e) The commissioner may consult with recognized organizations that specialize in structured literacy programs for the treatment of dyslexia in establishing and operating the study project.

(f) The department shall submit a final report outlining the findings of the study to the Interim Joint Committee on Education by November 1 after the final academic year of the study project.

SCHOOL SAFETY AND SCHOOL DISCIPLINE

158.440. Legislative findings on school safety and order.

The General Assembly finds that:

(1) Every student should have access to a safe, secure, and orderly school that is conducive to learning;

(2) All schools and school districts must have plans, policies, and procedures dealing with measures for assisting students who are at risk of academic failure or of engaging in disruptive and disorderly behavior; and

(3) State and local resources are needed to enlarge the capacities for research, effective programming, and program evaluation that lead to success in addressing safety and discipline within the schools.

NOTES TO UNPUBLISHED DECISIONS

1. Immunity.

School principal was not entitled to qualified immunity in a personal injury case because the maintenance of a parking lot

was ministerial in nature; the principal was responsible for all facets of operations at the school, and he had a ministerial duty to maintain the parking lots in a safe manner consistent with KRS 158.440(1). *Hurt v. Legislative Research Commission Notes.

(3/11/2019). 2019 Ky. Acts ch. 5, sec. 24 states that Sections 1 to 23 of that Act shall be known and may be cited as the School Safety and Resiliency Act. This statute was amended in Section 1 of that Act.

158.4410. State school security marshal, duties and responsibilities — Marshal appointed by and reporting to the commissioner of the Department of Criminal Justice Training — Annual report to the Center for School Safety, the Legislative Research Commission, and the Kentucky Board of Education — School security risk assessment tool, purpose — Areas considered when evaluating school security — Annual verification of completion of state security risk assessment — Additional mandatory training, when required.

(1) There is established within the Department of Criminal Justice Training the office of the state school security marshal. The state school security marshal shall enhance school safety by monitoring school safety and security initiatives, developing reasonable training and other guidelines, developing a school security risk assessment tool pursuant to subsection (5) of this section, and ensuring compliance with the provisions of subsection (7) of this section and KRS 158.162(3).

(2) The office of the state school security marshal shall conduct on-site reviews to ensure compliance with subsection (7) of this section and KRS 158.162(3) as deemed necessary by the state school security marshal.

(3) The state school security marshal shall be appointed by and report to the commissioner of the Department of Criminal Justice Training.

(4) By September 1 of each year the state school security marshal shall present an annual report to the board of the Center for School Safety which shall consist of a summary of the findings and recommendations made regarding the school safety and security activity of the previous school year and other items of significance as determined by the Center for School Safety or the Department of Criminal Justice Training. Once presented, the annual report information shall also be submitted to the Legislative Research Commission and the Kentucky Board of Education.

(5) By July 1, 2020, the state school security marshal shall develop and update as necessary a school security risk assessment tool in collaboration with the Center for School Safety and the Kentucky Department of Education to be used by local school districts to identify threats, vulnerabilities, and appropriate safety controls for each school within the district. The tool shall be approved by the board of directors of the Center for School Safety pursuant to KRS 158.443(9)(b) and used by local school administrators when completing a school security risk assessment in accordance with this section.

(6) The assessment tool shall enable administrators to evaluate school security compared to best practices and standards in a minimum of the following areas:

- (a) School emergency and crisis preparedness planning;
- (b) Security, crime, and violence prevention policies and procedures;
- (c) Physical security measures;
- (d) Professional development training needs;
- (e) Support service roles in school safety, security, and emergency and crisis preparedness planning;
- (f) School resource officer staffing, operational practices, and related services;
- (g) School and community collaboration on school security; and
- (h) An analysis of the cost effectiveness of recommended physical security controls.

(7) No later than July 15, 2021, and each subsequent year, the local district superintendent shall send verification to the state school security marshal and the Kentucky Department of Education that all schools within the district have completed the school security risk assessment for the previous year. School security risk assessments shall be excluded from the application of KRS 61.870 to 61.884 pursuant to KRS 61.878(1)(m).

(8) Beginning with the 2021-2022 school year and each subsequent year, any school that has not completed a school security risk assessment in the previous year shall be required to provide additional mandatory training as established by the Department of Criminal Justice Training for all staff employed at the school.

History.

2019 ch. 5, § 4, effective March 11, 2019.

158.4412. Appointment of district's school safety coordinator — School safety coordinator's functions and duties — Policies and procedures excluded from application of KRS 61.870 to 61.884 — Limitation of civil and criminal liability for school district, school safety coordinator, and school employees acting in good faith.

(1) Beginning with the 2019-2020 school year, each local school district superintendent shall appoint an individual to serve as the district's school safety coordinator and primary point of contact for public school safety and security functions.

(2) The district's school safety coordinator shall:

(a) Complete the school safety coordinator training program developed by the Center for School Safety within six (6) months of his or her date of appointment;

(b) Designate a school safety and security threat assessment team at each school of the district consisting of two (2) or more staff members in accordance with policies and procedures adopted by the local board of education to identify and respond to students exhibiting behavior that indicates a potential threat to school safety or security. Members of a threat assessment team may include school administrators, school counselors, school resource officers, school-based mental health services providers, teachers, and other school personnel;

(c) Provide training to school principals within the district on procedures for completion of the school security risk assessment required pursuant to KRS 158.4410;

(d) Review all school security risk assessments completed within the district and prescribe recommendations as needed in consultation with the state school security marshal;

(e) Advise the local school district superintendent by July 1, 2021, and annually thereafter of completion of required security risk assessments;

(f) Formulate recommended policies and procedures, which shall be excluded from the application of KRS 61.870 to 61.884, for an all-hazards approach including conducting emergency response drills for hostage, active shooter, and building lockdown situations in consultation and coordination with appropriate public safety agencies to include but not be limited to fire, police, and emergency medical services for review and adoption as part of the school emergency plan required by KRS 158.162. The recommended policies shall encourage the involvement of students, as appropriate, in the development of the school's emergency plan; and

(g) Ensure each school campus is toured at least once per school year, in consultation and coordination with appropriate public safety agencies, to review policies and procedures and provide recommendations related to school safety and security.

(3) The school district, school safety coordinator, and any school employees participating in the activities of a school safety and security threat assessment team, acting in good faith upon reasonable cause in the identification of students pursuant to subsection (2)(b) of this section shall be immune from any civil or criminal liability that might otherwise be incurred or imposed from:

(a) Identifying the student and implementing a response pursuant to policies and procedures adopted under subsection (2)(b) of this section; or

(b) Participating in any judicial proceeding that results from the identification.

History.

2019 ch. 5, § 5, effective March 11, 2019; 2020 ch. 5, § 2, effective February 21, 2020.

158.4414. Cooperation of school personnel with local and state law enforcement agencies in efforts to assign certified school resource officers to each campus as funds and personnel become available — Memorandum of understanding between local boards of education and law enforcement agencies or the Kentucky State Police — Policies and procedures stating the purpose of the school resource officer program and defining roles and expectations — School resource officer to be armed with firearm — Promulgation of administrative regulations establishing levels of training for certification of school resource officers — Course curriculum, specifications for training requirements, and consequences for deficiencies in required training — Officers to regain certification status upon completion of training deficiency — Local school district superintendents to report annually to the Center for School Safety upon the number and placement of school resource officers in the district, source of funding, and methods of employment for each position.

(1) Local boards of education, school district superintendents, administrators of state-controlled facilities, and local and state law enforcement agencies shall cooperate to assign, by August 1, 2022, one (1) or more certified school resource officers to serve each campus where one (1) or more school buildings are used to deliver instruction to students on a continuous basis.

(2) Local boards of education shall ensure, for each campus in the district, that at least one (1) certified school resource officer is assigned to and working on-site full-time in the school building or buildings on the campus. If sufficient funds and qualified personnel are not available for this purpose for every campus, the local board of education shall fulfill the requirements of this subsection on a per campus basis, as approved in writing by the state school security marshal, until a certified school resource officer is assigned to and working on-site full-time on each campus in the district.

(3) Local boards of education utilizing a school resource officer employed by a law enforcement agency or the Department of Kentucky State Police shall enter into a memorandum of understanding with the law enforcement agency or the Department of Kentucky State Police that specifically states the purpose of the school resource officer program and clearly defines the roles and expectations of each party involved in the program. The memorandum shall provide that the school resource officer shall not be responsible for school discipline matters that are the responsibility of school administrators or school employees.

(4) Local boards of education utilizing a school resource officer employed directly by the local board of education shall adopt policies and procedures that specifically state the purpose of the school resource

officer program and clearly define the roles and expectations of school resource officers and other school employees.

(5) In accordance with KRS 61.926, 527.020, and 527.070, as applicable, each school resource officer shall be armed with a firearm, notwithstanding any provision of local board policy, local school council policy, or memorandum of agreement.

(6) On or before January 1, 2020, the Kentucky Law Enforcement Council, in collaboration with the Center for School Safety, shall promulgate administrative regulations in accordance with KRS Chapter 13A to establish three (3) levels of training for certification of school resource officers first employed as a school resource officer on or after March 11, 2019: School Resource Officer Training I (SRO I), School Resource Officer Training II (SRO II), and School Resource Officer Training III (SRO III). Each level shall consist of forty (40) hours of training, with SRO I to be completed within one (1) year of the date of the officer's employment and SRO II and SRO III within the subsequent two (2) years.

(7) Course curriculum for school resource officers employed on or after March 11, 2019, shall include but not be limited to:

- (a) Foundations of school-based law enforcement;
- (b) Threat assessment and response;
- (c) Youth drug use and abuse;
- (d) Social media and cyber security;
- (e) School resource officers as teachers and mentors;
- (f) Youth mental health awareness;
- (g) Diversity and bias awareness training;
- (h) Trauma-informed action;
- (i) Understanding students with special needs; and
- (j) De-escalation strategies.

(8) Effective January 1, 2020, all school resource officers with active school resource officer certification status shall successfully complete forty (40) hours of annual in-service training that has been certified or recognized by the Kentucky Law Enforcement Council for school resource officers.

(9) In the event of extenuating circumstances beyond the control of an officer that prevent the officer from completing the in-service training within one (1) year, the commissioner of the Department of Criminal Justice Training or a designee may grant the officer an extension of time, not to exceed one hundred eighty (180) days, in which to complete the training.

(10) Any school resource officer who fails to successfully complete training requirements within the specified time periods, including any approved time extensions, shall lose his or her school resource officer certification and shall no longer serve in the capacity of a school resource officer in a school.

(11) When a school resource officer is deficient in required training, the commissioner of the Department of Criminal Justice Training or his or her designee shall notify the council, which shall notify the officer and the officer's employing agency.

(12) A school resource officer who has lost school resource officer certification due solely to the officer's failure to meet the training requirements of this section

may regain certification status as a school resource officer and may resume service in the capacity of a school resource officer in a school setting upon successful completion of the training deficiency.

(13) No later than November 1 of each year, the local school district superintendent shall report to the Center for School Safety the number and placement of school resource officers in the district. The report shall include the source of funding and method of employment for each position.

(14) Nothing in this section shall be interpreted or construed to require a local government or any of its agencies or offices to fund the school resource officer positions required of local boards of education under this section. For purposes of this subsection, “local government” has the same meaning as in KRS 65.8840.

158.4415. Kentucky State Police school resource officer (KSPSRO), specifications for employment as a school resource officer by a school district — When officer considered an employee of the school district and when an employee of the Kentucky State Police — Duties and prohibited activities — Funding of position — Rights, privileges, immunities, and matters of defense protected.

(1) A KSPSRO shall possess sworn law enforcement authority and shall be trained in school-based policing and crisis response including all training required of school resource officers. If a school district decides to utilize a KSPSRO, the school district and the officer shall first enter into a memorandum of understanding that clarifies the purpose of the KSPSRO program and the roles and expectations of the participating entities. Any contract entered into pursuant to this subsection shall include:

(a) A provision specifying that the KSPSRO shall follow the policies and procedures of the Department of Kentucky State Police and shall abide by federal, state, and local laws. The responsibility and decision to arrest or take other police action lies solely with the KSPSRO, respective to state law and the KSPSRO’s departmental standard operating procedures or standing order. The KSPSRO’s continual collaboration with school personnel and his or her understanding of each student’s needs may impact the decision to arrest or take other police action, but the responsibility is that of the KSPSRO;

(b) A provision stipulating that the KSPSRO shall be an employee of the school district, but shall revert to Department of Kentucky State Police employee status during such time that the KSPSRO takes police action pursuant to state or federal law. The KSPSRO shall be under the immediate supervision and direction of the Department of Kentucky State Police when taking police action;

(c) A provision stipulating that the school district shall be responsible for worker’s compensation coverage for the KSPSRO; and

(d) A provision detailing how liability coverage will be provided for any acts or omissions of the KSPSRO within the scope of his or her duties.

(2)(a) A KSPSRO shall promote the safety and security of students and school personnel during school activities and on school property.

(b) A KSPSRO may assist with supportive activities and programs, including but not limited to:

1. Planning and implementing procedures that train and drill all school personnel to respond to crisis events, control access to the school property during the school day, and close or partially close the school property after students arrive;

2. Identifying risk and protective factors of students; and

3. Coordinating nurturing intervention and prevention efforts.

(c) A KSPSRO shall not address school discipline issues that do not constitute crimes or that do not impact the immediate health or safety of the students or school personnel.

(d) A KSPSRO shall not administer formal school discipline such as detentions, suspensions, or expulsions. These decisions are the sole responsibility of school personnel.

(3) Notwithstanding KRS Chapter 11A, the KSPSRO shall wear the uniform and utilize the vehicles, firearms, ammunition, and equipment issued to him or her by the Department of Kentucky State Police or other agency-authorized clothing or equipment. In the event additional weapons or gear is utilized than that which is carried on his or her person, the storage of these items shall be defined by the Department of Kentucky State Police. If a vehicle or equipment is damaged during the scope of a KSPSRO’s secondary employment with the school district, but not while the KSPSRO is engaged in police action, the school district is responsible for restitution to the Department of Kentucky State Police.

(4) Notwithstanding subsection (2) of this section, a KSPSRO shall be deemed an employee of the Department of Kentucky State Police for all purposes whenever engaged in any police action, including arrests, searches and seizures, uses of force, issuing citations, serving warrants, pursuing suspects, or investigating criminal offenses or vehicle accidents.

(5) Nothing in this section shall be construed to require the Department of Kentucky State Police to assign or provide funding for KSPSROs.

(6) Nothing in this section shall be deemed to waive or otherwise limit the rights, privileges, immunities, and matters of defense, now available or hereafter made available, to school districts, the Department of Kentucky State Police, any local law enforcement agency, any KSPSRO, or any school resource officer in any suit brought against them in consequence of acts or omissions.

History.

2019 ch. 197, § 2, effective April 9, 2019.

158.4416. Trauma-informed approach to education — Definitions — Goals for employment of school-based counselors — School counselor or school-based mental health services provider to facilitate creation of trauma-informed team — Training and guidance of school personnel to assist in recognizing and dealing with issues of student trauma — Collaboration for provision of services between two or more school districts or between school districts and educational cooperatives, or other public or private entities — Annual report to department of number and placement of school-based mental health service providers in each district, source of funding, summary of job duties, and percentage of time devoted to each duty — Report required to Interim Joint Committee on Education — Department of Education to make available toolkits to develop trauma-informed approach in schools — Plan and strategies for implementing trauma-informed approach.

(1) For purposes of this section:

(a) “School counselor” means an individual who holds a valid school counselor certificate issued in accordance with the administrative regulations of the Education Professional Standards Board;

(b) “School-based mental health services provider” means a licensed or certified school counselor, school psychologist, school social worker, or other qualified mental health professional as defined in KRS 202A.011; and

(c) “Trauma-informed approach” means incorporating principles of trauma awareness and trauma-informed practices, as recommended by the federal Substance Abuse and Mental Health Services Administration, in a school in order to foster a safe, stable, and understanding learning environment for all students and staff and ensuring that all students are known well by at least one (1) adult in the school setting.

(2) The General Assembly recognizes that all schools must provide a place for students to feel safe and supported to learn throughout the school day, and that any trauma a student may have experienced can have a significant impact on the ability of a student to learn. The General Assembly directs all public schools to adopt a trauma-informed approach to education in order to better recognize, understand, and address the learning needs of students impacted by trauma and to foster a learning environment where all students, including those who have been traumatized, can be safe, successful, and known well by at least one (1) adult in the school setting.

(3)(a) Beginning July 1, 2021, or as funds and qualified personnel become available:

1. Each school district and each public charter school shall employ at least one (1) school counselor in each school with the goal of the school

counselor spending sixty percent (60%) or more of his or her time providing counseling and related services directly to students; and

2. It shall be the goal that each school district and each public charter school shall provide at least one (1) school counselor or school-based mental health services provider who is employed by the school district for every two hundred fifty (250) students, including but not limited to the school counselor required in subparagraph 1. of this paragraph.

(b) A school counselor or school-based mental health services provider at each school shall facilitate the creation of a trauma-informed team to identify and assist students whose learning, behavior, and relationships have been impacted by trauma. The trauma-informed team may consist of school administrators, school counselors, school-based mental health services providers, family resource and youth services coordinators, school nurses, and any other school or district personnel.

(c) Each school counselor or school-based mental health services provider providing services pursuant to this section, and the trauma-informed team members described in paragraph (b) of this subsection, shall provide training, guidance, and assistance to other administrators, teachers, and staff on:

1. Recognizing symptoms of trauma in students;

2. Utilizing interventions and strategies to support the learning needs of those students; and

3. Implementing a plan for a trauma-informed approach as described in subsection (5) of this section.

(d)1. School districts may employ or contract for the services of school-based mental health services providers to assist with the development and implementation of a trauma-informed approach and the development of a trauma-informed team pursuant to this subsection and to enhance or expand student mental health support services as funds and qualified personnel become available.

2. School-based mental health services providers may provide services through a collaboration between two (2) or more school districts or between school districts and educational cooperatives or any other public or private entities, including but not limited to local or regional mental health day treatment programs.

(e) No later than November 1, 2022, and each subsequent year, the local school district superintendent shall report to the department the number of school-based mental health service providers, the position held, placement in the district, certification or licensure held, the source of funding for each position, a summary of the job duties and work undertaken by each school-based mental health service provider, and the approximate percent of time devoted to each duty over the course of the year.

(f) The department shall annually compile and maintain a list of school-based mental health service providers by district which shall include the information required in paragraph (e) of this subsection.

(g) No later than June 1, 2023, and each subsequent year, the department shall provide the Interim

Joint Committee on Education with the information reported by local school district superintendents and compiled in accordance with paragraph (f) of this subsection.

(4) On or before July 1, 2020, the Department of Education shall make available a toolkit that includes guidance, strategies, behavioral interventions, practices, and techniques to assist school districts and public charter schools in developing a trauma-informed approach in schools.

(5) On or before July 1, 2021, each local board of education and board of a public charter school shall develop a plan for implementing a trauma-informed approach in its schools. The plan shall include but not be limited to strategies for:

(a) Enhancing trauma awareness throughout the school community;

(b) Conducting an assessment of the school climate, including but not limited to inclusiveness and respect for diversity;

(c) Developing trauma-informed discipline policies;

(d) Collaborating with the Department of Kentucky State Police, the local sheriff, and the local chief of police to create procedures for notification of trauma-exposed students; and

(e) Providing services and programs designed to reduce the negative impact of trauma, support critical learning, and foster a positive and safe school environment for every student.

158.442. Center for School Safety — Duties — School safety coordinator training program — Members of board — Center for School Safety and its board of directors not subject to reorganization by the Governor.

(1) The General Assembly hereby authorizes the establishment of the Center for School Safety. The center's mission shall be to serve as the central point for data analysis; research; dissemination of information about successful school safety and school security programs, best practices, training standards, research results, and new programs; and, in collaboration with the Department of Education and others, to provide technical assistance for safe schools.

(2) To fulfill its mission, the Center for School Safety shall:

(a) Establish a clearinghouse for information and materials concerning school violence prevention;

(b) Provide program development and implementation expertise and technical support to schools, law enforcement agencies, and communities, which may include coordinating training for administrators, teachers, students, parents, and other community representatives;

(c) Analyze the data collected in compliance with KRS 158.444;

(d) Research and evaluate school safety programs so schools and communities are better able to address their specific needs;

(e) Administer a school safety grant program for local districts as directed by the General Assembly;

(f) Promote the formation of interagency efforts to address discipline and safety issues within communities throughout the state in collaboration with other postsecondary education institutions and with local juvenile delinquency prevention councils;

(g) Prepare and disseminate information regarding best practices in creating safe and effective schools;

(h) Advise the Kentucky Board of Education on administrative policies and administrative regulations relating to school safety and security;

(i) Beginning July 1, 2020 and by July 1 of each subsequent year, provide an annual report to the Governor, the Kentucky Board of Education, and the Interim Joint Committee on Education regarding the status of school safety in Kentucky, including the number and placement of school resource officers working in school districts in Kentucky and the source of funding and method of employment for each position in accordance with KRS 158.4414;

(j) Develop and implement a school safety coordinator training program based on national and state best practices in collaboration with the Kentucky Department of Education for school safety coordinators appointed pursuant to KRS 158.4412. The training shall be approved by the board of directors of the Center for School Safety and include instruction on at least the following:

1. Policies and procedures for conducting emergency response drills using an all-hazards approach including hostage and active shooter situations;

2. Identification and response to threats to school safety and security; and

3. Preparing for, conducting, and reviewing school security risk assessments in accordance with KRS 158.4410; and

(k) Award a school safety coordinator certificate of completion to a school safety coordinator upon satisfactory completion of the training program.

(3) The Center for School Safety shall be governed by a board of directors consisting of fifteen (15) members. Members shall consist of:

(a) The commissioner or a designee of the Department of Education;

(b) The secretary or a designee of the Cabinet for Health and Family Services;

(c) The commissioner or a designee of the Department for Behavioral Health, Developmental and Intellectual Disabilities;

(d) The commissioner or a designee of the Department of Kentucky State Police;

(e) The commissioner or a designee of the Department of Criminal Justice Training;

(f) The executive director or a designee of the Kentucky Office of Homeland Security;

(g) A representative which shall be appointed by the Governor from one (1) list of three (3) names submitted by the Kentucky League of Cities;

(h) A representative which shall be appointed by the Governor from one (1) list of three (3) names submitted by the Kentucky School Boards Association;

(i) A representative which shall be appointed by the Governor from one (1) list of three (3) names submitted by the Kentucky Association of School Superintendents;

(j) A representative which shall be appointed by the Governor from one (1) list of three (3) names submitted by the Kentucky Association of School Resource Officers;

(k) A representative which shall be appointed by the Governor from one (1) list of three (3) names submitted by the Kentucky Education Association;

(l) A representative which shall be appointed by the Governor from one (1) list of three (3) names submitted by the Kentucky School Nurses Association;

(m) A representative which shall be appointed by the Governor from one (1) list of three (3) names submitted by the Kentucky Association for Psychology in the Schools;

(n) A representative which shall be appointed by the Governor from one (1) list of three (3) names submitted by the Kentucky School Counselor Association; and

(o) A representative which shall be appointed by the Governor from one (1) list of three (3) names submitted by the Kentucky Parent Teacher Association.

(4) Notwithstanding KRS 12.028, the Center for School Safety and its board of directors shall not be subject to reorganization by the Governor.

158.443. Terms of board members — Meetings — Selection of administrator for the center — Duties of board of directors.

(1) Each nonstate-government employee member of the board of directors for the Center for School Safety shall serve a term of four (4) years or until his or her successor is duly qualified. A member may be reappointed, but shall not serve more than two (2) consecutive terms.

(2) The members who are nonstate-government employees shall be reimbursed for travel, meals, and lodging and expenses relating to official duties of the board from funds appropriated for this purpose.

(3) The board of directors shall meet a minimum of four (4) times per year. The board of directors shall be attached to the Office of the Secretary of the Education and Labor Cabinet for administrative purposes.

(4) The board of directors shall annually elect a chair and vice chair from the membership. The board may form committees as needed.

(5) The board of directors shall appoint an executive director for the Center for School Safety and establish all positions for appointment by the executive director.

(6) Using a request-for-proposal process, the board of directors shall select a public university or a nonprofit education entity to administer the Center for School Safety for a period of not less than four (4) years unless funds for the center are not appropriated or the board determines that the administrator for the center is negligent in carrying out its duties as specified in the request for proposal and contract. The administrator for the center shall be the fiscal agent for the center and:

(a) Receive funds based on the approved budget by the board of directors and the General Assembly's appropriation for the center. The center shall operate within the fiscal policies of the administrator of the center and in compliance with policies established by the board of directors per the request for proposal and contract; and

(b) Employ the staff of the center who shall have the retirement and employee benefits granted other similar employees of the administrator of the center.

(7) The board of directors shall annually approve:

(a) A work plan for the center;

(b) A budget for the center;

(c) Operating policies as needed; and

(d) Recommendations for grants to local school districts and schools to assist in the development of programs and individualized approaches to work with violent, disruptive, or academically at-risk students, and consistent with provisions of KRS 158.445.

(8) The board of directors shall prepare a biennial budget request to support the Center for School Safety and to provide program funds for local school district grants.

(9) The board of directors shall additionally:

(a) Approve a school safety coordinator training program developed by the Center for School Safety in accordance with KRS 158.442;

(b) Approve a school security risk assessment tool and updates as necessary in accordance with KRS 158.4410 to be incorporated by reference within an administrative regulation promulgated in accordance with KRS Chapter 13A; and

(c) Within one (1) year of March 11, 2019, review the organizational structure and operations of the Center for School Safety and provide recommendations, as needed, for improvements in its organizational and operational performance.

(10) The board shall develop model interagency agreements between local school districts and other local public agencies, including, among others, health departments, departments of social services, mental health agencies, and courts, in order to provide cooperative services and sharing of costs for services to students who are at risk of school failure, are at risk of participation in juvenile crime, or have been expelled from the school district.

158.444. Administrative regulations relating to school safety — Role of Department of Education to maintain statewide data collection system — Reportable incidents — Annual statistical reports — Confidentiality.

(1) The Kentucky Board of Education shall promulgate appropriate administrative regulations relating to school safety, student discipline, and related matters.

(2) The Kentucky Department of Education shall:

(a) Collaborate with the Center for School Safety in carrying out the center's mission;

(b) Establish and maintain a statewide data collection system by which school districts shall report by sex, race, and grade level:

1.a. All incidents of violence and assault against school employees and students;

b. All incidents of possession of guns or other deadly weapons on school property or at school functions;

c. All incidents of the possession or use of alcohol, prescription drugs, or controlled substances on school property or at school functions; and

d. All incidents in which a student has been disciplined by the school for a serious incident, including the nature of the discipline, or charged criminally for conduct constituting a violation of any offense specified in KRS Chapter 508; KRS 525.070 occurring on school premises, on school-sponsored transportation, or at school functions; or KRS 525.080;

2. The number of arrests, the charges, and whether civil damages were pursued by the injured party;

3. The number of suspensions, expulsions, and corporal punishments; and

4. Data required during the assessment process under KRS 158.445; and

(c) Provide all data collected relating to this subsection to the Center for School Safety according to timelines established by the center.

(3) The Department of Education shall provide the Office of Education Accountability and the Education Assessment and Accountability Review Subcommittee with an annual statistical report of the number and types of incidents reported under subsection (2)(b) of this section. The report shall include all monthly data and cumulative data for each reporting year. Reportable incidents shall be grouped in the report in the same manner that the reportable incidents are grouped in subsection (2)(b)1. of this section. Data in the report shall be sorted by individual school district, then by individual schools within that district, and then by individual grades within each school. The report shall not contain information personally identifying any student. The reporting period shall be for an academic year, and shall be delivered no later than August 31 of each year.

(4) All personally identifiable student data collected pursuant to subsection (2)(b) of this section shall be

subject to the confidentiality provisions of the Kentucky Family Education Rights and Privacy Act, KRS 160.700 to 160.730, and to the federal Family Educational Rights and Privacy Act, 20 U.S.C. sec. 1232g, and its implementing regulations.

(5) Parents, legal guardians, or other persons exercising custodial control or supervision shall have the right to inspect or challenge the personally identifiable student records as permitted under the Kentucky Family Education Rights and Privacy Act and the federal Family Educational Rights and Privacy Act and implementing regulations.

(6) Data collected under this section on an individual student committing an incident reportable under subsection (2)(b)1. of this section shall be placed in the student's disciplinary record.

158.445. Local assessment of school safety and school discipline — District assessment — Local plans.

(1) Each local school shall begin an assessment of school safety and student discipline during the 1998-1999 school year including a review of the following:

(a) Reports of school incidents relating to disruptive behaviors;

(b) The school's behavior and discipline codes for clarity and appropriate notice to students and parents;

(c) The school's hierarchy of responses to discipline problems and actual disciplinary outcomes;

(d) Training needs for instructional staff in classroom management, student learning styles, and other specialized training to enhance teachers' capacity to engage students and minimize disruptive behavior;

(e) The array of school services to students at risk of academic failure, dropping out, or truancy;

(f) The engagement of parents at the earliest stages of problem behavior;

(g) Training needs for students in the development of core values and qualities of good character, anger reduction, conflict resolution, peer mediation, and other necessary skills;

(h) Training needs of parents;

(i) Existing school council policies relating to student discipline and student information;

(j) The school's physical environment;

(k) The school's student supervision plan;

(l) Existing components of the school improvement plan or consolidated plan that focus on school safety

and at-risk students, and the effectiveness of the components; and

(m) Other data deemed relevant by the school council or school administration.

A school that does not complete an assessment process shall not be eligible for funds under the state school safety grant program in 1999-2000 and subsequent years.

(2) By May 15, 1999, each local school district shall complete a district-level assessment of district-level data, resources, policies and procedures, and district-wide needs as identified from the individual school assessment process. The district shall engage local community agencies including law enforcement and the courts in the assessment process.

(3) As a result of the district assessment and analysis of data, resources, and needs, each board of education shall adopt a plan for immediate and long-term strategies to address school safety and discipline. The development of the plan shall involve at least one (1) representative from each school in the district as well as representatives from the community as a whole, including representatives from the local juvenile delinquency prevention council if a council exists in that community. The process of planning shall be determined locally depending to a large extent on the size and characteristics of the district.

(4) The district plan under subsection (3) of this section shall be the basis for any request for funds under the state school safety grant program for 1999-2000 and subsequent years. The district plan shall include the local code of acceptable behavior and discipline as required under KRS 158.148 and a description of instructional placement options for threatening or violent students.

158.4451. The Kentucky Office of Homeland Security, after collaboration with others, shall make available an anonymous reporting tool to allow students, parents, and community members to supply information about potentially harmful, dangerous, or criminal activities to public safety agencies and school officials — Goal is to facilitate widespread awareness of the reporting tool and to provide a comprehensive training and awareness program on the use of the tool.

(1) By July 1, 2019, the Kentucky Office of Homeland Security, after collaborating with the Center for School Safety, the Kentucky Department of Education, the Department of Criminal Justice Training, and the Department of Kentucky State Police, shall make available to each local school district an anonymous reporting tool that allows students, parents, and community members to anonymously supply information

concerning unsafe, potentially harmful, dangerous, violent, or criminal activities, or the threat of these activities, to appropriate public safety agencies and school officials. The reporting tool shall be accessible at least by telephone call, electronic e-mail, and a mobile device application.

(2) The reporting tool shall notify the reporting individual of the following:

(a) The reporting individual may supply the information anonymously; and

(b) If the individual chooses to disclose his or her identity, that information shall be shared with the appropriate law enforcement agency and school officials. Law enforcement and school officials shall be required to maintain the information as confidential.

(3) Information reported using the tool shall immediately be sent to the administration of each school district affected and the law enforcement agencies responsible for protection of those school districts, including but not limited to the local sheriff's office, the local city police department, and the Kentucky State Police.

(4) Law enforcement dispatch centers, school districts, schools, and other entities identified by the Kentucky Office of Homeland Security shall be made aware of the reporting tool.

(5) The Kentucky Office of Homeland Security, in collaboration with the Center for School Safety, the Kentucky Department of Education, the Department of Criminal Justice Training, and the Department of Kentucky State Police, shall develop and provide a comprehensive training and awareness program on the use of the anonymous reporting tool.

158.4461. The General Assembly finds that private financial and philanthropic support of public school districts by all members of the community fosters student success, safety, and well-being — The General Assembly encourages the organization of foundations under KRS Chapter 273 to support public school districts in any district for which no such foundation exists.

(1) The board of directors of any public school district foundation, or foundation formed exclusively to benefit a particular public school, organized as a non-stock, nonprofit corporation under KRS Chapter 273 and that is either in existence on March 11, 2019, or incorporated after March 11, 2019, may accept gifts or donations that are restricted by the grantor to be used in furtherance of lawful school safety, security, and student health purposes to the extent allowed by applicable federal tax laws. The board of directors shall use gifts or donations exclusively for the purpose for which they are granted.

(2) The General Assembly hereby finds and declares that private financial and philanthropic support of public school districts by all members of the community fosters greater student success, safety, and wellbeing. To advance these goals, the General Assembly hereby encourages the organization of foundations to support public school districts in any district for which no foundation exists on March 11, 2019, under KRS Chapter 273 relating to nonstock, nonprofit corporations.

(3) Pursuant to KRS 160.580, a local board of education may directly accept gifts or donations that are restricted by the grantor to be used in furtherance of lawful school safety, security, and student health purposes to the extent allowed by applicable laws and shall use any accepted gift or donation for the purpose for which it was granted.

LOCAL SCHOOL DISTRICT POLICE DEPARTMENT

158.471. Local board of education authorized to establish police department for local school districts.

Pursuant to the authority granted to them under KRS 160.160 and 160.290, local boards of education are authorized to establish a police department for local school districts, appoint police officers and other employees, prescribe distinctive uniforms for the police officers of the school district, and designate and operate emergency vehicles. Police officers appointed under this section shall take an appropriate oath of office in the form and manner consistent with the Constitution of Kentucky. Police officers appointed pursuant to this section shall be granted with the protections provided in KRS 15.520 and shall be certified in accordance with KRS 15.380(1)(e).

History.

2022 ch. 189, § 2, effective July 14, 2022.

158.473. Police officers appointed by local board of education — Powers.

(1) Police officers appointed by the local board of education pursuant to KRS 158.471 shall be peace officers and conservators of the peace. They shall have general police powers including the power to arrest, without process, all persons who within their view commit any crime or misdemeanor. They shall possess all of the common law and statutory powers, privileges, and immunities of sheriffs, except that they shall be empowered to serve civil process to the extent authorized by the local board of education authorizing and employing them. Without limiting the generality of the foregoing, such police officers are hereby specifically authorized and empowered, and it shall be their duty:

(a) To preserve the peace, maintain order, and prevent unlawful use of force or violence or other unlawful conduct on all property owned by or being used by the school district for appropriate educational services and extracurricular activities, and to protect all persons and property located thereon from injury, harm, and damage;

(b) If permitted by and in accordance with local board of education policy, to enforce, and to assist the school district in the enforcement of, the lawful rules, regulations, and code of conduct of the school district; and

(c) To assist and cooperate with other law enforcement agencies and officers.

Provided, however, that such police officers shall exercise the powers herein granted upon any real property owned or occupied by the local board of education, including any streets passing through and adjacent thereto. Said powers may be exercised where the local board of education owns, uses, or occupies property. Additional jurisdiction may be established by agreement with the chief of police of the municipality or sheriff of the county or the appropriate law enforcement agency where the property is located, dependent upon the jurisdiction involved.

(2) Police officers may exercise their powers away from the locations described in subsection (1) of this section only when:

(a) In immediate pursuit of an actual or suspected violator of the law;

(b) Authorized to do so pursuant to the agreement authorized by subsection (1) of this section;

(c) Requested to act by the chief of police of the city or county in which the school district's property is located;

(d) Requested to act by the sheriff of the county in which the school district's property is located;

(e) Requested to act by the commissioner of the Department of Kentucky State Police;

(f) Requested to act by the authorized delegates of those persons or agencies listed in paragraph (c), (d), or (e) of this subsection;

(g) Requested to assist a state, county, or municipal police officer, sheriff, or other peace officer in the performance of his or her lawful duties; or

(h) Operating under an interlocal cooperation agreement pursuant to KRS Chapter 65.

(3) Police officers appointed pursuant to KRS 158.471 shall have, in addition to the other powers enumerated herein, the power to conduct investigations anywhere in this Commonwealth, provided the investigation relates to criminal offenses which occurred on property owned, leased, or controlled by the employing school district. At the discretion of the local school board's police officials, the school board's police department may coordinate said investigations with any law enforcement agency of this Commonwealth or with agencies of the federal government.

(4) Police departments created and operated by the local board of education shall for all purposes, be deemed public police departments, and its sworn police officers are deemed public police officers.

(5) Nothing in KRS 158.471 to 158.483 shall be construed as a diminution or modification of the authority or responsibility of any city or county police department, the Department of Kentucky State Police, sheriff, constable, or other peace officer, either on the property of a local school district or otherwise.

EDUCATIONAL IMPROVEMENT

158.645. Capacities required of students in public education system.

The General Assembly recognizes that public education involves shared responsibilities. State government, local communities, parents, students, and school employees must work together to create an efficient public school system. Parents and students must assist schools with efforts to assure student attendance, preparation for school, and involvement in learning. The cooperation of all involved is necessary to assure that desired outcomes are achieved. It is the intent of the General Assembly to create a system of public education which shall allow and assist all students to acquire the following capacities:

- (1) Communication skills necessary to function in a complex and changing civilization;
- (2) Knowledge to make economic, social, and political choices;
- (3) Core values and qualities of good character to make moral and ethical decisions throughout his or her life;
- (4) Understanding of governmental processes as they affect the community, the state, and the nation;
- (5) Sufficient self-knowledge and knowledge of his mental and physical wellness;
- (6) Sufficient grounding in the arts to enable each student to appreciate his or her cultural and historical heritage;
- (7) Sufficient preparation to choose and pursue his life's work intelligently; and
- (8) Skills to enable him to compete favorably with students in other states.

1. Intent of Kentucky Educational Reform Act of 1990.

The essential strategic point of the Kentucky Educational Reform Act (Enact. Acts 1990, ch. 476) is the decentralization of decision making authority so as to involve all participants in the school system, not limited to, but including school councils and local school boards; affording each the opportunity to contribute actively to the educational process and the provisions set out the structural framework by which this decentralization of decision making authority is to occur.

2. Testing Program.

Regulations promulgated under the authority of KRS 156.160 authorize local school boards to establish additional graduation requirements above the minimum requirements established by the Kentucky Board of Education; such requirements may include a requirement that students take the Kentucky Instructional Results Information System (KIRIS) examination, established by the Board under this act. *Triplett v. 158.6450. Instruction in voter registration and election procedures.

(1) The General Assembly hereby finds that knowledge of procedures for voter registration and participation in elections is essential for all Kentucky students to acquire the capacities established in KRS 158.645(2) and (4). Instruction in election procedures is consistent with the goals of responsible citizenship established in KRS 158.6451.

(2) Every secondary school shall provide students in the twelfth grade information on:

- (a) How to register to vote;
- (b) How to vote in an election using a ballot; and
- (c) How to vote using an absentee ballot.

(3) A school may provide this information through classroom activities, written materials, electronic communication, Internet resources, participation in mock elections, and other methods identified by the principal after consulting with teachers.

158.6451. Legislative declaration on goals for Commonwealth's schools — Model curriculum framework.

(1) The General Assembly finds, declares, and establishes that:

(a) Schools shall expect a high level of achievement of all students.

(b) Schools shall develop their students' ability to:

1. Use basic communication and mathematics skills for purposes and situations they will encounter throughout their lives;

2. Apply core concepts and principles from mathematics, the sciences, the arts, the humanities, social studies, and practical living studies to situations they will encounter throughout their lives;

3. Become self-sufficient individuals of good character exhibiting the qualities of altruism, citizenship, courtesy, hard work, honesty, human worth, justice, knowledge, patriotism, respect, responsibility, and self-discipline;

4. Become responsible members of a family, work group, or community, including demonstrating effectiveness in community service;

5. Think and solve problems in school situations and in a variety of situations they will encounter in life;

6. Connect and integrate experiences and new knowledge from all subject matter fields with what they have previously learned and build on past learning experiences to acquire new information through various media sources; and

7. Express their creative talents and interests in visual arts, music, dance, and dramatic arts.

(c) Schools shall increase their students' rate of school attendance.

(d) Schools shall increase their students' graduation rates and reduce their students' dropout and retention rates.

(e) Schools shall reduce physical and mental health barriers to learning.

(f) Schools shall be measured on the proportion of students who make a successful transition to work, post-secondary education, and the military.

(2) The Kentucky Board of Education shall disseminate to local school districts and schools a model curriculum framework which is directly tied to the goals, outcomes, and assessment strategies developed pursuant to this section and KRS 158.645 and 158.6453. The framework shall provide direction to local districts and schools as they develop their curriculum. The framework shall identify teaching and assessment strategies, instructional material resources, ideas on how to incorporate the resources of the community, a directory of model teaching sites, alternative ways of using school time, and strategies to incorporate character education throughout the curriculum.

158.6452. School Curriculum, Assessment, and Accountability Council.

(1) A School Curriculum, Assessment, and Accountability Council is hereby created to study, review, and make recommendations concerning Kentucky's system of setting academic standards, assessing learning, identifying academic competencies and deficiencies of individual students, holding schools accountable for learning, and assisting schools to improve their performance. The council shall advise the Kentucky Board of Education and the Legislative Research Commission on issues related to the development and communication of the academic expectations and core content for assessment, the development and implementation of the statewide assessment and accountability program, recognition of high performing schools, imposition of sanctions, and assistance for schools to improve their performance under KRS 158.6453, 158.6455, 158.782, and 158.805.

(2) The School Curriculum, Assessment, and Accountability Council shall be composed of seventeen (17) voting members appointed by the Governor. On making appointments to the council, the Governor shall assure broad geographical representation and representation of elementary, middle, and secondary school levels; assure equal representation of the two (2) sexes, inasmuch as possible; and assure that appointments reflect the minority racial composition of the Commonwealth. The members shall serve terms of two (2) years with no member serving more than two (2) consecutive terms, except that seven (7) of the initial appointments shall be for four (4) year terms. The members shall be appointed as follows:

(a) Two (2) parents from recommendations submitted by organizations representing school councils and parents;

(b) Two (2) teachers from recommendations submitted by organizations representing teachers;

(c) Two (2) superintendents from recommendations submitted by organizations representing superintendents;

(d) Two (2) principals from organizations representing school administrators;

(e) Two (2) local school board members from recommendations submitted by organizations representing school boards;

(f) Two (2) school district assessment coordinators from recommendations submitted by organizations representing district assessment coordinators;

(g) Two (2) employers in the state from recommendations submitted by organizations representing business and industry;

(h) Two (2) university professors with expertise in assessment and measurement; and

(i) One (1) at-large member.

(3) The School Curriculum, Assessment, and Accountability Council shall elect a chair annually from its membership.

(4) The members shall be remunerated for actual and necessary expenses incurred while attending meetings of the council or while serving as representative of the council.

(5) The School Curriculum, Assessment, and Accountability Council shall meet at least four (4) times each year at times and places as it determines by resolution.

(6) The School Curriculum, Assessment, and Accountability Council shall be attached to the Department of Education for administrative purposes. It shall be provided appropriate staff and resources to conduct its work.

158.6453. Definitions — Review of academic standards and assessments — Revisions to content standards — Review committees — Advisory panels — Standards and assessments process review committee — Administrative regulations — Information and training — Statewide assessment program — Academic components — Student assessments — College admissions examination — School report card — Individual student report — Reviewing and revising academic standards — Writing program — School profile report.

(1) As used in this section:

(a) “Accelerated learning” means an organized way of helping students meet individual academic goals by providing direct instruction to eliminate student performance deficiencies or enable students to move more quickly through course requirements and pursue higher level skill development;

(b) “Constructed-response items” or “performance-based items” means individual test items that require the student to create an answer rather than select a response and may include fill-in-the-blank, short-answer, extended-answer, open-response, and writing-on-demand formats;

(c) “Criterion-referenced test” means a test that is aligned with defined academic content standards and

measures an individual student’s level of performance against the standards;

(d) “End-of-course examination” means the same as defined in KRS 158.860;

(e) “Formative assessment” means a process used by teachers and students during instruction to adjust ongoing teaching and learning to improve students’ achievement of intended instructional outcomes. Formative assessments may include the use of commercial assessments, classroom observations, teacher-designed classroom tests and assessments, and other processes and assignments to gain information about individual student learning;

(f) “Interim assessments” means assessments that are given periodically throughout the year to provide diagnostic information and to show individual student performance against content standards;

(g) “Summative assessment” means an assessment given at the end of the school year, semester, or other period of time to evaluate students’ performance against content standards within a unit of instruction or a course; and

(h) “Writing” means a purposeful act of thinking and expression that uses language to explore ideas and communicate meaning to others. Writing is a complex, multifaceted act of communication.

(2)(a) Beginning in fiscal year 2017-2018, and every six (6) years thereafter, the Kentucky Department of Education shall implement a process for reviewing Kentucky’s academic standards and the alignment of corresponding assessments for possible revision or replacement to ensure alignment with transition readiness standards necessary for global competitiveness, state career and technical education standards, and KRS 158.196.

(b) The revisions to the content standards shall:

1. Focus on critical knowledge, skills, and capacities needed for success in the global economy;
2. Result in fewer but more in-depth standards to facilitate mastery learning;

3. Communicate expectations more clearly and concisely to teachers, parents, students, and citizens;

4. Be based on evidence-based research;

5. Consider international benchmarks; and

6. Ensure that the standards are aligned from elementary to high school to postsecondary education so that students can be successful at each education level.

(c)1. The department shall establish four (4) standards and assessments review committees, with each committee composed of a minimum of six (6) Kentucky public school teachers and a minimum of two (2) representatives from Kentucky institutions of higher education, including at least one (1) representative from a public institution of higher education. Each committee member shall teach in the subject area that his or her committee is assigned to review and have no prior or current affiliation with a curriculum or assessment resources vendor.

2. One (1) of the four (4) committees shall be assigned to focus on the review of language arts and writing academic standards and assessments,

one (1) on the review of mathematics academic standards and assessments, one (1) on the review of science academic standards and assessments, and one (1) on the review of social studies academic standards and assessments.

(d)1. The department shall establish twelve (12) advisory panels to advise and assist each of the four (4) standards and assessments review committees.

2. Three (3) advisory panels shall be assigned to each standards and assessments review committee. One (1) panel shall review the standards and assessments for kindergarten through grade five (5), one (1) shall review the standards and assessments for grades six (6) through eight (8), and one (1) shall review the standards and assessments for grades nine (9) through twelve (12).

3. Each advisory panel shall be composed of at least one (1) representative from a Kentucky institution of higher education and a minimum of six (6) Kentucky public school teachers who teach in the grade level and subject reviewed by the advisory panel to which they are assigned and have no prior or current affiliation with a curriculum or assessment resources vendor.

(e) The commissioner of education and the president of the Council on Postsecondary Education shall also provide consultants for the standards and assessments review committees and the advisory panels who are business and industry professionals actively engaged in career fields that depend on the various content areas.

(f)1. The standards and assessments process review committee is hereby established and shall be composed of the commissioner of education or designee as a nonvoting member and nine (9) voting representatives of public schools, of whom at least two (2) shall be parents of public school students, appointed by the Governor and confirmed by the Senate in accordance with KRS 11.160 as follows:

- a. One (1) language arts teacher;
- b. One (1) math teacher;
- c. One (1) science teacher;
- d. One (1) social studies teacher;
- e. Two (2) school principals;
- f. Two (2) school superintendents; and
- g. One (1) school board member.

2. On making appointments to the committee, the Governor shall ensure broad geographical urban and rural representation and representation of elementary, middle, and high school levels; ensure equal representation of the two (2) sexes, inasmuch as possible; and ensure that appointments reflect the minority racial composition of the Commonwealth.

3. The review of the committee shall be limited to the procedural aspects of the review process undertaken prior to its consideration.

4. Notwithstanding KRS 12.028, the committee shall not be subject to reorganization by the Governor.

(g)1. The review process implemented under this subsection shall be an open, transparent process

that allows all Kentuckians an opportunity to participate. The department shall ensure the public's assistance in reviewing and suggesting changes to the standards and alignment adjustments to corresponding state assessments by establishing a Web site dedicated to collecting comments by the public and educators. An independent third party, which has no prior or current affiliation with a curriculum or assessment resources vendor, shall be selected by the department to collect and transmit the comments to the department for dissemination to the appropriate advisory panel for review and consideration.

2. Each advisory panel shall review the standards and assessments for its assigned subject matter and grade level and the suggestions made by the public and educators. After completing its review, each advisory panel shall make recommendations for changes to the standards and alignment adjustments for assessments to the appropriate standards and assessments review committee.

3. Each standards and assessments review committee shall review the findings and make recommendations to revise or replace existing standards and to adjust alignment of assessments.

4. The recommendations shall be published on the Web site established in this subsection for the purpose of gathering additional feedback from the public. The commissioner shall subsequently present the recommendations and the public feedback to the Interim Joint Committee on Education.

5. The commissioner shall subsequently provide a report to the standards and assessments process review committee summarizing the process conducted under this subsection and the resulting recommendations. The report shall include but not be limited to the timeline of the review process, public feedback, and responses from the Interim Joint Committee on Education.

6. After receiving the commissioner's report, the standards and assessments process review committee shall either concur that stakeholders have had adequate opportunity to provide input on standards and the corresponding alignment of state assessments or find the input process deficient. If the process is found deficient, the recommendations may be returned to the appropriate standards and assessments review committee for review as described in subparagraph 3. of this paragraph. If the process is found sufficient, the recommendations shall be forwarded without amendment to the Kentucky Board of Education.

(h) The Kentucky Board of Education shall promulgate administrative regulations in accordance with KRS Chapter 13A as may be needed for the administration of the review process, including staggering the timing and sequence of the review process by subject area and remuneration of the review committees and advisory panels described in paragraphs (c) and (d) of this subsection.

(i)1. The Kentucky Board of Education shall consider for approval the revisions to academic standards for a content area and the alignment of the corresponding state assessment once recommenda-

tions are received from the standards and assessments process review committee. Existing state academic standards shall remain in place until the board approves new standards.

2. Any revision to, or replacement of, the academic standards and assessments as a result of the review process conducted under this subsection shall be implemented in Kentucky public schools no later than the second academic year following the review process. Existing academic standards shall be used until new standards are implemented.

3. The Department of Education shall disseminate the academic content standards to the schools and teacher preparation programs.

(j) The Department of Education shall provide or facilitate statewide training sessions for existing teachers and administrators on how to:

1. Integrate the revised content standards into classroom instruction;
2. Better integrate performance assessment of students within their instructional practices; and
3. Help all students use higher-order thinking and communication skills.

(k) The Education Professional Standards Board in cooperation with the Kentucky Board of Education and the Council on Postsecondary Education shall coordinate information and training sessions for faculty and staff in all of the teacher preparation programs in the use of the revised academic content standards. The Education Professional Standards Board shall ensure that each teacher preparation program includes use of the academic standards in the pre-service education programs and that all teacher interns will have experience planning classroom instruction based on the revised standards.

(l) The Council on Postsecondary Education in cooperation with the Kentucky Department of Education and the postsecondary education institutions in the state shall coordinate information sessions regarding the academic content standards for faculty who teach in the various content areas.

(3)(a) The Kentucky Board of Education shall be responsible for creating and implementing a balanced statewide assessment program that measures the students', schools', and districts' achievement of the goals set forth in KRS 158.645 and 158.6451, to ensure compliance with the federal Every Student Succeeds Act of 2015, Pub. L. No. 114-95, or its successor, and to ensure school accountability.

(b) The board shall revise the annual statewide assessment program as needed in accordance with revised academic standards and corresponding assessment alignment adjustments approved by the board under subsection (2) of this section.

(c) The statewide assessments shall not include any academic standards not approved by the board under subsection (2) of this section.

(d) The board shall seek the advice of the Office of Education Accountability; the School Curriculum, Assessment, and Accountability Council; the Education Assessment and Accountability Review Subcommittee, and the department's technical advisory committee in the development of the assessment

program. The statewide assessment program shall not include measurement of a student's ability to become a self-sufficient individual or to become a responsible member of a family, work group, or community.

(4)(a) The academic components of the statewide assessment program shall be composed of annual student summative tests, which may include a combination of multiple competency-based assessment and performance measures approved by the Kentucky Board of Education.

(b) The annual student summative tests shall:

1. Measure individual student achievement in language, reading, English, mathematics, science, and social studies at designated grades;
2. Provide teachers and parents a valid and reliable comprehensive analysis of skills mastered by individual students;
3. Provide diagnostic information that identifies strengths and academic deficiencies of individual students in the content areas;
4. Provide information to teachers that can enable them to improve instruction for current and future students;
5. Provide longitudinal profiles for students; and
6. Ensure school and district accountability for student achievement of the goals set forth in KRS 158.645 and 158.6451, except the statewide assessment program shall not include measurement of a student's ability to become a self-sufficient individual or to become a responsible member of a family, work group, or community.

(5) The state student assessments shall include the following components:

(a) Elementary and middle grades requirements are:

1. A criterion-referenced test each in mathematics and reading in grades three (3) through eight (8) that is valid and reliable for an individual student and that measures the depth and breadth of Kentucky's academic content standards;
2. A criterion-referenced test each in science and social studies that is valid and reliable for an individual student as necessary to measure the depth and breadth of Kentucky's academic content standards to be administered one (1) time within the elementary and middle grades, respectively;
3. An on-demand assessment of student writing to be administered one (1) time within the elementary grades and one (1) time within the middle grades; and
4. An editing and mechanics test relating to writing, using multiple choice and constructed response items, to be administered one (1) time within the elementary and the middle grades, respectively;

(b) High school requirements are:

1. A criterion-referenced test in mathematics, reading, and science that is valid and reliable for an individual student and that measures the depth and breadth of Kentucky's academic content standards to be administered one (1) time within the high school grades;

2. A criterion-referenced test in social studies that is valid and reliable for an individual student as necessary to measure the depth and breadth of Kentucky's academic content standards to be administered one (1) time within the high school grades;

3. An on-demand assessment of student writing to be administered one (1) time within the high school grades;

4. An editing and mechanics test relating to writing, using multiple choice and constructed response items, to be administered one (1) time within the high school grades; and

5. A college admissions examination to assess English, reading, mathematics, and science in the spring of grade eleven (11);

(c) The Kentucky Board of Education shall add any other component necessary to comply with the Every Student Succeeds Act of 2015, Pub. L. No. 114-95, or its successor, as determined by the United States Department of Education;

(d) The criterion-referenced components required in this subsection shall be composed of constructed response items and multiple choice items;

(e) The Kentucky Board of Education may incorporate end-of-course examinations into the assessment program to be used in lieu of requirements for criterion-referenced tests required under paragraph (b) of this subsection; and

(f) The results of the assessment program developed under this subsection shall be used by schools and districts to determine appropriate instructional modifications for all students in order for students to make continuous progress, including that needed by advanced learners.

(6) Each school district shall administer the statewide student assessment during the last fourteen (14) days of school in the district's instructional calendar. The Kentucky Board of Education may change the testing window to allow for innovative assessment systems or other online test administration and shall promulgate administrative regulations that minimize the number of days of testing and outline the procedures to be used during the testing process to ensure test security, including procedures for testing makeup days, and to comply with federal assessment requirements.

(7) A student enrolled in a district-operated or district-contracted alternative program shall participate in the appropriate assessments required by this section.

(8) A local school district may select and use commercial interim or formative assessments or develop and use its own formative assessments to provide data on how well its students are growing toward mastery of Kentucky academic standards, so long as the district's local school board develops a policy minimizing the reduction in instructional time related to the administration of the interim assessments. Nothing in this section precludes teachers from using ongoing teacher-developed formative processes.

(9) Each school that enrolls primary students shall use diagnostic assessments and prompts that measure readiness in reading and mathematics for its primary

students as determined by the school to be developmentally appropriate. The schools may use commercial products, use products and procedures developed by the district, or develop their own diagnostic procedures. The results shall be used to inform the teachers and parents or guardians of each student's skill level.

(10) The state board shall ensure that a technically sound longitudinal comparison of the assessment results for the same students shall be made available.

(11) The following provisions shall apply to the college admissions examination described in subsection (5)(b)5. of this section:

(a) The cost of the college admissions examination administered to students in high school shall be paid for by the Kentucky Department of Education. The costs of additional college admissions examinations shall be the responsibility of the student;

(b) If funds are available, the Kentucky Department of Education shall provide a college admissions examination preparation program to all public high school juniors. The department may contract for necessary services; and

(c) Accommodations provided to a student with a disability taking the college admissions assessment under this subsection shall consist of:

1. Accommodations provided in a manner allowed by the college admissions assessment provider when results in test scores are reportable to a postsecondary institution for admissions and placement purposes, except as provided in subparagraph 2. of this paragraph; or

2. Accommodations provided in a manner allowed by a student's individualized education program as defined in KRS 158.281 for a student whose disability precludes valid assessment of his or her academic abilities using the accommodations provided under subparagraph 1. of this paragraph when the student's scores are not reportable to a postsecondary institution for admissions and placement purposes.

(12) Kentucky teachers shall have a significant role in providing feedback about the design of the assessments, except for the college admissions exam described in subsection (5)(b)5. of this section. The assessments shall be designed to:

(a) Measure grade appropriate core academic content, basic skills, and higher-order thinking skills and their application;

(b) Provide valid and reliable scores for schools. If scores are reported for students individually, they shall be valid and reliable;

(c) Minimize the time spent by teachers and students on assessment; and

(d) Assess Kentucky academic standards only.

(13) The results from assessment under subsections (3) and (5) of this section shall be reported to the school districts and schools no later than seventy-five (75) days following the last day the assessment can be administered. Assessment reports provided to the school districts and schools shall include an electronic copy of an operational subset of test items from each assessment administered to their students and the results for each of those test items by student and by school.

(14) The Department of Education shall gather information to establish the validity of the assessment and accountability program. It shall develop a biennial plan for validation studies that shall include but not be limited to the consistency of student results across multiple measures, the congruence of school scores with documented improvements in instructional practice and the school learning environment, and the potential for all scores to yield fair, consistent, and accurate student performance level and school accountability decisions. Validation activities shall take place in a timely manner and shall include a review of the accuracy of scores assigned to students and schools, as well as of the testing materials. The plan shall be submitted to the Commission by July 1 of the first year of each biennium. A summary of the findings shall be submitted to the Legislative Research Commission by September 1 of the second year of the biennium.

(15) The Department of Education and the state board shall offer optional assistance to local school districts and schools in developing and using continuous assessment strategies needed to ensure student progress. The continuous assessment shall provide diagnostic information to improve instruction to meet the needs of individual students.

(16) The Administration Code for Kentucky's Assessment Program shall include prohibitions of inappropriate test preparation activities by school district employees charged with test administration and oversight, including but not limited to the issue of teachers being required to do test practice in lieu of regular classroom instruction and test practice outside the normal work day. The code shall include disciplinary sanctions that may be taken toward a school or individuals.

(17) The Kentucky Board of Education, after the Department of Education has received advice from the Office of Education Accountability; the School Curriculum, Assessment, and Accountability Council; and the department's technical advisory committee, shall promulgate an administrative regulation under KRS Chapter 13A to establish the components of a reporting structure for assessments administered under this section. The reporting structure shall include the following components:

(a) A school report card that clearly communicates with parents and the public about school performance. The school report card shall be sent to the parents of the students of the districts, and information on electronic access to a summary of the results for the district shall be published in the newspaper with the largest circulation in the county. It shall include but not be limited to the following components reported by race, gender, and disability when appropriate:

1. Student academic achievement, including the results from each of the assessments administered under this section;

2. For Advanced Placement, Cambridge Advanced International, and International Baccalaureate, the courses offered, the number of students enrolled, completing, and taking the examination for each course, and the percentage of examinees receiving a score of three (3) or better on AP examinations, a score of "e" or better on Cambridge

Advanced International examinations, or a score of four (4) or better on IB examinations. The data shall be disaggregated by gender, race, students with disabilities, and economic status;

3. Nonacademic achievement, including the school's attendance, retention, graduation rates, and student transition to postsecondary;

4. School learning environment, including measures of parental involvement; and

5. Any other school performance data required by the Every Student Succeeds Act of 2015, Pub. L. No. 114-95, or its successor;

(b) An individual student report to parents for each student in grades three (3) through eight (8) summarizing the student's skills in reading, science, social studies, and mathematics. The school's staff shall develop a plan for accelerated learning for any student with identified deficiencies or strengths; and

(c) A student's score on the college admissions assessment administered under subsection (5)(b)5. of this section.

(18)(a) Beginning in fiscal year 2017-2018, and every six (6) years thereafter, the Kentucky Department of Education shall implement a comprehensive process for reviewing and revising the academic standards in visual and performing arts and practical living skills and career studies for all levels and in foreign language for middle and high schools. The department shall develop review committees for the standards for each of the content areas that include representation from certified specialist public school teachers and postsecondary teachers in those subject areas.

(b) The academic standards in practical living skills for elementary, middle, and high school levels shall include a focus on drug abuse prevention, with an emphasis on the prescription drug epidemic and the connection between prescription opioid abuse and addiction to other drugs, such as heroin and synthetic drugs.

(c) The department shall provide to all schools guidelines for programs that incorporate the adopted academic standards in visual and performing arts and practical living and career studies. The department shall provide to middle and high schools guidelines for including a foreign language program. The guidelines shall address program length and time, courses offered, staffing, resources, and facilities.

(d) The Kentucky Department of Education, in consultation with certified public school teachers of visual and performing arts, may develop program standards for the visual and performing arts.

(19) The Kentucky Department of Education shall provide to all school districts guidelines for including an effective writing program within the curriculum.

(20)(a) The Kentucky Department of Education, in consultation with the review committees described in subsection (18) of this section, shall develop a school profile report to be used by all schools to document how they will address the adopted academic standards in their implementation of the programs as described in subsection (18) of this section, which may include student opportunities and experiences in extracurricular activities. The department shall include the essential workplace ethics program on the school profile report.

(b) By October 1 of each year, each school principal shall complete the school profile report, which shall be signed by the members of the school council, or the principal if no school council exists, and the superintendent. The report shall be electronically transmitted to the Kentucky Department of Education, and the original shall be maintained on file at the local board office and made available to the public upon request. The department shall include a link to each school's profile report on its Web site.

(c) If a school staff member, student, or a student's parent has concerns regarding deficiencies in a school's implementation of the programs described in subsection (18) of this section, he or she may submit a written inquiry to the school council.

I, § 4, effective July 13, 1990; 1994, ch. 256, § 3, effective July 15, 1994; 1994, ch. 408, § 2, effective July 15, 1994; 1996, ch. 362, § 6, effective July 15, 1996; 1998, ch. 598, § 11, effective April 14, 1998; 2002, ch. 213, § 1, effective July 15, 2002; 2006, ch. 227, § 1, effective July 12, 2006; 2008, ch. 134, § 17, effective July 15, 2008; 2009, ch. 101, § 2, effective March 25, 2009; 2016 ch. 136, § 6, effective July 15, 2016; 2017 ch. 156, § 3, effective April 10, 2017; 2018 ch. 158, § 2, effective April 13, 2018; 2019 ch. 199, § 1, effective June 27, 2019; 2020 ch. 112, § 6, effective July 15, 2020; 2021 ch. 79, § 3, effective June 29, 2021; 2022 ch. 137, § 1, effective July 14, 2022; 2022 ch. 196, § 2, effective July 14, 2022.

Legislative Research Commission Notes.

(7/14/2022). This statute was amended by 2022 Ky. Acts chs. 137 and 196, which do not appear to be in conflict and have been codified together.

(4/10/2017). 2017 Ky. Acts ch. 156, sec. 18 provided that, in adopting amendments made to this statute in Section 3 of that Act, the General Assembly intends, among other actions, to repeal the common core standards.

(3/25/2009). In subsection (11) of this statute, a reference to subsection "(10)(a) of this section" has been changed to read "subsection (5)(a) and (b) of this section." When this section was renumbered, the reference to "subsection (10)(a)" was not changed to conform. The Reviser of Statutes has made a conforming change under the authority of KRS 7.136.

(3/25/2009). In 2009 Ky. Acts ch. 101, sec. 16, a not-to-be-codified section, two references to "Section 2.(11)(c) of this Act" should have referred to "Section 2.(7)(c) of this Act." When Section 2 of the Act (KRS 158.6453) was renumbered, these references to subsection (7) in Section 16 of the Act were not changed.

(7/12/2006). 2006 Ky. Acts ch. 211, sec. 171, instructs the Reviser of Statutes to correct statutory references to agencies and officers whose names have been changed in the Act, as it confirms the abolition of the Cabinet for Workforce Development and establishment of the Education Cabinet. Such a correction has been made in this section.

History.

Enact. Acts 1998, ch. 598, § 6, effective April 14, 1998; repealed by 2021 ch. 79, § 5, effective June 29, 2021.

158.6455. School accountability system — List of certifications, licensures, and credentials — Reimbursement for assessment — Consequences for schools that fail to exit support status — Components of accountability system — Appeals of performance judgments — Report.

It is the intent of the General Assembly that schools succeed with all students and receive the appropriate consequences in proportion to that success.

(1)(a) The Kentucky Board of Education shall create an accountability system to classify districts and schools in accordance with the academic standards and student assessment program developed pursuant to KRS 158.6453.

(b) The accountability system shall include an annual meaningful differentiation of all public schools in the state using multiple measures that describe the overall performance of each district, school, and student subgroup. Performance shall

be based on a combination of academic and school quality indicators and measures, hereinafter called “state indicators.” The state indicators shall exclusively include:

1. Student assessment results;
2. Progress toward achieving English proficiency by limited English proficiency students;
3. Quality of school climate and safety;
4. High school graduation rates;
5. Postsecondary readiness for each high school student, which shall be included as an academic indicator, and shall be measured by one (1) of the following:

a. Meeting or exceeding a college readiness benchmark score on the college admissions examination used as the statewide assessment in KRS 158.6453(5)(b)5. or a college placement examination approved by the Council on Postsecondary Education. The college readiness benchmark score shall be established by the Council on Postsecondary Education;

b. Achieving three (3) hours of college credit or postsecondary articulated credit by completing a course approved by the Kentucky Board of Education;

c. Achieving a benchmark score on an Advanced Placement, International Baccalaureate, Cambridge Advanced International, or other nationally recognized exam approved by the Kentucky Board of Education that generally qualifies the student for three (3) or more hours of college credit;

d. Completing a required number of hours or achieving a benchmark within an apprenticeship, cooperative, or internship that is aligned with a credential or associate degree and approved by the Kentucky Board of Education after receiving input from the Local Superintendents Advisory Council; or

e. Achieving any industry-recognized certifications, licensures, or credentials, with more weight in accountability for industry-recognized certifications, licensures, or credentials identified as high demand in accordance with the process described in paragraph (e) of this subsection. Eligible industry-recognized certifications, licensures, or credentials shall not be limited to those earned in conjunction with a minimum sequence of courses. Each high school shall publicly report the credits, hours, and credentials on an annual basis; and

6. Any other factor mandated by the federal Every Student Succeeds Act of 2015, Pub. L. No. 114-95, or its successor.

(c)1. Beginning with data from the 2020-2021 and 2021-2022 school years, the accountability system performance for each district, school, and student subgroup determined by the state indicators shall be based on a combination of annual performance, hereinafter called “status,” and improvement over time, hereinafter called “change.”

2. Status and change shall receive equal weight in determining overall performance. For

all students as a group and separately for individual subgroups, status shall be determined, beginning with the data from the 2020-2021 academic year, by using the current year performance and change shall be determined, beginning with the data from the 2021-2022 academic year, by using the difference in performance from the prior to current year, except change shall be based on the difference in performance for the prior three (3) years for the purpose of determining the lowest-performing five percent (5%) of schools under KRS 160.346(2) and (3).

3. For each state indicator, there shall be five (5) status levels ranging from very high to very low and five (5) change levels ranging from increased significantly to declined significantly.

4. The percentile cut scores for status and change levels shall be based on distribution and shall be approved by the Kentucky Department of Education and the Local Superintendents Advisory Council. The cut scores shall remain in place for at least six (6) years unless existing cut scores no longer support meaningful differentiation of schools as required by the federal Every Student Succeeds Act of 2015, Pub. L. No. 114-95, or its successor.

(d) Beginning in the fall of 2022, the Kentucky Department of Education shall develop an online display of the accountability system results hereinafter called a “dashboard.” A color-coded performance level for each state indicator shall be displayed in a straightforward manner on the dashboard for overall performance, status, and change by district, school, and individual subgroups. Overall performance shall aggregate all available data for the state indicators.

(e) Based on data from the Kentucky Center for Education and Workforce Statistics, each local workforce investment board, in conjunction with local economic development organizations from its state regional sector, shall annually compile a list of industry-recognized certifications, licensures, and credentials specific to the state and regional workforce area, rank them by demand for the state and regional area, and provide the list to the Kentucky Workforce Innovation Board. The Kentucky Workforce Innovation Board, in conjunction with the Kentucky Department of Education, may revise the lists before the Kentucky Department of Education disseminates the lists to all school districts to be used as postsecondary readiness indicators.

(f)1. The Kentucky Department of Education shall pay for the cost of an assessment taken by a high school student for attaining an industry-recognized certification, credential, or licensure if the student consecutively completes at least two (2) related career pathway courses approved by the department prior to taking the assessment.

2. If a high school student has not completed the two (2) course requirement described in subparagraph 1. of this paragraph but meets performance-based experience eligibility and

passes an assessment, the department shall provide a weighted reimbursement amount to the school district for the cost of the assessment based on the level of demand of the certificate, credential, or license earned. The Kentucky Board of Education shall promulgate regulations establishing the performance-based experience eligibility requirements and weighted reimbursement amounts.

(g) Prior to promulgating administrative regulations to revise the accountability system, the board shall seek advice from the School Curriculum, Assessment, and Accountability Council; the Office of Education Accountability; the Education Assessment and Accountability Review Subcommittee; and the department's technical advisory committee.

(2) A student's test scores shall be counted in the accountability measure of:

(a)1. The school in which the student is currently enrolled if the student has been enrolled in that school for at least a full academic year as defined by the Kentucky Board of Education; or

2. The school in which the student was previously enrolled if the student was enrolled in that school for at least a full academic year as defined by the Kentucky Board of Education; and

(b) The school district if the student is enrolled in the district for at least a full academic year as defined by the Kentucky Board of Education; and

(c) The state if the student is enrolled in a Kentucky public school prior to the beginning of the statewide testing period.

(3) After receiving the advice of the Office of Education Accountability; the School Curriculum, Assessment, and Accountability Council; and the department's technical advisory committee, the Kentucky Board of Education shall promulgate an administrative regulation in conformity with KRS 158.6471 and 158.6472 and KRS Chapter 13A to establish more rigorous action, intervention, and appropriate consequences for schools that fail to exit comprehensive support and improvement status described in KRS 160.346. The consequences shall be designed to improve the academic performance and learning environment of identified schools and may include but not be limited to:

(a) A review and audit process to determine the appropriateness of a school's or district's classification and to recommend needed assistance;

(b) School and district improvement plans;

(c) Eligibility to receive Commonwealth school improvement funds under KRS 158.805;

(d) Education assistance from highly skilled certified staff; and

(e) Observation of school personnel.

(4) All students who drop out of school during a school year shall be included in a school's annual average school graduation rate calculation.

(5) After receiving the advice of the Education Assessment and Accountability Review Subcommittee, the Office of Education Accountability; the School Curriculum, Assessment, and Accountability Council; and the department's technical advisory commit-

tee, the Kentucky Board of Education may promulgate by administrative regulation, in conformity with KRS 158.6471 and 158.6472 and KRS Chapter 13A, a system of district accountability that includes establishing a formula for accountability, goals for improvement over a three (3) year period, rewards for leadership in improving teaching and learning in the district, and consequences that address the problems and provide assistance when one (1) or more schools in the district fail to exit comprehensive support and improvement status after three (3) consecutive years of implementing the turnaround intervention process described in KRS 160.346.

(6) After receiving the advice of the Office of Education Accountability; the School Curriculum, Assessment, and Accountability Council; and the department's technical advisory committee, the Kentucky Board of Education shall promulgate administrative regulations in conformity with KRS 158.6471 and 158.6472 and KRS Chapter 13A to establish a process whereby a school or school district shall be allowed to appeal any performance judgment made by the department under this section or KRS 160.346 of a principal, superintendent, school, or school district which it considers grossly unfair. Upon appeal, an administrative hearing shall be conducted in accordance with KRS Chapter 13B. The state board may adjust a performance judgment on appeal when evidence of unusual circumstances warrants the conclusion that the performance judgment is based on fraud or a mistake in computations, is arbitrary, is lacking any reasonable basis, or when there are significant new circumstances occurring during the three (3) year assessment period which are beyond the control of the appellant school or school district.

(7) Advice and recommendations provided by the department's technical advisory committee shall be summarized and reported by the department by July 1 and December 1 of each year to the Office of Education Accountability. The report shall include:

(a) Advice and recommendations provided by panel members relating to:

1. Development and modification to the assessment and accountability system;

2. The development of administrative regulations governing the assessment and accountability system;

3. The setting of standards used in the assessment and accountability system; and

4. KRS 158.6453, 158.6455, 158.782, or 158.860; and

(b) Any documentation used by the panel in support of the panel's advice and recommendations.

Upon receipt of the report, the Office of Education Accountability shall forward the report to the Education Assessment and Accountability Review Subcommittee and the co-chairs of the Interim Joint Committee on Education.

Legislative Research Commission Notes.

(6/29/2021). In codification, a correction has been made to subsection (7)(a)4. of this statute. Section 1 of 2021 Senate Bill 129, which amended this statute, contains a reference to “KRS 158.78,” a number that does not correspond to any existing section of the Kentucky Revised Statutes. It is clear from the context and from consultation with the drafter that the reference was intended to read “KRS 158.782.” Under the authority of KRS 7.136, the Reviser of Statutes has corrected this reference.

(3/25/2009). The Reviser of Statutes has altered the internal numbering of subsection (2) of this statute from the way it appears in 2009 Ky. Acts ch. 101, sec. 4, under the authority of KRS 7.136(1)(c).

NOTES TO DECISIONS

Analysis

1. Constitutionality.
2. Reward Entitlement.
3. Testing Program.

1. Constitutionality.

The statute is not unconstitutionally vague. *Walker v. Kentucky Dep’t of Educ.*, 981 S.W.2d 128, 1998 Ky. App. LEXIS 28 (Ky. Ct. App. 1998).

2. Reward Entitlement.

A person who was a certified staff member when a school earned a reward, but was no longer on staff when the reward was received by the school, was entitled to a portion of the reward; further, a person who was on staff at the time the reward was received, but not when it was earned, is not entitled to a portion of the reward. *Walker v. Kentucky Dep’t of Educ.*, 981 S.W.2d 128, 1998 Ky. App. LEXIS 28 (Ky. Ct. App. 1998).

3. Testing Program.

Regulations promulgated under the authority of KRS 156.160 authorize local school boards to establish additional graduation requirements above the minimum requirements established by the Kentucky Board of Education; such requirements may include a requirement that students take the Kentucky Instructional Results Information System (KIRIS) examination, established by the Board under KRS 158.645 et seq. *Triplett v. OPINIONS OF ATTORNEY GENERAL.

A recommendation of dismissal of a certified staff member from a distinguished educator is binding on the superintendent. Upon receiving the recommendation, the superintendent

is required to “notify the staff member pursuant to KRS 161.790.” OAG 92-135.

Following the State Board’s declaration that a school is “in crisis,” the full-time and part-time members of the certified staff are automatically to be placed on probation. This occurs before any determination is made as to whether any particular teacher shall be dismissed, retained, or transferred. Once assigned to work with the school, the Kentucky Distinguished Educator is required, every six (6) months, to evaluate the certified staff, and to make recommendations to the superintendent regarding continued employment. OAG 92-135.

Only recommendations of dismissal from a distinguished educator to a superintendent are binding. Recommendations for transfer must conform to bargained contracts that are in effect between the school district and employees. Accordingly, the superintendent has discretion, when recommendations other than dismissal are made, to take such actions as are feasible, given the limitations of bargained contracts and of available vacancies. OAG 92-135.

Success of each school is to be determined by measuring the school’s improvement in its proportion of successful students, based on the outcome goals. OAG 92-135.

Teachers dismissed upon recommendation of a distinguished educator continue to have a statutory right to be given cause for their dismissal and a right of appeal. OAG 92-135.

Termination of a teacher who is placed on probation under the criteria of subsection (5) (former provisions have been deleted by amendment) of this section constitutes termination for cause under KRS 161.790, and accordingly invokes a right of appeal. OAG 92-135.

The distinguished educator has authority to override decisions of the school staff. The distinguished educator also has authority to override decisions of the local superintendent when recommending dismissal of certified personnel. OAG 92-135.

When a distinguished educator makes a dismissal recommendation to the superintendent pursuant to this section, that recommendation is binding on the superintendent. The recommendation is based on an individual evaluation of the teacher by the distinguished educator after a minimum of six (6) months of evaluation. In view of the fact that the termination is for cause, based on an evaluation of the teacher, some documentation or evidence is required. OAG 92-135.

This section permits a local school council or principal to use school reward money to pay teacher bonuses, and these bonuses are permissible under the Kentucky Constitution because they are “for school purposes.” OAG 00-2.

As used in this section and KRS 158.6452, 158.6453, and 158.6455, unless the context requires otherwise:

- (1) "Accountability index" means the statistic, as provided by KRS 158.6455(1), that combines a school's academic and nonacademic factors;
- (2) "Core content for assessment" means the content identified for all students to know that is to be included on the state assessment; and
- (3) "Nonacademic factors" means the statistic that describes school success on:
 - (a) Increasing attendance and decreasing retention rates at the elementary school level;
 - (b) Increasing attendance rates and decreasing retention and dropout rates at the middle school level; and
 - (c) Increasing attendance rates and decreasing retention and dropout rates and improving the transition to adult life at the secondary school level.

158.6458. Plan for implementation of state assessment and accountability system — Report.

The Department of Education shall develop a plan for implementing the state assessment and accountability system created under KRS 158.6453 and 158.6455 and shall report quarterly to the Interim Joint Committee on Education on its progress in the following areas:

- (1) Establishing a consistent structure of test components, grade-level testing distribution, and test administration procedures;
- (2) Beginning a new cycle of equating procedures for which their adequacy and precision can be tested rigorously and conducting appropriate equating analyses to accommodate the new accountability system;
- (3) Publishing more complete and informative guides for interpreting school accountability changes;
- (4) Reviewing school accountability classifications to assure their construct validity in all cases where they are applied;
- (5) Developing and implementing a validity research plan as required under KRS 158.6453;
- (6) Establishing additional routine audits of key processes in the assessment and accountability program;
- (7) Maintaining and cataloging a library of technical documents related to the assessment and accountability program for internal and external review purposes. In addition, the department shall produce an annual technical report for audiences

that include educators, testing coordinators, parents, and legislators; and

- (8) Maintaining a vigorous ongoing program of research and documentation of the effects of the assessment and accountability system on Kentucky schools.

158.6459. Intervention strategies for accelerated learning — Individualized learning plan — Support and technical assistance.

(1) A high school student whose highest score on the college admissions examination under KRS 158.6453(5)(b)5. in English, reading, or mathematics is below the systemwide standard established by the Council on Postsecondary Education for entry into a credit-bearing course at a public postsecondary institution without placement in a remedial course or an entry-level course with supplementary academic support shall be provided the opportunity to participate in accelerated learning designed to address his or her identified academic deficiencies prior to high school graduation.

(2) A high school, in collaboration with its school district, shall develop and implement accelerated learning that:

- (a) Allows a student's learning plan to be individualized to meet the student's academic needs based on an assessment of test results and consultation among parents, teachers, and the student; and
- (b) May include changes in a student's class schedule.

(3) The Kentucky Department of Education, the Council on Postsecondary Education, and public postsecondary institutions shall offer support and technical assistance to schools and school districts in the development of accelerated learning.

158.646. Kentucky Institute for Education Research Board.

(1) The Kentucky Institute for Education Research Board is hereby created.

(2) The board shall establish a corporation which can qualify and obtain status under Section 501(c)(3) of the Internal Revenue Code. The purpose and mission of the corporation shall be to solicit and raise funds through private foundations, grants, and government agencies to support the independent evaluation of the Kentucky Education Reform Act and related activities. The corporation shall serve as a stimulus and clearinghouse for Kentucky Education Reform Act related research projects.

- (3)(a) The board shall cause an in-depth evaluation of the impact of Kentucky Education Reform Act to be

performed. This evaluation shall include, but not be limited to, the effect of the reforms on students, individual schools, school systems, and educators. The evaluation shall also include an analysis of the reliability and validity of the changes in scores between baseline scores and scores from subsequent administrations of tests.

(b) The board shall make recommendations to the citizens and elected leaders of the Commonwealth concerning the enhancement of the benefits of the Kentucky Education Reform Act and the expansion and improvement of services to students.

(c) The board shall establish an organizational capacity to:

1. Develop and manage implementation of a research design to include the issuing of requests for proposals; awarding of contracts; and general oversight and coordination of the quality and quantity of research;
2. Conduct research in accordance with a comprehensive research design and establish priorities; and
3. Design and implement a comprehensive educational data information system.

(d) The board shall prepare an annual report of its activities and the activities of the corporation and forward copies to the Governor, the Legislative Research Commission, the Kentucky Board of Education, and the Council on Postsecondary Education and make copies available to the citizens of the Commonwealth.

(e) The board shall hire an executive officer and other necessary personnel to carry out its responsibilities.

(f) The board shall consist of ten (10) members who shall initially be appointed to two (2) year terms by the Governor. The board shall select from its membership a chairperson and establish bylaws, including bylaws governing board membership and length of terms. Upon expiration of the initial appointments and adoption of bylaws governing membership and length of terms by the board, the board shall be self-perpetuating, and the appointment and length of terms shall be made in accordance with the board's bylaws. Vacancies which occur before the expiration of the initial appointments shall be filled by the Governor for the remaining term of the vacancy.

This section was formerly codified as KRS 158.683 and was renumbered by the Reviser of Statutes as KRS 158.646, effective September 16, 1996.

Section 501(c)(3) of the Internal Revenue Code is compiled as 26 USCS § 501(c)(3).

The Kentucky Education Reform Act referred to in subsection (2) of this section was enacted by Acts 1990, ch. 476 and is compiled mainly throughout Title XII. Education.

Legislative Research Commission Note.

(9/16/96). This statute has been renumbered as KRS 158.646 from KRS 158.683 in order to remove the statute from

the sunset provision contained in KRS 158.710(6). Initial placement of this statute within the range set out in the sunset provision was an inadvertent mistake in codification. 1994 Ky. Acts ch. 408, sec. 1 did not direct that the statute be placed within the range set out in the sunset provision.

158.648. State Advisory Council for Gifted and Talented Education — Purpose — Duties.

(1) The State Advisory Council for Gifted and Talented Education is hereby created and attached to the Kentucky Department of Education. The council's purpose is to make recommendations regarding the provisions of services for gifted and talented students in Kentucky's education system.

(a) The council shall be composed of nineteen (19) voting members who shall be appointed by the Governor and three (3) nonvoting, ex officio members. The members shall be appointed representing various constituencies as follows:

1. Four (4) members shall be teachers within local school districts representing elementary, middle, and high school levels with at least one (1) full-time teacher of gifted and talented students and one (1) full-time teacher who teaches in a regular classroom;

2. Four (4) members shall be parents of students in local school districts, including two (2) parents of students identified as gifted and talented and at least one (1) who serves or has served on a school council;

3. Three (3) members shall be from postsecondary education institutions, including one (1) from an independent college or university;

4. One (1) member shall be a superintendent of a local school district;

5. Two (2) members shall be principals, including one (1) from an elementary or middle school and one (1) from a high school;

6. Two (2) members shall be coordinators of gifted and talented programs and services in local school districts;

7. One (1) member shall be a local board of education member;

8. One (1) member shall represent the visual and performing arts; and

9. One (1) member shall be appointed from the private business sector.

(b) The three (3) nonvoting ex officio members shall be: the state consultant for gifted and talented education in the Kentucky Department of Education, a staff person designated by the executive secretary of the Education Professional Standards Board, and a staff person designated by the president of the Council on Postsecondary Education. Vacancies shall be filled by the Governor as they occur in a manner consistent with the provisions for initial appointments.

(c) Each board member shall serve a three (3) year term or until a successor is appointed, except that for initial appointments to the board, three (3) of the members shall be appointed to serve a one (1) year term, eight (8) of the members shall be appointed to serve a two (2) year term, and eight (8) of the members shall be appointed to serve a three (3) year term. A member may be reappointed but may not serve more than two (2) consecutive terms.

(2) The council shall advise the commissioner of education, the Kentucky Board of Education, and the Education Professional Standards Board concerning the development of administrative regulations and education policy regarding gifted and talented students. The commissioner of education and the executive secretary for the Education Professional Standards Board shall submit proposed administrative regulations and educational policies relating to gifted and talented education and other administrative regulations that impact gifted and talented students for review by the advisory council prior to seeking approval of the appropriate board.

(3) As the advisory council considers issues relating to gifted and talented students, it shall seek dialogue with other agencies and organizations, including the Parent Teachers Association, the Governor's Scholars Program, the Governor's School for the Arts, the Governor's School for Entrepreneurs Program, the Kentucky Association of School Councils, the Kentucky Association for Gifted Education, the Kentucky School Boards Association, the Kentucky Association of School Administrators, and the Kentucky Council for Exceptional Children.

(4) The advisory council shall annually elect a chair from its membership, establish meeting operational procedures, and meet at least two (2) times annually.

(5) The Department of Education shall provide staff and administrative support and shall administer the funds appropriated to support the expenses of the council.

(6) The members of the advisory council shall serve without compensation but shall be reimbursed for necessary expenses in the same manner as state employees.

158.6485. Governor's School for Entrepreneurs Program — Entrepreneurship education organization — Advisory board — Appropriations — Accounting practices and program reports — Restricted use of funds.

(1) The Governor's School for Entrepreneurs Program is established as a statewide summer experiential education program for creative and enterprising students to enhance the next generation of business and economic leaders and enrich future economic development across the Commonwealth. The Governor's School for Entrepreneurs Program shall be attached to the Office of the Secretary in the Education and Labor Cabinet for administrative purposes.

(2) As used in this section, "entrepreneurship education organization" means a not-for-profit organization that has:

- (a) Received tax-exempt status from the United States Internal Revenue Service;

(b) Registered with the Office of the Kentucky Secretary of State;

(c) A statewide mission to generate interest and knowledge in entrepreneurship; and

(d) A history of operating education programs focused on entrepreneurship.

(3)(a) The Governor or the Governor's designee from the executive cabinet, the commissioner of education, the president of the Council on Postsecondary Education, and the secretary of the Education and Labor Cabinet shall serve as ex officio members of an advisory board to the Governor's School for Entrepreneurs Program. In addition, the Governor shall appoint five (5) members to the advisory board as provided in paragraph (b) of this subsection.

(b) By July 31, 2016, the Governor shall appoint five (5) initial members of the advisory board to serve as follows:

1. One (1) shall be appointed to serve a three (3) year term;
2. Two (2) shall be appointed to serve a (2) year term; and
3. Two (2) shall be appointed to serve a (1) year term.

Members appointed by the Governor may be reappointed by the Governor to serve successive terms. In making gubernatorial appointments, the Governor shall consider recommendations and information on business and entrepreneurial experience provided by a nominating committee of the board and shall attempt to promote geographic balance on the board. The Governor shall make appointments to fill gubernatorial vacancies as they occur. Each appointment after the initial appointment shall be for a three (3) year term unless the appointment is to fill the unexpired portion of a term.

(4) The Education and Labor Cabinet shall contract with an entrepreneurship education organization to administer and operate the statewide Governor's School for Entrepreneurs Program created in this section. The Education and Labor Cabinet shall approve the contract application criteria, the process for submission of a contract application, and the structure and type of evaluation criteria used in the contract application review process.

(5) The annual appropriation for the statewide Governor's School for Entrepreneurs Program from the general fund shall be transmitted to an entrepreneurship education organization on July 1 of each year to facilitate the operation of the summer program. Funds shall be used only for the purposes of the statewide Governor's School for Entrepreneurs Program and, notwithstanding KRS 45.229, shall not lapse at the end of the fiscal year.

(6)(a) The entrepreneurship education organization shall follow standard accounting practices and shall submit the following financial reports to the Office of the Secretary of the Education and Labor Cabinet, the Finance and Administration Cabinet, and the Legislative Research Commission:

1. Quarterly reports of expenditures of state funds for the Governor's School for Entrepreneurs Program, submitted on or before the thirtieth day after the end of each quarter in the organization's fiscal year;

2. Annual reports of receipts and expenditures for the Governor's School for Entrepreneurs Program, submitted on or before the sixtieth day after the end of the fiscal year of the organization; and

3. The report of an annual financial compilation or review conducted by an independent accounting firm, submitted on or before September 1 of each year.

(b) On or before March 1 of each year, the entrepreneurship education organization shall file a report detailing the operations of the Governor's School for Entrepreneurs Program for the preceding year with the Office of the Secretary of the Education and Labor Cabinet, the Finance and Administration Cabinet, and the Legislative Research Commission. The report shall include information concerning the program, student and faculty demographics, and program outcomes according to such measures of success as the advisory board to the statewide Governor's School for Entrepreneurs Program, in collaboration with the entrepreneurship education organization, may develop.

(c) Nothing in this section shall prevent the entrepreneurship education organization from soliciting program support, cooperation, and funds from private businesses, foundations, industries, and government agencies with an interest in technological innovations, economic development, and entrepreneurial education. Funds may be solicited, accepted, received, and expended from public and private sources for the purpose of implementing this section.

(7) The entrepreneurship education organization may perform other programs and initiatives pertaining to its mission so long as all funds appropriated for the statewide Governor's School for Entrepreneurs Program are restricted solely for the design, development, and operation of the statewide Governor's School for Entrepreneurs Program.

158.649. Achievement gaps — Data on student performance — Policy for reviewing academic performance — Student achievement targets — Reporting requirements — Review and revision of improvement plan.

(1) "Achievement gap" means the difference between performance goals and actual performance on each of the tested areas by grade level of the state assessment program for each of the various subgroups of students as described in the Every Student Succeeds Act of 2015, Pub. L. No. 114-95, or its successor, including male and female students, students with and without disabilities, students with and without English proficiency, minority and nonminority students, and students who are eligible for free and reduced lunch and those who are not eligible for free and reduced lunch.

(2) By October 1 of each year, the Department of Education shall provide each school council, or the principal if a school council does not exist, data on its students' performance as shown by the state assess-

ment program described in KRS 158.6453. The data shall include but not be limited to information on performance levels of all students tested, and information on the performance of students disaggregated by race, gender, disability, English proficiency, and participation in the federal free and reduced price lunch program, and any other subgroups as described in the Every Student Succeeds Act of 2015, Pub. L. No. 114-95, or its successor. The information from the department shall include an equity analysis that shall identify the substantive differences among the various groups of students identified in subsection (1) of this section. Beginning with the 2012-2013 school year, the reporting requirement in this subsection shall be no later than seventy-five (75) days following the first day the assessment can be administered.

(3) Each local board of education upon the recommendation of the local district superintendent shall adopt a policy for reviewing the academic performance on the state assessments required under KRS 158.6453 for various groups of students, including major racial groups, gender, disability, free and reduced price school lunch eligibility, and limited English proficiency. The local board policy shall be consistent with Kentucky Board of Education administrative regulations. Upon agreement of the school-based decision making council, or the principal if there is not a council, and the superintendent, the local board shall establish an annual target for each school for reducing identified gaps in achievement as set out in subsection (4) of this section.

(4) By February 1 of each year, the school-based decision making council, or the principal if there is not a council, with the involvement of parents, faculty, and staff shall set the school's targets for eliminating any achievement gap and submit them to the superintendent for consideration. The superintendent and the school-based decision making council, or the principal if there is not a council, shall agree on the targets before they are submitted to the local board of education for adoption.

(5) By January 1 of each year, the school council, or the principal if a school council does not exist, with the involvement of parents, faculty, and staff, shall review the data and revise the school improvement plan to include the targets, strategies, activities, and a time schedule calculated to eliminate the achievement gap among various groups of students to the extent it may exist. The plan shall include but not be limited to activities designed to address the following areas:

(a) Curriculum alignment within the school and with schools that send or receive the school's students;

(b) Evaluation and assessment strategies to continuously monitor and modify instruction to meet student needs and support proficient student work;

(c) Professional development to address the goals of the plan;

(d) Parental communication and involvement;

(e) Attendance improvement and dropout prevention; and

(f) Technical assistance that will be accessed.

(6) The principal shall convene a public meeting at the school to present and discuss the plan prior to

submitting it to the superintendent and the local board of education for review, in the public meeting required under KRS 160.340.

(7) Based on the disaggregated assessment results, the local board shall determine if each school achieved its targets for each group of students. Only data for a group of students including ten (10) or more students shall be considered.

(8) Notwithstanding KRS 160.345(8) and 158.070(7), if a local board determines that a school has not met its target to reduce the identified gap in student achievement for a group of students, the local board shall require the council, or the principal if no council exists, to submit its revisions to the school improvement plan describing the use of professional development funds and funds allocated for continuing education to reduce the school's achievement gap for review and approval by the superintendent. The plan shall address how the school will meet the academic needs of the students in the various groups identified in subsection (1) of this section.

(9) The superintendent shall report to the local school board and the commissioner of education if a school fails to meet its targets in any academic content area to reduce the gap in student achievement for any student group for two (2) consecutive years. The school's improvement plan shall be subject to review and approval by the Kentucky Department of Education and the school shall submit an annual status report. The Department of Education may provide assistance as defined in KRS 160.346 to schools as it deems necessary to assist the school in meeting its goals.

(10) The school-based decision making council, or the principal if there is not a council, shall no longer be required to seek approval of the plan under subsections (8) and (9) of this section when it meets its target for reducing the gap in student achievement for the various groups of students identified in subsection (1) of this section.

158.760. School-to-Careers System — Legislative intent — Goals.

(1) It is the intent of the General Assembly that a School-to-Careers System be developed to serve as an umbrella for career-related programs in the public schools, including School-to-Work, Tech Prep, and High Schools That Work initiatives.

(2) The goals of the School-to-Careers System shall be to:

(a) Increase the math, science, communications, social studies, and technical skills of all students through the implementation of a more rigorous and relevant applied curriculum and instructional process;

(b) Increase the awareness of job and career availability in the future workforce and the skills required to obtain those positions;

(c) Increase the postsecondary education's entry and completion rates and reduce the percentage of students taking remedial courses;

(d) Decrease the high school dropout rate through a system of increased guidance and extra help focused on academics and career achievement;

(e) Make all students aware of employer expectations in order to be successful;

(f) Increase the daily attendance rate at all secondary schools; and

(g) Provide the educational experiences that will cause all students to meet the goals and capacities identified in KRS 158.645 and KRS 158.6451 for Kentucky students.

158.7603. School-to-Careers Grant Program — Authority for administrative regulations — Advisory committee.

(1) The School-to-Careers Program shall be

provided by the General Assembly to provide matching funds to school districts or consortia of school districts for the development and implementation of comprehensive plans that include:

(a) A comprehensive career awareness and exploration program for all students in grades K-8 to include study of Kentucky's fourteen (14) career clusters;

(b) High level academic and vocational courses for all secondary students to replace a general track curriculum;

(c) A comprehensive career guidance program to assist all secondary students in developing individual graduation plans;

(d) Applied academic instructional models for all disciplines and integration of academics and vocational education curriculum;

(e) Implementation of industry skill standards within all relevant academic and vocational education programs;

(f) Planned instructional programs to meet the needs of students with disabilities and other special needs students;

(g) Opportunity for students to receive, in addition to a high school diploma, a Career Major Certificate upon completion of the high school graduation requirements, work-based learning experiences, specific course work, and a career culminating project;

(h) Opportunity for students to participate in structured workbased learning;

(i) Linkages with postsecondary institutions that create a smooth and seamless transition from secondary to postsecondary education;

(j) Professional development for faculty and staff focused on developing integrated and applied curriculum; and

(k) A School-to-Careers Partnership Council composed of representatives of business, labor, education agencies, parents, students, teachers, administrators, and community organizations.

(2) The Kentucky Board of Education shall promulgate administrative regulations that set forth the request for proposal process, the criteria for grant awards, the responsibilities of local districts and consortia seeking matching funds, the level of funding available, and criteria for evaluating the success of the programs.

(3) The Department of Education shall administer the funds and shall provide technical assistance to local districts and consortia in developing, implementing, and evaluating School-to-Careers programs.

(4) The commissioner of education shall establish a state advisory committee composed of business, industry, labor, education, and government with a minimum of fifty-one percent (51%) of its membership from the employment sector to advise the department in the School-to-Careers program. The members shall serve without compensation but may be reimbursed for necessary travel expenses.

(5) The grant funds may be used to enhance on-going efforts such as Tech Prep, School-to-Work, and High Schools that Work initiatives.

158.770. Advisory committee on writing program.

An advisory committee on writing shall be created by the Kentucky Board of Education to make recommendations to the board regarding the establishment of an intensive writing component in the state program of studies for grades seven (7) through ten (10) and the establishment of innovative pilot writing programs in selected local school districts in grades seven (7) through ten (10).

(1) The advisory committee shall be composed of nine (9) members appointed by the Kentucky Board of Education. The majority of the membership shall be educators currently employed by local school districts or public universities.

(2)(a) On July 13, 1990, the terms of the current members of the advisory committee shall expire and the Kentucky Board of Education shall appoint members as follows: three (3) members shall serve two (2) year terms, three (3) members shall serve three (3) year terms, and three (3) members shall serve four (4) year terms.

(b) As the terms described in subsection (a) of this section expire, members appointed thereafter shall serve four (4) year terms.

(3) All operating expenses of the committee shall be approved by the Kentucky Board of Education and paid from funds budgeted to the writing programs. Members shall be reimbursed for actual expenses for attendance at committee meetings and for other actual expenses incurred in carrying out their official duties.

(4) The functions of the committee shall be as follows:

(a) Analyze the program of studies of grades seven (7) through ten (10) and make recommendations to the Kentucky Board of Education on the options for including an intensive writing program;

(b) Make recommendations to the Kentucky Board of Education on methods of integrating writing into the curriculum in grades seven (7) through ten (10);

(c) Make recommendations to the Kentucky Board of Education relative to the development of teacher training programs and workshops designed to facilitate the effective teaching of writing;

(d) Develop and recommend to the Kentucky Board of Education criteria for local district participation in the pilot program;

(e) Develop a monitoring and ongoing evaluation system; and

(f) Recommend to the Kentucky Board of Education a grant allotment system to award funds to eligible districts.

158.780. Management improvement programs.

(1) The Kentucky Board of Education shall establish a program for voluntary management improvement, for involuntary supervision, and for assuming full control of a local school district.

(a) The voluntary improvement program shall assist local districts with the development of innovative management practices and help them adopt currently accepted practices.

(b) If the Kentucky Board of Education believes that a critical lack of efficiency or effectiveness in the governance or administration of a local school district exists, it shall conduct an administrative hearing in compliance with KRS Chapter 13B. If it is determined that there is a critical lack of efficiency or effectiveness in the governance or administration, the state board shall assume sufficient supervision of the district to ensure that appropriate corrective action occurs. Neither the state board, the chief state school officer, nor his designee shall assume the supervision of the district until an administrative hearing has been conducted under KRS Chapter 13B.

(c) If the Kentucky Board of Education believes that the pattern of a lack of efficiency or effectiveness in the governance or administration of a school district warrants action, it shall conduct an administrative hearing in compliance with KRS Chapter 13B. If it is determined that the pattern does warrant action, it shall declare the district a "state assisted district" or a "state managed district" and the state

board shall then assume control of the district as set forth in this section and KRS 158.785.

(2) The Kentucky Board of Education shall adopt necessary administrative regulations to carry out the provisions of this section and KRS 158.785, including an administrative regulation to more specifically establish and implement the standards for designation as a "state assisted district" and a "state managed district."

(3) The Kentucky Board of Education may delegate to the chief state school officer the authority it deems necessary to carry out the provisions of this section and KRS 158.785. However, neither the state board, the chief state school officer, nor his designee shall assume the supervision of the district until an administrative hearing has been conducted under the provisions of KRS Chapter 13B.

158.782. Monitoring and review of turnaround plan — Skilled assistance.

(1) To align with the Every Student Succeeds Act of 2015, Pub. L. No. 114-95, or its successor, the Kentucky Department of Education shall promulgate administrative regulations establishing the monitoring and periodic review of the implementation of a local school district's turnaround plan for a school identified for comprehensive support and improvement described in KRS 160.346. The monitoring and review process shall be limited to performing an annual review of the school's state assessment data and measures of school quality, periodic site visits, observation, and interviews of representative stakeholders and students.

(2) Schools and districts receiving highly skilled assistance from the Kentucky Department of Education prior to April 10, 2017, shall continue to receive assistance in accordance with the established assistance plan.

158.785. Collection and review of management data — Management audit — Conditions for designation as state assisted or state managed district — Actions required.

(1) The Kentucky Board of Education shall establish a program to improve specific aspects of the management of local school districts as described in KRS 158.780.

(2) The State Department of Education shall, pursuant to administrative regulations promulgated by the Kentucky Board of Education, collect and review data relative to the instructional and operational performance of local school districts. When a review of the data or of any other information, including site investigations of local management practices, indicates the presence of critically ineffective or inefficient management, the chief state school officer shall order a management audit of the governance and administration of the district. A local school board or superintendent may also request a management audit of the district.

(3) If a management audit, conducted for any of the reasons set forth in subsection (2) of this section, indicates that there is a pattern of a significant lack of efficiency and effectiveness in the governance or administration of a school district, the chief state school officer shall recommend the district to the Kentucky Board of Education either as a “state assisted district” or a “state managed district.”

(4) The Kentucky Board of Education shall promulgate an administrative regulation establishing a procedure for considering the recommendation of the chief state school officer to declare a district a “state assisted district” or a “state managed district.” This procedure shall fully comply with the procedures for administrative hearings established in KRS Chapter 13B.

(5) When the chief state school officer presents a recommendation to the state board for designation as a “state assisted district” or a “state managed district,” he shall establish the following:

(a) Existence of a pattern of a significant lack of efficiency and effectiveness in the governance or administration of the school district;

(b) The pattern of a significant lack of efficiency and effectiveness in the governance or administration of the school district continues to exist; and

(c) State assistance or state management is necessary to correct the inefficiencies and ineffectiveness.

(6) When a district is designated a “state assisted district” under subsection (4) of this section, the following actions shall be required of the chief state school officer:

(a) Management assistance shall be provided to the district to develop and implement a plan to correct deficiencies found in the management audit.

(b) The Department of Education shall monitor the development and implementation of the correctional plan to improve the governance or administration of the school district. If the chief state school officer determines that the plan is being inadequately developed or implemented, he shall make a recommendation to the Kentucky Board of Education to declare the district a “state managed district.”

(7) If the state board designates a district a “state managed district” under subsection (4) of this section, the following actions shall be required of the chief state school officer:

(a) All administrative, operational, financial, personnel, and instructional aspects of the management of the school district formerly exercised by the local school board and the superintendent shall be exercised by the chief state school officer or his designee.

(b) The local superintendent may be removed from office by the Kentucky Board of Education pursuant to KRS 156.132.

(c) Notwithstanding any statute to the contrary, after thirty (30) days after a district becomes a “state managed district” any appointment to an administrative position may be revoked by the chief state school officer and the individual employee may be reassigned to any duty for which that person is qualified. The chief state school officer shall provide to the reassigned employee written reasons for the reassignment. The individual shall not be dismissed from subsequent employment except as provided by KRS 156.132 and 161.790.

(d) The chief state school officer shall make the administrative appointments as necessary to exercise full and complete control of all aspects of the management of the district. The chief state school officer, through the appointments, may make any and all decisions previously made by the local school board and the local superintendent. The chief state school officer shall retain clear supervisory and monitoring powers over the operation and management of the district.

(8) A school district shall be designated as a “state managed district” until the Kentucky Board of Education determines that the pattern of ineffective and inefficient governance or administration and the specific deficiencies determined by the management audit have been corrected. Each year following the school year in which the designation of a “state managed district” was made, the chief state school officer shall report the status of the corrective action being taken to the Kentucky Board of Education. No local school district shall remain in the status of a “state managed district” longer than three (3) consecutive school years unless the Kentucky Board of Education extends the time after a complete review of a new management audit. Any judicial review of actions taken by the chief state school officer or the board under KRS 158.780 or

this section shall be in accordance with the provisions for conducting judicial review of administrative hearings outlined in KRS Chapter 13B.

It was also amended by Acts 1990, ch. 476, Pt. IV, § 215; however, the repeal, reenactment, and amendment by ch. 470 prevails. The section was subsequently repealed by Acts 1994, ch. 469, § 40, effective July 15, 1994.

158.791. Legislative findings and intent regarding reading.

(1) The General Assembly hereby finds that reading proficiency is a gateway skill necessary for all of Kentucky students to achieve the academic goals established in KRS 158.6451. It is Kentucky's goal that all children learn to read well before exiting grade three (3) and that all middle and high school students have the skills necessary to read complex materials in specific core subjects and comprehend and constructively apply the information.

(2) It is the intent of the General Assembly that:

(a) Every elementary school:

1. Provide comprehensive schoolwide reading instruction aligned to reading and writing standards required by KRS 158.6453 and outlined in administrative regulation promulgated by the Kentucky Board of Education;

2. Provide a multitiered system of supports, as set forth in and required by KRS 158.305, to support and engage all students in learning to read at the proficient level, meaning a level that reflects developmentally appropriate grade-level performance, by the end of grade three (3);

3. Ensure quality instruction by highly trained teachers and intervention by individuals most qualified to provide the intervention; and

4. Provide high quality library media programs;

(b) Every middle and high school:

1. Provide direct, explicit instruction to students lacking skills in how to read, learn, and analyze

information in key subjects, including language, reading, English, mathematics, science, social studies, arts and humanities, practical living skills, and career studies; and

2. Ensure that teachers have the skills to help all students develop critical strategies and skills for subject-based reading;

(c) The Kentucky Department of Education provide technical assistance to local school districts in the identification of professional development activities, including teaching strategies to help teachers in each subject area to:

1. Implement evidence-based reading, intervention, and instructional strategies that emphasize phonemic awareness, phonics, fluency, vocabulary, comprehension, and connections between reading and writing acquisition, and motivation to read to address the diverse needs of students;

2. Identify and teach the skills that students need to comprehend the concepts and content of each subject area; and

3. Use activities and materials that will help the students comprehend and constructively apply information based on the unique content of each subject area;

(d) The Education Professional Standards Board review and revise when deemed necessary the teacher certification and licensure requirements to ensure that all teachers, regardless of the subject area taught, are prepared to improve students' subject reading skills; and

(e) The department shall collaborate with the Department for Libraries and Archives, the Governor's Office of Early Childhood, and Kentucky Educational Television to establish and maintain a partnership to support the use of high-quality, evidence-based year-round programming, materials, and activities for elementary-aged children in the areas of reading.

158.792. Definitions for KRS 158.792 and 164.0207 — Reading diagnostic and intervention fund — Grants for reading intervention programs — Administrative regulations — Use of grant funds — Information and reports provided by Department of Education.

(1) As used in this section and KRS 164.0207, unless the context requires otherwise:

(a) "Comprehensive reading program" means any print, nonprint, or electronic medium of reading instruction designed to assist students. For students in kindergarten through grade three (3), program

instructional resources shall include instruction in five (5) key areas: phonemic awareness, phonics, fluency, vocabulary, and comprehension;

(b) "Reading diagnostic assessment" means an assessment that measures a student's skills against established performance levels in essential components of reading and identifies students that require intervention in at least one (1) of those components to accelerate the student's progress toward proficient performance in reading;

(c) "Reading intervention program" means short-term intensive instruction in the essential skills necessary to read proficiently that is provided to a student by a highly trained teacher. This instruction may be conducted one-on-one or in small groups; shall be evidence-based, reliable, and replicable; and shall be based on the ongoing assessment of individual student needs; and

(d) "Reliable, replicable evidence" means objective, valid, scientific studies that:

1. Include rigorously defined samples of subjects that are sufficiently large and representative to support the general conclusions drawn;
2. Rely on measurements that meet established standards of reliability and validity;
3. Test competing theories, where multiple theories exist;
4. Are subjected to peer review before their results are published; and
5. Discover effective strategies for improving reading skills.

(2) The reading diagnostic and intervention fund is created to help teachers and library media specialists improve the reading skills of struggling readers in kindergarten through grade three (3) and to assist schools in employing reading interventionists who specialize in providing those services. The Department of Education, upon the recommendation of the Reading Diagnostic and Intervention Grant Steering Committee, shall provide renewable, two (2) year grants to schools to support teachers and reading interventionists in the implementation of reliable, replicable evidence-based reading intervention programs that use a balance of diagnostic tools and instructional strategies that emphasize phonemic awareness, phonics, fluency, vocabulary, comprehension, and connections between writing and reading acquisition and motivation to read to address the diverse learning needs of those students reading at low levels. Any moneys in the fund at the close of the fiscal year shall not lapse but shall be carried forward to be used for the purposes specified in this section.

(3)(a) The Kentucky Board of Education shall promulgate administrative regulations, based on recommendations from the Department of Education that shall include but not be limited to a school selection process with a focus on those with the most need, professional learning supports in literacy, and early reading instruction to:

1. Identify eligible grant applicants, taking into consideration how the grant program described in this section will relate to other grant programs;
2. Specify the criteria for acceptable reading and literacy diagnostic assessments and intervention programs;

3. Specify the criteria for acceptable ongoing assessment of each child to determine his or her reading progress;

4. Establish the minimum evaluation process for an annual review of each grant recipient's program and progress;

5. Identify the annual data that must be provided from grant recipients;

6. Define the application review and approval process;

7. Establish matching requirements deemed necessary;

8. Define the professional development and continuing education requirements for teachers, library media specialists, administrators, and staff of grant recipients;

9. Establish the conditions for renewal of a two (2) year grant; and

10. Specify other conditions necessary to implement the purposes of this section.

(b) The board shall require that a grant applicant provide assurances that the following principles will be met if the applicant's request for funding is approved:

1. An evidence-based comprehensive schoolwide reading program will be available;
2. Intervention services will supplement, not replace, regular classroom instruction;
3. Intervention services will be provided to struggling kindergarten through grade three (3) readers within the school based upon ongoing assessment of their needs; and
4. A system for informing parents of struggling readers of the available family literacy services within the district will be established.

(c) The board shall not restrict how a grant applicant utilizes grant funds as it relates to the applicant's use of funds for professional development, resources, tools, employment of reading interventionists, and other expenses authorized by this section. The grant applicant shall have discretion in allocating grant funds for purposes authorized by this section; however, the board may consider the effectiveness of those uses in reviewing the application.

(4) In order to qualify for funding, the school council, or if none exists, the principal or the superintendent of schools, shall allocate matching funds required by grant recipients under subsection (3) of this section. Funding for professional development allocated to the school council under KRS 160.345 and for continuing education under KRS 158.070 may be used as part of the school's match.

(5) The Department of Education shall make available to schools:

(a) Information concerning successful, evidence-based comprehensive reading programs, diagnostic tools for pre-and post-assessment, and intervention programs, from the Collaborative Center for Literacy Development created under KRS 164.0207;

(b) Strategies for successfully implementing early reading programs, including professional development support and the identification of funding sources; and

(c) A list of professional development providers offering teacher training related to reading that

emphasizes the essential components for successful reading: phonemic awareness, phonics, fluency, vocabulary, comprehension, and connections between writing and reading acquisition and motivation to read.

(6) The Department of Education shall submit a report to the Interim Joint Committee on Education no later than November 1 of each year outlining the use of grant funds. The annual report for an odd-numbered year shall include an estimate of the cost to expand the reading diagnostic and intervention fund.

(7) The Department of Education shall report program data to an external evaluator for analysis of the program's success in meeting the goal of increasing early literacy student outcomes.

Legislative Research Commission Notes.

(7/1/2022). This statute was amended by 2022 Ky. Acts chs. 40 and 236. Ch. 236 combined the Education and Workforce Development Cabinet and Labor Cabinet and amended all applicable statutes to remove each and every existing reference to either of those cabinets and insert the name of the successor agency, "Education and Labor Cabinet," in its place. One such replacement was made in this section, but the amendment of this section in ch. 40 removed the cabinet reference in its entirety, making the name update unnecessary.

(3/29/2022). 2022 Ky. Acts ch. 40, sec. 9, reads as follows: "Notwithstanding any regulation or rule adopted by the Kentucky Department of Education, any grant application submitted previously to the department in accordance with during the 2021-2022 school year under KRS 158.792 shall be subject to Section 5 of this Act [this statute, as amended by 2022 Ky. Acts ch. 40, sec. 5]."

(3/29/2022). 2022 Ky. Acts ch. 40, sec. 10, provides that the Act, which amended this statute, may be cited as the Read to Succeed Act.

(3/18/2005). 2005 Ky. Acts ch. 127, which included an amendment to this section, KRS 158.792, provides that the Act shall be cited as the "Read to Achieve Act of 2005."

158.794. Reading Diagnostic and Intervention Grant Steering Committee — Membership — Duties.

(1) The Reading Diagnostic and Intervention Grant Steering Committee is hereby created for the purpose of advising the Kentucky Board of Education and the Department of Education concerning the implementation and administration of universal screeners, reading diagnostic assessments, and a statewide professional development program for early literacy. The committee shall be composed of fourteen (14) members, including the commissioner of education or the commissioner's designee and the following members, to be appointed by the Governor:

(a) Four (4) elementary school teachers with a specialty or background in reading and literacy or reading intervention;

(b) One (1) elementary school parent;

(c) One (1) elementary school principal;

(d) One (1) elementary special education teacher;

(e) One (1) postsecondary educator who trains and prepares elementary reading teachers;

(f) One (1) speech-language pathologist;

(g) One (1) elementary librarian or certified media specialist;

(h) One (1) elementary reading intervention teacher;

(i) One (1) teacher with experience assisting children who are deaf or hearing-impaired; and

(j) One (1) private sector member with reading intervention experience.

(2) Each member of the committee, other than the commissioner of education or the commissioner's designee, shall serve for a term of three (3) years or until a successor is appointed, except that upon initial appointment, five (5) members shall serve a one (1) year term, four (4) members shall serve a two (2) year term, and four (4) members shall serve a three (3) year term.

(3) A majority of the full authorized membership shall constitute a quorum.

(4) The committee shall elect, by majority vote, a chair, who shall be the presiding officer of the committee, preside at all meetings, and coordinate the functions and activities of the committee. The chair shall be elected or reelected each calendar year.

(5) The committee shall be attached to the Department of Education for administrative purposes.

(6) The committee shall:

(a) Identify needs, trends, and issues in schools throughout the state regarding reading and literacy programs;

(b) Make recommendations regarding the content of administrative regulations to be promulgated by the Kentucky Board of Education under KRS 158.792;

(c) Advise the Kentucky Board of Education and the Department of Education regarding costs and effectiveness of various reading intervention programs; and

(d) Advise the Department of Education on:

1. Suggested universal screeners for reading to be administered to students in kindergarten through grade three (3) as required by KRS 158.791;

2. Suggested criteria for reading diagnostic assessments to be administered to students in kindergarten through grade three (3) as required by KRS 158.791; and

3. The development, implementation, and outcomes of a statewide professional development program to include early literacy skills instruction and student engagement.

158.796. Governor’s Scholars Program — Purpose — Governor’s Scholars Program, Inc. — Board of directors — Funding — Reports.

(1) The Governor’s Scholars Program is established to implement an enrichment program for academically gifted students to enhance the next generation of civic and economic leaders and create models of educational excellence. Governor’s Scholars Program, Inc. is authorized to operate the Governor’s Scholars Program. The Governor’s Scholars Program shall be attached to the Office of the Secretary in the Education and Labor Cabinet for administrative purposes.

(2)(a) The Governor or the Governor’s designee from the executive cabinet, the commissioner of education, and the president of the Council on Postsecondary Education shall serve as ex officio voting members of the board of directors of Governor’s Scholars Program, Inc. In addition, the Governor shall appoint five (5) members of the board as provided in paragraph (b) of this subsection. Other board members of Governor’s Scholars Program, Inc. shall be selected in the manner set forth in the articles of incorporation and bylaws of the corporation.

(b) After June 20, 2005, the Governor shall appoint board members as follows:

1. In 2005, the Governor shall appoint two (2) board members to serve three (3) year terms;
2. In 2006, the Governor shall appoint two (2) members to serve three (3) year terms; and
3. In 2007, the Governor shall appoint one (1) member to serve a three (3) year term.

Members appointed by the Governor may be reappointed by the Governor to serve successive terms. In making gubernatorial appointments, the Governor shall consider recommendations and information provided by the nominating committee of the board and shall attempt to promote geographic balance on the board. One (1) of the gubernatorial appointees shall be designated by the board to serve on the committee that functions as the executive committee

of Governor’s Scholars Program, Inc. The Governor shall make appointments to fill gubernatorial vacancies as they occur. Each appointment after the initial appointment shall be for a three (3) year term unless the appointment is to fill the unexpired portion of a term.

(c) The board of directors shall have the authority to hire, fire, and manage all program personnel, including the executive director.

(3) The annual appropriation for the Governor’s Scholars Program from the general fund shall be transmitted to Governor’s Scholars Program, Inc. on July 1 of each year to facilitate the operation of the summer program. Funds shall be used only for the purposes of the Governor’s Scholars Program and shall not lapse at the end of the fiscal year.

(4)(a) Governor’s Scholars Program, Inc. shall follow standard accounting practices and shall submit the following financial reports to the Office of the Governor, the Finance and Administration Cabinet, and the Legislative Research Commission:

1. Quarterly reports of expenditures of state funds, submitted on or before the thirtieth day after the end of each quarter in the corporation’s fiscal year;
2. Annual reports of receipts and expenditures for the Governor’s Scholars Program, submitted on or before the sixtieth day after the end of the fiscal year of the corporation; and
3. The report of an annual financial audit conducted by an independent auditor, submitted on or before September 1 of each year.

(b) On or before March 1 of each year, Governor’s Scholars Program, Inc. shall file with the Office of the Governor, the Finance and Administration Cabinet, and the Legislative Research Commission a report detailing the operations of the Governor’s Scholars Program for the preceding year. The report shall include information concerning the summer program, student and faculty demographics, and program outcomes according to such measures of success as the board may adopt.

158.798. Program to encourage studies in mathematics, science, and related technologies — Role of Kentucky Science and Technology Council, Inc.

(1) It is the intention of the General Assembly to generate a substantial increase in the number of mathematicians, scientists, and engineers in the Kentucky workforce in order to foster economic growth in the business sector and to provide high quality jobs for Kentuckians. A program shall be established to encourage studies in math, science, and related technologies, beginning with middle school and continuing through advanced college level work, leading to sustained job placements in Kentucky's technological and innovative businesses and industries. Principal activities for developing, coordinating, and implementing this program shall be conducted by the Kentucky Science and Technology Council, Inc., a private, nonprofit corporation comprised of leaders from education, government, and the private sector.

(2) The Kentucky Science and Technology Council, Inc., may solicit, accept, receive, invest, and expend funds from any public or private source for the purpose of implementing the provisions in this section.

(3) The Kentucky Science and Technology Council, Inc., shall coordinate, promote, and support activities designed to:

(a) Recognize Kentucky middle school students with a high interest, aptitude, or achievement in math, science, and technology related courses, events, and activities; and

(b) Develop additional learning experiences outside the traditional classroom courses, to enhance interest in math and science for middle and high school students, including summer and weekend institutes, skills, application in real world situations, business and industry internships and mentorships, and career awareness exploration.

(c) Solicit program support, cooperation, and funds from private businesses, industries, and government entities with an interest and need for technological innovation;

(d) Develop a college-level academic scholarship program for students in math, science, engineering, and other technology related disciplines, soliciting contributions from private businesses and industries;

(e) Develop internship and post-degree placement commitment plans for industries and those students participating in internships or receiving scholarships; and

(f) Submit an annual report to the Governor and the Legislative Research Commission concerning:

1. Activities related to achieving the program's objectives for the preceding year;

2. Factual information about Kentucky students' progress in math, science, and related technologies and business and industries' changing technological needs; and

3. Recommendations to improve the program in achieving its purposes.

158.7991. Legislative findings and declarations.

(1)(a) The General Assembly finds and declares that the integration of the arts and foreign languages into the school curriculum benefits students by increasing their motivation to learn; improves attendance; fosters multicultural understanding; and develops neurological cognitive potential through higher-order thinking skills, creativity, and problem solving. Further, the General Assembly finds and declares that arts and foreign language education can renew and invigorate faculty and can foster greater parent and community participation and support.

(b) The General Assembly notes that it created a system of public education that allows and assists all students to acquire certain capacities provided under KRS 158.645, including communication skills necessary to function in a complex and changing civilization and sufficient grounding in the arts to enable each student to appreciate his or her cultural and historical heritage.

(c) The General Assembly further notes that its goals for public schools under KRS 158.6451 include: to develop students' abilities to use basic communication and mathematics skills for purposes and situations they will encounter throughout their lives; to apply core concepts and principles from mathematics, the sciences, the arts, the humanities, and social studies; and to connect and integrate experiences and new knowledge from all subject matter fields with what they have previously learned and build on past learning experiences to acquire new information through various sources.

(2) It is the intent of the General Assembly in enacting KRS 158.7992 to address the findings and declarations set out in subsection (1) of this section.

History.

Enact. Acts 2003, ch. 35, § 1, effective June 24, 2003.

158.7992. Program to promote instruction in the arts and foreign languages.

(1) The Department of Education shall establish a program that promotes the integration of the arts and foreign languages in the elementary school program. A school shall submit an application through the district superintendent, with the agreement of the school council or of the principal, if a council does not exist. The department shall award a grant to at least one (1)

school per region based on the quality of the application in meeting the criteria established in subsection (2) of this section. Special consideration shall be given, but not limited to, a school that does not have an existing comprehensive arts and foreign language program.

(2) School programs under subsection (1) of this section shall include, but not be limited to, the following components:

(a) Instruction in each of the four (4) disciplines of dance, drama, music, and the visual arts that includes the core content skills and knowledge taught in a sequential manner and includes all students in the elementary school;

(b) Intense instruction in at least one (1) foreign language that includes skills and knowledge related to communicative language and culture and includes all students in the elementary school;

(c) Integration of arts and foreign language instruction across the curriculum;

(d) Coordination of the programs by teachers with appropriate arts and foreign language certification;

(e) Professional development for teachers and administrators designed to facilitate the effective teaching of arts and foreign languages;

(f) An effective monitoring and evaluation system that includes student performance assessment;

(g) Partnerships with parents, local cultural agencies, individual artists, and native speakers of the foreign language who work in collaboration with classroom teachers;

(h) Support from the local school board, the school council, and teachers; and

(i) Student attendance at one (1) or more live performance or visual art exhibition each school year.

(3) The Department of Education shall report annually by July 1 of each year on the implementation of the program to the Governor and the Legislative Research Commission.

Compiler's Notes.

This section (Enact. Acts 1985, (1st Ex. Sess.), ch. 10, § 37, effective October 18, 1985) was repealed by Acts 1990, ch. 476, Pt. VI, § 616, effective July 13, 1990.

158.801. Definitions for KRS 158.801 and 158.803.

As used in this section and KRS 158.803, unless the context otherwise requires:

(1) "Program" means the Kentucky Early Mathematics Testing Program; and

(2) "Participating colleges or universities" means all public postsecondary education institutions in Kentucky and any private college or university in Kentucky that chooses to participate in the Kentucky Early Mathematics Testing Program.

History.

Enact. Acts 2000, ch. 258, § 1, effective July 14, 2000.

158.803. Early mathematics testing program — Purposes — Development and requirements of program — Annual reports.

(1) The Kentucky Early Mathematics Testing Program is created to lower the number of high school graduates in Kentucky who require remediation in mathematics upon enrollment in postsecondary education institutions, by providing information to primarily high school sophomores and juniors statewide regarding their level of mathematics knowledge in relation to standards required for community and technical colleges and university level mathematics courses early enough for students to address deficiencies while still in high school.

(2) The testing program shall be a computer website-based program that incorporates a variety of diagnostic mathematics tests to identify knowledge and skills needed for postsecondary education courses.

(3) The testing program shall be developed and conducted by a public university. The Council on Postsecondary Education, with the advice of the Department of Education, shall develop a process to solicit, review, and select a proposal for the development and implementation of the computer website-based testing program. The council shall approve the location of the program at a public university no later than September 1, 2000. The university shall be the fiscal agent for the testing program and shall receive the funds appropriated by the General Assembly.

(4) The program shall be available to all interested Kentucky public and private high school students in grades ten (10) and eleven (11). Student participation in the program shall be voluntary, and program test scores shall not be:

(a) Placed on a student's high school transcript; or

(b) Used by postsecondary education institutions in the admissions process.

(5) The computer website testing program shall be available to all Kentuckians for evaluation of an individual's mathematics knowledge and skills.

(6) The program shall encourage the active participation of all public and private high schools in Kentucky.

(7) The computer website testing program shall:

(a) Develop or adopt appropriate tests to determine the level of mathematics knowledge of high school students in relation to the standards of placement tests given at the community and technical colleges and undergraduate public universities. In the development or adoption of the tests, consideration shall be given to the program of studies and the minimum requirements for high school graduation established in KRS 156.160 and the alignment of these standards with postsecondary course standards;

(b) Develop a structure to permit each participating student the opportunity to take the computer-based test at school in the presence of school personnel or at the student's home in the presence of his or her parents or guardian;

(c) Score the completed tests and provide the test scores and diagnostic information on a student's knowledge and skills electronically to the student

and the high school upon completion of the test in the form of electronic mail or printable files or screens.

(d) Provide the following information for up to three (3) participating postsecondary education institutions specified by the student as a possible college choice:

1. The student's test score;
2. A list of mathematics courses required for the student's intended major at a postsecondary education institution;
3. A list of any remedial courses the student might be required to take based on the student's current level of mathematics knowledge as demonstrated on the test;
4. The estimated cost of the remedial courses the student might be required to take; and
5. The high school courses and the specific mathematical concepts or functions a student should consider studying in order to address any deficiencies;

(e) Encourage the chair of the mathematics department or the academic dean at each of the participating postsecondary education institutions specified by the student as a possible college choice to send a personalized letter to the student that:

1. Encourages the student to take additional high school mathematics courses to address deficiencies in mathematics knowledge; or
2. Congratulates the student who does well on the test for his or her achievement and encourages continued study in mathematics; and

(f) Develop and implement a strategy to raise awareness and encourage participation in the program, targeting high school students, parents, high school faculty and administrators, mathematics departments or faculty at postsecondary education institutions, and the general public.

(8) The Kentucky Department of Education shall provide assistance as necessary to the Kentucky Early Mathematics Testing Program to implement the provisions of this section and KRS 158.801.

(9) The public university that conducts the testing program shall submit an annual report to the Kentucky Board of Education and the Council on Postsecondary Education regarding its activities, and the effects of the program on levels of remediation required by participating students.

158.805. Commonwealth school improvement fund — Purposes — Criteria for grants to schools needing assistance.

(1) There is hereby created the Commonwealth school improvement fund to assist local schools in pursuing new and innovative strategies to meet the educational needs of the school's students and raise a school's performance level. The Kentucky Board of Education shall utilize the Commonwealth school improvement fund to provide grants to schools for the following purposes:

(a) To support teachers and administrators in the development of sound and innovative approaches to

improve instruction or management, including better use of formative and summative, performance-based assessments;

(b) To assist in replicating successful programs developed in other districts including those calculated to reduce achievement gaps as defined in KRS 158.649;

(c) To encourage cooperative instructional or management approaches to specific school educational problems; and

(d) To encourage teachers and administrators to conduct experimental programs to test concepts and applications being advanced as solutions to specific educational problems.

(2) The Kentucky Board of Education shall develop criteria for awards of grants from the Commonwealth school improvement fund to schools identified by the board as needing assistance under KRS 158.6455.

(3) The Kentucky Board of Education shall have the sole authority to approve grants from the fund.

(4) The Kentucky Board of Education may establish priorities for the use of the funds and, through the Department of Education, shall provide assistance to schools in preparing their grant proposals. The board shall require that no funds awarded under the Commonwealth school improvement fund are used to supplant funds from any other source. Requests may include funding for personnel costs, except funding for personnel costs shall not continue after school improvement funds are no longer provided. Requests for necessary equipment may be approved at the discretion of the state board, however the cost of equipment purchased by any grantee shall not exceed twenty percent (20%) of the total amount of money awarded for each proposal and shall be matched by local funds on a dollar for dollar basis.

(5) The Kentucky Board of Education shall establish maximums for specific grant awards. All fund recipients shall provide the board with an accounting of all money received from the fund and shall report the results and conclusions of any funded projects to the Kentucky Board of Education. All fund recipients shall provide the board with adequate documentation of all projects to enable replication of successful projects in other areas of the state.

(1) The read to succeed fund is hereby created to train and support teachers and library media specialists to improve the reading skills of students in kindergarten through grade three (3) as set forth in subsection (2) of this section and in KRS 158.305(5). The fund shall consist of all moneys received from state appropriations, gifts, grants, and federal funds for this purpose. The Department of Education shall administer the fund.

(2) The Department of Education shall implement teacher professional learning academies related to evidence-based practices in instruction, instructional materials, and assessment in reading using moneys appropriated or otherwise received by the read to succeed fund.

(3) The department shall create a literacy coaching program using moneys appropriated or otherwise received by the read to succeed fund. The program shall:

- (a). Use data coaches to improve reading and literacy;
- (b). Determine the effectiveness of intensive data-focused professional development; and
- (c). Provide expert support in literacy and early reading instruction and intervention.

(4) Notwithstanding the provisions of KRS 45.229, unexpended funds in the read to succeed fund in the 2022-2023 fiscal year or in any subsequent fiscal year shall not lapse but shall carry forward to the next fiscal year and shall be used for the purposes established in subsections (1) and (2) of this section.

158.809. Virtual computer science career academy — Development and requirements — Annual reports.

(1) It is the intention of the General Assembly to increase the Commonwealth's economic competitiveness in the technology and computing employment sector by significantly increasing the capacity to educate and prepare high school students for the technology workforce. A virtual computer science career academy shall be established to expand access to accelerated, early college career pathways for Kentucky high school students and prepare them for careers in computing, particularly in the field of data science. Principal activities for developing, coordinating, and implementing the academy shall be conducted by WeLeadCS, a private, nonprofit corporation composed of leaders from education, government, and technology and computing sector employers.

(2) WeLeadCS may solicit, accept, receive, invest, and expend funds from any public or private source for

the purpose of implementing the provisions in this section.

(3) WeLeadCS shall:

(a) Establish a program in which Kentucky teachers provide virtual, synchronous instruction for dual college credit computing courses to accelerate students' completion of computer science degrees and development of the academic knowledge, technical skills, and employability skills necessary for careers in high-level computing occupations;

(b) Collaborate with the Kentucky Center for Statistics to define workforce needs and opportunities in the technology and computing sector in each local workforce development area;

(c) Develop the nation's first sequential high school career pathway preparing students for careers in data science. The career pathway shall include opportunities for students to earn industry certifications prioritized by employers and college credit for courses that will culminate in accelerated postsecondary degree completion;

(d) Partner with employers in the technology and computing sector to provide a work-based learning program to connect student learning to real-world practices, expose students to a variety of career options with the technology and computing sector, ensure students develop the tools necessary to compete in the workforce, and provide opportunities for job shadowing, internships, and apprenticeships;

(e) Collaborate with employers, K-12 and postsecondary school educators, and state education leaders to develop local and statewide initiatives to raise awareness of career opportunities in the technology and computing sector, particularly in data science;

(f) Advise students in the virtual academy about Kentucky postsecondary degree opportunities in computer science in demand by employers in the technology and computing sector, transferring college credits earned through the academy to expedite and reduce costs of college degree completion, and aligning personal skills and academic abilities to postsecondary degree requirements and employers' expectations;

(g) Recruit and train Kentucky certified teachers to deliver high-quality, synchronous virtual instruction and support students in a virtual learning environment;

(h) Coordinate with the Kentucky Department of Education, local school districts, and postsecondary institutions to ensure compliance with statutes and regulations governing student privacy, grading, articulation agreements, student transcripts, and other administrative details; and

(i) Submit an annual report to the Kentucky Board of Education and the Legislative Research Commission on the academy, including but not limited to student enrollment, course completion, college credit hours earned, industry certifications earned, and student matriculation to postsecondary institutions.

SECONDARY CAREER AND TECHNICAL EDUCATION

158.810. Definitions for KRS 158.810 to 158.816.

For purposes of KRS 158.810 to 158.816:

(1) "Advanced manufacturing" means manufacturing that uses technology and knowledge-based processes that leverage human, intellectual, and financial capital to create globally competitive products;

(2) "At-risk" means a student who is academically unprepared, has inadequate academic preparation for the next educational level, or who is in danger of dropping out of school;

(3) "Career academy" means a small learning community within a larger high school that:

(a) Consists of a heterogeneous group of students taking classes together for at least two (2) years who are taught by a team of teachers from different disciplines;

(b) Provides a college-preparatory academic curriculum based on a career theme that helps students see relationships and connections between academic subjects and their applications in specific career pathways and in broad career areas such as health science, business, pre-engineering, agribusiness, and advanced manufacturing; and

(c) Provides opportunities through partnerships with employers, colleges, and the community for students to engage in internships and work-based learning with adult mentors to motivate students to achieve;

(4) "Career and technical education" means a program of study that leads to the development of academic and specialized occupational skills in career fields;

(5) "Career guidance coach" means a counselor who is assigned one hundred percent (100%) of his or her time to:

(a) The development of students', teachers', and parents' understanding of broad career themes and opportunities through career pathways;

(b) Academic advising and career counseling;

(c) Assisting students in the development of individual learning plans; and

(d) Providing assistance to other teachers;

(6) "Career pathway" means a coherent, articulated sequence of rigorous academic and career-related courses, commencing in ninth grade and leading to an associate degree, an industry-recognized certificate or license, or a baccalaureate or higher degree. A career pathway is developed, implemented, and maintained in partnership among secondary and postsecondary education institutions, businesses, and employers. Career pathways are available to all students, including adult learners, and are designed to lead to rewarding careers;

(7) "Career pathway program of study" means a coherent, articulated sequence of rigorous academic and career and technical education courses, including dual credit opportunities, that prepares secondary students for postsecondary study leading to postsecondary degrees, industry certifications, or licensure;

History.

2022 ch. 227, § 1, effective July 14, 2022.

(8) “Evidence-based instructional model” or “evidence-based model” means the application of valid and relevant knowledge to education activities and programs, which are based on the findings from systematic and empirical methods including observations, experiments, and rigorous data analyses;

(9) “Industry certification” means certification that is awarded to a student who has passed a standardized, valid, industry-based examination that measures the knowledge and skills recognized nationally by employers or by an industry group or association within Kentucky as representing the level of proficiency that is needed to enter a specific field;

(10) “Technical literacy” means a student’s ability to read and comprehend the language of a field of study, understand the major technical concepts of that field, and apply the appropriate mathematics concepts to typical problems encountered in the workplace;

(11) “Secondary area technology center” or “secondary area center” means a school facility dedicated to the primary purpose of offering five (5) or more technical preparation programs that lead to skill development focused on specific occupational areas. An area center may be called a “magnet technology center” or “career center” or may be assigned another working title by the parent agency. An area center may be either state or locally operated; and

(12) “Career and technical education department” means a portion of a school facility that has five (5) or more technical preparation programs that lead to skill development focused on specific occupational areas.

Legislative Research Commission Note.

(4/19/2012). 2012 Ky. Acts ch. 150, sec. 10, provides that the Act, which included an amendment to this statute, shall be known as the “Career Pathways Act of 2012.”

158.812. Legislative intent, findings, and declarations.

(1) It is the intent of the General Assembly to provide rigorous academic and career and technical education programs that are relevant for all students and that encourage at-risk students to graduate from high school prepared to enter postsecondary education institutions or the workforce with needed skills.

(2) The purposes of elementary and secondary education programs of career and technical education are to:

(a) Provide students opportunities to understand the relevance of and master academic skills in mathematics, science, English, reading, and communications as well as technical literacy in broad-based career fields;

(b) Provide students a variety of opportunities to master the usage of technology;

(c) Prepare individuals with specialized, transferable academic skills and technical skills for gainful employment in broad-based career fields; and

(d) Assist individuals in making successful transitions from school to work, to postsecondary education, to the military, or from one (1) career to another.

(3) The General Assembly acknowledges that:

(a) Rigorous, relevant, and high-quality career and technical education offers students an opportunity to develop skills in mathematics, science, English, reading, communication, problem-solving, and technology, and in career and technical areas that are essential to meet the goals for Kentucky education as described in KRS 158.6451 and that help students achieve the capacities required of all students as defined in KRS 158.645;

(b) Students need access to career pathway programs that meet high standards, connect technical skills with core academic requirements for high school students, and align with postsecondary education requirements and business and industry needs;

(c) Students can accelerate their overall scholastic achievement when given an opportunity to learn in an integrated school- and work-based environment;

(d) Students are less likely to drop out of school when they are making academic progress and see relevance in the program of study to their future potential for success; and

(e) The General Assembly has a responsibility to provide the resources that recognize the increased costs for offering high-quality, relevant career and technical education programs.

158.814. Comprehensive plan on secondary career and technical education programs — Consultation with Career and Technical Education Advisory Committee.

(1) In order to ensure that high-quality, relevant secondary career and technical programs are available to students in all school districts that enable them to gain the academic and technical skills to meet high school graduation requirements and for successful transition to postsecondary education, work, or the military and to support present-day and future needs of Kentucky employers, the Department of Education shall:

(a) Review and revise as needed the equipment and facilities standards for each career and technical education program identified and described in the career and technical education supplement to the Kentucky program of studies and published by the Department of Education; and

(b) Determine the statewide unmet needs for career and technical education capital projects, including renovations and expansions of existing facilities and the construction of new technology centers, through a needs assessment process. This process

shall be tied to specific criteria in determining if the current programs or career pathways offered in locally and state-operated facilities are appropriate for the students in the school districts served as well as for determining if new programs are needed. The statewide assessment of capital needs for career and technical education shall be incorporated into the local school district facility plan as required by KRS 157.420. The Kentucky Board of Education shall incorporate criteria within the administrative regulations relating to school facility plan requirements to prioritize need for career and technical education programming, regardless of whether the programs are locally or state-operated.

(2) The Career and Technical Education Advisory Committee established in KRS 156.806 shall be consulted in carrying out the requirements of this section.

158.816. Annual statewide analysis and report of academic achievement of technical education students — Assistance plan — Occupation skill standards and assessments.

(1) The Department of Education, with involvement of representatives from the local school districts and teacher preparation institutions, shall complete an annual statewide analysis and report of academic achievement of technical education students who have completed or are enrolled in a sequence of a technical program of at least three (3) high school credits.

(2)(a) The analysis shall include the previous year’s results from the state assessment program described in KRS 158.6453. The data shall be disaggregated for all high school students by career cluster areas of agriculture, business and marketing, human services, health services, transportation, construction, communication, and manufacturing and by special populations. Where available, disaggregated data from other national assessments shall also be used.

(b) In addition to assessment scores required under paragraph (a) of this subsection, the analysis shall include:

1. The number of students who took state or national assessments of skill standards and qualified for skills certificates;
2. The number of senior concentrators as defined in the Carl D. Perkins Vocational and Technical Education Act, Pub. L. No. 105-332, who have attained a high school diploma or equivalent;
3. The number of students who made successful transitions to work, military, or postsecondary education. A successful transition to postsecondary education means a student enters directly into advanced training, a certificate program, or a de-

gree program without having to take remedial academic courses;

4. The number of students employed in nontraditional careers; and

5. Other factors deemed appropriate by the state education agencies or required under federal law.

(3)(a) The Department of Education shall coordinate the development of a statewide technical assistance plan to aid providers of programs in identifying areas for improvement for those schools that do not meet their school performance goal and for those schools where technical students as a group do not score equal to or better than the school average in each of the academic areas. The plan shall address methodologies for further analysis at each school including but not limited to:

1. The academic course-taking patterns of the technical students;

2. The rigor and intensity of the technical programs and expectations for student performance in reading, math, science, and writing and other academic skills as well as in technical skill development;

3. The level of communication and collaboration between teachers in technical programs and academic programs, planning, and opportunity for analyzing student achievement, particularly between faculty in the comprehensive high schools with the faculty in state-operated or locally operated secondary area centers and vocational departments;

4. The faculties’ understanding of Kentucky’s program of studies, academic expectations, and core content for assessment;

5. The knowledge and understanding of academic teachers and technical teachers in integrating mutually supportive curricula content;

6. The level of curricula alignment and articulation in grades eight (8) to sixteen (16);

7. The availability of extra help for students in meeting higher standards;

8. The availability and adequacy of school career and guidance counseling;

9. The availability and adequacy of work-based learning;

10. The availability and adequacy of distance learning and educational technology;

11. The adequacy of involvement of business and industry in curricula, work-based learning, and program development; and

12. The adequacy of teachers’ preparation to prepare them for teaching both academic and technical skills to all students that are necessary for successful transition to postsecondary education, work, or the military.

(b)1. The department and the office, in cooperation with the Education Professional Standards Board, teacher preparation programs, postsecondary education institutions, and other appropriate partners, shall ensure that academic core content is embedded or integrated within the performance requirements for teacher education students.

2. Beginning with the 2013-2014 school year and thereafter, the Education Professional Stan-

dards Board shall, as a condition of program approval, require career and technical educator preparation programs to include instructional techniques for teacher education students to embed reading, mathematics, and science knowledge and skills into all career and technical education instruction at the secondary level.

(c) The department, in cooperation with the Kentucky Community and Technical College System, shall encourage postsecondary education and business and industry to provide professional development and training opportunities to engage technical faculty in continuous improvement activities to enhance their instructional skills.

(d) The department shall continue efforts with business and industry to develop occupation skill standards and assessments. All efforts shall be made with the involvement of business, industry, and labor. Skill standards and assessments, where available, shall be used as the focus of the curricula.

(4) The department shall consult with the Education Professional Standards Board in carrying out the requirements of this section as they relate to teacher preparation.

158.818. Evidence-based instructional models to address needs of at-risk students — Focus — Components — Training for high school teachers — Incorporation into existing programs.

(1) If funds are appropriated for the purposes of funding evidence-based instructional models or if internal state or federal funds are available, the Kentucky Department of Education, in collaboration with the Kentucky Community and Technical College System, the Education Professional Standards Board, and other appropriate educational entities, shall recommend evidence-based models for addressing the needs of at-risk students.

(2) The evidence-based models shall include a variety of programs and curricula proven to be effective for at-risk students, and shall focus on:

(a) Identification of students at risk for inadequate academic preparation for the next grade level or at risk for dropping out of school;

(b) Reduction in the number of students retained in grade nine (9) and reduction of high school failure rates;

(c) Improvement of student performance through grade-level standards in reading and mathematics with an emphasis on grade nine (9);

(d) Assistance to students and their parents or legal guardians in identifying students’ career and educational goals, developing individual learning

plans, and the appropriate programs of study to achieve these goals; and

(e) Assistance to adult students in obtaining a high school diploma or a recognized postsecondary education credential that has value in the workplace.

(3) The evidence-based models shall include the following components designed to facilitate more students having a successful start in high school and successfully completing grade nine (9) requirements:

(a) The use of flexible scheduling as appropriate to increase students’ time in the study of core language arts and mathematics;

(b) The assignment of the most effective teachers as leaders for instructional teams in grade nine (9) to improve instructional planning, delivery of instruction, and the use of reteaching strategies;

(c) The assignment of mentors to teach students study skills and habits necessary to become independent learners and, when possible, the use of career guidance coaches to advise students; and

(d) Career courses, including career exploration, in grade nine (9) to incorporate project-based instruction that requires the application of grade nine (9) level reading, mathematics, and science skills and that uses a wide variety of technology.

(4)(a) If state or federal funds are available, all career and technical education teachers who teach high school students shall receive training in how to embed reading, mathematics, and science knowledge and skills in specific career and technical education courses.

(b) Training required under paragraph (a) of this subsection may be provided by local school districts or postsecondary education institutions, including community and technical colleges, and outside providers that have a record of working effectively with schools in redesigning the ninth grade.

(5) Career and technical education teachers shall provide evidence through the courses they teach that the students’ academic achievement is increased as defined by administrative regulations promulgated by the Kentucky Board of Education and developed in collaboration with the Kentucky Community and Technical College System.

(6) The evidence-based models shall be incorporated into career and technical education programs, career academies, and career pathway programs of study developed under KRS 157.072.

ASTHMA, DIABETES, AND SEIZURE DISORDER MEDICATIONS

158.830. Legislative findings — Construction of KRS 158.830 to 158.836.

The General Assembly of the Commonwealth of Kentucky finds that:

(1) Asthma is the seventh-most prevalent chronic health condition in the United States and is the leading serious chronic illness of children;

(2) Asthma is the third-ranking cause of hospitalization among children under age fifteen (15) and accounts for almost one (1) in six (6) of all pediatric emergency room visits;

(3) Approximately two hundred fifty thousand (250,000) Kentuckians suffer from asthma, including over sixty thousand (60,000) children;

(4) Nationally more than five thousand four hundred (5,400) individuals die from asthma each year;

(5) Asthma is the number-one cause of school absences attributed to chronic conditions;

(6) Asthma is manageable with treatment and medications;

(7) Physicians and other health care practitioners instruct children with asthma in the proper use of asthma medications; and

(8) KRS 158.830 to 158.836 shall be construed to provide unobstructed access to asthma medications for elementary and secondary school students with asthma.

History.

Enact. Acts 2002, ch. 50, § 1, effective July 15, 2002.

158.832. Definitions for KRS 158.830 to 158.838.

As used in KRS 158.830 to 158.838:

(1) "Anaphylaxis" means an allergic reaction resulting from sensitization following prior contact with an antigen which can be a life-threatening emergency. Anaphylaxis may be triggered by, among other agents, foods, drugs, injections, insect stings, and physical activity;

(2) "Bronchodilator rescue inhaler" means medication used to relieve asthma symptoms or respiratory distress along with devices and device components needed to appropriately administer the medication, including but not limited to disposable spacers;

(3) "Medications" means all medicines individually prescribed by a health care practitioner for the student that pertain to his or her asthma or are used to treat anaphylaxis, including but not limited to injectable epinephrine devices or bronchodilator rescue inhalers;

(4) "Health care practitioner" means a physician or other health care provider who has prescriptive authority;

(5) "Self-administration" means the student's use of his or her prescribed asthma or anaphylaxis medications, pursuant to prescription or written direction from the health care practitioner; and

(6) "Seizure action plan" means a written, individualized health plan designed to acknowledge and prepare for the health care needs of a student diagnosed with a seizure disorder that is prepared by the student's treating physician.

158.834. Self-administration of medications by students with asthma or anaphylaxis — Authorization — Written statement — Acknowledgment of liability limitation — Duration of permission.

(1) The board of each local public school district and the governing body of each private and parochial school or school district shall permit the self-administration of medications by a student with asthma or by a student who is at risk of having anaphylaxis if the student's parent or guardian:

(a) Provides written authorization for self-administration to the school; and

(b) Provides a written statement from the student's health care practitioner that the student has asthma or is at risk of having anaphylaxis and has been instructed in self-administration of the student's prescribed medications to treat asthma or anaphylaxis. The statement shall also contain the following information:

1. The name and purpose of the medications;

2. The prescribed dosage;

3. The time or times the medications are to be regularly administered and under what additional special circumstances the medications are to be administered; and

4. The length of time for which the medications are prescribed.

(2) The statements required in subsection (1) of this section shall be kept on file in the office of the school nurse or school administrator.

(3) The school district or the governing body of each private and parochial school or school district shall inform the parent or guardian of the student that the school and its employees and agents shall incur no liability as a result of any injury sustained by the student from the self-administration of his or her medications to treat asthma or anaphylaxis. The parent or guardian of the student shall sign a statement acknowledging that the school shall incur no liability and the parent or guardian shall indemnify and hold harmless the school and its employees against any claims relating to the self-administration of medications used to treat asthma or anaphylaxis. Nothing in this subsection shall be construed to relieve liability of the school or its employees for negligence.

(4) The permission for self-administration of medications shall be effective for the school year in which it is granted and shall be renewed each following school year upon fulfilling the requirements of subsections (1) to (3) of this section.

158.836. Possession and use of asthma or anaphylaxis medications — Students with documented life-threatening allergies — Schools electing to keep injectable epinephrine devices and bronchodilator rescue inhalers on premises — Limitation of liability.

(1) Upon fulfilling the requirements of KRS 158.834, a student with asthma or a student who is at risk of having anaphylaxis may possess and use medications to treat the asthma or anaphylaxis when at school, at a school-sponsored activity, under the supervision of school personnel, or before and after normal school activities while on school properties including school-sponsored child care or after-school programs.

(2) A student who has a documented life-threatening allergy shall have:

(a) An injectable epinephrine device provided by his or her parent or guardian in his or her possession or in the possession of the school nurse, school administrator, or his or her designee in all school environments that the student may be in, including the classroom, the cafeteria, the school bus, and on field trips; and

(b) A written individual health care plan in place for the prevention and proactive management for the student in all school environments that the student may be in, including the classroom, the cafeteria, the school bus, and on field trips. The individual health care plan required under this paragraph may be incorporated in the student's individualized education program required under Pub. L. No. 94-142 or the student's 504 plan required under Pub. L. No. 93-112.

(3)(a) Each school is encouraged to keep an injectable epinephrine device in a minimum of two (2) locations in the school, including but not limited to the school office and the school cafeteria, so that epinephrine may be administered to any student believed to be having a life-threatening allergic or anaphylactic reaction. Schools electing to keep injectable epinephrine devices shall maintain them in a secure, accessible, but unlocked location. The provisions of this paragraph shall apply to the extent that the injectable epinephrine devices are donated to a school or a school has sufficient funding to purchase the injectable epinephrine devices.

(b) Each school is encouraged to keep a bronchodilator rescue inhaler in a minimum of two (2) locations in the school, including but not limited to the school office and athletic office, so that bronchodilator rescue inhalers may be administered to any student believed to be having asthma symptoms or respiratory distress. Schools electing to keep bronchodilator rescue inhalers shall maintain them in a secure, accessible, but unlocked location. The provisions of this paragraph shall apply to the extent that the bronchodilator rescue inhalers are donated to a school or a school has sufficient funding to purchase the bronchodilator rescue inhalers.

(c) Each school electing to keep injectable epinephrine devices or bronchodilator rescue inhalers shall implement policies and procedures for managing a student's life-threatening allergic reaction, anaphy-

lactic reaction, or asthma developed and approved by the local school board.

(d) The Kentucky Department for Public Health shall develop clinical protocols in the school health section of the Core Clinical Service Guide manual that is maintained in the county or district public health department to address injectable epinephrine devices and bronchodilator rescue inhalers kept by schools under this subsection and to advise on clinical administration of the injectable epinephrine devices and bronchodilator rescue inhalers. The protocols shall be developed in collaboration with local health departments or local clinical providers and local schools and local school districts.

(4) Any school employee authorized under KRS 156.502 to administer medication shall not be liable for any civil damages for ordinary negligence in acts or omissions resulting from the administration or the assistance in the administration of epinephrine or a bronchodilator rescue inhaler to any student believed in good faith to be having a life-threatening allergic or anaphylactic reaction or asthma symptoms or respiratory distress.

158.838. Emergency administration and self-administration of diabetes and seizure disorder medications — Required training — Required written statements and seizure action plan — Limitation on liability — Renewal of permission — Expiration dates of medication — Self-performance of diabetes care tasks — Diabetes or seizure disorder not to prevent attendance at school the student would ordinarily attend.

(1)(a) Beginning July 15, 2014, the board of each local public school district and the governing body of each private and parochial school or school district shall have at least one (1) school employee at each school who has met the requirements of KRS 156.502 on duty during the entire school day to administer or assist with the self-administration of the following medication:

1. Glucagon subcutaneously to students with diabetes who are experiencing hypoglycemia or other conditions noted in the health care practitioner's written statement under subsection (2)(a)2. of this section;

2. Insulin subcutaneously, through the insulin delivery method used by the student and at the times and under the conditions noted in the health care practitioner's written statement under subsection (2)(a)2. of this section; and

3. A seizure rescue medication or medication prescribed to treat seizure disorder symptoms approved by the United States Food and Drug Administration and any successor agency.

(b) For those assigned the duties under paragraph (a) of this subsection, the training provided under

KRS 156.502 shall include instruction in administering:

1. Insulin and glucagon, as well as recognition of the signs and symptoms of hypoglycemia and hyperglycemia and the appropriate steps to be taken to respond to these symptoms; and
2. Seizure medications, as well as the recognition of the signs and symptoms of seizures and the appropriate steps to be taken to respond to these symptoms.

(c) Any training program or guidelines adopted by any state agency for training of school personnel in the diabetes care tasks covered by this section shall be fully consistent with training programs and guidelines developed by the American Diabetes Association. Notwithstanding any state agency requirement or other law to the contrary, for purposes of this training a local school district shall be permitted to use any adequate and appropriate training program or guidelines for training of school personnel in the diabetes care tasks covered under this section.

(d) Any training program or guidelines adopted by any state agency for training of school personnel in the health care needs of students diagnosed with a seizure disorder shall be fully consistent with best practice guidelines from medical professionals with expertise in seizure treatment.

(2)(a) Prior to administering any of the medications listed under subsection (1)(a) of this section to a student, the student's parent or guardian shall:

1. Provide the school with a written authorization to administer the medication at school;
2. Provide a written statement from the student's health care practitioner, which shall contain the following information:
 - a. Student's name;
 - b. The name and purpose of the medication;
 - c. The prescribed dosage;
 - d. The route of administration;
 - e. The frequency that the medication may be administered; and
 - f. The circumstances under which the medication may be administered; and
3. Provide the prescribed medication to the school in its unopened, sealed package with the label affixed by the dispensing pharmacy intact.

(b) In addition to the statements required in paragraph (a) of this subsection, the parent or guardian of each student diagnosed with a seizure disorder shall collaborate with school personnel to implement the seizure action plan. The Kentucky Board of Education shall promulgate administrative regulations establishing procedures for the implementation of seizure action plans.

(3)(a) The statements and seizure action plan required in subsection (2) of this section shall be kept on file in the office of the school nurse or school administrator.

(b) Any school personnel or volunteers responsible for the supervision or care of a student diagnosed with a seizure disorder shall be given notice of the seizure action plan, the identity of the school employee or employees trained in accordance with subsection (1)(a) of this section, and the method by which

the trained school employee or employees may be contacted in the event of an emergency.

(4) The school district or the governing body of each private and parochial school or school district shall inform the parent or guardian of the student that the school and its employees and agents shall not incur any liability as a result of any injury sustained by the student from any reaction to any medication listed under subsection (1)(a) of this section that a parent or guardian has authorized the school district to administer to a student to treat a hypoglycemic or hyperglycemic episode or a seizure or its administration, unless the injury is the result of negligence or misconduct on behalf of the school or its employees. The parent or guardian of the student shall sign a written statement acknowledging that the school shall incur no liability except as provided in this subsection, and the parent or guardian shall hold harmless the school and its employees against any claims made for any reaction to any medication listed under subsection (1)(a) of this section that a parent or guardian has authorized the school district to administer to a student to treat a hypoglycemic or hyperglycemic episode or a seizure or its administration if the reaction is not due to negligence or misconduct on behalf of the school or its employees.

(5) The permission for the administration of any of the medications listed under subsection (1)(a) of this section shall be effective for the school year in which it is granted and shall be renewed each following school year upon fulfilling the requirements of subsections (2) to (4) of this section.

(6) The school nurse or school administrator shall check the expiration date monthly for each medication listed under subsection (1)(a) of this section that is in the possession of the school. At least one (1) month prior to the expiration date of each medication, the school nurse or school administrator shall inform the parent or guardian of the expiration date.

(7) Upon the written request of the parent or guardian of the student and written authorization by the student's health care practitioner, a student with diabetes shall be permitted to perform blood glucose checks, administer insulin through the insulin delivery system the student uses, treat hypoglycemia and hyperglycemia, and otherwise attend to the care and management of his or her diabetes in the school setting and at school-related activities. A student shall be permitted to possess on his or her person at all times necessary supplies and equipment to perform these monitoring and treatment functions. Upon request by the parent or student, the student shall have access to a private area for performing diabetes care tasks.

(8)(a) Beginning July 15, 2014, a school district shall permit a student who has diabetes or a seizure disorder to attend the same school the student would attend if the student did not have diabetes or a seizure disorder. Such a student may only be transferred to a different school based on health care needs if the individualized education program team, the Section 504 team, or, if appropriate, the student's health services team, makes the determination that the student's health condition requires that the student's care be provided by a licensed health care professional at a different school. For the purpose of

this determination, the teams shall include the parent or guardian. The parent or guardian may invite the student's treating physician to the team meeting and the team shall consider the physician's input, whether in person or in written form, when making this determination. This determination shall be based on individualized factors related to the student's health conditions. A school district shall not prohibit a student who has diabetes or a seizure disorder from attending any school on the sole basis that:

1. The student has diabetes or a seizure disorder;
2. The school does not have a full-time school nurse; or
3. The school does not have school employees who are trained in accordance with KRS 156.502 and assigned to provide care under this section.

(b) Parents or guardians of students who have diabetes or a seizure disorder shall not be required or pressured by school personnel to provide care for a student with diabetes or a seizure disorder during regular school hours or during school-related activities in which the student is a participant. For the purposes of this paragraph, a participant is not a student who merely observes the activity.

(9) The requirements of subsections (1) to (8) of this section shall apply only to schools that have a student enrolled who:

(a) Has a seizure disorder and has a seizure rescue medication or medication prescribed to treat seizure disorder symptoms approved by the United States Food and Drug Administration and any successor agency prescribed by the student's health care provider; or

(b) Has diabetes mellitus and has any of the medications listed under subsection (1)(a) of this section prescribed by the student's health care provider.

(10) Nothing in this section shall be construed to require a school employee to consent to administer medications listed under subsection (1)(a) of this section to a student if the employee does not otherwise consent to provide the health service under KRS 156.502.

(11) Notwithstanding any other provision of the law to the contrary:

(a) The administration of the medications listed under subsection (1)(a) of this section by school employees shall not constitute the practice of nursing and shall be exempt from all applicable statutory and regulatory provisions that restrict the activities that may be delegated to or performed by a person who is not a licensed health care professional; and

(b) A licensed health care professional may provide training to or supervise school employees in the administration of the medications listed under subsection (1)(a) of this section.

NOTES TO UNPUBLISHED DECISIONS

1. Injunctive Relief.

Unpublished decision: Where a diabetic student alleged that a school board discriminated against the student by moving the student out of the student's neighborhood school to a different school that had a full-time nurse on staff, the student's request for injunctive relief was moot because the actions that the student sought to enjoin was already forbidden by Ky. Rev. Stat. Ann. § 158.838(8)(a), and the school board had not "singled out" the student for disparate treatment based on the student's diabetes. R.K. v. Bd. of Educ., 637 Fed. Appx. 922, 2016 FED App. 0079N, 2016 U.S. App. LEXIS 2060 (6th Cir. Ky. 2016).

STUDENT ACHIEVEMENT IN MATHEMATICS AND READING

158.840. General Assembly findings and intent — Importance of students' reading and mathematics skills in achieving scholastic goals — Roles of statewide entities in improving student achievement.

(1) The General Assembly hereby finds that reading and mathematics proficiency are gateway skills necessary for all Kentucky students to achieve the academic goals established in KRS 158.6451. It is the General Assembly's intent that:

(a) All students in kindergarten through grade three (3) having difficulty in reading and mathematics receive early diagnosis and intervention services from highly trained teachers;

(b) All students demonstrate proficiency in reading and mathematics as they progress through the relevant curricula and complete each assessment level required by the Kentucky Board of Education for the state assessment program established under KRS 158.6453 and in compliance with the requirements of the federal Every Student Succeeds Act of 2015, Pub. L. No. 114-95, or its successor; and

(c) Students who are struggling in reading and mathematics or are not at the proficient level on statewide assessments be provided evidence-based and developmentally appropriate diagnostic and intervention services, and instructional modifications necessary to learn.

The General Assembly, the Kentucky Board of Education, the Kentucky Department of Education, the Council on Postsecondary Education, colleges and universities, local boards of education, school administrators, school councils, teachers, parents, and other educational entities, such as the Education Professional Standards Board, P-16 councils, the Collaborative Center for Literacy Development, and the Center for Middle School Achievement must collaborate if the intentions specified in this subsection are to be met. Intensive focus on student achievement in reading and mathematics does not negate the responsibility of any entity to help students obtain proficiency in other core curriculum content areas.

(2) The General Assembly's role is to set policies that address the achievement levels of all students and provide resources for the professional growth of teachers and administrators, assessing students' academic achievement, including diagnostic assessment and instructional interventions, technology innovations, targeted reading and mathematics statewide initiatives, research and the distribution of research findings, services for students beyond the regular school day, and other services needed to help struggling learners.

(3) The Kentucky Board of Education shall regularly review and modify, when appropriate, its statewide assessment policies and practices to enable local school districts and schools to carry out the provisions of the statewide assessment and accountability system, required under KRS 158.6453 to improve student achievement in mathematics and reading.

(4) The Kentucky Department of Education shall:

(a) Provide assistance to schools and teachers, including publicizing professional development opportunities, methods of measuring effective professional development, the availability of high quality instructional materials, and developmentally appropriate screening and diagnostic assessments of student competency in mathematics and reading. The department shall provide access to samples of units of study, annotated student work, diagnostic instruments, and research findings, and give guidance on parental engagement;

(b) Work with state and national educators and subject-matter experts to identify student reading skills in each subject area that align with the state content standards adopted under KRS 158.6453 and identify teaching strategies in each subject area that can be used explicitly to develop the identified reading skills under this paragraph;

(c) Encourage the development of comprehensive middle and high school adolescent reading plans to be incorporated into the curricula of each subject area to improve the reading comprehension of all students;

(d) Conduct an annual review of the state grant programs it manages and make recommendations, when needed, to the Interim Joint Committee on Education for changes to statutory requirements that are necessary to gain a greater return on investment;

(e) Provide administrative support and oversight to programs to train classroom coaches and mentors to help teachers with reading and mathematics instruction; and

(f) Require no reporting of instructional plans, formative assessment results, staff effectiveness processes, or interventions implemented in the classroom, except for:

1. Interventions implemented under KRS 158.305(2);

2. Funds provided under KRS 158.792 or 158.844; or

3. Schools that are identified for comprehensive support and improvement and fail to exit comprehensive support and improvement status after three (3) consecutive years of implementing the turnaround intervention process as described in KRS 160.346.

(5) The Council on Postsecondary Education, in cooperation with the Education Professional Standards Board, shall exercise its duties and functions under KRS 164.020 to ensure that teacher education programs are fulfilling the needs of Kentucky for highly skilled teachers. The council shall:

(a) Coordinate the federal and state grant programs it administers with other statewide initiatives relating to improving student achievement in reading and mathematics to avoid duplication of effort and to make efficient use of resources;

(b) Submit a report to the Interim Joint Committee on Education no later than November 1 of each year summarizing the compliance of each teacher preparation program for interdisciplinary early childhood education or elementary regular education to the instructional requirements set forth in KRS 164.306(1); and

(c) Regularly report program data to an external evaluator for an analysis of the progress of teacher preparation programs for interdisciplinary early childhood education and elementary regular education to increase the success of new teacher candidates in demonstrating reading instruction knowledge and skills.

(6) The Education Professional Standards Board shall exercise its duties and responsibilities under KRS 161.030 and 161.048 to ensure highly qualified teachers.

(7) Colleges and universities shall:

(a) Utilize institution-wide resources to work with elementary and secondary educators and other entities to align curriculum content to ensure that students who achieve proficiency on standards established at the prekindergarten through secondary levels will require no remediation to successfully enter a postsecondary education program;

(b) Provide quality undergraduate teacher preparation programs to ensure that those preparing to teach reading or mathematics at all grade levels have the necessary content knowledge, assessment and diagnostic skills, and teaching methodologies and that teachers in all subject areas have the requisite skills for helping students at all grade levels develop critical strategies and skills for reading and comprehending subject matter;

(c) Deliver appropriate continuing education for teachers in reading and mathematics through institutes, graduate level courses, and other professional development activities that support a statewide agenda for improving student achievement in reading and mathematics;

(d) Conduct or assist with research on best practices in assessment, intervention strategies, teaching methodologies, costs and effectiveness of instructional models, and other factors as appropriate to reading and mathematics;

(e) Provide staff to consult and provide technical assistance to teachers, staff, and administrators at elementary, middle, and secondary school sites;

(f) Assume active roles in the statewide initiatives referenced in KRS 156.553 and 158.842; and

(g) Develop written procedures for measuring the effectiveness of activities outlined in paragraphs (a) to (e) of this subsection.

(8) School councils at all school levels are encouraged to identify and allocate resources to qualified teachers to become coaches or mentors in mathematics or coaches or mentors in reading with a focus on improving student achievement in their respective schools.

(9) Local school boards and superintendents shall provide local resources, whenever possible, to supplement or match state and federal resources to support teachers, school administrators, and school councils in helping students achieve proficiency in reading and mathematics.

(10) Local school superintendents shall provide leadership and resources to the principals of all schools to facilitate curriculum alignment, communications, and technical support among schools to ensure that students are academically prepared to move to the next level of schooling.

158.842. Definitions for KRS 158.840 to 158.844 — Committee for Mathematics Achievement — Membership, purposes, organization, staffing, and duties of committee — Report to Interim Joint Committee on Education.

(1) As used in KRS 158.840 to 158.844, unless the context requires otherwise:

(a) “Concepts” means mathematical ideas that serve as the basis for understanding mathematics;

(b) “Mathematics” means the curriculum of numbers and computations, geometry and measurements, probability and statistics, and algebraic ideas;

(c) “Mathematics coach” means a mathematics leader whose primary responsibility is to provide ongoing support for one (1) or more mathematics teachers. The role of the coach is to improve mathematics teaching practices by working with teachers in their classrooms, observing and providing feedback to them, modeling appropriate teaching practices, conducting workshops or institutes, establishing learning communities, and gathering appropriate and useful resources;

(d) “Mathematics diagnostic assessment” means an assessment that identifies a student at risk of failure in mathematics or a student with major deficits in numeracy and other mathematical concepts and skills;

(e) “Mathematics intervention program” means an intensive instructional program that is based on

valid research and is provided by a highly trained teacher to specifically meet individual students’ needs;

(f) “Mathematics leader” means any educator with a specialization in mathematics who:

1. Serves in a supervisory capacity, such as mathematics department chair, school-based mathematics specialist, or district mathematics supervisor or coordinator; or

2. Regularly conducts or facilitates teacher professional development, such as higher education faculty or other mathematics teachers;

(g) “Mathematics mentor” means an experienced mathematics coach who typically works with beginning or novice teachers only. The responsibilities and roles of the mentor are the same as those of the coach;

(h) “Numeracy” means the development of the basic concepts which include counting, place value, addition and subtraction strategies, multiplication and division strategies, and the concepts of time, money, and length. To be numerate is to have and be able to use appropriate mathematical knowledge, concepts, skills, intuition, and experience in relationship to every day life;

(i) “Relationships” means connections of mathematical concepts and skills within mathematics; and

(j) “Skills” means actions of mathematics.

(2) The Committee for Mathematics Achievement is hereby created for the purposes of developing a multifaceted strategic plan to improve student achievement in mathematics at all levels of schooling, prekindergarten through postsecondary and adult. At a minimum the plan shall address:

(a) Challenging curriculum that is aligned prekindergarten through postsecondary, including consensus among high school teachers and postsecondary education faculty about expectations, curriculum, and assessment;

(b) Attitudes and beliefs of teachers about mathematics;

(c) Teachers’ knowledge of mathematics;

(d) Diagnostic assessment, intervention services, and instructional strategies;

(e) Shortages of teachers of mathematics, including incentives to attract strong candidates to mathematics teaching;

(f) Statewide institutes that prepare cadres of mathematics leaders in local school districts, which may include highly skilled retired mathematics teachers, to serve as coaches and mentors in districts and schools;

(g) Cohesive continuing education options for experienced mathematics classroom teachers;

(h) Closing the student achievement gap among various student subpopulations;

(i) Curriculum expectations and assessments of students among the various school levels, prekindergarten, primary, elementary, middle, and high school;

(j) Content standards for adult education centers providing mathematics curricula;

(k) Introductory postsecondary education mathematics courses that are appropriate to the wide array of academic programs and majors;

(l) Research to analyze further the issues of transition from high school or High School Equivalency Diploma programs to postsecondary education mathematics; and

(m) The early mathematics testing program under KRS 158.803.

Other factors may be included in the strategic plan as deemed appropriate by the committee to improve mathematics achievement of Kentucky students.

(3) In carrying out its responsibility under subsection (2)(f) of this section, the committee shall:

(a) Design a statewide professional development program that includes summer mathematics institutes at colleges and universities, follow-up, and school-based support services, beginning no later than June 1, 2006, to prepare teams of teachers as coaches and mentors of mathematics at all school levels to improve student achievement. Teachers shall receive training in diagnostic assessment and intervention. The statewide initiative shall be funded, based on available funds, from the Teachers' Professional Growth Fund described in KRS 156.553. The design shall:

1. Define the curricula focus;
2. Build on the expertise of specific colleges and universities;
3. Place emphasis on mathematics concepts, skills and relationships, diagnostic assessment, intervention services, and instructional strategies;
4. Identify quality control measures for the delivery of each institute;
5. Establish evaluation procedures for the summer institutes and the other professional development components;
6. Provide updates and networking opportunities for coaches and mentors throughout the school year; and
7. Define other components within the initiative that are necessary to meet the goal of increasing student achievement in mathematics;

(b) Require schools and districts approved to have participants in the mathematics leader institutes to provide assurances that:

1. The district and schools have, or will develop, local mathematics curricula and assessments that align with state standards for mathematics;
2. There is a local commitment to build a cadre of mathematics leaders within the district;
3. The district and participating schools will provide in-school support for coaching and mentoring activities;
4. The mathematics teachers are willing to develop classroom assessments that align with state assessments; and
5. Students who need modified instructional and intervention services will have opportunity for continuing education services beyond the regular school day, week, or year; and

(c) In addition to the conditions specified in paragraph (b) of this subsection, the committee shall make recommendations to the Kentucky Department of Education and the Kentucky Board of Education for criteria to be included in administrative regulations promulgated by the board which define:

1. Eligible grant recipients, taking into consideration how this program relates to other funded mathematics initiatives;

2. The application process and review;

3. The responsibilities of schools and districts, including but not limited to matching funds requirements, released or extended time for coaches and mentors during the school year, continuing education requirements for teachers and administrators in participating schools, data to be collected, and local evaluation requirements; and

4. Other recommendations requested by the Kentucky Department of Education.

(4) The committee shall initially be composed of twenty-five (25) members as follows:

(a) The commissioner of education or his or her designee;

(b) The president of the Council on Postsecondary Education or his or her designee;

(c) The president of the Association of Independent Kentucky Colleges and Universities or his or her designee;

(d) The executive director of the Education Professional Standards Board or his or her designee;

(e) The secretary of the Education and Labor Cabinet or his or her designee;

(f) A representative with a specialty in mathematics or mathematics education who has expertise and experience in professional development, especially with coaching and mentoring of teachers, from each of the nine (9) public postsecondary education institutions defined in KRS 164.001. The representatives shall be selected by mutual agreement of the president of the Council on Postsecondary Education and the commissioner of education;

(g) Two (2) adult education instructors selected by the secretary of the Education and Labor Cabinet;

(h) Two (2) elementary, two (2) middle, and two (2) high school mathematics teachers, appointed by the board of the statewide professional education association having the largest paid membership with approval from their respective local principals and superintendents of schools; and

(i) Three (3) school administrators, with one (1) each representing elementary, middle, and high school, appointed by the board of the statewide administrators' association having the largest paid membership with approval from their respective local superintendents of schools

When the Center for Mathematics created under KRS 164.525 becomes operational, the executive director of the center shall be added to the committee, which shall then be composed of twenty-six (26) members. Appointments to the committee shall be made no later than thirty (30) days following March 18, 2005, and the first meeting of the committee shall occur no later than thirty (30) days following appointment of the members.

(5) A majority of the full membership shall constitute a quorum.

(6) Each member of the committee, other than members who serve by virtue of their positions, shall serve for a term of three (3) years or until a successor is appointed and qualified, except that the initial appointments shall be made in the following manner: six (6)

members shall serve a one (1) year term, six (6) members shall serve a two (2) year term, and eight (8) members shall serve a three (3) year term.

(7) A temporary chair of the committee shall be appointed prior to the first meeting of the committee through consensus of the president of the Council on Postsecondary Education and the commissioner of education, to serve ninety (90) days after his or her appointment. Prior to the end of the ninety (90) days, the committee shall elect a chair by majority vote. The temporary chair may be a nominee for the chair by majority vote. Thereafter, a chair shall be elected each calendar year. An individual may not serve as chair for more than three (3) consecutive years. The chair shall be the presiding officer of the committee, and coordinate the functions and activities of the committee.

(8) The committee shall be attached to the Kentucky Department of Education for administrative purposes. The commissioner of education may contract with a mathematics-trained professional to provide part-time staff support to the committee. The commissioner of education and the president of the council shall reach consensus in the selection of a person to fill the position. The person selected shall have a graduate degree, a mathematics major, and teaching or administrative experience in elementary and secondary education. The person shall not be a current employee of any entity represented on the committee. The department shall provide office space and other resources necessary to support the staff position and the work of the committee.

(9) The committee, under the leadership of the chair, may organize itself into appropriate subcommittees and work structures to accomplish the purposes of the committee.

(10) Members of the committee shall serve without compensation but shall be reimbursed for necessary travel and expenses while attending meetings at the same per diem rate promulgated in administrative regulation for state employees under provisions of KRS Chapter 45. Funds shall be provided school districts to cover the cost of substitute teachers for those teachers on the committee at each district's established rate for substitute teachers.

(11) If a vacancy occurs within the committee during its duration, the board of the statewide professional education association having the largest paid membership or the board of the statewide administrators association having the largest paid membership or the president of the Council on Postsecondary Education, as appropriate, shall appoint a person to fill the vacancy.

(12) The committee shall:

(a) Present a draft strategic plan addressing the requirements in subsection (1) of this section and other issues that arose during the work of the committee to the Education Assessment and Accountability Review Subcommittee no later than August 2005;

(b) Present the strategic plan for improving mathematics achievement to the Interim Joint Committee on Education by July 15, 2006, which shall include any recommendations that require legislative action; and

(c) Provide a final written report of committee activities to the Interim Joint Committee on Educa-

tion and the Legislative Research Commission by December 1, 2006.

(13) The committee shall have ongoing responsibility for providing advice and guidance to policymakers in the development of statewide policies and in the identification and allocation of resources to improve mathematics achievement. In carrying out this responsibility, the committee shall periodically review the strategic plan and make modifications as deemed appropriate and report those to the Interim Joint Committee on Education.

(14) The committee shall collaborate with the Center for Mathematics to ensure that there is ongoing identification of research-based intervention programs for K-12 students who have fallen behind in mathematics, rigorous mathematics curricula that prepare students for the next level of schooling, research-based professional development models that prepare teachers in mathematics and pedagogy, and strategies for closing the gap between high school or a High School Equivalency Diploma program and postsecondary mathematics preparation.

158.844. Mathematics achievement fund — Creation — Use and disposition of monies — Administrative regulations — Requirements for grant applicants — Department to provide information to schools and to make annual report to Interim Joint Committee on Education.

(1) The mathematics achievement fund is hereby created to provide developmentally appropriate diagnostic assessment and intervention services to students, primary through grade 12, to help them reach proficiency in mathematics on the state assessments under KRS 158.6453 and in compliance with the “No Child Left Behind Act of 2001,” 20 U.S.C. secs. 6301 et seq., as required under KRS 158.840.

(2) The grant funds may be used to support the implementation of diagnostic and intervention services in mathematics. The use of funds may include: pay for extended time for teachers, released time for teachers to serve as coaches and mentors or to carry out other responsibilities needed in the implementation of inter-

vention services, payment of substitute teachers needed for the support of mathematics teachers, purchase of materials needed for modification of instruction, and other costs associated with diagnostic and intervention services or to cover other costs deemed appropriate by the Kentucky Board of Education.

(3) The fund shall:

(a) Provide funding for the Center for Mathematics created in KRS 164.525 and the costs of training selected teachers in the diagnostic assessment and intervention skills that are needed to assist struggling students in the primary program and other grade levels;

(b) Provide renewable, two (2) year local grants to school districts and for purposes described in subsection (2) of this section; and

(c) Provide operational funding for the Committee for Mathematics Achievement created in KRS 158.842.

(4) Any funds appropriated to the mathematics achievement fund that are specifically designated by the General Assembly to support the Center for Mathematics shall be appropriated to the Council on Post-secondary Education and distributed to the university administering the center, as determined by the council under KRS 164.525.

(5) Any moneys in the fund at the close of a fiscal year shall not lapse but shall be carried forward to be used for the purposes specified in this section.

(6) Any interest earnings of the fund shall become a part of the fund and shall not lapse.

(7)(a) Any funds appropriated to the mathematics achievement fund and specifically designated by the General Assembly as funding for grants to local school districts or to support the Committee for Mathematics Achievement shall be administered by the Kentucky Department of Education.

(b) The Kentucky Board of Education shall promulgate administrative regulations relating to the grants for local school districts based on recommendations from the Committee for Mathematics Achievement, the secretary of the Education and Labor Cabinet, the commissioner of education, and the Center for Mathematics established in KRS 164.525. The administrative regulations shall:

1. Identify eligibility criteria for grant applicants;
2. Specify the criteria for acceptable diagnostic assessments and intervention programs and coaching and mentoring programs;
3. Establish the minimum annual evaluation process for each grant recipient;
4. Identify the annual data that must be provided from each grant recipient;
5. Define the application and approval process;
6. Establish matching fund requirements if deemed necessary by the board;
7. Define the obligations for professional development and continuing education for teachers, administrators, and staff of each grant recipient;
8. Establish the conditions for renewal of a two (2) year grant; and
9. Specify other conditions necessary to implement the purposes of this section.

(c) As part of the application process, the board shall require that a grant applicant provide assurances that the following principles will be met if the applicant's request for funding is approved:

1. Mathematics instruction will be standards-based and utilize research-based practices;

2. Intervention and support services will supplement, not replace, regular classroom instruction; and

3. Intervention services will be provided to primary program students and other students who are at risk of mathematics failure within the school based upon ongoing assessments of their needs.

(d) If matching funds are required, the school council or, if none exists, the principal or the superintendent of schools, shall allocate matching funds. Funding for professional development allocated to the school council under KRS 160.345 and for continuing education under KRS 158.070 may be used to provide a portion or all of a school's required match.

(e) The Department of Education shall make available to schools:

1. Information from the Center for Mathematics regarding diagnostic assessment and intervention programs and coaching and mentoring programs of proven-practice in meeting the needs of primary students and other students who are at risk of failure;

2. Technical assistance to potential applicants and grant recipients;

3. A list of professional development providers offering teacher training in diagnostic assessment and intervention strategies and coaching and mentoring; and

4. Information from the Center for Mathematics on how to communicate to parents effective ways of interacting with their children to improve their mathematics concepts, skills, and understanding.

(f) The Department of Education shall submit a report to the Interim Joint Committee on Education no later than September 1 of each year outlining the use of grant funds. By November 1, 2007, the Department of Education with input from the Committee for Mathematics Achievement and the Center for Mathematics shall conduct a statewide needs assessment of the resources needed in each school to help each child achieve proficiency in mathematics by the year 2014 and report to the Interim Joint Committee on Education an estimate of the cost and a specific timeline for meeting the goal established by the Commonwealth.

STUDENT ACHIEVEMENT IN STEM DISCIPLINES

158.845. Definitions for KRS 158.845 to 158.849.

As used in KRS 158.845 to 158.849:

(1) “STEM” means science, technology, engineering, and mathematics; and

(2) “Advanced science and mathematics” means Advanced Placement biology, calculus, chemistry, computer science, environmental science, and physics, and International Baccalaureate biology, chemistry, computer science, environmental systems, mathematical studies, further mathematics, and physics.

Enact. Acts 2008, ch. 134, § 1, effective July 15, 2008.

158.846. Legislative findings concerning academic achievement in STEM disciplines.

The General Assembly hereby finds that:

(1) The future of Kentucky depends upon the ability to develop intellectual capital that can drive the research and development activities that will allow the Commonwealth to successfully compete in the global knowledge-based economy;

(2) Kentucky’s natural resources, the nation’s need for energy independence, and the worldwide movement toward the creation of cleaner and more sustainable energy technologies afford Kentucky the opportunity to become an international leader in energy diversification;

(3) Strengthening Kentucky’s position in key areas of the knowledge-based economy, including energy and environmental technology, biosciences, materials science, advanced manufacturing, information technology, human health and development, and other fields, requires a strong and steady stream of researchers, workers, policymakers, and entrepreneurs trained in the STEM disciplines;

(4) The number of Kentucky’s elementary and secondary students interested in pursuing, and adequately prepared for success in, the STEM disciplines in college and the workforce is insufficient to meet the challenges and opportunities with which Kentucky is confronted;

(5) The number of Kentucky’s elementary, middle, and secondary school teachers who are highly qualified to provide instruction in the STEM disciplines is insufficient to adequately prepare students for careers in the knowledge-based economy; and

(6) Bold, collaborative, and strategic action is needed by all stakeholders in Kentucky’s P-20 education system, business sector, and government to improve Kentucky’s position for success in the knowledge-based economy by expanding and strengthening STEM educational opportunities from prekindergarten through the doctoral degree level, inspiring more Kentuckians to pursue those opportunities, and link-

ing those opportunities with a coherent set of statewide economic and workforce development strategies.

158.847. Science and mathematics advancement fund — Purposes — Administrative regulations.

(1)(a) The science and mathematics advancement fund is hereby created to provide incentives for public schools to provide or expand student access to rigorous science and mathematics curricula, to make available advanced science and mathematics courses and college credit in these disciplines for high school students, and to increase the quantity and quality of science and mathematics teachers in Kentucky.

(b) Funds may be used in support of public schools to provide:

1. Payment of student fees for AP and IB examinations;

2. Scholarships for high school students to take advanced science and mathematics courses through the Kentucky Virtual High School when those courses are not offered at the school in which they are enrolled;

3. Two (2) year grants to high schools to support the start-up of advanced science and mathematics courses;

4. Two (2) year renewable grants to middle schools to support accelerated student learning in science and mathematics;

5. Grants to school districts for programs to develop and implement an energy technology engineering career track; and

6. Professional development opportunities, and payment of expenses and stipends for participation, for elementary school teachers to deepen their content knowledge and improve instructional practice in science and mathematics.

(c) The fund may receive state appropriations, grants, gifts, federal funds, or any other funds, public or private.

(d) Funds from the science and mathematics advancement fund shall be distributed after all other funds available for these purposes have been obligated, including state funds, federal funds, or any funds available through a scholarship program administered by the Kentucky Higher Education Assistance Authority.

(2) The Kentucky Board of Education shall promulgate administrative regulations for the administration of the science and mathematics advancement fund. The Kentucky Department of Education shall administer the fund, approve grant recipients, and distribute the funds to local school districts and other appropriate educational agencies.

(7/15/2008). The Reviser of Statutes has renumbered subsection (1) of this statute from the way it appeared in 2008 Ky. Acts ch. 134, sec. 3, under the authority of KRS 7.136(1)(a).

158.848. Grant programs concerning STEM disciplines and AP and IB courses.

(1) Using funds from the science and mathematics advancement fund, the Department of Education shall establish the following grant programs for public schools:

- (a) High School Advanced Science and Mathematics Course Start-up Program;
- (b) Middle School Mathematics and Science Scholars Program; and
- (c) District Energy Technology Career Track Program.

(2)(a) High School Advanced Science and Mathematics Course Start-up Program. The purpose of the program is to increase the number of students who successfully complete rigorous science and mathematics coursework during high school by providing support to high schools to offer additional advanced science and mathematics courses with highly trained teachers and appropriate course materials.

(b) The program shall provide two (2) year grants to high schools. To qualify for a grant, a school shall initiate at least one (1) advanced mathematics and science course. During the first year of the grant, funds shall be used for planning and the training of teachers. During the second year of the grant, funds shall be used to provide additional support for implementation of an advanced science and mathematics course.

(c) Permissible uses of funds include additional training for an advanced science and mathematics teacher and the purchase of classroom supplies, textbooks, laboratory equipment, and other instructional materials.

(d) A high school applying for a grant under this subsection shall provide assurances that:

1. All teachers of advanced science and mathematics courses supported by the grant shall participate in a College Board-endorsed AP summer training institute or International Baccalaureate-sponsored IB summer workshop, as available; and

2. All students completing AP courses supported by the grant shall take the AP examination, and all students enrolled in the IB courses supported by the grant shall take the IB examination, in the respective content areas.

(3)(a) Middle School Mathematics and Science Scholars Program. The purpose of the program is to increase the number of students entering high school who are well-prepared to undertake rigorous mathematics and science coursework, culminating in successful completion of advanced science and mathematics courses and high achievement on AP and IB examinations.

(b) The program shall provide two (2) year renewable grants to middle schools to support intensive, accelerated student learning in mathematics and the sciences, to be offered at no cost to participants. Grants shall be used to support activities that may include but not be limited to programs during the school day, after-school programs, Saturday programs, or multiweek summer sessions.

(c) The grant application shall ensure that teachers participating in the grant have the skills to

provide intensive, accelerated student learning in mathematics or the sciences and that they will receive ongoing, relevant professional development.

(d) A middle school receiving grants shall collaborate with elementary schools from which it receives students, and with high schools to which it sends students, to share information on grant activities; strengthen alignment of curricula, content-knowledge expectations, and instructional practice between schools; and provide relevant professional development opportunities.

(e) The accelerated learning program shall include strategies to improve the academic skills in mathematics and science for all students for whom significant academic achievement gaps have been identified and to attract them into higher level mathematics and science courses. Specific activities to recruit and enroll students from all racial, ethnic, and socioeconomic groups within the school shall be conducted. Each grant applicant shall provide assurances that the necessary resources will be allocated and utilized to help students in all subpopulations academically succeed in the accelerated learning program and to meet the enrollment goal. The enrollment goal shall be that the number of students representing each racial, ethnic, and socioeconomic group enrolled in the mathematics and science accelerated learning program shall not be less than nor limited to the percentage of each group in the total school population.

(4) District Energy Technology Career Track Program. The purpose of the program is to provide grants to school districts to develop and implement an energy technology engineering career track across middle and high schools within the district as described in KRS 158.808.

(7/15/2008). The Reviser of Statutes has renumbered subsections (2) and (3) of this statute from the way they appeared in 2008 Ky. Acts ch. 134, sec. 4, under the authority of KRS 7.136(1)(a).

158.849. Long-term statewide goals concerning STEM disciplines and AP and IB course participation.

(1) The Kentucky Board of Education shall establish long-term and annual statewide goals for increasing:

(a) The number of high schools providing rigorous curricula and making available accelerated classes and college credit for students;

(b) The number and percentage of students enrolled in and completing AP and IB courses by content area;

(c) The number and percentage of students taking the AP and IB examinations in advanced science and mathematics;

(d) The number and percentage of students receiving a score of three (3) or better on the AP examinations or four (4) or better on IB examinations in advanced science and mathematics;

(e) The number and percentage of students whose families are eligible for free or reduced-price lunch receiving a score of three (3) or better on AP examinations or four (4) or better on IB examinations;

(f) The number and percentage of students in underrepresented groups, including females, minorities, students with disabilities, English language learners, and students whose families are eligible for free or reduced-price lunch, taking computer science courses as defined by the Kentucky Department of Education in middle school and high school, including career and technical education programs;

(g) The number of teachers successfully completing a College Board-endorsed AP or IB summer training institute;

(h) The number of teachers with the knowledge and training needed to prepare students for high achievement on AP and IB examinations in advanced science and mathematics; and

(i) Other criteria determined by the board.

(2)(a) The Kentucky Department of Education shall develop a program evaluation framework regarding the use of the science and mathematics advancement fund for the purposes set forth in KRS 158.847. The program evaluation framework shall address areas including but not limited to the use of funds, the number of grants and awards, student achievement outcomes, and trends over time on the indicators established to measure progress against the statewide goals under subsection (1) of this section.

(b) Beginning in 2008, the department shall submit an annual report no later than December 1 to the Kentucky Board of Education and the Interim Joint Committee on Education. The report for 2008 shall provide a status report on the implementation of programs supported by the science and mathematics advancement fund. Subsequent reports shall incorporate information collected and analyzed based on the program evaluation framework under paragraph (a) of this subsection.

(c) Beginning in 2020, the department shall submit an annual report no later than December 1 to the Kentucky Board of Education and the Interim Joint Committee on Education that includes an unduplicated count of the number and percentage of public school students participating in computer science courses and other computer science educational opportunities. The data shall be disaggregated by gender, race, disability, English proficiency, and participation in the federal free and reduced-price lunch program. The report shall also include the number of computer science courses or programs offered in each school, the nature of the computer science courses or programs, the number of advanced placement computer science classes offered, and the number of computer science instructors at each school disaggregated by certification, gender, and terminal degree.

SCHOOL NUTRITION

158.850. Limitation on sale of retail fast foods in school cafeteria.

Beginning with the 2006-2007 school year, each school shall limit access to no more than one (1) day each week to retail fast foods in the cafeteria, whether sold by contract, commercial vendor, or otherwise.

History.

Enact. Acts 2005, ch. 84, § 2, effective June 20, 2005.

158.852. School food service director or menu planner — Credentials and certificates — Continuing education.

(1) Each district shall appoint a food service director who is responsible for the management and oversight of the food service program in the district, except two (2) or more contiguous districts may form one (1) “school food service area” and a school food service director shall be jointly selected by the participating school superintendents to oversee the school food service area.

(2)(a) Any person serving as a school food service director or person otherwise responsible for menu planning in each school district on June 20, 2005, shall be credentialed as a “school food service and nutrition specialist” or certified by a Level 2 certificate issued by the American School Food Service Association within three (3) years after June 20, 2005. No school district shall be required to have more than one (1) person with a credential or certificate under this section.

(b) After June 20, 2005, a person appointed to serve as school food service director or the person designated for menu planning who does not hold the “school food service and nutrition specialist” credential or the Level 2 certificate issued by the American School Food Service Association shall obtain the appropriate credential within three (3) years of his or her appointment or designation. No school district shall be required to have more than one (1) person with a credential or certificate under this section.

(c) Eight (8) clock hours of the required continuing education for maintaining the appropriate credential or certificate under this subsection shall be directly related to applied nutrition and healthy meal planning and preparation.

(3) School cafeteria managers shall annually receive at least two (2) hours of continuing education in applied nutrition and healthy meal planning and preparation.

158.854. Administrative regulation specifying minimum nutritional standards for foods sold outside school lunch programs — Restrictions upon sale of certain foods and beverages — Waiver — Definitions — Exceptions.

(1) The Kentucky Board of Education shall promulgate an administrative regulation in accordance with KRS Chapter 13A to specify the minimum nutritional standards for all foods and beverages that are sold outside the National School Breakfast and National School Lunch programs, whether in vending machines, school stores, canteens, or a la carte cafeteria sales. Minimum nutritional standards shall be based on the most recent edition of the United States Department of Agriculture's Dietary Guidelines for Americans. The administrative regulation shall address serving size, sugar, and fat content of the foods and beverages. School districts may impose more stringent standards than the standards implemented under the administrative regulation. A school shall follow the minimum standards specified in the administrative regulation unless a waiver has been requested by the school district for the school from the Kentucky Board of Education. Any waiver approved by the Board of Education shall be reviewed on an annual basis.

(2) As used in this section:

(a) "Competitive food" means any food or beverage item sold in competition with the National School Breakfast and National School Lunch programs. The term does not include any food or beverage sold a la carte in the cafeteria;

(b) "School day" means the period of time between the arrival of the first student at the school building and the end of the last instructional period; and

(c) "School-day-approved beverage" means water, one hundred percent (100%) fruit juice, lowfat milk, and any beverage that contains no more than ten (10) grams of sugar per serving.

(3) No school may sell competitive foods or beverages from the time of the arrival of the first student at the school building until thirty (30) minutes after the last lunch period.

(4) Only school-day-approved beverages shall be sold in elementary schools during the school day in vending machines, school stores, canteens, or fundraisers that sell beverages by students, teachers, or groups.

(5) Nothing in this section or KRS 158.850 shall be construed to limit the sale of any foods or beverages by fundraisers off school property.

158.856. Annual assessment and evaluation of school nutrition in district — Special board meeting and public forum to discuss nutrition and physical activity in the schools — School district to prepare and submit findings and recommendations to Board of Education.

(1) Each school food service director shall annually assess school nutrition in the district and issue a written report to parents, the local school board, and school-based decision making councils. The report shall include:

(a) An evaluation of compliance with the National School Breakfast and National School Lunch programs;

(b) An evaluation of the availability of contracted fast foods or foods sold through commercial vendors;

(c) A review of access to foods and beverages sold outside the National School Breakfast and National School Lunch programs, including vending machines, school stores, canteens, and a la carte cafeteria sales;

(d) A list of foods and beverages that are available to students, including the nutritional value of those foods and beverages; and

(e) Recommendations for improving the school nutrition environment.

(2) The Kentucky Board of Education shall develop an assessment tool that each school district may use to evaluate its physical activity environment.

(3) The evaluation shall be completed annually and released to the public at the time of the release of the nutrition report under subsection (1) of this section.

(4) Each school board shall discuss the findings of the nutrition report and physical activity report and seek public comments during a publicly advertised special board meeting or at the next regularly scheduled board meeting following the release of the nutrition and physical activity reports.

(5) By January 31 of each year, the local board of education shall hold an advertised public forum to present a plan to improve school nutrition and physical activities in the school district.

(6) Each school district shall compile a summary of findings and recommendations and submit the summary to the Kentucky Board of Education.

EXAMINATION UPON COMPLETION OF CORE CONTENT COURSE

158.860. Examination upon completion of core content course.

(1) As used in this section:

(a) “Core course” means any course offered in the middle grades or high school grades that is a specific high school graduation requirement or a course that may be used to fulfill a minimum graduation requirement in the content areas of language arts, mathematics, science, and social studies as specified in administrative regulation promulgated by the Kentucky Board of Education under the provisions of KRS 156.160; and

(b) “End-of-course examination” or “end-of-course exam” means a test that measures a student’s knowledge and skills upon completion of a core content course.

(2) The Kentucky Department of Education shall coordinate the development of end-of-course exams.

(a) The development process shall initially include end-of-course exams for Algebra I, Algebra II, and Geometry.

(b) Content teachers in the core courses, postsecondary faculty including subject matter specialists as well as teacher educators, curriculum specialists, and other appropriate practitioners shall be involved in the development and review of items for the exams. Content teachers shall comprise the majority of the developers and reviewers of the test items.

(c) The department shall ensure that each end-of-course exam:

1. Aligns with the standards, content, goals, and academic expectations relevant to the course;
2. Requires student demonstration of knowledge, comprehension, application, and higher order cognitive skills;
3. Provides reliable and valid test items;
4. Is available to schools in an on-line format if resources are available; and
5. Provides individual student scores; test item analyses; aggregate comparisons of student data at the school, district, and state levels; and disaggregated data by student subpopulations at the school district and state levels.

(d) The department shall make available a parallel form for each exam.

(e) The initial end-of-course exam developed as required in paragraph (a) of this subsection shall be available and piloted in selected school districts no later than the end of the 2007-2008 school year.

(3) The department may contract for services as deemed necessary to fulfill its duties under this section.

(4) The Kentucky Department of Education shall conduct a study of the end-of-course examinations and the processes used during the pilot of the exams.

(a) Following the initial use of the end-of-course exams in Algebra I, Algebra II, and Geometry, the

department, with assistance from the developers identified in subsection (2)(b) of this section, shall determine whether the exams meet the requirements in subsection (2)(c) of this section. The determination shall be based on an analysis of individual test items, analyses of student results on the exams, pilot teachers’ input, and review of other data gathered during the pilot year.

(b) The department shall consult with the Education Assessment and Accountability Review Subcommittee, the National Technical Advisory Panel on Assessment and Accountability, and the School Curriculum, Assessment, and Accountability Council regarding the implications for statewide implementation and shall advise the Kentucky Board of Education of its findings and recommendations.

(c) Following the consultations and discussions required in paragraphs (a) and (b) of this subsection, the commissioner of education shall report the findings of the pilot project and policy options to the Interim Joint Committee on Education.

(5) End-of-course exams in the pilot period shall not be used as a criterion for formally evaluating or compensating teachers. Student results may be discussed during the formative evaluation stage in compliance with KRS 156.557.

(6) The department shall develop the test procedures, including testing accommodations for students with special needs, retest provisions, reporting requirements, and other procedures as necessary to implement the provisions of this section.

(7) A teacher shall use a student’s score on any end-of-course exam that is administered in calculating the student’s final grade in accordance with policies of the local board of education and the school-based decision making council.

(8) The commissioner of education or a designee shall provide a written status report regarding implementation of this section to the Interim Joint Committee on Education and the Education Assessment and Accountability Review Subcommittee by December 1, 2007, and July 1, 2008.

(9) The Kentucky Department of Education and local school districts shall use end-of-course exams to promote increased student accountability. The department and local school districts shall also use test results to determine the need for technical assistance, professional development, and other resources to improve instruction.

SUMMER LEARNING PROGRAM FOR DISADVANTAGED AND LOW- ACHIEVING CHILDREN

158.865. Legislative findings — Development of summer learning program encouraged — Purposes of program.

(1) The General Assembly finds that economically advantaged and economically disadvantaged children make similar academic progress during a school year,

but that it is during the summer months when disadvantaged students fall behind. It is the intent of the General Assembly to promote a program through which disadvantaged and low-achieving children maintain and improve the reading and mathematics skills they have developed during the school year.

(2) The General Assembly encourages the development of a summer learning program for children from low-income families and children who are behind in grade level work who are entering the second year of the primary program through grade five (5). The summer learning program shall provide summer camps that include a blend of evidenced-based instruction in the core subjects of reading and mathematics plus experiential and enrichment activities in the arts, technology, and sports. The purposes of the summer learning program are to:

(a) Provide learning opportunities that provide for reinforcement of skills learned during the academic year;

(b) Provide convenient access to summer learning for students of low-income families and for low-achieving students;

(c) Provide students with opportunities for development of their interests through enrichment activities;

(d) Utilize existing resources, local community services, and other organizations to build long-term investments in summer programs that benefit from robust partnerships to maintain annual summer learning programs;

(e) Prevent the academic gap between low-income and high-income students from widening during the elementary school years;

(f) Encourage local school districts and schools to use multiple sources of funding to provide comprehensive summer learning opportunities for students;

(g) Promote innovative and effective instructional strategies that motivate students and teachers to learn and teach rather than emphasizing traditional remediation models; and

(h) Provide opportunity for innovative professional development for teachers as part of the program.

158.866. Definitions for KRS 158.865 to 158.867.

For purposes of KRS 158.865 to 158.867:

(1) "Attendance area" means the physical boundaries that determine the school that a student is to attend;

(2) "Core academic area" means reading or mathematics;

(3) "Economically disadvantaged student" or "disadvantaged" means a student who meets a school district's definition for purposes of the federal Elementary and Secondary Education Act, No Child Left Behind, Title I, Part A;

(4) "Enrichment instructor" means an individual considered appropriately qualified by the administrator of the summer learning program with approval by the local superintendent to instruct or

facilitate a specific enrichment program, who has completed at least two (2) years of study at an accredited postsecondary education institution, who has complied with KRS 160.380, who is paid by the local district from funds other than federal Title I funds, and who is supervised by the director or principal of the summer program. A highly qualified teacher may be employed to teach enrichment classes;

(5) "Highly qualified teacher" means a person who holds a Kentucky certificate under KRS 161.030 or 161.048 for the subject or level of instruction he or she is teaching and who demonstrates competency in the core academic subjects taught; and

(6) "Low-achieving Title I student" means a student who performs academically below expected potential as measured by assessments used for Title I identification.

158.867. Minimum requirements for summer learning camps at schools with certain Title I programs — Mandatory reports — Student participation guidelines — Teacher compensation — Summary annual reports.

(1) Schools that have schoolwide Title I programs or Targeted Assistance Title I programs are encouraged to establish summer learning camps that meet the following minimum requirements:

(a) Three (3) hours of daily innovative instruction in the core academic areas for students eligible for Title I services;

(b) Three (3) hours of planned enrichment activities that are available to students eligible for Title I services as well as to other students. The activities shall be determined by the designated administrators and staff of the summer camp. Enrichment may include music and dance, arts and crafts, sports, technology, and other enrichment activities that are deemed appropriate;

(c) Twenty (20) to twenty-five (25) days of planned programming;

(d) Involvement of community partners in the planning and implementation process through advisory committees and other activities;

(e) An organized marketing and notification process to parents of eligible children;

(f) Employment of highly qualified teachers for the core academic subjects;

(g) Employment of appropriately prepared teachers to conduct the enrichment activities, which may include noncertified teachers;

(h) Documentation that all summer school personnel and volunteers have completed background checks under KRS 160.380 and 161.148;

(i) Clearly defined administrative duties and responsibilities for operating the summer learning camp under the authority of the local superintendent and local board of education;

(j) Innovative professional development for the staff with opportunity for piloting and assessing innovative models of instruction;

(k) Provisions for transporting full-day participants residing in the host school's attendance area and one (1) way transportation for students participating only in the enrichment programs who reside in the host school's attendance area. Title I funds shall not be used for transporting students to and from school;

(l) Adherence to the same health, safety, civil rights, and disability requirements as are applied to public schools during the regular academic year; and

(m) Evaluation procedures.

(2) Prior to the commencement of the camps, a local district offering one (1) or more summer learning camps shall report to the Kentucky Department of Education its intention, the projected membership for the camps, and the estimated number of students that will be transported. Within one (1) month following the ending date of the camps, a district shall file a membership and transportation report to receive its allotment for state supplemental funding and transportation pursuant to KRS 157.077. The department shall specify the procedures for reporting.

(3) The department shall provide technical assistance upon request by a local school or school district in developing summer learning camps, except the department shall not impose additional curriculum requirements beyond what is provided in this section.

(4) Local districts may contract with private providers to offer the enrichment programs.

(5) Student participation in summer camps shall be permitted as follows:

(a) A summer camp to be conducted in a school that has a schoolwide Title I program shall admit children who have attended the host public school the previous year, subject to space limitations. Children residing outside the school's attendance area, but within the school district, who attended another schoolwide Title I public school or students who were identified for Title I services in a Targeted Assistance School the previous year may be admitted if space is available. Priority shall be given to children who are the lowest-achieving, most economically disadvantaged, disabled, migrant, homeless, or limited-English proficient;

(b) Two (2) or more schools that have schoolwide Title I programs may establish one (1) summer learning camp and admit children who have attended those schools, subject to space limitations. Priority shall be given to children who are the lowest-achieving, most economically disadvantaged, disabled, migrant, homeless, or limited-English proficient;

(c) A summer learning camp in a school that has a Targeted Assistance Title I program shall admit children who are identified based on the federal requirements in Title I, Part A, Section 1115;

(d) A summer learning camp may admit children who are not identified for Title I services to the enrichment programs in any of the summer camps without charging tuition as long as funds other than Title I funds are used for that purpose on a space-available basis; and

(e) Local districts that do not contain a Title I school may establish summer learning camps as

described in this section and compensate highly qualified teachers from available state and local funds.

(6) Compensation for highly qualified teachers who serve Title I-identified students in the core academic areas may be paid from Title I funds or Individuals with Disabilities Education Act funds, if appropriate. Compensation for enrichment instructors may be from extended school services funds, state general fund appropriations designated for summer learning camps, local public funds, private funds, grants, and receipts from fundraising activities.

(7) Compensation for summer learning camp teachers shall be considered extra services, and highly qualified teachers shall make contributions to the Kentucky Teachers' Retirement System.

(8) Each local school district shall submit a summary annual report for each summer learning camp in the district to the Kentucky Department of Education based on the timelines, processes, and reporting form developed by the department. The report shall include at least the following:

(a) Students' demographic data, including grade level, gender, economic disadvantage, race, and where applicable, disabilities;

(b) Membership and average daily attendance;

(c) Programs provided;

(d) Description of enrichment activities, including field trips;

(e) Credentials of staff;

(f) Summary of activities to engage parents; and

(g) Summary of partnerships established and description of shared activities.

(9) The department shall annually summarize the reports required in subsection (8) of this section and electronically publish a statewide report, highlighting best practices and success stories. The department shall also provide state academic assessment data disaggregated by those attending summer learning camps.

159.010. Parent or custodian to send child to school — Age limits for compulsory attendance — Local board of education may adopt policy extending compulsory attendance requirements to age 18 — All local boards to extend age limit upon adoption of policy by 55 percent of school districts — Notification and counseling prior to withdrawal — Encouragement to reenroll after withdrawal.

(1)(a) Except as provided in KRS 159.030 and paragraphs (b) and (c) of this subsection, each parent, guardian, or other person residing in the state and having in custody or charge any child who has entered the primary school program or any child between the ages of six (6) and sixteen (16) shall send the child to a regular public day school for the full term that the public school of the district in which the child resides is in session or to the public school that the board of education of the district makes provision for the child to attend. A child's age is between six (6) and sixteen (16) when the child has reached his or her sixth birthday and has not passed his or her sixteenth birthday.

(b)1. Effective with the 2015-2016 school year, a local board of education may, upon the recommendation of the superintendent, adopt a district-wide policy to require, except as provided in KRS 159.030, each parent, guardian, or other person residing in the district and having in custody or charge any child who has entered the primary school program or any child between the ages six (6) and eighteen (18) to send the child to a regular public school for the full term of the district in which the child resides or to the public school that the district makes provisions for the child to attend.

2. All children residing in the district, except as provided in KRS 159.030, shall be subject to the local board's compulsory age policy.

3. A district shall impose the same compulsory age requirement for all students residing in the district, even if the district has entered a contract to permit some students to attend school in another public school district that has not adopted a policy under this paragraph.

4. A local board of education adopting a policy under this paragraph shall certify to the Kentucky Department of Education that the district has, or will have, programs in place to meet the needs of potential dropouts. Implementation of the policy shall be contingent on notice of approval by the department.

(c) When fifty-five percent (55%) of all local school districts have adopted a policy in accordance with

paragraph (b) of this subsection, all local school districts shall be required to adopt the compulsory attendance requirements under paragraph (b) of this subsection. This requirement shall be effective with the school year that occurs four (4) years after the fifty-five percent (55%) threshold is met.

(2) An unmarried child between the ages of sixteen (16) and eighteen (18) who resides in a district that has not adopted a policy under subsection (1)(b) of this section who wishes to terminate his or her public or nonpublic education prior to graduating from high school shall do so only after a conference with the principal or his or her designee, and the principal shall request a conference with the parent, guardian, or other custodian. Written notification of withdrawal must be received from his parent, guardian, or other person residing in the state and having custody or charge of him. The child and the parent, guardian, or other custodian shall be required to attend a one (1) hour counseling session with a school counselor on potential problems of nongraduates.

(3) A child's age is between sixteen (16) and eighteen (18) when the child has reached his sixteenth birthday and has not passed his eighteenth birthday. Written permission for withdrawal shall not be required after the child's eighteenth birthday. Every child who is a resident in this state is subject to the laws relating to compulsory attendance, including the compulsory attendance requirements of a school district under subsection (1)(b) of this section. Neither the child nor the person in charge of the child shall be excused from the operation of those laws or the penalties under them on the ground that the child's residence is seasonable or that his or her parent is a resident of another state.

(4) Each school district shall contact each student between the ages of sixteen (16) and eighteen (18) who has voluntarily withdrawn from school under subsection (2) of this section within three (3) months of the date of withdrawal to encourage the student to reenroll in a regular program, alternative program, or High School Equivalency Diploma program. In the event the student does not reenroll at that time, the school district shall make at least one (1) more attempt to reenroll the student before the beginning of the school year following the school year in which the student terminated his or her enrollment.

NOTES TO DECISIONS

Analysis

1. Compulsory Attendance.
2. — Exemption.
3. Removal of Superintendent.
4. Purpose of Schools.
5. Attendance in District in Which Child Resides.

1. Compulsory Attendance.

This section requiring compulsory attendance at school does not make members of board of education insurers of child's safety and well-being while attending school. *Wood v. Board of Education*, 412 S.W.2d 877, 1967 Ky. LEXIS 445 (Ky. 1967).

Jury verdict against school administrator on malicious prosecution claim reversed even though there was a lack of probable cause for the sexual misconduct charges brought against father, because the charges were brought by the county attorney's office rather than the county school administrator, and the administrator did not allege in his criminal complaint that the father had induced his daughter to engage in sexual activity, merely that the father had failed to send the child to school. *Collins v. Williams*, 10 S.W.3d 493, 1999 Ky. App. LEXIS 94 (Ky. Ct. App. 1999).

2. — Exemption.

Section 159.030 does not have the effect of exempting from compulsory attendance under this section those pupils who are enrolled in private, sectarian or parochial schools; it merely exempts them from attending the common schools. *Nichols v. Henry*, 301 Ky. 434, 191 S.W.2d 930, 1945 Ky. LEXIS 746 (Ky. 1945).

3. Removal of Superintendent.

Evidence that county superintendent of schools disregarded teachers' and directors of pupil personnel's duties to enforce the compulsory school law assisted in sustaining county board of education's action in removing him from office. *Hunter v. Board of Education*, 265 Ky. 162, 96 S.W.2d 265, 1936 Ky. LEXIS 453 (Ky. 1936).

4. Purpose of Schools.

If the Legislature wishes to monitor the work of private and parochial schools in accomplishing the constitutional purpose of compulsory education, it may do so by an appropriate standardized achievement testing program, and if the results show that one or more private or parochial schools have failed to reasonably accomplish the constitutional purpose, the Commonwealth may then withdraw approval and seek to close them for they no longer fulfill the purpose of "schools." *Kentucky State Board of Elementary & Secondary Education v. Rudasill*, 589 S.W.2d 877, 1979 Ky. LEXIS 295 (Ky. 1979), cert. denied, 446 U.S. 938, 100 S. Ct. 2158, 64 L. Ed. 2d 792, 1980 U.S. LEXIS 1592 (U.S. 1980).

5. Attendance in District in Which Child Resides.

Circuit court erred in overruling a father's objections and in confirming and adopting a recommendation of the Domestic Relations Commissioner that the parties' minor child be enrolled in the school district where the mother resided because the child was statutorily required to attend school in the district in which she resided after the parents—who had joint custody—had reached an agreement on the critical issue. *Keeton v. Keith*, 511 S.W.3d 918, 2017 Ky. App. LEXIS 16 (Ky. Ct. App. 2017).

OPINIONS OF ATTORNEY GENERAL.

The marriage of a child under the age of 16 years emancipates said child from the provisions of this section for the reason that the marriage gives rise to a new relation inconsistent with the concept of subjection to the control and care of the parent. OAG 61-953.

Parents of Negro children who presented their children for admission to two (2) schools located in South Frankfort which were within five blocks of their homes but to which only first

grade Negro children had been admitted, who, despite the fact that there was unused classroom space for about 75 or 90 pupils, were refused admission and directed to an all-Negro school located in North Frankfort, about one and one-half (1½) miles from their homes and in poor physical condition, could not be prosecuted under this section upon their failure or refusal to comply, since parents can only be required to send their children to a school that meets constitutional standards. OAG 62-855.

If, when a child becomes 7 years of age he cannot attend school in compliance with this section because his parents refuse to have the smallpox immunization required by KRS 214.050 (repealed), the parents of the child would be subject to prosecution for failure to comply with the compulsory attendance laws. OAG 63-662.

A county board of education has legal authority to refuse the admission of nonresident children to its schools, but the board would be prohibited from arbitrarily extending school attendance privilege to some nonresident children while denying the same privilege to others. OAG 66-550.

A child living with its guardian within the county school district would be "residing" in the district within the meaning of the statutes and would be eligible to attend the county schools without the payment of tuition. OAG 66-550.

Children aged 14 and 15 who are resident enrollees of a job corps center situated in Kentucky would be subject to the provisions of this section and in order to be excused from compulsory school attendance must come within one (1) of the exceptions contained in KRS 159.030. OAG 68-137.

The State Superintendent of Education's statement in an official publication that a pupil boycott gained nothing and lost money for the school system was a statement of policy and the publication of such statement was not an improper use of taxpayer's money. OAG 69-529.

A board of education could accept pupils of all school employees without tuition payment regardless of where they live as long as the board complies with the requirements of KRS 159.240 to 159.260 (KRS 159.240 and 159.260 now repealed) and with foundation program provisions of KRS Chapter 157. OAG 72-154.

Under this section a parent residing in one (1) school district who desires to send his children to school in another district out of personal preference may not require the school district in which he is a resident to pay tuition charges for the children sent to a school in another district. OAG 72-271.

It is not the district in which taxes are paid but the district in which children reside with their parents or guardian that determines where the children may attend the public schools without the payment of tuition. OAG 72-593.

Although a board of education does not have to accept nonresident students on a tuition basis, if it decides to do so it must charge all pupils at the same rate which is not based upon a varying scale that is determined upon some extraneous factor such as the assessed value of a person's residential property. OAG 73-837.

A true dual enrollment whereby pupils attend a public school part time and a private school part time is legally permissible. OAG 74-331.

A child who is unable to sit still in school or remain in the classroom because of an emotional problem is eligible to be excused from public school and may be taught by a teacher coming to his home but it would be reasonable for the attendance officer to require a medical report on the child each year until he is able regularly to attend school. OAG 74-633.

The boards of education of high school districts within a county may require that students transferring to another school without changing residence complete that school year in the school transferred to without further transferring. OAG 75-602.

The compulsory attendance laws only apply to children between the ages of seven (7) and 16. OAG 76-566. (Decision prior to 1978 amendment).

Since KRS 159.990(1) refers only to actions against adults failing to comply with KRS 159.010 to 159.170 and not to juveniles charged under KRS 159.150, KRS 159.990(1) is not applicable in a juvenile proceeding for habitual truancy under KRS 208.020(1)(c) (now repealed). OAG 76-607.

If a parent or legal guardian of a child enrolls that child in a private or parochial day school that has not been approved by the State Board of Education, the parent or legal guardian is not fulfilling his obligation mandated by this section. OAG 77-514.

In keeping with the legislative intent of being as all encompassing as possible, the terms "other person" and "custody or charge" cover everyone from the adult having legal custody of a child to one having mere custody or control. OAG 78-64.

The only exemptions authorized by statute to the compulsory attendance provisions set forth in this section are those spelled out in KRS 159.030, and mode of transportation to school is not included. OAG 78-392.

The lead-in phrase of KRS 158.030, which reads "Notwithstanding any statute to the contrary," cannot be construed, by implication, to have lowered the compulsory attendance age range to five (5). OAG 85-55.

Existing legislation does not require nonpublic schools in Kentucky to have kindergartens. OAG 85-55.

Where a child attends a nonpublic school kindergarten, so long as the child will be six (6) years old by October 1, the child would be eligible and entitled to enroll in the first grade in a public common school district. If the child would not be six (6) years old until after October 1, the child would be eligible to enroll only in a public school's kindergarten program rather than first grade, even though he has already been in kindergarten in a nonpublic school. OAG 85-55.

A child who is six (6) years old before October 1, but who has not attended any kindergarten, would have to be enrolled, as far as the public common schools are concerned, in a kindergarten program rather than a public school first grade. OAG 85-55.

Where a child attends no kindergarten program, either public or nonpublic, before July 1, 1986, but upon attaining six (6) years of age he enrolls in a nonpublic school first grade, and such child subsequently is presented for enrollment in a public common school for the second or a subsequent grade, the child would be entitled to so enroll subject to the usual application of the provisions of KRS 158.140. OAG 85-55.

A married child under the age of 16 has a legal responsibility to attend school, but once a child marries, the parent or guardian no longer has a legal obligation to ensure that the child attends school; however, if the spouse of a minor who is under the age of 16 and who is an habitual truant, is found to be a person exercising custodial control or supervision as defined in subdivision (26) (now subdivision (43)) of KRS 600.020, the spouse may be subject to penalties under the Juvenile Code. OAG 87-40.

A parent, guardian, or other custodian may be subject to the penalties found in KRS 159.990 for failure to comply with subsection (2) of this section, which requires 60 days' written notice and counseling prior to an unmarried child between the ages of 16 and 18 withdrawing from school. OAG 87-40, modifying OAG 64-312 to extent inconsistent.

It is clear from the language of KRS 600.020(24) (now (28)) and KRS 610.010(1)(c) (now (2)(b)) that a student under the age of 18 years who is failing to attend school in violation of this section is subject to a delinquency prosecution in accordance with the Juvenile Code. OAG 90-106.

This section requires that all students under the age of 18 years attend school and requires that a student over the age of 16 years and under the age of 18 years may withdraw *only* after the written notification and school conference, the obvious purpose of the statute being to deter students from leaving high school before graduation. OAG 90-106.

Any parent, guardian, or other person having in custody or charge any child who has entered the primary school program and is subject to compulsory attendance under KRS 159.010 who removes the child from a school district during the school term shall enroll the child in a regular public day school in the district to which the child is moved, and the child shall attend school in the district to which the child is moved for the full term provided by that district.

Entrance of five (5) year olds into primary school program for compulsory attendance purposes, 704 KAR 5:060.

159.030. Exemptions from compulsory attendance.

(1) The board of education of the district in which the child resides shall exempt from the requirement of attendance upon a regular public day school every child of compulsory school age:

(a) Who is a graduate from an accredited or an approved four (4) year high school; or

(b) Who is enrolled and in regular attendance in a private, parochial, or church regular day school. It shall be the duty of each private, parochial, or church regular day school to notify the local board of education of those students in attendance at the school. If a school declines, for any reason, to notify the local board of education of those students in attendance, it shall so notify each student's parent or legal guardian in writing, and it shall then be the duty of the

parent or legal guardian to give proper notice to the local board of education; or

(c) Who is less than seven (7) years old and is enrolled and in regular attendance in a private kindergarten-nursery school; or

(d) Whose physical or mental condition prevents or renders inadvisable attendance at school; or

(e) Who is enrolled and in regular attendance in private, parochial, or church school programs for exceptional children; or

(f) Who is enrolled and in regular attendance in a state-supported program for exceptional children;

(g) For purposes of this section, "church school" shall mean a school operated as a ministry of a local church, group of churches, denomination, or association of churches on a nonprofit basis.

(2)(a) Before granting an exemption under subsection (1)(d) of this section, the board of education of the district in which the child resides shall require submission to the board of satisfactory evidence in the form of a signed statement of a properly licensed physician, advanced practice registered nurse, physician's assistant, psychologist, or psychiatrist responsible for diagnosing and treating the child, stating that the diagnosed condition of the child prevents or renders inadvisable attendance at school and requires home or hospital instruction. If the condition is mental health related, then the signed statement shall be completed by a licensed physician, psychiatrist, psychologist, or physician's assistant described in KRS 202A.011 or an advanced practice registered nurse defined in KRS 314.011 and certified in psychiatric-mental health nursing. On the basis of such evidence, the local board of education may exempt the child from compulsory attendance.

(b) Any child who is excused from school attendance more than six (6) months shall have two (2) signed statements from a combination of two (2) of the professional persons in accordance with paragraph (a) of this subsection, except that this requirement shall not apply to a child whose signed statement certifies that the student has a chronic physical condition that prevents or renders inadvisable attendance at school and is unlikely to substantially improve within one (1) year.

(c) Exemptions of any student under the provisions of subsection (1)(d) of this section shall be reviewed annually with the evidence required being updated.

(3) The Kentucky Board of Education may promulgate administrative regulations to establish the components of compulsory attendance and exemptions.

NOTES TO DECISIONS

Analysis

1. Attendance at Private or Parochial School.
2. Transportation.
3. Nonpublic Schools.
4. — Closing.
5. — Teachers.
6. — Right to Attend.

1. Attendance at Private or Parochial School.

This section does not have the effect of exempting from compulsory attendance laws those pupils who are enrolled in private, sectarian or parochial schools; it merely exempts them from attending the common schools. *Nichols v. Henry*, 301 Ky. 434, 191 S.W.2d 930, 1945 Ky. LEXIS 746 (Ky. 1945).

2. Transportation.

KRS 158.115 providing that county may provide transportation out of general funds applies to children attending private, sectarian or parochial schools in compliance with the compulsory school attendance laws. *Nichols v. Henry*, 301 Ky. 434, 191 S.W.2d 930, 1945 Ky. LEXIS 746 (Ky. 1945).

3. Nonpublic Schools.

4. — Closing.

If the Legislature wishes to monitor the work of private and parochial schools in accomplishing the constitutional purpose of compulsory education, it may do so by an appropriate standardized achievement testing program, and if the results show that one (1) or more private or parochial schools have failed to reasonably accomplish the constitutional purpose, the Commonwealth may then withdraw approval and seek to close them for they no longer fulfill the purpose of "schools." *Kentucky State Board for Elementary & Secondary Education v. Rudasill*, 589 S.W.2d 877, 1979 Ky. LEXIS 295 (Ky. 1979), cert. denied, 446 U.S. 938, 100 S. Ct. 2158, 64 L. Ed. 2d 792, 1980 U.S. LEXIS 1592 (U.S. 1980).

5. — Teachers.

It cannot be said as an absolute that a teacher in a nonpublic school who is not certified under KRS 161.030(2) will be unable to instruct children to become intelligent citizens; certainly, the receipt of "a bachelor's degree from a standard college or university" is an indicator of the level of achievement, but it is not a *sine qua non* the absence of which establishes that private and parochial school teachers are unable to teach their students to intelligently exercise the elective franchise. *Kentucky State Board for Elementary & Secondary Education v. Rudasill*, 589 S.W.2d 877, 1979 Ky. LEXIS 295 (Ky. 1979), cert. denied, 446 U.S. 938, 100 S. Ct. 2158, 64 L. Ed. 2d 792, 1980 U.S. LEXIS 1592 (U.S. 1980).

6. — Right to Attend.

While the state has an interest in the education of its citizens which could be furthered through compulsory education, the rights of conscience of those who desire education of their children in private and parochial schools should be protected. *Kentucky State Board for Elementary & Secondary Education v. Rudasill*, 589 S.W.2d 877, 1979 Ky. LEXIS 295 (Ky. 1979), cert. denied, 446 U.S. 938, 100 S. Ct. 2158, 64 L. Ed. 2d 792, 1980 U.S. LEXIS 1592 (U.S. 1980).

Fannin v. Williams, 655 S.W.2d 480, 1983 Ky. LEXIS 290 (Ky. 1983).

OPINIONS OF ATTORNEY GENERAL.

A child who is unable to sit still in school or remain in the classroom because of an emotional problem is eligible to be

excused from public school and may be taught by a teacher coming to his home, but it would be reasonable for the attendance officer to require a medical report on the child each year until he is able regularly to attend school. OAG 74-633.

Pursuant to KRS 157.270, a local board of education is required to provide home training for exceptional children but an institutional home for exceptional children cannot, under KRS 157.230, legally require a school district to establish and maintain special education classes for its inmates. OAG 74-681.

Exceptional children who are residents of a private nonsectarian institution are entitled to attend the public schools in the county in which the institution is located free of charge if they are physically and mentally able and qualified to be educated in regular classes. OAG 74-681.

Exceptional children who are residents of a private nonsectarian institution may be instructed in the institution, either in a leased or donated room, by a public school teacher. OAG 74-681.

If a parent or legal guardian of a child enrolls that child in a private or parochial day school that has not been approved by the state board of education, the parent or legal guardian is not fulfilling his obligation mandated by KRS 159.010. OAG 77-514.

The only exemptions authorized by statute to the compulsory attendance provisions set forth in KRS 159.010 are those spelled out in this section, and mode of transportation to school is not included. OAG 78-392.

Although there is no delineated exemption under this section, a married student, even though under the age of 16 years, may not be required to attend school, since requiring attendance ignores the hard facts of reality and is in conflict with the concept that marriage is a domestic relation which is highly favored by law. OAG 81-73.

An unmarried girl under the age of 16, who has given birth to a child and is mothering that child, is not required to attend school, even though there is no delineated exemption under this section; however, if the girl finds it necessary to remain out of school for several years, she is entitled to attend school later, up until she has received 12 years education or reached the age of 21, under KRS 158.100. OAG 81-73.

Prior to childbirth, an unmarried pregnant girl under the age of 16 years is required to go to school unless she can meet one (1) of the exemptions under this section. OAG 81-73.

Existing legislation does not require nonpublic schools in Kentucky to have kindergartens. OAG 85-55.

Where a child attends a nonpublic school kindergarten, so long as the child will be six (6) years old by October 1, the child would be eligible and entitled to enroll in the first grade in a public common school district. If the child would not be six (6) years old until after October 1, the child would be eligible to enroll only in a public school's kindergarten program rather than first grade, even though he has already been in kindergarten in a nonpublic school. OAG 85-55.

A child who is six (6) years old before October 1, but who has not attended any kindergarten, would have to be enrolled, as far as the public common schools are concerned, in a kindergarten program rather than a public school first grade. OAG 85-55.

Where a child attends no kindergarten program, either public or nonpublic, before July 1, 1986, but upon attaining six (6) years of age he enrolls in a nonpublic school first grade, and such child subsequently is presented for enrollment in a public common school for the second or a subsequent grade, the child would be entitled to so enroll subject to the usual application of the provisions of KRS 158.140. OAG 85-55.

A married child under the age of 16 has a legal responsibility to attend school, but once a child marries, the parent or guardian no longer has a legal obligation to ensure that the child attends school; however, if the spouse of a minor who is under the age of 16 and who is an habitual truant, is found to

be a person exercising custodial control or supervision as defined in subdivision (26) (now subdivision (43)) of KRS 600.020, the spouse may be subject to penalties under the Juvenile Code. OAG 87-40.

The decision to refuse to enroll a student who is a legal resident of the district, but has been expelled from another district for activities placing the safety and welfare of other students at risk, must be made on a case by case basis. OAG 91-171.

There is nothing to prevent a second school district from initiating an exemption based on evidence supplied from another district that attendance is unadvisable. OAG 91-171.

Where the first district finds a child to be unable to attend school based on this section, there is nothing to require the second school district to require the evaluation described under subsection (3) of this section prior to enrollment; nevertheless, the child may qualify for evaluation for special education services under KRS 157.200 through 157.290. OAG 91-171.

The opinion issued in OAG 87-40 reversed OAG 81-79 and therefore married children under sixteen (16) years old must attend school. OAG 93-37.

Participation in 4-H activities, page programs of the General Assembly, and ten days of military basic training to be considered attendance — Excused absence for educational enhancement or attendance at Kentucky State Fair — Appeal of denial of excused absence — Exception for testing periods — Excused absences for deployment and return days of parent or guardian on active duty — Excused absence to visit parent or guardian on R and R — Excused absence due to mental or behavioral health status.

(1) Notwithstanding the provisions of any other statute, any student in a public school who is enrolled in a properly organized 4-H club shall be considered present at school for all purposes when participating in regularly scheduled 4-H club educational activities, provided, the student is accompanied by or under the supervision of a county extension agent or the designated 4-H club leader for the 4-H club educational activity participated in.

(2) Notwithstanding the provisions of any other statute, any student in a public school shall be considered

present for all purposes for up to ten (10) days while attending basic training required by a branch of the United States Armed Forces.

(3) Beginning with the 2021-2022 school year, notwithstanding the provisions of any other statute, any student enrolled in a public school shall not have his or her perfect attendance record negatively affected by participating in any of the page programs of the General Assembly.

(4) Students applying for excused absence for attendance at the Kentucky State Fair shall be granted one (1) day of excused absence.

(5) Except as provided in paragraph (e) of this subsection, a public school principal shall give a student an excused absence of up to ten (10) school days to pursue an educational enhancement opportunity determined by the principal to be of significant educational value, including but not limited to participation in an educational foreign exchange program or an intensive instructional, experiential, or performance program in one (1) of the core curriculum subjects of English, science, mathematics, social studies, foreign language, and the arts.

(a) A student receiving an excused absence under this subsection shall have the opportunity to make up school work missed and shall not have his or her class grades adversely affected for lack of class attendance or class participation due to the excused absence.

(b) Educational enhancement opportunities under this subsection shall not include nonacademic extracurricular activities, but may include programs not sponsored by the school district.

(c) If a request for an excused absence to pursue an educational enhancement opportunity is denied by a school principal, a student may appeal the decision to the district superintendent, who shall make a determination whether to uphold or alter the decision of the principal. If a superintendent upholds a principal's denial, a student may appeal the decision to the local board of education, which shall make a final determination. A principal, superintendent, and local board of education shall make their determinations based on the provisions of this subsection and the district's school attendance policies adopted in accordance with KRS 158.070 and KRS 159.150.

(d) A student receiving an excused absence under the provisions of this subsection shall be considered present in school during the excused absence for the purposes of calculating average daily attendance as defined by KRS 157.320 under the Support Education Excellence in Kentucky program.

(e) A student shall not be eligible to receive an excused absence under the provisions of this subsection for an absence during a school's testing window established for assessments of the state assessment developed under KRS 158.6453 or during a testing period established for the administration of additional district-wide assessments at the school, except if a principal determines that extenuating circumstances make an excused absence to pursue an educational enhancement opportunity appropriate.

(6)(a) If a student's parent, de facto custodian, or other person with legal custody or control of the

student is a member of the United States Armed Forces, including a member of a state National Guard or a Reserve component called to federal active duty, a public school principal shall give the student:

1. An excused absence for one (1) day when the member is deployed;
2. An additional excused absence for one (1) day when the service member returns from deployment; and
3. Excused absences for up to ten (10) days for visitation when the member is stationed out of the country and is granted rest and recuperation leave.

(b) A student receiving an excused absence under this subsection shall have the opportunity to make up school work missed and shall not have his or her class grades adversely affected for lack of class attendance or class participation due to the excused absence.

(c) A student receiving an excused absence under this subsection shall be considered present in school during the excused absence for the purposes of calculating average daily attendance as defined by KRS 157.320 under the Support Education Excellence in Kentucky program.

(7) A local school board may include provisions in its student attendance policy for excused absences due to a student's mental or behavioral health status.

OPINIONS OF ATTORNEY GENERAL.

It is impermissible for a teacher incorporating classroom participation as part of the overall academic grade to give a student a lower grade in a course than he earned while in class for failure to participate in class on days when he was absent under a legitimate excused absence. OAG 79-539.

A school board may not adopt a plan to deduct points from a student's final grade for each unexcused absence. Despite the board's stated intent to act in the best interest of the students, the deduction of five (5) points from a pupil's final grade is a penalty. Such a penalty, in the guise of an incentive to get children to attend school, is not permissible; providing an opportunity for a student to make up the points does not change this conclusion — it is still an impermissible penalty. OAG 96-28.

A school board's decision not to differentiate between excused and unexcused absences was fatal to its policy of withholding promotion to the next level from students for failure to make up absences in excess of an approved number of days. OAG 96-28.

159.051. Loss of license or permit by student for dropping out of school or for academic deficiency.

(1) When a student age sixteen (16) or seventeen (17) drops out of school or is declared to be academically deficient, the school administrator or his designee shall notify the superintendent of schools of the district in which the student is a resident or is enrolled. The reports shall be made at the end of each semester but may be made earlier in the semester for accumulated absences. A student shall be deemed to have dropped out of school when he has nine (9) or more unexcused absences in the preceding semester. Any absences due to suspension shall be unexcused absences. A student shall be deemed to be academically deficient when he has not received passing grades in at least four (4)

courses, or the equivalent of four (4) courses, in the preceding semester. The local school board shall adopt a policy to reflect a similar standard for academic deficiency for students in alternative, special education, or part-time programs.

(2) Within ten (10) days after receiving the notification, the superintendent shall report the student's name and Social Security number to the Transportation Cabinet. As soon as possible thereafter, the cabinet shall notify the student that his operator's license, intermediate license, permit, or privilege to operate a motor vehicle has been revoked or denied and shall inform the student of his right to a hearing before the District Court of appropriate venue to show cause as to the reasons his license, permit, or privilege should be reinstated. Within fifteen (15) days after this notice is sent, the custodial parent, legal guardian, or next friend of the student may request an ex parte hearing before the District Court. The student shall not be charged District Court filing fees. The notification shall inform the student that he is not required to have legal counsel.

(3) In order for the student to have his license reinstated, the court shall be satisfied that:

(a) The license is needed to meet family obligations or family economic considerations which, if unsatisfied, would create an undue hardship; or

(b) The student is the only licensed driver in the household; or

(c) The student is not considered a dropout or academically deficient pursuant to this section.

If the student satisfies the court, the court shall notify the cabinet to reinstate the student's license at no cost. The student, if aggrieved by a decision of the court issued pursuant to this section, may appeal the decision within thirty (30) days to the Circuit Court of appropriate venue. A student who is being schooled at home shall be considered to be enrolled in school.

(4) A student who has had his license revoked under the provisions of this section may reapply for his driver's license as early as the end of the semester during which he enrolls in school and successfully completes the educational requirements. A student may also reapply for his driver's license at the end of a summer school semester which results in the student having passed at least four (4) courses, or the equivalent of four (4) courses, during the successive spring and summer semesters, and the courses meet the educational requirements for graduation. He shall provide proof issued by his school within the preceding sixty (60) days that he is enrolled and is not academically deficient.

NOTES TO DECISIONS

Analysis

1. Constitutionality.
2. Construction With Other Law.
3. Application.

1. Constitutionality.

The "No Pass-No Drive" law, operating to suspend 16 or 17 year olds' licenses for dropping out or deficient academics, is constitutional since it rationally relates to its objective, provides for sufficient judicial review (limited to clerical errors), and violates neither Equal Protection nor Procedural Due Process (since the interest is a legitimately regulated privilege, not a fundamental right). *Codell v. D.F.*, 2001 Ky. App. LEXIS 71 (Ky. Ct. App. June 22, 2001).

There was no rational basis for the geographically-based distinction created by KRS 159.051 between students subject to losing their operator's licenses under the statute and students precluded from the statute; thus, KRS 159.051 was unconstitutional. *D.F. v. Codell*, 127 S.W.3d 571, 2003 Ky. LEXIS 262 (Ky. 2003).

Fundamental right to an education included the right to the equal opportunity to achieve academic success, but it included no guarantee of success itself, and KRS 159.051 in no way interfered with a student's fundamental right to an education. However, there was no rational basis for the geographically-based distinction created by KRS 159.051 between students subject to losing their operator's licenses under the statute and students precluded from the statute; thus, KRS 159.051 was unconstitutional. *D.F. v. Codell*, 127 S.W.3d 571, 2003 Ky. LEXIS 262 (Ky. 2003).

2. Construction With Other Law.

The Transportation Cabinet is authorized to enforce KRS 159.051 as it relates to KRS 186.440, 186.450, and 186.470, all of which concern persons under the age of 18 who apply for or possess an instruction permit or driver's license. *Codell v. D.F.*, 2001 Ky. App. LEXIS 71 (Ky. Ct. App. June 22, 2001).

Although KRS 159.051 violates the Family Education Rights and Privacy Act of 1974 (FERPA), that does not strike the "No Pass-No Drive" law from the books, since FERPA does not ban disclosures of education records, but simply directs that funds will not be available to any educational agency which has such a policy; moreover, FERPA concerns only nonconsensual disclosure meaning that once a parent has consented to the disclosure of such information, the policy may be continued without sacrificing the entitlement to federal funds. *Codell v. D.F.*, 2001 Ky. App. LEXIS 71 (Ky. Ct. App. June 22, 2001).

3. Application.

KRS 159.051 provides for disclosure of education information regardless of whether the student has actually applied for an instruction (driver) permit, thereby consenting to the release of the information. *Codell v. D.F.*, 2001 Ky. App. LEXIS 71 (Ky. Ct. App. June 22, 2001).

OPINIONS OF ATTORNEY GENERAL.

The requirements of Acts 1990, ch. 234 (KRS 186.450, 186.470 and this section) that applicants for driving permits and operator's licenses who are under the age of 18 and who have not graduated from high school provide proof that they are currently enrolled or have been enrolled in the prior semester of school may be implemented immediately if it is limited to requiring the applicants to provide this proof based only on whether the applicants have withdrawn from school;

requiring the applicants to provide proof of enrollment based on whether the applicants have “dropped out” of school as defined in Section 1(1) of the Act (KRS 159.051) should not be implemented immediately, because such immediate implementation would cause the Act to be applied retroactively without statutory authorization. In addition, the Act’s requirement that these applicants provide proof that they are not or have not been found academically deficient should not be implemented immediately, because such immediate implementation would cause the Act to be applied retroactively without statutory authorization; those requirements of the Act which will not be implemented immediately should be implemented at any future date in which the “preceding semester” referred to in the Act will have occurred after July 13, 1990. OAG 90-54.

In case an agreement suitable to all parties cannot be reached, the Kentucky Board of Education may dissolve a united district. In case of dissolution, each school district involved may unite with other contiguous school districts in forming a united attendance district or may act as a separate attendance district. NOTES TO DECISIONS

Analysis

1. Application to Jefferson County.
2. “Enrollment”.

1. Application to Jefferson County.

The last sentence of this section violates the Fourteenth Amendment insofar as it applies to Jefferson County, in that it would operate to frustrate the mandates of the Sixth Circuit to eradicate state-imposed segregation in the Jefferson County school system. *Newburg Area Council, Inc. v. Board of Educa-*

tion, 583 F.2d 827, 1978 U.S. App. LEXIS 9562 (6th Cir. Ky. 1978).

2. “Enrollment”.

School district had to allow students to attend the school nearest home, not merely to register at the school nearest home, because “enroll in,” as used in KRS 159.070, means to become a student at the school. *Fell v. Jefferson County Bd. of Educ.*, 2011 Ky. App. LEXIS 176 (Ky. Ct. App. Sept. 30, 2011), rev’d, 391 S.W.3d 713, 2012 Ky. LEXIS 148 (Ky. 2012).

KRS 159.070 does not grant a statutory right for schoolchildren to attend the school nearest their home; the assignment of pupils to schools within a school district is a matter the Kentucky General Assembly has committed to the sound discretion of the local school board. *Jefferson County Bd. of Educ. v. Fell*, 391 S.W.3d 713, 2012 Ky. LEXIS 148 (Ky. 2012).

Parents’ suit against a board of education, claiming their children were denied their right under KRS 159.070 to attend the public school nearest their home, was properly dismissed because KRS 159.070 conferred no such right; the assignment of pupils to schools within a school district was a matter within the sound discretion of the local school board. *Jefferson County Bd. of Educ. v. (1) A child of a military family may pre-enroll or participate in preadmission in a school district if the parent or guardian of the child:

(a) Is transferred to or is pending transfer to a military installation or to a reserve component within the state while on active military duty pursuant to an official military order; or

(b) Is returning to the state within one (1) year of being separated from the military with an honorable discharge, discharge under honorable conditions, or a general discharge under honorable conditions.

(2) A school district shall accept an application for enrollment and course registration by electronic means for a child who meets the requirements set forth in subsection (1) of this section, including enrollment in a specific school or program within the school district.

(3) The parent or guardian of a child who meets the requirements set forth in subsection (1) of this section shall provide proof of residence to the school district within ten (10) days after the arrival date provided on official documentation. The parent or guardian may use, as proof of residence, the address of:

(a) A temporary on-post billeting facility;

(b) A purchased or leased home or apartment;

(c) Any federal government housing or off-post military housing, including off-post military housing that may be provided through a public-private venture; or

(d) A home under contract to be built.

(4) A child who utilizes this section shall not, until actual attendance or enrollment in the school district:

(a) Count for the purposes of average daily attendance as defined in KRS 157.320 or 157.350; or

(b) Be included in the state assessment and system pursuant to KRS 158.6453 or 158.6455.

(5) To accommodate for temporary housing, if a child utilizes this section to enroll in a district, but the

residence identified in subsection (3) of this section has not yet become available, then the district shall allow the child to enroll and begin attending the district regardless of the child's temporary residence and subsequently be included in the district's calculation of average daily attendance under KRS 157.320, for a period of up to one (1) year from the parent's or guardian's reporting-for-duty date or separation date before being considered a resident of another district.

Certificates shall be reissued or renewed in accordance with the terms of the administrative regulations of the Education Professional Standards Board in effect at the time of application for reissuance or renewal.

(3) Directors of pupil personnel and assistants shall be allowed their necessary and authorized expenses incurred in the performance of their duties. Each board shall bear the expense of its directors of pupil personnel and assistants incurred in its district.

2. Rejection of Nominee.

1. Appointment.

This section is mandatory, and the board must appoint the director of pupil personnel recommended by the superintendent, unless the recommendee does not possess the statutory qualifications, is morally or educationally unfit, or some other valid reason for rejection is shown. *Bernard v. Sims*, 279 Ky. 565, 131 S.W.2d 505, 1939 Ky. LEXIS 321 (Ky. 1939).

2. Rejection of Nominee.

This section contemplates that director of pupil personnel shall be appointed before July 1, but where recommendation was made before July 1, and board illegally rejected nominee,

the nomination remained before the board and the nominee should be appointed, in the absence of valid reasons for rejecting him, at a subsequent meeting. *Bernard v. Sims*, 279 Ky. 565, 131 S.W.2d 505, 1939 Ky. LEXIS 321 (Ky. 1939).

If original nominee is validly rejected, superintendent may nominate another qualified person. *Bernard v. Sims*, 279 Ky. 565, 131 S.W.2d 505, 1939 Ky. LEXIS 321 (Ky. 1939).

OPINIONS OF ATTORNEY GENERAL.

A person may not serve as director of pupil personnel of a county school district, a state office, and county judge (now county judge/executive) pro tem, a county office, as the two offices are incompatible under KRS 61.080. OAG 74-382.

The mere fact that the legislature has enacted KRS 159.080 to 159.140 does not automatically preempt the Lexington-Fayette Urban County Government from enacting local legislation, which would allow the police to stop youths who are off school property during school hours and return to their schools those who do not have a legitimate excuse for their absence; however, such activity by the police would be in direct contravention with KRS 630.030 of the state juvenile code, thus would be deemed invalid. 159.140. Duties of director of pupil personnel or assistant.

(1) The director of pupil personnel, or an assistant appointed under KRS 159.080, shall:

(a) Devote his or her entire time to the duties of the office except as provided in subsection (2) of this section;

(b) Enforce the compulsory attendance and census laws in the attendance district he or she serves;

(c) Acquaint the school with the home conditions of a habitual truant as described in KRS 159.150(3), and the home with the work and advantages of the school;

(d) Ascertain the causes of irregular attendance and truancy, through documented contact with the custodian of the student, and seek the elimination of these causes;

(e) Secure the enrollment in school of all students who should be enrolled and keep all enrolled students in reasonably regular attendance;

(f) Attempt to visit the homes of students who are reported to be in need of books, clothing, or parental care;

(g) Provide for the interviewing of students and the parents of those students who quit school to determine the reasons for the decision. The interviews shall be conducted in a location that is non-threatening for the students and parents and according to procedures and interview questions established by an administrative regulation promulgated by the Kentucky Board of Education. The questions shall be designed to provide data that can be used for local district and statewide research and decision-making. Data shall be reported annually to the local board of education and the Department of Education;

(h) Report to the superintendent of schools in the district in which the student resides the number and cost of books and school supplies needed by any student whose parent, guardian, or custodian does not have sufficient income to furnish the student with the necessary books and school supplies; and

(i) Keep the records and make the reports that are required by law, by regulation of the Kentucky Board of Education, and by the superintendent and board of education.

(2) A local school district superintendent may waive the requirement that a director of pupil personnel devote his or her entire time to his or her duties. The superintendent shall report the decision to the commissioner of education.

(3) In any action brought to enforce compulsory attendance laws, the director of pupil personnel or an assistant shall document the home conditions of the student and the intervention strategies attempted and may, after consultation with the court-designated worker, refer the case to the family accountability, intervention, and response team.

NOTES TO DECISIONS

Analysis

1. In General.
2. Construction.
3. Subject Matter Jurisdiction.

1. In General.

This section is mandatory in providing that the director of personnel spend his full time on his duties. Board of Education v. Miller, 299 S.W.2d 626, 1957 Ky. LEXIS 417 (Ky. 1957).

2. Construction.

Where administrator no longer worked for the Board of Education, the claim that the Board violated this section by assigning her job responsibilities not explicitly enumerated in the statute was rendered moot and the injunctive relief granted by the court in response was vacated. Buntin v. Breathitt County Bd. of Educ., 134 F.3d 796, 1998 FED App. 0025P, 1998 U.S. App. LEXIS 786 (6th Cir. Ky. 1998).

3. Subject Matter Jurisdiction.

Court had no subject matter jurisdiction in truancy cases because (1) home conditions were described in required forms as “no visible barriers to attendance,” which was too ambiguous to ascertain what was meant and did not meet a statutory requirement to acquaint students’ schools with home conditions, (2) many areas of the form were left blank, and (3) a court’s speculative statement that the court “bet” a school had made attempts to assist a student and family as statutorily required before filing a complaint showed the court did not know if the school had done what was necessary to invoke the court’s jurisdiction. J.L.C. v. Commonwealth, 491 S.W.3d 519, 2016 Ky. App. LEXIS 41 (Ky. Ct. App. 2016).

N.K. v. Commonwealth, 324 S.W.3d 438, 2010 Ky. App. LEXIS 192 (Ky. Ct. App. 2010).

OPINIONS OF ATTORNEY GENERAL.

Before the 2003 amendments, although the positions of county director of pupil personnel and city director of pupil personnel were not incompatible as such, they are incompatible in fact because, under prior law, subdivision (1) of this section requires that a director of pupil personnel must devote his entire time to his duties which he could not do in two (2) such positions. OAG 60-1027.

Before the 2003 amendments, even though the language of this section provides that the director of pupil personnel shall devote his entire time to the duties of his office, such director may be a member of the board of trustees of a public library district. OAG 67-83.

Where a child between the ages of seven (7) and 16 is enrolled in a day school not approved by the State Board of Education, the board of education through its director of pupil personnel, shall conduct an investigation as to why a child of compulsory school age is not attending public school and report to the school board and, under the direction from either the superintendent of schools or the local board of education or the State Board of Education, institute the appropriate legal proceedings against anyone found violating the compulsory attendance laws. OAG 77-514.

Before the 2003 amendments, where an entire classroom unit (under KRS 157.360(9)) is involved, the director of pupil personnel must devote his or her entire time to the duties of that office and would not be able to also serve as the director of transportation; however where a proportionate fraction of a unit is involved, the requirement of subdivision (1) of this section would be met by the director of pupil personnel by spending an amount of time in the same proportion to the normal school day that the fraction bears to the unit will constitute devoting the entire time to the duties of the office. OAG 80-389.

Subdivision (7) (now (1)(h)) of this section and KRS 160.330 may be read in complete harmony with KRS 158.108. OAG 82-359.

159.150. Definitions of truant and habitual truant — Attendance record requirements — Adoption of truancy policies by local school boards — Implementation of early intervention and prevention programs.

(1) Any student who has attained the age of six (6) years, but has not reached his or her eighteenth birthday, who has been absent from school without valid excuse for three (3) or more days, or tardy without valid excuse on three (3) or more days, is a truant.

(2) Any student enrolled in a public school who has attained the age of eighteen (18) years, but has not reached his or her twenty-first birthday, who has been absent from school without valid excuse for three (3) or more days, or tardy without valid excuse on three (3) or more days, is a truant.

(3) Any student who has been reported as a truant two (2) or more times is an habitual truant.

(4) For the purposes of establishing a student’s status as a truant, the student’s attendance record is cumulative for an entire school year. If a student transfers from one (1) Kentucky public school to another during a school year, the receiving school shall incorporate the attendance information provided under KRS 159.170 in the student’s official attendance record.

(5) A local board of education may adopt reasonable policies that:

(a) Require students to comply with compulsory attendance laws;

(b) Require truants and habitual truants to make up unexcused absences;

(c) Impose sanctions for noncompliance; and

(d) Collaborate and cooperate with the Court of Justice, the Department for Community Based Services, the Department of Juvenile Justice, regional community mental health centers, and other service providers to implement and utilize early intervention and prevention programs, such as truancy diversion, truancy boards, mediation, and alternative dispute resolution to reduce referrals to a court-designated worker.

History.

4434-14; Acts 1982, ch. 33, § 1, effective July 15, 1982; repealed and reenact., Acts 1990, ch. 476, Pt. V, § 413, effective July 13, 1990; 1998, ch. 611, § 2, effective July 15, 1998; 2005, ch. 172, § 1, effective June 20, 2005; 2007, ch. 122, § 1, effective June 26, 2007; 2014, ch. 132, § 15, effective July 1, 2015.

OPINIONS OF ATTORNEY GENERAL.

Even though a child over 16 years of age is truant, the penalties of KRS 159.990 cannot be imposed upon the child's parent, guardian or custodian. OAG 64-312.

Since a boycott by pupils is regarded as offending the truancy statutes, statement by State Superintendent of Education in an official publication that a pupil boycott gained nothing and lost money for the school system was a statement of policy and the publication of such statement was not an improper use of taxpayer's money. OAG 69-529.

A child is delinquent who, inter alia, is an habitual truant from school pursuant to KRS 208.020 (now repealed) and the punishment for truancy for either the child or his parents is a matter within the discretion of the Juvenile Court. OAG 73-390.

The determination of what is a "valid excuse" for an absence from school rests in the policy making authority of the local board of education and a child may not be determined a truant if the absence is excused in accordance with guidelines concerning excused versus unexcused absences developed by the local board. OAG 76-566.

While the two definitions of "habitual truant" in this section and KRS 600.020(24) (now 600.020(28)) cannot be reconciled in terms of their language, it may be possible to reconcile them in their application. KRS 159.140 gives directors of pupil personnel authority to enforce compulsory attendance laws, including this section. Penalties are set forth under KRS 159.990 and are enforced by the District Court. Through exclusive jurisdiction over habitual truants the District Court has discretion in enforcement. The court may either rely on a director of pupil personnel to initiate proceedings for violations of this section, or the court may order a director of pupil personnel to enforce KRS 600.020(24), in which case the director would have authority to apply the definition found therein. OAG 91-79.

The opinion issued in OAG 87-40 reversed OAG 81-79 and therefore married children under sixteen (16) years old must attend school. OAG 93-37.

A married female under 16 years of age is a "child" as defined in KRS 600.020. OAG 93-37.

KRS 600.020(26) (now 600.020(28)) controls over this section in ascertaining the number of days a child must have unexcused absences prior to being found habitually truant under the Unified Juvenile Code. OAG 93-37.

A school board's decision not to differentiate between excused and unexcused absences was fatal to its policy of withholding promotion to the next level from students for failure to make up absences in excess of an approved number of days. OAG 96-28.

NOTES TO DECISIONS

Analysis

1. Use.
2. Questioning Report.

1. Use.

The pupil census records are superior to teacher's affidavit in establishing whether individual attended school. *Spurlock v. Commonwealth*, 350 S.W.2d 472, 1961 Ky. LEXIS 99 (Ky. 1961).

2. Questioning Report.

State superintendent may question in a judicial proceeding the accuracy of census reports. *Louisville School Board v. Superintendent of Public Instruction*, 102 Ky. 394, 43 S.W. 718, 19 Ky. L. Rptr. 1350, 1897 Ky. LEXIS 134 (Ky. 1897). (Decided under former KRS 159.260, now repealed).

OPINIONS OF ATTORNEY GENERAL.

Since the purpose of maintaining public school census records is to serve the interest of the state in enforcing the compulsory attendance law the use of such records to compile a private mailing list is not legally warranted. OAG 75-274.

The public school census records are public records but are not always open for public inspection since opening them thereto, without the written consent of the parents, might jeopardize a school district's entitlement to federal funds. OAG 75-274.

159.260. Report of census to superintendent of public instruction. [Repealed.]

Compiler's Notes.

This section (4434-27; amend. Acts 1966, ch. 89, § 6; 1978, ch. 155, ch. 82, effective June 17, 1978; 1984, ch. 367, § 9, effective July 13, 1984) was repealed by Acts 1988, ch. 94, § 3, effective July 15, 1988.

159.270. False report of census prohibited.

No director of pupil personnel or other person shall willfully or fraudulently report a larger number of children of school age in any district than the actual number, or otherwise make a false report of the census.

History.

4434-28; amend. Acts 1966, ch. 89, § 7; 1990, ch. 476, Pt. IV, § 223, effective July 13, 1990; 1996, ch. 20, § 3, effective July 15, 1996.

PENALTIES

159.990. Penalties.

(1) Any parent, guardian, or custodian who intentionally fails to comply with the requirements of KRS 159.010 to 159.170, except as provided in subsection (5)

of this section, shall be fined one hundred dollars (\$100) for the first offense, and two hundred fifty dollars (\$250) for the second offense. Each subsequent offense shall be classified as a Class B misdemeanor. A new offense shall not be constituted until any previous offense has been finally adjudicated. The court trying the case may suspend enforcement of the fine if the child is immediately placed in attendance at a school, and may finally remit the fine if the attendance continues regularly for the full school term. School attendance may be proved by an attested certificate of the principal or teacher in charge of the school.

(2) Any principal, teacher, director of pupil personnel, assistant director of pupil personnel, or other school officer who intentionally fails to comply with the provisions of KRS 159.010 to 159.250, or of KRS 160.330 shall be fined not less than twenty-five dollars (\$25) nor more than fifty dollars (\$50). Upon conviction under this subsection, a director of pupil personnel or assistant director of pupil personnel shall be removed from office and have his certificate revoked, and a principal, teacher, or other school officer may have his certificate revoked.

(3) Any person, other than those persons mentioned in subsections (1) and (2) of this section, who fails to comply with any of the provisions of this chapter relating to compulsory attendance, or who violates any of the provisions of KRS 159.130, shall be fined not less than fifty dollars (\$50) nor more than two hundred dollars (\$200), or imprisoned in the county jail for not more than sixty (60) days, or both.

(4) Any person who violates any of the provisions of KRS 159.270 shall be liable to a fine of not less than fifty dollars (\$50) and shall be liable to the punishment prescribed by law for the crime of false swearing. If he is an officer, he shall be removed from office; and if he is a director of pupil personnel, his certificate shall be revoked.

(5) Any of the following who intentionally fails to comply with the requirements of KRS 159.150 shall be fined one hundred dollars (\$100) for the first offense and two hundred fifty dollars (\$250) for each subsequent offense:

(a) A student enrolled in a public school who has attained the age of eighteen (18) years, but who has not yet reached his or her twenty-first birthday, for whom a guardian has not been appointed by a court of competent jurisdiction, whether or not that student is identified as an exceptional child or youth under KRS 157.200(1)(a) to (m);

(b) A parent, guardian, or custodian of a student enrolled in a public school who has not reached his or her eighteenth birthday; or

(c) A guardian appointed by a court of competent jurisdiction of a student who is enrolled in a public school, has been identified as an exceptional child or youth under KRS 157.200(1)(a) to (m), and has attained the age of eighteen (18) years, but who has not yet reached his or her twenty-first birthday.

Any person described in paragraph (a), (b), or (c) of this subsection shall be informed by personnel of the local school district that a public school student who has not reached his or her twenty-first birthday shall be subject to truancy laws.

(6) All fines imposed and all sums required to be paid as penalties under this section shall, after payment of the costs of prosecution and recovery thereof, be paid into the treasury of the district board of education and become a part of the school fund of the district.

History.

4434-13, 4434-20 to 4434-24, 4434-28; Acts 1966, ch. 89, § 8; repealed and reenact., Acts 1990, ch. 476, Pt. V, § 416, effective July 13, 1990; 1992, ch. 42, § 1, effective July 14, 1992; 2005, ch. 172, § 2, effective June 20, 2005.

Compiler's Notes.

This section (4434-13, 4434-20 to 4434-24, 4434-28; amend. Acts 1966, ch. 89, § 8) was repealed and reenacted as the same section number by Acts 1990, ch. 476, Pt. V, § 416, effective July 13, 1990.

Hunter v. Board of Education, 265 Ky. 162, 96 S.W.2d 265, 1936 Ky. LEXIS 453 (Ky. 1936).

OPINIONS OF ATTORNEY GENERAL.

A police court has jurisdiction to try parents of children who fail to attend school in violation of the statute. OAG 61-880.

Even though a child over 16 years of age is truant, the penalties of this section cannot be imposed upon the child's parent, guardian or custodian. OAG 64-312, modified by OAG 87-40 to the extent of conflict.

Since a boycott by pupils is regarded as offending the truancy statutes statement by state Superintendent of Education in an official publication that a pupil boycott gained nothing and lost money for the school system was a statement of policy and the publication of such statement was not an improper use of taxpayer's money. OAG 69-529.

A child is delinquent who, inter alia, is an habitual truant from school pursuant to KRS 208.020 (now repealed) and the punishment for truancy for either the child or his parents is a matter within the discretion of the juvenile court. OAG 73-390.

As Judge of the Juvenile Court, the county judge (now county judge/executive) has exclusive jurisdiction over any child who is found to be an habitual truant as well as all persons, including parents, who contribute to conditions which cause a child to become delinquent and any violation can be punished by a fine or imprisonment or both or a parent or guardian can be fined for violation of the compulsory attendance law but no statute provides for committing a child to jail for truancy. OAG 73-769.

The penalty for failure to comply with the compulsory education statutes can only be by fine, and no amount of jail detention is authorized by statute. OAG 73-846.

Unless a child is excepted from immunization or testing for tuberculosis under this section, a child who does not comply with immunization and testing requirements cannot enroll in any public or private school system, and the child's failure to attend school will subject the parents or the custodians to the penalties set forth in this section. OAG 76-256.

Since subsection (1) of this section refers only to actions against adults failing to comply with KRS 159.010 to 159.170 and not to juveniles charged under KRS 159.150, subsection (1) of this section is not applicable in a juvenile proceeding for habitual truancy under KRS 208.020(1)(c) (now repealed). OAG 76-607.

A charge under subsection (1)(c) of KRS 530.070 requires proof of habitual truancy which is not required to be proved to

establish a charge under subsection (1) of this section; therefore a parent or legal guardian could be charged and punished under subsection (1) of this section and a prosecution under one of these sections would not be a bar to a prosecution under the other. OAG 77-514.

A parent, guardian, or other custodian may be subject to the penalties found in this section for failure to comply with subsection (2) of KRS 159.010, which requires 60 days' written notice and counseling prior to an unmarried child between the ages of 16 and 18 withdrawing from school. OAG 87-40, modifying OAG 64-312 to extent inconsistent.

GENERAL PROVISIONS

160.010. County school district, what constitutes.

Each county in this state constitutes a county school district, except that, in counties in which there are independent school districts, the county school district consists of the remainder of the county outside of the boundaries of the independent school districts.

History.

4399-2; repealed and reenact., Acts 1990, ch. 476, Pt. V, § 417, effective July 13, 1990.

Compiler's Notes.

This section (4399-2) was repealed and reenacted by Acts 1990, ch. 476, Pt. V, § 417, effective July 13, 1990.

NOTES TO DECISIONS

Analysis

1. Principal School District Units.
2. Merger.

1. Principal School District Units.

Under the statutes, counties are the principal school district units. *Thomas v. Spragens*, 308 Ky. 97, 213 S.W.2d 452, 1948 Ky. LEXIS 861 (Ky. 1948).

2. Merger.

Since matters affecting the schools and their management were vested in the local board of education, a school board could not delegate or shift its responsibilities to a fiscal court or the electorate by requesting that the fiscal court place on ballot the question of whether the voters favored the consolidation or merger of certain county schools. *Hickman County Fiscal Court v. Workman*, 528 S.W.2d 730, 1975 Ky. LEXIS 89 (Ky. 1975).

OPINIONS OF ATTORNEY GENERAL.

Library districts organized under KRS 173.470 or 173.720 are not exempt from the payment of the tax imposed by this chapter. OAG 68-241.

Where territory annexed by the city was omitted from the city's school boundary lines but was also dropped from the county school district, it would continue to remain in the county school district. OAG 70-634.

As a school district is a municipality having jurisdiction over the disposal of its own sewage, it would be fully eligible to participate and receive any grant from the Federal Environmental Protection Agency for the construction of a sewage treatment facility or septic tank system. OAG 72-573.

A school district is a political subdivision of the state, a public body, and a district created by statute with specific powers and a municipality within the meaning of 33 USCS § 1173(f). OAG 72-573.

THERE IS EVIDENCE THAT THEY HAVE BEEN CROSSED TO PERPETUATE DUAL SCHOOL SYSTEMS —, 3 N.Y. St. L.F. 108 (1975).

160.020. Composition of independent school districts.

(1) All school districts embracing designated cities together with the territory within their limits, including any territory added for school purposes outside of the city limits, and all independent graded common school districts having a school census enumeration of two hundred (200) or more children, constitute independent school districts, except those which have merged with a county school district since June 14, 1934. No independent district other than a designated city shall continue to operate when its school census enumeration of children falls below two hundred (200) pupils unless it appears to the Kentucky Board of Education that the district can maintain a more efficient program of school service by operating as an independent district.

(2) As used in this section, “designated city” means a city classified as a city of the first, second, third, fourth, or fifth class as of January 1, 2014, under the city classification system in effect prior to January 1, 2015. The Department of Education shall, on or before January 1, 2015, create an official registry listing the cities that qualify as a “designated city” under this section and shall publish that registry on its Web site.

1. Boundaries Conterminous with City.

The action of a city in appropriating funds to supplement the salaries of teachers in an independent school district whose boundaries were conterminous with those of the city is inhibited by Ky. Const., § 179. *Board of Education v. Corbin*, 301 Ky. 686, 192 S.W.2d 951, 1946 Ky. LEXIS 544 (Ky. 1946).

Although some of the independent districts are conterminous with cities of the Commonwealth, each is a municipality or political subdivision separate and distinct from such a city and over which the city has no control. *Board of Education v. Corbin*, 301 Ky. 686, 192 S.W.2d 951, 1946 Ky. LEXIS 544 (Ky. 1946).

An appropriation of funds by a city, to supplement salaries of teachers in independent school districts having boundaries conterminous with those of city, would violate Ky. Const., § 159. *Board of Education v. Corbin*, 301 Ky. 686, 192 S.W.2d 951, 1946 Ky. LEXIS 544 (Ky. 1946).

The General Assembly in enacting this section and KRS 160.010 intended and did establish an independent school district in the city of Louisville, free from the control of the city though the boundaries are conterminous. *Louisville v. Board*

of Education, 302 Ky. 647, 195 S.W.2d 291, 1946 Ky. LEXIS 725 (Ky. 1946).

2. Change of City’s Classification.

This section does not automatically create a new independent school district when a sixth-class city is made a fifth-class city. *Board of Education v. Board of Education*, 293 S.W.2d 568, 1956 Ky. LEXIS 74 (Ky. 1956).

3. Annexation.

Property in county school district annexed by city does not, by operation of this section automatically become part of the city independent school district. *Thomas v. Spragens*, 308 Ky. 97, 213 S.W.2d 452, 1948 Ky. LEXIS 861 (Ky. 1948).

KRS 160.045 provides the exclusive procedures by which an independent school district may annex county school district territory. *Thomas v. Spragens*, 308 Ky. 97, 213 S.W.2d 452, 1948 Ky. LEXIS 861 (Ky. 1948).

City school districts are independent of the city government and legislative provision for school purpose annexation must be considered apart from statutes authorizing cities to annex territory for other purposes involving other consideration. *Thomas v. Spragens*, 308 Ky. 97, 213 S.W.2d 452, 1948 Ky. LEXIS 861 (Ky. 1948).

4. Pupil Census Below Minimum.

Where, after annexation of part of town by city, census enumeration of children in town independent school district fell below 250, no action was necessary by State Board of Education to place what remained of town school district with county district. *Board of Education v. Board of Education*, 284 Ky. 774, 146 S.W.2d 30, 1940 Ky. LEXIS 581 (Ky. 1940).

Where State Board abolished independent school district whose white pupil census fell below the required minimum and the school was continued by county board until State Board of Education deferred accrediting it because it had less than 60 pupils, consolidation of the high school with other high schools in the county by the county board was not an abuse of discretion. *Nethery v. McMullen*, 313 Ky. 39, 230 S.W.2d 79, 1950 Ky. LEXIS 796 (Ky. 1950).

5. Contracts by District.

Since the school board was a body politic and corporate, a government agency, and a public corporation, it was authorized to enter into a lease or contract with another governmental agency. *Bowling Green v. Board of Education*, 443 S.W.2d 243, 1969 Ky. LEXIS 244 (Ky. 1969).

6. Desegregation.

Where it was stipulated that no student was ever excluded from independent school district because of race and there was no evidence that such district had committed other racial segregatory practices or that the boundaries of the district were drawn in 1911 to include whites and exclude blacks, district was not required to be included in court ordered desegregation plan, for the court rejected the argument that as a matter of law the very existence of an independent school district created under this section prior to the 1974 amendment indicated that the system must of necessity be a vestige of state-imposed segregation. *Cunningham v. Grayson*, 541 F.2d 538, 1976 U.S. App. LEXIS 7450 (6th Cir. Ky. 1976), cert. denied, 429 U.S. 1074, 97 S. Ct. 812, 50 L. Ed. 2d 792, 1977 U.S. LEXIS 2129 (U.S. 1977).

160.040. Merger of districts.

Boards of education of any two (2) or more contiguous school districts may by concurrent action merge their districts into one (1). In case of a merger, the members of the boards of education of the merged districts may serve out the terms for which they were elected. The resulting district shall take over all the assets and legal liabilities of the districts joining in the merger. Tax levies authorized for the payment of interest and the retirement of bonds or to create sinking funds for such purposes shall continue to be levied and collected over the same area by or for the new board in accordance with the laws under which the levies were originally made until all bonded obligations of the old district have been retired.

1. Town District with City and County.

Merger of town independent school district with city district and with county district resulted, where on dissolution of town district part of it went to city district and part to county district. Board of Education v. Board of Education, 284 Ky. 774, 146 S.W.2d 30, 1940 Ky. LEXIS 581 (Ky. 1940).

2. Two Districts When One Lies in Two Counties.

Two (2) contiguous independent school districts may consolidate and merge into a single new independent school district under this section even though portions of one district lie in two counties. Board of Education v. Butler, 256 S.W.2d 516, 1953 Ky. LEXIS 749 (Ky. 1953).

3. "Concurrent Action."

"Concurrent action" does not necessitate simultaneous action in joint session. It is sufficient that such steps be taken in cooperation and looking to the same purpose. McGlone v. Horton, 258 Ky. 453, 80 S.W.2d 522, 1935 Ky. LEXIS 177 (Ky. 1935).

4. Terms of Merger.

This section, as opposed to KRS 160.041, governs the powers of the two districts in making a merger agreement to fix the terms of such merger. La Follette v. Ovesen, 314 Ky. 535, 236 S.W.2d 457, 1951 Ky. LEXIS 687 (Ky. 1951).

5. — Motive.

The motive for merging districts is immaterial. Board of Education v. Stevens, 261 Ky. 475, 88 S.W.2d 3, 1935 Ky. LEXIS 678 (Ky. 1935).

6. — Joint Board Members.

All members of the boards of the merged districts become members of the joint board clothed with all the authority conferred by law upon the members of such boards. McGlone v. Horton, 258 Ky. 453, 80 S.W.2d 522, 1935 Ky. LEXIS 177 (Ky. 1935).

The merger agreements, which provided that if, for any reason, any appointed member of the merged board could not complete his temporary term, the position was to be filled with an alternate, did not conflict with KRS 160.190 as the agreements merely provided temporary security for all school districts during the critical transition, and authority for the agreements was provided for by the general authority granted by virtue of the merger statute, this section. Appeal of Muhlenberg County Bd. of Education, 714 S.W.2d 168, 1986 Ky. App. LEXIS 1194 (Ky. Ct. App. 1986).

7. — Powers and Duties.

Where two contiguous school districts were merged, the members of the board of education of the merged districts who were serving out the terms for which they were elected had the power to execute a contract with the superintendent of one of the former districts as superintendent of the new merged district and upon declaration of vacancy of the office before expiration of his contract term he was entitled to salary withheld. McClellan v. Darnell, 351 S.W.2d 191, 1961 Ky. LEXIS 157 (Ky. 1961).

8. — Disposition of Assets and Liabilities.

The last part of this section, respecting disposition of assets and liabilities, applies to mergers effected under KRS 160.030 (repealed), as well as to those effected by concurrent action of two contiguous districts. Board of Education v. Nelson, 268 Ky. 83, 103 S.W.2d 691, 1937 Ky. LEXIS 413 (Ky. 1937).

The assumption of debts by a county school district under this section does not violate Ky. Const., § 157. Board of Education v. Nelson, 268 Ky. 83, 103 S.W.2d 691, 1937 Ky. LEXIS 413 (Ky. 1937).

Provision in resolution of city board directing employment of superintendent for four-year term that employment should terminate if city and county boards merged, must be deemed part of employment contract actually made with superintendent notwithstanding provision was not contained in contract, since resolution was foundation of contract and no liability continued for county board to assume on merger. Martin v. Board of Education, 284 Ky. 818, 146 S.W.2d 12, 1940 Ky. LEXIS 579 (Ky. 1940).

County board is impressed only with legal liabilities of districts joining in merger, and hence where city board, at time of merging with county board, had relieved itself of liability to employ superintendent for four years, county board was not under liability to superintendent. *Martin v. Board of Education*, 284 Ky. 818, 146 S.W.2d 12, 1940 Ky. LEXIS 579 (Ky. 1940).

Contract for four-year term between city board and superintendent was not liability of county board, where city and county boards merged, and contract between boards was drawn by superintendent providing that county board was to employ superintendent and to perform contracts made by city board for one specified school year. *Martin v. Board of Education*, 284 Ky. 818, 146 S.W.2d 12, 1940 Ky. LEXIS 579 (Ky. 1940).

Employment by county board of superintendent for second one-year period following year for which he had been employed pursuant to contract of merger between city and county boards was not ratification of earlier contract for four-year term made by city board, but not assumed by county board on merger. *Martin v. Board of Education*, 284 Ky. 818, 146 S.W.2d 12, 1940 Ky. LEXIS 579 (Ky. 1940).

On merger of city independent school district with county school district by agreement the property owners of former city district become liable for voted indebtedness of county district and referendum on increase in rate within city is unnecessary. *Board of Education v. Harville*, 416 S.W.2d 730, 1967 Ky. LEXIS 280 (Ky. 1967).

9. — Ouster of Superintendent.

Superintendent could not be ousted by four to three vote of board of education which had consisted of ten members following merger under this section but had fallen to seven by reason of expiration of some of the terms since KRS 160.350 providing for ouster by four members of a board of education contemplated a board of five members as provided by KRS 160.160 or 80% of the board. *Wesley v. Board of Education*, 403 S.W.2d 28, 1966 Ky. LEXIS 319 (Ky. 1966).

10. Consummation of Original Plan of Financing Building.

When an independent district attempts to provide a building pursuant to KRS 162.120, a subsequent merger with the county district does not prevent consummation of the original plan of financing. *Piggott v. Kasey*, 271 Ky. 651, 113 S.W.2d 5, 1938 Ky. LEXIS 33 (Ky. 1938).

11. Discretion of Boards.

School boards have a liberal discretion in merging districts. *Board of Education v. Stevens*, 261 Ky. 475, 88 S.W.2d 3, 1935 Ky. LEXIS 678 (Ky. 1935).

The burden of proving an abuse of discretion is on the accuser. *Board of Education v. Stevens*, 261 Ky. 475, 88 S.W.2d 3, 1935 Ky. LEXIS 678 (Ky. 1935).

12. Delegation of Board Authority.

Since matters affecting the schools and their management were vested in the local board of education and the State Department of Education, a school board could not delegate or shift its responsibilities to a fiscal court or the electorate by requesting that the fiscal court place on ballot the question of whether the voters favored the consolidation or merger of certain county schools. *Hickman County Fiscal Court v. Workman*, 528 S.W.2d 730, 1975 Ky. LEXIS 89 (Ky. 1975).

Stuff v. Webster County Board of Education, 339 S.W.2d 189, 1960 Ky. LEXIS 443 (Ky. 1960); *Board of Education v. Board of Education*, 522 S.W.2d 854, 1975 Ky. LEXIS 143 (Ky. 1975).

OPINIONS OF ATTORNEY GENERAL.

Where, under the provisions of this section and KRS 160.041, there is a merger of a city and a county school district each of which has special voted taxes applicable to it: (1) The city school district would continue to be subject to its special voted taxes unless the merger agreement provided otherwise. (2) The city board of education may decline to have levied the special voted tax if it deems the tax unnecessary or unwise; however, the county board of education, both as originally constituted and as a joint board following merger must concur and cooperate in an agreement to this end. The city board will cease to exist on merger; hence it will have nothing to say about the special voted tax of the county school district. Acting ex parte, the city board may not, prior to merger, adopt the county districts voted levy. (3) The property owners in the city district will be subject to the county district's special voted tax when the merger is completed. This will occur automatically upon merger without any referendum. (4) The merger agreement should be drawn so as to coincide merger with applicable tax and school years to avoid any question about the tax levied for a current school year based upon an assessment that pre-dated merger. OAG 67-315.

Once two school districts have been merged, there is no procedure by which the merger can be dissolved. OAG 71-380.

This section and KRS 160.041 provide that in the event of a merger of two school districts the members of the boards of education of the merged districts may serve out the terms for which they were elected. OAG 72-252.

This section and KRS 160.041 provide the exclusive means by which school districts may be merged. OAG 72-252.

The fiscal court, under KRS 67.083, has no authority to place a question on the ballot to be submitted to the voters concerning the merger of school districts as KRS 67.083 limits the powers of a county to those that do not conflict with the constitution or statutes and as the legislature, under this section, has provided the procedure for merging school districts, this field is pre-empted, and since the school districts are agencies of the state, not the county, all decisions affecting school questions are to be made by the district boards of education and the State Department of Education. OAG 73-272.

Inasmuch as this section is not restricted to the merger of an independent school district with a county school district, it would be possible for two county school districts to merge. OAG 77-777.

Following the merger of an independent school district with a county school district the resultant district is the county district. OAG 83-325.

Upon a merger of a county school district and an independent school district, the utility gross receipts license tax of three percent in effect in the county school district would become effective as to the entire merged district. OAG 83-325.

160.041. Merger of independent district with county district.

(1) When a board of education of an independent school district desires to have its district become a part of the county school district, it shall by motion so record its desire in the minutes of the board. The board, or its executive officer, shall convey this request to the county board of education. At its next regular meeting, or at a

special meeting held prior thereto, the county board of education shall pass upon this request.

(2) If the county board of education refuses, or the two (2) boards of education cannot agree upon such a proposition of merger of the independent district with the county district, the question of merger shall be submitted to the qualified voters of the two (2) districts at the next regular election if the question is filed with the county clerk not later than the second Tuesday in August preceding the regular election.

(a) If a majority of those voting on the question favor merger, the school boards of the two (2) school districts shall jointly develop a plan for adoption of the merger.

(b) If the two (2) school boards cannot agree to the terms of merger within sixty (60) days following the date of the regular election, the chief state school officer shall develop the terms of the adoption of merger.

(c) Notwithstanding subsection (2)(a) of this section, if the independent school district cannot meet its current operating expenses from projected revenue and if the two (2) school boards cannot agree to the terms of a merger, the proposition of merger shall be submitted to the Kentucky Board of Education, and the Kentucky Board of Education shall determine whether the two (2) districts should be merged and if merged the terms thereto.

(d) Upon completion of the plan for adoption of the merger, whether prepared by the school boards or the superintendent, it shall become effective and the independent district shall become a part of the county school district as set out in the plan.

NOTES TO DECISIONS

Analysis

1. Application.
2. Two Alternative Methods.
3. Merger.
4. — Terms or Conditions.
5. — Grounds for Effectuating.
6. — Desegregation.

1. Application.

Where parties assented to merger of city and county school districts the provisions of KRS 160.041 are inapplicable because there was no failure or refusal to agree on terms. Board of Education v. Harville, 416 S.W.2d 730, 1967 Ky. LEXIS 280 (Ky. 1967).

2. Two Alternative Methods.

This section provides for two alternatives: (1) merger by agreement or (2) merger by compulsion of the state board. La Follette v. Ovesen, 314 Ky. 535, 236 S.W.2d 457, 1951 Ky. LEXIS 687 (Ky. 1951).

3. Merger.

4. — Terms or Conditions.

In the case of merger by compulsion the state board is to fix the terms, but in the case of merger by agreement no direc-

tions are given as to the terms or conditions of the merger. La Follette v. Ovesen, 314 Ky. 535, 236 S.W.2d 457, 1951 Ky. LEXIS 687 (Ky. 1951).

5. — Grounds for Effectuating.

This section does not specify any grounds which must be established to lawfully effectuate a merger. Hopkins County Board of Education v. Hopkins County, 242 S.W.2d 742, 1951 Ky. LEXIS 1066 (Ky. 1951).

6. — Desegregation.

If the District Court should find that a formal consolidation or merger of districts was required to effectuate an effective desegregation plan for the county as a whole, administrative problems would to a large extent be obviated since the merger or consolidation could be effectuated under this section, which authorizes the reconsolidation of school districts within a single county even without the consent of the county school board. Newburg Area Council, Inc. v. Board of Education, 510 F.2d 1358, 1974 U.S. App. LEXIS 5699 (6th Cir. Ky. 1974), cert. denied, 421 U.S. 931, 95 S. Ct. 1658, 44 L. Ed. 2d 88, 1975 U.S. LEXIS 1407 (U.S. 1975).

OPINIONS OF ATTORNEY GENERAL.

Where, under the provisions of KRS 160.040 and this section there is a merger of a city and a county school district each of which has special voted taxes applicable to it: (1) The school city would continue to be subject to its special voted taxes unless the merger agreement provided otherwise. (2) The city board of education could decline to have levied the special voted tax if it deemed the tax unnecessary or unwise; however, the county board of education both as originally constituted and as a joint board following merger must concur and cooperate in an agreement to this end. The city board will cease to exist on merger; hence it will have nothing to say about the special voted tax of the county school district. Acting ex parte the city board may not, prior to merger, adopt the county district's voted levy. (3) The property owners in the city district will be subject to the county district's special voted tax when the merger is completed. This will occur automatically upon merger without referendum. (4) The merger should be drawn so as to coincide merger with applicable tax and school years to avoid any question about the tax levied for a current school year based upon an assessment that pre-dated merger. OAG 67-315.

This section grants the right to initiate merger proceedings to an independent school district; however, no such authority is granted to a county school district. OAG 72-252., 3 N.Y. St. L.F. 108 (1975).

Where a merger or the terms of a merger cannot be agreed upon this section allows the independent board of education to appeal to the superintendent of public instruction and ask that the matter be submitted to the State Board of Education for final settlement. OAG 72-252., 3 N.Y. St. L.F. 108 (1975).

Where the voters have cast their ballots in favor of the merger of two school districts, but where the two school boards have not agreed on the terms of the plan for adoption of the merger, the terms of adoption developed by the Superintendent of Public Instruction to resolve the dispute are not required to be approved by the State Board of Education. OAG 76-341.

Following the merger of an independent school district with a county school district the resultant district is the county district. OAG 83-325.

Upon a merger of a county school district and an independent school district, the utility gross receipts license tax of three percent (3%) in effect in the county school district would become effective as to the entire merged district. OAG 83-325.

NOTES TO DECISIONS

1. Continuation of Two Boards.

Provision for city school board members to continue serving with county school board upon merger of school district of first-class city with county school district does not constitute "local or special legislation" forbidden by state Constitution where there is a justifiable need for the experience of city board members as to problems arising from urbanization. Board of Education v. Board of Education, 522 S.W.2d 854, 1975 Ky. LEXIS 143 (Ky. 1975).

160.043. Terms of board members unaffected by merger; vacancies not to be filled. [Repealed and Reenacted.]

Compiler's Notes.

This section (Enact. Acts 1952, ch. 90, § 2) and former KRS 160.042 (Acts 1952, ch. 90, §§ 1, 2) were repealed and reenacted as KRS 160.042 by Acts 1958, ch. 126, § 17.

160.044. Time of election and terms of merged district board members.

(1) At the regular November election during the first even-numbered year nearest to the time of the merger of the districts, as above set out, two (2) members of the county board of education shall be elected from the county at large for a term of four (4) years, and two (2) years after such first election, three (3) members of the county board of education shall be elected for a term of four (4) years, and in each even-numbered year thereafter an election shall be held from the county at large to fill the membership of the county board of education for the term that will expire on the first Monday in January following, and the regularly elected members shall hold office for four (4) years, and until their successors are elected and qualified.

(2) Any vacancy occurring in the membership of the county board after members have been elected from the county at large shall be filled as now provided by KRS 160.190.

NOTES TO DECISIONS

1. Elections from Districts.

In merger situations, KRS 160.210 mandates that elections of school board members shall be from districts, not the county-at-large. Appeal of Muhlenberg County Bd. of Education, 714 S.W.2d 168, 1986 Ky. App. LEXIS 1194 (Ky. Ct. App. 1986).

160.045. Transfer of adjacent territory to school district other than that in which it is located.

(1) If seventy-five percent (75%) of either the registered voters or property owners in an area adjacent to either a county or independent school district petition the respective school boards for a transfer of property to the school board district other than that in which it is located, or if either board initiates an action, the school boards may effect the transfer by agreement, duly spread upon the minutes of their respective boards.

(2) If the boards fail to agree within ninety (90) days from the filing of petitions for the transfer, either board may petition the chief state school officer for approval or disapproval of the transfer of the property involved. In his consideration for giving approval or disapproval, he shall be governed by any policies and rules and regulations of the Kentucky Board of Education which may be affected by the transfer of the property and shall give due consideration to the following: the ratio of the wealth of the territory involved in its relation to the total wealth of the district from which the territory will be annexed; the effect of the proposed territorial loss or gain on the educational programs of the respective districts; extent of and effect on the physical plant, facilities, and equipment available in each of the af-

affected districts; the indebtedness and bonded or rental obligations of the respective districts; any contemplated indebtedness or obligation arising out of the proposed transfer; and other factors as may have a bearing upon the determination of the desirability of the proposed annexation from the vantage point of all interested persons.

(3) In those instances where the requested transfer will result in a surplus of physical plant, facilities, or equipment in the transferring school district, the chief state school officer shall determine an equitable plan for the transfer of any surplus to the annexing district as his plan may determine will be needed. His plan shall be based on the fair value of the property on a replacement basis, taking into consideration its age and condition. In any considerations and suggestions which he may propose for the settlement of the differences between the boards of education, he shall be bound by any agreements outstanding between the boards of education of the school districts on July 15, 1982.

(4) If the chief state school officer is unable to arrive at a satisfactory agreement with the two (2) boards of education concerning the transfer of the involved property within one hundred twenty (120) days from the time it is presented to him, either board may request that he bring the matter before the Kentucky Board of Education at its next regularly scheduled meeting. The state board shall grant and schedule an administrative hearing, and the hearing shall be conducted in accordance with KRS Chapter 13B. In that event, he shall file with the Kentucky Board of Education all the facts which he has gathered, the recommendation he has made, and the basis for his recommendation, for their consideration. In those instances where, after giving consideration to the factors set forth in subsection (2) of this section, the chief state school officer determines that a transfer of only a portion of the territory in question is in the best interest of the respective districts, he may recommend to the Kentucky Board of Education a modified plan of transfer of territory.

NOTES TO DECISIONS

Analysis

1. Constitutionality.
2. Purpose.
3. Application.
4. Annexed Territory.
5. Property Owners.

1. Constitutionality.

This section does not violate Ky. Const., § 59 as being special legislation. Board of Education v. Mescher, 310 Ky. 453, 220 S.W.2d 1016, 1949 Ky. LEXIS 954 (Ky. 1949).

This section does not violate Ky. Const., §§ 2, 19, 52 or 183. Board of Education v. Board of Education, 250 S.W.2d 1017, 1952 Ky. LEXIS 897 (Ky. 1952).

2. Purpose.

The object of this section was to encourage the making of the city school district boundaries coextensive with those of the city. Howell v. Collier, 282 S.W.2d 327, 1955 Ky. LEXIS 236 (Ky. 1955).

3. Application.

This section provides the exclusive procedures by which an independent school district may annex county school district territory. Thomas v. Spragens, 308 Ky. 97, 213 S.W.2d 452, 1948 Ky. LEXIS 861 (Ky. 1948).

This section authorizes only the incorporation of such areas annexed to a city as are coextensive with an area designated, defined or described as a separate territory in the annexation proceedings by the city. Howell v. Collier, 282 S.W.2d 327, 1955 Ky. LEXIS 236 (Ky. 1955).

4. Annexed Territory.

Property in county school district annexed by city does not, by operation of KRS 160.020, automatically become part of the city independent school district. Thomas v. Spragens, 308 Ky. 97, 213 S.W.2d 452, 1948 Ky. LEXIS 861 (Ky. 1948).

The annexed territory must be treated as an indivisible unit. Howell v. Collier, 282 S.W.2d 327, 1955 Ky. LEXIS 236 (Ky. 1955).

County board had no power to prevent transfer of territory annexed to a city to city school district where 75 percent of owners of real property in the territory petitioned to be taken into city school district and city school board approved the petition. Board of Education v. Board of Education, 250 S.W.2d 1017, 1952 Ky. LEXIS 897 (Ky. 1952).

5. Property Owners.

Both the husband and wife in estates known as tenancy by the entirety are owners of property and their interest is sufficient to make them "owners of real property" within the meaning of this section. Campbell County Board of Education v. Boulevard Enterprises, Inc., 360 S.W.2d 744, 1962 Ky. LEXIS 223 (Ky. 1962).

The term "owners" was meant to designate all people who owned any interest in property which would permit them to be concerned with community school affairs. Campbell County Board of Education v. Boulevard Enterprises, Inc., 360 S.W.2d 744, 1962 Ky. LEXIS 223 (Ky. 1962).

OPINIONS OF ATTORNEY GENERAL.

The term "adjacent" as used in this section means "adjoining" rather than "nearby" and property may not be transferred from one school district to another if it does not adjoin the school district to which it is to be transferred. OAG 62-54.

A county tax commissioner has no authority to transfer property from one school district to another in the county without the approval of either the voters, property owners, or school boards of the districts involved. OAG 67-429.

The methods prescribed by this section are the exclusive methods by which boundary lines between adjacent school districts may be changed, and an erroneous report of a boundary line made pursuant to KRS 136.190 neither established nor altered the boundary line even though it remained unchallenged for a period of 12 years. OAG 70-393.

The phrase "next regularly scheduled meeting" in subsection (4) does not include a specially called meeting. OAG 74-463.

The responsibility of determining the boundaries of two school districts within the same county rests with the boards of education of the two districts. OAG 80-621.

Those citizens living in an annexed area of a city are not entitled to vote in the city school board race unless and until the area annexed is also annexed by the city school district, pursuant to this section; such persons must vote in the county school district in which they presently live, irrespective of any agreement between the two school districts regarding in which district the children of residents of the annexed area will be allowed to attend school. OAG 84-372.

160.047. Application of KRS 160.045. [Repealed.]

Compiler's Notes.

This section which, was declared unconstitutional in Board of Educ. v. Board of Educ., 472 S.W.2d 496 (Ky Ct. App. 1971). (Enact. Acts 1970, ch. 189, § 1) was repealed by Acts 1990, ch. 476, Pt. VI, § 616, effective July 13, 1990.

160.048. Transfer of area containing school outside district.

(1) The General Assembly hereby finds that from time to time various school boards, in the exercise of their administrative discretion, have determined that their school districts would be most efficiently administered if one (1) or more of the district's schools were constructed and operated on land located outside the school districts' boundaries. The General Assembly further finds that this has been desirable and in furtherance of an efficient system of common schools. As urbanization increases, and school districts throughout the Commonwealth become more densely populated, available school sites within such districts will proportionately diminish, and it will with increasing frequency be necessary to construct schools on land not within the district of the school board constructing such schools. When a school is so located, it is more efficient for the school district constructing the school, but it is less efficient for the statewide system of common schools and for the children residing in the immediate neighborhood of the new school, who reside in a different school district, and therefore must be transported to other, more distant schools. This situation results in an inefficient utilization of state and local school funds and school facilities, and is a result of the artificially-drawn school district boundary lines. The General Assembly further finds that the discretionary method of transfer presently provided by KRS 160.045 is not adequate to assure an efficient operation of the common schools, and that it is desirable to provide for mandatory transfer of such areas. Pursuant to section 183 of the Kentucky Constitution, the General Assembly declares that such situations are special situations and require special treatment. It is the intent of the General Assembly to provide by this statute a special

method whereby such areas may be transferred to the school district operating the school or schools.

(2) If seventy-five percent (75%) of either the registered voters or property owners in an area adjacent to a school district other than the district in which such area is located and in which area there is located a school owned and operated by such adjacent school district petition the school board of the school district which owns and operates such school and the school board of the school district in which such area is located for the transfer of such area from the school district in which it is located to the school district which owns and operates such school, then such area shall be so transferred.

(3) The effective date of such transfer shall be sixty (60) days after the date on which the petition is filed with the two (2) school boards; personal delivery of said petition to any member of the school board or to the superintendent of the school district shall constitute "filing" for purposes of this section. Provided, that if such effective date falls during a term of the school district in which such area is located, the two (2) school boards involved may, by agreement, defer the effective date of such transfer until the end of said term.

(4) The terms and conditions of such transfer shall be determined in the manner provided for the determination of the terms and conditions of transfer under KRS 160.045, except that the chief state school officer, the Kentucky Board of Education, and the respective reviewing courts shall have no power to disapprove such transfer.

(5) Upon such transfer, the recipient district shall assume a portion of the bonded indebtedness of the losing district, as provided in KRS 160.065; such bonds shall remain the obligation of the issuing agency, and shall not be affected in any way by such transfer, except that each year the recipient district shall pay to the losing district a sum of money sufficient to make the payments on the portion of such indebtedness assumed by the recipient district, and such annual payments shall continue until all of the bonded indebtedness outstanding at the time of the transfer is paid in full.

(6) The method of transfer provided in this section shall be an alternative method to that set forth in KRS 160.045, and this section shall have no effect whatsoever on KRS 160.045.

OPINIONS OF ATTORNEY GENERAL.

This section is not indefinite as to its determination of an area, is not ineffective as lacking authority to determine the sufficiency or composition of an area, provides the necessary

procedural stress to effect a transfer and is not unconstitutional or ineffective because of vagueness. OAG 72-254.

160.107. Application and implementation requirements for districts of innovation.

(1) A district which is an applicant to be designated as a district of innovation under KRS 156.108 shall:

(a) Establish goals and performance targets for the district of innovation proposal, which may include:

1. Reducing achievement gaps for groups of public school students by expanding learning experiences for students who are identified as academically low-achieving;

2. Increasing pupil learning through the implementation of high, rigorous standards for pupil performance;

3. Increasing the participation of students in various curriculum components and instructional components within selected schools to enhance students' preparation at each grade level;

4. Increasing the number of students who are postsecondary-ready; and

5. Motivating students at different grade levels by offering more curriculum choices and student learning opportunities to parents and students within the district;

(b) Identify changes needed in the district and schools to lead to better-prepared students for success in life and work;

(c) Have a district-wide plan of innovation that describes and justifies which schools and innovative practices will be incorporated;

(d) Provide documentation of community, educator, parental, and the local board's support of the proposed innovations;

(e) Provide detailed information regarding the rationale of requests for waivers from Kentucky Revised Statutes and administrative regulations, and exemptions for selected schools regarding waivers of local board of education policies;

(f) Document the fiscal and human resources the board will provide throughout the term of the implementation of the innovations within its plan; and

(g) Provide other materials as required by the Kentucky Department of Education in compliance with the state board's administrative regulations and application procedures.

(2) The district and all schools participating in a district's innovation plan shall:

(a) Ensure the same health, safety, civil rights, and disability rights requirements as are applied to all public schools;

(b) Ensure students meet compulsory attendance requirements under KRS 158.030 and 158.100;

(c) Ensure that high school course offerings meet or exceed the minimum required under KRS 156.160 for high school graduation or meet early graduation requirements that may be enacted by the General Assembly;

(d) Ensure the student performance standards meet or exceed those adopted by the Kentucky Board of Education, including compliance with the statewide assessment system specified in KRS 158.6453;

(e) Adhere to the same financial audits, audit procedures, and audit requirements as are applied under KRS 156.265;

(f) Require state and criminal background checks for staff and volunteers as required of all public school employees and volunteers within the public schools and specified in KRS 160.380 and 161.148;

(g) Comply with open records and open meeting requirements under KRS Chapter 61;

(h) Comply with purchasing requirements and limitations under KRS Chapter 45A and KRS 156.074 and 156.480;

(i) Provide overall instructional time that is equivalent to or greater than that required under KRS 158.070, but which may include on-site instruction, distance or virtual learning, and work-based learning on nontraditional school days or hours; and

(j) Provide data to the Kentucky Department of Education as deemed necessary to generate school and district reports.

(3)(a) Only schools that choose to be designated as schools of innovation shall be included in a district's application.

(b)1. As used in this paragraph, "eligible employees" means employees that are regularly employed at the school and those employees whose primary job duties will be affected by the plan.

2. A vote shall be taken among eligible employees in a school to determine if the school shall be an applicant as a school of innovation in a district's proposal and to approve the school's plan of innovation before it is submitted to the district. At least seventy percent (70%) of those casting votes shall vote in the affirmative in order for the school to request inclusion in the district's plan and to approve the school's plan of innovation.

3. The school-based decision making council shall be responsible for conducting the vote provided for in subparagraph 2. of this paragraph, which shall be by secret ballot.

(c) Notwithstanding the provisions of paragraph (a) of this subsection, a local board of education may require a school that has been identified for comprehensive support and improvement under KRS 160.346 to participate in the district's plan of innovation.

(4)(a) With approval of the state board, a school of innovation may request and be granted waivers from all or selected provisions of KRS 160.345 relating to school-based decision making.

(b) To be exempt from KRS 160.345, a school-based decision making council shall vote by secret ballot to determine if it wishes to request a waiver from KRS 160.345 or specific provisions within that statute. Only a school that has seventy percent (70%) or more of the teachers and staff in the school voting to waive its rights and responsibilities under KRS 160.345 shall be eligible.

(c) No local board of education or superintendent nor the Kentucky Board of Education may compel a school to waive its rights under KRS 160.345, except as provided in KRS 160.346.

(d) Before the provisions of KRS 160.345 are waived by the Kentucky Board of Education for a specific school, there shall be assurances that teachers, parents, and staff in the affected school will be actively involved in the management and decision-

making operations of the schools, including input into employment matters and selection of personnel.

(5) Notwithstanding any statutes to the contrary, the Kentucky Board of Education may approve the requests of districts of innovation to:

- (a) Use capital outlay funds for operational costs;
- (b) Hire persons for classified positions in nontraditional school and district assignments who have bachelor's and advanced degrees from postsecondary education institutions accredited by a regional accrediting association as defined in KRS 164.740;
- (c) Employ teachers on extended employment contracts or extra duty contracts and compensate them on a salary schedule other than the single salary schedule;
- (d) Extend the school days as is appropriate within the district with compensation for the employees as determined locally;
- (e) Establish alternative education programs and services that are delivered in nontraditional hours and which may be jointly provided in cooperation with another school district or consortia of districts;
- (f) Establish a virtual school within the district for delivering alternative classes to meet high school graduation requirements;
- (g) Use a flexible school calendar;
- (h) Convert existing schools into schools of innovation; and
- (i) Modify the formula under KRS 157.360(2) for distributing support education excellence in Kentucky funds for students in average daily attendance in nontraditional programming time, including alternative programs and virtual programs. Funds granted to a district shall not exceed those that would have otherwise been distributed based on average daily attendance during regular instructional days.

160.151. Criminal background checks and clear CA/N checks for certified employees, student teachers, and others in private, parochial, and church schools — New checks permitted every five years — Fingerprinting — Disclosure — Employment of offenders by non-public schools — Forms.

(1)(a)1. A private, parochial, or church school that has voluntarily been certified by the Kentucky Board of Education in accordance with KRS 156.160(3) may require a national and state criminal background check and require a clear CA/N check, as defined in KRS 160.380, on all new certified hires in the school and student teachers assigned to the school and may require a new national and state criminal background check and require a clear CA/N check on each certified teacher once every five (5) years of employment.

2. Certified individuals who were employed in another certified position in a Kentucky school within six (6) months of the date of the hire and who had previously submitted to a national and state criminal background check and were required to have a clear CA/N check for previous employment may be excluded from the initial national or state criminal background checks.

(b) The national criminal history background check shall be conducted by the Federal Bureau of Investigation. The state criminal history background check shall be conducted by the Department of Kentucky State Police or the Administrative Office of the Courts.

(c) All fingerprints requested under this section shall be on an applicant fingerprint card provided by the Department of Kentucky State Police. The fingerprint cards shall be forwarded to the Federal Bureau of Investigation by the Department of Kentucky State Police after a state criminal background check has been conducted. Any fee charged by the

Department of Kentucky State Police, the Administrative Office of the Courts, or the Federal Bureau of Investigation shall be an amount no greater than the actual cost of processing the request and conducting the search.

(2)(a) If a school requires a criminal background check or requires a clear CA/N check for a new hire, the school shall conspicuously include the following disclosure statement on each application or renewal form provided by the employer to an applicant for a certified position: “STATE LAW AUTHORIZES THIS SCHOOL TO REQUIRE A CRIMINAL HISTORY BACKGROUND CHECK AND A LETTER FROM THE CABINET FOR HEALTH AND FAMILY SERVICES STATING THE APPLICANT IS CLEAR TO HIRE BASED ON NO FINDINGS OF SUBSTANTIATED CHILD ABUSE OR NEGLECT FOUND THROUGH A BACKGROUND CHECK OF CHILD ABUSE AND NEGLECT RECORDS AS A CONDITION OF EMPLOYMENT FOR THIS TYPE OF POSITION.”

(b) The school or school board may require an adult who is permitted access to school grounds on a regularly scheduled and continuing basis pursuant to a written agreement for the purpose of providing services directly to a student or students as part of a school-sponsored program or activity, a volunteer, or a visitor to submit to a national criminal history check by the Federal Bureau of Investigation and state criminal history background check by the Department of Kentucky State Police or Administrative Office of the Courts and require a clear CA/N check.

(c) Any request for records from the Department of Kentucky State Police under this section shall be on an applicant fingerprint card provided by the Department of Kentucky State Police if required. The results of the state criminal background check and the results of the national criminal history background check, if requested, shall be sent to the hiring superintendent. If a background check of child abuse and neglect records is requested, the person seeking employment shall provide to the hiring superintendent a clear CA/N check.

(d) Any fee charged by the Department of Kentucky State Police shall be an amount no greater than the actual cost of processing the request and conducting the search.

(3)(a) A nonpublic school voluntarily implementing the provisions of this chapter may choose not to employ any person who is a violent offender as defined by KRS 17.165(2), has been convicted of a sex crime which is classified as a felony as defined by KRS 17.165(1), or has committed a violent crime as defined in KRS 17.165(3) or persons with a substantiated finding of child abuse or neglect in records maintained by the Cabinet for Health and Family Services. A nonpublic school may employ, at its discretion, persons convicted of sex crimes classified as a misdemeanor.

(b) If a school term has begun and a certified position remains unfilled or if a vacancy occurs during a school term, a nonpublic school implementing this chapter may employ an individual who will have supervisory or disciplinary authority over mi-

nors on probationary status pending receipt of a criminal history background check or the receipt of a clear CA/N check, provided by the individual.

(c) Employment at a nonpublic school implementing this chapter may be contingent on the receipt of a criminal history background check documenting a record as a violent offender, of a sex crime, or of a violent crime as defined in KRS 17.165 or the receipt of a clear CA/N check, provided by the individual.

(d) Nonpublic schools implementing this chapter may terminate probationary employment under this section upon receipt of a criminal history background check documenting a record as a violent offender, of a sex crime, or of a violent crime as defined in KRS 17.165 or the receipt of a clear CA/N check.

(4) The form for requesting a clear CA/N check shall be made available on the Cabinet for Health and Family Services Web site.

160.157. Funding of community schools.

(1) A public school district may receive funding for a community school program if it meets all of the following criteria:

(a) Submits an application for approval by the Kentucky Board of Education in the manner and form prescribed by the Department of Education;

(b) Submits a plan, approved by the local board, which outlines the proposed community education program, including procedures for obtaining the involvement and cooperation of other agencies and groups in identifying and recommending programs for meeting locally determined needs;

(c) Establishes a council with the power to make district-wide decisions of policy to assist in conducting community needs assessments and recommending program priorities;

(d) Employs one (1) full-time community education director.

(2) Two (2) or more school districts may combine for purposes of qualifying for state funds if the local districts identify a district of record for purposes of receiving state community education funds, maintaining records, and filing reports. Two (2) or more districts

in the same county that wish to apply for state funds shall submit a joint proposal.

(3) Each grantee receiving state funds for a community education program shall submit an annual report to the Kentucky Department of Education. The report shall include an evaluation of the program and a financial statement. Failure to submit the report shall result in the loss of state funding.

160.1591. Legislative findings and declarations — Public charter school project.

(1) The General Assembly hereby finds and declares that:

(a) Reducing achievement gaps in Kentucky is necessary for the state to realize its workforce and economic development potential;

(b) Past and current measures have been insufficient for making progress toward reducing the state’s achievement gaps;

(c) Additional public school options are necessary to help reduce socioeconomic, racial, and ethnic achievement gaps; and

(d) The demand exists for high-quality public charter schools in the Commonwealth.

(2) The General Assembly hereby establishes a public charter school project to benefit parents, teachers, and community members by creating new, innovative, and more flexible ways of educating all children within the public school system and by advancing a renewed commitment to the mission, goals, and diversity of public education. The purposes of the public charter school initiative are to:

(a) Improve student learning outcomes by creating additional high-performing schools with high standards for student performance;

(b) Encourage the use of different, high-quality models of teaching, governing, scheduling, or other aspects of schooling that meet a variety of student needs;

(c) Close achievement gaps for low-performing groups of public school students;

(d) Allow schools freedom and flexibility in exchange for exceptional levels of results-driven accountability;

(e) Increase high-quality educational opportunities within the public education system for all students, especially those at risk of academic failure; and

(f) Provide students, parents, community members, and local entities with expanded opportunities for involvement in the public education system.

(3) Beginning in academic year 2022-2023, any authorizer may authorize an unlimited number of public charter schools.

(4) A public charter school shall not be a virtual public charter school.

(5)(a) Enrollment preference for a conversion public charter school shall be given to students who attended the school the previous school year. If the

number of students enrolled does not exceed the capacity of the school, secondary preference shall be given to students who reside within the district boundary in which the public charter school is located.

(b) Enrollment preference for public charter schools shall be given to students enrolled in the public charter school the previous year and to siblings of students already enrolled in the school. The enrollment preference for returning students shall exclude those students from entering into a lottery, as identified in paragraph (f) of this subsection.

(c) Enrollment preference for public charter schools identified as an urban academy in the charter contract shall be given to students who live in close proximity to the school, as governed by the charter contract.

(d) Enrollment preference may be given to the children of the public charter school’s board of directors and full-time employees of the public charter school provided they constitute no more than ten percent (10%) of the total student population.

(e) A public charter school may allow an enrollment preference for students who meet federal eligibility requirements for free or reduced-price meals and students who attend persistently low-achieving noncharter public schools.

(f) If capacity is insufficient to enroll all students who wish to attend any specific grade level or program at a public charter school, the school shall select students through a randomized and transparent lottery. The lottery process may allow for siblings in a lottery or different lotteries to be admitted together.

(6) Consistent with the requirements of KRS 160.1590 to 160.1599 and 161.141, the state board shall promulgate administrative regulations to guide student application, lottery, and enrollment in public charter schools.

160.15911. Kentucky Public Charter School Pilot Project — Authorizers — Approval of charter application — Collective may act as substitute authorizer — Annual report — Performance review — Contract renewal.

(1) The Kentucky Public Charter School Pilot Project is hereby established to study the impact of public charter schools within the common school system.

(2) Authorizers for the pilot project shall include:

(a) A school board of a county school district located in a county with a consolidated local government, which shall have authorizing jurisdiction within the territory of the district’s boundaries; and

(b) Notwithstanding KRS 160.1590, the board of regents of Northern Kentucky University, which shall have authorizing jurisdiction within any county containing four (4) or more local school districts. The board of regents shall only become a pilot project authorizer if the board adopts a resolution confirm-

ing the status by January 1, 2023. The board of regents shall send notice of the resolution to each local board within the jurisdiction, the Kentucky Board of Education, and the Legislative Research Commission. The board of regents may decline to be an authorizer by July 1, 2023, in the same manner.

(3) By July 1, 2023, each pilot project authorizer shall solicit, review, and approve at least one (1) charter application for a public charter school within the authorizer's jurisdiction that serves as an urban academy. The charter contract shall be for a five (5) year term, but otherwise subject to KRS 160.1590 to 160.1599. The pilot authorizers shall submit a copy of the approved charter contracts to the Legislative Research Commission.

(4)(a) If on July 1, 2023, the Northern Kentucky University board of regents is not a pilot project authorizer, then notwithstanding KRS 160.1590, a collective of metropolitan local school boards that is composed of two (2) members from each local board of a district located in a county that contains four (4) or more local school districts shall become a substitute pilot project authorizer. Each local board shall select its members to serve on the collective.

(b) The collective shall have authorizing authority within the collective districts' boundaries. The collective shall adopt authorizer policies as if it were a single local board and may allocate authorizer fees as necessary to support authorizer functions. The collective may contract with other governmental or nonprofit organizations to assist with public charter school oversight.

(c) By July 1, 2024, the collective shall solicit, review, and approve at least one (1) charter application for a public charter school within the authorizer's jurisdiction that serves as an urban academy. The charter contract shall be for a five (5) year term, but otherwise subject to KRS 160.1590 to 160.1599. The pilot authorizers shall submit a copy of the approved charter contracts to the Legislative Research Commission.

(5) By July 1 of each year the charter contract is in effect, the pilot project authorizers shall submit an annual report to the Interim Joint Committee on Education and the Interim Joint Committee on Appropriations and Revenue detailing the authorizer's oversight activities over the previous year. The report shall have content and be in a format approved by the Education Assessment and Accountability Review Subcommittee with the assistance of the Office of Education Accountability.

(6) Starting in 2024 and until the initial charter contract ends, the Office of Education Accountability shall annually review the performance of the public charter schools authorized under this section and submit the report to the Interim Joint Committee on Education and the Interim Joint Committee on Appropriations and Revenue. The Education Assessment and Accountability Review Subcommittee may provide guidance to the Office of Education Accountability on the content and format of the report.

(7) Upon the end of the initial term of the charter contract, the pilot authorizers shall review the reports under subsection (5) of this section and determine if the

contract shall be renewed in the same manner as any other charter contract under the provisions of KRS 160.1598. The decision shall be appealable under KRS 160.1595.

History.

2022 ch. 213, § 11, effective July 14, 2022.

160.1592. (h) Adhere to all generally accepted accounting principles and adhere to the same financial audits,

audit procedures, and audit requirements as are applied to other public schools under KRS 156.265;

(i) Utilize the same system for reporting student information data and financial data as is utilized by other school districts across the state;

(j) Require criminal background checks for staff and volunteers, including members of its governing board, as required of all public school employees and volunteers within the public schools specified in KRS 160.380 and 161.148;

(k) Comply with open records and open meeting requirements under KRS Chapter 61;

(l) Comply with purchasing requirements and limitations under KRS Chapter 45A and KRS 156.074 and 156.480, or provide to the public charter school board of directors a detailed monthly report of school purchases over ten thousand dollars (\$10,000), including but not limited to curriculum, furniture, and technology;

(m) Provide instructional time that is at least equivalent to the student instructional year specified in KRS 158.070;

(n) Provide data to the Kentucky Department of Education and the authorizer as required by the Kentucky Department of Education or authorizer to generate a school report card under KRS 158.6453;

(o) Operate under the oversight of its authorizer in accordance with its charter contract and application;

(p) As a public body corporate, have all the powers necessary for carrying out the terms of its charter contract, including the power to:

1. Receive and disburse funds for school purposes;
2. Secure appropriate insurance and enter into contracts and leases;
3. Contract with an education service provider, provided the board of directors of the public charter school retains oversight and authority over the school;
4. Incur debt in reasonable anticipation of the receipt of public or private funds;
5. Pledge, assign, or encumber its assets to be used as collateral for loans or extensions of credit;
6. Solicit and accept any gifts or grants for school purposes, subject to applicable laws and the terms of its charter;
7. Acquire real property for use as its facility or facilities, from public or private sources; and
8. Employ or contract with other entities for the provision of teaching, professional, and support staff, as needed;

(q) Conduct an admissions lottery if capacity is insufficient to enroll all students who wish to attend the school and ensure that every student has a fair opportunity to be considered in the lottery and that the lottery is competently conducted, equitable, randomized, transparent, impartial, and in accordance with targeted student population and service community as identified in KRS 160.1593(3) so that students are accepted in a public charter school without regard to ethnicity, national origin, religion, sex, income level, disabling condition, proficiency in the English language, or academic or athletic ability; and

(r) Establish a food program for students that, at a minimum, provides free and reduced-price meals to students identified as qualifying for such meals under federal guidelines for the National School Lunch Program.

(4) For purposes of this subsection, a member of the board of directors of a public charter school shall be considered an officer under KRS 61.040 and shall be removed from office under the statute's provisions.

(5) A local school district shall provide or publicize to parents and the general public information about public charter schools authorized by the local school district as an enrollment option within the district to the same extent and through the same means that the school district provides and publicizes information about noncharter public schools in the district.

(6) A local school district shall not assign or require any student enrolled in the local school district to attend a public charter school.

(7)(a) For purposes of ensuring compliance with this section and the charter under which it operates, a public charter school shall be administered by a public charter school board of directors accountable to the authorizer in a manner agreed to in the charter contract, as negotiated between the public charter school applicant and the authorizer.

(b) The board of directors of a public charter school shall consist of a minimum of two (2) parents of students attending any public charter school operating under the direction of the board of directors.

(c) A member of the board of directors of a public charter school shall:

1. Not be an employee of that school or of an education service provider that provides services to the school; and
2. File full disclosure reports and identify any potential conflicts of interest, relationships with management organizations, and relationships with family members who are applying to or are employed by the public charter school or have other business dealings with the school, the management organization of the school, or any other public charter school and shall make these documents available online through the authorizer.

(8) Collectively, members of the board of directors shall possess expertise in leadership, curriculum and instruction, law, and finance.

(9)(a) A board of directors may hold one (1) or more charter contracts.

(b) Each public charter school under contract with a board of directors shall be separate and distinct from any other public charter school under contract with the board of directors.

(10) The board of directors shall be responsible for the operation of its public charter school, including but not limited to preparation of a budget, contracting for services, school curriculum, and personnel matters.

(11) The board of directors shall:

(a) Ensure that all meetings of the board are publicized in advance according to the rules governing the authorizer and are open to the public at times convenient to parents; and

(b) Require any education service provider contracted with the board to provide a monthly detailed budget to the board.

(12)(a) A public charter school may negotiate and contract with its authorizer or any third party for the use, operation, and maintenance of a building and grounds, liability insurance, and the provision of any service, activity, or undertaking that the public charter school is required to perform in order to carry out the educational program described in its charter. Any services for which a public charter school contracts with a school district shall be provided by the district at cost and shall be negotiated as a separate agreement after final charter contract negotiations. The public charter school shall have standing to sue and be sued in its own name for the enforcement of any contract under color of authority granted by KRS 160.1590 to 160.1599. A public charter school may own, rent, or lease its space.

(b) Any entity contracted to provide educational services or goods to a public charter school in an amount exceeding ten thousand dollars (\$10,000) shall be subject to the Open Records Act under KRS Chapter 61 for all records associated with the public charter school contract.

(13) A public charter school shall be exempt from administrative regulations governing public schools for purposes of zoning and local land use regulation. The Finance and Administration Cabinet shall annually publish a list of vacant and unused buildings and vacant and unused portions of buildings that are owned by the state and that may be suitable for the operation of a public charter school and shall provide the list to applicants for public charter schools and to existing public charter schools upon request.

(14) A public charter school shall be nonsectarian in its programs, admissions policies, employment practices, partnerships, and all other operations and shall not have entrance requirements or charge tuition or fees, except that a public charter school may require the payment of fees on the same basis and to the same extent as other public schools.

(15) A public charter school shall not discriminate against any student, employee, or any other person on the basis of ethnicity, religion, national origin, sex, disability, special needs, athletic ability, academic ability, or any other ground that would be unlawful if done by a public school.

(16) A public charter school shall serve one (1) or more of grades kindergarten through twelve (12) and shall limit admission to students within the grade levels served.

(17) A public charter school shall provide programs and services to a student with a disability in accordance with the student's individualized education program and all federal and state laws, rules, and regulations. A public charter school shall deliver the services directly or contract with another provider to deliver the services. A public charter school shall establish an admissions and release committee at the school and the committee shall:

(a) Develop an individualized education program for each student with a disability; or

(b) Review, revise, or utilize a student's individualized education program completed by the admissions and release committee of the student's former school. If needed, the committee shall work collaboratively with staff from the student's former school to review and revise a student's existing individualized education program.

oratively with staff from the student's former school to review and revise a student's existing individualized education program.

(18)(a) A public charter school shall be eligible to participate in state-sponsored or district-sponsored interscholastic athletics, academic programs, competitions, awards, scholarships, and recognition programs for students, educators, administrators, and schools to the same extent as noncharter public schools. Participants shall comply with eligibility requirements of students enrolled in noncharter public schools.

(b) A public charter school has no obligation to provide extracurricular activities or access to facilities for students enrolled in the public charter school.

(c) If a public charter school sponsors interscholastic athletic activities, students enrolled in the public charter school shall be considered eligible to participate in interscholastic competitions by the Kentucky Board of Education or the agency designated by the state board to manage interscholastic athletics, if other eligibility requirements are met. A student enrolled in a public charter school that sponsors an interscholastic athletic activity shall be ineligible to participate in that activity at any other school.

(d) If a public charter school does not offer any interscholastic athletic activity sanctioned by the Kentucky Board of Education or the agency designated by the state board to manage interscholastic athletics, a student enrolled in the public charter school shall be eligible to participate at the school the student would attend based on the student's residence.

(e) If a public charter school offers any interscholastic athletic activity sanctioned by the Kentucky Board of Education or the agency designated by the state board to manage interscholastic athletics, a student enrolled in the public charter school shall be ineligible to participate in any interscholastic athletic activity at any other school.

(19) Nothing in this section shall be construed to prevent the establishment of a single-sex public charter school consistent with federal regulations or a public charter school designed to provide expanded learning opportunities for students at risk of academic failure or for students with special needs.

(20) The authorizer of a public charter school shall semiannually consider for approval a public charter school's proposed amendments to a charter contract. The authorizer may consider requests for amendments more frequently upon mutual agreement between the authorizer and the public charter school. The denial of an amendment request is appealable pursuant to KRS 160.1595.

(21) If a student who was previously enrolled in a public charter school enrolls in another public school located within the state, the new school shall accept any credits earned and grades received by the student in courses or instructional programs while enrolled in the public charter school in a uniform and consistent manner and according to the same criteria that are used to accept credits from other public schools.

(22) A teacher employed by a local board of education under a continuing service contract and offered employ-

ment with a public charter school shall be granted a two (2) year leave of absence to teach in a public charter school. The leave of absence shall commence on the first day of service to the public charter school. During the first or second year of the leave of absence, the teacher may notify the local board of education that the teacher intends to return to a teaching position in the local school district. The teacher shall be allowed to return to a teaching position in the local school district at the appropriate salary for the teacher's years of experience and educational level. After two (2) years on leave, the relationship between the teacher and the local board of education shall be determined by the local board and the local board shall notify the teacher of the decision.

160.1593. Application to establish public charter school — Submission to authorizer and state board — Required application information.

(1) An application to establish a public charter school may be submitted to a public charter school authorizer by teachers, parents, school administrators, community residents, public organizations, nonprofit organizations, or a combination thereof.

(2) An applicant shall submit an application for approval of a public charter school to an authorizer and shall also submit a written notification of the application simultaneously to the state board as a record of the filing. Charter authorizers shall accept and document the date and time of receipt of all charter applications.

(3) The information provided in the application shall be consistent with this section and shall include:

(a) A mission statement and a vision statement for the public charter school, including the targeted student population and the community the school hopes to serve, and shall outline how the public charter school will establish resident and nonresident enrollment policies which shall be subject to the same limitations as a school district;

(b) A description of the school's proposed academic program that is aligned with state standards, and that implements one (1) or more of the purposes described in KRS 160.1591, and the instructional methods that will support the implementation and success of the program;

(c)1. The student achievement goals for the public charter school's educational program and the chosen methods of evaluating whether students have attained the skills and knowledge specified for those goals; and

2. An explanation of how the school's proposed educational program is likely to improve the achievement of traditionally underperforming students, serve the needs of students with individualized education programs, or provide students with career readiness education opportunities;

(d) The school's plan for using external, internal, and state-required assessments to measure student progress on the performance framework as identified

in KRS 160.1596, and how the school will use data to drive instruction and continued school improvement;

(e) The proposed governance structure of the school, including a list of members of the initial board of directors, a draft of bylaws that include the description of the qualifications, terms, and methods of appointment or election of directors, and the organizational structure of the school that clearly presents lines of authority and reporting between the board of directors, school administrators, staff, any related bodies such as advisory bodies or parent and teacher councils, and any external organizations that will play a role in managing the school;

(f)1. Plans and timelines for student recruitment and enrollment, including policies and procedures for conducting transparent and random admission lotteries that are open to the public, and that are consistent with KRS 160.1591 and 160.1592;

2. An application shall demonstrate a plan to recruit at least one hundred (100) students, unless the application is focused on serving special needs or at-risk students or students seeking career readiness education; and

3. If the application is for a public charter school located in a district with total student enrollment of seven thousand five hundred (7,500) or less, then the application shall include a memorandum of understanding with the district of location endorsing the application. However, if the application is for an urban academy located within a county where the total enrollment of all independent school districts is greater than seven thousand five hundred (7,500), then this subparagraph shall not apply;

(g) A proposed five (5) year budget, including the start-up year and projections for four (4) additional years with clearly stated assumptions;

(h) Draft fiscal and internal control policies for the public charter school;

(i) Requirements and procedures for programmatic audits and assessments at least once annually, with audits and assessments being comparable in scope to those required of noncharter public schools;

(j) A draft handbook that outlines the personnel policies of the public charter school, including the criteria to be used in the hiring of qualified teachers, school administrators, and other school employees, a description of staff responsibilities, and the school's plan to evaluate personnel on an annual basis;

(k) A draft of the policies and procedures by which students may be disciplined, including students with disabilities, which shall be consistent with the requirements of due process and with state and federal laws and regulations governing the placement of students with disabilities;

(l) A description of the facilities to be used by the public charter school, including the location of the school, if known, and how the facility supports the implementation of the school's academic program. If the facilities to be used by the proposed school are not known at the time the application is submitted, the applicant shall notify the authorizer within ten (10) business days of acquiring facilities for the school. The school shall obtain certification of occupancy for

the facilities at least thirty (30) days prior to the first student instructional day;

(m) The proposed ages and grade levels to be served by the public charter school, including the planned, minimum, and maximum enrollment per grade per year;

(n) The school calendar and school day schedule, which shall total at least the equivalent to the student instructional year specified in KRS 158.070;

(o) Types and amounts of insurance coverage to be obtained by the public charter school, which shall include adequate insurance for liability, property loss, and the personal injury of students comparable to other schools within the local school district operated by the local school board;

(p) A description of the health and food services to be provided to students attending the school;

(q) Procedures to be followed in the case of the closure or dissolution of the public charter school, including provisions for the transfer of students and student records to the district of location or to another charter school located within the local school district and an assurance and agreement to payment of net assets or equity, after payment of debts as specified in KRS 160.1598;

(r) A code of ethics for the school setting forth the standards of conduct expected of its board of directors, officers, and employees;

(s) Plans for recruiting and developing staff;

(t) A staffing chart for the school's first year and a staffing chart for the term of the charter;

(u) A plan for parental and community involvement in the school, including the role of parents in the administration and governance of the school;

(v) The public charter school's plan for identifying and successfully serving students with disabilities, students who are English language learners, bilingual students, and students who are academically behind and gifted, including but not limited to the school's plan for compliance with all applicable federal and state laws and regulations;

(w) A description of cocurricular and extracurricular programs and how they will be funded and delivered;

(x) The process by which the school will resolve any disputes with the authorizer; and

(y) A detailed start-up plan, including financing, tasks, timelines, and individuals responsible for carrying out the plan.

(4) If the public charter school applicant intends to contract with an education service provider for educational program implementation or comprehensive management, the application shall additionally require the applicant to:

(a) Provide evidence of success in serving student populations similar to the targeted population, including demonstrated academic achievement as well as successful management of nonacademic school functions, if applicable;

(b) Provide student performance data and financial audit reports for all current and past public charter schools;

(c) Provide documentation of and explanation for any actions taken against any of its public charter schools for academic, financial, or ethical concerns;

(d) Provide evidence of current capacity for growth;

(e) Provide a term sheet setting forth:

1. The proposed duration of the service contract;

2. The annual proposed fees to be paid to the education service provider;

3. The roles and responsibilities of the board of directors, the school staff, and the education service provider;

4. The scope of services and resources to be provided by the education service provider;

5. Performance evaluation measures and timelines;

6. Compensation structure, including clear identification of all fees to be paid to the education service provider;

7. Methods of contract oversight and enforcement;

8. Investment disclosure; and

9. Conditions for renewal and termination of the contract; and

(f) Disclose and explain any existing or potential conflicts of interest between the board of directors and the proposed education service provider or any affiliated business entities.

2017 ch. 102, § 4, effective June 29, 2017; 2022 ch. 213, § 4, effective July 14, 2022.

160.1594. Public charter school authorizer — Duties — Application reviews and decisions — Criteria for approval — Explanation of decision — Submission to Department of Education — School board member charter authorization training.

(1) A public charter school authorizer shall:

(a) Fulfill the expectations and intent of this section and KRS 160.1590 to 160.1599 and 161.141;

(b) Demonstrate public accountability and transparency in all matters concerning its charter-authorizing practices, decisions, and expenditures;

(c) Establish an annual timeline consistent with statutory guidelines with deadlines to solicit, invite, accept, and evaluate applications from applicants;

(d) Approve new and renewal charter applications that meet the requirements of this section and KRS 160.1593;

(e) Decline to approve charter applications that:

1. Fail to meet the requirements of this section and KRS 160.1593; or

2. Are for a school that would be wholly or partly under the control or direction of any religious denomination;

(f) Negotiate and execute in good faith a charter contract with each public charter school it authorizes;

(g) Monitor the performance and compliance of public charter schools according to the terms of the charter contract;

(h) Determine whether each charter contract it authorizes merits renewal or revocation; and

(i) Establish and maintain policies and practices consistent with the principles and professional stan-

dards for authorizers of public charter schools, including standards relating to:

1. Organizational capacity and infrastructure;
2. Soliciting and evaluating applications;
3. Performance contracting;
4. Ongoing public charter school oversight and evaluation; and
5. Charter approval, renewal, and revocation decision making.

(2) In reviewing applications, the public charter school authorizer is encouraged to give preference to applications that demonstrate the intent, capacity, and capability to provide comprehensive learning experiences to:

- (a) Students identified by the applicants as at risk of academic failure;
- (b) Students with special needs as identified in their individualized education program as defined in KRS 158.281; and
- (c) Students who seek career readiness education opportunities.

(3) After a charter applicant submits a written application to establish a public charter school, the authorizer shall:

- (a) Complete a thorough review process;
- (b) Conduct an in-person interview with the applicant group;
- (c) Provide an opportunity in a public forum for local residents to provide input and learn about the charter application;
- (d) Provide a detailed analysis of the application to the applicant or applicants, which shall include any identified deficiencies;

(e) Allow an applicant a reasonable time to provide additional materials and amendments to its application to address any identified deficiencies, including allowing an applicant to request a sixty (60) day extension to seek technical assistance in curing deficiencies from the state board under KRS 160.1595; and

(f) Approve or deny a charter application based on established objective criteria or request additional information.

(4) In deciding to approve a charter application, the authorizer shall:

(a) Grant charters only to applicants that possess competence in all elements of the application requirements identified in this section and KRS 160.1593;

(b) Base decisions on documented evidence collected through the application review process; and

(c) Follow charter-granting policies and practices that are transparent, based on merit, and avoid conflicts of interest.

(5) Unless an extension is requested under subsection (3) of this section, no later than sixty (60) days following the filing of the charter application, the authorizer shall approve or deny the charter application. The authorizer shall adopt by resolution all charter approval or denial decisions in an open meeting of the authorizer's board of directors.

(6) Any failure to act on a charter application within sixty (60) days of the established application submission deadline shall be deemed an approval by the authorizer.

(7) An application shall be approved if the public charter school authorizer finds that:

(a) The public charter school described in the application meets the requirements established by this section and KRS 160.1590 and 160.1592;

(b) The applicant demonstrates the ability to operate the school in an educationally and fiscally sound manner; and

(c) Approving the application is likely to improve student learning and achievement and further the purposes established by KRS 160.1591.

(8) An authorizer shall provide a written explanation within five (5) days of adopting a resolution, for the public record, stating its reasons for approval or denial of a charter application, including a thorough explanation of how the charter application either meets or fails to meet established objective criteria for making charter application decisions, and the authorizing process which the authorizer used to review, evaluate, and make its final decision.

(9) An authorizer's charter application approval shall be submitted to the Kentucky Department of Education as written notice.

(10) When an authorizer that is a local school board or a collaborative of local school boards receives a charter school application, any member of the board or boards who has not received charter authorization training within twelve (12) months immediately preceding the date the application was received shall receive six (6) hours of in-service training prior to evaluating the charter application. Except for training provided prior to July 15, 2020, the training shall be in addition to the annual in-service training required under KRS 160.180, and each board shall select the trainer to deliver the training to its members. Charter authorizer training shall not be required of any local school board member until a charter application is submitted to the board or boards.

160.1595. Request for technical assistance — Appeal of approval or denial to state board — Judicial review — Joint oversight.

(1) Any applicant or board of directors of a public charter school may request technical assistance from the Kentucky Department of Education to address deficiencies identified by an authorizer. The department shall respond within thirty (30) days of the request.

(2)(a) The state board, upon receipt of a notice of appeal, shall review decisions of any other authorizer concerning the approval or denial of a public charter school application, the nonrenewal or revocation of a public charter school's contract, the denial of a public charter school's request to consider a charter amendment, or the unilateral imposition of conditions in the charter contract, in accordance with the provisions of this section.

(b) A charter applicant or approved public charter school who wishes to appeal a decision of an autho-

rizer concerning a charter application, a charter amendment, or the nonrenewal or revocation of a charter, or the unilateral imposition of conditions, shall provide the state board and the authorizer with a notice of appeal within thirty (30) days after the authorizer's decision. The appellant shall limit the grounds of the appeal to the grounds for the denial of or the nonrenewal or revocation of a charter, or the unilateral imposition of conditions, whichever is being appealed, specified by the authorizer. The notice shall include a brief statement of the reasons the public charter school applicant or public charter school contends the authorizer's denial of or nonrenewal or revocation of a charter, or imposition of conditions was in error.

(c) If the notice of appeal relates to an authorizer's decision to deny, refuse to renew, or revoke a charter or to an authorizer's unilateral imposition of conditions that are unacceptable to the charter applicant or public charter school, the appeal and review process shall be as follows:

1. Within forty-five (45) days after receipt of the notice of appeal and after reasonable public notice, the state board, at a public hearing which may be held in the school district in which the proposed public charter school has applied for a charter or where the public charter school exists, shall review the decision of the authorizer and make its findings;

2. The state board shall determine:

- a. If the final decision of the authorizer was contrary to the best interest of the students or community; and

- b. If the application failed to satisfy the requirements of KRS 160.1593(3) and (4);

3. If the state board finds that the authorizer's decision was contrary to the best interest of the students or community and the application satisfies the statutory requirements, the state board shall remand such final decision to the authorizer with instructions to approve the charter application or amendment, or to renew or reinstate the charter, or to approve or disapprove conditions imposed. The decision of the state board shall be a final action subject to judicial review in the Circuit Court encompassing the school district in which the public charter school is located; and

4. Charters granted to applicants by authorizers after a successful appeal to the state board, as outlined in subparagraph 3. of this paragraph, shall be provided joint oversight by the authorizer and the state board for, at a minimum, the first five (5) years of the school's operation, and until the authorizer, state board, and public charter school agree that charter oversight may be provided solely by the authorizer. The state board shall be a formal participant in all authorizing decision making concerning the public charter school during that period, and shall be included in all communication between the public charter school and the authorizer.

Legislative Research Commission Notes.

(7/14/2022). This statute was amended by 2022 Ky. Acts chs. 213 and 236. Ch. 236 combined the Education and Workforce Development Cabinet and Labor Cabinet and amended all applicable statutes to remove each and every existing reference to either of those cabinets and insert the name of the successor agency, "Education and Labor Cabinet," in its place. One such replacement was made in this section, but the amendment of this section in ch. 213 removed the cabinet reference in its entirety, making the name update unnecessary.

160.1596. Board of directors of public charter schools — Required elements of charter contract with authorizer — Calculation of daily average attendance — Proportional transfer of funds — Services — Negotiation by collaborative — Calculations for first year — Authorizer fee — Schedule for funds transfer — Grants — Share of state and federal funds — Distribution of closed school's assets — Administrative regulations — Annual report by authorizer.

(1)(a) For purposes of this section, a member of the board of directors of a public charter school shall be considered an officer under KRS 61.040 and shall, within sixty (60) days of final approval of an application, take an oath of office as required under KRS 62.010.

(b) Within seventy-five (75) days of the final approval of an application, the board of directors and the authorizer shall enter into a binding charter contract that establishes the academic and operational performance expectations and measures by which the public charter school will be evaluated.

(c) The executed charter contract shall become the final authorization for the public charter school. The charter contract shall include:

1. The term of the contract;

2. The agreements relating to each item required under KRS 160.1592(3) and 160.1593(3), as modified or supplemented during the approval process;

3. The rights and duties of each party;

4. The administrative relationship between the authorizer and the public charter school;

5. The allocation of state, local, and federal funds, and the schedule to disburse funds to the public charter school by the authorizer;

6. The process the authorizer will use to provide ongoing oversight, including a process to conduct annual site visits;

7. The specific commitments of the public charter school authorizer relating to its obligations to oversee, monitor the progress of, and supervise the public charter school;

8. The process and criteria the authorizer will use to annually monitor and evaluate the overall academic, operating, and fiscal conditions of the public charter school, including the process the authorizer will use to oversee the correction of any deficiencies found in the annual review;

9. The process for revision or amendment to the terms of the charter contract agreed to by the authorizer and the board of directors of the public charter school;

10. The process agreed to by the authorizer and the board of directors of the public charter school that identifies how disputes between the authorizer and the board will be handled; and

11. Any other terms and conditions agreed to by the authorizer and the board of directors, including pre-opening conditions. Reasonable conditions shall not include enrollment caps or operational requirements that place undue constraints on a public charter school or are contradictory to the provisions of KRS 160.1590 to 160.1599 and 161.141. Such conditions, even when incorporated in a charter contract, shall be considered unilaterally imposed conditions.

(d)1. The performance provisions within a charter contract shall be based on a performance framework that sets forth the academic and operational performance indicators, measures, and metrics to be used by the authorizer to evaluate each public charter school. The performance framework shall include at a minimum indicators, measures, and metrics for:

- a. Student academic proficiency;
- b. Student academic growth;
- c. Achievement gaps in both student proficiency and student growth for student subgroups, including race, sex, socioeconomic status, and areas of exceptionality;
- d. Student attendance;
- e. Student suspensions;
- f. Student withdrawals;
- g. Student exits;
- h. Recurrent enrollment from year to year;
- i. College or career readiness at the end of grade twelve (12);
- j. Financial performance and sustainability; and
- k. Board of directors' performance and stewardship, including compliance with all applicable statutes, administrative regulations, and terms of the charter contract.

2. The performance framework shall allow the inclusion of additional rigorous, valid, and reliable indicators proposed by a public charter school to augment external evaluations of its performance. The proposed indicators shall be consistent with the purposes of KRS 160.1590 to 160.1599 and 161.141 and shall be negotiated with the authorizer.

3. The performance framework shall require the disaggregation of student performance data by subgroups, including race, sex, socioeconomic status, and areas of exceptionality.

4. The authorizer shall be responsible for collecting, analyzing, and reporting to the state board all state-required assessment and achievement data for each public charter school it oversees.

(e) Annual student achievement performance targets shall be set, in accordance with the state accountability system, by each public charter school in

conjunction with its authorizer, and those measures shall be designed to help each school meet applicable federal, state, and authorizer goals.

(f) The charter contract shall be signed by the chair of the governing board of the authorizer and the chair of the board of directors of the public charter school. An approved charter application shall serve as a charter contract for the public charter school.

(g) No public charter school may commence operations without a charter contract executed according to this section and approved in an open meeting of the governing board of the authorizer.

(2) Within five (5) days after entering into a charter contract, a copy of the executed contract shall be submitted by the authorizer to the commissioner of education.

(3) For the purposes of local and state funding, a public charter school shall serve as a school of the district of location.

(4) For the purposes of federal funding, a public charter school shall serve as a local education agency.

(5) All students enrolled in a public charter school shall be included in the average daily attendance calculation under KRS 157.360 and the aggregate and average daily attendance of transported pupils calculation under KRS 157.370 of the district of location in the same manner as any other public schools in the district and shall be reported by the public charter schools to the school district and state Department of Education for purposes of calculating the state and local share of funding for each public charter school.

(6) Notwithstanding the formula for allocating district funds under KRS 160.345(8) and any other statute governing a district's funding of schools, unless an authorizing district agrees to provide a larger sum of funding in the charter contract, after local capital outlay funds that are restricted in use pursuant to KRS 157.420(4) and funds under KRS 157.440(1)(b) and 157.621 necessary to meet debt service obligations on bonds or other financing mechanisms for new construction and renovation projects for school facilities are excluded, and before any other funds are budgeted for district use, a district shall transfer to each of the public charter schools located within the district:

(a) The amount that is proportional to the public charter school's enrollment or average daily attendance in comparison with the overall district qualifying numbers for:

1. Funds that are related to students' attendance and enrollment and allocated to the district of location pursuant to KRS 157.360;
2. Any add-on or funding factors provided for in the state budget;
3. Any add-on or funding factors provided for by the Kentucky Department of Education; and
4. Funds pursuant to KRS 157.360(2)(a) and (b) and (13)(a).

For each funding source identified in this paragraph, the transfer amount shall be based on the public charter school's qualifying student enrollment or average daily attendance, depending on the method used in the funding source's calculation;

(b) On a proportionate per pupil basis:

1. Education funds allocated to the school district pursuant to KRS 157.440(1)(a) and (2)(a), or pursuant to any applicable federal statute; and

2. All taxes and payments in lieu of taxes transferred to the district of location or levied and collected by the district of location; and

(c) On a proportionate per pupil transported basis, transportation funds calculated pursuant to KRS 157.360(2)(c) and 157.370 and distributed to the district of location, unless the school district provides transportation to students attending the public charter school under written terms agreed upon by the district and the public charter school in either the charter contract or, if the district is not the public charter school's authorizer, a separate agreement.

(7)(a) If transportation funds are transferred under this section to a public charter school, then the public charter school receiving those funds shall provide transportation services to the enrolled students residing within the district of location.

(b) If funds designated for providing additional services to specific students are transferred under this section, then the public charter school receiving those funds shall provide those services in the same manner as the district of location.

(c) If transportation services are not provided by the public charter school and no written agreement to provide transportation services with the district of location exists, then no transportation funds shall be transferred and the district of location shall not be responsible for providing transportation to the public charter school's students.

(8) Notwithstanding the identification of funds to be transferred in this section, a collaborative among local school boards authorizing a public charter school may negotiate among the local boards and a charter applicant to identify the amount of funds to be transferred to the public charter school. The agreement shall be detailed in the charter contract.

(9)(a) For the calculation of amounts under subsections (6) and (7) of this section during the first school year of operation of a public charter school in a school district, beginning with the start of instruction:

1. The public charter school's average daily attendance shall be calculated based on a projection of the public charter school's enrollment and the district's overall average daily attendance;

2. The public charter school's aggregate daily attendance of students transported shall be calculated based on a projection of the public charter school's enrollment and transportation plan and the district's overall aggregate daily attendance of students transported; and

3. The amounts attributable to each individual student's attendance at the public charter school shall be calculated based on a projection of the public charter school's enrollment and demographics and the district's overall enrollment and demographics.

(b) The calculations shall be adjusted in January of the first school year of operation to reflect the first semester's actual data. Subsequent years of operation shall be calculated using actual data from the prior school year.

(10)(a) Funds identified for transfer under this section shall be transferred by a district of location to each of the public charter schools located within the

district. However, up to three percent (3%) of the funds identified under this section for transfer to a public charter school may be retained by an authorizer as an authorizer fee.

(b) If the authorizer of a public charter school does not include the local board of education of the district of location, then the district of location shall transfer the authorizer fee to the public charter school's authorizer.

(c) If the Kentucky Board of Education requires the authorization of a public charter school on appeal from an authorizer, the board shall receive twenty-five percent (25%) of the authorizing fee for the duration of joint oversight required by KRS 160.1595.

(11) Funds identified for transfer by a district of location to a public charter school under this section shall be transferred throughout the school year according to a schedule determined by the state board. The scheduled dates shall be within thirty (30) days of the dates of state disbursement of funds to school districts. Failure to transfer required funds shall, for every five (5) days late, result in a fine to the violator of not less than five percent (5%) of the total funds per funding period to be transferred. Fines imposed shall be transferred to the public charter school affected by the delay.

(12) A public charter school shall be eligible for federal and state competitive grants and shall not be excluded from an opportunity to apply or participate so long as the public charter school meets the criteria established for the respective grants. Each public charter school that receives grant aid shall comply with all requirements to receive such aid.

(13) A public charter school shall receive a proportionate per pupil share of any state moneys not otherwise identified in this section that is received by the school district of location. The public charter school shall also receive, according to federal law, moneys generated under federal categorical aid programs for students that are eligible for the aid and attending the public charter school. Each public charter school that receives such aid shall comply with all requirements to receive such aid.

(14) The commissioner of education shall apply for all federal funding that supports charter school initiatives for which a state must be the applicant and shall cooperate with any public charter school in its efforts to seek federal funding.

(15) If a public charter school closes for any reason, the assets of the school shall be distributed first to satisfy outstanding payroll obligations for employees of the school, then to the creditors of the school, then to the district of location or authorizing districts if authorized by a collaborative of local boards of education. If the assets are insufficient to satisfy outstanding obligations, the authorizer shall petition to Circuit Court of the county in which the public charter school is located to prioritize the distribution of assets.

(16) The state board shall promulgate administrative regulations to:

(a) Establish the process to be used to evaluate the performance of a charter school authorizer, based upon the requirements of KRS 160.1590 to 160.1599 and 161.141, and the actions to be taken in response to failures in performance; and

(b) Govern the calculation and distribution of funds due to public charter schools from school districts, the schedule of distribution of funds, and the imposition of fines for late distribution of funds.

(17) By August 31, 2023, and annually thereafter, each public charter school authorizer shall submit to the commissioner of education, the secretary of the Education and Labor Cabinet, and the Interim Joint Committee on Education a report to include:

(a) The names of each public charter school operating under contract with the authorizer during the previous academic year that:

1. Closed during or after the academic year; or
2. Had the contract nonrenewed or revoked;

(b) The names of each public charter school operating under contract with the authorizer during the previous academic year that have not yet begun to operate;

(c) The number of applications received, the number reviewed, and the number approved;

(d) A summary of the academic and financial performance of each public charter school operated under contract with the authorizer during the previous academic year; and

(e) The authorizing duties and functions performed by the authorizer during the previous academic year.

Legislative Research Commission Notes.

(7/14/2022). This statute was amended by 2022 Ky. Acts chs. 213 and 236, which do not appear to be in conflict and have been codified together.

160.1597. Term of approved charter school contract — Contract between board of directors and authorizer's governing body — Corporate powers — Prohibition against tax levies and use of eminent domain — Immunity from liability.

(1) Upon the approval of a charter contract by a public charter school authorizer, the applicant shall be permitted to operate a public charter school for a term of five (5) years.

(2) The board of directors of the public charter school shall negotiate and execute a charter contract with the governing body of the authorizer.

(3) A public charter school shall have all corporate powers necessary and desirable for carrying out a public charter school program in accordance with this section and the terms of the charter contract, including all of the powers of a local board of education and of a local school district, except as otherwise provided in KRS 160.1590 to 160.1599.

(4) The powers granted to a public charter school under this section constitute the performance of essential public purposes and governmental purposes of this state. A public charter school shall be exempt to the same extent as other public schools from all taxation, fees, assessments, and special ad valorem levies on its

earnings and its property. Instruments of conveyance to or from a public charter school and any bonds or notes issued by a public charter school, together with the income received, shall at all times be exempt from taxation.

(5) A public charter school shall not have the power to levy taxes or to acquire property by eminent domain, but shall have police powers to the same extent and under the same requirements as a local school district.

(6) The board of directors of the public charter school shall have final authority over policy and operational decisions of the public charter school, although the decision-making authority may be delegated to the administrators and staff of the school in accordance with the provisions of the charter contract.

(7) Notwithstanding any other statute to the contrary, no civil liability shall attach to any public charter school authorizer or to any of its members or employees, individually or collectively, for any acts or omissions of the public charter school. Neither the local school district nor the Commonwealth shall be liable for the debts or financial obligations of a public charter school or any person or corporate entity who operates a public charter school.

History.

2017 ch. 102, § 8, effective June 29, 2017; 2022 ch. 213, § 8, effective July 14, 2022.

160.1598. Renewal or nonrenewal of charter contract — School performance report — Reasons for nonrenewal or revocation — Administrative regulations — Report of action taken and reason for decision — School closure protocol.

(1) A charter contract may be renewed by the authorizer for a term of duration of five (5) years, although the authorizer may vary the term to as few as three (3) years. Any variation in the public charter school's term must be solely based on the performance, demonstrated capacities, and particular circumstances of a public charter school. Authorizers may grant renewal with specific conditions for necessary improvements to a public charter school, but may not impose conditions inconsistent with KRS 160.1590 to 160.1599.

(2)(a) No later than one (1) calendar year prior to the expiration date of a charter contract, an authorizer shall issue a public charter school performance report and charter renewal application guidance to the public charter school it authorized. The performance report shall summarize the school's performance record to date, based on the performance framework required under KRS 160.1596 and the charter contract, and shall provide notice of any weaknesses or concerns related to the school that may jeopardize its position in seeking renewal if not timely rectified and of any strengths or achievements that support its position in seeking renewal.

(b) The school shall have twenty (20) days to respond to the performance report and submit any corrections or clarification for the report to the authorizer.

(c) Within ten (10) days of receiving a school's response, the authorizer shall review the response and issue a final performance report to the school.

(3)(a) The renewal application guidance shall, at a minimum, provide an opportunity for the public charter school to:

1. Present additional evidence beyond the data contained in the performance report supporting its case for charter renewal;
2. Describe improvements undertaken or planned for the school; and
3. Detail the school's plan for the next charter term.

(b) The renewal application guidance shall include or refer explicitly to the criteria that will guide the authorizer's renewal decisions, which shall be based on the performance framework as identified in the charter contract.

(4)(a) No later than six (6) months prior to the expiration date of a charter contract, the board of directors of a public charter school seeking charter contract renewal shall submit a renewal application to the authorizer pursuant to the renewal application guidance issued by the authorizer.

(b) The authorizer shall rule by resolution on the renewal application no later than thirty (30) days after receipt of the application.

(5) In making charter application, renewal, or other appealable decisions, an authorizer shall:

(a) Make its decision within established timeframes. Any failure of the authorizer to act on a charter application, renewal, or other appealable decision shall be deemed an approval of the requested action;

(b) Base its decision on evidence of the public charter school's performance over the term of the charter contract in accordance with the performance framework required in the charter contract;

(c) Ensure that data used in making renewal decisions is available to the public charter school and the public; and

(d) Provide a public report summarizing the evidence basis for each decision.

(6) A charter contract may not be renewed if the authorizer determines that the public charter school has:

(a) Committed a material violation of any of the terms, conditions, standards, or procedures required under KRS 160.1590 to 160.1599 and 161.141 or the charter contract, and has persistently failed to correct the violation after fair and specific notice from the authorizer;

(b) Failed to meet or make significant progress toward the performance expectations identified in the charter contract;

(c) Failed to meet generally accepted standards of fiscal management, and has failed to correct the violation after fair and specific notice from the authorizer; or

(d) Substantially violated any material provision of law from which the public charter school was not exempted and has failed to correct the violation after fair and specific notice from the authorizer.

(7) An authorizer may take immediate action to revoke a charter contract if a violation threatens the

health and safety of the students of the public charter school.

(8) The State Board of Education shall promulgate administrative regulations establishing a revocation and nonrenewal process for charter authorizers that:

(a) Provides the charter holder with a timely notification of the prospect of revocation or nonrenewal and of the reasons for such possible closure;

(b) Allows a charter holder a reasonable time in which to prepare a response;

(c) Provides the charter holder with an opportunity to submit documentation and provide testimony challenging the rationale behind the closure and in support of the continuation of the school at a public meeting held for that purpose;

(d) Allows the charter holder the right to representation by counsel and to call witnesses on behalf of the charter holder;

(e) Permits the recording of such proceedings; and

(f) After a reasonable period of deliberation, requires a final determination be made and conveyed in writing to the charter holder.

(9) If an authorizer revokes or does not renew a contract, the authorizer shall clearly state, in a resolution of its governing board the reason for the revocation or nonrenewal.

(10) Within ten (10) days of taking action to renew, not renew, or revoke a charter, the authorizer shall report to the state board the action taken, and shall provide a report to the public charter school at the same time the report is issued to the state board. The report shall include a copy of the resolution adopted by the authorizer's governing board describing the action taken and reasons for the decision and assurance as to compliance with all of the procedural requirements and application elements found in KRS 160.1593.

(11) An authorizer shall develop a public charter school closure protocol to ensure timely notification to parents, orderly transition of students and student records to new schools, and proper disposition of school funds, property, and assets. The protocol shall specify tasks, timelines, and responsible parties, including delineating the respective duties of the school and the authorizer. If a public charter school closes for any reason, the authorizer shall oversee and work with the closing school to ensure a smooth and orderly closure and transition for students and parents, as guided by the closure protocol. If a public charter school is subject to closure, following exhaustion of any appeal allowed under KRS 160.1595, an authorizer may remove at will at any time any or all of the members of the board of directors of the public charter school in connection with ensuring a smooth and orderly closure. If the authorizer removes members of the board of directors such that the board of directors can no longer function, the authorizer shall be empowered to take any further necessary and proper acts connected with closure of the public charter school in the name and interest of the public charter school.

2017 ch. 102, § 9, effective June 29, 2017; 2022 ch. 213, § 9, effective July 14, 2022.

160.1599. Conversion of public noncharter school to public charter school — Establishment requirements — Administrative regulations — Governance — Enrollment requirements — Employees — Collective bargaining — School facilities.

(1) An existing public school not scheduled for closure may be converted into a public charter school and be identified to become a conversion public charter school if an applicant indicates to a valid authorizer the intent to convert an existing public school into a conversion public charter school.

(2) A conversion public charter school may only be established if:

(a) A school has been identified by the Kentucky Department of Education as performing in the lowest five percent (5%) of its level and sixty percent (60%) of the parents or guardians of students who attend the school have signed a petition requesting the conversion, which shall be completed and submitted to a valid authorizer no later than ninety (90) days after the date of the first signature;

(b) A school has been identified by the Kentucky Department of Education as not performing in the lowest five percent (5%) of its level and sixty percent (60%) of the parents or guardians of students who attend the school have signed a petition requesting the conversion, which is approved by a majority vote of the local school board. If approved the completed petition shall be submitted to a valid authorizer no later than ninety (90) days after the date of the first signature; or

(c) The local school board votes to convert an existing public school over which it has authority.

(3) For each conversion option identified in subsection (2) of this section, the Kentucky Board of Education shall promulgate administrative regulations to govern the processes and procedures for the petition, the conversion, and the operation of a conversion public charter school.

(4) A conversion public charter school shall be governed by a board of directors constituted and empowered as provided in KRS 160.1592.

(5) A conversion public charter school shall continue to comply with all federal and state requirements concerning the treatment of children with special needs and accept all students who attended the school prior to its conversion who wish to attend.

(6) A conversion public charter school shall hire its own employees.

(7) An employee who works in a conversion public charter school shall be an employee of the public charter school.

(8)(a) For any collective bargaining agreement entered into on or after June 29, 2017, a governing board shall not be bound by its collective bargaining agreement for employees of a conversion public charter school.

(b) Employees of a conversion public charter school may organize and collectively bargain only as a unit separate from other school employees.

(9) A conversion public charter school shall continue to be housed in the same public school facility and shall

have the option of using the existing assets of the school.

BOARDS OF EDUCATION

160.160. Boards of education — Powers and procedures — Approval of Department of Education required for mortgages, leases — Rental payments under lease.

(1) Each school district shall be under the management and control of a board of education consisting of five (5) members, except in counties containing a city of the first class wherein a merger pursuant to KRS 160.041 shall have been accomplished which shall have seven (7) members elected from the divisions and in the manner prescribed by KRS 160.210(5), to be known as the "Board of Education of ..., Kentucky." Each board of education shall be a body politic and corporate with perpetual succession. It may sue and be sued; make contracts; expend funds necessary for liability insurance premiums and for the defense of any civil action brought against an individual board member in his official or individual capacity, or both, on account of an act made in the scope and course of his performance of legal duties as a board member; purchase, receive, hold, and sell property; issue its bonds to build and construct improvements; and do all things necessary to accomplish the purposes for which it is created. Each board of education shall elect a chairman and vice chairman from its membership in a manner and for a term prescribed by the board not to exceed two (2) years.

(2) No board of education shall participate in any financing of school buildings, school improvements, appurtenances thereto, or furnishing and equipment, including education technology equipment without:

(a) First establishing the cost of the project in advance of financing, based on the receipt of advertised, public, and competitive bids for such project, in accordance with KRS Chapter 424; and

(b) Establishing the cost of financing in advance of the sale of any bonds, certificates of participation in any leases, or other evidences of financial commitments issued by or on behalf of such board. Any bonds, leases, participations, or other financial arrangements shall not involve a final commitment of the board until the purchaser or lender involved shall have been determined by public advertising in accordance with KRS Chapter 424.

(3) No board of education shall make a mortgage, lien, or other encumbrance upon any school building owned by the board, or transfer title to any such school building as part of any financing arrangement, without the specific approval of the Department of Education, and without the transaction being entered into pursuant to a detailed plan or procedure specifically authorized by Kentucky statute.

(4) Without the approval of the Department of Education, no board may lease, as lessee, a building or

public facility that has been or is to be financed at the request of the board or on its behalf through the issuance of bonds by another public body or by a nonprofit corporation serving as an agency and instrumentality of the board, or by a leasing corporation. Any lease, participation, or other financial arrangement shall not involve a final commitment of the board unless and until the purchaser or lender involved in same shall have been determined by public advertising in accordance with KRS Chapter 424. No transaction shall be entered into by the board except upon the basis of public advertising and competitive bidding in accordance with KRS Chapter 424.

(5) Rental payments due by a board under a lease approved by the Department of Education in accordance with subsection (4) of this section shall be due and payable not less than ten (10) days prior to the interest due date for the bonds, notes, or other debt obligations issued to finance the building or public facility. If a board fails to make a rental payment when due under a lease, upon notification to the Department of Education by the paying agent, bond registrar, or trustee for the bonds not less than three (3) days prior to the interest due date, the Department of Education shall withhold or intercept any funds then due the board to the extent of the amount of the required payment on the bonds and remit the amount to the paying agent, bond registrar, or trustee as appropriate. Thereafter, the Department of Education shall resolve the matter with the board and adjust remittances to the board to the extent of the amount paid by the Department of Education on the board's behalf.

(6) Bonds, notes or leases negotiated to provide education technology shall not be sold for longer than seven (7) years or the useful life of the equipment as established by the state technology master plan, whichever is less.

1. Nature of Board.

A board, being a continuing body, cannot, following a change of members, rescind a prior sale on the mere ground that it

was a bad bargain. *Trustees of Congregational Church v. Evarts Graded Common School Dist.*, 230 Ky. 94, 18 S.W.2d 887, 1929 Ky. LEXIS 25 (Ky. 1929) (decided under prior law).

A city school board is a municipal corporation. *Smith v. Board of Education*, 23 F. Supp. 328, 1938 U.S. Dist. LEXIS 2170 (D. Ky. 1938).

A board of education is a taxing district or municipality. *Lee v. Board of Education*, 261 Ky. 379, 87 S.W.2d 961, 1935 Ky. LEXIS 666 (Ky. 1935); *Smith v. Board of Education*, 23 F. Supp. 328, 1938 U.S. Dist. LEXIS 2170 (D. Ky. 1938). But see *Farson v. County Board of Education*, 100 F.2d 974, 1939 U.S. App. LEXIS 4586 (6th Cir. Ky. 1939).

A county board of education is a "quasi municipal corporation" governed by rules applicable to strict municipalities. *Board of Education v. Talbott*, 286 Ky. 543, 151 S.W.2d 42, 1941 Ky. LEXIS 283 (Ky. 1941); *Board of Education v. Society of Alumni, etc.*, 239 S.W.2d 931, 1951 Ky. LEXIS 907 (Ky. 1951).

Since a county school board is neither the state nor its alter ego, U.S. Const., amend. XI, does not bar recovery of attorney's fees against a county board of education in a suit challenging county school desegregation plans. *Cunningham v. Grayson*, 541 F.2d 538, 1976 U.S. App. LEXIS 7450 (6th Cir. Ky. 1976), cert. denied, 429 U.S. 1074, 97 S. Ct. 812, 50 L. Ed. 2d 792, 1977 U.S. LEXIS 2129 (U.S. 1977).

County board of education is a political body with a corporate structure and is entitled to the protection of Const., § 2. *Reis v. Campbell County Bd. of Educ.*, 938 S.W.2d 880, 1996 Ky. LEXIS 130 (Ky. 1996).

The local school boards, pursuant to KRS 160.160, as well as the Kentucky Board of Education, pursuant to KRS 156.070, have been established as state agencies through which the General Assembly implements its constitutional mandate to oversee public schools. *Yanero v. Davis*, 65 S.W.3d 510, 2001 Ky. LEXIS 203 (Ky. 2001).

2. Members.

A member of a board of education is a state officer. *Polley v. Fortenberry*, 268 Ky. 369, 105 S.W.2d 143, 1937 Ky. LEXIS 475 (Ky. 1937); *Norton v. Letton*, 271 Ky. 353, 111 S.W.2d 1053, 1937 Ky. LEXIS 242 (Ky. 1937); *Ward v. Siler*, 272 Ky. 424, 114 S.W.2d 516, 1938 Ky. LEXIS 139 (Ky. 1938).

On merger by agreement of independent school district with county school district it is proper to read KRS 160.041 in the light of KRS 160.040 and to look to the latter for the powers of the two districts in making a merger agreement to fix the terms of such merger and the two boards of education have the authority to agree that members of the independent school district board will serve temporarily on the board of the newly enlarged district. *La Follette v. Ovesen*, 314 Ky. 535, 236 S.W.2d 457, 1951 Ky. LEXIS 687 (Ky. 1951).

3. Powers and Authority.

School property is held in trust by the board of education for the use and benefit of the school as a "state institution." *Louisville v. Manning*, 309 Ky. 789, 219 S.W.2d 13, 1949 Ky. LEXIS 813 (Ky. 1949).

This section vests boards of education with broad powers in the conduct and management of their affairs and the term "school purposes" is a broad and comprehensive one which might well include facilities for the housing of all school activities, including shops and home economics buildings, as well as living quarters for teachers and custodial employees where conditions warrant. *Ford v. Pike County Board of Education*, 310 Ky. 177, 220 S.W.2d 389, 1949 Ky. LEXIS 876 (Ky. 1949).

County boards have broad discretion under this section and KRS 160.290 in the selection of school sites and when the board has obtained the approval of the Superintendent of Public Instruction on its plan for a new building, it is not for the court to say whether the board has acted wisely or

unwisely in determining where the school should be located and the only question for the court's determination is whether the board is exceeding its authority or is acting arbitrarily. *Perry County Board of Education v. Deaton*, 311 Ky. 227, 223 S.W.2d 882, 1949 Ky. LEXIS 1100 (Ky. 1949).

Local school board could institute co-education in high school where provision in a deed to the land on which the school was located stipulated the property could be used only for white male pupils since there was an invalid delegation of governmental powers in that the covenant restricted the school board's discretionary powers. *Board of Education v. Society of Alumni, etc.*, 239 S.W.2d 931, 1951 Ky. LEXIS 907 (Ky. 1951).

The board has the implied powers to employ and pay an accountant to make general audit of the school records. *Lewis v. Morgan*, 252 S.W.2d 691, 1952 Ky. LEXIS 1019 (Ky. 1952).

Under the broad authority of this section and KRS 160.290 the county board of education has power to adopt appropriate and reasonable regulations whereby indigent high school pupils may be furnished transportation without charge. *Japs v. Board of Education*, 291 S.W.2d 825, 1956 Ky. LEXIS 402 (Ky. 1956).

Even though there was no specific statutory authority for school board to employ an attorney, members of county board of education had implied authority to employ attorneys to represent them in actions and had implied power to expend school funds for attorney's fees and court costs in defending the actions where such employment was necessary for their protection and the accomplishment of the purposes for which they were created. *Hogan v. Glasscock*, 324 S.W.2d 815, 1959 Ky. LEXIS 385 (Ky. 1959).

Since the school board was a body politic and corporate, a government agency, and a public corporation, it was authorized to enter into a lease or contract with another governmental agency. *Bowling Green v. Board of Education*, 443 S.W.2d 243, 1969 Ky. LEXIS 244 (Ky. 1969).

A lawsuit to declare an education system unconstitutional falls within the authority, if not the duty, of local school boards to fulfill their statutory responsibilities, no matter who the defendants are. *Rose v. Council for Better Educ.*, 790 S.W.2d 186, 1989 Ky. LEXIS 55 (Ky. 1989).

4. — To Sue and Be Sued.

Words "to sue and to be sued" do not authorize an action for negligence committed by officers or agents of the board in performing public duty but have reference to suits respecting matters within the scope of the duties of the board. *Wallace v. Laurel County Bd. of Education*, 287 Ky. 454, 153 S.W.2d 915, 1941 Ky. LEXIS 556 (Ky. 1941).

The legislature created boards of education as bodies corporate with power to sue and be sued in their corporate name. *Howell v. Haney*, 330 S.W.2d 941, 1959 Ky. LEXIS 213 (Ky. 1959).

A county board of education is "a body politic and corporate" which may sue and be sued. *Moore v. Babb*, 343 S.W.2d 373, 1960 Ky. LEXIS 105 (Ky. 1960).

5. — — Actions by Board.

A board of education has authority to maintain an action in its own name, against delinquent taxpayers, to recover judgment for delinquent school taxes and to enforce the tax lien, and is not required to await the ordinary process of distraint and sale by the tax collector as the statute makes the tax a debt of the delinquent taxpayer in favor of the particular taxing authority. *Board of Education v. Ballard*, 299 Ky. 370, 185 S.W.2d 538, 1945 Ky. LEXIS 426 (Ky. 1945).

This section and KRS 160.290 place upon the boards of education, not taxpayers, the initial responsibility of maintaining legal actions on behalf of the school districts and an individual has no standing to institute an action for alleged unlawful expenditures of school funds until he has demanded

the board to bring the action and the board has refused to comply unless he clearly shows that a demand would have been futile although some members of the board were members at the time of alleged unlawful expenditures. *Farler v. Perry County Board of Education*, 355 S.W.2d 659, 1961 Ky. LEXIS 19 (Ky. 1961).

6. — — Actions Against Board Members.

Teacher's action against members of the board as individuals for a specific order requiring the board to assign her to a school for the year 1959-60 was not maintainable. *Moore v. Babb*, 343 S.W.2d 373, 1960 Ky. LEXIS 105 (Ky. 1960).

Members of board of education are not liable individually for injuries to student caused by employes of board. *Wood v. Board of Education*, 412 S.W.2d 877, 1967 Ky. LEXIS 445 (Ky. 1967).

7. — — Actions Against Board.

A superintendent of schools of city of fourth class who was wrongfully discharged by board of education before the end of his term was not barred from recovering salary by statute of frauds as minutes of board appointing him was a sufficient writing. *Smith v. Board of Education*, 23 F. Supp. 328, 1938 U.S. Dist. LEXIS 2170 (D. Ky. 1938).

Fact that there is no fund available to pay judgment against county board of education for refund of illegal taxes does not invalidate judgment, since county board of education may sue and be sued, and sufficient funds may be lawfully raised by taxation and used to pay the judgment. *Board of Education v. Louisville & N. R. Co.*, 280 Ky. 650, 134 S.W.2d 219, 1939 Ky. LEXIS 184 (Ky. 1939).

A taxpayer may not bring suit in a matter concerning public funds until he has first requested the authorized school board, county or other public body to institute such action and the official body has refused to comply. *Reeves v. Jefferson County*, 245 S.W.2d 606, 1951 Ky. LEXIS 1263 (Ky. 1951).

County board of education as well as the county are necessary parties in a suit for recount of the ballots and to contest the legality of election under KRS 122.140 (repealed) and the petition cannot be amended to add a new party or parties after the time for filing the petition has expired. *Howell v. Haney*, 330 S.W.2d 941, 1959 Ky. LEXIS 213 (Ky. 1959).

The county board of education is a public corporation which can act only as a body and not by individual members acting separately and it must be made a party in an action alleging unlawful discharge of superintendent of schools rather than three of five board members. *Johnson v. King*, 349 S.W.2d 845, 1961 Ky. LEXIS 78 (Ky. 1961).

8. — Interest on Judgment.

The fact that this section makes a board of education a body politic and subject to suit, does not divest the board of immunity regarding interest, absent a statutory provision. Since a state can be sued only with its consent, a statute waiving immunity must be strictly construed and cannot be read to encompass the allowance of interest unless so specified. *Powell v. Board of Educ.*, 829 S.W.2d 940, 1991 Ky. App. LEXIS 154 (Ky. Ct. App. 1991).

9. — Sale and Conveyance of School Property.

Boards of education are authorized to convey school property. *Bellamy v. Board of Education*, 255 Ky. 447, 74 S.W.2d 920, 1934 Ky. LEXIS 259 (Ky. 1934).

Though the board of education has the right to sell and convey school property it cannot sell and convey all of such property in the county at one time and for a grossly inadequate price. *Weeks v. Board of Education*, 282 Ky. 241, 137 S.W.2d 1094, 1940 Ky. LEXIS 132 (Ky. 1940).

A county board of education had no authority to execute a plan by which board was to convey to a nonprofit corporation 20 percent of school property in county, but not site on which school building was to be erected, and corporation was to erect building and execute lease-option contract to board by which,

after payment of rental for period of years, board was to become owner of all property conveyed to corporation. *Weaks v. Board of Education*, 282 Ky. 241, 137 S.W.2d 1094, 1940 Ky. LEXIS 132 (Ky. 1940).

Although there is no statutory limitation on the action of boards of education in selling and conveying school property, their action in so doing must be consonant with their duty to maintain an adequate school system within the limits of their finances; and any action by a board which imperils the entire school system of a county, or a portion thereof, may be called in question by the courts. *Weaks v. Board of Education*, 282 Ky. 241, 137 S.W.2d 1094, 1940 Ky. LEXIS 132 (Ky. 1940).

10. — Selection of School Sites.

Subject to the approval of the State Superintendent of Public Instruction, county boards of education are given broad discretion in the selection of sites for schools. Once the approval of the State Superintendent has been obtained, the courts will not interfere with the selection of the site unless there is positive proof of fraud, collusion, or a clear abuse of discretion. *Justice v. Clemons*, 308 Ky. 820, 215 S.W.2d 992, 1948 Ky. LEXIS 1059 (Ky. 1948).

Courts may not interfere with proposed plan of county board of education for location of school unless there is shown a clear abuse of discretion vested in the board by this section and KRS 160.290. *Goins v. Jones*, 258 S.W.2d 723, 1953 Ky. LEXIS 882 (Ky. 1953).

In taxpayer suit to enjoin county board of education since evidence did not show that the board was without serious consideration and lacked a reasonable discretion and was arbitrary in locating a proposed new elementary school near the western boundary of the county instead of the geographical center, the court was without authority or power to interfere. *Goins v. Jones*, 258 S.W.2d 723, 1953 Ky. LEXIS 882 (Ky. 1953).

A school board is vested with the power to select public school sites, subject only to the limitation that it cannot act arbitrarily or beyond the pale of sound discretion and has authority to condemn land for future school needs. *Pike County Board of Education v. Ford*, 279 S.W.2d 245, 1955 Ky. LEXIS 521 (Ky. 1955).

11. — Conducting of School System.

Regulation which required students upon marriage to withdraw from school and to remain out of school for one year and then to be readmitted only on permission of principal was arbitrary and unreasonable and therefore invalid. *Board of Education v. Bentley*, 383 S.W.2d 677, 1964 Ky. LEXIS 51 (Ky. 1964).

The conduct of a public school system is committed to the discretion of the school board. *Earle v. Harrison County Board of Education*, 404 S.W.2d 455, 1966 Ky. LEXIS 299 (Ky. 1966).

Where student population fell below minimum required for state aid a reasonable basis was afforded for school board to order the school closed. *Earle v. Harrison County Board of Education*, 404 S.W.2d 455, 1966 Ky. LEXIS 299 (Ky. 1966).

The Kentucky General Assembly clearly has given local school boards the power and authority to close schools and consolidate schools within a local system. *Coppage v. Ohio County Bd. of Educ.*, 860 S.W.2d 779, 1992 Ky. App. LEXIS 182 (Ky. Ct. App. 1992).

12. — Punishment of Students.

The statute governing the suspension of students for the violation of regulations of the school system preempts the right of the school officials to impose additional punishment for conduct resulting in suspension. *Dorsey v. Bale*, 521 S.W.2d 76, 1975 Ky. LEXIS 147 (Ky. 1975).

13. — Merger of Districts.

Provision for seven board members rather than five upon merger of the school district of a city of the first class with the

county school district does not constitute "local or special legislation" forbidden by state Constitution where a seven-man board is justified by the larger size of student population, greater amount of property to manage, more extensive financing requirements, and the presence of minority group enclaves. *Board of Education v. Board of Education*, 522 S.W.2d 854, 1975 Ky. LEXIS 143 (Ky. 1975).

14. Removal.

Sufficient evidence was presented to support a judgment of removal of school board members for misconduct. *State Bd. for Elementary & Secondary Educ. v. Ball*, 847 S.W.2d 743, 1993 Ky. LEXIS 46 (Ky. 1993).

15. Immunity.

Finding against the school board in an action involving hazing was improper under KRS 160.160 because governmental immunity should have been sustained since municipal school boards are entitled to governmental immunity; there had been an intention to create an overall uniformity in all public schools with resulting coalescence between the powers and duties of an independent school system and those of a county school system. *Jenkins Indep. Schs v. Doe*, 379 S.W.3d 808, 2012 Ky. App. LEXIS 196 (Ky. Ct. App. 2012).

OPINIONS OF ATTORNEY GENERAL.

In the exercise of reasonable discretion, a board of education may decide that it is in the best interests of the school district to participate in the student teacher-training program. OAG 63-269.

A commission, agency, or city has the power to condemn property of a school board for the general purpose for which each was created. OAG 65-330.

A school board may sell property directly to a city or its agency or commission without the necessity of a public offering, and it may also negotiate for a settlement out of court at any point during a condemnation proceeding. OAG 65-330.

As a school district is a municipal corporation and stands on the same constitutional grounds as a county as to levying taxes and as the statutes are now written the school districts set the tax rate and the function of the fiscal court in levying school taxes is merely perfunctory, there should be no reason why the statutes could not be amended to make the school district the tax levying authority for school taxes. OAG 73-704.

A board of education has the authority to bring an action in its own name for the recovery of funds improperly paid and the fact that the Attorney General also has this authority does not delimit the authority of the board of education but provides another means of bringing such an action when a local board for some reason fails to do so and nothing in KRS 156.138 indicates that an action by the Attorney General shall be the exclusive recourse. OAG 73-867.

The school board has broad discretion under this section and KRS 160.290 in the selection of school sites and the establishment of schools so that even if the county is the legal owner of the property and is leasing it to the school board under KRS 162.140 as the school district holds equitable title, the fiscal court has no rights relative to a high school building

which the board of education plans to tear down and replace with a new building unless the county could negotiate to purchase the property from the school board. OAG 74-221.

The board of education may purchase land from a boosters club under the same authority that it purchases land from any person. OAG 75-1.

Being married is not a legal reason for a regulation forbidding a student to go on a class trip. OAG 75-163.

A local school board has the implied authority to employ an attorney to represent the board in its corporate capacity in litigation with the State Board of Education and to pay resulting legal fees from the general fund. OAG 75-552.

Where a legal action contesting the election of certain board members was brought against individual board members and not the board of education, the payment by the county board of education of legal fees and stenographic costs would be an illegal expenditure of public common school funds. OAG 77-580.

In the sale of surplus school property by a school district, only a cash transaction would be satisfactory. OAG 77-771.

The provision of this section allowing the school board to appropriate funds for the disposal of civil actions brought against school board members due to an act in the scope and course of the performance of their duties does not extend to the defense of a suit brought in quo warranto against a board member for an allegedly disqualifying act under KRS 160.180(4). OAG 78-648.

Since a local board is a "body politic and corporate" which may only transact business at a properly held meeting, by majority vote, a single member is powerless to cause an audit to be conducted of a school's financial records. OAG 79-321.

There is no legal basis that would require a local board of education to determine "cause" existed before a new chairperson could be chosen. OAG 80-48.

Two members of a five-member board of education have no authority to act for the board as a body, thus where two board members offered to remove a written reprimand by the board from a high school coach's record in consideration of a resignation by the coach, such an offer was without legal significance. OAG 80-119.

A local county board of education is sufficiently representative of the geographic area that it serves to qualify as an agency with which a community action agency could contract, and therefore, as long as the subject matter of the contract related to the purpose of promoting public education, a county board of education could enter into a contract with a community action agency pursuant to this section and KRS 160.290. OAG 82-387.

Under the broad powers of a school board, pursuant to this section and KRS 160.290, it could employ a security guard to look after its properties; such security guard, to be effective, should be a special local peace officer commissioned according to KRS 61.360. OAG 84-107.

A local board of education may open or close a school without the recommendation of the local superintendent. OAG 85-98.

Where one or more school districts initiate a suit to enforce state equalization of school funding within the Commonwealth, interested school districts may contribute reasonable amounts of money from school funds to meet the costs of the suit, including reasonable attorney's fees; such expenditure would, however, have to be made in accordance with appropriate budget considerations. OAG 85-100.

Although this section and KRS 160.290(1) do not provide a specific statutory pronouncement upon what a local board of education may expend, school funds may be expended for those purposes authorized either expressly or by necessary implication by the statutes. OAG 85-100.

A local school district may contract to allow funds held for the local district by the Kentucky Department of Education to be transferred as directed, assuming all statutory and consti-

tutional requirements relative to the use of those funds, if any, have been met. OAG 87-22.

The local board has responsibility for control and management of the school district as a whole, and has the authority to make contracts and agreements; the board has management and control of school funds, and fixes the compensation of the employees. OAG 92-29.

A reward, offered by the local school board, for the purpose of apprehending the vandals who damaged school property constitutes a proper educational purpose within the meaning of Sections 180, 184 and 186 of the Kentucky Constitution; the act also falls within the parameters of this section as being necessary in order that the board may accomplish the purposes for which it was created as the resources of each school system are limited, and must be protected. OAG 92-63.

School board approval is required when the superintendent decides to move the central business office to a new location requiring substantial expenditure of school funds because the movement of the office is not, primarily, a personnel decision, but one involving the management of business affairs; while the superintendent has responsibility for the management of business affairs, that responsibility is subject to the control of the board of education and moreover, the school board has control and management of all school funds, public school property and school facilities; depending on the steps taken, approval of the Department of Education may also be required. OAG 92-65.

160.170. Oath of board members.

Every person elected to a board of education shall, before assuming the duties of his office, take the following oath, in addition to the constitutional oath:

"State of Kentucky,

"County of _____

"_____, being duly sworn, says that he is eligible under the law to serve as a member of the board of education, and that he will not, while serving as a member of such board, become interested, directly or indirectly, in any contract with or claim against the board, and that he will not in any way influence the hiring or appointment of district employees, except the hiring of the superintendent of schools or school board attorney.

"Subscribed and sworn to before me this _____ day of _____

"_____"

The oath shall be kept on record by the board.

NOTES TO DECISIONS

Analysis

1. Constitutionality.
2. Taking Oath and Filing of Record.

1. Constitutionality.

Because this section and KRS 160.180(3) clearly prohibit school board members from engaging in nepotism or favoritism, conduct in which the Commonwealth has a significant interest, and their wording, as their meaning, is simple and unequivocal and not susceptible to arbitrary or discriminatory enforcement, the statutes are not unconstitutionally vague or overbroad. *Craig v. Kentucky State Bd. for Elementary & Secondary Educ.*, 902 S.W.2d 264, 1995 Ky. App. LEXIS 124 (Ky. Ct. App. 1995).

2. Taking Oath and Filing of Record.

Member elected to board of education qualified by taking oath of office and filing same at first meeting of board at which his term began, and his office could not be declared vacant because he failed to file documentary evidence of his educational qualification as required by bylaws of board. *Oakes v. Remines*, 273 Ky. 750, 117 S.W.2d 948, 1938 Ky. LEXIS 713 (Ky. 1938).

Members did not forfeit office and were not subject to removal where they had taken constitutional oath but had failed through inadvertence to take the additional statutory oath until five (5) months after entering office at which time they discovered the omission and took the oath in writing and entered it in the school board records. *Commonwealth ex rel. Breckinridge v. Marshall*, 361 S.W.2d 103, 1962 Ky. LEXIS 228 (Ky. 1962).

OPINIONS OF ATTORNEY GENERAL.

Where five months after taking office school board members had not yet taken the statutory oath of office the board members forfeited their office for failure to qualify within a reasonable time after their election. OAG 61-485.

Where five months after taking office school board members had not yet taken the statutory oath, the State Board of Education was required to fill the resulting vacancies pursuant to KRS 160.190. OAG 61-485.

It is permissible for a successful candidate for the school board to take the statutory oath of office at a school board meeting to be held the second Monday in January. OAG 65-4.

Where a person who was elected a member of the county board of education and who had received a certificate of election refused to take the oath of office, such office became vacant 30 days after the beginning of the term or 30 days after receipt by the person elected of the certificate of election, whichever event was later and the other members of the board should thereafter immediately make an appointment to fill the vacancy under the duty imposed on them by KRS 160.190. OAG 69-60.

Persons who are ineligible to serve on school board should resign; however, unless a private citizen is claiming the office for himself, there is no proceeding short of an Attorney General ouster complaint which could prevent such individuals from taking the oath of office. OAG 92-160.

160.180. Eligibility for membership on local board of education — Annual in-service training requirements.

(1) As used in this section, "relative" means father, mother, brother, sister, husband, wife, son, and daughter.

(2) No person shall be eligible for membership on a board of education:

(a) Unless he has attained the age of twenty-four (24) years; and

(b) Unless he has been a citizen of Kentucky for at least three (3) years preceding his election and is a voter of the district for which he is elected; and

(c) Unless he has completed at least the twelfth grade or has been issued a High School Equivalency Diploma; and

(d) Unless an affidavit signed under penalty of perjury certifying completion of the twelfth grade or the equivalent as determined by passage of the twelfth grade equivalency examination held under regulations adopted by the Kentucky Board of Education has been filed with the nominating petition required by KRS 118.315; and

(e) For a candidate who files a nominating petition as required by KRS 118.315 on or after the April 2, 2018, unless a transcript evidencing completion of the twelfth grade or results of a twelfth grade equivalency examination has been filed with the nominating petition; or

(f) Who holds any elective federal, state, county, or city office; or

(g) Who, at the time of his election, is directly or indirectly interested in the sale to the board of books, stationery, or any other property, materials, supplies, equipment, or services for which school funds are expended; or

(h) Who has been removed from membership on a board of education for cause; or

(i) Who has a relative as defined in subsection (1) of this section employed by the school district and is elected after July 13, 1990. However, this shall not apply to a board member holding office on July 13, 1990, whose relative was not initially hired by the district during the tenure of the board member.

(3) If, after the election of any member of the board, he becomes interested in any contract with or claims against the board, of the kind mentioned in paragraph (g) of subsection (2) of this section, or if he moves his residence from the district for which he was chosen, or if he attempts to influence the hiring of any school

employee, except the superintendent of schools or school board attorney, or if he does anything that would render him ineligible for reelection, he shall be subject to removal from office pursuant to KRS 415.050 and 415.060.

(4) A board member shall be eligible for reelection unless he becomes disqualified.

(5) The annual in-service training requirements for all school board members in office as of December 31, 2014, shall be as follows:

(a) Twelve (12) hours for school board members with zero to three (3) years of experience;

(b) Eight (8) hours for school board members with four (4) to seven (7) years of experience; and

(c) Four (4) hours for school board members with eight (8) or more years of experience.

The Kentucky Board of Education shall identify the criteria for fulfilling this requirement.

(6)(a) For all board members who begin their initial service on or after January 1, 2015, the annual in-service training requirements shall be twelve (12) hours for school board members with zero to eight (8) years of experience and eight (8) hours for school board members with more than eight (8) years of experience.

(b) Training topics for school board members shall include:

1. Three (3) hours of finance, one (1) hour of ethics, and one (1) hour of superintendent evaluation annually for members with zero to three (3) years' experience;

2. Two (2) hours of finance, one (1) hour of ethics, and one (1) hour of superintendent evaluation annually for members with four (4) to seven (7) years' experience; and

3. One (1) hour of finance, one (1) hour of ethics, and one (1) hour of superintendent evaluation biennially for members with eight (8) or more years' experience.

The Kentucky Board of Education shall identify criteria for fulfilling this requirement.

Acts 1978, ch. 155, § 82, effective June 17, 1978; 1978, ch. 272, § 1, effective June 17, 1978; 1980, ch. 43, § 1, effective July 15, 1980; 1984, ch. 376, § 1, effective July 13, 1984; 1986, ch. 417, § 1, effective July 15, 1986; 1990, ch. 214, § 1, effective July 13, 1990; 1990, ch. 476, Pt. II, § 71, effective July 13, 1990; 1996, ch. 145, § 5, effective July 15, 1996; 1996, ch. 362, § 6, effective July 15, 1996; 1998, ch. 416, § 1, effective July 15, 1998; 2014, ch. 136, § 1, effective July 15, 2014; 2018 ch. 105, § 3, effective April 4, 2018.

Legislative Research Commission Notes.

(7/13/90). This section was amended by two 1990 Acts. Where those Acts are not in conflict, they have been compiled together. Where a conflict exists, the Act which was last enacted by the General Assembly prevails.

(4/4/2018). The amendments made to this statute in 2018 Ky. Acts ch. 105, sec. 3 are effective April 4, 2018. SB 101 (Ch. 105) was delivered to the Governor on March 22, 2018. The 10-day, not counting Sundays, veto period began on the next day, March 23, and ended at midnight on April 3, 2018. The Governor returned that bill to the Secretary of State on April 2 without signing it. Therefore, since the Governor could have retrieved it and signed it or vetoed it prior to the end of April

3, the bill would not take effect until the first moment of April 4, 2018 following the expiration of the 10-day veto period.

1. Constitutionality.

Subdivision (1)(d) (now (2)(e)) and subsection (2) (now (3)) of this section, a “resign-to-run” statute, do not deny school board members their rights of free speech or equal protection of the laws. *Yonts v. Commonwealth*, 700 S.W.2d 407, 1985 Ky. LEXIS 285 (Ky. 1985).

This section is not unconstitutional because of its failure to state the penalty for its violation; the title specifically tells that this statute lists the eligibility requirements necessary to hold office and anyone who cannot meet these requirements cannot hold the office of board member. *Cross v. Commonwealth*, 795 S.W.2d 65, 1990 Ky. App. LEXIS 123 (Ky. Ct. App. 1990).

Subsection (2)(i) of this section does not violate the First Amendment, nor the equal protection clause of the Fourteenth Amendment of the United States Constitution. *Chapman v. Gorman*, 839 S.W.2d 232, 1992 Ky. LEXIS 124 (Ky. 1992).

Because KRS 160.170 and subsection (3) of this section clearly prohibit school board members from engaging in nepotism or favoritism, conduct in which the Commonwealth has a significant interest, and their wording, as their meaning, is simple and unequivocal and not susceptible to arbitrary or discriminatory enforcement, the statutes are not unconstitutionally vague or overbroad. *Craig v. Kentucky State Bd. for Elementary & Secondary Educ.*, 902 S.W.2d 264, 1995 Ky. App. LEXIS 124 (Ky. Ct. App. 1995).

KRS 160.180, and its definition of “relative,” is constitutional and bears a rational relationship to the elimination of nepotism. *Commonwealth ex rel. Stumbo v. Crutchfield*, 157 S.W.3d 621, 2005 Ky. LEXIS 82 (Ky. 2005).

Inclusion of aunt/uncle in the definition of “relative” within KRS 160.180 rationally promotes the governmental goal of eliminating nepotism and the Kentucky General Assembly was not acting irrationally by not including niece/nephew when it formulated the definition of “relative” and drawing the line elsewhere. *Commonwealth ex rel. Stumbo v. Crutchfield*, 157 S.W.3d 621, 2005 Ky. LEXIS 82 (Ky. 2005).

2. Construction.

These provisions are mandatory. *Whittaker v. Commonwealth*, 272 Ky. 794, 115 S.W.2d 355, 1938 Ky. LEXIS 208 (Ky. 1938). See *Commonwealth ex rel. Meredith v. Norfleet*, 272 Ky.

800, 115 S.W.2d 353, 1938 Ky. LEXIS 207 (Ky. 1938); Commonwealth by Meredith v. Moye, 273 Ky. 384, 116 S.W.2d 952, 1938 Ky. LEXIS 647 (Ky. 1938); Commonwealth v. Mullins, 286 Ky. 242, 150 S.W.2d 668, 1941 Ky. LEXIS 242 (Ky. 1941).

3. Application.

This section applied to all candidates, even though they had previously held office before the enactment of this section. Commonwealth v. Mullins, 286 Ky. 242, 150 S.W.2d 668, 1941 Ky. LEXIS 242 (Ky. 1941) (Decision prior to 1998 amendment).

4. Voter of District for Which Elected.

This section requires a candidate to be a fully qualified legal voter. Moore v. Tiller, 409 S.W.2d 813, 1966 Ky. LEXIS 74 (Ky. 1966).

Person who moved into a residence outside of division of school district and lived therein for three years was not a resident of the division of the school district although he had always theretofore lived in division, was registered there and expressed an intention to retain his residence therein. Moore v. Tiller, 409 S.W.2d 813, 1966 Ky. LEXIS 74 (Ky. 1966).

A person may have many residences but in the absence of showing an intention of abandoning his Kentucky citizenship, his state of origin, he will be deemed a Kentucky citizen for the purpose of qualifying for office in that state; therefore, where a man was born and raised here, and his every act manifested his intent to remain a citizen of this state, not merely to return here, his temporary and involuntary absences from Kentucky did not serve to terminate his standing as a citizen. Dickey v. Bagby, 574 S.W.2d 922, 1978 Ky. App. LEXIS 638 (Ky. Ct. App. 1978).

5. Educational Requirements.

The legislature was authorized to require completion of the eighth grade. Commonwealth ex rel. Meredith v. Norfleet, 272 Ky. 800, 115 S.W.2d 353, 1938 Ky. LEXIS 207 (Ky. 1938) (Decision prior to 1990 amendment).

Board of education has no authority to pass bylaw requiring board's members-elect, when attempting to qualify, to first present to the board legal evidence that they possess educational requirements of this section. Oakes v. Remines, 273 Ky. 750, 117 S.W.2d 948, 1938 Ky. LEXIS 713 (Ky. 1938).

The taking of oath of office before the date the term of office of predecessor expired was merely anticipating and getting ready to assume duties at the appointed time and did not make person elected as member of the county board of education a usurper and no cause of action would lie including quo warranto or injunction on grounds he did not have an eighth grade education so was not qualified and the later assumption of the office and the amendment of the petition thereafter could not give life to the premature petition. Broyles v. Commonwealth, 309 Ky. 837, 219 S.W.2d 52, 1949 Ky. LEXIS 826 (Ky. 1949) (Decision prior to 1990 amendment).

The requirement of subsection (1)(c) (now (2)(c)) of this section that no person shall be eligible to membership on a board of education unless he has completed at least the eighth grade in the common school, means that such requirement must be met before such member is elected to office. Commonwealth ex rel. Buckman v. Preece, 257 S.W.2d 51, 1953 Ky. LEXIS 764 (Ky. 1953) (Decision prior to 1990 amendment).

Attorney General had the right to withdraw from proceeding at any time prior to judgment and trial court could not render judgment on merits when he had withdrawn from proceeding to oust board of education members on grounds they lacked educational requirements prior to entry of judgment. Choate v. Commonwealth, 347 S.W.2d 81, 1961 Ky. LEXIS 347 (Ky. 1961).

6. — Teacher's Affidavit.

A verified statement from the teacher under whom the eighth grade was completed is sufficient evidence of educational qualifications. Commonwealth v. Griffen, 268 Ky. 830,

105 S.W.2d 1063, 1937 Ky. LEXIS 536 (Ky. 1937) (Decision prior to 1990 amendment).

An affidavit that applicant completed the sixth grade, which was then equivalent to the eighth grade, is insufficient. Commonwealth ex rel. Meredith v. Norfleet, 272 Ky. 800, 115 S.W.2d 353, 1938 Ky. LEXIS 207 (Ky. 1938) (Decision prior to 1990 amendment).

An affidavit of a teacher which does not identify the grade completed is insufficient. Whittaker v. Commonwealth, 272 Ky. 794, 115 S.W.2d 355, 1938 Ky. LEXIS 208 (Ky. 1938) (Decision prior to 1990 amendment).

Affidavit of teacher other than one under whom eighth grade was completed has no probative value. Chadwell v. Commonwealth, 288 Ky. 644, 157 S.W.2d 280, 1941 Ky. LEXIS 182 (Ky. 1941) (Decision prior to 1990 amendment).

In the absence of contradictory proof, teacher's affidavit is conclusive of qualification. The Commonwealth may introduce evidence contradicting affidavit but it is not required to plead against it. Commonwealth by Funk v. Sizemore, 243 S.W.2d 671, 1951 Ky. LEXIS 1156 (Ky. 1951) (Decision prior to 1990 amendment).

Neither the failure to produce a certificate nor the fact that appellee enrolled in the seventh grade after having completed the eighth grade is sufficient to overcome the probative value of the statements contained in his teacher's affidavit that appellee successfully completed the eighth grade. Commonwealth ex rel. Breckinridge v. King, 343 S.W.2d 139, 1961 Ky. LEXIS 408 (Ky. 1961) (Decision prior to 1990 amendment).

A teacher's affidavit is the weakest kind of proof of a person's completion of the eighth grade and its probative effect may be overcome by contradictory evidence. Spurlock v. Commonwealth, 350 S.W.2d 472, 1961 Ky. LEXIS 99 (Ky. 1961) (Decision prior to 1990 amendment).

7. — Schoolmate Affidavit.

Affidavits of former schoolmates do not supply the statutory requirement. Whittaker v. Commonwealth, 272 Ky. 794, 115 S.W.2d 355, 1938 Ky. LEXIS 208 (Ky. 1938).

Educational qualification cannot be established by member or his schoolmates. Commonwealth by Funk v. Clark, 311 Ky. 710, 225 S.W.2d 118, 1949 Ky. LEXIS 1224 (Ky. 1949).

This section does not permit verbal testimony of the party or even his schoolmates to be considered. Commonwealth ex rel. Buckman v. Preece, 257 S.W.2d 51, 1953 Ky. LEXIS 764 (Ky. 1953).

8. — Mandatory.

Provisions of subsection (1)(c) (now (2)(c)) of this section are mandatory and applicant must prove qualification of eighth grade education by one of the methods provided. Commonwealth by Dummit v. Mullins, 307 Ky. 383, 211 S.W.2d 133, 1948 Ky. LEXIS 741 (Ky. 1948) (Decision prior to 1990 amendment).

9. — Burden of Proof.

Proof of educational qualifications must substantially comply with this section. Affidavit of substitute teacher who taught for two (2) or three weeks was insufficient, and testimony of fellow students and others could not be considered. Commonwealth by Meredith v. Moye, 273 Ky. 384, 116 S.W.2d 952, 1938 Ky. LEXIS 647 (Ky. 1938).

The legislature intended to permit proof of eligibility in any of the specified methods, so a member may qualify by examination, even if he did not complete the eighth grade, or by affidavit without reference to school records, and a photostatic copy of one member's signature and samples of his handwriting could not be considered as lack of education. Commonwealth by Meredith v. Moye, 273 Ky. 384, 116 S.W.2d 952, 1938 Ky. LEXIS 647 (Ky. 1938).

Member of county board of education did not possess statutory educational requirements where he admitted his lack in

demurrer to petition for ouster. *Commonwealth v. Wilson*, 273 Ky. 745, 117 S.W.2d 935, 1938 Ky. LEXIS 709 (Ky. 1938).

10. — Summary Judgment.

In action for ouster of county board of education member's failure to respond properly to request for admission under CR 36.01, that he had never completed the eighth grade constituted an admission and summary judgment should have been sustained and board of education member ousted. *Commonwealth ex rel. Matthews v. Rice*, 415 S.W.2d 618, 1966 Ky. LEXIS 10 (Ky. 1966) (Decision prior to 1990 amendment).

11. Holding Civil or Political Office.

This provision does not deal with offices, deputyships or agencies under the state. *Polley v. Fortenberry*, 268 Ky. 369, 105 S.W.2d 143, 1937 Ky. LEXIS 475 (Ky. 1937).

Although concurrent membership on county board of education and county election board is not a violation of this section unless it is in law a local office as distinguished from state office it is inherently inconsistent or repugnant as their occupancy by one person is detrimental to public interest. *Adams v. Commonwealth*, 268 S.W.2d 930, 1954 Ky. LEXIS 931 (Ky. 1954).

Where a member of a county board of education was an unsuccessful candidate for his party's nomination to the office of county tax commissioner for his county and an action was brought to oust him from membership on the board on the grounds that under the terms of this section his office was vacated when he became a candidate, the trial court erred in sustaining a motion to dismiss the complaint, even though the office of tax commissioner is a state office and is not specifically enumerated in subsection (1)(d) (now (2)(e)) of this section. *Commonwealth ex rel. Buckman v. Miller*, 272 S.W.2d 468, 1954 Ky. LEXIS 1109 (Ky. 1954).

The county hospital board serves as an advisory body to the fiscal court agency or deputyship of the county as those terms are used in this section. *Commonwealth ex rel. Hancock v. Bowling*, 562 S.W.2d 310, 1978 Ky. LEXIS 323 (Ky. 1978).

12. Interest in Sale to Board.

In general, the disqualifying interest must be pecuniary or proprietary by which the member stands to gain or lose something. However, the interest is not sufficient to disqualify the officer if the opportunity for self-benefit is a mere possibility or is remote or collateral. *Commonwealth ex rel. Vincent v. Withers*, 266 Ky. 29, 98 S.W.2d 24, 1936 Ky. LEXIS 594 (Ky. 1936).

The term "service" includes teaching, and one teaching under contract with the board for which he is a candidate is a disqualified candidate. *Whittaker v. Commonwealth*, 272 Ky. 794, 115 S.W.2d 355, 1938 Ky. LEXIS 208 (Ky. 1938).

One under contract to teach school in county was disqualified to hold membership on board of education of that county, because of interest in the sale of services for which school funds are expended. *Commonwealth v. Begley*, 273 Ky. 636, 117 S.W.2d 599, 1938 Ky. LEXIS 692 (Ky. 1938).

A board member is not guilty of violating this section where he has divested himself of all interest in the note in question prior to his election. *Commonwealth by Meredith v. Hardin*, 286 Ky. 404, 150 S.W.2d 477, 1941 Ky. LEXIS 227 (Ky. 1941).

Where teacher applied for teaching position and county board of education notified him of employment, he was not eligible to be elected to membership on the board of education because at the time of his election he was interested in sale of services to the board. *Commonwealth ex rel. Funk v. Robinson*, 314 Ky. 344, 235 S.W.2d 780, 1950 Ky. LEXIS 1092 (Ky. 1950).

The office of member of board of education has been declared vacated where member was interested in sale of material or supplies to school even though member's motives were proper and the sales were nonprofit. *Commonwealth ex rel. Breckin-*

ridge v. Collins, 379 S.W.2d 436, 1964 Ky. LEXIS 237 (Ky. 1964).

Member of board, who at time of his election had contract with board of education to transport students and continued to perform his contract for a period but ceased before taking office, and member who sold small amounts of supplies to a class in the school after becoming a member, were disqualified from holding office. *Commonwealth ex rel. Matthews v. Coatney*, 396 S.W.2d 72, 1965 Ky. LEXIS 102 (Ky. 1965).

No profit need be made on a sale of goods by a board member to a school board in order to violate this section, and it is immaterial whether the funds used to make the purchase were the result of an activity fund raised solely by the students. *Commonwealth ex rel. Hancock v. Marshall*, 559 S.W.2d 497, 1977 Ky. App. LEXIS 868 (Ky. Ct. App. 1977).

Where a board member is without knowledge of a sale to the board or is not in the position of having to approve a contract or sale to the board, the prohibition of this section is not contravened. *Commonwealth ex rel. Hancock v. Marshall*, 559 S.W.2d 497, 1977 Ky. App. LEXIS 868 (Ky. Ct. App. 1977).

One who is the president, employee and majority stockholder of a company selling merchandise to a school board comes within the purview of one "indirectly interested" as prohibited by this section. *Commonwealth ex rel. Hancock v. Marshall*, 559 S.W.2d 497, 1977 Ky. App. LEXIS 868 (Ky. Ct. App. 1977).

13. Interest in Contract or Claim.

Evidence justified trial court's refusal to declare member of county board a usurper in office because of interest in contracts for purchase of coal from schools where he prepared the bids for five bidders, four of whom received seven contracts out of 25 bids for and three of whom filled the contracts by purchasing the coal from coal mine in which the board member was a partner, in absence of evidence that he reached his object and accomplished his purpose of profiting by the contracts through the bidders as secret agencies or intermediaries or by sharing with them. *Commonwealth ex rel. Vincent v. Withers*, 266 Ky. 29, 98 S.W.2d 24, 1936 Ky. LEXIS 594 (Ky. 1936).

The interest is not sufficient to disqualify the member if the opportunity for self-benefit is a mere possibility or is so remote or collateral, such as being only a debtor, that it cannot be reasonably calculated to affect his judgment or conduct in the making of the contract or in its performance. *Commonwealth ex rel. Vincent v. Withers*, 266 Ky. 29, 98 S.W.2d 24, 1936 Ky. LEXIS 594 (Ky. 1936).

Mere fact that contractor with a municipal board, without previous arrangement or agreement, saw fit to buy material or supplies from a member of the board does not render the contract vicious or ordinarily subject the officer to merited criticism or a forfeiture of his office; the possibility of profit from a subsequent independent contract in the absence of inculpatory circumstances ought not to be regarded as having a corrupt influence upon the mind of the officer. *Commonwealth ex rel. Vincent v. Withers*, 266 Ky. 29, 98 S.W.2d 24, 1936 Ky. LEXIS 594 (Ky. 1936).

Bare implication or inference that under the stimulus of expected contingent profit an officer acted wrongfully, in opposition to positive testimony and several contradicting circumstances, should not prevail or justify the court in applying the statute under which office shall without further action be vacant. *Commonwealth ex rel. Vincent v. Withers*, 266 Ky. 29, 98 S.W.2d 24, 1936 Ky. LEXIS 594 (Ky. 1936).

The mere fact that a contractor with a school board, without previous arrangement or agreement, bought materials from a board member is not ground for forfeiture of office. *Commonwealth ex rel. Vincent v. Withers*, 266 Ky. 29, 98 S.W.2d 24, 1936 Ky. LEXIS 594 (Ky. 1936).

If the conditions prohibited in subsection (2) of this section exist at the time of election, the candidate is disqualified and

board member, who was teacher at time of election, but who resigned prior to qualification as board member, was disqualified. *Whittaker v. Commonwealth*, 272 Ky. 794, 115 S.W.2d 355, 1938 Ky. LEXIS 208 (Ky. 1938).

The interest referred to herein must be a monetary interest moving directly or indirectly to the member, and not a mere emotional interest. *Chadwell v. Commonwealth*, 288 Ky. 644, 157 S.W.2d 280, 1941 Ky. LEXIS 182 (Ky. 1941).

Board member's testimony that his store had made sales to board but that it was in his wife's name "for internal revenue purposes" was a violation of this section as an indirect interest in sales to board. *Brooks v. Commonwealth*, 286 S.W.2d 913, 1956 Ky. LEXIS 436 (Ky. 1956).

When county board of education member's term of office had expired during pendency of appeal, court would not decide whether he became disqualified by becoming directly or indirectly interested in sale to board of stationery and similar supplies since the circumstances had changed or events had occurred making the determination unnecessary and great public interest was not involved and a decision would not settle a concrete issue but would declare an academic question of law. *Commonwealth by Breckinridge v. Woods*, 342 S.W.2d 534, 1961 Ky. LEXIS 391 (Ky. 1961).

The facts that the amount involved was small and trivial and that full value was given to school by the school board member are immaterial on a charge under this section that he sold items totaling \$64.85 through his hardware store to the school system. *Stringer v. Commonwealth*, 428 S.W.2d 203, 1968 Ky. LEXIS 709 (Ky. 1968).

14. Ineligible for Reelection.

The fact that a member of the county board of education was re-elected to a new term after his violation of the acts complained of does not "whitewash" him or furnish a defense. *Stringer v. Commonwealth*, 428 S.W.2d 203, 1968 Ky. LEXIS 709 (Ky. 1968).

A school board member who violates this section is ineligible for re-election. *Commonwealth ex rel. Breckinridge v. Winstead*, 430 S.W.2d 647, 1968 Ky. LEXIS 407 (Ky. 1968).

15. Employment of Relatives.

Board members have a discretion in voting on an applicant who is related to one of the board members, notwithstanding that the applicant is duly qualified and nominated. *Hall v. Boyd County Board of Education*, 265 Ky. 500, 97 S.W.2d 38, 1936 Ky. LEXIS 523 (Ky. 1936).

Evidence that lame duck members of school board, by agreement with other members and one newly-elected member, employed close relatives of newly-elected member, shortly before expiration of their terms, was insufficient to justify removal of newly-elected member as usurper. *Richardson v. Commonwealth*, 275 Ky. 486, 122 S.W.2d 156, 1938 Ky. LEXIS 472 (Ky. 1938).

Vote of board member to vest in superintendent authority to hire bus drivers without approval of the board, following which the superintendent employed the board member's son, was not a vote regarding employment of a relative. *Chadwell v. Commonwealth*, 288 Ky. 644, 157 S.W.2d 280, 1941 Ky. LEXIS 182 (Ky. 1941).

Where school board member voted for the employment of his sister he was disqualified as a member and his reelection and assumption of a new term did not "whitewash" such misconduct. *Letcher v. Commonwealth*, 414 S.W.2d 402, 1966 Ky. LEXIS 12 (Ky. 1966).

Where the defendant, as a member of the county board of education, seconded a motion to hire certain school bus drivers, one of whom was his cousin, but did not vote, there was no violation, for the statute forbids voting, not seconding a motion. *Commonwealth ex rel. Matthews v. Combs*, 426 S.W.2d 461, 1968 Ky. LEXIS 652 (Ky. 1968).

A board of education can speak only through its records and such records cannot be enlarged or restricted to enable a school board member, by parol testimony, to prove that he did not vote for his wife's employment. *Stringer v. Commonwealth*, 428 S.W.2d 203, 1968 Ky. LEXIS 709 (Ky. 1968).

Where the minutes of the school board showed that it had voted unanimously to employ the sister of one of the board members as manager of the school cafeteria, the chancellor's finding that the member did not vote in violation of the statute was in error. *Commonwealth ex rel. Matthews v. Ford*, 444 S.W.2d 908, 1969 Ky. LEXIS 237 (Ky. 1969).

Where the minutes of a local board of education showed that one of its members had voted for a sister and niece for employment with the board, but these had been amended to show he had not so voted, and the Commonwealth sought to introduce affidavits of witnesses that he had so voted, in opposition to his motion for summary judgment, it was error to grant summary judgment, since such evidence is admissible to show mistake or fraud in the minutes recording these votes. *Commonwealth ex rel. Stephens v. Stephenson*, 574 S.W.2d 328, 1978 Ky. App. LEXIS 619 (Ky. Ct. App. 1978).

A member of a county board of education was properly ousted for affirmatively voting to hire twenty-two (22) individuals, one of whom was his first cousin. *Cross v. Commonwealth*, 795 S.W.2d 65, 1990 Ky. App. LEXIS 123 (Ky. Ct. App. 1990).

Although school board member urges the court to carve another exception from the statute which would allow him to remain eligible for office, this cannot be done where the language of the anti-nepotism statute is clear and unambiguous; it is of no importance when his daughter-in-law became his relative, it is only important under the statute that she is his relative. *Newby v. Commonwealth ex rel. Gorman*, 911 S.W.2d 606, 1995 Ky. LEXIS 150 (Ky. 1995).

Attorney General's ouster petition should not have been denied with regard to seeking to disqualify an elected county board of education member, whose uncle was a bus driver within the school district. Disqualifying aunts/uncles pursuant to KRS 160.180 rationally promoted the governmental goal of eliminating nepotism. *Commonwealth ex rel. Stumbo v. Crutchfield*, 157 S.W.3d 621, 2005 Ky. LEXIS 82 (Ky. 2005).

16. Removal.

This section did not impliedly repeal law regarding usurpation of office in relation to school officers, and Attorney General may institute an action under such law to prevent usurpation of office of member of county board of education, on grounds of misconduct as well as lack of qualifications. *Richardson v. Commonwealth*, 275 Ky. 486, 122 S.W.2d 156, 1938 Ky. LEXIS 472 (Ky. 1938).

One violating this section may be proceeded against as a usurper by Attorney General or person claiming office. *Chadwell v. Commonwealth*, 288 Ky. 644, 157 S.W.2d 280, 1941 Ky. LEXIS 182 (Ky. 1941).

County board of education could not declare the office of one of its duly elected and qualified members vacant, on the ground he had moved from district; removal could be accomplished only by ouster proceedings under KRS 415.050. *Salyers v. Lyons*, 304 Ky. 320, 200 S.W.2d 749, 1947 Ky. LEXIS 637 (Ky. 1947).

A county board cannot declare vacant the seat of a member of that board, who has been duly elected and qualified, on the ground that the member does not possess some qualification as for membership required by this section. *Board of Education v. Cassell*, 310 Ky. 274, 220 S.W.2d 552, 1949 Ky. LEXIS 890 (Ky. 1949).

Resignation of member of county board of education who was interested in a contract which might disqualify him under this section prior to appointment of his successor was an abandonment of office and not a forfeiture and other members of board could bring a declaratory judgment action for deter-

mination of abandonment under KRS 418.045 where only the Commonwealth or a person entitled to the office could bring an action in nature or quo warranto to adjudge forfeiture. *Hall v. Allen*, 313 Ky. 441, 231 S.W.2d 702, 1950 Ky. LEXIS 898 (Ky. 1950).

County board of education members cannot be ousted or enjoined from the performance of their duties except as the result of an action brought by the person who claims the office or in an action brought by the Attorney General of the Commonwealth. *Griffey v. Board of Education*, 385 S.W.2d 319, 1964 Ky. LEXIS 157 (Ky. 1964).

A member of a county board of education does not vacate his office without any further action when he is guilty of conduct which violates this section but he must be removed by ouster proceedings and county residents and taxpayers cannot maintain class action for declaratory judgment to enjoin performance of certain official acts. *Griffey v. Board of Education*, 385 S.W.2d 319, 1964 Ky. LEXIS 157 (Ky. 1964).

The State Board of Elementary and Secondary Education (now Board of Education), under the Kentucky Education Reform Act, has the authority to remove members from a county board of education for misconduct in office; there is no language in either KRS 156.132 or this section which suggests, let alone mandates, that the Attorney General has the exclusive power to remove district board members for violations of KRS 160.180. *State Bd. for Elementary & Secondary Educ. v. Ball*, 847 S.W.2d 743, 1993 Ky. LEXIS 46 (Ky. 1993).

Sufficient evidence was presented to support a judgment of removal of school board members for misconduct. *State Bd. for Elementary & Secondary Educ. v. Ball*, 847 S.W.2d 743, 1993 Ky. LEXIS 46 (Ky. 1993).

17. — De Facto Officer.

A school board member against whom ouster proceedings are commenced is a de facto officer until he is ousted and should be allowed to vote pending a trial and judgment on the merits. *Commonwealth ex rel. Breckinridge v. Winstead*, 430 S.W.2d 647, 1968 Ky. LEXIS 407 (Ky. 1968).

18. — Estoppel Against.

Courts should be slow to invoke estoppel against the state in its efforts to enforce a statute the purpose of which is to prevent "conflict of interest" situations and prevent self-interest in the deliberation of public servants. *Stringer v. Commonwealth*, 428 S.W.2d 203, 1968 Ky. LEXIS 709 (Ky. 1968).

19. Lack of Qualifications.

The burden is upon the board member to establish his eligibility for the office. *Commonwealth v. Coffee*, 329 S.W.2d 203, 1958 Ky. LEXIS 5 (Ky. 1958). See *Saylor v. Rockcastle County Board of Education*, 286 Ky. 63, 149 S.W.2d 770, 1941 Ky. LEXIS 216 (Ky. 1941).

The burden of establishing eligibility is on the candidate. *Commonwealth v. Mullins*, 286 Ky. 242, 150 S.W.2d 668, 1941 Ky. LEXIS 242 (Ky. 1941).

Lack of qualification may be proved by any evidence that would be competent under ordinary rules of evidence to establish the fact in issue. *Lear v. Commonwealth*, 317 S.W.2d 492, 1958 Ky. LEXIS 95 (Ky. 1958).

20. Appeal.

Great regard must be had on appeal for the finding of fact by the trial court that board member had not committed the prohibited act which would declare office vacant. *Commonwealth ex rel. Vincent v. Withers*, 266 Ky. 29, 98 S.W.2d 24, 1936 Ky. LEXIS 594 (Ky. 1936).

21. Duty to Supervise.

Because no discovery was conducted, the lower court was unable to undertake the proper analysis to determine whether the superintendent had failed to enact rules or whether the

coaches had completely failed to supervise the football team. The record was devoid of those necessary facts and thus, it was impossible to analyze whether the coaches were entitled to qualified official immunity; additionally, the trial court did not have any facts to enable it to determine whether the superintendent had acted in good faith. *Jenkins Indep. Schs v. Doe*, 379 S.W.3d 808, 2012 Ky. App. LEXIS 196 (Ky. Ct. App. 2012).

OPINIONS OF ATTORNEY GENERAL.

Under this section membership on the school board is politically incompatible with holding a local county office, and a member of the school board who becomes a candidate for county office automatically vacates his position on the school board. OAG 60-341.

Under this section, the question of educational qualification for membership on a board of education is a fact to be determined by the evidence, and an uncontroverted affidavit from a former teacher would be sufficient to establish eligibility. OAG 60-590.

This section which establishes the qualifications for members of local boards of education does not contain any requirements concerning religion, and a person of the Catholic faith, if he meets the statutory qualifications, may be a member of a local board. OAG 60-917.

A person who at the time of his election to the board of education, is a partner in a construction company, which in the current month has been awarded a school contract with the board of education of which he is a member, is ineligible for membership on the board. OAG 60-947.

This section does not prohibit a board of education from transacting business with the son-in-law of one of its members, but the related member must not vote on the proposal. OAG 60-957.

If a board member moves his residence within the district but from the division in which he was chosen, he is no longer eligible for office, but the move does not automatically create a vacancy. OAG 60-1028.

A person is not made ineligible for membership on a board of education because at the time of his election to the board, he had a claim for services rendered pending before the board, when the work on which the claim was based had been completed. OAG 60-1029.

This section does not establish physical health as a qualification of membership on a school board and a person who is given a 100 percent disability rating by the Veteran's Administration and is under the care of a nurse, is not precluded from serving as a member on a local board of education. OAG 60-1034.

A woman whose husband sells insurance to a board of education has an indirect interest in the insurance and is prohibited by this section from serving on the board. OAG 62-712.

Under this section, an owner and operator of a school bus who is under contract with county school district to transport pupils for the school year, since he cannot unilaterally dissolve his contract, is ineligible to serve as a member of the board of education during the term of the contract. OAG 62-956.

Actions taken as a school board member after filing for nomination for the office of sheriff and thus disqualifying himself would be valid until the school board member resigned or was removed from office. OAG 65-211.

No constitutional or statutory incompatibility exists between membership on the school board and membership on the municipal housing commission. OAG 66-673.

A vote by a member of a board of education for approval of payment to a validly employed kinsman of the board member

for services rendered is not proscribed by subsection (4) (now (3)) of this section. OAG 67-47.

A school board member is prohibited from contracting with the board of which he is a member despite the fact that the contract is let pursuant to sealed bids. OAG 67-212.

A board member who receives a subcontract to perform a substantial portion of the work under a prime contract awarded by a board of education thereby becomes "indirectly" interested in the contract in contravention of the statute. OAG 67-212.

If a school board member without previous arrangement or agreement and in the absence of inculpatory circumstances leases equipment to a contractor for use under a school contract, the board member does not thereby violate the statute. OAG 67-212.

The local manager of a public utility firm who has no proprietary interest in the firm, is not disqualified, either by the provisions of this section or at common law, from service on a local board of education by virtue of the fact that the board imposes a utilities gross receipts tax on the utility pursuant to KRS 160.613. OAG 67-274.

A physician is not disqualified by this section from service on a local board of education by reason of the fact that he renders professional services to school children and is compensated for some of these services by insurance which covers the children in incidents arising at or en route to or from school, since the premium for the insurance is paid by the parents and not from school funds. OAG 68-250.

Where a board of education purchases sporting goods equipment from a sporting goods store located in the county adjoining the school district, which store is owned by a brother of the chairman of the board of education, the existence of a conflict of interest on the part of the board member would depend upon the issues of fact in the case, namely whether the board member possesses a financial and/or proprietary interest in the sporting goods business, either directly or indirectly. OAG 68-303.

Since the position of county precinct chairman of a political party is neither a constitutional office, a statutory office, nor a form of public employment, the county precinct chairman is not disqualified by subsection (1)(d) (now (1)(f)) of this section from service on a local board of education. OAG 68-535.

The position of executive director or assistant executive director of a municipal housing commission is state employment and there is no incompatibility between these positions and the office of school board member. OAG 68-599.

A person employed as customer relations manager by the telephone company is not disqualified by this section from service on the local board of education because the school board might impose a utility gross receipts tax on his employer, nor would he be prevented from attending a meeting at which the subject was discussed, but he should refrain from participating in the discussion or voting on the proposal and should make his abstinence a matter of record. OAG 69-119.

If payments accepted by a board member of an independent district represent payment for services in any amount or to any degree, or if though purporting to be for actual and necessary expenses, are not for duties authorized by the board, acceptance of such would offend this section in rendering the member ineligible. OAG 69-292.

Where an eighth-grade equivalency test given locally was neither an examination approved by the Superintendent of Public Instruction or adopted by the state board, nor given under the direction of the state board or the State Superintendent, it would not suffice to qualify the candidate for the school board. OAG 70-463.

A member of the city commission running for membership on a board of education would not become ineligible for city council until he assumed the school board office. OAG 70-558.

A person can become a candidate for school board membership and at the same time continue to serve on the city commission. OAG 70-558.

There is no statutory or constitutional incompatibility between the position of director of the urban renewal agency and membership on the independent board of education. OAG 70-587.

An individual whose spouse, at the time of the individual's prospective election, or thereafter while a member of a school board, owns one-sixth of the capital stock of a dairy selling milk to the board could not properly be eligible for membership or serve on the board because the indirect financial interest would offend this section. OAG 70-613.

A person could serve on a county board of health and on the board of education at the same time without forfeiting the first office he held. OAG 70-632.

There is no constitutional or statutory provision that would prohibit a member of the county board of education from being appointed as a director or member of a water district. OAG 70-723.

If it could be demonstrated that the assistant cashier's connection with the depository bank for the school board was limited to the employer-employee relationship, there would be no disqualification from that person's serving on the school board. OAG 70-809.

If the assistant cashier of the depository bank for school board funds is in fact an officer, having been so designated by the bank's board of directors, he would be disqualified from serving on the school board. OAG 70-809.

A member of a board of education who is in the building material business may neither supply services nor materials to a prime contractor for use on a school building project which is being constructed with funds of the board of education of which he is a member. OAG 70-828.

Where a person elected to the school board was the majority stockholder in a corporation that sold soft drinks to school-controlled organizations, the continuation of such sales by the corporation would offend this section. OAG 71-33.

A school board member who was employed as truck sales manager and who made a motion and voted to purchase a truck from the firm which he represented forfeits his office immediately upon such a transaction, but if he does not resign, he will have to be removed by the court upon proof of the improper transaction. OAG 72-110.

A school board member who is the editor of a local newspaper is disqualified from serving on the board, where the editor's paper prints the high school paper, even though the high school paper is self-supporting and does not have its bills paid by the board of education. OAG 72-111.

There was no violation of this section where a member of the board of education voted to pay the salary of his great nephew employed as a teacher in the district as the relationship of great nephew is not proscribed by this section. OAG 72-303.

A school board member may not own stock in an institution where the board of education deposits its money at a prescribed rate of interest. OAG 72-327.

There is no conflict of interest where a superintendent of schools owns stock in an institution where the board of education deposits its money at a prescribed rate of interest. OAG 72-327.

A temporary absence from the state for three months to take a job in another state on a trial basis would not disqualify that person from being a candidate for the school board. OAG 72-499.

This section would not be violated where a school board member voted to award a contract to a company which employs his nephew. OAG 72-525.

A former resident of Kentucky who moved his residence for several years and returned to Kentucky on August 12, 1972, would not be an eligible candidate for membership on a county board of education in the November, 1972 election. OAG 72-670.

Where a member of the school board is a salesman for a plumbing supply house but does not sell within the county of

the school board on which he serves and has no interest in the firm for which he sells, he would not become disqualified to serve on the board when the board contemplates the purchase of equipment from such member's employer. OAG 72-691.

The term "has been removed" in subsection (1)(f) now (2)(h) of this section means that the person has been removed by a court judgment and does not include a voluntary resignation; therefore, a person who voluntarily resigns in a conflict of interest situation may save his eligibility to later serve on the board. OAG 72-777.

There is no conflict of interest where a member of a county board of education is an unpaid officer and director of a nonprofit corporation which, as part of its service, provides water service to some of the county schools. OAG 72-840.

A board of education member is not disqualified for his office when the school board deposits money in an institution in which he is an officer, director, or stockholder as this is not the type of contract referred to in this section for which school board funds are expended. OAG 73-71.

A member of a district board of education may not be removed from office for being convicted on a charge of driving a motor vehicle while intoxicated as this offense is a misdemeanor and conviction therefor would not disqualify a person from office. OAG 73-113.

Unless a person has lost his voting franchise or has committee disqualifying acts in a prior term, alleged wrongdoing prior to his assumption of his office as a board member cannot be used to remove him from the board. OAG 73-128.

Where a member of a county board of education and her husband owned a weekly newspaper, the only newspaper in that county, this section would not in view of KRS 424.120 and KRS 424.220 prohibit the publishing of school financial statements and legal notice in such newspaper. OAG 73-438; OAG 74-516.

Employment of a school board member by a subcontractor on a school construction project is not sufficient direct or indirect interest in the contract so as to disqualify the board member for his office. OAG 73-455.

A member of the board of education who is also an insurance company representative could sell life insurance to teachers employed by the board, where the teachers employed the board in writing to withhold from the teachers' salary the amount of the premium, since the board member is dealing directly with individual teachers, and the money to be withheld from the individual salary of the teacher has vested in him and is no longer "school funds." OAG 73-503.

A member of a board of education may be removed only for cause and where two members of a school board have refused to approve payment of bills (there being a vacancy on the school board and this refusal therefore effectively blocking payment), it is doubtful if this action would be held sufficient to remove the board members and the apparent solution would be to fill the school board vacancy pursuant to the provisions of KRS 160.190. OAG 73-523.

A member of a board of directors of a southern states cooperative who serves without remuneration other than that received by any other customer of the cooperative is not disqualified from serving as a member of a board of education which makes purchases from the southern states cooperative. OAG 73-530.

Where a superintendent of schools recommended the employment of a high school principal, the employment was moved by the chairman of the board of education and seconded by a member of the board of education who was a first cousin of the candidate for the principal's position, the chairman of the board voted yes on the motion, the member seconding the motion abstained because of his relationship with the candidate and two other members of the board abstained, there was no illegality involved. The three members of the board abstaining are counted as acquiescing with the majority of those present voting and the vote of the single person voting, the

chairman, was decisive in carrying the motion and approving the recommendation of the superintendent. OAG 73-531.

When a school board member moves his residence from the school district, this disqualifies him from membership on the board but his actions as a member of the school board would be legally effective until he either resigns or is removed by court order pursuant to ouster proceedings instituted by and on behalf of the Attorney General under KRS 415.050. OAG 73-558.

Where member of board of education was a gasoline distributor who, solely as the result of federal mandatory fuel allocation regulations, was the supplier of gasoline for the school district, there was no violation of proscription against conflict of interest. OAG 74-132.

Where school board member purchased materials for cheerleader uniforms and was reimbursed by the school principal, such reimbursement was not forbidden as a conflict of interest under this section. OAG 74-293.

No conflict of interests would exist if the wife of a publisher of a paper that publishes legal advertisements for the county board of education is elected to the board of education. OAG 74-516.

When a school board member moves his residence from the district for which he was chosen he will continue as a de facto member of the board of education and all his acts as a board member shall be valid until he either resigns or is removed by judgment of a court upon an action brought in the name of the commonwealth upon relation of the Attorney General. OAG 74-613; OAG 76-612.

A teacher employed by a county board of education may legally be a candidate for the county board of education but if elected he would have to be released from his contract to teach before he would be eligible to serve. OAG 74-649.

A person may not be a school board member and hold a position on the planning and zoning commission at the same time, but until he either resigns or is ousted by a judgment of the court, he is de facto officer in both agencies and his actions as such are valid. OAG 75-123.

A dentist who is a member of a county board of education may perform dental services for school children under the auspices of the county health program since the funds involved are not school funds. OAG 75-358.

There is no conflict where a school board member's wife is a teacher in the same school system. OAG 75-416.

A formal agreement between a bank and the school board as to a special rate of interest to be paid on money deposited by the board and a special rate of interest to be charged on loans to the board constitutes a contract for services and therefore creates a conflict of interest as to board members who are stockholders of the bank. OAG 75-481; 75-553, modified by OAG 77-231 to the extent of conflict.

When a school board member commits a disqualifying act, he is subject to removal by a court in a quo warranto proceeding brought by the Attorney General when requested by interested citizens, but until the school board member either resigns or is declared removed by a court judgment, he may continue as a de facto member of the board. OAG 75-481, modified by OAG 77-231 to the extent of conflict.

If a bid is accepted, the contract is valid and enforceable even though the contract creates a conflict of interest. OAG 75-481, modified by OAG 77-231 to the extent of conflict.

A local board of education may accept a bid from a bank for the payment of interest on deposits and for the charging of interest on loans if a member of the board of education is not a stockholder in that bank but only an advisory member as he has no monetary interest in the transaction. OAG 75-481, modified by OAG 77-231 to the extent of conflict.

There is no conflict of interest when a school board member holds stock in a public utility or a company having a legally authorized monopoly and sells services or materials to the

school board. OAG 75-553, modified by OAG 77-231 to the extent of conflict.

The courts must decide if a school board candidate meets the residency requirements and actually and legally lives in the district or district division which he seeks to represent. OAG 76-121.

It would not be a violation of this section for a board of education to award a contract for milk and dairy products to the companies submitting the low bid where one of the members of the board of education has a son who is employed as one of the 12 route salesmen by the firm submitting the low bid paid on the basis of salary and commission, and if the contract is awarded to his employer, he and the other route salesmen will participate in the contract by furnishing the dairy products to the school system and where the member of the board of education has no interest in or association with the firm submitting the low bid and his son has no ownership in the company but is only an employee. OAG 76-372.

An employee of Kentucky Educational Television Authority under the state merit system who receives no profit from her work other than her regular salary may legally become a candidate for and serve, if elected, as a member of the local school board and at the same time retain her employment with Kentucky Authority for Educational Television. OAG 76-394.

A conflict of interest would exist where an employee of a department store from which material and supplies were purchased with school funds is elected to the school board and the board continues to purchase material and supplies from her employer. OAG 76-408; 77-519.

Since the Economic Development Council is an agency of the city, county and chamber of commerce and the administrator of the Council serves at the same time the city, county and chamber of commerce, the position of assistant administrator is of a so-called hybrid nature, that is neither a city or county position as contemplated in Ky. Const., § 165, KRS 61.080 and KRS 160.180(1)(d) (now (2)(f)) and therefore no incompatibility would exist between the position of assistant administrator of the Economic Development Council and membership on a county school board. OAG 76-495.

Since there exists no statutory or state constitutional incompatibility by holding two (2) state office positions, a Circuit Court Clerk or an employee of that office may legally qualify to be elected to membership on a local board of education. OAG 76-509.

A member of a board of education would not be prohibited by this section from doing business with a P.T.A. group. OAG 76-596.

A school board member who sells goods and services to the school sponsor of an eighth grade class within the school district violates the provisions of this section. OAG 76-596.

Where a member of a local school board for an independent school system moves his residency into another school district, he should resign his position on the board at the time of the permanent removal of his residence from the district and where a member of a local school board of an independent school system does not remove his residence from the city until after the election, his election would be valid but the board member should resign as soon as he moves from the city. OAG 76-612.

A member of a board of education which merges with another board of education to form a new board of education composed of the former two (2) boards of education who is permitted to serve out his unexpired term can file for reelection to a vacant seat on the new school board and still retain his present position which he holds as a result of the merger. OAG 77-34.

A member of a county board of education would have to resign his position from the county school board prior to his becoming a candidate for sheriff in a May primary election. OAG 77-134.

Only those transactions with a board of education which cause the school board to expend school funds create the disqualifying act prohibited under this section for the individual who serves on a local board of education and who also is an officer, director or stockholder of a banking institution with which the school board does business. OAG 77-231; OAG 78-830, modifying OAG 75-481 and 75-553 to the extent of conflict.

Members of county board of education are state officers and at the same time the position of state ABC officer is one authorized pursuant to KRS 241.090 and such representatives have full police powers which may or may not place their position in the category of a state officer; and although subsection (1)(d) (now (1)(f)) of this section prohibits a school board member from holding and discharging the duties of any local office or agency under the city or county of his residence, it would not prohibit a school board member from holding employment or an appointive office with the state and of course a board member could not become a candidate for any public office, local or state; however, Const., § 165 and KRS 61.080 do not prohibit a person from holding two (2) state offices or employment at the same time. OAG 77-245.

A county school board candidate who is a potato chip salesman could not continue to make sales to the county schools if he is elected to the school board. OAG 77-416.

The courts must decide on a case by case basis whether a conflict of interest exists under this section. OAG 77-519.

Although a member of a school board would be disqualified from holding that office at the time of his filing for the office of county judge (now county judge/executive), the board member does not vacate that office unless he either resigns or is removed by court action. OAG 77-588.

A board member confronted with a subsection (4) situation should have the board's minutes reflect that the school board member has disqualified himself or herself from voting and not merely abstained. OAG 78-159 (opinion prior to 1990 amendment).

Failing to meet the qualifications or doing that which is proscribed in this section constitutes cause for consideration for removal of a board of education member from office for usurpation of that office. OAG 78-159.

The voting on position assignment is a matter coming within the term "appointment" as used in this section. OAG 78-159.

This section is applicable to matters involving position assignments which are in effect appointments within the school system. OAG 78-159.

This section should be a clarion signal to board members that whenever matters are raised which relate to a relative they should consider disqualifying themselves from voting on the matter. OAG 78-159.

Where a member of the board of education sells from his business two (2) locks to a contract bus driver's hired driver, where the board member did not receive money from claims or contracts of the board no disqualifying act was committed, for the board member did not sell an item of property to the board of education and he did not receive any school funds in payment for this property. OAG 78-274.

If the local board of education votes to approve payment for medical examinations required by school law or regulation and to adopt a policy to regulate such payment, the contracting with the physician/spouse of the chairperson of the local board of education to perform any examinations for which any school money is expended would create a disqualifying condition prohibited by this section. OAG 78-365.

The holding of the two (2) state office positions of superintendent of schools and member of a local school board does not by itself present a statutory or constitutional incompatibility under KRS 61.080 and Const., § 165. OAG 78-413.

It does not constitute a conflict for a person serving an independent school district as a school principal to serve

simultaneously as a school board member of the county school district in which the independent district is located. OAG 78-509.

There is no statutory incompatibility between the offices of assistant commissioners of the Kentucky High School Athletic Association and members of a county board of education. OAG 78-583.

Nothing in this section prevents one who has a brother who is a school principal from serving on the school board in the same system provided he does not participate in any vote concerning his brother. OAG 78-620.

If a person is employed as a vocational school coordinator by a county board of education, then he could become a candidate for membership on the board but he could not serve on the board and at the same time continue to serve as an employee of a county school system. OAG 78-645.

A person could hold office on the county board of education and at the same time serve as a state conservation officer. OAG 78-773.

Subsection (1)(f) (now (2)(g)) of this section does not prohibit a candidate for board membership from having an interest in a contract or claim with the board for which school funds are expended so long as the contractual or claim relationship is terminated in all respects at the time of the election. OAG 78-830.

The best practice most assuredly would always be for an individual to end any contractual or claim relationship with a board of education prior to becoming a candidate for membership on the board. OAG 78-830.

The spouse of a school board member may not furnish professional services as team physician for the school system even if he receives reimbursement from the system's insurance carrier for treatment of injuries received by team members and not from the system directly nor would the physician's donation of said insurance payments to the school system's athletic fund remove any violation of this section. OAG 78-832.

The spouse of a school board member may not receive compensation from school funds for performing a physical examination required of school bus drivers even if he has been selected to perform said examination by the bus driver and not by the school system. OAG 78-832.

A person holding the position of membership on the Marshall County Board of Education cannot at the same time serve as city treasurer of Calvert City. OAG 79-1.

Since this section does not list "father-in-law," a board member may vote on a motion to employ or appoint his or her father-in-law in the school system. OAG 79-91.

The intent of this section is to exclude a board member who is related to an individual from casting a negative or affirmative vote regarding a matter of employment concerning the individual and is broad enough to cover any personnel action that particularly applies to the employment status of an individual related to a board member in a degree of kinship spelled out in the law; thus, a board member related to an employee was proper in disqualifying herself from casting a vote on the motion for termination of that employee. OAG 79-249.

Either a board member or his family is free to submit bids for purchase of surplus school property. OAG 79-269.

The key to whether action of a school board member would be in violation of this section is whether the school board member has an interest, directly or indirectly, in a claim or contract for which school moneys are expended, no matter how small. OAG 79-269.

Under this section, a realty firm which employs a board member, or the wife of a board member, may not be considered for use in connection with the sale of surplus school property. OAG 79-269.

Even a small stockholder interest in a bank by a school board member constitutes a disqualifying act when a local board of education borrows from that bank. OAG 79-555.

If the only transaction between a bank and the school board is the demand deposit of funds for the drawing of checks or the deposit of school moneys in time deposits on which interest is paid by the bank to the school, there is no violation of this section when an officer, director or stockholder of the subject bank is also a member of the school board. OAG 79-555.

While local school board members considering tax measures have a twofold interest which may not be always compatible, this kind of action fails to create a legal conflict of interest and does not amount to a situation "for which school funds are expended" and funds received by the local board members as is proscribed in this section. OAG 79-555.

The office of city school board member and that of county comptroller are incompatible. OAG 80-92.

No conflict of interest will arise where a county board of education member, who is also a dairy farmer, begins selling milk to a subsidiary of the company that has the contract to sell the entire school system milk, and he need not disqualify himself from voting as a board member on the milk contract, although he might do so to avoid even an appearance of impropriety. OAG 80-184.

A person is eligible to run for a county board of education from the district from which they normally reside even though he or she has been temporarily forced to live outside the district by virtue of a casualty loss and repairs to their normal domicile. OAG 80-274.

The provisions of subsection (1)(d) (now (2)(f)) of this section would prohibit an assistant Commonwealth Attorney from holding membership on the board of education while continuing to serve as assistant Commonwealth Attorney since the office of assistant Commonwealth's Attorney is a state office. OAG 80-476.

This section requires that a teacher who desires to be elected to a position on the board of education by which he or she is employed must not be performing teaching services on or after the date of the election. OAG 80-557.

A school board member is not placed in a disqualifying position under this section simply because the spouse of the board member is a salaried employee with the law firm which is to be retained to represent the school system and/or school board, since the spouse-employee is not in a position to control or have input into who the law firm does business with, is not an owner or an officeholder in the law firm and actually has no financial interest in the law firm, in that receiving a salary does not create a financial interest. OAG 81-67.

If a board member is in a position of not being able to vote on a matter involving a relative, the proper procedure is to disqualify himself from voting; a board member should not state he is abstaining on the motion since in Kentucky, by case law, an abstention vote is counted as acquiescing with the majority of those present and voting. OAG 81-351.

A resignation from office by a school board member prior to the initiation of an ouster proceeding will not purge the board member's disqualifying acts of misconduct so as to preclude the Attorney General from instituting a quo warranto or ouster action in the future should the board member, after resignation, be appointed to or gain a school board member position by election since reappointment or reelection to a school board member position does not stand as condonation of prior disqualifying acts of misconduct and such acts continue to provide legal cause to remove a school board member from membership. OAG 82-32, modifying OAG 72-777.

Even though it is alleged that a county board of education member does not meet the educational qualifications prescribed in subdivision (1)(c) (now (2)(c)) of this section, the Family Educational Rights and Privacy Act of 1974 (20 USCS, § 1232g) prohibits a school superintendent from providing to the office of Attorney General any information contained in the educational records of the former student who now is serving as the board member, unless there is in writing the prior

written consent of the board member to do so. OAG 82-53 (opinion prior to the 1990 amendment).

Because the statutory language of subdivision (2)(i) of this section does not express any specific time requirement, the eligibility requirement in that provision takes effect at the time that the elected officer takes office. OAG 90-109.

"Eligible to membership on a board of education" relates not to the time when filing as a candidate, and not to the time of election, but to the time when the elected candidate takes the oath of office and assumes the office; the expression "eligible to membership" means qualified for office. OAG 90-109.

School board chairman who is running for re-election, may file despite the employment of his daughter by the school district for the remainder of his current term; however, as soon as the current term of office has expired, the terms of this section will not permit him to be eligible for membership on the school board if he has relatives who are employed by the school district and who were hired by the school district after the board member took office. OAG 90-109.

The Kentucky Education Reform Act of 1990 clearly provides, in transitional sections, that incumbent members of school boards are eligible both to serve out the remainder of their terms, and to run for re-election, despite having relatives who were hired during their tenure employed by the school district; however, the elected candidate will not be eligible to take the oath of office and to serve as a board member unless the relatives first resign from employment. OAG 90-109.

Continuous employment is ended if the relationship between the employer and the employee is severed. OAG 90-126.

The phrase "initially hired", as used in subdivision (2)(i) of this section, contemplates the beginning of the relative's continuous employment by the school district, whether that employment is in a classified position or certified position, and whether that employment is part time, temporary, or full time. That employment, however, must be continuous. OAG 90-126.

The question of when an individual became a board member's relative has no impact on determining when the individual was "initially hired." The statutory exception applies to a board member whose current relatives were not initially hired by the school district during the board member's tenure. The statute offers no exception for a board member's current relative who was not a relative at the time of being "initially hired." OAG 90-126.

Where a substitute teacher continued to teach from 1982 through 1986, when the teacher's brother became a board member, and on to the present without interruption, the teacher would be found to have been initially hired prior to the time that the brother became a member of the board. OAG 90-126.

A teacher employed by a school board of a district where the teacher does not reside is not prohibited from simultaneously serving as a member of a school board of a different district where the teacher *does* reside. OAG 90-127.

A member of the county board of education may sell insurance to school employees on an individual basis. OAG 90-138.

Any board member in office on July 13, 1990, who is re-elected after that date, will not be eligible to take office and to serve on the board of education if a relative (as defined in this section) who was hired after the incumbent's earlier election, remains employed by the district. OAG 90-141.

Any new candidate who was elected after July 13, 1990, who has relatives (as defined in this section) employed by the school district, will not be eligible to take office and to serve on the board of education. OAG 90-141.

Eligibility criteria for membership on a board of education are mandatory; therefore, unless the elected candidate meets all of the statutory criteria, that individual is ineligible to serve on the board of education. OAG 90-141.

Only the person entitled to the office or the Attorney General (on behalf of the Commonwealth) may institute and prosecute an action to prevent usurpation of office; neither the

superintendent of schools nor a private citizen may do so, nor may the county board of education declare the office of one of its members vacant because of forfeiture on account of violation of this section. OAG 90-141.

A conflict of interest exists where the Board of Education is expending school funds to a bank for the handling of bonds for the school district and a member of the Board of Education is married to a member of the Board of Directors of the bank. OAG 91-16.

The superintendent of schools has no liability should an ineligible board member take office and attempt to serve; however, this office has asked superintendents and boards of education to advise the Attorney General office of such circumstances so that the situation may be evaluated and appropriate action may be taken. OAG 91-16.

There is no conflict of interest statute prohibiting school board members from voting on general salary increases that affect teachers who are related to those board members and who work in the school system. OAG 91-60.

An individual who withdrew from high school with 14 credits and entered the Armed Forces on November 4, 1952, honorably completed his military obligations, entered an accredited college in September 1956 and earned 46½ credit hours, has been a board member for 16 years and is presently chairman, is not eligible to run for re-election unless that individual completes the twelfth grade or obtains his GED, and he also must file an affidavit as required under subdivision (2)(d) of this section certifying completion of the twelfth grade or its equivalent. OAG 91-76.

A potential conflict of interest exists between the requirements of subsection (3) of this section for members of boards of education concerning influence in hiring school employees, and the duties authorized by KRS 160.345(2)(g) and (i) for members of site-based councils; subsection (3) of this section expressly prohibits a member of a board of education from having any influence on hiring of school personnel, while KRS 160.345(2)(g) and (i) give members of the council authority to recommend candidates to the principal to be hired. OAG 91-148.

Even if a board member, who was also a council member, were to disqualify himself, while serving on the council, from engaging in any consideration of applicants or from voting on recommended applicants for school district positions, thereby eliminating potential conflicts over hiring issues, other potential conflicts could develop since the board sets policies for the councils of the district on areas in which the interests of the board may differ from the interests of the councils. OAG 91-148.

If a school board member is elected to a site-based decision making council, the provisions of this section and KRS 160.345 create potential statutory conflicts of interest should that board member attempt to carry out the duties of both positions with regard to hiring decisions. OAG 91-148.

The express language of this section does not preclude a board member from seeking election as a parent representative on the school council. OAG 91-148.

The terms "brother" and "sister" include half-brother and half-sister, but not step-daughter or step-son. OAG 91-206.

Attorney General opined that no statutory conflict of interest exists under KRS 45A.340 and this section between the positions of member of the State Board for Elementary and Secondary Education and executive director of the Lincoln Foundation; but it was not possible for the Attorney General to provide a general ruling as to whether a potential conflict of interest may exist at common law. OAG 91-226.

Where county board of education incumbent candidate's aunt was initially employed in August 1975, after incumbent began serving on the school board, and incumbent's aunt was reemployed in August 1981, again, during incumbent's tenure as a board member, under the provisions of subdivision (2)(i) of

this section incumbent was ineligible to run for reelection to the county school board. OAG 92-81.

A school board member who took the oath of office in January, 1991 and who has an aunt who is a blood relative working as a classified employee for the school system is ineligible to serve as a board member due to his aunt's employment with the school district and such member should immediately tender his resignation to the school board so that a board member may be appointed to fill his vacancy. OAG 92-160.

A school board member who was re-elected in November 1992 whose spouse is currently working for the school system and was hired after he became a board member is ineligible to serve as a board member due to his wife's employment with the school district and such member should immediately tender his resignation to the school board so that a board member may be appointed to fill his vacancy. OAG 92-160.

A prospective school board member who was elected in November 1992 and has a father and a sister who are currently working as classified employees for the school system is ineligible to serve on the board due to the school district's employment of his father and sister and while he has not yet taken the oath of office he should decline to take the oath of office and immediately inform the school board of his intent not to take it. OAG 92-160.

Where school board members who are ineligible to serve on the board due to the employment of a relative by the school system and who refuse to resign, the Office of the Attorney General may instigate ouster proceedings against them. OAG 92-160.

An ineligible school board member who has taken the oath of office is a legal member of the board until he resigns or is ousted by an order of court; such member is considered a de facto officer and discharges his duties under color of title; thus any action taken by the board is legal notwithstanding the vote of the ineligible member. OAG 92-160.

This section expressly prohibits a member of a board of education from remaining on the board after becoming a candidate for any office which is incompatible with the office of school board member, and applies to both county school district boards and to independent schools district boards; therefore, a board member having become a candidate for a city commission while simultaneously serving as a member of that city's independent schools district board of education, was subject to removal. OAG 96-16.

160.190. Vacancies, how filled.

(1) Any vacancy in any board of education shall be filled by a majority vote of the remaining members of the local board within sixty (60) days after the vacancy

occurs. Within thirty (30) days of the vacancy, the local board shall, for two (2) weeks, have solicited applications by posting a notice announcing the vacancy on the district's Web site and by placing an advertisement in the newspaper of the largest general circulation in the county. An applicant shall file a letter of intent with the local board affirming that the applicant meets the eligibility requirements as established by KRS 160.180 and shall submit with the application a transcript evidencing completion of the twelfth grade or results of a twelfth grade equivalency examination. After the two (2) weeks of advertisement on the district's Web site and in the newspaper, the local board shall select from the applicants under this subsection to fill the vacancy.

(2) If the local board fails to make an appointment under subsection (1) of this section, then the chief state school officer shall fill the vacancy within sixty (60) days of the failure.

(3) The member chosen under this section shall meet the eligibility requirements as established by KRS 160.180 and shall hold office until his or her successor is elected or appointed, and has qualified.

(4) Any vacancy having an unexpired term of one (1) year or more on August 1 after the vacancy occurs shall be filled for the unexpired term by an election to be held at the next regular election after the vacancy occurs. The elected member shall succeed the member chosen under subsection (1) or (2) of this section to fill the vacancy.

(5)(a) If no candidate files a petition of nomination to fill an unexpired term on a local board of education under subsection (4) of this section, then a new vacancy shall exist on November 1 and the vacancy shall be filled according to subsection (1) of this section.

(b) If no candidate files a petition of nomination for a new term on a local board of education opening pursuant to KRS 118.315 and 118.365, then a vacancy shall exist on January 1 and the vacancy shall be filled according to subsection (1) of this section.

1. Construction.
2. Manner of Filling.
3. — Ninety Day Limitation.
4. Vacancy from Date of Judgment.
5. Abandonment of Office.
6. Redistricting.
7. Temporary Term During Merger.

1. Construction.

This section and KRS 156.070 and 156.210 must be construed together and mean that the state board should have control over the common schools, with the power of removal of such board members who might be found guilty of specified charges. *Gearhart v. Kentucky State Board of Education*, 355 S.W.2d 667, 1962 Ky. LEXIS 76 (Ky. 1962).

2. Manner of Filling.

State Board of Education had power to fill vacancies caused by judgments declaring two (2) members of school board to be usurpers, where remaining members did not fill vacancies within 90-day period following entry of judgments. *McClendon v. Hamilton*, 277 Ky. 734, 127 S.W.2d 605, 1939 Ky. LEXIS 723 (Ky. 1939) (Decision prior to 1990 amendment).

3. — Ninety Day Limitation.

This section makes no distinction between vacancies whether from death, resignation or other cause, and in every case the board's power to fill the vacancy is limited to the period of 90 days after the vacancy occurs. *Kash v. Day*, 239 S.W.2d 959, 1951 Ky. LEXIS 917 (Ky. 1951).

4. Vacancy from Date of Judgment.

Where two (2) members of school board were adjudged to be usurpers in quo warranto proceeding in Circuit Court, judgment was effective as of its date, notwithstanding appeal and execution of supersedeas bond, and where judgment was affirmed on appeal, their offices were vacant from the date of the original judgment, rather than the date the mandate was filed or judgment entered according to the mandate. *McClendon v. Hamilton*, 277 Ky. 734, 127 S.W.2d 605, 1939 Ky. LEXIS 723 (Ky. 1939).

5. Abandonment of Office.

A vacancy may be created by abandonment of the office, and one who has done so is thereafter estopped from denying the vacancy. *Horn v. Wells*, 253 Ky. 494, 69 S.W.2d 1011, 1934 Ky. LEXIS 695 (Ky. 1934).

6. Redistricting.

A school board member, sitting as a de facto officer, who casts a deciding vote in favor of a redistricting plan which moves his precinct from one district to another may run for the school board seat in his new district. *Burkhart v. Blanton*, 635 S.W.2d 328, 1982 Ky. App. LEXIS 222 (Ky. Ct. App. 1982).

7. Temporary Term During Merger.

The merger agreements, which provided that if, for any reason, any appointed member of the merged board could not complete his temporary term, the position was to be filled with an alternate, did not conflict with this section as the agreements merely provided temporary security for all school districts during the critical transition, and authority for the agreements was provided for by the general authority granted by virtue of the merger statute, KRS 160.040. Appeal of Muhlenberg County Bd. of Education, 714 S.W.2d 168, 1986 Ky. App. LEXIS 1194 (Ky. Ct. App. 1986).

OPINIONS OF ATTORNEY GENERAL.

Where five months after taking office school board members had not yet taken the statutory oath, the state board of education was required to fill the resulting vacancies pursuant to this section. OAG 61-485. (Decision prior to 1990 amendment).

Vacancies on school boards are not filled by election for the unexpired terms as is the case with respect to all other vacancies in elective offices. OAG 72-796.

Where a member of the board of education resigned in July 1975, and the board appointed another person to fill the vacancy which expired in January, 1977, since the unexpired term exceeds one year as of the November election, the newly appointed board member will only serve until his successor

was elected in the November 1975 election to finish the unexpired term. OAG 75-540.

In view of KRS 63.010 and this section, the resignation of a board member is not effective, and there is no vacancy on the board, until the resignation is tendered in writing to and accepted by the board. OAG 75-635.

A vacancy occurring on a county board of education on September 30 could not be filled at the November election for that year but would have to be filled in the general election the following year. OAG 77-649.

Where a school board member, whose term was not to expire until December, 1982, resigned in August, 1980, the board will appoint someone to fill the vacancy until November, 1980, at which time someone will be elected to fill out the unexpired term to serve until December, 1982; where two natural four year vacancies on the board will also be filled at the November, 1980 general election, the candidates interested in running for the unexpired term should specify on the petition form that they are running for the unexpired term as this office is required to be listed as such on the ballot and separately from the offices to be filled for regular four year terms; in the event that no candidates file to fill the unexpired term, the county clerk is nevertheless required to place the office on the ballot for the unexpired term for "write-in" purposes since this section requires that the vacancy be filled which is not predicated on the filing of candidates for the vacancy. OAG 80-414.

Where a county board of education member resigned on March 2 after filing as a candidate for sheriff, lost the primary election for sheriff on May 26 and was reappointed to the board by the other board members on June 2, his reappointment was invalid, since the legal vacancy occurred when the member became a candidate for an incompatible office under subsection (2) of KRS 160.180, and because the board of education did not fill the vacancy within 90 days of the vacancy, as required by this section, the State Board of Education must fill the vacancy, because the power to fill the vacancy passes from the local to the State Board after the 90 days have elapsed, but the State Board's 30-day period to take action does not begin until it has received notice that the 90 days have passed. OAG 81-316.

Subsection (2) of this section applies to all district school board appointments whether under subsection (1) of this section or under KRS 160.210(1)(b), and it requires an election for the remainder of the term if one year or more of the term remains to be served; therefore, a district school board member appointed pursuant to KRS 160.210(1)(b) serves only until the next (November) regular election unless less than one year remains to be served at the time the position becomes vacant. OAG 90-135.

The legislature's intent is clear that appointees to a local board of education may serve no longer than one year until the next November election; to conclude that a person appointed at the beginning of the four year term under KRS 160.210(1)(b) could serve the entire four year term but a person appointed to complete a term in which less than four years but more than one year remains could only serve until the next November election would lead to an absurd result. OAG 90-135.

A school board member who took the oath of office in January, 1991 and who has an aunt who is a blood relative working as a classified employee for the school system is ineligible to serve as a board member due to his aunt's employment with the school district and such member should immediately tender his resignation to the school board so that a board member may be appointed to fill his vacancy. OAG 92-160.

A school board member who was re-elected in November 1992 whose spouse is currently working for the school system and was hired after he became a board member is ineligible to serve as a board member due to his wife's employment with

the school district and such member should immediately tender his resignation to the school board so that a board member may be appointed to fill his vacancy. OAG 92-160.

A prospective school board member who was elected in November 1992 and has a father and a sister who are currently working as classified employees for the school system is ineligible to serve on the board due to the school district's employment of his father and sister and while he has not yet taken the oath of office he should decline to take the oath of office and immediately inform the school board of his intent not to take the oath. OAG 92-160.

A write in candidate may only run for a school board seat in which there is a validly filed and qualified candidate on the ballot. OAG 03-001.

Kirby, School-Based Decision Making, Vol. 57, No. 1, Winter 1993, Ky. Bench & Bar 15.

160.200. Time of election of board members.

(1) All elections for members of boards of education shall be in even numbered years, for a term of four (4) years, except as provided in KRS 160.210(5). Except as provided in subsection (3) of this section, the elections shall be held at the regular November election.

(2) In each even numbered year, there shall be held an election in every county and independent district to fill the membership of the boards of education for the terms that will expire on the first Monday in January following, and the regularly elected members shall hold office for four (4) years and until their successors are elected and have qualified.

(3) Any independent school district embracing a designated city may, at the discretion of its board of education, hold its election of board members at its public school building on the first Saturday in May. The election shall be held by three (3) officers appointed by the board of education and the expenses of the election shall be paid from the treasury of the school district. In all other respects the provisions of this chapter relating to holding elections for board members shall apply.

(4) In counties containing a city of the first class, wherein a merger pursuant to KRS 160.041 shall have been accomplished, the terms of the members shall be as provided in KRS 160.210(5). Elected members of such boards, excepting those boards of education representing ten percent (10%) or less of the student population of the county serving at the effective date of such a merger shall continue to serve until their term expires, but no appointments shall be made to fill vacancies. The terms of office of members of boards of education representing ten percent (10%) or less of the student population of the county shall expire on the effective date of the merger.

(5) As used in this section, "designated city" means a city classified as a city of the fifth class as of January 1, 2014, under the city classification system in effect prior to January 1, 2015. The Department of Education shall, on or before January 1, 2015, create an official registry listing the cities that qualify as a "designated

city" under this section and shall publish that registry on its Web site.

When a board designates the first Saturday in May as the regular election day, it remains so until changed. *Norton v. Letton*, 271 Ky. 353, 111 S.W.2d 1053, 1937 Ky. LEXIS 242 (Ky. 1937).

3. — Notice.

The May elections are regular and general political elections, and no notice thereof is required. *Norton v. Letton*, 271 Ky. 353, 111 S.W.2d 1053, 1937 Ky. LEXIS 242 (Ky. 1937).

4. Local Option Election.

A local option election cannot be held within 30 days of a school board election held in May. *Norton v. Letton*, 271 Ky. 353, 111 S.W.2d 1053, 1937 Ky. LEXIS 242 (Ky. 1937).

5. Election Contest.

Appointment of county school superintendent prior to time when vacancy would occur, by board of which three members whose terms had expired purported to act for three duly elected and qualified members pending determination of election contest which was decided prior to occurrence of vacancy, was void. *Maynard v. Gilbert*, 283 Ky. 227, 140 S.W.2d 1064, 1940 Ky. LEXIS 320 (Ky. 1940).

OPINIONS OF ATTORNEY GENERAL.

Under subsection (2) of this section, if an apparently successful candidate for school board is restrained or enjoined by

a court from taking office pending the outcome of an election contest, the incumbent member of the board will hold over until the controversy is resolved and since the incumbent is continuing his term and not commencing a new term, he need not take the oath of office. OAG 60-1265.

Under subsection (2) of this section an incumbent board member continues to serve until the new member is qualified or until a vacancy is declared to exist. OAG 60-1266.

It is permissible for a successful candidate for the school board to take the statutory oath of office at a school board meeting to be held the second Monday in January. OAG 65-4.

No recall of local school board members is provided for in this chapter. OAG 75-118.

Where, after a merger of school boards during the transitional period due to the procedure for election of members to the new school board provided for in subsection (3) of KRS 160.210, some divisions of the county would not be represented by any board member, the board should, by lot, determine a member to represent these unrepresented divisions until the election for the initial four year term is held for representatives from these sections. OAG 77-35.

160.210. Election of board members — Divisions in districts — Change in boundary lines of divisions — Boards in counties containing city of first class.

(1) In independent school districts, the members of the school board shall be elected from the district at large. In county school districts, members shall be elected from divisions.

(2) The board of education of each county school district shall, not later than July 1, 1940, divide its district into five (5) divisions containing integral voting precincts and as equal in population insofar as is practicable. In first dividing the county district into divisions the board shall, if more than one (1) of its members reside in one (1) division, determine by lot which member from that division shall represent that division, and which members shall represent the divisions in which no member resides. The members so determined to represent divisions in which no member resides shall be considered the members from those divisions until their terms expire, and thereafter the members from those divisions shall be nominated and elected as provided in KRS 160.200 and 160.220 to 160.250.

(3) Any changes made in division boundary lines shall be to make divisions as equal in population and containing integral voting precincts insofar as is practical. No change may be made in division boundary lines less than five (5) years after the last change in any division lines, except in case of merger of districts, a change in territory due to annexation, or to allow compliance with KRS 117.055(2).

(4)(a) Notwithstanding the provisions of subsection (3) of this section, if one hundred (100) residents of a county school district petition the Kentucky Board of Education stating that the school district divisions are not divided as nearly equal in population as can reasonably be expected, the chief state school officer shall cause an investigation to determine the validity of the petition, the investigation to be completed within thirty (30) days after receipt of the petition.

(b) If the investigation reveals the school district to be unequally divided according to population, the

Kentucky Board of Education, upon the recommendation of the chief state school officer, shall order the local board of education to make changes in school district divisions as are necessary to equalize population within the five (5) school divisions.

(c) If any board fails to comply with the order of the Kentucky Board of Education within thirty (30) days or prior to August 1 in any year in which any members of the board are to be elected, members shall be elected from the district at large until the order of the Kentucky Board of Education has been complied with.

(d) No change shall be made in the boundary of any division under the provisions of this subsection after August 1 in the year in which a member of the school board is to be elected from any division.

(5) Notwithstanding the provisions of subsection (2) of this section, in counties containing a city of the first class wherein a merger pursuant to KRS 160.041 shall have been accomplished, there shall be seven (7) divisions as equal in population as is practicable, with members elected from divisions. To be eligible to be elected from a division, a candidate must reside in that division. The divisions, based upon 1970 United States Census Bureau Reports on total population by census tracts for Jefferson County, Kentucky shall be as follows: Division One shall include census tracts 1-28; Division Two shall include census tracts 29-35, 47-53, 57-74, 80-84, 93, 129, 130; Division Three shall include census tracts 75-79, 85-88, 98-106, 107.01, 108; Division Four shall include census tracts 121.01, 123-128; Division Five shall include census tracts 36-46, 56, 90, 120, 121.02, 122; Division Six shall include census tracts 54, 55, 91, 92, 94, 95, 110.02, 113, 114, 117.01, 117.02, 118, 119; Division Seven shall include census tracts 89, 96, 97, 107.02, 109, 110.01, 111, 112, 115, 116, 117.03, 131, 132. The terms of the members to be elected, KRS 160.044 notwithstanding, shall be four (4) years and the election for the initial four (4) year terms shall be as follows: The election of the members from Divisions Two, Four and Seven shall be held at the next regular November election following the effective date of the merger pursuant to KRS 160.041, and the election of the members from Divisions One, Three, Five and Six shall be held at the regular November election two (2) years thereafter.

(6) In counties containing cities of the first class, responsibility for the establishment or the changing of school board division boundaries shall be with the local board of education, subject to the review and approval of the county board of elections. Where division and census tract boundaries do not coincide with existing election precinct boundaries, school board divisions shall be redrawn to comply with precinct boundaries. In no instance shall precinct boundaries be redrawn nor shall a precinct be divided to accommodate the drawing of school board division lines. Precinct boundaries nearest existing school board division boundaries shall become the new division boundary. All changes under this statute shall be completed on or before January 1, 1979, and on or before January 1 in any succeeding year in which a member of the school board is to be elected from any division. A record of all changes in division lines shall be kept in the offices of

the county board of education and the county board of elections. The board of education shall publish all changes pursuant to KRS Chapter 424. A copy of the newspaper in which the notice is published shall be filed with the chief state school officer within ten (10) days following its publication.

Legislative Research Commission Notes.

(4/4/2018). The amendments made to this statute in 2018 Ky. Acts ch. 105, sec. 4 are effective April 4, 2018. SB 101 (Ch. 105) was delivered to the Governor on March 22, 2018. The 10-day, not counting Sundays, veto period began on the next day, March 23, and ended at midnight on April 3, 2018. The Governor returned that bill to the Secretary of State on April 2 without signing it. Therefore, since the Governor could have retrieved it and signed it or vetoed it prior to the end of April 3, the bill would not take effect until the first moment of April 4, 2018 following the expiration of the 10-day veto period.

NOTES TO DECISIONS

Analysis

1. Divisions or Consolidation of Schools.
2. “Reside” Defined.
3. Contiguous Territory.
4. Elections from Districts.

1. Divisions or Consolidation of Schools.

Where there has been a merger of an independent school district with the county district, the county board should redivide its territory to take care of the increased constituency. *Stuff v. Webster County Board of Education*, 339 S.W.2d 189, 1960 Ky. LEXIS 443 (Ky. 1960).

The statutory power under this section is vested in the board of education and not in the Circuit Court and the court did not have the power to require the board to redivide its district within the five-year period after the board had adopted an order changing its division boundaries following a merger of an independent school district with the county district. *Stuff v. Webster County Board of Education*, 339 S.W.2d 189, 1960 Ky. LEXIS 443 (Ky. 1960).

Consolidation of schools by county board of education could not be collaterally attacked on basis that the five divisions of the county educational district from which members were elected did not comply with the provisions of this section that they be nearly equal in population and contain integral voting precincts. *Stuff v. Webster County Board of Education*, 339 S.W.2d 189, 1960 Ky. LEXIS 443 (Ky. 1960).

Creation of seven election districts by reference to census tracts to be used only upon the merger of the school district of a first-class city with the county school district for election of board members does not violate Const., § 59 since election districts laid out by the board of education would likely give less representation to various minority groups than the census tract districts. *Board of Education v. Board of Education*, 522 S.W.2d 854, 1975 Ky. LEXIS 143 (Ky. 1975).

A school board member, sitting as a de facto officer, who casts a deciding vote in favor of a redistricting plan which moves his precinct from one district to another may run for the

school board seat in his new district. *Burkhart v. Blanton*, 635 S.W.2d 328, 1982 Ky. App. LEXIS 222 (Ky. Ct. App. 1982).

2. “Reside” Defined.

To reside means to “live, dwell, abide, sojourn, stay, remain, lodge” and an individual who had physically resided for three years outside division of school district without other than a “floating” intention to return to his former residential area was not temporarily absent from the district and since he had lost his legal voter status in the district he was not qualified to serve the district as a member of the county board of education and his name should be removed from the ballot. *Moore v. Tiller*, 409 S.W.2d 813, 1966 Ky. LEXIS 74 (Ky. 1966).

3. Contiguous Territory.

It was not competent for county school district, under subsection (2) of this section, to divide county school district into election districts which were not composed of contiguous territory. *Marshall v. White*, 287 Ky. 290, 152 S.W.2d 945, 1941 Ky. LEXIS 531 (Ky. 1941).

4. Elections from Districts.

In merger situations, this section mandates that elections of school board members shall be from districts, not the county-at-large. *Appeal of Muhlenberg County Bd. of Education*, 714 S.W.2d 168, 1986 Ky. App. LEXIS 1194 (Ky. Ct. App. 1986).

OPINIONS OF ATTORNEY GENERAL.

The statute simply requires that the school division boundaries be changed to coincide with the precinct lines when such is possible under the terms of this section. OAG 62-242.

The attempt of a board of education to redistrict the school boundary lines on January 6 of the year in which school board members were to be elected was invalid and of no effect. OAG 64-166.

If creating an unrepresented division is unavoidable in order to substantially comply with the statutory requirement regarding population, such change would be legal and the provisions of subsection (2) should be utilized. OAG 65-775.

There is nothing illegal where due to consolidation the election precinct boundaries are bisected by the school division boundary lines and the magisterial boundary lines, because they are controlled by separate statutes. OAG 68-141.

If a redivision of a school district made pursuant to subsection (4) of this section results in a division in which two members of the board reside and a division in which no member of the board resides, the provisions of subsection (2) of this section should be utilized and the board should determine by lot which of the two members residing in the same division shall represent the division in which no member resides. OAG 68-393.

The boundary lines of the divisions of the county school districts are finally determined by the local board of education so as to equalize population within the five school divisions. OAG 69-403.

The divisions of a school district for the purpose of electing members to the board of education should be made on the basis of population and the number of registered voters in the respective divisions has no bearing on the matter. OAG 73-862.

Where an attempt by a school district to comply with this statute leaves intact existing voting precinct boundaries but results in a disparity of 15 to 20 percent in population between the districts, the board of education has considerable latitude

in trying to equalize population, and the voting precincts will not be disturbed unless the population is so unequal as to offend fourteenth amendment rights. OAG 74-17.

Where after merger of two school districts the boards of education of the districts divided the county into five divisions which did not contain strict integral voting precincts, but were divided by school district boundary lines, board of elections had no jurisdiction to require boards of education to redraw district lines so as not to split precinct boundary lines. OAG 74-197.

A person seeking election to a county school district board must live and reside in the division of the school district from which he seeks election. OAG 76-121.

It is the sole duty and obligation of the school board, pursuant to this section, to alter school division boundary lines as provided therein. OAG 76-367; OAG 76-417.

Where, after a merger of school boards during the transitional period due to the procedure for election of members to the new school board provided for in subsection (3) of this section, some divisions of the county would not be represented by any board member, the board should, by lot, determine a member to represent these unrepresented divisions until the election for the initial four year term is held for representatives from these sections. OAG 77-35.

Initial four-year terms to the new seven member board positions of the Board of Education of Jefferson County not an election of a successor to those going off the Board, is what is called for in subsection (3) of this section. OAG 77-35.

A local board of education may designate attendance areas and draw boundary lines under its general authority provided by KRS 160.290 and nothing in this section prevents this being done in an election year. OAG 78-366.

Subdivision (1)(b) of this section necessarily precludes write-in votes when no candidate has filed a nominating petition for that school board position within the statutory deadline, since no election is held in that event. OAG 90-105.

Write-in votes are authorized in a county school board division election only if at least one valid nominating petition has been filed for the school board position in that particular geographic division; otherwise, KRS Chapter 160 does not require an election in that particular division, and write-in votes for the school board position in that particular division are not authorized since subdivision (1)(b) of this section directs the "chief state school officer" to appoint the school board member representing that particular division. OAG 90-105.

KRS 160.190(2) applies to all district school board appointments whether under KRS 160.190(1) or under subdivision (1)(b) of this section and requires an election for the remainder of the term if one year or more of the term remains to be served; therefore, a district school board member appointed pursuant to subdivision (1)(b) of this section serves only until the next (November) regular election unless less than one year remains to be served at the time the position becomes vacant. OAG 90-135.

The legislature's intent is clear that appointees to a local board of education may serve no longer than one year until the next November election; to conclude that a person appointed at the beginning of the four year term under subdivision (1)(b) of this section could serve the entire four year term but a person appointed to complete a term in which less than four years but more than one year remains could only serve until the next November election would lead to an absurd result. OAG 90-135.

In the event of an annexation or merger, the school board may redraw the division lines through existing county voting precincts where it is impracticable to maintain voting precincts; however, splitting a precinct is a last resort to be used only when equalization cannot be obtained in any other way. OAG 93-6.

Subsection (3) of this section does not set a specific time frame that a school board must follow when drawing the redistricting lines; however, the school board should vote on a redistricting plan as expeditiously as possible. The restriction in subdivision (4)(d) of this section forbidding redrawing division lines after August 1 in a board election year would not apply in a redistricting resulting from an annexation or merger; the August 1 redistricting deadline would only apply when residents file a petition to redistrict with the State Board for Elementary and Secondary Education pursuant to subsection (4) of this section. OAG 93-6.

Subsection (6) of this section applies only to counties containing cities of the first class since this subsection may conflict with the redistricting requirements that apply to other counties. OAG 93-6.

Under subsection (3) of this section, a county board of education was required to redraw the divisions where the boundary lines of the county board of education decreased by 1,000 acres of property and caused unequal division of population in the school district. OAG 93-6.

A write in candidate may only run for a school board seat in which there is a validly filed and qualified candidate on the ballot. OAG 03-001.

Proposal of the Department of Education to have the Commissioner of Education appoint a school board member when all candidates for that position have withdrawn their petitions of nomination prior to the August filing deadline, but to have an election whenever at least one petition remains on file for that seat at the August deadline, is consistent with the language and intent of subsection (1) of this section. OAG 04-007.

160.212. Election of board members where school district extends beyond a single county's boundary.

(1) In a school district where the district boundary extends beyond the boundary of a single county, candidates for election to the school board shall be elected from the district at large. Nomination papers shall be filed with and certified by the clerk of the county in which the candidate resides in accordance with the provisions of KRS 118.165.

(2)(a) The clerk of the county in which a certified candidate resides shall provide the name of the certified candidate to the clerk in each county in which the school district boundary extends.

(b) The name of the certified candidate shall appear on the ballot in all counties in which the school district boundary extends.

(3) Each clerk shall certify the vote totals for every candidate receiving votes to the clerk of the other counties into which the boundary of the school district extends, and a certificate of election shall be issued in accordance with KRS 118.425.

2016 ch. 62, § 5, effective July 15, 2016.

160.220. Secret votes — Nominating petitions.

All elections for members of boards of education shall be by secret vote. The county clerk shall cause to be prepared for presentation to the voters the names of legally eligible candidates who have filed a petition as provided in KRS 118.315.

1. Ballot.
2. Name on Ballot.
3. Candidate Entitled to Office.
4. Contest of Election.

1. Ballot.

Elections not conducted by secret ballot are illegal and will be set aside. *Bowles v. Knight*, 257 Ky. 640, 78 S.W.2d 913, 1935 Ky. LEXIS 68 (Ky. 1935).

2. Name on Ballot.

Where court had decided name of candidate for member of county board of education was not properly on the ballot at the November election, therefore he was not elected a member and there was vacancy in the office, appeal from determination in quo warranto as to whether he was qualified was a moot question and was dismissed. *Commonwealth ex rel. Meredith v. Bogie*, 287 Ky. 103, 152 S.W.2d 286, 1941 Ky. LEXIS 504 (Ky. 1941).

Where, through mistake of printer, ballots for election of school board members in one educational division erroneously carried names of candidates from another division, neither election officers nor voters had right to strike out printed names and substitute written names of proper candidates, and all such ballots were void. *Lakes v. Estridge*, 294 Ky. 655, 172 S.W.2d 454, 1943 Ky. LEXIS 509 (Ky. 1943).

Where ballots furnished to some of precincts in one educational division, in school board election, were void because they erroneously carried names of candidates from another division, and total number of registered voters in such precincts was more than 20 percent of the total for the educational division, the entire election was void although the votes actually cast in such precincts did not change the result of the election. *Lakes v. Estridge*, 294 Ky. 655, 172 S.W.2d 454, 1943 Ky. LEXIS 509 (Ky. 1943). See *Hillard v. Lakes*, 294 Ky. 659, 172 S.W.2d 456, 1943 Ky. LEXIS 510 (Ky. 1943).

3. Candidate Entitled to Office.

The candidate for an office who has not received a plurality of the legal votes cast is not entitled to the office although the candidate who received a plurality of the legal votes is, for any reason, ineligible except where a successful candidate has violated the corrupt practice act in a primary election. *Bogie v. Hill*, 286 Ky. 732, 151 S.W.2d 765, 1941 Ky. LEXIS 323 (Ky. 1941).

4. Contest of Election.

Failure to sue to enjoin placing of opponent's name on ballot does not prevent candidate from thereafter contesting his opponent's election on that ground. *Bogie v. Hill*, 286 Ky. 732, 151 S.W.2d 765, 1941 Ky. LEXIS 323 (Ky. 1941).

A candidate for office duly nominated in the manner prescribed may maintain an action to have the election vacated. *Lakes v. Estridge*, 294 Ky. 655, 172 S.W.2d 454, 1943 Ky. LEXIS 509 (Ky. 1943).

160.230. Presentation of candidate names.

The candidate names shall be presented to the voters in the form prescribed by the general election law, except that no party emblem or distinguishing mark shall be used, save the words "School Candidates." The order in which the names of the candidates are to appear shall be determined by lot. As many additional spaces shall be left blank as there are members to be elected from the district or division as the case may be.

Where, through mistake of printer, ballots for election of school board members in one educational division erroneously carried names of candidates from another division, neither election officers nor voters had right to strike out printed names and substitute written names of proper candidates, and all such ballots were void. *Lakes v. Estridge*, 294 Ky. 655, 172 S.W.2d 454, 1943 Ky. LEXIS 509 (Ky. 1943).

Where ballots furnished to some of precincts in one educational division, in school board election, were void because they erroneously carried names of candidates from another division, and total number of registered voters in such precincts was more than 20 percent of the total for the educational division, the entire election was void although the votes actually cast in such precincts did not change the result of the election. *Lakes v. Estridge*, 294 Ky. 655, 172 S.W.2d 454, 1943 Ky. LEXIS 509 (Ky. 1943); *Hillard v. Lakes*, 294 Ky. 659, 172 S.W.2d 456, 1943 Ky. LEXIS 510 (Ky. 1943).

OPINIONS OF ATTORNEY GENERAL.

The provisions of this section which prohibit placing party emblems or distinguishing marks on school ballots qualify and

supersede the provisions of KRS 118.080 (repealed) that require candidates to designate a party and device by which they are to be designated on the ballot and school candidates are not permitted to make such designations. OAG 64-666.

School elections are nonpartisan in the sense that the candidates are under what is designated as a school ballot without any party emblem or party designation and as a consequence would appear to fall within the exception to the Hatch Act. OAG 68-476.

Since school board candidates nominated by petition under KRS 118.315 may not, under this section, be represented by any political organization, the petitioners of such candidates may not fill vacancies occurring after the deadline for filing in the manner prescribed in KRS 118.325. OAG 75-612.

If at least one valid nominating petition is filed for election to an independent school board, an election must be held, and write-in votes may be made for all five school board positions. OAG 90-105.

160.240. General election laws apply — Expense.

(1) The general election laws shall apply to all elections of school board members.

(2) In school districts embracing designated cities, the expense of the election shall be paid by the city from its general funds. In all other districts the expense shall be paid by the fiscal court out of its general funds.

(3) As used in this section, “designated city” has the same meaning as in KRS 160.020.

Analysis

1. Construction.
2. Residence of Voter.

1. Construction.

The general election laws apply in school elections only in those instances where the school law is silent, and do not apply when the school law contains specific provisions concerning the same subject matter. *Huff v. Black*, 259 Ky. 550, 82 S.W.2d 473, 1935 Ky. LEXIS 326 (Ky. 1935) (decided under prior law).

2. Residence of Voter.

In order to cast a legal vote, one must have lived in the state and county for the time required by Ky. Const., § 145, and must also have lived in the school district or voting precinct for 60 days before the election. *Branham v. Branham*, 276 Ky. 767, 125 S.W.2d 225, 1939 Ky. LEXIS 577 (Ky. 1939) (decided under prior law).

Voter who left the district, married a nonresident, left him without getting a divorce, and returned to the district less than six months before election, was not eligible to vote in the district. *Branham v. Branham*, 276 Ky. 767, 125 S.W.2d 225, 1939 Ky. LEXIS 577 (Ky. 1939) (decided under prior law).

Voter who owned realty and a few household goods and kept a garden in a district, but worked and spent most of her time in another district, was not entitled to vote in the first district. *Branham v. Branham*, 276 Ky. 767, 125 S.W.2d 225, 1939 Ky. LEXIS 577 (Ky. 1939) (decided under prior law).

OPINIONS OF ATTORNEY GENERAL.

KRS 160.210(1)(b) necessarily precludes write-in votes when no candidate has filed a nominating petition for that

school board position within the statutory deadline since no election is held in that event. OAG 90-105.

Write-in votes are permitted if at least one candidate has filed a valid nominating petition for that school board position. OAG 90-105.

A write in candidate may only run for a school board seat in which there is a validly filed and qualified candidate on the ballot. OAG 03-001.

160.250. Politics of candidate not to be indicated — Definition of election booth.

(1) No election officer or other person within an election booth shall tell or indicate to a voter the political affiliation of any candidate.

(2) An election booth means an area in which a voter casts his vote which is designed in such a manner that the secrecy of the vote is insured.

160.260. Number of candidates to be voted for.

(1) The voting in county districts shall be by divisions. Each voter shall vote for only one (1) candidate. The legally eligible candidate receiving the highest number of votes cast in his division shall be declared elected.

(2) In independent school districts each voter may vote for as many candidates as there are members to be elected, and the number of board members to be elected shall be indicated. The candidates, in number equal to the number of members to be chosen, who have the highest number of votes shall be declared elected.

If at least one valid nominating petition is filed for election to an independent school board, an election must be held, and write-in votes may be made for all five school board positions. OAG 90-105.

160.270. Regular and special meetings — Public comment period.

(1) Each board of education shall hold at least one (1) regular meeting each month, at a time and place fixed by the board. Special meetings may be called by the chairman. On request of three (3) members of the board, the secretary shall call a special meeting. Each member of the board shall have timely notice of each meeting and the nature, object, and purpose for which it is called. Any board member failing to attend three (3) consecutive regular meetings, unless excused by the board for reason satisfactory to it, shall be removed from office pursuant to KRS 415.050 and 415.060. A majority of the board shall constitute a quorum for the transaction of business, but a concurring vote by a majority of the board, the number of board members in the quorum notwithstanding, shall be necessary to take any particular action unless otherwise specified by statute.

(2) Each regular meeting shall include a public comment period of at least fifteen (15) minutes. Any board rules and policies regarding conduct during school board meetings shall apply during the public comment period.

(3) The secretary shall be present at the meetings of the board, except when his or her own tenure, salary, or the administration of his or her office is under consideration, and shall record in a book provided for that purpose all its official proceedings, which shall be a public record open to inspection.

Analysis

1. Regular Place of Meeting.
2. Called Meeting.
3. Notice.
4. Unexcused Absence.
5. Removal Proceedings.
6. Changed Meeting Date.
7. Open Meeting.

1. Regular Place of Meeting.

In the absence of a formal designation of a regular place of meeting, such a regular place will be deemed established by the repeated holding of meetings at a particular place. *Brown v. Turman*, 264 Ky. 407, 94 S.W.2d 1010, 1936 Ky. LEXIS 340 (Ky. 1936).

Notice of a meeting implies that it will be held at the regular place of meeting. *Brown v. Turman*, 264 Ky. 407, 94 S.W.2d 1010, 1936 Ky. LEXIS 340 (Ky. 1936).

When notice of a meeting does not designate the place of meeting, and it is not held at the regular place of meeting, all steps taken at such meeting are invalid. *Brown v. Turman*, 264 Ky. 407, 94 S.W.2d 1010, 1936 Ky. LEXIS 340 (Ky. 1936).

2. Called Meeting.

Where a called meeting was a continuation of a previous regular meeting, it was proper for the superintendent to recommend teachers at the called meeting, even though the continuation was for a different purpose. *O'Daniel v. McDaniel*, 290 Ky. 77, 160 S.W.2d 331, 1942 Ky. LEXIS 345 (Ky. 1942).

3. Notice.

Notices of special meetings need not be written. They may be oral and may be delivered by the secretary. *Board of Education v. Stevens*, 261 Ky. 475, 88 S.W.2d 3, 1935 Ky. LEXIS 678 (Ky. 1935).

When members failed to attend special meeting for lack of interest, the fact that notice was delivered only 15 minutes before the meeting is immaterial. *Board of Education v. Stevens*, 261 Ky. 475, 88 S.W.2d 3, 1935 Ky. LEXIS 678 (Ky. 1935).

In absence of legal notice to all members of a special meeting, absence of a member renders invalid all steps taken at such meeting. *Brown v. Turman*, 264 Ky. 407, 94 S.W.2d 1010, 1936 Ky. LEXIS 340 (Ky. 1936).

Member of school board was entitled to notice of meeting, although at time of meeting he was under injunction prohibiting him from acting as member or exercising any of the duties of his office, but where a second meeting was held, of which he was given notice, and at which the action taken at the former meeting was ratified, the defect was cured. *McClendon v. Hamilton*, 277 Ky. 734, 127 S.W.2d 605, 1939 Ky. LEXIS 723 (Ky. 1939).

Where there has not been legal notice of a special meeting of the school board, the action taken at the special meeting is invalid if one of the members of the board is absent. *Board of Education v. Nevels*, 551 S.W.2d 15, 1977 Ky. App. LEXIS 690 (Ky. Ct. App. 1977).

When all the members of the board are present and have an opportunity to participate in all the actions taken at a special meeting, the validity of the action taken at the special meeting is not affected by the form of the notice. *Board of Education v. Nevels*, 551 S.W.2d 15, 1977 Ky. App. LEXIS 690 (Ky. Ct. App. 1977).

Where the records of the special meeting of the school board did not reflect that any objection was made to the notice of the special meeting or that any objection was made to any action taken at the meeting on the grounds that it was not included within the notice, the action taken at such meeting was not invalidated because of the form of the notice of the meeting. *Board of Education v. Nevels*, 551 S.W.2d 15, 1977 Ky. App. LEXIS 690 (Ky. Ct. App. 1977).

4. Unexcused Absence.

Unexcused absence for three consecutive regular meetings does not ipso facto vacate a board member's office. The board must take action thereon. *Board of Education v. Stevens*, 261 Ky. 475, 88 S.W.2d 3, 1935 Ky. LEXIS 678 (Ky. 1935). See *Spurlock v. Spradlin*, 266 Ky. 164, 98 S.W.2d 480, 1936 Ky. LEXIS 627 (Ky. 1936).

A change in the date of meeting during the absence of a member without notice to him and without his knowledge is a good excuse for absence. *Baisden v. Floyd County Board of Education*, 270 Ky. 839, 110 S.W.2d 671, 1937 Ky. LEXIS 153 (Ky. 1937).

This section contemplates that type of inaction revealing an intention to abandon the duties of the office. *Commonwealth ex rel. Buckman v. Mason*, 284 S.W.2d 825, 1955 Ky. LEXIS 53 (Ky. 1955).

5. Removal Proceedings.

On appeal of removal cases, the court can only consider whether the board acted arbitrarily, unlawfully, without authority, without evidence, or abused its discretion. *Baisden v.*

Floyd County Board of Education, 270 Ky. 839, 110 S.W.2d 671, 1937 Ky. LEXIS 153 (Ky. 1937).

The motives of the board in removal proceedings are not open to inquiry. *Baisden v. Floyd County Board of Education*, 270 Ky. 839, 110 S.W.2d 671, 1937 Ky. LEXIS 153 (Ky. 1937).

6. Changed Meeting Date.

Where school board changed monthly meeting date in open meeting, where press release had been issued, where newspaper article appeared, and where citizens appeared at the meeting, there was no positive showing that the board had decided any matters regarding closing the school in closed session. *Coppage v. Ohio County Bd. of Educ.*, 860 S.W.2d 779, 1992 Ky. App. LEXIS 182 (Ky. Ct. App. 1992).

7. Open Meeting.

Action of the school board at a closed meeting could not be ratified at the open public meeting because no vote was taken during an open session and because consensus was not established. *Webster County Bd. of Educ. v. Newell*, 392 S.W.3d 431, 2013 Ky. App. LEXIS 31 (Ky. Ct. App. 2013).

Vote was not rendered unnecessary at the school board meeting under KRS 61.805 because it was not possible to determine if a consensus or collective decision was made. *Webster County Bd. of Educ. v. Newell*, 392 S.W.3d 431, 2013 Ky. App. LEXIS 31 (Ky. Ct. App. 2013).

OPINIONS OF ATTORNEY GENERAL.

When a member of a board of education fails to attend three regular meetings and is not excused by the board, a vacancy exists and, since a state office is involved, it is the duty of the Attorney General under KRS 415.050 to institute ouster proceedings. OAG 60-1137.

Unless a member of the board of education resigns upon his being called to active duty in the armed forces his position is suspended and no one can be appointed to fill it in his absence. OAG 61-847.

A member of a board of education does not abandon his office within the meaning of the statute by virtue of his being called for military service. OAG 61-847.

To act effectively in voting on a proposal a majority vote of the quorum present is necessary and an abstention is no longer counted as an acquiescence in order to obtain a majority. OAG 61-945, 62-422.

Neither an interested person nor his representative has the absolute right to take the original records of a district board of education into a private room without the secretary or the secretary's representative being present. OAG 68-291.

Neither the interested person nor his representative has the right to reproduce the records of a district board of education by any photostatic means whatsoever. OAG 68-291.

The right of inspection cannot override the public interest in safe and permanent maintenance of the records. OAG 68-291.

Where the necessary interest is present, the interested person or his representative is entitled to obtain a certified copy of the contract between the board of education and the secretary upon payment of such reasonable fee therefor as may be prescribed by regulation of the district board. OAG 68-291.

A school board may, in its discretion, meet in executive session and may, during such session, take a formal vote, but the matter voted on and the record of the vote taken must be recorded in the minutes. OAG 69-281.

Where five board members were present at a meeting and two (2) voted yes on a motion and three did not vote, the motion did not pass. OAG 69-395, but see OAG 74-545.

Under the common law and the existing statutory law in this state, a school board has the sole discretion as to whether its meetings shall be open to the press and other members of the public. OAG 73-143.

The word "majority" in subsection (1) of this section means a majority of those present and voting; thus, where five board members were present at a meeting, a motion was carried when two (2) members voted yes, one member voted no and two (2) members abstained. OAG 74-545, but see OAG 69-395.

There was no statutory requirement for the president of the school board to provide school board members with an agenda of the matters to be taken up at a regular board meeting and the fact that a tentative agenda was sent to the members omitting any mention that a superintendent was to be appointed does not present any irregularity. OAG 75-488.

In absence of any statutory provision to the contrary, when a regular meeting of the local school board is once duly organized at the time and place appointed, the board possesses the incidental power to adjourn its regular meeting to a future time and such adjournment does not require any agenda to be prepared or for there to exist a special purpose for the adjournment; however, the time to which a meeting is adjourned should be specified and if any board members were not present at the regular meeting, they should be notified of the adjournment date and time; moreover there are no limiting provisions in the statutes as to the number of adjournments a regular meeting can in fact have. OAG 76-450.

There is no statutory requirement that an agenda be prepared for regular meetings of the school board but if an agenda is prepared it is a public record; an agenda is required for a special meeting of the school board and it is also a "public record"; such agendas are "public records" pursuant to KRS 61.872 and open for inspection by any person during the regular office hours of the public agency. OAG 77-221.

The minutes of a school board meeting may be amended at a subsequent meeting to conform them to the facts, but the minutes may not be changed to reflect a change in position on a question before the board or to show something other than what had actually occurred at the previous meeting. OAG 77-494.

If a motion for a special meeting is made and that motion passes by at least three members of the board, the subject matter of the motion would reflect what the agenda must cover and no other matter may be discussed at the meeting. OAG 77-496.

Where a lawsuit resulted from the action of a majority of a school board in rescinding the contract of the superintendent of schools, the board had implied power to expend school funds for attorney fees and court costs incurred in defending the board's actions. OAG 77-608.

The failure on the part of a board member to attend three successive regular meetings does not by itself create a vacancy in the board; the Attorney General's office must authorize an ouster proceeding. OAG 78-78.

A local board can hire a superintendent or do anything else in a specially called meeting which can be done at a regular meeting. OAG 78-274.

If the superintendent of schools is also the secretary of the board, he or she shall not meet with the board when the superintendent's tenure, salary or the administration of his office is under consideration, for while the two positions of superintendent and secretary may be separable, the body cannot be; in this situation a temporary secretary should be appointed to take the minutes of the board's proceedings. OAG 78-274.

In view of the language in KRS 61.825 (repealed), the "timely notice" requirement of this section is "at least 24 hours

prior to the time of such meeting as specified in the notice.” OAG 78-274.

The statutory language requiring the secretary of the board of education to call a special meeting and to see that properly detailed timely notice is given is mandatory and the secretary’s refusal to act could be the basis for rescission of the secretary’s contract; however, the failure to perform the functions of the secretary of the board could not constitute legal cause for removal from office as superintendent when the same person holds the two positions, for the two positions are separable. OAG 78-274.

A majority vote of the board is required to fill a vacancy on the board. OAG 78-819.

Since KRS 61.850 specifically provides that the provisions of KRS 61.805 to 61.850 should not be construed as repealing any other laws relating to meetings, but merely supplements them, and since this section is a piece of specific legislation dealing with school boards, in the event of a conflict between that section and KRS 61.825 (repealed), which requires a request by a majority of the members of a governing body, the provision of subsection (1) of this section allowing only three members to call a meeting should prevail. OAG 79-130.

Two members of a five-member board of education have no authority to act for the board as a body, thus where two board members offered to remove a written reprimand by the board from a high school coach’s record in consideration of a resignation by the coach, such an offer was without legal significance. OAG 80-119.

When a closed session of a school board is held as authorized by KRS 61.810, minutes of the closed session should be made, but the board, in its discretion, may require the minutes to be sealed and withheld from public inspection and such minutes will not be part of the regular minutes of the meeting required by subsection (2) of this section. OAG 81-235.

For practical examples of the effect of possible votes with a five-member school board, see OAG 82-374.

The practical effect of the 1982 amendment to this section is that, for a typical five-member school board, three board members must agree in order for an action before the board to pass. OAG 82-374.

Under subsection (1) of this section, board members who abstain will be considered to have acquiesced with the majority of those present and voting. OAG 82-374.

A special meeting of a school board may deal only with matters which are stated in the call of the meeting of which each member of the board receives timely notice unless all of the members are present and unanimously agree to consider an additional subject which was not included in the call. OAG 83-71.

When all the members of the board of education are present, and all the members agree to take up an additional subject, the required advance notice of the subjects to be discussed in the meeting may be waived since the advance notice is for the benefit of the board members, not for the benefit of the news media or the public; the waiver must be by unanimous consent. OAG 83-71.

A school board member abstaining from voting for a board action in which he or she has a conflict of interest, in order to prevent the problematic circumstance caused by consideration of the abstention as a vote acquiescing with the majority, should be absent either from the entire meeting or from the discussion and the vote on the issue in which he or she has the conflict. OAG 88-35.

The rule that abstaining voters are considered as acquiescing with the majority applies in instances where a required affirmative number of votes is not mandated by the controlling statute or ordinance. OAG 88-35.

The language of this section which is applicable to local boards of education and states that a concurring vote by a majority of the board, the number of board members in the quorum notwithstanding, shall be necessary to take any

particular action unless otherwise specified by statute does not apply to KRS 161.120, which is applicable to the Education Professional Standards Board. OAG 91-107.

Subsection (1) of this section requires that a majority of the statutory board of education be present to constitute a quorum and that the majority must concur in their vote to take action; therefore, a minimum of three out of five members on a five member board, or four out of seven members on a seven member board, must be present in order to have a quorum present to transact business and when the bare minimum number of board members necessary to transact business are present, all must concur in their vote to take action. OAG 92-77.

While the school board violated the Open Meetings Act by its failure to file a written response to the complaint within the statutorily mandated time frame, its decision to not renew the superintendent’s contract was not a violation of the Open Meetings Act as that action was within the agenda of activities set forth in the notice for that special meeting which stated that “The purpose of the meeting will be to discuss renewal/or action of the Superintendent’s contract.” OAG 97-OMD-43.

County board of education and superintendent of county schools violated the Open Meetings Act, specifically KRS 61.823(4)(a), by their failure to notify in writing all board members at least 24 hours prior to the commencement of those meetings even though the board had complied with the requirements of subsection (1) of this section. 97-OMD-90.

160.280. Per diem and expenses for board members — Eligibility for insurance plans.

(1) Members of boards of education shall receive no salaries, but members of boards of education may receive, for each day a regular or special meeting is attended, a per diem of one hundred fifty dollars (\$150) and their actual expenses. Members shall receive this same per diem for training required by KRS 160.180. In no case shall the expenses incurred within the district or per diem of any member exceed six thousand dollars (\$6,000) in any calendar year.

(2) Members of boards of education may be reimbursed for actual and necessary expenditures incurred outside the district in the performance of their duties authorized by the board.

(3) All claims shall be made out according to law and filed with the secretary of the board and shall be approved and paid as other claims against the board.

(4) Board members shall be eligible to participate in any group medical or dental insurance plan provided to employees of the district pursuant to KRS 161.158. Participating board members shall pay the full cost of any premium required for their participation in the plan.

This section (4399-32; amend. Acts 1954, ch. 220, § 1; 1962, ch. 57; 1976, ch. 256, § 1; 1976, ch. 278, § 1; 1978, ch. 31, § 1, effective June 17, 1978; 1982, ch. 59, § 4, effective July 15, 1982; 1982, ch. 227, § 2, effective July 15, 1982; 1986, ch. 82, § 1, effective July 15, 1986) was repealed and reenacted by Acts 1990, ch. 476, Part V, § 431, effective July 13, 1990.

NOTES TO DECISIONS

1. Transportation Expense for Board Members.

The superintendent of schools of the county board of education was the executive agent and officer of the board and as such was in charge of the management and control of the school buses owned and operated by the board, with authority to direct the operator of the school bus to permit a member of the county board of education to ride upon the bus and thus save the board the expense of his transportation under this section and the board member was lawfully riding in the school bus within the liability policy issued for protection of any school child or other person from negligence of the bus driver. *Standard Acc. Ins. Co. v. Perry County Board of Education*, 72 F. Supp. 142, 1947 U.S. Dist. LEXIS 2468 (D. Ky. 1947).

OPINIONS OF ATTORNEY GENERAL.

Although county school board members are elected on a nonpartisan basis, since they do receive a per diem and expenses, a merit system employee in a classified position would be disqualified from serving on the county school board. OAG 60-441.

A member of a county board of education is only entitled to receive the per diem allowance authorized by this section for meetings actually attended. OAG 60-1135.

Under this section a member of a board of education may receive a maximum of \$200 for per diem payments per annum and also receive a maximum of \$200 per annum for expenses actually incurred. OAG 61-313.

A member of a local board of education may not be reimbursed for expenses incurred outside his district in the performance of his duties except when he is attending a meeting or conference called by the Superintendent of Public Instruction pursuant to the provisions of KRS 156.190. OAG 61-1052.

The members of a board of education would be entitled to per diem payments for attending adjourned meetings held on a day or days after the regular monthly meeting date. OAG 64-157.

Expenditures under this section are authorized only to legal members of boards of education and a board member who has become ineligible to serve due to moving his permanent residence from within the district would not be entitled to payment for services rendered after that time. OAG 65-800.

If payments accepted by a board member of an independent district represent payment for services in any amount or to any degree, or if though purporting to be for actual and necessary expenses, are not for duties authorized by the board, acceptance of such would offend KRS 160.180 in rendering the member ineligible. OAG 69-292.

The per diem received by a county school board member under this section is synonymous with "salary" and imports the idea of compensation for personal services. OAG 74-385.

A classified state employee cannot seek membership on a county school board which is an elective office and whose members receive a per diem of \$10.00 and expenses pursuant to this section. OAG 74-646.

A board of education may not pay a travel reimbursement claim of a board member unless that expense was authorized by the board before the expense is incurred, nor may the board authorize the incurring of out-of-district expenses by board members and then refuse to pay upon presentation to the board of a valid documented claim for the actual expenses incurred. OAG 76-329.

The local board of education cannot compensate a member for earnings lost due to attendance at an approved training session, as required by KRS 160.180(5), since subsection (1) of this section forbids school board members from receiving a salary. OAG 85-53.

Pursuant to subsection (3) of this section, a district board of education may legally pay the expenses of a member for attending an approved training program, as required by KRS 160.180(5). OAG 85-53.

Subsection (1) of this section allows a district to pay a board member \$40 for each meeting actually attended up to a maximum per diem of \$1,000 during any calendar year. Also, the board member may receive reimbursement, up to a maximum of \$1,000, for actual expenses incurred within the district in any calendar year. OAG 92-136.

Kentucky Bench & Bar.

Whalen, *The Kentucky Education Reform Act of 1990 and Local Boards of Education*, Vol. 57, No. 1, Winter 1993, Ky. Bench & Bar 11.

160.290. General powers and duties of board.

(1) Each board of education shall have general control and management of the public schools in its district and may establish schools and provide for courses and other services as it deems necessary for the promotion of education and the general health and welfare of pupils, consistent with the administrative regulations of the Kentucky Board of Education. Each board shall have control and management of all school funds and all public school property of its district and may use its funds and property to promote public education. Each board shall exercise generally all powers prescribed by law in the administration of its public school system, appoint the superintendent of schools, and fix the compensation of employees.

(2) Each board shall make and adopt, and may amend or repeal, rules, regulations, and bylaws for its meetings and proceedings for the management of the schools and school property of the district, for the transaction of its business, and for the qualification and duties of employees and the conduct of pupils. The rules, regulations, and bylaws made by a board of education shall be consistent with the general school laws of the state and shall be binding on the board of education and parties dealing with it until amended or repealed by an affirmative vote of a majority of the members of the board. The rules, regulations, and bylaws shall be spread on the minutes of the board and be open to the public. The rules, regulations, and bylaws may include the use of reverse auctions as defined in KRS 45A.070 in the procurement of goods and leases.

(3) Local boards of education electing to enter into agreements pursuant to the Interlocal Cooperation Act, KRS 65.210 to 65.300, with other local boards of education to establish consortia to provide services in accordance with the Kentucky Education Reform Act of 1990, 1990 Ky. Acts Ch. 476, may transfer real or personal property to the consortia without receiving fair market value compensation. The joint or cooperative action may employ employees transferred from employment of a local board of education, and the employees shall retain their eligibility for the Kentucky Teachers' Retirement System. The chief state school officer, under administrative regulations of the Kentucky Board of Education, may allot funding to an interlocal cooperative board created by two (2) or more local school districts pursuant to KRS 65.210 to 65.300 to provide educational services for the mutual advantage of the students in the representative districts. All statutes and administrative regulations that apply to the use of these funds in local school districts shall also apply to cooperative boards.

1. Constitutionality.

This section did not delegate legislative power to the county board in violation of the Constitution. *County Board of Education v. Goodpaster*, 260 Ky. 198, 84 S.W.2d 55, 1935 Ky. LEXIS 444 (Ky. 1935).

2. Limitation.

The authority of county boards of education is strictly statutory, and they must closely follow the statute prescribing the manner and form of the performance of their duties. *Knott*

County Board of Education v. Martin, 256 Ky. 515, 76 S.W.2d 601, 1934 Ky. LEXIS 441 (Ky. 1934).

These powers are not arbitrary, and the reasonable discretion of the board must not be abused. *Ex parte County Board of Education*, 260 Ky. 246, 260 Ky. 249, 84 S.W.2d 59, 1935 Ky. LEXIS 445 (Ky. 1935).

A board can exercise no power not expressly or by necessary implication granted to it; nor can it by its own actions deprive itself of the powers given it, nor enlarge or diminish them. *Smith v. Board of Education*, 264 Ky. 150, 94 S.W.2d 321, 1936 Ky. LEXIS 285 (Ky. 1936).

Discretion vested in boards of education to expend school moneys is subject to constitutional restriction that such expenditures must be for purposes of common school education. *Schuerman v. State Board of Education*, 284 Ky. 556, 145 S.W.2d 42, 1940 Ky. LEXIS 514 (Ky. 1940).

School boards have no powers except those relating to operation and management of public schools and they are vested with broad governmental powers in the management of public schools under their jurisdiction. *Board of Education v. Society of Alumni, etc.*, 239 S.W.2d 931, 1951 Ky. LEXIS 907 (Ky. 1951).

Since matters affecting the schools and their management were vested in the local board of education and the State Department of Education, a school board could not delegate or shift its responsibilities to a fiscal court or the electorate by requesting that the fiscal court place on ballot the question of whether the voters favored the consolidation or merger of certain county schools. *Hickman County Fiscal Court v. Workman*, 528 S.W.2d 730, 1975 Ky. LEXIS 89 (Ky. 1975).

3. Under KERA of 1990.

Each participating group in the common school system had been delegated its own independent sphere of responsibility and the Kentucky Education Reform Act (Enact. Acts 1990, ch. 476) did not delegate to local boards of education the authority to require board approval of school council actions. *Board of Educ. v. Bushee*, 889 S.W.2d 809, 1994 Ky. LEXIS 152 (Ky. 1994).

The waiver requirement of KRS 160.345 enables a school council to ask for a deviation from district policy, if it determines that the needs of an individual school would best be met in a manner different than that devised by the local board. The waiver provision is present to enable flexibility, not to indicate approval authority by the board over council policy development. This interpretation serves the intent of the Kentucky Education Reform Act (Enacts. Acts. 1990, ch. 476) to decentralize decision making authority. *Board of Educ. v. Bushee*, 889 S.W.2d 809, 1994 Ky. LEXIS 152 (Ky. 1994).

The essential strategic point of the Kentucky Educational Reform Act (Enact. Acts 1990, ch. 476) is the decentralization of decision making authority so as to involve all participants in the school system, not limited to, but including school councils and local school boards; affording each the opportunity to contribute actively to the educational process and the provisions set out the structural framework by which this decentralization of decision making authority is to occur. *Board of Educ. v. Bushee*, 889 S.W.2d 809, 1994 Ky. LEXIS 152 (Ky. 1994).

4. Control of State Board of Education.

The administrative control of the board exercised under this section must be consistent with the rules and regulations of the State Board of Education. *Gearhart v. Kentucky State Board of Education*, 355 S.W.2d 667, 1962 Ky. LEXIS 76 (Ky. 1962). See *Earle v. Harrison County Board of Education*, 404 S.W.2d 455, 1966 Ky. LEXIS 299 (Ky. 1966).

Where members of county board disagreed with and refused to follow state board recommendations for consolidation and construction of school buildings the members of the county board could not be suspended from office for neglect of duty or

misconduct. *Kentucky State Board of Education v. Isenberg*, 421 S.W.2d 81, 1967 Ky. LEXIS 52 (Ky. 1967).

5. Determining School Attendance.

The school board has the right to determine which school within the district a pupil shall attend. *Hines v. Pulaski County Board of Education*, 292 Ky. 100, 166 S.W.2d 37, 1942 Ky. LEXIS 46 (Ky. 1942).

6. Transportation.

The general powers of the board of education under KRS 158.110, 160.160, 160.330 and this section are broad enough to encompass the operation of a transportation system under which high school pupils are charged a fee. *Japs v. Board of Education*, 291 S.W.2d 825, 1956 Ky. LEXIS 402 (Ky. 1956).

Under the broad authority of KRS 160.160 and this section the county board of education has power to adopt appropriate and reasonable regulations whereby indigent high school pupils may be furnished transportation without charge. *Japs v. Board of Education*, 291 S.W.2d 825, 1956 Ky. LEXIS 402 (Ky. 1956).

7. Suspension or Expulsion of Pupils.

Regulation of school board that a student who marries must immediately withdraw from school and cannot be readmitted for one full year, and then only as a special student with permission of the principal is invalid as it is arbitrary and unreasonable. There is the complete absence of any standard or guideline for the principal concerning readmission and the fatal vice of the regulation lies in its sweeping, advance determination that every married student, regardless of the circumstances, must lose at least a year's schooling. *Board of Education v. Bentley*, 383 S.W.2d 677, 1964 Ky. LEXIS 51 (Ky. 1964).

The school board is empowered to suspend or expel pupils for violations of lawful regulations of the school. *Board of Education v. Bentley*, 383 S.W.2d 677, 1964 Ky. LEXIS 51 (Ky. 1964).

The school board is vested with the duty and power to control and manage high school and is authorized to enforce reasonable regulations, including disciplinary rules. *Board of Education v. Bentley*, 383 S.W.2d 677, 1964 Ky. LEXIS 51 (Ky. 1964).

This statute is directed to the rules and regulations for the conduct of students and not to the disciplinary measures taken for the breach of those rules and regulations. *Dorsey v. Bale*, 521 S.W.2d 76, 1975 Ky. LEXIS 147 (Ky. 1975).

8. Courses of Instruction.

Under this section a school board is vested with general control and management of the public schools in its district, and may provide such courses of instruction and other services as it deems necessary for the promotion of education and the general health and welfare of its pupils, consistent with the rules and regulations of the State Board of Education. *Board of Education v. Society of Alumni, etc.*, 239 S.W.2d 931, 1951 Ky. LEXIS 907 (Ky. 1951).

9. Employment of Accountant and Attorney.

The board has the implied power to employ and pay an accountant to make a general audit of the school records. *Lewis v. Morgan*, 252 S.W.2d 691, 1952 Ky. LEXIS 1019 (Ky. 1952).

Even though there was no specific statutory authority for school board to employ attorney, members of county board of education had implied authority to employ attorneys to represent them in actions and had implied power to expend school funds for attorneys' fees and court costs in defending the actions where such employment was necessary for their protection and the accomplishment for the purposes for which they were created and for the promotion of public education.

Hogan v. Glasscock, 324 S.W.2d 815, 1959 Ky. LEXIS 385 (Ky. 1959).

10. Employment of Night Watchperson.

Breathitt County Board of Education (Board) was immune from suit, KRS 160.290(1), as the employment of a night watchperson to reside on school grounds served the Board's educational function; because the Board was engaged in a governmental rather than a proprietary function, it was entitled to immunity from damages claims arising from that function. *Breathitt County Bd. of Educ. v. Prater*, 292 S.W.3d 883, 2009 Ky. LEXIS 193 (Ky. 2009).

11. Teachers.

Boards may establish reasonable qualifications for teachers higher than the minimum provided by statute. *Board of Education v. Messer*, 257 Ky. 836, 79 S.W.2d 224, 1935 Ky. LEXIS 96 (Ky. 1935).

The board has discretion to determine the number of teachers necessary to properly conduct each of its schools. *Simpson County Board of Education v. Strickler*, 268 Ky. 72, 103 S.W.2d 705, 1937 Ky. LEXIS 419 (Ky. 1937).

12. — Mandatory Leave.

Policy G25.000 of the Jefferson County school board mandating a one-month leave of absence, without pay, from October 15 to November 15, for employees who were candidates for part-time political offices violated such candidates rights to free speech and free political association, and denied those candidates the equal protection of the law, in violation of both federal and Commonwealth constitutions. *Allen v. Board of Education*, 584 S.W.2d 408, 1979 Ky. App. LEXIS 429 (Ky. Ct. App. 1979), overruled in part, *Cook v. Popplewell*, 394 S.W.3d 323, 2011 Ky. LEXIS 174 (Ky. 2011).

13. Membership Dues.

This section and KRS 165.270 (now repealed) vesting boards of education with control of school funds with right to use same to promote public education in such ways as they may deem necessary and proper, is sufficiently broad to authorize payment by county and city board of education, out of public school fund, of annual membership dues in Kentucky school boards association. *Schuerman v. State Board of Education*, 284 Ky. 556, 145 S.W.2d 42, 1940 Ky. LEXIS 514 (Ky. 1940).

14. Ratification of Contract.

A board may ratify a defective contract if it had authority to make it originally, provided that the method of ratification conforms to the procedure necessary for its original execution. *Knott County Board of Education v. Martin*, 256 Ky. 515, 76 S.W.2d 601, 1934 Ky. LEXIS 441 (Ky. 1934).

Architect could not recover on quantum meruit, where his alleged contract with school superintendent was void because not ratified, by order in writing, by board of education at a regular meeting. *Oberwarth v. McCreary County Board of Education*, 275 Ky. 319, 121 S.W.2d 716, 1938 Ky. LEXIS 426 (Ky. 1938).

15. Establishing Schools.

A school board must maintain a 12-grade service, but need not do so in each school it maintains. It may maintain schools (1) in which only the elementary grades are taught, (2) in which only the four higher grades are taught, (3) in which all 12 grades are taught, (4) in which the first six grades are taught, (5) junior high schools (seventh, eighth and ninth grades), (6) senior high schools (tenth, eleventh and twelfth grades), or (7) any combination of same, provided it does not act arbitrarily or abuse its discretion. *Wilson v. Alsip*, 256 Ky. 466, 76 S.W.2d 288, 1934 Ky. LEXIS 435 (Ky. 1934) (decided under prior law).

A fiscal court cannot exercise its judgment in opposition to the judgment of the county board of education as to the need

to enlarge and improve the school system for the county unless expenditures or illegal computation is unlawfully arrived at or bad faith appears. *Fyfe v. Hardin County Board of Education*, 305 Ky. 589, 205 S.W.2d 165, 1947 Ky. LEXIS 880 (Ky. 1947).

Where school board accepted gift from alumni society to purchase land for school building and had covenant in deed that school was for white male students the covenant was void as it ceded away the board's governmental powers and restricted its discretion and was against public policy. *Board of Education v. Society of Alumni, etc.*, 239 S.W.2d 931, 1951 Ky. LEXIS 907 (Ky. 1951).

A school board is vested with the power to select public school sites, subject only to the limitation that it cannot act arbitrarily or beyond the pale of sound discretion and has authority to condemn land for future school needs. *Pike County Board of Education v. Ford*, 279 S.W.2d 245, 1955 Ky. LEXIS 521 (Ky. 1955).

16. — Financing.

School boards have broad powers in financing their property. *Scott County Board of Education v. McMillen*, 270 Ky. 483, 109 S.W.2d 1201, 1937 Ky. LEXIS 100 (Ky. 1937).

Where population of county was approximately 8,617, estimated assessment of property for taxation in county was \$6,425,000, county had existing bonded debt of \$225,000 and county board of education approximately \$100,000 and the 150 high school pupils of the system were taken care of at the headquarters building in the extreme western part of the county along with the elementary grade pupils, an additional bonded debt of \$250,000 to erect a new high school building to be paid by rents received annually from board of education as provided by KRS 162.140 was not arbitrary action or abuse of the discretion of the board that would justify judicial review. *Carter v. Taylor*, 313 Ky. 445, 231 S.W.2d 601, 1950 Ky. LEXIS 896 (Ky. 1950).

Whether county board of education was financially able to erect high school building and whether its erection jeopardized future program of county educational system were matters strictly for administrative decision of the board. *Carter v. Taylor*, 313 Ky. 445, 231 S.W.2d 601, 1950 Ky. LEXIS 896 (Ky. 1950).

17. — Location.

Subject to the approval of the State Superintendent of Public Instruction, county boards of education are given broad discretion in the selection of sites for schools. Once the approval of the State Superintendent has been obtained, the courts will not interfere with the selection of the site unless there is positive proof of fraud, collusion, or a clear abuse of discretion. *Justice v. Clemons*, 308 Ky. 820, 215 S.W.2d 992, 1948 Ky. LEXIS 1059 (Ky. 1948).

Courts may not interfere with proposed plan of county board of education for location of school unless there is shown a clear abuse of discretion vested in the board by this section and KRS 160.160. *Goins v. Jones*, 258 S.W.2d 723, 1953 Ky. LEXIS 882 (Ky. 1953).

In taxpayer suit to enjoin county board of education evidence did not show that the board was without serious consideration and lacking a reasonable discretion and was arbitrary in locating a proposed new elementary school near the western boundary of the county instead of the geographical center and the court was without authority or power to interfere. *Goins v. Jones*, 258 S.W.2d 723, 1953 Ky. LEXIS 882 (Ky. 1953).

Establishment of a central high school by board was not arbitrary or unreasonable under the circumstances. *Wigginton v. Nelson County Board of Education*, 408 S.W.2d 647, 1966 Ky. LEXIS 133 (Ky. 1966).

18. Closing Schools.

A board of education must act in good faith upon a sound, just and reasonable basis, and have due regard for the public

interests and consequences of its actions upon the children affected and it must not act arbitrarily in discontinuing a school. *Wells v. Board of Education*, 289 S.W.2d 492, 1956 Ky. LEXIS 283 (Ky. 1956).

Where student population fell below minimum required for state aid a reasonable basis was afforded for school board to order the school closed. *Earle v. Harrison County Board of Education*, 404 S.W.2d 455, 1966 Ky. LEXIS 299 (Ky. 1966).

The Kentucky General Assembly clearly has given local school boards the power and authority to close schools and consolidate schools within a local system. *Coppage v. Ohio County Bd. of Educ.*, 860 S.W.2d 779, 1992 Ky. App. LEXIS 182 (Ky. Ct. App. 1992).

19. Recreation Center.

Purchase by a school district, acting alone, of land in another county for the establishment of a recreation center for the joint benefit of school children and 4-H club members was an arbitrary administration of public funds and, thus, illegal. *Wilson v. Graves County Board of Education*, 307 Ky. 203, 210 S.W.2d 350, 1948 Ky. LEXIS 704 (Ky. 1948).

20. Donation to Board.

The jurisdiction conferred by this section relates to school property arising from public funds and necessarily does not apply to specific charitable trust donations made to a particular type of school district for its exclusive benefit, which is controlled by KRS 160.580. *Board of Education v. Todd County Board of Education*, 289 Ky. 803, 160 S.W.2d 170, 1942 Ky. LEXIS 645 (Ky. 1942).

The county board of education in taking out insurance policy on district school building built by specific charitable trust donation was only a naked trustee of the property, while pupils of district school were the real beneficiaries and thus entered to proceeds of the insurance. *Board of Education v. Todd County Board of Education*, 289 Ky. 803, 160 S.W.2d 170, 1942 Ky. LEXIS 645 (Ky. 1942).

21. Sale and Conveyance of School Property.

A board, being a continuing body, cannot, following a change of members rescind a prior sale on the mere ground that it was a bad bargain. *Trustees of Congregational Church v. Evarts Graded Common School Dist.*, 230 Ky. 94, 18 S.W.2d 887, 1929 Ky. LEXIS 25 (Ky. 1929) (decided under prior law).

Boards of education were authorized to convey school property. *Bellamy v. Board of Education*, 255 Ky. 447, 74 S.W.2d 920, 1934 Ky. LEXIS 259 (Ky. 1934) (decided under prior law).

A county board of education had no authority to execute a plan by which board was to convey to a nonprofit corporation 20 percent of school property in county, but not site on which school building was to be erected, and corporation was to erect building and execute lease-option contract to board by which, after payment of rental for period of years, board was to become owner of all property conveyed to corporation. *Weeks v. Board of Education*, 282 Ky. 241, 137 S.W.2d 1094, 1940 Ky. LEXIS 132 (Ky. 1940).

Although there is no statutory limitation on the action of boards of education in selling and conveying school property, their action in so doing must be consonant with their duty to maintain an adequate school system within the limits of their finances; and any action by a board which imperils the entire school system of a county, or a portion thereof, may be called in question by the courts. *Weeks v. Board of Education*, 282 Ky. 241, 137 S.W.2d 1094, 1940 Ky. LEXIS 132 (Ky. 1940).

Though the board of education has the right to sell and convey school property it cannot sell and convey all of such property in the county at one time and for a grossly inadequate price. *Weeks v. Board of Education*, 282 Ky. 241, 137 S.W.2d 1094, 1940 Ky. LEXIS 132 (Ky. 1940).

22. Adoption of Grievance Procedure.

The adoption of a grievance procedure is clearly within the authority granted a school board by this section. *International*

Brotherhood of Firemen & Oilers v. Board of Education, 393 S.W.2d 793, 1965 Ky. LEXIS 245 (Ky. 1965).

Denial of third-party representation in grievances before a school board is not arbitrary. *International Brotherhood of Firemen & Oilers v. Board of Education*, 393 S.W.2d 793, 1965 Ky. LEXIS 245 (Ky. 1965).

23. Maintaining Legal Actions.

A board of education has authority to maintain an action in its own name, against delinquent taxpayers, to recover judgment for delinquent school taxes and to enforce the tax lien, and is not required to await the ordinary process of distraint and sale by the tax collector as the statute makes the tax a debt of the delinquent taxpayer in favor of the particular taxing authority. *Board of Education v. Ballard*, 299 Ky. 370, 185 S.W.2d 538, 1945 Ky. LEXIS 426 (Ky. 1945).

Boards of education and not the taxpayers have the initial responsibility of maintaining legal actions on behalf of the school districts and a taxpayer may not bring suit in a matter concerning public funds until he has first requested the authorized school board to institute suit and it has failed to comply. *Reeves v. Jefferson County*, 245 S.W.2d 606, 1951 Ky. LEXIS 1263 (Ky. 1951).

This section and KRS 160.160 place upon the boards of education, not taxpayers, the initial responsibility of maintaining legal actions on behalf of the school districts and an individual has no standing to institute an action for alleged unlawful expenditures of school funds until he has demanded the board to bring the action and the board has refused to comply unless he clearly shows that a demand would have been futile although some members of the board were members at the time of alleged unlawful expenditures. *Farler v. Perry County Board of Education*, 355 S.W.2d 659, 1961 Ky. LEXIS 19 (Ky. 1961).

A lawsuit to declare an education system unconstitutional falls within the authority, if not the duty, of local school boards to fulfill their statutory responsibilities, no matter who the defendants are. *Rose v. Council for Better Educ.*, 790 S.W.2d 186, 1989 Ky. LEXIS 55 (Ky. 1989).

24. Liability of Individual Board Members.

The individual members of a board of education cannot be subjected to individual liability for failing to perform a general duty owed the public in the administration of a good school program, but where the members fail to perform some definite and specific ministerial act they may be held liable individually. *Bronaugh v. Murray*, 294 Ky. 715, 172 S.W.2d 591, 1943 Ky. LEXIS 531 (Ky. 1943).

25. Appeal.

The only question for the court's determination is whether the board is exceeding its authority or is acting arbitrarily. *Perry County Board of Education v. Deaton*, 311 Ky. 227, 223 S.W.2d 882, 1949 Ky. LEXIS 1100 (Ky. 1949).

Where the county board in the exercise of its statutory discretion had promulgated a plan and the highest educational administrative body, the state board, had approved it, the court will not substitute its own judgment for such quasi-legislative and quasi-executive action unless clearly exceeded statutory or constitutional limitations of power. *Carter v. Taylor*, 313 Ky. 445, 231 S.W.2d 601, 1950 Ky. LEXIS 896 (Ky. 1950).

The government and conduct of public schools, in general, is committed to the discretion of the school board and courts will not interfere with the board's exercise of such discretion unless it appears the board has acted arbitrarily or maliciously. *Board of Education v. Bentley*, 383 S.W.2d 677, 1964 Ky. LEXIS 51 (Ky. 1964).

OPINIONS OF ATTORNEY GENERAL.

Under this section, a local board of education has the authority to charge a reasonable incidental fee for prescribed courses of study, such as a science course, and also collect a reasonable incidental fee for general school supplies, but may not withhold a pupil's grades or credits for failure to pay such fees. OAG 60-1017.

A local board of education may not lease school property for the purpose of constructing a swimming pool which would permanently impair the future use of the property for school purposes. OAG 60-1018.

Under this section a local board of education may, by regulation, adopt its own policy regarding the employment of pregnant teachers. OAG 61-13.

Under subsection (2) of this section a local board of education may pass a resolution requiring that all of its high school principals hold a master's degree as a prerequisite to their employment but such resolution could not be made applicable to persons serving as principals at the time the resolution was adopted until their present contract as principal has expired. OAG 61-413.

In the exercise of reasonable discretion, a board of education may decide that it is in the best interests of the school district to participate in the student teacher-training program. OAG 63-269.

A board of education may prohibit any student who operates his automobile on the way to or from school in a reckless or wanton manner from driving said motor vehicle to or from school. OAG 63-486.

A board of education may provide and maintain an automobile for the benefit of the school superintendent while discharging the duties attendant to his office. OAG 64-130.

A county board of education regulation, which required that the marriage of any pupil within a school year would be sufficient cause to drop him from school attendance, would probably not be enforceable due to the fact that it did not allow any discretion upon the board's part and applied blanketly without regard to the circumstances of each case. OAG 64-877.

A commission, agency, or city has the power to condemn property of a school board for the general purpose for which each was created. OAG 65-330.

A school board may sell property directly to a city or its agency or commission without the necessity of a public offering, and it may also negotiate for a settlement out of court at any point during a condemnation proceeding. OAG 65-330.

The superintendent of schools may not enter into a binding Kentucky work experience and training program contract on behalf of the district unless authorized to do so by proper action of the school board. OAG 65-411.

A board of education has adequate authority to adopt regulations which would require teachers to submit to periodic physical examinations, if it appears that they are physically unable to discharge their duties as a teacher. OAG 65-560.

Without a showing that the circumstances differ, the exemption of certain nonresidents without the exemption of all would be arbitrary and illegal. OAG 67-48.

Neither an interested person nor his representative has the absolute right to take the original records of a district board of education into a private room without the secretary or the secretary's representative being present. OAG 68-291.

Neither the interested person nor his representative has the right to reproduce the records of a district board of education by any photostatic means whatsoever the person chooses. OAG 68-291.

The right of inspection cannot override the public interest in safe and permanent maintenance of the records. OAG 68-291.

Where the necessary interest is present, the interested person or his representative is entitled to obtain a certified copy of the contract between the board of education and the secretary upon payment of such reasonable fee therefor as may be prescribed by regulation of the district board. OAG 68-291.

Purchases of athletic equipment of over \$1,000 by a district school board would have to be made by the bidding procedure even though the purchase money was derived from admissions to athletic exhibitions. OAG 69-327.

The test of whether a regulation is arbitrary, capricious, unreasonable or discriminatory is whether the conduct, style of dress, hairstyle, beard or mustache may reasonably be forecast to cause substantial disruption or material interference with school activities, or whether it could reasonably be forecast to have a material adverse effect on the health, discipline or decorum of the institution. OAG 69-423.

Under subsection (1) of this section a board of education, consistent with the rules and regulations of the State Board of Education, may expend money for the installation of gifts received pursuant to KRS 160.580. OAG 69-431.

Under subsection (2) of this section, a school board may make regulations designed to protect the general welfare and safety of students and in doing so may take into account specific standards of moral conduct, so that school dances could be eliminated as an approved school function by the board unless such ban were imposed for religious reasons, in which case it would violate Ky. Const., § 5 and United States Const., Amend. 1. OAG 70-167.

KRS 161.770 is to be regarded as exclusive and takes precedence over this section. OAG 70-771.

School districts have no authority to promulgate regulations which create speed limits which are more stringent than the speed limits allowed by state statute. OAG 71-207.

A board of education may validly enact legislation whereby a teacher shall lose one-fourth of a day's pay if his tardiness during a given month exceeds 15 minutes. OAG 72-362.

Any regulation promulgated by a local board must bear a reasonable relationship to some valid objective within the purview of the local board. OAG 72-498.

A provision in bylaws adopted by a county board of education specifying that the bylaws could not be repealed or abolished except by majority vote of the people of the county was void. OAG 73-5.

A school board may adopt regulations pertaining to hair and dress as long as said regulations are reasonable and have a connection with student conduct, but an individual classroom teacher, athletic coach, band director or other school personnel has no authority to impose his own taste in such matters. OAG 73-233.

Although title to school property is technically vested in the Commonwealth, control of school property is placed in the hands of the district board of education who has the power to convey an interest in the real estate by an easement and, if giving the easement causes any diminution in property value, the school board would be entitled to be compensated for the easement. OAG 73-276.

The authority to make regulations pertaining to hair styles resides in the board of education and cannot be delegated to individuals as the board of education is the policy-making agent of the Commonwealth and the school superintendent

and principals are the administrators of the board's policy and are to see that teachers and other school personnel carry out that policy. OAG 73-284.

The board of education may enact a hair style code for boys, but it may enact only one and it must apply to the entire district alike and to all boys of the district alike and such code should have a reasonable relationship to student conduct and to furthering the educational process. OAG 73-284.

As the board of education of the school district is given general authority over the business affairs of the district and the control of school property, there would be nothing wrong with school districts leasing the school buses for a fair remuneration if, in the board's discretion, said leasing would cause no interference with the operation of the school system and it would receive a fair return for the use of its property. OAG 73-306.

A board of education has the power to make general regulations pertaining to its employees becoming candidates for elective office. OAG 73-322.

A school board has the authority to require a teacher or principal to take a leave of absence if he announces as a candidate for public office whether the teacher or principal desires the leave or not; however, the board is under no legal obligation to grant such a leave and may grant or refuse a request therefor. OAG 73-322.

As the superintendent is the executive agent of the board of education and has the responsibility to carry out the lawful orders of the board, the order of the board eliminating the position of deputy superintendent for the year 1973-74 and to so notify the incumbent is a lawful order but the incumbent must be notified by May 15 that his salary for the next year will be reduced or he will be entitled to at least the same salary he received during the present year. OAG 73-378.

When a board of education officially decides to eliminate a position or not to fill a position for the coming year and to employ the person filling the eliminated position in a position of reduced responsibility and salary, it is necessary that the employee be notified that his position and salary will be reduced for the coming year before May 15 and the superintendent and the board will then have until July 1 to decide on the new position for said employee. OAG 73-378; 73-360.

The announcement over a school speaker system or the distribution of notices to children on school property of meetings of an organization of parents to promote a constitutional amendment which would forbid busing of school pupils for the purpose of achieving racial balance in the public schools constitutes an illegal use of school property and improperly interjects political questions into the operation of the public school. OAG 74-118.

The school board has broad discretion under KRS 160.160 and this section in the selection of school sites and the establishment of schools so that even if the county is the legal owner of the property and is leasing it to the school board under KRS 162.140 as the school district holds equitable title, the fiscal court has no rights relative to a high school building which the board of education plans to tear down and replace with a new building unless the county could negotiate the purchase of the property from the school board. OAG 74-221.

A school board may enact a reasonable regulation that a pupil may not be absent on more than a limited number of days and still receive credit for his courses. OAG 74-312.

A school board may not bind the school district to an employment agreement for any set duration. OAG 74-367.

This section empowers a local school board to pay a termination payment of three months' pay to a superintendent of schools who resigns before his contract has expired. OAG 74-708.

A board of education may reasonably regulate the use of school property by charging \$5.00 for a permit allowing students who drive to school to park on school grounds. OAG 74-734.

Whether a board of education may allow a period of sick leave and leave of absence for maternity confinement to run in immediate succession is a matter within the sole discretion of the board. OAG 74-745.

As an agency of the state a school district enjoys sovereign immunity from liability and may not legally expend school funds for premises liability insurance without an enabling statute. OAG 74-746.

In the absence of statute or regulation governing emergency or sick leave for regular part-time employees of the county board of education, the board may enact such policy as it deems proper. OAG 74-770.

This section is not authorization for boards of education to regulate students' use of cars as a means of transportation to and from school nor could the boards be held liable in tort for injury to students on or off school grounds, due to the school boards' sovereign immunity. OAG 74-783.

A board of education may not legally expend public funds to purchase insurance to protect board members from personal liability arising from claims against them for errors and omissions committed by them in the performance of their official duties. OAG 75-81.

A school board regulation providing that a student fails a course after nine absences is invalid since it in effect considers the student to be automatically expelled after the nine absences but does not afford him a hearing and an opportunity to be heard and gives no consideration to the cause of the absences. OAG 75-124.

There is no obligation on a school board's part to negotiate with its employees as the internal management of common schools and teachers is vested in the local board of education and through KRS 161.140 (now repealed), 161.170, 160.290 and 160.370 the board has vested control over the compensation, duties, working conditions and related items concerning teachers. OAG 75-126.

Being married is not a legal reason for forbidding a student to go on a class trip. OAG 75-163.

KRS Chapter 387 pertaining to guardians makes no provision for a guardian "for school purposes only" and therefore the appointment of such a guardian through trial commissioner's order is a nullity and the school board is not legally bound to recognize such an order. OAG 75-170.

Where a board of education has adopted different time schedules for the city and the rural schools within its district, rural teachers who are required to work a reasonably longer day than city teachers in the same district are not entitled to extra compensation solely on the basis of a longer working day. OAG 75-297.

Within the statutory limits of from six to nine hours (KRS 158.060), each school district may adopt its own schedule of classes and professional duties of its teachers and it is not required that the working day of all teachers in the same district be exactly the same length of time. OAG 75-297.

Although KRS 160.560 requires each board of education to elect a treasurer but is silent as to compensation for the treasurer, under this section, the board may fix a reasonable compensation for the treasurer. OAG 75-461.

A local civil defense unit has no authority to demand the use of school property and, while the school district may not donate the use of its property for nonschool purposes, it may lease the property for fair remuneration. OAG 75-466.

A local school board has the implied authority to employ an attorney to represent it in its corporate capacity in litigation with the State Board of Education and to pay resulting legal fees from the general fund. OAG 75-552.

A board of education may adopt a uniform policy relative to sick leave which would permit granting a teacher credit for accumulated sick leave at the time of previous termination of employment but a board should not grant sick leave credit on only a case by case basis. OAG 75-587.

The boards of education of high school districts within a county may adopt a policy requiring that students transferring to another school without changing residence complete that school year in the school transferred to without further transferring. OAG 75-602.

Boards of education under their general powers may establish reasonable policies for the retention, demotion and promotion of pupils, including requiring that pupils passed by their teachers move on to the next higher grade. OAG 75-603.

In view of sections 180, 184 and 186 of the Constitution public school funds may not be expended to employ persons to control vehicular and pedestrian traffic on public streets or roads in or around school premises. OAG 75-614.

There have been no decisions by the Court of Appeals involving the liability of boards of education or their members for personal injuries or property damage resulting from the boards' authorized use of student safety patrols to control vehicular and pedestrian traffic on public streets in or around school premises, but the general principle is that school board members will not be held personally liable for a loss or injury resulting from an act within the scope of their authority and within their jurisdiction in the absence of negligence. OAG 75-614.

A board of education may establish student safety patrols for street traffic instructional purposes inside the limits of school property but may not make or enforce traffic regulation on roads or driveways within or outside the limits of school property. OAG 75-614.

There is no constitutional or legislative requirement that the cost of education to public school pupils must be free and a board of education may require that pupils be charged a reasonable fee for school supplies. OAG 75-619.

An off-duty constable employed as a school security guard is an employee of the school board which may compensate him for his services. OAG 75-631.

Where a school board provides a fixed source of money to be used in purchasing fringe benefits for each of its teachers, it may afford the teachers the option to receive the fringe benefits or an equivalent fixed sum in cash. OAG 75-646.

Although the board of education, under this section, has the power to adopt rules for the operation of schools, the General Assembly did not intend to impose upon local boards the duty to make and enforce rules which reach into each classroom. OAG 75-656.

The broad powers given to boards of education allow enactment by them of a regulation governing whether a school absence not authorized by statute will be considered excused or unexcused, subject only to the restriction that the regulation be reasonable and not arbitrary. OAG 75-694.

A board of education, pursuant to the powers granted in subsection (2) of this section, may adopt a uniform policy of sick leave for teachers which would permit a teacher to transfer all or a specific number of accumulated sick leave days from another school district, whether in state or out. OAG 75-697.

The local board of education, not the child, has the right to determine which school the child shall attend. OAG 76-55.

The board of education, in its discretion, determines the number of administrative and teaching positions it deems necessary and proper for the school system. OAG 76-118.

The requirement of the State Department of Education that a child participate in a health and physical education course does not impose a significant constitutional burden upon the freedom to exercise religious beliefs, and therefore the state's interest in establishing a sound curriculum format for graduation must prevail over patchwork exceptions to course requirements. OAG 76-225.

A teacher would not be bound by a local board of education policy restricting the number of semester hours of college or university study that can be taken by its certified employees during a school year, for such a policy would pose an unrea-

sonable burden on teachers who by mandatory law must complete additional college or university study within a specified period of time in order to continue their professional work. OAG 76-311.

A board of education may adopt rules and regulations governing out-of-district travel for its members. OAG 76-329.

A board of education cannot lawfully contract away amenatory obligation of approval given it by the statutes and, therefore, any contractual provisions of a superintendent's contract in derogation of the expressed statutory outline of powers and duties of a superintendent of a public common school system and a local board of education would be void. OAG 76-360.

A local board of education has the power to adopt reasonable policies over and above, but not in conflict with, the State Board of Education regulations concerning the selection of children from those eligible to attend kindergarten classes, therefore a local board of education does not have to permit a six (6) year old child in its kindergarten program. OAG 76-412.

While there is no law prohibiting the operation of motorcycles and minibikes upon the parking lot and grounds of a school, such activity may be regulated by the local board of education and the local board of education could adopt such rules and regulations as it deemed necessary regarding these activities; however, it would be illegal for the local board of education to spend public school moneys to support this activity on school property. OAG 77-11.

A local board of education may enact a personal leave policy for its noncertified employees as it deems proper. OAG 77-115.

A county board of education has the power and authority to grant a permanent easement over school grounds to a property owner for purposes of ingress and egress to his property by pedestrians and vehicles. OAG 77-298.

A local board of education would be without legislative authority to lease to a private corporation six outdoor tennis courts and adjacent parking area to be used for private gain during the winter months. OAG 77-342.

Local school boards may not establish policies or regulations which serve to discriminate against married students. OAG 77-361.

A board of education policy denying automatically a married student the right to participate in extracurricular activities associated with the school would interfere with the married student's civil liberties. OAG 77-361.

Although a board of education has authority to establish a fee for extracurricular activities, the board could not compel the payment of the fee nor could the board withhold the recording of grades of a student who has failed to pay the fee. OAG 77-574.

A local board of education may adopt a blanket policy of retirement of noncertified employees at age 65. OAG 77-595.

It is within the discretionary power of the board of education of a county school system to adopt an enrollment policy which would permit the parents of students residing in the county to enroll their children in schools outside the usual attendance area. OAG 77-736.

A local school board may elect to purchase liability insurance for its employees and pay all or a portion of the premium from board of education funds. OAG 78-21.

A local board of education can appoint a committee, the function of which would be advisory in nature with respect to the search for qualified individuals to fill the position of chief deputy superintendent inasmuch as a local board of education may appoint a committee concerning any matter that relates to a proper subject of inquiry by it. OAG 78-41.

The local board of education has authority over the control and management of the school and the duty to adopt rules and regulations governing various aspects of the schools in the school district. OAG 78-204.

A local school board may, but is not required to, pay from school funds costs of contracting with local physicians for the

performing of physical examinations required by school law or regulation. OAG 78-365.

A local board of education may designate attendance areas and draw boundary lines under its general authority provided by this section and nothing in KRS 160.210 prevents this being done in an election year. OAG 78-366.

A school system has the right to suspend a child from the school bus for misconduct. OAG 78-392.

A local school board has the discretionary power and authority to structure course offerings so as to require attendance in a school district for eight school semesters before graduation. OAG 78-606.

When the board of education opened a new school which was to enroll all of the students in certain grades who formerly were enrolled in several schools, it was permissible, under this section, to transfer proportionate amounts of school activities account moneys from the accounts of the old schools and set up a new account with them for the new school since this section gives school boards control over internal account funds as well as general account moneys. OAG 78-644.

The fixing of the salary for an assistant superintendent position is left as a sole responsibility of a local board. OAG 79-88.

Teachers and administrators and other school officials are responsible for the public education and are charged with the responsibility of implementing the rules and regulations of the Commonwealth for the control and management of the common schools and local board rules and regulations for schools in a school district. OAG 79-168.

A local board of education may not permit the use of any school facilities that interferes with school activities. OAG 79-321.

The use of school facilities is subject to the determination of a local board of education and it is paramount that the board adopt rules and regulations regarding the permitting of the use of school property so that such use does not in any way interfere with the conducting of any school program, curricular or co-curricular. OAG 79-321.

It is impermissible for a teacher incorporating classroom participation as part of the overall academic grade to give a student a lower grade in a course than he earned while in class for failure to participate in class on days when he was absent under a legitimate excused absence. OAG 79-539.

A local board of education may prescribe the manner and duration of the selection of a board chairperson. OAG 80-48.

There is no legal basis that would require a local board of education to determine "cause" existed before a new chairperson could be chosen. OAG 80-48.

A local board of education has the lawful authority and duty to prescribe the manner in which school buildings and facilities may be used by groups during nonschool hours. OAG 80-78.

A local board of education, pursuant to its broad authority under this section, may require additional credit requirements over those minimally established by regulation of the State Board for Elementary and Secondary Education (now State Board of Education), pursuant to KRS 156.160(2). OAG 80-118.

While there is no statutory language in the state school laws providing for written reprimands, under a board of education's broad authority granted to it by this section, a written reprimand is permissible. OAG 80-119.

A school district may not advance money to its employees for travel or other necessary expenses prior to the expense actually being incurred since the applicable statutes contemplate reimbursement, not an advancement of money. OAG 80-395.

KRS 438.050, as it is written, proscribes only the smoking of tobacco products; however, the board of education may regulate, under the authority of this section and KRS 160.340, the use of tobacco products such as snuff or chewing tobacco in

ways other than smoking, by its employees, other adults or students. OAG 81-295.

Subsection (2) of this section does not permit an attempt by a school board to establish residential requirements for school employees, particularly in light of the fact that there are no other teacher qualification statutes requiring residence in the district where employed. OAG 82-59.

A local county board of education is sufficiently representative of the geographic area that it serves to qualify as an agency with which a community action agency could contract, and therefore, as long as the subject matter of the contract related to the purpose of promoting public education, a county board of education could enter into a contract with a community action agency pursuant to KRS 160.160 and this section. OAG 82-387.

Retention and promotion of pupils is entirely a matter of local board of education policy and not a matter for control by parents. Parents do not have a right to demand that a child be retained at a particular grade level for any reason, and especially not for athletic purposes. OAG 82-473.

Although school boards must see that their policies and regulations are reasonable and nonarbitrary, both on their face and as applied, this responsibility does not require the exact identical result in all situations. OAG 82-623.

Pursuant to KRS 158.150, a school board may adopt a policy establishing, as a separate legal cause for suspension or expulsion, those practices prohibited by KRS 218A.350 concerning substances that simulate controlled substances. OAG 82-633.

Even though local boards of education are to promote "the general health and welfare of pupils," as a matter of prudence teachers probably should not dispense drug store health remedies such as aspirin to school children, whether of elementary or secondary school age. OAG 83-115.

It is within the legal prerogative of the local board to fairly establish the nature of professional activities for which it will be willing to incur expenses. OAG 83-228.

While there is a legal basis for the expenditure of school moneys for professional activities, a school board is not mandated to approve the incurring of these expenses and costs for reimbursement from school funds. OAG 83-228.

Within reason, school boards are permitted to bear the direct and indirect expenses incurred by teachers and administrators who attend, after prior approval by the board, professional activities and functions; however, school boards are not wholly unfettered in exercising their discretion in approving attendance at sundry professional activities since Ky. Const., §§ 180 and 184 require that school funds may be used only for school purposes, the test being whether the expenditure is for an educational purpose rather than whether an activity might be beneficial to education. OAG 83-228.

It is legal for a board of education to pay salaries and/or expenses, including travel, lodging, and meals for school administrators to attend business sessions of their respective professional organizations, training and professional improvement meetings conducted by their professional organization and accreditation associations to which their schools or districts belong and/or lobbying activities conducted by their professional associations. OAG 83-228.

It is legal for a board of education to pay salaries and/or expenses, including travel, lodging, meals, and substitute teachers, for teachers to attend business sessions of their respective professional organizations, training and professional improvement meetings conducted by their professional organization, and/or lobbying activities conducted by their organization. OAG 83-228.

A school board may, by regulation, establish reasonable rules and policies affecting the use of motor vehicles by students and school employees on school grounds and in school-related activities; however, there has been no authority

delegated by the General Assembly to school boards under which such boards may create and punish public offenses either in the area of traffic regulation or parking. OAG 84-107.

Under the broad powers of a school board, pursuant to KRS 160.160 and this section, it could employ a security guard to look after its properties; such security guard, to be effective, should be a special local peace officer commissioned according to KRS 61.360. OAG 84-107.

A local board of education may open or close a school without the recommendation of the local superintendent. OAG 85-98.

Where one or more school districts initiate a suit to enforce state equalization of school funding within the Commonwealth, interested school districts may contribute reasonable amounts of money from school funds to meet the costs of the suit, including reasonable attorney's fees; such expenditure would, however, have to be made in accordance with appropriate budget considerations. OAG 85-100.

Although KRS 160.160 and subsection (1) of this section do not provide a specific statutory pronouncement upon what a local board of education may expend, school funds may be expended for those purposes authorized either expressly or by necessary implication by the statutes. OAG 85-100.

A local school district may contract to allow funds held for the local district by the Kentucky Department of Education to be transferred as directed, assuming all statutory and constitutional requirements relative to the use of those funds, if any, have been met. OAG 87-22.

With limited exceptions, as provided for open meetings of public agencies, a local school board may prohibit nonstudents from entering upon school property, irrespective of the nature of activities being conducted upon the property. OAG 90-11.

Based on the language of subsection (2) it does appear that the board may, in general, prescribe qualifications and duties with regard to categories of employees while the superintendent prescribes with more specificity, the duties of individual positions. OAG 91-10.

The board of education continues to have responsibility for "general control and management of the public schools in its district" including "control and management of all school funds," and including setting "compensation of employees," but the board alone continues to have the power to create and abolish positions and it is the responsibility of the superintendent to make decisions regarding how and when to fill positions. OAG 91-10.

There is no conflict of interest statute prohibiting school board members from voting on general salary increases that affect teachers who are related to those board members and who work in the school system. OAG 91-60.

An expenditure of common school funds or a donation of school property for a public purpose other than for the benefit of public education is not permissible under Ky. Const., §§ 180, 184 and 186; therefore, under Ky. Const., §§ 180, 184, and 186, any transfer of surplus school buildings to community service organizations must be based on the fair market value of the property. OAG 91-85.

The board of education, as part of its responsibility for the management of the district public schools as a whole, manages all school funds (which includes setting compensation of employees); creates and abolishes positions of employment in the school system; and has the authority to adopt rules and regulations concerning the qualifications and duties of employees by categories. OAG 91-122.

The school council does not have authority, unilaterally, to create and abolish positions or to set compensation for the school as a whole. Once the school council learns of available funding and the number of positions available for the school from the board, then the council may determine the number of individuals to be employed in each job class. It remains the responsibility of the local board of education, to establish the overall number of positions and to set the compensation of employees. If this were not the case, staffing and salaries from

school to school could lack consistency with drastic effects on the district budget. OAG 91-122.

Authority concerning the use of all tobacco products by employees, students and visitors in school buildings, on school grounds or on field trips rests with the local board of education, not with superintendents and principals, unless that authority is delegated to them by the board. OAG 91-137.

KRS 438.050 does not grant authority to superintendents or principals beyond that authority granted to those officials by the Board; and, as currently written, does not forbid smoking of tobacco products at outdoor athletic events, depending on what smoking areas are to be designated in the schools. OAG 91-137.

The local board has responsibility for control and management of the school district as a whole, and has the authority to make contracts and agreements; the board has management and control of school funds, and fixes the compensation of the employees. OAG 92-29.

While the superintendent is responsible for personnel actions including, among other things, hiring and assignments, to the extent that the local board is responsible for control and management of school funds, the board may determine the amount of extended employment and compensation for personnel employed beyond the 185 day period; any reduction in salary to a teacher (which includes most administrators for purposes of the teachers tenure law), must be accompanied by appropriate notice. OAG 92-29.

School board approval is required when the superintendent decides to move the central business office to a new location requiring substantial expenditure of school funds because the movement of the office is not, primarily, a personnel decision, but one involving the management of business affairs; while the superintendent has responsibility for the management of business affairs, that responsibility is subject to the control of the board of education and moreover, the school board has control and management of all school funds, public school property and school facilities; depending on the steps taken, approval of the Department of Education may also be required. OAG 92-65.

The superintendent has the responsibility to make individual personnel decisions and to define the duties of particular employee positions. However, the local board has the responsibility to manage the entire district, control school funds, set compensation, create and abolish positions of employment and adopt regulations for qualifications and duties of classes of employees. OAG 92-133.

If a local board in a single-school district elects to implement SBDM this decision controls over the vote of the school staff. OAG 93-31.

The decision of the local board of education in a single-school district not to implement SBDM controls over the school's desires to enter SBDM. OAG 93-31.

The local board may reject a school council's policy on corporal punishment if the local school board has a policy banning corporal punishment based on concerns for liability or concerns for health and safety. OAG 93-31.

A school board may not require principals to be residents of the school district. OAG 01-7.

160.291. Manner of payment of salaries to school employees — Pay for extra duties or services — Fringe benefits program.

(1) All school employees working on a continuing, regular basis, shall be paid regularly, on dates determined by the employing board of education, during the school year or during the fiscal year for twelve (12) month employees, the provisions of KRS 337.020 notwithstanding. The gross salary received on each pay date will be an amount equal to the school employee's annual salary divided by the number of pay dates, except a local board of education shall pay an employee any remaining salary owed prior to the end of the fiscal year upon completion of the employee's responsibilities or duties if so notified by the employee.

(2) Salary amounts shall be paid on the prescribed pay dates without deduction for days on which schools were closed; provided, however, any time not worked for which pay is received must be made up prior to the end of that current school year, or pay so received shall be withheld from the final salary payment of that school year.

(3) Gross Salary payments under subsection (1) of this section need not, but may, include pay for extra duties or services. Payment for extra duties or services must be paid pursuant to a payment plan adopted by the board of education prior to the beginning of the

school year. The board of education may also adopt a plan for providing a program of fringe benefits to its employees.

(4) All payments made for salaries, extra duties, and fringe benefits by the board of education under the authority of this section are deemed to be for services rendered and for the benefit of the common schools; the payments do not affect the eligibility of any school system to participate in the public school fund as established in KRS Chapter 157. Nor shall any individual board member or administrator be held liable where additional payments for such service become necessary. Provided, however, that nothing in this section authorizes or requires the payment of salaries to personnel when schools are closed as a result of a strike or other work stoppage or when schools are open and personnel fail to render services. No part of this section shall be law if any part is declared unconstitutional.

(5) Subsection (2) of this section does not apply to those employed on a twelve (12) month basis.

History.

Enact. Acts 1978, ch. 49, § 1, effective March 28, 1978; 1980, ch. 341, § 1, effective June 15, 1980; 1982, ch. 86, § 1, effective July 15, 1982; 1990, ch. 476, Pt. IV, § 229, effective July 13, 1990; 1994, ch. 174, § 1, effective July 15, 1994; 1998, ch. 177, § 1, effective March 27, 1998.

OPINIONS OF ATTORNEY GENERAL.

This section is limited to certified personnel. OAG 79-337.

As classified employees usually will not have performed any services for so-called snowbank days, these employees would be ineligible to be paid for these days. If classified employees have been already paid for such snowbank days, they would have to have deducted from their pay at the end of the school year an amount equal to the snowbank days pay received. OAG 82-132.

School boards do not have an option on whether to pay classified employees for snow days; all regular, full-time employees (except those employed on a 12-month basis) are to continue to receive their regular pay even though school is closed. OAG 82-132.

There is no improper discrimination between classified employees and certified employees of a school district based upon an ability of teachers to participate in an extended school day plan (snowbank) days and an inability of classified employees to do the same, as there are two distinct classifications of school employees. It is only the arbitrary classification and treatment of individuals that runs afoul of Ky. Const., § 2 and U.S. Const., Amend. 14. OAG 82-132.

This section applies to all school employees, certified and classified, who work on a continuing, regular basis excluding those employed on a 12-month basis. OAG 82-132.

This section calls for all of the full-time, regular employees of a school district to be treated in parity. Thus, while school employees are to continue to receive their pay checks even though not actually working, it is the school district's obligation under this section and Ky. Const., § 3 to see that before the school year has ended, teachers and classified employees alike have only been paid for school days actually worked. OAG 82-132.

This section must be viewed as applying to classified employees even though they may not be paid a "salary" in the sense that term is usually thought of, because to interpret it otherwise would be to continue to limit the statute to only school teachers and that, obviously, is not what was intended

by the General Assembly by its 1980 amendment. OAG 82-132.

One time payments to teachers to induce retirement are constitutional under Ky. Const., § 3 as such payments are in consideration of public service. The key fact that makes these payments constitutional is the voluntary retirement of the teacher; such an act is a "present" service for which an emolument is paid, not a past service for which a gratuity is given. OAG 96-23.

160.293. Development of school property recreational facilities for school and community purposes.

Any statute to the contrary notwithstanding, upon the recommendation of the chief state school officer, the Kentucky Board of Education may adopt administrative regulations authorizing a local board of education to enter into an agreement with a public agency for the purpose of developing and maintaining on school property recreational facilities for school and community purposes in accordance with the following standards:

(1) The property must be used in such a manner and at such times so that there will be no interference with school activities.

(2) The control and management of this property shall be in accordance with administrative regulations adopted hereunder by the Kentucky Board of Education.

(3) All agreements must have the prior approval of the chief state school officer and the Attorney General.

(4) Any agreement executed herein shall not be considered an indebtedness within the meaning of Sections 157 and 158 of the State Constitution of Kentucky.

A city may lease land from a school board over a long term, and may install recreational facilities thereon, when those facilities will be beneficial to the school district. OAG 78-472.

(2) A local board of education shall be exempt from the requirement to establish a recycling program as described in this section if:

(a) There is no recycling facility within the county or within a reasonable distance in an adjoining geographic area; or

(b) The district cannot locate a recycling vendor to service the school district, without incurring a negative fiscal impact.

(3) The board may delegate to each school or school council the responsibility for designing its own procedures; however, the superintendent or the superintendent's designee shall periodically review the operating procedures to assure that recycling is being carried out.

160.295. Procedure for promulgation of code of student rights and responsibilities for secondary schools — Prohibited student activities.

(1) The board of education of each public school district in the Commonwealth may adopt and promulgate a code of student rights and responsibilities for secondary schools from recommendations of a committee composed of students, faculty, parents, and school district administrative personnel.

(2) Such committee shall consist of two (2) students, two (2) parents of students, two (2) faculty members, two (2) representatives from administrative personnel of the district, and one (1) member of the local school board.

(3) The student and faculty members of such committee shall be elected by their peers in the local school district; the administrative personnel shall be appointed by the school district superintendent, and the parents selected by the faculty and student body. Members of such committee shall serve for a term of one (1) year and may be reelected or reappointed in following years. Initial composition of the elected members of such committee shall be by the following:

(a) The district superintendent shall notify each school within the district, each school principal or head teacher, the students of the district, and the parents of students within the district as to the method for receiving nominations for membership on the committee and of the methods by which the election of members shall take place. Such notification shall take place on or before the first day of school for each school term.

(b) Nominations for the student, faculty, and parent members of the committee shall be received in writing by the district superintendent within thirty (30) days following the commencement of each school term.

(c) The election of student, faculty, and parent members of the committee shall be held within fourteen (14) days following the closing of nominations under the supervision of the district superintendent.

(d) The initial meeting of the elected and appointed members shall be no later than fourteen (14) days following the election.

(4) Each committee member shall be entitled to a single vote and any code of student rights and responsibilities adopted by a majority of the committee membership shall be submitted to the district board of education which may cause such code, in whole or in part, to be implemented in the public schools of the district.

(5) All meetings of the committee shall be open to the public and the committee shall hold at least one (1) public hearing on the proposed code before it is adopted and submitted to the district board of education for implementation.

(6) The code of student rights and responsibilities adopted by the committee may define rights and responsibilities regarding, but not limited to, the following:

(a) Right of expression, including, but not limited to, appearance, assembly, association, and circulation of petitions and literature;

(b) Right to participate in decision-making procedures directly affecting students;

(c) Right to procedural due process concerning major disciplinary action, as defined by the code;

(d) Right to receive academic grades based only upon academic performance;

(e) Right to freedom from abuse and threat of abuse by members of school faculties and administration personnel; and

(f) Right of access by a student to his or her own records and guarantee of the confidentiality of a student's academic records outside of the school system, except upon written authorization of the student or his or her parents or guardians.

(7) Students shall refrain from activity which materially or substantially disrupts the educational process or presents a clear and present danger to the health and safety of persons or property, or infringes on the rights of others.

NOTES TO DECISIONS

1. Discovery and Amendment.

In an action under KRS 161.790 the school board had the right to inquire into teacher's official actions and to expect frank answers and was entitled to the benefit of discovery and amendment although it would have been better practice for the board to have taken his deposition or direct his appearance before it at some time prior to the hearing which it had the right to do under this section. *Board of Education v. Chattin*, 376 S.W.2d 693, 1964 Ky. LEXIS 471 (Ky. 1964), overruled, *Osborne v. Bullitt County Bd. of Educ.*, 415 S.W.2d 607, 1967 Ky. LEXIS 325 (Ky. 1967).

OPINIONS OF ATTORNEY GENERAL.

Under the provisions of this section, a local board of education may not conduct an investigation of one of its own members for alleged improper official acts. OAG 76-491.

A person appointed under this section to receive testimony regarding the conduct of the schools would have no authority to issue subpoenas requiring the attendance and testimony of persons who are not employees of the school district. OAG 77-365.

Because classified public school employee have no statutory post-termination remedy, local school boards should enact policies pursuant to KRS 161.011(9)(c) implementing due process hearing procedures applicable to classified employees prior to termination. Minimum standards of due process require reasonable notice of hearing, right to appear and produce evidence, right to call witnesses and conduct cross-examination, right to counsel, impartial decision-maker, and statement of basis for decision. OAG 2005-06.

Persons eligible for these transportation services shall be:

- (a) Sixty-two (62) years of age or older;
- (b) Those with physical or mental disabilities; or
- (c) Any other person designated by the Cabinet for Health and Family Services as appropriate for these transportation services.

(2) Before this contract is entered into, the Cabinet for Health and Family Services shall formulate a plan for the use of school buses for these purposes and shall submit it to the local board of education for its approval or disapproval. The plan for the use of school buses for these transportation purposes shall include routes, schedules, cost, and any other matters deemed necessary by both parties.

(3) The cost of transporting persons eligible under the provisions of subsection (1) of this section shall be borne by the Cabinet for Health and Family Services.

160.310. Board to provide insurance for school buses.

Each board of education may set aside funds to provide for liability and indemnity insurance against the negligence of the drivers or operators of school buses, other motor vehicles, and mobile equipment owned or operated by the board. If the transportation of pupils is let out under contract, the contract shall require the contractor to carry indemnity or liability insurance against negligence in such amount as the board designates. In either case, the indemnity bond or insurance policy shall be issued by some surety or insurance company authorized to transact business in

NOTES TO DECISIONS

Analysis

1. Constitutionality.
2. Coverage Mandatory.
3. Liability of County School Superintendent.
4. Liability of Board.
5. Judgment Against Board.

1. Constitutionality.

The carrying of liability insurance on school buses is an expense incident to a rational program of school transportation, and the requirement of this section that such insurance be carried does not violate Const., § 184. *Bronaugh v. Murray*, 294 Ky. 715, 172 S.W.2d 591, 1943 Ky. LEXIS 531 (Ky. 1943).

2. Coverage Mandatory.

Provision of this section that coverage of policy shall include "any school child or other person" who suffers injury or death as the result of the negligence of a driver of a school bus owned or operated by the board of education is mandatory and constitutes a part of the policy as fully and effectively as if written in the policy and provisions of policy to restrict liability within narrower limits are void. *Standard Acc. Ins. Co. v. Perry County Board of Education*, 72 F. Supp. 142, 1947 U.S. Dist. LEXIS 2468 (D. Ky. 1947).

3. Liability of County School Superintendent.

County school superintendent is not individually liable for failing to see that board requires liability insurance of bus contractors. *Bronaugh v. Murray*, 294 Ky. 715, 172 S.W.2d 591, 1943 Ky. LEXIS 531 (Ky. 1943).

4. Liability of Board.

Fact that this section allows board to carry liability insurance against negligence of drivers of school buses owned by board or operated under contract by it, does not make board liable for tort of its agents or employees. *Wallace v. Laurel County Bd. of Education*, 287 Ky. 454, 153 S.W.2d 915, 1941 Ky. LEXIS 556 (Ky. 1941).

Members of school board who fail to require bus contractors to carry liability insurance are individually liable in damages to person injured through negligent operation of bus. *Bronaugh v. Murray*, 294 Ky. 715, 172 S.W.2d 591, 1943 Ky. LEXIS 531 (Ky. 1943).

Failure to carry pupil transportation insurance as provided in this section may result in individual liability of board members. *Gilbert v. Harlan County Board of Education*, 309 S.W.2d 771, 1958 Ky. LEXIS 363 (Ky. 1958).

Board of Claims Act, KRS 44.070 et seq., retained the inherent immunities of the Commonwealth of Kentucky, its agencies, and its employees, except where specifically waived by the Act or another statute, and KRS 160.310 did not waive an education board's governmental immunity from suit either expressly or by such overwhelming implications from the text as left no room for any other reasonable construction; a trial court properly dismissed on governmental immunity grounds a suit brought by an injured person against an education board which sought damages arising from an accident which occurred while property purchased by the injured person was being loaded by a board employee onto the injured person's truck. *Grayson County Bd. of Educ. v. Casey*, 157 S.W.3d 201, 2005 Ky. LEXIS 50 (Ky. 2005).

5. Judgment Against Board.

When a board of education has secured an insurance policy, under this section, insuring against liability (rather than loss) arising from the operation of its school buses, the board may not interpose the defense, in an action for damages arising from negligent operation of a school bus, that the operation of school buses is a governmental function. *Taylor v. Knox County Bd. of Educ.*, 292 Ky. 767, 167 S.W.2d 700, 1942 Ky. LEXIS 144 (Ky. 1942), overruled in part, *Grayson County Bd. of Educ. v. Casey*, 157 S.W.3d 201, 2005 Ky. LEXIS 50 (Ky. 2005).

If judgment is entered in such a case, it cannot be collected out of school funds, but will furnish the basis for suit against the insurer. *Taylor v. Knox County Bd. of Educ.*, 292 Ky. 767, 167 S.W.2d 700, 1942 Ky. LEXIS 144 (Ky. 1942), overruled in part, *Grayson County Bd. of Educ. v. Casey*, 157 S.W.3d 201, 2005 Ky. LEXIS 50 (Ky. 2005).

This section permits the board to be sued and a judgment against it to measure the liability of the insurance carrier to the injured party. *Brooks v. Clark County*, 297 Ky. 549, 180 S.W.2d 300, 1944 Ky. LEXIS 746 (Ky. 1944).

160.320. Roads or passways to school buildings for pupils.

Any board of education may make provision for roads or passways to its school buildings to accommodate all pupils who are entitled to attend school, and may apply

to the county judge/executive or the governing authority of the city having jurisdiction to open the same as other roads and passways are opened for public necessity and convenience. If there is no road or passway from the residence of any pupil to the school building which he attends it shall be lawful for such pupil, in attending school, to walk over the property of any person between the residence of the pupil and the school building.

160.330. Board may furnish necessary school supplies free of charge — Free textbooks for indigent children — Waiver of fees.

(1) Each board of education may furnish necessary school supplies free of charge to indigent children in its school district or to such other children as it deems advisable, under such rules and regulations as it may adopt, except that free textbooks must be provided to indigent children as provided in KRS 157.110.

(2) Local school districts shall establish, pursuant to Kentucky Board of Education administrative regulations, a process by which to waive fees for pupils who qualify for free and reduced priced lunches, including a process by which such students shall be informed of the fee waiver provisions.

Japs v. Board of Education, 291 S.W.2d 825, 1956 Ky. LEXIS 402 (Ky. 1956).

OPINIONS OF ATTORNEY GENERAL.

A fiscal court, subject to available funds in the budget, may

provide an appropriation from county funds for the purpose of providing textbooks and school supplies needed by the indigent schoolchildren of the district through proper budgetary action as prescribed in KRS Ch. 68. OAG 70-548.

The "tax levying authority" mentioned in this section refers to the school board of a district rather than the fiscal court. OAG 70-548.

This section contains no authority for a county to furnish books and school supplies to indigent children, but KRS 67.080(8) authorized a fiscal court to furnish such free books and supplies out of county funds. OAG 70-548 (opinion prior to 1978 amendment of KRS 67.080).

This section provides that the school superintendent must report to the school board of the district the number and cost of textbooks and school supplies needed by the indigent schoolchildren of the district and the school board shall then allocate from school funds a sum of money sufficient to cover such needs. OAG 70-548.

There is no constitutional or legislative requirement that the cost of education to public school pupils must be free and a board of education may require that pupils be charged a reasonable fee for school supplies. OAG 75-619.

KRS 159.140 (7) and this section may be read in complete harmony with KRS 158.108. OAG 82-359.

160.335. Board may distribute refurbished surplus technology to low-income students.

(1) A local board of education may adopt a policy for distribution of refurbished surplus technology to low-income students who do not have technology in their homes. The policy shall include:

(a) A written determination that the property no longer meets the Kentucky Education Technology System standards established by the Kentucky Department of Education;

(b) A process for identifying eligible students and distributing the surplus technology property; and

(c) Documentation of all distributions of property.

(2) The local district is encouraged to work with local businesses and organizations to participate in the program and with its career technical programs and student organizations to refurbish the technology.

(3) The local district shall be subject to KRS 45A.425(1) to (4) for any surplus technology not distributed in accordance with this section.

160.340. Reports by boards to Kentucky Board of Education — Filing of policies on specified matters.

(1) Each board of education shall, on the forms prepared by the chief state school officer and approved by the Kentucky Board of Education, prepare and submit to the Kentucky Board of Education reports on

all phases of its school service. Each board may prepare and publish for the information of the public a report on the progress of its schools.

(2) Each board of education shall file in the board's office its policies relating to the following matters:

- (a) Transportation of pupils;
- (b) Discipline and conduct of pupils;
- (c) Limitations or restrictions on use of school facilities;
- (d) Conduct of meetings of the board of education, including policies on the calling of executive sessions;
- (e) Personnel policies that apply to certified employees, including fringe benefits, salary schedules, nonclassroom duties, in-service training, teacher-student ratio, hiring, assignment, transfer, dismissal, suspension, reinstatement, promotion, and demotion;
- (f) Evaluation of certified employees;
- (g) Selection of textbooks and instructional materials;
- (h) Expenditure and accounting for school funds, including all special funds; and
- (i) Policies dealing with school-based decision making.

(3)(a) The local board of education may adopt a policy requiring that each school council, or if none exists, the principal, make an annual report at a public meeting of the board describing the school's progress in meeting the educational goals set forth in KRS 158.6451 and district goals established by the board.

(b) Biennially, the local board shall review in a public meeting the portion of each school's consolidated plan that sets forth the activities and schedule to reduce the achievement gaps for the various groups of students as required in KRS 158.649. If a district has more than twenty (20) schools, the district may review the achievement gap data of each school in a comprehensive district report at a regularly scheduled meeting of the board. The report shall include the schools' and district's plans to reduce any identified gaps in student achievement.

(4) It is intended that these policies shall cover matters within the authority and discretion of the district board of education and not matters otherwise required by law or regulation. Such policies shall be filed in the board's office by August 15, 1974, shall be kept up to date by filing annual amendments thereto each August 15 and shall be public records.

NOTES TO DECISIONS

1. Liability.

Although a ban that prohibited a teacher from attending a local teachers' meeting made by a school principal and a director of employee relations violated his free association rights, the unconstitutional acts were not made by final policymakers under KRS 161.790, 160.370, and 160.340 and

thus could not give rise to school board liability. *Baar v. Jefferson County Bd. of Educ.*, 666 F. Supp. 2d 701, 2009 U.S. Dist. LEXIS 100066 (W.D. Ky. 2009), modified, 686 F. Supp. 2d 699, 2010 U.S. Dist. LEXIS 14570 (W.D. Ky. 2010).

NOTES TO UNPUBLISHED DECISIONS

1. Liability.

Unpublished decision: Defendant board of education was not liable for plaintiff teacher's claim of constitutional violation, as his reprimand was ordered by other defendant school officials who acted without a policy or custom of the board, and under KRS 161.790, 160.370, 160.340, the officials who reprimanded the teacher had no final policymaking authority. *Baar v. Jefferson County Bd. of Educ.*, 476 Fed. Appx. 621, 2012 FED App. 0262N, 2012 U.S. App. LEXIS 5019 (6th Cir. Ky. 2012).

OPINIONS OF ATTORNEY GENERAL.

A local board of education is not obligated to pay for medical examinations and if the board is going to approve such payment it should be done based upon a local school board policy directed specifically at the matter, since this section requires a local board of education to have on file in its office policies relating to "expenditure and accounting for school funds." OAG 78-365.

A school system has the right to suspend a child from the school bus for misconduct. OAG 78-392.

Policies regarding discipline of conduct of pupils should be promulgated to the students through the permissive statute outlining the adoption and promulgation of a code of student rights and responsibilities. OAG 78-673.

KRS 438.050, as it is written, proscribes only the smoking of tobacco products; however, the board of education may regulate, under the authority of KRS 160.290 and this section, the use of tobacco products such as snuff or chewing tobacco in ways other than smoking, by its employees, other adults or students. OAG 81-295.

School board approval is required when the superintendent decides to move the central business office to a new location requiring substantial expenditure of school funds because the movement of the office is not, primarily, a personnel decision, but one involving the management of business affairs; while the superintendent has responsibility for the management of business affairs, that responsibility is subject to the control of the board of education and moreover, the school board has control and management of all school funds, public school property and school facilities; depending on the steps taken, approval of the Department of Education may also be required. OAG 92-65.

(1) For the purpose of this section:

(a) "Minority" means American Indian; Alaskan native; African-American; Hispanic, including persons of Mexican, Puerto Rican, Cuban, and Central or South American origin; Pacific islander; or other ethnic group underrepresented in the school;

(b) "School" means an elementary or secondary educational institution that is under the administrative control of a principal and is not a program or part of another school. The term "school" does not include district-operated schools that are:

1. Exclusively vocational-technical, special education, or preschool programs;
2. Instructional programs operated in institutions or schools outside of the district; or
3. Alternative schools designed to provide services to at-risk populations with unique needs;

(c) "Teacher" means any person for whom certification is required as a basis of employment in the public schools of the state, with the exception of principals and assistant principals; and

(d) "Parent" means:

1. A parent, stepparent, or foster parent of a student; or
2. A person who has legal custody of a student pursuant to a court order and with whom the student resides.

(2) Each local board of education shall adopt a policy for implementing school-based decision making in the district which shall include but not be limited to a description of how the district's policies, including those developed pursuant to KRS 160.340, have been amended to allow the professional staff members of a school to be involved in the decision-making process as they work to meet educational goals established in KRS 158.645 and 158.6451. The policy may include a requirement that each school council make an annual report at a public meeting of the board describing the school's progress in meeting the educational goals set forth in KRS 158.6451 and district goals established by

the board. The policy shall also address and comply with the following:

(a) Except as provided in paragraph (b)2. of this subsection, each participating school shall form a school council composed of two (2) parents, three (3) teachers, and the principal or administrator. The membership of the council may be increased, but it may only be increased proportionately. A parent representative on the council shall not be an employee or a relative of an employee of the school in which that parent serves, nor shall the parent representative be an employee or a relative of an employee in the district administrative offices. A parent representative shall not be a local board member or a board member's spouse. None of the members shall have a conflict of interest pursuant to KRS Chapter 45A, except the salary paid to district employees;

(b)1. The teacher representatives shall be elected for one (1) year terms by a majority of the teachers. A teacher elected to a school council shall not be involuntarily transferred during his or her term of office. The parent representatives shall be elected for one (1) year terms. The parent members shall be elected by the parents of students preregistered to attend the school during the term of office in an election conducted by the parent and teacher organization of the school or, if none exists, the largest organization of parents formed for this purpose. Council elections may allow voting to occur over multiple days and via electronic means. A school council, once elected, may adopt a policy setting different terms of office for parent and teacher members subsequently elected. The principal shall be the chair of the school council.

2. School councils in schools having eight percent (8%) or more minority students enrolled, as determined by the enrollment on the preceding October 1, shall have at least one (1) minority member. If the council formed under paragraph (a) of this subsection does not have a minority member, the principal, in a timely manner, shall be responsible for carrying out the following:

a. Organizing a special election to elect an additional member. The principal shall call for nominations and shall notify the parents of the students of the date, time, and location of the election to elect a minority parent to the council by ballot; and

b. Allowing the teachers in the building to select one (1) minority teacher to serve as a teacher member on the council. If there are no minority teachers who are members of the faculty, an additional teacher member shall be elected by a majority of all teachers. Term limitations shall not apply for a minority teacher member who is the only minority on faculty;

(c)1. The school council shall have the responsibility to set school policy that shall be consistent with district board policy and which shall provide an environment to enhance the students' achievement and help the school meet the goals established by KRS 158.645 and 158.6451 and goals for the district established by the board. The principal shall be the primary administrator and the instructional

leader of the school, and with the assistance of the total school staff shall administer the policies established by the school council and the local board.

2. If a school council establishes committees, it shall adopt a policy to facilitate the participation of interested persons, including, but not limited to, classified employees and parents. The policy shall include the number of committees, their jurisdiction, composition, and the process for membership selection;

(d) The school council and each of its committees shall determine the frequency of and agenda for their meetings. Matters relating to formation of school councils that are not provided for by this section shall be addressed by local board policy;

(e) The meetings of the school council shall be open to the public and all interested persons may attend. However, the exceptions to open meetings provided in KRS 61.810 shall apply;

(f) After receiving notification of the funds available for the school from the local board, the school council shall determine, within the parameters of the total available funds, the number of persons to be employed in each job classification at the school. The council may make personnel decisions on vacancies occurring after the school council is formed but shall not have the authority to recommend transfers or dismissals;

(g) The local superintendent shall determine which curriculum, textbooks, instructional materials, and student support services shall be provided in the school after consulting with the local board of education, the school principal, and the school council and after a reasonable review and response period for stakeholders in accordance with local board of education policy. Subject to available resources, the local board shall allocate an appropriation to each school that is adequate to meet the school's needs related to instructional materials and school-based student support services, as determined by the school principal after consultation with the school council. The school council shall consult with the school media librarian on the maintenance of the school library media center, including the purchase of instructional materials, information technology, and equipment;

(h) Personnel decisions at the school level shall be as follows:

1. From a list of qualified applicants submitted by the local superintendent, the principal at the participating school shall select personnel to fill vacancies, after consultation with the school council, consistent with paragraph (i)11. of this subsection. The superintendent shall provide additional applicants to the principal upon request when qualified applicants are available. The superintendent may forward to the school principal the names of qualified applicants who have pending certification from the Education Professional Standards Board based on recent completion of preparation requirements, out-of-state preparation, or alternative routes to certification pursuant to KRS 161.028 and 161.048. Requests for transfer shall conform to any employer-employee bargained contract which is in effect;

2. If the vacancy to be filled is the position of principal:

a. The superintendent shall fill the vacancy after consultation with the school council consistent with paragraph (i)11. of this subsection;

b. Prior to consultation with the school council, each member shall sign a nondisclosure agreement forbidding the disclosure of information shared and discussions held during consultation;

c. A person who believes a violation of the nondisclosure agreement referred to in subdivision b. of this subparagraph has occurred may file a written complaint with the Kentucky Board of Education; and

d. A school council member found to have violated the nondisclosure agreement referred to in subdivision b. of this subparagraph may be subject to removal from the school council by the Kentucky Board of Education under subsection (9)(e) of this section;

3. Notwithstanding subparagraph 2. of this paragraph, if the vacancy to be filled is the position of principal in a county school district in a county with a consolidated local government adopted under KRS Chapter 67C, then:

a. The outgoing principal shall not serve on the council during the principal selection process. The superintendent or the superintendent's designee shall serve as the chair of the council for the purpose of the hiring process and shall have voting rights during the selection process;

b. The council shall have access to the applications of all persons certified for the position. The principal shall be elected on a majority vote of the membership of the council. The school council shall receive training in recruitment and interviewing techniques prior to carrying out the process of selecting a principal. The council shall select the trainer to deliver the training; and

c. Notwithstanding the requirement that a principal be elected by a majority vote of the council, the selection of a principal shall be subject to approval by the superintendent. If the superintendent does not approve the principal selected by the council, then the superintendent may select the principal;

4. No principal who has been previously removed from a position in the district for cause may be considered for appointment as principal in that district;

5. Personnel decisions made at the school level under the authority of subparagraph 1. of this paragraph shall be binding on the superintendent who completes the hiring process;

6. Applicants subsequently employed shall provide evidence that they are certified prior to assuming the duties of a position in accordance with KRS 161.020; and

7. Notwithstanding other provisions of this paragraph, if the applicant is the spouse of the superintendent and the applicant meets the service requirements of KRS 160.380(3)(a), the applicant shall only be employed upon the recommen-

dition of the principal and the approval of a majority vote of the school council;

(i) The school council shall adopt a policy that shall be consistent with local board policy and shall be implemented by the principal in the following additional areas:

1. Curriculum responsibilities under KRS 158.6453(19);
2. Assignment of all instructional and noninstructional staff time;
3. Assignment of students to classes and programs within the school;
4. Determination of the schedule of the school day and week, subject to the beginning and ending times of the school day and school calendar year as established by the local board;
5. Determination of use of school space during the school day related to improving classroom teaching and learning;
6. Planning and resolution of issues regarding instructional practices;
7. Selection and implementation of discipline and classroom management techniques as a part of a comprehensive school safety plan, including responsibilities of the student, parent, teacher, counselor, and principal;
8. Selection of extracurricular programs and determination of policies relating to student participation based on academic qualifications and attendance requirements, program evaluation, and supervision;
9. Adoption of an emergency plan as required in KRS 158.162;
10. Procedures, consistent with local school board policy, for determining alignment with state standards, technology utilization, and program appraisal; and
11. Procedures to assist the council with consultation in the selection of the principal by the superintendent, and the selection of personnel by the principal, including but not limited to meetings, timelines, interviews, review of written applications, and review of references. Procedures shall address situations in which members of the council are not available for consultation; and

(j) Each school council shall annually review data as shown on state and local student assessments required under KRS 158.6453. The data shall include but not be limited to information on performance levels of all students tested, and information on the performance of students disaggregated by race, gender, disability, and participation in the federal free and reduced price lunch program. After completing the review of data, each school council, with the involvement of parents, faculty, and staff, shall develop and adopt a plan to ensure that each student makes progress toward meeting the goals set forth in KRS 158.645 and 158.6451(1)(b) by April 1 of each year and submit the plan to the superintendent and local board of education for review as described in KRS 160.340. The Kentucky Department of Education shall provide each school council the data needed to complete the review required by this paragraph no later than October 1 of each year. If a school does not

have a council, the review shall be completed by the principal with the involvement of parents, faculty, and staff.

(3) The policies adopted by the local board to implement school-based decision making shall also address the following:

- (a) School budget and administration, including: discretionary funds; activity and other school funds; funds for maintenance, supplies, and equipment; and procedures for authorizing reimbursement for training and other expenses;
- (b) Assessment of individual student progress, including testing and reporting of student progress to students, parents, the school district, the community, and the state;
- (c) School improvement plans, including the form and function of strategic planning and its relationship to district planning, as well as the school safety plan and requests for funding from the Center for School Safety under KRS 158.446;
- (d) Professional development plans developed pursuant to KRS 156.095;
- (e) Parent, citizen, and community participation including the relationship of the council with other groups;
- (f) Cooperation and collaboration within the district, with other districts, and with other public and private agencies;
- (g) Requirements for waiver of district policies;
- (h) Requirements for record keeping by the school council; and
- (i) A process for appealing a decision made by a school council.

(4) In addition to the authority granted to the school council in this section, the local board may grant to the school council any other authority permitted by law. The board shall make available liability insurance coverage for the protection of all members of the school council from liability arising in the course of pursuing their duties as members of the council.

(5) All schools shall implement school-based decision making in accordance with this section and with the policy adopted by the local board pursuant to this section. Upon favorable vote of a majority of the faculty at the school and a majority of at least twenty-five (25) voting parents of students enrolled in the school, a school meeting its goal as determined by the Department of Education pursuant to KRS 158.6455 may apply to the Kentucky Board of Education for exemption from the requirement to implement school-based decision making, and the state board shall grant the exemption. The voting by the parents on the matter of exemption from implementing school-based decision making shall be in an election conducted by the parent and teacher organization of the school or, if none exists, the largest organization of parents formed for this purpose. Notwithstanding the provisions of this section, a local school district shall not be required to implement school-based decision making if the local school district contains only one (1) school.

(6) The Department of Education shall provide professional development activities to assist schools in implementing school-based decision making. School council members elected for the first time shall com-

plete a minimum of six (6) clock hours of training in the process of school-based decision making, no later than thirty (30) days after the beginning of the service year for which they are elected to serve. School council members who have served on a school council at least one (1) year shall complete a minimum of three (3) clock hours of training in the process of school-based decision making no later than one hundred twenty (120) days after the beginning of the service year for which they are elected to serve. Experienced members may participate in the training for new members to fulfill their training requirement. School council training required under this subsection shall be conducted by trainers endorsed by the Department of Education. By November 1 of each year, the principal through the local superintendent shall forward to the Department of Education the names and addresses of each council member and verify that the required training has been completed. School council members elected to fill a vacancy shall complete the applicable training within thirty (30) days of their election.

(7) A school that chooses to have school-based decision making but would like to be exempt from the administrative structure set forth by this section may develop a model for implementing school-based decision making, including but not limited to a description of the membership, organization, duties, and responsibilities of a school council. The school shall submit the model through the local board of education to the commissioner of education and the Kentucky Board of Education, which shall have final authority for approval. The application for approval of the model shall show evidence that it has been developed by representatives of the parents, students, certified personnel, and the administrators of the school and that two-thirds (2/3) of the faculty have agreed to the model.

(8) The Kentucky Board of Education, upon recommendation of the commissioner of education, shall adopt by administrative regulation a formula by which school district funds shall be allocated to each school council. Included in the school council formula shall be an allocation for professional development that is at least sixty-five percent (65%) of the district's per pupil state allocation for professional development for each student in average daily attendance in the school. The school council shall plan professional development in compliance with requirements specified in KRS 156.095, except as provided in KRS 158.649. School councils of small schools shall be encouraged to work with other school councils to maximize professional development opportunities.

(9)(a) No board member, superintendent of schools, district employee, or member of a school council shall intentionally engage in a pattern of practice which is detrimental to the successful implementation of or circumvents the intent of school-based decision making to allow the professional staff members of a school and parents to be involved in the decision making process in working toward meeting the educational goals established in KRS 158.645 and 158.6451 or to make decisions in areas of policy assigned to a school council pursuant to paragraph (i) of subsection (2) of this section.

(b) An affected party who believes a violation of this subsection has occurred may file a written com-

plaint with the Office of Education Accountability. The office shall investigate the complaint and resolve the conflict, if possible, or forward the matter to the Kentucky Board of Education.

(c) The Kentucky Board of Education shall conduct a hearing in accordance with KRS Chapter 13B for complaints referred by the Office of Education Accountability.

(d) If the state board determines a violation has occurred, the party shall be subject to reprimand. A second violation of this subsection may be grounds for removing a superintendent or a member of a school council from office or grounds for dismissal of an employee for misconduct in office or willful neglect of duty.

(e) Notwithstanding paragraph (d) of this subsection and KRS 7.410(2)(c), if the state board determines a violation of the nondisclosure agreement required by subsection (2)(h)2.b. of this section by a school council member has occurred, the state board shall remove the member from the school council, and the member shall be permanently prohibited from serving on any school council in the district.

(10) Notwithstanding subsections (1) to (9) of this section, a school's right to establish or maintain a school-based decision making council and the powers, duties, and authority granted to a school council may be rescinded or the school council's role may be advisory if the commissioner of education or the Kentucky Board of Education takes action under KRS 160.346.

(11) Each school council of a school containing grades K-5 or any combination thereof, or if there is no school council, the principal, shall develop and implement a wellness policy that includes moderate to vigorous physical activity each day and encourages healthy choices among students. The policy may permit physical activity to be considered part of the instructional day, not to exceed thirty (30) minutes per day, or one hundred and fifty (150) minutes per week. Each school council, or if there is no school council, the principal, shall adopt an assessment tool to determine each child's level of physical activity on an annual basis. The council or principal may utilize an existing assessment program. The Kentucky Department of Education shall make available a list of available resources to carry out the provisions of this subsection. The department shall report to the Legislative Research Commission no later than November 1 of each year on how the schools are providing physical activity under this subsection and on the types of physical activity being provided. The policy developed by the school council or principal shall comply with provisions required by federal law, state law, or local board policy.

Legislative Research Commission Notes.

(4/10/2017). In codification, the Reviser of Statutes has corrected a manifest clerical or typographical error in subsection(2)(j) of this statute by replacing “November 1” with “October 1” regarding the date that the Department of Education must annually transmit student performance data shown by the state assessment program to each school council. This correction was made to conform with the same change of dates in 2017 Ky. Acts ch. 156, sec. 7, subsec. (2), codified in KRS 158.649.

(7/15/96). This section was amended by 1996 Ky. Acts chs. 34, 74, 146, 318, and 362. Where these Acts are not in conflict, they have been codified together. A conflict exists between Acts chs. 34 and 362. Under KRS 446.250, Acts ch. 362, which was last enacted by the General Assembly, prevails.

NOTES TO DECISIONS

Analysis

1. Constitutionality.
2. Intent of Kentucky Educational Reform Act of 1990.
3. Authority of Local Boards Under KERA of 1990.
4. Hiring in Local Schools.
5. Title IX Claims.

1. Constitutionality.

Since the General Assembly has made a strong showing of intent to eradicate nepotism within the school districts of the Commonwealth, this legislation enjoys a strong presumption of constitutionality. Department of Educ. v. Risner, 913 S.W.2d 327, 1996 Ky. LEXIS 2 (Ky. 1996).

Since the school based council is an authoritative body within the local school district, and the restriction in subdivision (2)(a) of this section prohibiting school district employees or their spouses from serving as parent members on the school based councils directly addresses the appearance of nepotism within that body and is clearly related to the goals of the legislature to eradicate nepotism within the school districts of the Commonwealth, they are not unconstitutional as a violation of the equal protection clause of the Fourteenth Amendment. Department of Educ. v. Risner, 913 S.W.2d 327, 1996 Ky. LEXIS 2 (Ky. 1996).

2. Intent of Kentucky Educational Reform Act of 1990.

The essential strategic point of the Kentucky Educational Reform Act (Enact. Acts of 1990, ch. 476) is the decentralization of decision making authority so as to involve all participants in the school system, not limited to, but including school councils and local school boards; affording each the opportunity to contribute actively to the educational process and the

provisions set out the structural framework by which this decentralization of decision making authority is to occur. Board of Educ. v. Bushee, 889 S.W.2d 809, 1994 Ky. LEXIS 152 (Ky. 1994).

3. Authority of Local Boards Under KERA of 1990.

Each participating group in the common school system had been delegated its own independent sphere of responsibility and the Kentucky Education Reform Act (Enact. Acts 1990, ch. 476) did not delegate to local boards of education the authority to require board approval of council actions. Board of Educ. v. Bushee, 889 S.W.2d 809, 1994 Ky. LEXIS 152 (Ky. 1994).

The waiver requirement of KRS 160.345 enables a school council to ask for a deviation from district policy, if it determines that the needs of an individual school would best be met in a manner different than that devised by the local board. The waiver provision is present to enable flexibility, not to indicate approval authority by the board over council policy development. Board of Educ. v. Bushee, 889 S.W.2d 809, 1994 Ky. LEXIS 152 (Ky. 1994).

Because the authority provided under KRS 160.345(2)(c)(1) was reasonable and legitimate, the dress code adopted by a middle school did not violate the student’s right under Ky. Const., § 2 to be free from arbitrary and capricious state action. Blau v. Fort Thomas Pub. Sch. Dist., 401 F.3d 381, 2005 FED App. 0058P, 2005 U.S. App. LEXIS 1969 (6th Cir. Ky. 2005).

In a teacher’s employment dispute with a school board, it was error to reverse summary judgment granted to individual members of a school’s site-based decision making council (SBDMC) by finding a fact issue as to whether the members were entitled to official immunity because whether the members complied with a ministerial duty to adopt a curriculum was not material to the SBDMC’s decision to adopt one course instead of another, where neither course was mandated by law, resulting in the teacher’s loss of employment. Knott County Bd. of Educ. v. Patton, 415 S.W.3d 51, 2013 Ky. LEXIS 636 (Ky. 2013).

4. Hiring in Local Schools.

Since passage of the Kentucky Education Reform Act, the local school has stopped its direct involvement in hiring school personnel, the school principal has the responsibility, after consulting with the school council, of hiring school personnel from a list of applicants submitted by the superintendent. Yanero v. Davis, 65 S.W.3d 510, 2001 Ky. LEXIS 203 (Ky. 2001).

Trial court erred in interpreting KRS 160.345(2)(h), which would have allowed a superintendent to manipulate the system by recommending with impunity only one (1) applicant out of ten (10) or twelve (12) of those seeking an open principal’s position and refusing to provide more, in effect forcing the council to select his choice; such was contrary to the Legislature’s intent to create a decentralized decision-making authority that so long as the applicants possessed the qualifications as required by statute, they must be provided to the decision-making authority for its consideration in selection of a principal. Robinson v. Back, 2003 Ky. App. LEXIS 104 (Ky. Ct. App. May 16, 2003), aff’d, 139 S.W.3d 895, 2004 Ky. LEXIS 87 (Ky. 2004).

Only reading of KRS 160.345(2)(h) that is in line with the Kentucky Education Reform Act’s stated goals of decentralization and shared decision-making authority is one by which the school council holds ultimate authority in selecting the school’s principal; thus, “qualified,” as used in the last sentence of KRS 160.345(2)(h) means that, upon the request of the school council, the local superintendent is required to forward all remaining applications that meet statutory requirements for the position. Young v. Hammond, 139 S.W.3d 895, 2004 Ky. LEXIS 87 (Ky. 2004).

In a rejected applicant's action alleging gender discrimination and a violation of KRS 160.345(2)(h), summary judgment in favor of the local school superintendent was properly reversed because he acted contrary to the requirements of KRS 160.345(2)(h) when he refused to forward the applicant's application for the position of principal to the local school board, even though they requested the applications for all "qualified" candidates, and because she had established a prima facie case for gender discrimination in light of the court's holding that KRS 160.345(2)(h) did not require a recommendation from the superintendent to be a "qualified" candidate. *Young v. Hammond*, 139 S.W.3d 895, 2004 Ky. LEXIS 87 (Ky. 2004).

In a civil rights suit brought under 42 USCS § 1983 and Kentucky law and asserting that a teacher was not rehired because of her union activities, where pursuant to KRS 160.345(2)(h), a school superintendent's only participation in hiring decisions was that the superintendent forwarded a list of applicants to the schools, and there was no evidence that the superintendent failed to include the teacher's name on the lists for the positions for which she applied, the teacher failed to establish the causation element of some of her First Amendment retaliation claims; hearsay evidence that a different individual had told the schools not to hire the teacher did not connect the superintendent to the challenged hiring decisions. *Smith v. Floyd County Bd. of Educ.*, 401 F. Supp. 2d 789, 2005 U.S. Dist. LEXIS 29220 (E.D. Ky. 2005).

5. Title IX Claims.

Plaintiff's Title IX claim against a school board, based on a teacher's alleged sexual abuse of her child, survived summary judgment because there was a disputed fact issue as to whether the actions of a principal and superintendent — "appropriate persons" to receive notice under Title IX — were clearly unreasonable in light of the known circumstances such that they acted with deliberate indifference to known acts of harassment. 2014 U.S. Dist. LEXIS 37823.

OPINIONS OF ATTORNEY GENERAL.

"Relative" as used in this section should have the same definition as "relative" in KRS 160.380(1)(a), as meaning "father, mother, brother, sister, husband, wife, son, daughter, aunt, uncle, son-in-law, and daughter-in-law." OAG 90-102.

Administrative opposition to the implementation of School Based Decision Making (SBDM) decisions should be easily circumvented since each SBDM council will include the school's lead administrator who will have the same input that the faculty members and parents have on the council and therefore, any administrative opposition that exists will be a part of the council's decision-making process and any decision the council reaches should represent a consensus of the entire school community. OAG 91-24.

If there is school board opposition to school based decision making (SBDM) the SBDM council could seek assistance from the Office of Education Accountability and if they cannot assist the council, then legal action should be considered to force the school board to comply with this section. OAG 91-24.

It was proper for faculty to vote to enter School Based Decision Making (SBDM) before the 1-1-91 date by which the school board must have in place a policy implementing SBDM, for the SBDM statute specifically allows early entry into school-based decision making. OAG 91-24.

Since subdivision (2)(g) (now (2)(f)) of this section expressly prohibits the council from having authority to recommend transfers or dismissals, that responsibility remains part of the principal's duties and according to subdivision (2)(i) (now (2)(h)) of this section, those decisions are binding on the superintendent. Therefore in a school where there are two physical education teachers, and one will suffice, it is the principal (not the council) who has the authority to move a

teacher to a classroom teacher position, as needed, assuming that the physical education teacher is certified for the other position and in the same manner, the principal, not the council, who may transfer one of two librarians, as needed, to another position within the same school so long as the librarian is certified for that position. OAG 91-115.

"Transfer" as used in this section encompasses both movement from one position to another within a school as well as movement from a position in one school to a position in another school. OAG 91-115.

Assuming that a school council exists, KRS 160.380(2)(a), which gives the authority and responsibility for all appointments and promotions of teachers and other public school employees to the superintendent, is qualified by subsection (2)(g) and (i) (now (2)(f) and (2)(h)) of this section to the extent that the superintendent recommends applicants to a particular school and the principal fills the vacancies after consultation with the school council. Therefore, when an initial assignment or the filling of a vacancy is involved, the principal and council make personnel decisions upon receiving the list of recommended applicants from the superintendent. OAG 91-122.

In case of requests for transfer, subdivision (2)(g) (now (2)(f)) of this section clearly specifies that the school council has no authority to make recommendations to either the principal or superintendent in such matters. OAG 91-122.

The school council does not have authority, unilaterally, to create and abolish positions or to set compensation for the school as a whole. Once the school council learns of available funding and the number of positions available for the school from the board, then the council may determine the number of individuals to be employed in each job class. It remains the responsibility of the local board of education, to establish the overall number of positions and to set the compensation of employees. If this were not the case, staffing and salaries from school to school could lack consistency with drastic effects on the district budget. OAG 91-122.

Authority concerning the use of all tobacco products by employees, students and visitors in school buildings, on school grounds or on field trips rests with the local board of education, not with superintendents and principals, unless that authority is delegated to them by the board. OAG 91-137.

KRS 438.050 does not grant authority to superintendents or principals beyond that authority granted to those officials by the Board; and, as currently written, does not forbid smoking of tobacco products at outdoor athletic events, depending on what smoking areas are to be designated in the schools. OAG 91-137.

A potential conflict of interest exists between the requirements of KRS 160.180(3) for members of boards of education concerning influence in hiring school employees, and the duties authorized by subsections (2)(g) and (i) (now (2)(f) and (2)(h)) of this section for members of site-based councils; KRS 160.180(3) expressly prohibits a member of a board of education from having any influence on hiring of school personnel, while subsections (2)(g) and (i) (now (2)(f) and (2)(h)) of this section give members of the council authority to recommend candidates to the principal to be hired. OAG 91-148.

Even if a board member, who was also a council member, were to disqualify himself, while serving on the council, from engaging in any consideration of applicants or from voting on recommended applicants for school district positions, thereby eliminating potential conflicts over hiring issues, other potential conflicts could develop since the board sets policies for the councils of the district on areas in which the interests of the board may differ from the interests of the councils. OAG 91-148.

If a school board member is elected to a site-based decision making council, the provisions of KRS 160.180 and this section create potential statutory conflicts of interest should

that board member attempt to carry out the duties of both positions with regard to hiring decisions. OAG 91-148.

Members of school councils are not entitled to receive compensation for their services to the school at this time because funds have not been appropriated by the General Assembly. OAG 91-192.

Subsections (2)(c) and (2)(j)5 (now (2)(i)(5)) of this section do not authorize a school council to create a parking lot on their school campus through private funding because the local school board has the responsibility to initiate construction. OAG 91-215.

Within broad parameters set by the local school board on school property, subsection (2)(j)5 (now (2)(i)(5)) of this section provides the council with the authority to set policies on the use of school property outside of the school as well as inside of the school during the school day; therefore, a school council may set limits concerning use of a school parking lot where staff members park their vehicles, and where school children are dropped off, e.g., to ensure the safety of children. OAG 91-215.

Whether parents may participate on school-based decision making council committees is a matter to be addressed by local school board policy. OAG 92-57.

A superintendent may not transfer a principal from school A to school B without school council approval, when both schools are operating under the governance of a council; under this section, the superintendent makes recommendations to school B when the principal retires and once that position is filled by the council, and finalized by the superintendent, if another vacancy exists for a principal in school A, then the superintendent repeats the process. OAG 92-78.

As of July 14, 1992, parent representatives who are elected after the effective date of House Bill 182 (Acts 1992, ch. 376) shall be eligible to serve on a school council so long as they are neither employed by the school district, nor related to employees of the school district; parent representatives who are elected prior to the effective date of the act must meet the requirements in effect at the time that they begin to serve. OAG 92-88.

The office of the Attorney General opined that House Bill 182 (Acts 1992, ch. 376) operates prospectively to require that parent representatives who are elected after the act becomes effective (July 14, 1992), shall comply with the eligibility criteria imposed by House Bill 182; therefore, parent representatives who are elected prior to July 14, 1992, need not resign due to the change in eligibility criteria. OAG 92-88.

Consultation, as used in this section, has only that meaning applied through customary usage, i.e., to seek, advice. Therefore, the principal retains final hiring authority. OAG 92-131.

In view of the fact that the statute clearly gives to the superintendent the power to make recommendations to the principal for his consideration, upon consultation of the principal with the council, the council has a right to see applications and accompanying materials on applicants who have been recommended, but not on applicants who have not been recommended by the superintendent. OAG 92-131.

It is impermissible for the council to interview applicants who have not been recommended by the superintendent. Whether the council may interview recommended applicants is a matter to be negotiated between the council and the principal. OAG 92-131.

The spouse of a tenured certified employee who is on leave from the County School System may not serve as a parent member of a School Based Decision Making Council in the County School System school. OAG 92-157.

The school council anti-nepotism clause in subsection (2)(a) of this section is an attempt by the General Assembly to rid Kentucky schools of conflicts of interests and favoritism. OAG 92-157.

A local school district or a school would be ill-advised to adopt a policy determining that parent members of a commit-

tee formed pursuant to subdivision (2)(d) of this section are "school officials" and entitled to access of confidential student records. The danger in enacting so broad a policy interpreting "school officials" is that the intent of the Family Educational Rights and Privacy Act (FERPA) will be disregarded. Additionally, a school could lose its federal funding if a violation of FERPA has occurred. OAG 93-5.

Because of the risk in allowing unauthorized persons to review confidential student records, the best policy is to strictly interpret the "school officials" exception to the Federal Education Records Privacy Act (FERPA) and not include parent members of school councils in the definition of "school officials" for purposes of 20 USCS § 1232g(b)(1)(A). OAG 93-35.

Before any confidential student's records may be released to the members of the school council, the local school district or school must adopt a policy as required by Family Educational Rights and Privacy Act (FERPA) finding that the administrator or principal, teacher and parent members of a school-based decision making council are "school officials" pursuant to 20 USCS § 1232g(b)(1)(A). The policy must also define the "legitimate educational interests" of the school council members. 34 CFR 99.6(a)(4). OAG 93-5.

In order to achieve the educational goals envisioned by the Kentucky Education Reform Act (KERA) the school council must be intricately aware of the grades, test scores and special needs of the students attending the school; therefore, in order to carry out their statutory duties, all of the members of a school based decision making council may be considered "school officials" for purposes of the Family Educational Rights and Privacy Act (FERPA), 20 USCS § 1232g. OAG 93-5.

Any board policy relating to the initial vote to enter SBDM must offer the faculty a reasonable opportunity to vote. OAG 93-31.

If a local board in a single-school district elects to implement SBDM this decision controls over the vote of the school staff. OAG 93-31.

If a school's staff votes to enter SBDM in October, but board policy states that school council terms run from July to June, the school does not need to wait nine months to implement SBDM. Rather, the school should be given a brief time to permit elections and training before allowing the school council to begin its tenure. This delay should not exceed a couple of months. OAG 93-31.

It is consistent with the goals of KERA for a superintendent to receive input from a council-elect prior to selecting a principal for its school in the event there is a vacancy in the spring before council members' terms officially begin. However, the final decision will remain with the superintendent. OAG 93-31.

The decision of the local board of education in a single-school district not to implement SBDM controls over the school's desires to enter SBDM. OAG 93-31.

The exemption in subsection (5) of this section for single-school districts from SBDM will continue to apply until the statute is amended or repealed. OAG 93-31.

The local board may reject a school council's policy on corporal punishment if the local school board has a policy banning corporal punishment based on concerns for liability or concerns for health and safety. OAG 93-31.

A teacher may cast a vote for the teacher representatives at his or her school and also cast a vote for the parent representatives at another school where his or her child is enrolled. Additionally, if the teacher has been assigned to the same school where his or her child is enrolled then the teacher may vote for the teacher representatives and the parent representatives. OAG 93-49.

Although there is no statutory nepotism prohibition in Kentucky Education Reform Act (KERA) prohibiting a School Based Decision Making Council member from participating in

the selection of the principal when the member's son has applied for the principal position, allowing a school council member to cast a vote to select her son as principal violates the spirit of KERA and has the appearance of impropriety. OAG 93-50.

Pursuant to subsection (7) of this section, a school may apply to be exempt from the school-based decision making (SBDM) administrative structure to allow the SBDM council to elect any member as a chair by submitting an administrative model through the appropriate channels to the Chief State School Officer and the State Board for Elementary and Secondary Education. OAG 93-52.

The correct interpretation of subdivision (2)(j) (now (2)(i)) of this section is that school councils have authority to set policy regarding the assignment of all instructional and non-instructional staff time and the principal is authorized to administer the policy and to make assignments as to individual staff members. OAG 93-55.

A local school board does not have the authority to adopt a policy requiring school councils to have committees; however, individual school councils have the discretion to form committees. OAG 94-8.

While a local school board may not require a school council to form committees, if committees are formed at the discretion of the council, this section authorizes the local school board to adopt policies requiring parental representation on school council committees. OAG 94-8.

While local school boards cannot require school councils to have committees, if councils at their discretion have committees, the school board had the statutory authority to enact a policy requiring the school council to allow parents to serve on committees; however, a school board could not enact a policy precluding any parents from serving on school council committees. OAG 94-8.

School council committees are advisory bodies created by Kentucky Education Reform Act, therefore, school council committees must be formed consistent with KRS 156.500, which requires reasonable minority representation on the committees. OAG 94-8.

This section authorizes a local school board to require that proposed SBDM policies be timely reviewed by legal counsel and a Central Office Administrator prior to implementation for consistency with state or federal law, concerns for health and safety, concerns for liability, available financial resources or contractual obligations. OAG 94-29.

When the amendment to this section by 1994, Ch. 484, § 1 became effective on July 15, 1994, any schools having eight percent or more minority students enrolled and having school councils which did not have minority members on that date, were required to immediately have a special election to elect a minority parent and a minority teacher to the school council, even if the first regular election after July 15, 1994 was not until some time later. OAG 94-41.

Although schools are not required to implement school-based decision making (SBDM) until 1996, once the decision to implement SBDM is made then the schools or school district is bound by the dictates of this section. Accordingly, the school district must follow the statutory method of opting out of SBDM as allowed pursuant to subsection (5) of this section and may not enact a policy allowing for repeal of SBDM in a method not contemplated by statute. OAG 94-51.

Proposed school council plan to allow all parents, and not just the parents of minority students, to participate in special minority representative election did not comply with subdivision (2)(b) of this section. OAG 94-60.

School council plan to hold a special minority election, if necessary, on the same night as and immediately following the regular election did not comply with subdivision (2)(b) of this section since the election would not be held in a "timely manner" and proper notice would not be given to all minority

parents and parents of minority students regarding the special election. OAG 94-60.

Subdivision (2)(b) of this section which limits participation in the election of the minority representative to minority parents only (rather than permitting all parents — minority and non-minority) to vote is not unconstitutional. OAG 94-60.

"Qualified applicants" referred to in subsection (2) of this section means all persons who meet all qualifications set forth by statute, regulations, and school board policies. OAG 95-10.

Under this section, if a school seeking to fill personnel vacancies continues to request more names of qualified applicants from the superintendent, then it must be provided with all available applications which conform to minimum statutory, regulatory and board policy requirements and the superintendent is not allowed to withhold applicants from consideration by the school based on his or her subjective considerations; which does not mean that the superintendent is denied the opportunity to render subjective comments and recommendations, but that the superintendent must eventually give the school all applications which meet the minimum legal qualifications and comply with legitimate school board policies. OAG 95-10.

School council has the authority to determine the school curriculum and to make corresponding decisions as to the number of personnel in each job classification necessary to implement its policies. While this may result in the transfer of an employee, it is not the recommendation of such by the council, and thus is not a violation of the statutory prohibition against a school council recommending transfers or dismissals. Such recommendations and decisions, which have a district-wide impact, are still in the purview of the local school board and superintendent. OAG 96-38.

The Office of Education Accountability cannot prosecute a case to have an executive branch employee disciplined or removed for violation of subsection (9)(a). OAG 02-4.

In both KRS 160.345 hearings and KRS 156.132 hearings, the role of the Commissioner of Education in the hearings is authorized not by those statutes, but by the grant of authority vested in the commissioner as the executive and administrative officer of the Board of Education by KRS 156.148(3). OAG 02-4.

HB 176 (2010, ch. 1) does not specify a mechanism by which retention decisions must be made. HB 176 does not prohibit the superintendent from developing a collaborative model that involves a committee making a recommendation on retention decisions. Parties to a teacher collective bargaining agreement may collaborate and otherwise agree to apply provisions of the collective bargaining agreement as long as those agreements do not violate the express provisions of HB 176. OAG 12-003, 2012 Ky. AG LEXIS 47.

An underrepresented ethnic group in a school is an ethnic group whose representation is not fair and reasonable in proportion to the number of such students in the school. Eligibility to serve as the minority member on a school council is determined by the parent's status and not the child's. OAG 12-011, 2012 Ky. AG LEXIS 131.

Whatever the status of the ballots when the parents cast their votes at the PTA election, once they were conveyed to the school they became public records because they were "in the possession of or retained by a public agency." The record does not support the school's position that it lacked custody or control of the parent election records. Nothing in KRS 160.345(2)(b)1. addresses the disposition of open records requests for records generated in the course of a PTA election or in any way vests exclusive custody and control of parent election records in the PTA. 160.346. Definitions — Targeted and comprehensive support and improvement — Revised plans — Turnaround audit — Review and report — Intervention process — Reimbursement of district — Report required — Exit criteria — Schools requiring rigorous support and action — District with significant number of targeted schools — Evidence of violation — Restoration of school's right to establish council.

(1) For purposes of this section:

(a) "Approved turnaround vendor list" means a list of at least three (3) vendors pre-approved by the Kentucky Board of Education for the purposes of subsection (8) of this section that have documented success at providing turnaround diagnosis, training, and improved performance of organizations;

(b) "Department" means the Kentucky Department of Education;

(c) "ESSA" means the Every Student Succeeds Act of 2015, Pub. L. No. 114-95, or its successor;

(d) "Level" means elementary, middle, or high school;

(e) "Turnaround" means a comprehensive transformation of a school to achieve accelerated, meaningful, and sustainable increases in student achievement through improved school leadership and school district support;

(f) "Turnaround plan" means a mandatory school plan that is designed to improve student learning and performance with evidence-based interventions as defined in ESSA and that is developed and implemented by the local school district in partnership with stakeholders, including the principal, other school leaders, teachers, and parents; and

(g) "Turnaround team" means the turnaround training and support team described in subsection (8) (a) of this section.

(2)(a) Beginning with the 2020-2021 school year, and annually thereafter, the department shall identify a school for targeted support and improvement if the school has one (1) or more of the same subgroups, as defined by ESSA, whose performance in the state accountability system by level is at or below that of all students in any of the lowest-performing five percent (5%) of all schools for three (3) consecutive years.

(b) Beginning with the 2021-2022 school year, and every three (3) years thereafter, the department shall identify a school for additional targeted support and improvement if the school has one (1) or more subgroups, as defined by ESSA, whose performance in the state accountability system by level is at or below the summative performance of all students in any of the lowest-performing five percent (5%) of all schools identified under subsection (3)(a) of this section and the school was identified in the immediately preceding year for targeted support and improvement as described in paragraph (a) of this subsection.

(3) Beginning with the 2021-2022 school year, and every three (3) years thereafter, a school shall be identified by the department for comprehensive support and improvement if the school is:

(a) In the lowest-performing five percent (5%) of all schools in its level based on the school's performance in the state accountability system;

(b) A high school with a four (4) year cohort graduation rate that is less than eighty percent (80%); or

(c) Identified by the department for additional targeted support and improvement under subsection (2)(b) of this section and fails to exit additional targeted support and improvement status based on criteria established under subsection (11) of this section.

(4)(a) When a school is identified for targeted support and improvement under subsection (2)(a) of this section, the local school personnel, working with stakeholders, including the principal, other school leaders, teachers, and parents, shall revise its school improvement plan, which shall be subject to review and approval by the local board of education.

(b) Each revised plan shall be informed by all available indicators, including student performance compared to long-term goals, and shall include:

1. Components of turnaround leadership development and support;

2. Identification of critical resource inequities;

3. Evidence-based interventions; and

4. Additional actions that address the causes of consistently underperforming subgroups of students.

(c) If adequate performance progress, as defined by the department, is not made, the local school district shall take additional action to assist and support the school in reaching performance goals.

(5) When a school is identified for additional targeted support and improvement under subsection (2)(b) of this section, the local school district shall take more rigorous district-determined action to assist and support the school in reaching performance goals.

(6)(a) When a school is identified for comprehensive support and improvement, an audit shall be per-

formed by the department to diagnose the causes of the school's low performance.

(b) The audit conducted under this subsection shall be the only comprehensive audit required for a school unless the school fails to exit comprehensive support and improvement status as described in subsection (11) of this section or exits comprehensive support and improvement status but subsequently repeats as a school identified for comprehensive support and improvement.

(7)(a) The audit conducted by the department under subsection (6) of this section shall include:

1. A diagnosis of the causes of the school's low performance, with an emphasis on underperforming subgroups of students and corresponding critical resource inequities;

2. An assessment and recommendation to the superintendent regarding the best strategies to address the school's specific needs;

3. An assessment of the interaction and relationship among the superintendent, central office personnel, and the school principal;

4. A recommendation of the steps the school may implement to launch and sustain a turnaround process; and

5. A recommendation to the local board of education of the turnaround principles and strategies necessary for the superintendent to assist the school with turnaround.

(b) The report of an audit conducted under this subsection shall be provided to the superintendent, local board of education, school principal, commissioner of education, and the Kentucky Board of Education.

(8) After completion of the audit described in subsection (7) of this section, each school identified for comprehensive support and improvement shall engage in the following turnaround intervention process:

- (a) The local board of education shall select a vendor from the approved turnaround vendor list to provide a turnaround training and support team to the school identified for comprehensive support and improvement. The local board of education shall negotiate the scope and duration of the vendor's services;

- (b) The authority of the school council granted under KRS 160.345 shall be transferred to the superintendent;

- (c) The superintendent shall select a principal for the school if a principal vacancy occurs. The superintendent shall consult with the turnaround team, parents, certified staff, and classified staff before appointing a principal replacement;

- (d) Upon recommendation of the principal, the superintendent may reassign certified staff members to a comparable position in the school district;

- (e) The superintendent shall collaborate with the turnaround team to design ongoing turnaround training and support for the principal and a corresponding monitoring system of effectiveness and student achievement results;

- (f) The principal shall collaborate with the turnaround team to establish an advisory leadership team representing school stakeholders including other school leaders, teachers, and parents;

- (g)1. In consultation with the department, the local school board shall collaborate with the superintendent, principal, turnaround team, and the advisory leadership team to propose a three (3) year turnaround plan.

2. The turnaround plan shall include requests to the department for exemptions from submitting documentation that are identified by the principal, advisory leadership team, and turnaround team as inhibitors to investing time in innovative instruction and accelerated student achievement of diverse learners including ongoing staff instructional plans, student interventions, formative assessment results, or staff effectiveness processes.

3. The turnaround plan shall be reviewed for approval by the superintendent and the local board of education and shall be subject to review, approval, monitoring, and periodic review by the department as described in KRS 158.782;

- (h) The school district may request technical assistance from the department for development and implementation of the turnaround plan, which may include conducting needs assessments, selecting evidence-based interventions, and reviewing and addressing resource inequities;

- (i) The turnaround plan shall be fully implemented by the first full day of the school year following the school year the school was identified for comprehensive support and improvement; and

- (j) The superintendent shall periodically report to the local school board, and at least annually to the commissioner of education, on the implementation and results of the turnaround plan.

- (9) The department shall annually disburse funds to a school district, for a maximum of three (3) years, to assist with funding the turnaround vendor costs incurred by the district under subsection (8) of this section. The Kentucky Board of Education shall promulgate administrative regulations on how the disbursement amounts shall be determined, which shall be based on the department's past practice for determining allocations for school improvement.

- (10) Beginning in 2023, the department shall submit an annual report no later than November 30 to the Interim Joint Committee on Education relating to the turnaround vendor selected by each school under subsection (8) of this section. The report shall include but not be limited to each school's accountability system performance since utilizing the services of the turnaround vendor, the cost of using the vendor, and any other information helpful in evaluating the performance of the turnaround vendor.

- (11) The Kentucky Board of Education shall establish annual statewide exit criteria for schools identified for targeted support and improvement, additional targeted support and improvement, and comprehensive support and improvement.

- (12) If a school enters comprehensive support and improvement status and does not make any annual improvement, as determined by the department, for two (2) consecutive years, or if the school does not exit the status after three (3) years, the school shall enter a school intervention process chosen by the commissioner

of education that provides more rigorous support and action by the department to improve the school's performance.

(13) For school districts that include a significant number of schools, as determined by the department, identified for targeted support and improvement:

(a) The department shall periodically review a local board's resource allocations to support school improvement and provide technical assistance to the local school board; and

(b) The department may provide a recommended list of turnaround or school intervention providers that have demonstrated success implementing evidence-based strategies.

(14) If, in the course of a school audit, the audit team identifies information suggesting that a violation of KRS 160.345(9)(a) may have occurred, the commissioner of education shall forward the evidence to the Office of Education Accountability for investigation.

(15) A school's right to establish a council granted under KRS 160.345 may be restored by the local board of education two (2) years after the school exits comprehensive support and improvement status.

160.347. Removal of school council member.

A member of a school council may be removed from the council for cause, after an opportunity for hearing before the local board, by a vote of four-fifths ($\frac{4}{5}$) of the membership of a board of education after the recommendation of the chief state school officer pursuant to KRS 156.132. Written notices setting out the charges for removal shall be spread on the minutes of the board and given to the member of the school council.

160.348. Advanced placement, International Baccalaureate, dual enrollment, and dual credit courses.

(1)(a) The Kentucky Department of Education shall make available to middle and high schools information concerning the prerequisite content necessary for success in secondary courses, Advanced Placement or AP courses, and International Baccalaureate or IB courses. The department shall provide sample syllabi, instructional resources, and instructional supports for teachers that will assist in preparing students for more rigorous coursework. Instructional supports shall include professional development for assisting students enrolled in the Kentucky Virtual High School or other virtual learning settings.

(b) Each secondary school-based decision making council shall offer a core curriculum of AP, IB, dual enrollment, or dual credit courses, using either or both on-site instruction or electronic instruction through the Kentucky Virtual High School or other on-line alternatives. In addition, each school-based

decision making council shall comply with any additional requirements for AP, IB, dual enrollment, and dual credit courses that may be established cooperatively by the Kentucky Department of Education, the Education Professional Standards Board, and the Council on Postsecondary Education in accordance with the definitions in KRS 158.007.

(2) Each secondary school-based decision making council shall establish a policy on the recruitment and assignment of students to AP, IB, dual enrollment, and dual credit courses that recognizes that all students have the right to participate in a rigorous and academically challenging curriculum. All students who are willing to accept the challenge of a rigorous academic curriculum shall be admitted to AP courses, including AP courses offered through the Kentucky Virtual High School and accepted for credit toward graduation under KRS 158.622(3)(a), IB courses, dual enrollment courses, and dual credit courses, if they have successfully completed the prerequisite coursework or have otherwise demonstrated mastery of the prerequisite content knowledge and skills as determined by measurable standards. If a school does not offer an AP course in a particular subject area, the school shall permit a qualified student to enroll in the AP course offered by the Kentucky Virtual High School and receive credit toward graduation under KRS 158.622(3)(a).

(3) Effective with the 2008-2009 school year and thereafter, students enrolled in AP or IB courses in the public schools shall have the cost of the examinations paid by the Kentucky Department of Education.

DISTRICT OFFICERS AND EMPLOYEES

160.350. Superintendent of schools — Appointment — Term — Vacancy — Qualifications — Removal — Contract extension.

(1) After considering the recommendations of a screening committee, as provided in KRS 160.352, each board of education shall appoint a superintendent of schools whose term of office shall begin on July 1, following the individual's appointment. The appointment may be for a term of no more than four (4) years. In the event a vacancy occurs in the office of superintendent prior to the expiration of the term set by the board, the term shall expire on the date the vacancy occurs. Therefore, the board may appoint a superintendent for a new term as provided in this subsection, which shall begin on the date of the superintendent's

appointment, except when the vacancy occurs after a school board election and before the newly elected members take office. When a vacancy occurs during this period, the position shall not be filled until the new members take office, but the board may appoint an acting superintendent to serve a term not to exceed six (6) months. This appointment may be renewed once for a period not to exceed three (3) months. If a vacancy occurs, a local board may also appoint an acting superintendent during the period the screening committee pursuant to KRS 160.352 conducts its business and prior to the actual appointment of the new superintendent. No superintendent shall resign during a term and accept a new term from the same board of education prior to the expiration date of the present term. In the case of a vacancy in the office for an unexpired term, the board of education shall make the appointment so that the term will end on June 30. The board shall set the salary of the superintendent to be paid in regular installments.

(2) An individual shall not assume the duties of superintendent in a district until he or she provides the board of education with a copy of a certificate for school superintendent issued by the Education Professional Standards Board or its legal predecessor. A superintendent shall hold a valid certificate throughout the period of employment. A superintendent shall successfully complete the training program and assessment center process within two (2) years of assuming the duties of superintendent. A superintendent shall not serve as director or officer of a bank, trust company, or savings or loan association that has the school district's funds on deposit. Following appointment, the superintendent shall establish residency in Kentucky.

(3) A superintendent of schools may be removed for cause by a vote of four-fifths ($\frac{4}{5}$) of the membership of a board of education and upon approval by the commissioner of education. However, if the dismissal of the superintendent has been recommended by a highly skilled certified educator pursuant to KRS 158.6455 and the action is approved by the commissioner of education, the board shall terminate the superintendent's contract. Written notice setting out the charges for removal shall be spread on the minutes of the board and given to the superintendent. The board shall seek approval by the commissioner of education for removing the superintendent. The commissioner of education shall investigate the accuracy of the charges made, evaluate the superintendent's overall performance during the superintendent's appointment, and consider the educational performance of the students in the district. Within thirty (30) days of notification, the commissioner of education shall either approve or reject the board's request.

(4) After the completion of a superintendent's first contract or after four (4) years, whichever comes last, the board of education may, no later than June 30, extend the contract of the superintendent for one (1) additional year beyond the current term of employment.

1. Nature of Offices.

A superintendent was a state officer. *Commonwealth ex rel. Baxter v. Burnett*, 237 Ky. 473, 35 S.W.2d 857, 1931 Ky. LEXIS 623 (Ky. 1931) (decided under prior law).

The office of superintendent is one of trust. *Hunter v. Board of Education*, 265 Ky. 162, 96 S.W.2d 265, 1936 Ky. LEXIS 453 (Ky. 1936).

A school superintendent is a public officer. *Whitley County Board of Education v. Rose*, 267 Ky. 283, 102 S.W.2d 28, 1937 Ky. LEXIS 314 (Ky. 1937). See *Smith v. Board of Education*, 23 F. Supp. 328, 1938 U.S. Dist. LEXIS 2170 (D. Ky. 1938).

2. Compatibility of Offices.

One cannot at the same time be superintendent and teacher. *Knuckles v. Board of Education*, 272 Ky. 431, 114 S.W.2d 511, 1938 Ky. LEXIS 138 (Ky. 1938).

Position of assistant superintendent of county schools is an administrative position and is incompatible with the position of teacher and by holding the incompatible position of teacher one appointed assistant superintendent failed to enter upon his duties as such barring him from recovering compensation as assistant superintendent. *Richardson v. Bell County Board of Education*, 296 Ky. 520, 177 S.W.2d 871, 1944 Ky. LEXIS 572 (Ky. 1944).

3. Appointment.

4. — Time.

A county superintendent of schools may be appointed prior to the first day of April in the year in which his term begins, provided that the terms of the members of the board in office at the time the appointment is made must extend beyond the date when the term of the superintendent begins. *Maynard v. Allen*, 276 Ky. 485, 124 S.W.2d 765, 1939 Ky. LEXIS 547 (Ky. 1939).

A second contract for office of superintendent was enforceable although the second contract was entered into one year prior to the expiration of the first contract, where it was ratified by the board of education after the expiration of the first contract. *Farley v. Board of Education*, 424 S.W.2d 124, 1968 Ky. LEXIS 443 (Ky. 1968).

Since there is nothing in this section authorizing the appointment of the school superintendent which would justify limiting the power of the school board to appoint a school

superintendent prior to the first day of January, the board of education could appoint a school superintendent at a December 5 meeting. *Board of Education v. Nevels*, 551 S.W.2d 15, 1977 Ky. App. LEXIS 690 (Ky. Ct. App. 1977).

5. — Validity.

Where five-member board of education voted to grand superintendent a new four-year contract but due to an election contest one of the members was a de facto officer whose vote could not be counted in determining whether the superintendent was validly appointed to a new term, the superintendent's appointment was valid where two (2) members voted in favor of the contract, one member voted against and one member abstained, for the vote of the member who abstained will be taken as being in favor of the appointment. *Board of Education v. Nevels*, 551 S.W.2d 15, 1977 Ky. App. LEXIS 690 (Ky. Ct. App. 1977).

6. — Rescission.

Where person was appointed superintendent by resolution duly adopted, and four-year contract was executed and approved by proper resolution, following which the board adopted a resolution rescinding its former action and appointed another person as superintendent, person first appointed was entitled, before commencement of term for which appointment was made, to bring declaratory judgment action to establish his right to office. *Chestnut v. Reynolds*, 291 Ky. 231, 163 S.W.2d 456, 1942 Ky. LEXIS 201 (Ky. 1942).

In declaratory judgment proceeding to establish right of appointee to office of superintendent, it was proper for court to set matter for early hearing. *Chestnut v. Reynolds*, 291 Ky. 231, 163 S.W.2d 456, 1942 Ky. LEXIS 201 (Ky. 1942).

Alleged duress by State Board of Education consisting of threats by State Board to prosecute county board members for school law violations unless certain person was appointed as superintendent did not authorize county board to rescind order of appointment, where appointee did not participate in alleged duress. *Chestnut v. Reynolds*, 291 Ky. 231, 163 S.W.2d 456, 1942 Ky. LEXIS 201 (Ky. 1942).

Alleged immoral conduct of appointee to office of superintendent would not justify rescission of resolution of appointment; in such case board must resort to power of removal. *Chestnut v. Reynolds*, 291 Ky. 231, 163 S.W.2d 456, 1942 Ky. LEXIS 201 (Ky. 1942).

The appointment of a superintendent does not result from a contract negotiated between the board and the appointee, but from a formal election prescribed by statute, and once made in the manner prescribed cannot be rescinded. *Chestnut v. Reynolds*, 291 Ky. 231, 163 S.W.2d 456, 1942 Ky. LEXIS 201 (Ky. 1942).

Fact that appointee to office of superintendent in Laurel County held appointment to same office in Jackson County, covering same term, was not ground for rescinding appointment, since appointee could resign appointment in Jackson County before commencement of term in Laurel County, and in any event acceptance of Laurel County office would vacate Jackson County office. *Chestnut v. Reynolds*, 291 Ky. 231, 163 S.W.2d 456, 1942 Ky. LEXIS 201 (Ky. 1942).

7. Qualifications.

In an action to compel county board of education to employ him for a specific school at a specific salary, a school principal was bound by stipulation of facts as to qualifications of school superintendent in the absence of fraud or mistake in entering into the stipulation. *Board of Education v. Hogge*, 239 S.W.2d 459, 1951 Ky. LEXIS 885 (Ky. 1951).

8. Residency Requirement.

Trial court did not err in granting the Commonwealth's motion to dismiss a petition or a declaration of rights filed by a school district, board of education, and superintendent, contesting the constitutionality of KRS 160.350(2) because

requiring the superintendent to reside in Kentucky after he was appointed was not an improper restraint upon his right to travel and migrate under Ky. Const. § 24 and the United States Constitution; KRS 160.350(2) imposed a permissible residency requirement because there was no requirement that a candidate for superintendent had to have been a Kentucky resident for a certain number of years, but instead, Kentucky residency was imposed as a condition of employment that could occur after hiring. *Newport Indep. Sch. District/Newport Bd. of Educ. v. Commonwealth*, 300 S.W.3d 216, 2009 Ky. App. LEXIS 118 (Ky. Ct. App. 2009).

KRS 160.350(2) did not deny a superintendent equal protection of the law because that a Kentucky resident would have a better comprehension of Kentucky's educational needs was a rational basis for Kentucky's requirement that superintendents live in Kentucky. *Newport Indep. Sch. District/Newport Bd. of Educ. v. Commonwealth*, 300 S.W.3d 216, 2009 Ky. App. LEXIS 118 (Ky. Ct. App. 2009).

9. Salary.

The salary of a superintendent cannot be changed during the term of office. *Whitley County Board of Education v. Rose*, 267 Ky. 283, 102 S.W.2d 28, 1937 Ky. LEXIS 314 (Ky. 1937). (But see *Board of Education v. De Weese*, 343 S.W.2d 598, 1960 Ky. LEXIS 116 (Ky. 1960).

Superintendent of schools is not an "officer" within Const., §§ 161, 235 and 246 prohibiting change in compensation of officers during term. *Board of Education v. De Weese*, 343 S.W.2d 598, 1960 Ky. LEXIS 116 (Ky. 1960).

10. Term.

The fact that the board adopted an order fixing the term of the superintendent did not prevent it from subsequently employing a superintendent for a term of four years. *Smith v. Board of Education*, 264 Ky. 150, 94 S.W.2d 321, 1936 Ky. LEXIS 285 (Ky. 1936).

Once the length of term has been fixed the board loses control over the term thus created. *Board of Education v. Gulick*, 398 S.W.2d 483, 1966 Ky. LEXIS 489 (Ky. 1966).

Where the board employed a superintendent for a four-year term it could not create a new term until the expiration of the four-year period. Consequently the reemployment of the superintendent for a four-year term three years after his first four-year term had begun was invalid. *Board of Education v. Gulick*, 398 S.W.2d 483, 1966 Ky. LEXIS 489 (Ky. 1966).

Where a school superintendent resigned after serving only ten days of his four-year term and there remained a vacancy of three years and 355 days, the board could not shorten that term and appoint one man for one year and another man for the remaining three years of the vacancy as the vacancy exists in the term of office rather than in the office itself and the contract with the first appointee, by operation of law, was for the remainder of the term. *Childers v. Pruitt*, 511 S.W.2d 233, 1974 Ky. LEXIS 485 (Ky. 1974).

Until the superintendent's term is finally established (either by formal acceptance of the board of education's offer or by commencement of service of the term), the board retains complete control over the process and has authority to increase the length of the term. *Stagnolia v. Board of Education*, 714 S.W.2d 486, 1986 Ky. App. LEXIS 1158 (Ky. Ct. App. 1986).

Where the superintendent refused to accept the one-year term, the county board of education could change the term of the superintendent to four years prior to the commencement of that term. *Stagnolia v. Board of Education*, 714 S.W.2d 486, 1986 Ky. App. LEXIS 1158 (Ky. Ct. App. 1986).

11. Removal.

A superintendent wrongfully ousted is entitled to his full salary until his successor is appointed, and thereafter he is entitled to any part of his salary not being paid to his successor. *Smith v. Board of Education*, 23 F. Supp. 328, 1938 U.S. Dist. LEXIS 2170 (D. Ky. 1938).

On appeal of removal cases, the court can only consider whether the board acted arbitrarily, unlawfully, without authority, without sufficient legal evidence, or abused its discretion. *Meade County Board of Education v. Powell*, 254 Ky. 352, 71 S.W.2d 638, 1934 Ky. LEXIS 76 (Ky. 1934); *Hunter v. Board of Education*, 265 Ky. 162, 96 S.W.2d 265, 1936 Ky. LEXIS 453 (Ky. 1936); *Starns v. Board of Education*, 280 Ky. 747, 134 S.W.2d 643, 1939 Ky. LEXIS 212 (Ky. 1939).

The motive for initiation of removal proceedings is immaterial. *Meade County Board of Education v. Powell*, 254 Ky. 352, 71 S.W.2d 638, 1934 Ky. LEXIS 76 (Ky. 1934); *Hunter v. Board of Education*, 265 Ky. 162, 96 S.W.2d 265, 1936 Ky. LEXIS 453 (Ky. 1936).

The findings of fact of the board in removal proceedings are conclusive, in the absence of abuse of discretion. *Thompson v. Pendleton County Board of Education*, 258 Ky. 843, 81 S.W.2d 863, 1935 Ky. LEXIS 249 (Ky. 1935); *Hunter v. Board of Education*, 265 Ky. 162, 96 S.W.2d 265, 1936 Ky. LEXIS 453 (Ky. 1936).

Hostile or prejudiced attitude of board does not disqualify them to try a removal proceeding. *Thompson v. Pendleton County Board of Education*, 258 Ky. 843, 81 S.W.2d 863, 1935 Ky. LEXIS 249 (Ky. 1935).

School boards have a wide discretion in removing teachers and employees. *Smith v. Board of Education*, 264 Ky. 150, 94 S.W.2d 321, 1936 Ky. LEXIS 285 (Ky. 1936).

Where after merger of a county and independent district the board consisted of seven members, a vote of four members was insufficient to oust the superintendent of schools. Since this section requires 80 percent of a five member board to oust the superintendent 80 percent of a seven member board should likewise be required. *Wesley v. Board of Education*, 403 S.W.2d 28, 1966 Ky. LEXIS 319 (Ky. 1966).

The object of the statutory requirements imposed on the school board is to create a record on which its action may be tested for arbitrariness. *Bell v. Board of Education*, 450 S.W.2d 229, 1970 Ky. LEXIS 428 (Ky. 1970).

Removal of plaintiff as a school superintendent pursuant to KRS 160.350 was an integral governmental function and the county board of education was entitled to governmental immunity; therefore, the trial court erred by denying the board's motion for summary judgment on plaintiff's state law claims. *Crittenden County Bd. of Educ. v. Hargis*, 2011 Ky. App. LEXIS 13 (Ky. Ct. App. Jan. 20, 2011).

12. — Cause.

"Cause" means legal cause. *Smith v. Board of Education*, 264 Ky. 150, 94 S.W.2d 321, 1936 Ky. LEXIS 285 (Ky. 1936).

Fact that superintendent filed charges against board members is not legal cause for removal, when he acted in good faith. *Smith v. Board of Education*, 264 Ky. 150, 94 S.W.2d 321, 1936 Ky. LEXIS 285 (Ky. 1936).

Political activity is ground for removal. *Hunter v. Board of Education*, 265 Ky. 162, 96 S.W.2d 265, 1936 Ky. LEXIS 453 (Ky. 1936).

Charge, sufficiently supported by evidence, that superintendent had signed contract with director of pupil personnel and sent contract to State Board of Education, without notifying county board and with knowledge that county board had not approved appointment of director of pupil personnel, and that two actions were pending in court involving appointment of director of pupil personnel constituted legal cause for removal of superintendent. *Starns v. Board of Education*, 280 Ky. 747, 134 S.W.2d 643, 1939 Ky. LEXIS 212 (Ky. 1939).

The word "cause" means legal cause and not any cause which board authorized to make such removal may deem sufficient and it is implied that removal cannot be at mere will of those vested with power of removal or without any cause but it must be a cause relating to and affecting the administration of the office and must be restricted to something of a substantial nature directly affecting the rights and interests

of the public and evidence did not show "good cause or legal cause" which must be the basis of removal of superintendent of schools by county board of education. *Bourbon County Board of Education v. Darnaby*, 314 Ky. 419, 235 S.W.2d 66, 1950 Ky. LEXIS 1090 (Ky. 1950).

The word "cause" means legal cause and not any cause which the board authorized to make such removal may deem sufficient. *Hoskins v. Keen*, 350 S.W.2d 467, 1961 Ky. LEXIS 97 (Ky. 1961).

Failure to perform duties prescribed by law is cause for removal. *Hoskins v. Keen*, 350 S.W.2d 467, 1961 Ky. LEXIS 97 (Ky. 1961).

The sufficiency of the cause is a question of law for the courts. *Bell v. Board of Education*, 450 S.W.2d 229, 1970 Ky. LEXIS 428 (Ky. 1970).

The word "cause," as used in this section, means a "legal" cause. *Bell v. Board of Education*, 450 S.W.2d 229, 1970 Ky. LEXIS 428 (Ky. 1970).

13. — Charges.

It is not the duty of the person filing charges to record them on the board's minutes. *Hunter v. Board of Education*, 265 Ky. 162, 96 S.W.2d 265, 1936 Ky. LEXIS 453 (Ky. 1936).

The board cannot be deprived of its power to hear charges because of the failure of the secretary to record the charges in the minutes. *Hunter v. Board of Education*, 265 Ky. 162, 96 S.W.2d 265, 1936 Ky. LEXIS 453 (Ky. 1936).

Written notice served on superintendent setting out charges for removal need not be signed, sworn to or verified. *Starns v. Board of Education*, 280 Ky. 747, 134 S.W.2d 643, 1939 Ky. LEXIS 212 (Ky. 1939).

The specified charges must be definite enough to give the accused a fair opportunity to defend himself. *Bell v. Board of Education*, 450 S.W.2d 229, 1970 Ky. LEXIS 428 (Ky. 1970).

When the board conducted a hearing, the production of its evidence in support of the charges served the purpose of making specific that which might otherwise have been considered too general from the charges alone. *Bell v. Board of Education*, 450 S.W.2d 229, 1970 Ky. LEXIS 428 (Ky. 1970).

14. — Hearing.

Since, under this section, a hearing is not necessary in the first place, the absence of order and fairness in its conduct cannot be prejudicial. *Bell v. Board of Education*, 450 S.W.2d 229, 1970 Ky. LEXIS 428 (Ky. 1970).

15. — Evidence.

In the absence of an affirmative showing to the contrary, 15 days is a sufficient period for the presentation of evidence. *Hunter v. Board of Education*, 265 Ky. 162, 96 S.W.2d 265, 1936 Ky. LEXIS 453 (Ky. 1936).

Although it was a primary responsibility of the school principals to carry out fire drills, their uniform failure to have fire drills over a long period of time sustained the charge that the defendant failed to see that fire drills were carried out. *Bell v. Board of Education*, 450 S.W.2d 229, 1970 Ky. LEXIS 428 (Ky. 1970).

Where a witness gave direct testimony sufficient to convict on the allegation that the defendant used or sought to use the distribution of federal relief money to get votes for his candidates, that alone was sufficient to support the board's case. *Bell v. Board of Education*, 450 S.W.2d 229, 1970 Ky. LEXIS 428 (Ky. 1970).

16. Procedure on Appeal.

Where the transcript of the proceedings before the board was used in lieu of the introduction of original proof, the dismissed superintendent was free to subject the school board members to interrogation under the Rules of Civil Procedure at any time after his suit was filed. *Bell v. Board of Education*, 450 S.W.2d 229, 1970 Ky. LEXIS 428 (Ky. 1970).

OPINIONS OF ATTORNEY GENERAL.

This section, which establishes the qualifications for superintendents does not contain any requirements concerning religion, and a person of the Catholic faith, if he meets the statutory qualifications, may be superintendent. OAG 60-917.

A board of education that approved the employment of a superintendent for a period of two (2) years could amend the order to read four years and extend the length of employment prior to the time the superintendent took office. OAG 61-548.

Where a superintendent whose term was to expire on June 30 planned to resign prior to January 1 and three board members were to be elected at the preceding November election, an appointment by the old board could be made only until the expiration of the resigning superintendent's term. OAG 64-592.

In June, 1964, a board, some of whose members had terms which expired in January, 1965, did not have authority to issue to its superintendent a contract to begin July 1, 1965, since the terms of some of its members did not extend beyond the date when the new term of office was to begin. OAG 65-96.

In the event of a vacancy created by resignation this section authorizes the appointment of a successor for the unexpired portion of the term only, and the board is without power to make an appointment for a term that would commence prior to the expiration of any other term. OAG 67-213.

After school board decided to employ an individual as superintendent for a one-year term, the board had authority to adopt another resolution 12 days later hiring the same individual as superintendent and secretary to the board for a two-year term. OAG 72-74.

There is no obligation to contract with one man to serve the entire unexpired term of a school superintendent as long as said part of term expires on June 30 and there is no splicing together of partial terms of office but only a fragmenting of a four-year term which was established by the board of education and as long as the appointment is made by the same authority that is authorized to act when the vacancy actually occurs. OAG 73-743.

There is no conflict between this section and KRS 161.721 as, irrespective of when a superintendent becomes eligible for continuing contract status in the district, such status is not as to the position of superintendent but just to employment in the school district. OAG 76-82.

A local board of education has the authority and discretion under the circumstances to establish the salary of a superintendent but is under no obligation to negotiate the superintendent's salary and the superintendent is without power to compel a board of education to contract to pay him more than the board, in its judgment, deems appropriate. OAG 76-360.

The statutory language requiring the secretary of the board of education to call a special meeting and to see that properly detailed timely notice is given is mandatory and the secretary's refusal to act could be the basis for rescission of the secretary's contract; however, the failure to perform the functions of the secretary of the board could not constitute legal cause for removal from office as superintendent when the same person holds the two positions, for the two positions are separable. OAG 78-274.

Under this section a board of education may agree to enter into a contract with an individual for the position of superintendent before the existing contract of the superintendent has expired so long as the term of no board member will expire in

the interim between the making of a contract and its effective date. OAG 78-274.

The holding of the two state officer positions of superintendent of schools and member of a local school board does not by itself present a statutory or constitutional incompatibility, under KRS 61.080 and Const., § 165. OAG 78-413.

By provisions of this section the board is to fix the salary of the superintendent and only that board which entered into the contract to take effect on July 1 of this year had or ever could have had any right to set its terms; since that board in office in July at the commencement of the contract could have increased the salary of the superintendent starting on July 1, it may now increase the salary to a figure mutually agreeable to the superintendent and the board of education. OAG 78-819.

The position of local superintendent of schools is a state office. OAG 79-149.

A local board of education may give a superintendent who is over 65 a contract for more than one year. OAG 79-213.

An individual may serve as a superintendent under contract pursuant to this section until the end of the school year in which the age of 70 is reached. OAG 79-213.

Although the duration of an existing contract's terms may not be changed, a board of education membership that will be in office at the time a new contract term is to be established may agree in advance to enter into a contract with an individual to be the superintendent. OAG 79-321.

While a superintendent may acquire tenure in the same manner as for teachers pursuant to KRS 161.721, that does not make an appointment as a superintendent under this section, which is under an entirely different contractual basis and which may be for one, two, three or four years, employment where "teacher tenure" may be transferred to the position pursuant to KRS 161.740; thus, where a teacher attains tenure in one school system and then accepts the position of superintendent of schools in another school district, the superintendent would be required to attain tenure in the new school system by following KRS 161.721. OAG 80-147.

A local board of education can direct the superintendent to make a recommendation relative to a teacher's contract since a recommendation is required by law and may be a part of appropriately adopted local board policies; the refusal by a superintendent to make a recommendation could be considered legal cause for the superintendent's removal. OAG 80-205.

A local board of education, after having once fixed the term of a superintendent's office cannot then change the number of years of the term. OAG 84-283.

If for any reason a superintendent-elect did not want the one year contract offered by the local board of education and resigned, the person taking his place would be limited to the one year contract. OAG 84-283.

160.352. Screening committee — Minority representation — Recommendations for superintendent.

(1) For purposes of this section the term “minority” means American Indian; Alaskan native; African-American; Hispanic, including persons of Mexican, Puerto Rican, Cuban, and Central or South American origin; Pacific islander; or other ethnic group underrepresented in a local school district.

(2) Each board of education shall appoint a superintendent of schools after receiving the recommendations of a screening committee. A screening committee shall be established within thirty (30) days of a determination by a board of education that a vacancy has occurred or will occur in the office of superintendent, except that when the board determines a vacancy will not occur before six (6) months from the date of determination, the board shall establish a screening committee at least ninety (90) days before the first date on which the position may be filled.

(3) A screening committee shall be composed of:

(a) Two (2) teachers, elected by the teachers in the district;

(b) One (1) board of education member, appointed by the board chairman;

(c) One (1) principal, elected by the principals in the district;

(d) One (1) parent, elected by the presidents of the parent-teacher organizations of the schools in the district;

(e) One (1) classified employee, elected by the classified employees in the district; and

(f) If a minority member is not elected or appointed to a screening committee in districts with a minority population of eight percent (8%) or more, as determined by the enrollment on the preceding October 1, the committee membership shall be increased to include one (1) minority parent. This minority parent member shall be elected by the parents in an election conducted by the local school board. Parents in the district shall be given adequate notice of the date, time, place, and purpose of the election.

(4) Prior to appointing a superintendent of schools, the board of education shall consider the recommendations of the screening committee, but the board shall not be required to appoint a superintendent from the committee’s recommendations.

History.

Enact. Acts 1990, ch. 476, Pt. II, § 76, effective July 13, 1990; 1994, ch. 159, § 1, effective April 1, 1994; 1994, ch. 255, § 1, effective July 15, 1994; 1994, ch. 400, § 1, effective April 11, 1994; 1996, ch. 362, § 2, effective July 15, 1996; 1998, ch. 257, § 2, effective July 15, 1998.

OPINIONS OF ATTORNEY GENERAL.

A screening committee may be composed only of those individuals expressly mentioned in this section and to appoint additional members by unilateral action on the part of the board or pursuant to a regulation passed by the Board of

Education would be in violation of KRS 13A.120 and KRS 13A.130. OAG 91-3.

While the Board of Education receives recommendations from the screening committee concerning the appointment of a superintendent, the board is not required to appoint a superintendent from the committee’s recommendations; the Board of Education has the discretion to consult with and to receive recommendations from sources other than the committee in order to insure consideration of qualified applicants and to enable the board to honor its commitment to Affirmative Action. OAG 91-3.

While this section unambiguously provides that local school boards establish the rules and procedures governing the superintendent selection committee, the election of the teacher representatives to that committee must be conducted under the sole authority of the teachers themselves. OAG 02-006.

160.360. Assistant superintendents. [Repealed.]

Compiler’s Notes.

This section (4399-34; amend. Acts 1942, ch. 113, § 13) was repealed by Acts 1990, ch. 476, Pt. VI, § 616, effective July 13, 1990.

160.370. Superintendent as executive agent of board — Duties — Duties of local board of education and superintendent in county with consolidated local government — Approval of small purchases in county with consolidated local government.

(1) The superintendent shall be the executive agent of the board that appoints him or her and shall meet with the board, except when his or her own tenure, salary, or the administration of his or her office is under consideration. As executive officer of the board, the superintendent shall see that the laws relating to the schools, the bylaws, rules, and regulations of the Kentucky Board of Education, and the regulations and policies of the district board of education are carried into effect. He or she may administer the oath required by the board of education to any teacher or other person. He or she shall be the professional adviser of the board in all matters. He or she shall prepare, under the direction of the board, all rules, regulations, bylaws, and statements of policy for approval and adoption by the board. He or she shall have general supervision, subject to the control of the board of education, of the general conduct of the schools, the course of instruction, the discipline of pupils, and the management of business affairs. He or she shall be responsible for the hiring and dismissal of all personnel in the district.

(2) For a county school district in a county with a consolidated local government adopted under KRS Chapter 67C:

(a) A local board of education shall:

1. Delegate authority to the superintendent over the district’s day-to-day operations and imple-

mentation of the board-approved strategic plan in a manner that promotes the efficient, timely operation of the district, including but not limited to the authority over contracts related to daily operations of the district, pupil transportation, personnel matters, and the organizational structure of administrative staff;

2. Except as expressly required by statute, including subparagraphs 3. and 5. of this paragraph, not meet more than once every four (4) weeks for the purpose of approving necessary administrative matters;

3. By December 1 each year, approve a rolling three (3) year strategic plan for the district that outlines student achievement goals, faculty and staff improvement goals, facility and infrastructure improvement, and other key objectives that the superintendent and board believe are in the best interest of student outcomes and the community;

4. Approve an annual budget for the district, which shall include any budgetary decisions relevant to the district's ability to obtain necessary revenue, including tax revenue, in accordance with the requirements of state law and regulation;

5. By November 1 each year, oversee:

a. An annual audit of the financial dealings of the district and the reporting of key financial performance data in order to ensure fair and accurate reporting to the board; and

b. An annual review of student performance in the district and the reporting of key student performance data to ensure compliance with state and federal law and accurate reporting to the board;

6. Recruit and hire the superintendent and negotiate the terms of employment and compensation of a prospective superintendent;

7. Complete an annual review of the superintendent's performance with regard to the duties assigned in subsection (1) of this section and paragraph (b) of this subsection; and

8. Be responsible for the dismissal of the superintendent;

(b) Notwithstanding any provision to the contrary in subsection (1) of this section, the superintendent shall:

1. Provide a quarterly, informational report to the board on the administrative actions taken by the superintendent to carry out the district's daily operations and implementation of the strategic plan as well as a budget to actual financial update;

2. Prepare all rules, regulations, bylaws, and statements of policy for approval and adoption by the board, with approval not to be withheld without a two-thirds (2/3) vote of the board to deny approval or adoption;

3. Supervise the general conduct of the schools, the course of instruction, the discipline of pupils, the employment matters of all employees and contractors, and the management of business affairs of the district;

4. Be responsible for the hiring, employment terms, dismissal, and organizational structure of

all personnel in the district in compliance with all laws and in a manner that best serves the students of the district; and

5. Notwithstanding any law that assigns an administrative duty, responsibility, or authority to a board of education, or other law to the contrary, be responsible for any administrative duty not explicitly granted to the board under paragraph (a) of this subsection; and

(c) If the county adopts the provisions of the Kentucky Model Procurement Code, the board shall authorize the superintendent to approve purchases, in accordance with small purchase procedures adopted by the board, for any contract for which a determination is made that the aggregate amount of the contract does not exceed two hundred fifty thousand dollars (\$250,000). The board shall authorize the superintendent to approve a line-item transfer within its annual budget as she or he deems necessary, provided that the aggregate amount of any individual transfer does not exceed two hundred fifty thousand dollars (\$250,000). The superintendent shall provide a quarterly report to the board on any purchases made under this subsection.

NOTES TO DECISIONS

Analysis

1. Public Officer.
2. Management and Control of School Buses.
3. Liability.
4. Discretion of Assistant Superintendent.
5. Title IX Claims.

1. Public Officer.

Superintendent of schools is not an "officer" within Const., §§ 161, 235 and 246 prohibiting change in compensation of officers during term. Board of Education v. De Weese, 343 S.W.2d 598, 1960 Ky. LEXIS 116 (Ky. 1960).

2. Management and Control of School Buses.

The superintendent of schools of the county board of education was the executive agent and officer of the board and as such was in charge of the management and control of the school buses owned and operated by the board, with authority to direct the operator of the school bus to permit a member of the county board of education to ride upon the bus and thus save the board the expense of transportation under KRS 160.280 and the board member was lawfully riding in the school bus within the liability policy issued for protection of any school child or other person from negligence of the bus driver. Standard Acc. Ins. Co. v. Perry County Board of Education, 72 F. Supp. 142, 1947 U.S. Dist. LEXIS 2468 (D. Ky. 1947).

Where memorandum containing guidelines for public school bus drivers was issued by director for transportation services rather than by superintendent of schools, court held that guidelines issued were not tantamount to regulations and that the superintendent had an oversight role and duty of preparation, but not necessarily a duty to write the memorandum at issue. Cornette v. Commonwealth, 899 S.W.2d 502, 1995 Ky. App. LEXIS 108 (Ky. Ct. App. 1995).

3. Liability.

School superintendent is not liable individually for failing to see that board require school bus contractors to carry liability insurance as required by KRS 160.310. *Bronaugh v. Murray*, 294 Ky. 715, 172 S.W.2d 591, 1943 Ky. LEXIS 531 (Ky. 1943).

A county board of education could not be held accountable for the failure of its superintendents to properly apply KRS 161.155. *Ramsey v. Board of Educ.*, 789 S.W.2d 784, 1990 Ky. App. LEXIS 19 (Ky. Ct. App. 1990).

Although a ban that prohibited a teacher from attending a local teachers' meeting made by a school principal and a director of employee relations violated his free association rights, the unconstitutional acts were not made by final policymakers under KRS 161.790, 160.370, and 160.340 and thus could not give rise to school board liability. *Baar v. Jefferson County Bd. of Educ.*, 666 F. Supp. 2d 701, 2009 U.S. Dist. LEXIS 100066 (W.D. Ky. 2009), modified, 686 F. Supp. 2d 699, 2010 U.S. Dist. LEXIS 14570 (W.D. Ky. 2010).

4. Discretion of Assistant Superintendent.

The assistant superintendent was allowed no discretion in enforcing a school board policy which required a high school student to maintain a 2.0 grade point average in five of six classes to remain eligible to participate in extracurricular activities. *Thompson v. Fayette County Public Schools*, 786 S.W.2d 879, 1990 Ky. App. LEXIS 40 (Ky. Ct. App. 1990).

5. Title IX Claims.

Plaintiff's Title IX claim against a school board, based on a teacher's alleged sexual abuse of her child, survived summary judgment because there was a disputed fact issue as to whether the actions of a principal and superintendent — "appropriate persons" to receive notice under Title IX — were clearly unreasonable in light of the known circumstances such that they acted with deliberate indifference to known acts of harassment. 2014 U.S. Dist. LEXIS 37823.

NOTES TO UNPUBLISHED DECISIONS

1. Liability.

Unpublished decision: Defendant board of education was not liable for plaintiff teacher's claim of constitutional violation, as his reprimand was ordered by other defendant school officials who acted without a policy or custom of the board, and under KRS 161.790, 160.370, 160.340, the officials who reprimanded the teacher had no final policymaking authority. *Baar v. Jefferson County Bd. of Educ.*, 476 Fed. Appx. 621, 2012 FED App. 0262N, 2012 U.S. App. LEXIS 5019 (6th Cir. Ky. 2012).

OPINIONS OF ATTORNEY GENERAL.

A county board of education regulation, which required that the marriage of any pupil within a school year would be sufficient cause to drop him from school attendance, would probably not be enforceable due to the fact that it did not allow any discretion upon the board's part and applies blanketly without regard to the circumstances of each case. OAG 64-877.

The superintendent of schools may not enter into a binding Kentucky work experience and training program contract on behalf of the district unless authorized to do so by proper action of the school board. OAG 65-411.

A board of education has adequate authority to adopt regulations which would require teachers to submit to periodic physical examinations, if it appears that they are physically unable to discharge their duties as a teacher. OAG 65-560.

Where the superintendent in the proper exercise of discretion does not recommend a particular certified teacher for a certain vacancy, it is not legally possible to employ that teacher in that district and for the purposes of KRS 161.100, no qualified teacher is available. OAG 69-389.

The superintendent's professional function in providing recommendations of personnel inherently vests him with the authority and responsibility of exercising sound discretion in determining whether a particular applicant can be recommended based upon the superintendent's professional knowledge and judgment and includes the responsibility and authority to recommend unfavorably and/or withhold recommendations. OAG 69-389.

There is no obligation on a school board's part to negotiate with its employees as the internal management of schools and teachers is vested in the local board of education and through KRS 161.140 (repealed), 161.170, 160.290 and 160.370 the school board has vast control over the compensation, duties, working conditions and related items concerning teachers. OAG 75-126.

An administrative employment policy which was adopted at the same county school board meeting at which it was first presented without an opportunity for the superintendent to make comment or recommendation would be void. OAG 77-336.

A board of education cannot lawfully contract away amenatory obligation of approval given it by the statutes and, therefore, any contractual provisions of a superintendent's contract in derogation of the expressed statutory outline of powers and duties of a superintendent of a public common school system and a local board of education would be void. OAG 76-360.

Where, at the regular June meeting of the board of education, the board ordered the superintendent of schools to advertise for bids for insurance and, at the July regular meeting of the board, the superintendent asked the board to rescind so much of its order to advertise for bids of insurance because negotiations for a contract for insurance were in the making and a motion for the requested recession was passed by a three-two vote, the board voted in essence to ratify the actions of the superintendent by rescinding so much of the order to bid relating to insurance and, since the board of education may ratify any action it could have legally taken in the first place, it was legal for the board not to bid on insurance contracts. OAG 77-518.

If the superintendent of schools is also the secretary of the board, he or she shall not meet with the board when the superintendent's tenure, salary or the administration of his office is under consideration, for while the two positions of superintendent and secretary may be separable, the body cannot be; in this situation a temporary secretary should be appointed to take the minutes of the board's proceedings. OAG 78-274.

Since the language in this section, to the effect that the superintendent shall meet with the board except when his own tenure, salary or administration of his office is considered, is merely directory, a local board of education may, by a concurring vote of a majority of the board, waive its statutory prerogative of meeting out of the presence of the superintendent when the superintendent's tenure, salary or the administration of his office will be considered. OAG 82-604.

A local board of education may open or close a school without the recommendation of the local superintendent. OAG 85-98.

When the legislature provided the superintendent with discretion to recommend a candidate to the board for appointment, the legislature did not choose to restrict the superintendent to one individual; beyond consideration of minimum

requirements, set by law, the exercise of discretion necessitates freedom to choose, and where a qualified candidate is related to a board member, the superintendent is not precluded from recommending that candidate, despite the relationship, nor is the board precluded from approving that candidate if it so chooses. OAG 89-58.

There is no authority for a Board of Education to retain some right to hear charges concerning classified employees, to make a decision, and later to direct the superintendent on whether or not to dismiss an employee. OAG 90-129.

School board approval is required when the superintendent decides to move the central business office to a new location requiring substantial expenditure of school funds because the movement of the office is not, primarily, a personnel decision, but one involving the management of business affairs; while the superintendent has responsibility for the management of business affairs, that responsibility is subject to the control of the board of education and moreover, the school board has control and management of all school funds, public school property and school facilities; depending on the steps taken, approval of the Department of Education may also be required. OAG 92-65.

Enacting a seniority policy for classified employees exceeds the legal authority of the board and circumvents the superintendent's role in personnel matters. It ties the hands of the superintendent in making personnel decision and may be an attempt by the local board to influence the hiring or appointment of district employees in violation of KRS 160.170. OAG 92-133.

The Kentucky Education Reform Act removed personnel duties from the local board and placed the responsibility in the hands of the superintendent. OAG 92-133.

The superintendent has the responsibility to make individual personnel decisions and to define the duties of particular employee positions. However, the local board has the responsibility to manage the entire district, control school funds, set compensation, create and abolish positions of employment and adopt regulations for qualifications and duties of classes of employees. OAG 92-133.

The opinion in OAG 92-133 is overruled since the 1994 General Assembly enacted House Bill 50 (Enact. Acts 1994, ch. 25) which provides local school boards with the authority to adopt a seniority policy for classified employees. OAG 94-37.

160.380. School district personnel actions — Restrictions on appointment of relatives, violent offenders, and persons convicted of sex crimes — Restriction on assignment to alternative education program as disciplinary action — National and state criminal history background checks and clear CA/N checks — Probationary status — Termination on basis of criminal record — Fingerprint card — Application forms — Employees charged with felony offenses — Notification by employee found to have abused or neglected a child.

(1) As used in this section:

(a) "Administrative finding of child abuse or neglect" means a substantiated finding of child abuse or neglect issued by the Cabinet for Health and Family Services that is:

1. Not appealed through an administrative hearing conducted in accordance with KRS Chapter 13B;

2. Upheld at an administrative hearing conducted in accordance with KRS Chapter 13B and not appealed to a Circuit Court; or

3. Upheld by a Circuit Court in an appeal of the results of an administrative hearing conducted in accordance with KRS Chapter 13B;

(b) "Alternative education program" means a program that exists to meet the needs of students that cannot be addressed in a traditional classroom setting but through the assignment of students to alternative classrooms, centers, or campuses that are designed to remediate academic performance, improve behavior, or provide an enhanced learning experience. Alternative education programs do not include career or technical centers or departments;

(c) "Clear CA/N check" means a letter from the Cabinet for Health and Family Services indicating that there are no administrative findings of child abuse or neglect relating to a specific individual;

(d) "Relative" means father, mother, brother, sister, husband, wife, son and daughter; and

(e) "Vacancy" means any certified position opening created by the resignation, dismissal, nonrenewal of contract, transfer, or death of a certified staff member of a local school district, or a new position created in a local school district for which certification is required. However, if an employer-employee bargained contract contains procedures for filling certified position openings created by the resignation, dismissal, nonrenewal of contract, transfer, or death of a certified staff member, or creation of a new position for which certification is required, a vacancy shall not

exist, unless certified positions remain open after compliance with those procedures.

(2) Except as provided in KRS 160.346, the school district personnel actions identified in this section shall be carried out as follows:

(a) All appointments, promotions, and transfers of principals, supervisors, teachers, and other public school employees shall be made only by the superintendent of schools, who shall notify the board of the action taken. All employees of the local district shall have the qualifications prescribed by law and by the administrative regulations of the Kentucky Board of Education and of the employing board. Supervisors, principals, teachers, and other employees may be appointed by the superintendent for any school year at any time after February 1 preceding the beginning of the school year. No superintendent of schools shall appoint or transfer himself or herself to another position within the school district;

(b) When a vacancy occurs in a local school district, the superintendent shall notify the chief state school officer fifteen (15) days before the position shall be filled. The chief state school officer shall keep a registry of local district vacancies which shall be made available to the public. The local school district shall post position openings in the local board office for public viewing;

(c) When a vacancy needs to be filled in less than fifteen (15) days' time to prevent disruption of necessary instructional or support services of the school district, the superintendent may seek a waiver from the chief state school officer. If the waiver is approved, the appointment shall not be made until the person recommended for the position has been approved by the chief state school officer. The chief state school officer shall respond to a district's request for waiver or for approval of an appointment within two (2) working days; and

(d) When a vacancy occurs in a local district, the superintendent shall conduct a search to locate minority teachers to be considered for the position. The superintendent shall, pursuant to administrative regulations of the Kentucky Board of Education, report annually the district's recruitment process and the activities used to increase the percentage of minority teachers in the district.

(3) Restrictions on employment of relatives shall be as follows:

(a) No relative of a superintendent of schools shall be an employee of the school district. However, this shall not apply to a relative who is a classified or certified employee of the school district for at least thirty-six (36) months prior to the superintendent assuming office and who is qualified for the position the employee holds. A superintendent's spouse who has previously been employed in a school system may be an employee of the school district. A superintendent's spouse who is employed under this provision shall not hold a position in which the spouse supervises certified or classified employees. A superintendent's spouse may supervise teacher aides and student teachers. However, the superintendent shall not promote a relative who continues employment under an exception of this subsection;

(b) No superintendent shall employ a relative of a school board member of the district;

(c) No principal's relative shall be employed in the principal's school; and

(d) A relative that is ineligible for employment under paragraph (a), (b), or (c) of this subsection may be employed as a substitute for a certified or classified employee if the relative is not:

1. A regular full-time or part-time employee of the district;

2. Accruing continuing contract status or any other right to continuous employment;

3. Receiving fringe benefits other than those provided other substitutes or 4. Receiving preference in employment or assignment over other substitutes.

(4) No superintendent shall assign a certified or classified staff person to an alternative education program as part of any disciplinary action taken pursuant to KRS 161.011 or 161.790 as part of a corrective action plan established pursuant to the local district evaluation plan.

(5) No superintendent shall initially employ in any position in the district any person who is a violent offender or has been convicted of a sex crime as defined by KRS 17.165 which is classified as a felony or persons with an administrative finding of child abuse or neglect in records maintained by the Cabinet for Health and Family Services. The superintendent may employ, at his discretion, except at a Kentucky Educational Collaborative for State Agency Children program, persons convicted of sex crimes classified as a misdemeanor.

(6) Requirements for background checks shall be as follows:

(a) A superintendent shall require the following individuals to submit to a national and state criminal background check by the Department of Kentucky State Police and the Federal Bureau of Investigation and have a clear CA/N check, provided by the individual:

1. Each new certified or classified hire;

2. A nonfaculty coach or nonfaculty assistant as defined under KRS 161.185;

3. A student teacher;

4. A school-based decision making council parent member; and

5. Any adult who is permitted access to school grounds on a regularly scheduled and continuing basis pursuant to a written agreement for the purpose of providing services directly to a student or students as part of a school-sponsored program or activity;

(b)1. The requirements of paragraph (a) of this subsection shall not apply to:

a. Classified and certified individuals employed by the school district prior to June 27, 2019;

b. Certified individuals who were employed in another certified position in a Kentucky school district within six (6) months of the date of hire and who had previously submitted to a national and state criminal background check and who have a clear CA/N check for the previous employment; or

c. Student teachers who have submitted to and provide a copy of a national and state criminal background check by the Department of Kentucky State Police and the Federal Bureau of Investigation through an accredited teacher education institution in which the student teacher is enrolled and who have a clear CA/N check.

2. The Education Professional Standards Board may promulgate administrative regulations to impose additional qualifications to meet the requirements of Public Law 92-544;

(c) A parent member may serve prior to the receipt of the criminal history background check and CA/N letter required by paragraph (a) of this subsection but shall be removed from the council on receipt by the school district of a report documenting a record of abuse or neglect, or a sex crime or criminal offense against a victim who is a minor as defined in KRS 17.500, or as a violent offender as defined in KRS 17.165, and no further procedures shall be required; and

(d) A superintendent may require a volunteer or a visitor to submit to a national and state criminal history background check by the Department of Kentucky State Police and the Federal Bureau of Investigation and have a clear CA/N check, provided by the individual.

(7)(a) If a certified or classified position remains unfilled after July 31 or if a vacancy occurs during a school term, a superintendent may employ an individual, who will have supervisory or disciplinary authority over minors, on probationary status pending receipt of the criminal history background check and a clear CA/N check, provided by the individual. Application for the criminal record and a request for a clear CA/N check of a probationary employee shall be made no later than the date probationary employment begins.

(b) Employment shall be contingent on the receipt of the criminal history background check documenting that the probationary employee has no record of a sex crime nor as a violent offender as defined in KRS 17.165 and receipt of a letter, provided by the individual, from the Cabinet for Health and Family Services stating the employee is clear to hire based on no administrative findings of child abuse or neglect found through a background check of child abuse and neglect records maintained by the Cabinet for Health and Family Services.

(c) Notwithstanding KRS 161.720 to 161.800 or any other statute to the contrary, probationary employment under this section shall terminate on receipt by the school district of a criminal history background check documenting a record of a sex crime or as a violent offender as defined in KRS 17.165 and no further procedures shall be required.

(8) The provisions of KRS 161.790 shall apply to terminate employment of a certified employee on the basis of a criminal record other than a record of a sex crime or as a violent offender as defined in KRS 17.165, or on the basis of a CA/N check showing an administrative finding of child abuse or neglect.

(9)(a) All fingerprints requested under this section shall be on an applicant fingerprint card provided by

the Department of Kentucky State Police. The fingerprint cards shall be forwarded to the Federal Bureau of Investigation from the Department of Kentucky State Police after a state criminal background check is conducted. The results of the state and federal criminal background check shall be sent to the hiring superintendent. Any fee charged by the Department of Kentucky State Police, the Federal Bureau of Investigation, and the Cabinet for Health and Family Services shall be an amount no greater than the actual cost of processing the request and conducting the search.

(b) Each application form, provided by the employer to an applicant for a certified or classified position, shall conspicuously state the following: "FOR THIS TYPE OF EMPLOYMENT, STATE LAW REQUIRES A NATIONAL AND STATE CRIMINAL HISTORY BACKGROUND CHECK AND A LETTER, PROVIDED BY THE INDIVIDUAL, FROM THE CABINET FOR HEALTH AND FAMILY SERVICES STATING THE APPLICANT HAS NO ADMINISTRATIVE FINDINGS OF CHILD ABUSE OR NEGLECT FOUND THROUGH A BACKGROUND CHECK OF CHILD ABUSE AND NEGLECT RECORDS MAINTAINED BY THE CABINET FOR HEALTH AND FAMILY SERVICES."

(c) Each application form for a district position shall require the applicant to:

1. Identify the states in which he or she has maintained residency, including the dates of residency; and

2. Provide picture identification.

(10) Notwithstanding any provision of the Kentucky Revised Statutes to the contrary, when an employee of the school district is charged with any offense which is classified as a felony, the superintendent may transfer the employee to a second position until such time as the employee is found not guilty, the charges are dismissed, the employee is terminated, or the superintendent determines that further personnel action is not required. The employee shall continue to be paid at the same rate of pay he or she received prior to the transfer. If an employee is charged with an offense outside of the Commonwealth, this provision may also be applied if the charge would have been treated as a felony if committed within the Commonwealth. Transfers shall be made to prevent disruption of the educational process and district operations and in the interest of students and staff and shall not be construed as evidence of misconduct.

(11) Notwithstanding any law to the contrary, each certified and classified employee of the school district shall notify the superintendent if he or she has been found by the Cabinet for Health and Family Services to have abused or neglected a child, and if he or she has waived the right to appeal a substantiated finding of child abuse or neglect or if the substantiated incident was upheld upon appeal. Any failure to report this finding shall result in the certified or classified employee being subject to dismissal or termination.

(12) The form for requesting a CA/N check shall be made available on the Cabinet for Health and Family Services Web site.

(4/4/2018). The amendments made to this statute in 2018 Ky. Acts ch. 105, sec. 1 are effective April 4, 2018. 2018 Ky. Acts ch. 105, sec. 1 amended the version of KRS 160.380 that was scheduled to take effect on July 1, 2018. That July 1 version would now take effect instead at the first moment of April 4, 2018, as amended by 2018 Ky. Acts ch. 105, sec. 1, superseding the current version. SB 101 (Ch. 105) was delivered to the Governor on March 22, 2018. The 10-day, not counting Sundays, veto period began on the next day, March 23, and ended at midnight on April 3, 2018. The Governor returned that bill to the Secretary of State on April 2 without signing it. Therefore, since the Governor could have retrieved it and signed it or vetoed it prior to the end of April 3, the bill would not take effect until the first moment of April 4, 2018 following the expiration of the 10-day veto period.

1. Constitutionality.

Subdivision (2)(f) of this section does not violate the First Amendment, nor the equal protection clause of the Fourteenth Amendment of the United States Constitution. *Chapman v. Gorman*, 839 S.W.2d 232, 1992 Ky. LEXIS 124 (Ky. 1992).

Since the General Assembly has made a strong showing of intent to eradicate nepotism within the school districts of the Commonwealth, this legislation enjoys a strong presumption of constitutionality. *Department of Educ. v. Risner*, 913 S.W.2d 327, 1996 Ky. LEXIS 2 (Ky. 1996).

2. Application.

This section does not apply to the employment of school bus drivers, since the board has the privilege of either contracting with a person who provides his own vehicle or hiring drivers for vehicles owned by the board. *Smith v. Rose*, 293 Ky. 583, 169 S.W.2d 609, 1943 Ky. LEXIS 663 (Ky. 1943).

Janitors, bus drivers, and mechanics are public employees within the meaning of this section. *Reed v. Greene*, 243 S.W.2d 892, 1951 Ky. LEXIS 1172 (Ky. 1951).

Certified public accountant hired by board to audit records is independent contractor and not employee requiring recommendation of superintendent. *Lewis v. Morgan*, 252 S.W.2d 691, 1952 Ky. LEXIS 1019 (Ky. 1952).

An attorney employed by the board in an attorney-client relationship is an independent contractor and not a "public school employee" within the meaning of this section. *Hobson v. Howard*, 367 S.W.2d 249, 1963 Ky. LEXIS 14 (Ky. 1963).

KRS 342.640 specifically deals with the definition of an employee within the context of the Workers' Compensation Act; therefore, it prevails over provisions regarding employees in the Kentucky Education Reform Act, KRS ch. 160. *Pike County Bd. of Educ. v. Mills*, 260 S.W.3d 366, 2008 Ky. App. LEXIS 245 (Ky. Ct. App. 2008).

3. State Employees.

A principal is a state employee. *Board of Trustees v. Renfroe*, 259 Ky. 644, 83 S.W.2d 27, 1935 Ky. LEXIS 370 (Ky. 1935).

Teachers in the common schools are state employees. *Board of Education v. Talbott*, 261 Ky. 66, 86 S.W.2d 1059, 1935 Ky. LEXIS 592 (Ky. 1935).

Where plaintiff student filed suit against defendants, a school district and school officials, after he was the victim of sexual harassment by a male teacher, defendants were entitled to summary judgment on the basis of qualified immunity because, in hiring faculty, they were performing a discretionary function within the scope of their authority. Because the student failed to demonstrate that defendants acted in bad faith and there was no evidence that defendants willfully or maliciously intended to harm the student or acted with a corrupt motive, defendants were entitled to summary judgment. *Cole v. Shadoan*, 782 F. Supp. 2d 428, 2011 U.S. Dist. LEXIS 21633 (E.D. Ky. 2011).

4. Recommendations.

It is not necessary that the recommendations be made in writing; a verbal recommendation is sufficient if it is made in person by the superintendent. *Hudson v. Ohio County Board of Education*, 253 Ky. 709, 70 S.W.2d 375, 1934 Ky. LEXIS 725 (Ky. 1934) (decided under prior law).

The county superintendent may nominate teachers in all county schools except in subdistrict schools, where only the elementary grades, that is, up to or through the eighth grade, are taught. *Hudson v. Ohio County Board of Education*, 253 Ky. 709, 70 S.W.2d 375, 1934 Ky. LEXIS 725 (Ky. 1934). See

Wilson v. Alsip, 256 Ky. 466, 76 S.W.2d 288, 1934 Ky. LEXIS 435 (Ky. 1934) (decided under prior law).

A verbal recommendation is sufficient if made in person by the superintendent. Amburgey v. Draughn, 288 Ky. 128, 155 S.W.2d 740, 1941 Ky. LEXIS 62 (Ky. 1941) (decided under prior law).

This section contemplates that the superintendent of schools shall nominate teachers for the next school year at some time between April 1 and the beginning of the next school year on July 1, though the particular school may not open until a later date. Beckham v. Kimbell, 282 Ky. 648, 139 S.W.2d 747, 1940 Ky. LEXIS 235 (Ky. 1940) (decided under prior law).

Where superintendent attempted to recommend teachers at three separate meetings, and at the first meeting the board refused to consider recommendations because two members of board were absent, although a quorum was present, at second meeting board claimed that recommendations could not be considered because it was a special meeting, and at third meeting board adjourned when superintendent offered recommendations, conduct of board indicated a fixed determination to thwart recommendations, which amounted to an unjustified rejection. O'Daniel v. McDaniel, 290 Ky. 77, 160 S.W.2d 331, 1942 Ky. LEXIS 345 (Ky. 1942) (decided under prior law).

Where list containing recommendations was filed with minutes, and was later used by board in making some appointments, the fact that the board expunged at a later meeting so much of minutes as recited that superintendent had offered list to board did not make recommendations ineffective. O'Daniel v. McDaniel, 290 Ky. 77, 160 S.W.2d 331, 1942 Ky. LEXIS 345 (Ky. 1942) (decided under prior law).

The fact that the list containing recommendations was not specific in one instance in designating position for which teacher was recommended did not make this recommendation ineffective, where evidence was that board understood what position was intended. O'Daniel v. McDaniel, 290 Ky. 77, 160 S.W.2d 331, 1942 Ky. LEXIS 345 (Ky. 1942) (decided under prior law).

The recommendation of teachers may be written or oral. O'Daniel v. McDaniel, 290 Ky. 77, 160 S.W.2d 331, 1942 Ky. LEXIS 345 (Ky. 1942) (decided under prior law).

Teachers may be employed by the local board of education only upon the recommendation of the local superintendent of schools, and any employment without that recommendation is void. Gaines v. Board of Education, 554 S.W.2d 394, 1977 Ky. App. LEXIS 759 (Ky. Ct. App. 1977) (decided under prior law).

5. — Appointments.

Failure of superintendent to object to appointment by county board of education without her recommendation did not estop her from objecting where the appointment was being used to perpetuate appointee in office. Beverly v. Highfield, 307 Ky. 179, 209 S.W.2d 739, 1948 Ky. LEXIS 682 (Ky. 1948) (decided under prior law).

An appointment or election of a school principal by the county board of education without the recommendation of the county superintendent is void and the principal cannot use it as a foundation upon which to rest his claim that because of it the board is compelled to continue his employment. Beverly v. Highfield, 307 Ky. 179, 209 S.W.2d 739, 1948 Ky. LEXIS 682 (Ky. 1948) (decided under prior law).

6. — Time for Approval.

Since school year begins July 1, teachers must be chosen by that date, and school board cannot refuse to act on recommendations before that date or postpone action until after that date. Cottongim v. Stewart, 277 Ky. 706, 127 S.W.2d 149, 1939 Ky. LEXIS 716 (Ky. 1939) (decided under prior law).

The board of education cannot divest a nominated teacher of his rights by postponing its approval of his nomination until after July 1 without legal cause. Beckham v. Kimbell, 282 Ky.

648, 139 S.W.2d 747, 1940 Ky. LEXIS 235 (Ky. 1940) (decided under prior law).

It is the duty of the superintendent to nominate teachers for the ensuing year, and the duty of the board to accept the nominations, in the absence of cause for rejection, before the beginning of the school year. Duff v. Chaney, 291 Ky. 308, 164 S.W.2d 483, 1942 Ky. LEXIS 233 (Ky. 1942) (decided under prior law).

A teacher recommended by the superintendent has a vested right to have her nomination recognized by the board before the school year begins. Duff v. Chaney, 291 Ky. 308, 164 S.W.2d 483, 1942 Ky. LEXIS 233 (Ky. 1942) (decided under prior law).

7. — Approval.

If a nominee possesses the necessary educational and moral qualifications it is the duty of the board to approve of his recommendation. Stith v. Powell, 251 Ky. 155, 64 S.W.2d 491, 1933 Ky. LEXIS 827 (Ky. 1933) (decided under prior law).

It is ordinarily the duty of the board to employ persons nominated by the superintendent, provided said nominees possess the necessary moral and educational qualifications. Hall v. Boyd County Board of Education, 265 Ky. 500, 97 S.W.2d 38, 1936 Ky. LEXIS 523 (Ky. 1936) (decided under prior law).

Board members have a discretion in voting on an applicant who is related to one of the board members, notwithstanding the applicant is duly qualified and nominated. Hall v. Boyd County Board of Education, 265 Ky. 500, 97 S.W.2d 38, 1936 Ky. LEXIS 523 (Ky. 1936) (decided under prior law).

It is the duty of the board to approve appointment of those recommended, except in instances where substantial cause is shown. Amburgey v. Draughn, 288 Ky. 128, 155 S.W.2d 740, 1941 Ky. LEXIS 62 (Ky. 1941) (decided under prior law).

School board was entitled to reject a recommendation for a continuing contract for a teacher without a finding of cause. Dorr v. Fitzer, 525 S.W.2d 462, 1975 Ky. LEXIS 104 (Ky. 1975) (decided under prior law).

KRS 161.740 providing that "if the teacher is employed by the board" a continuing contract shall be issued, when construed in regard to its relation with this section, means that the board has an open choice whether or not to make the employment that will result in a continuation contract. Dorr v. Fitzer, 525 S.W.2d 462, 1975 Ky. LEXIS 104 (Ky. 1975) (decided under prior law).

8. — Rejection.

Action by teacher whose recommendation for employment had been rejected without cause was primarily against school board, and it was only necessary to join teacher who, through customary mode of appointment, was put in her place, and not teacher who had been given her place by subsequent shifting of teachers. Cottongim v. Stewart, 277 Ky. 706, 127 S.W.2d 149, 1939 Ky. LEXIS 716 (Ky. 1939) (decided under prior law).

Arbitrary action of school board members in rejecting nominations of teachers by superintendent would be grounds for removal, and would perhaps subject them to liability for loss to school fund by payments to teachers wrongfully employed. Cottongim v. Stewart, 277 Ky. 706, 127 S.W.2d 149, 1939 Ky. LEXIS 716 (Ky. 1939) (decided under prior law).

Where nominations were presented by superintendent at board meeting, and motion to accept recommendation and employ teachers was lost, the action of the board was a rejection, and later resolutions changing the minutes to show otherwise were ineffective. Cottongim v. Stewart, 277 Ky. 706, 127 S.W.2d 149, 1939 Ky. LEXIS 716 (Ky. 1939) (decided under prior law).

Where a county has been made one district by the consolidation and abolition of subdistricts, the county superintendent has the authority to nominate teachers, and his recommendations can be rejected only for cause. Cottongim v. Stewart, 277

Ky. 706, 127 S.W.2d 149, 1939 Ky. LEXIS 716 (Ky. 1939) (decided under prior law).

Nomination under this section of a teacher possessing the requisite qualifications gives him the prima facie right of approval, and the burden of showing legal disqualification rests upon the board of education. *Beckham v. Kimbell*, 282 Ky. 648, 139 S.W.2d 747, 1940 Ky. LEXIS 235 (Ky. 1940) (decided under prior law).

The power of the board of education to disapprove prospective teachers nominated by the superintendent of schools must not be exercised arbitrarily; the board must show some legal cause for disapproving the persons nominated. *Beckham v. Kimbell*, 282 Ky. 648, 139 S.W.2d 747, 1940 Ky. LEXIS 235 (Ky. 1940) (decided under prior law).

General conclusions by board of education that certain certified persons nominated as teachers were not "fit" or "suitable" did not show sufficient legal cause for rejection of nominations. *Beckham v. Kimbell*, 282 Ky. 648, 139 S.W.2d 747, 1940 Ky. LEXIS 235 (Ky. 1940) (decided under prior law).

Although teacher whose recommendation for position of principal was unlawfully rejected had not suffered any monetary loss because she was employed as ordinary teacher at same salary as principal, and although term for which recommendation was made had expired at time of appeal to court of appeals, teacher was nevertheless entitled to judgment holding that board acted beyond its legal duty in rejecting recommendation, and should have granted her a contract as principal. *O'Daniel v. McDaniel*, 290 Ky. 77, 160 S.W.2d 331, 1942 Ky. LEXIS 345 (Ky. 1942) (decided under prior law).

It is mandatory duty of a board of education to elect a recommendee of its superintendent, if such recommendee possesses the necessary moral and educational qualifications, and in passing on any recommendations made by its superintendent, no board has the right to arbitrarily reject a recommendee, but it is limited in its right of rejection, in the exercise of sound discretion, to determine whether the recommendee is morally fit or educationally qualified for the position to which he is recommended. *Smith v. Beverly*, 314 Ky. 651, 236 S.W.2d 914, 1951 Ky. LEXIS 719 (Ky. 1951) (decided under prior law).

9. — Withdrawal.

A superintendent may withdraw a nomination at the meeting at which it is considered. *Stith v. Powell*, 251 Ky. 155, 64 S.W.2d 491, 1933 Ky. LEXIS 827 (Ky. 1933) (decided under prior law).

Upon rejection of a nominee by the board, the superintendent may withdraw said nomination, and nominate another. *Hale v. Board of Education*, 254 Ky. 96, 70 S.W.2d 975, 1934 Ky. LEXIS 16 (Ky. 1934) (decided under prior law).

10. — Transfers.

Even though teachers' tenure law provides that upon recommendation of the superintendent a teacher eligible for continuing service status shall be reemployed, it did not mean that he must be employed to teach in the same school in which he taught the preceding year and where the county is in one district by virtue of consolidation and abolition of districts superintendent has the authority by this section to transfer teachers, subject to the approval of the board, and a teacher eligible for continuing service status may be assigned to any school in the district. *Ritchie v. Dunn*, 297 Ky. 410, 180 S.W.2d 284, 1944 Ky. LEXIS 738 (Ky. 1944) (decided under prior law).

This section does not contain any direction, or even any suggestion, as to the time at which a transfer must or may be made. *Board of Education v. Hogge*, 239 S.W.2d 459, 1951 Ky. LEXIS 885 (Ky. 1951) (decided under prior law).

The board of education has the right at any time during the school year, upon recommendation of the superintendent, to transfer a principal from one school to another. *Board of Education v. Hogge*, 239 S.W.2d 459, 1951 Ky. LEXIS 885 (Ky. 1951) (decided under prior law).

A principal holding a continuing contract could be transferred to a teaching position in another school, but his teaching salary could not be reduced. *Board of Education v. Hogge*, 239 S.W.2d 459, 1951 Ky. LEXIS 885 (Ky. 1951) (decided under prior law).

The county board of education had the right to transfer school principal from one position to another and where board agreed to keep him as teacher but he declined and obtained employment elsewhere he could not recover for breach of contract. *Welch v. Board of Education*, 247 S.W.2d 536, 1952 Ky. LEXIS 722 (Ky. 1952) (decided under prior law).

Where a contract stated that if a teacher was transferred to a less convenient school, facts as to the cause of the transfer must be shown but that the superintendent had the final say, showing of cause was for the information of the teacher, not as a condition of the validity of the transfer. *Snapp v. Deskins*, 450 S.W.2d 246, 1970 Ky. LEXIS 436 (Ky. 1970) (decided under prior law).

Where, in an action to enjoin the school board from transferring school employees, the evidence would authorize a finding of arbitrariness, the case was remanded for a decision as to whether each individual case was arbitrary. *Snapp v. Deskins*, 450 S.W.2d 246, 1970 Ky. LEXIS 436 (Ky. 1970) (decided under prior law).

Where school board minutes did not indicate that transfer of principal was on recommendation of superintendent, evidence outside the minutes of the board could not be utilized to prove that the transfer was with the recommendation of the superintendent as required by this section, and the Circuit Court erred in failing to hold the transfer void. *Stafford v. Board of Education*, 642 S.W.2d 596, 1982 Ky. App. LEXIS 267 (Ky. Ct. App. 1982) (decided under prior law).

Under the language of this section, the board is under an obligation to act on the superintendent's recommendation regarding the transfer of teachers, either affirmatively or negatively; failure to so act, whether by postponement or by a deadlocked vote, renders any attempted transfer invalid. *Burkhart v. Board of Education*, 649 S.W.2d 855, 1983 Ky. App. LEXIS 286 (Ky. Ct. App. 1983) (decided under prior law).

This section requires that the transfer of any teacher be made only upon the recommendation of the superintendent, subject to the approval of the board; accordingly, where the superintendent recommended the transfer of two (2) teachers but the board failed to approve the transfer because of a deadlocked vote such deadlock did not constitute approval under the terms of this section, and consequently, the attempted transfer was invalid. *Burkhart v. Board of Education*, 649 S.W.2d 855, 1983 Ky. App. LEXIS 286 (Ky. Ct. App. 1983) (decided under prior law).

11. — — Arbitrariness.

A mere showing by school employees that the school board gave no legitimate reasons for the transfers would not be enough, in the absence of a showing of circumstances attending the transfer such as would raise an inference of arbitrariness. *Snapp v. Deskins*, 450 S.W.2d 246, 1970 Ky. LEXIS 436 (Ky. 1970) (decided under prior law).

The strength of the inferences of arbitrariness is to be measured in the light of the very broad discretionary authority necessarily vested in the superintendent and board of education in the administration of the schools. *Snapp v. Deskins*, 450 S.W.2d 246, 1970 Ky. LEXIS 436 (Ky. 1970) (decided under prior law).

12. — — Justification.

The burden is not on the board, initially, to justify the transfers of employees, and the burden will shift to the board only when the complaining employees have made an affirmative showing of nonjustification. *Snapp v. Deskins*, 450 S.W.2d 246, 1970 Ky. LEXIS 436 (Ky. 1970) (decided under prior law).

13. — Review by State.

The provision of this section for review of the refusal by a board of education to approve teachers nominated by the superintendent is for the purpose of settling bona fide differences of opinion between the superintendent and the board of education; where the board has refused its approval without legal cause, the rejected nominee may bring an action of mandamus. *Beckham v. Kimbell*, 282 Ky. 648, 139 S.W.2d 747, 1940 Ky. LEXIS 235 (Ky. 1940) (decided under prior law).

Where a local board refuses approval of superintendent's recommendations without legal justification and the party aggrieved has resorted to the courts for relief, jurisdiction attaches and the provision for appeal to the State Board of Education is no longer applicable. *Board of Education v. Miller*, 299 S.W.2d 626, 1957 Ky. LEXIS 417 (Ky. 1957) (decided under prior law).

14. Rights of Employee.

When approval of nominations is arbitrarily refused, the law will imply a contract which may be specifically enforced, and for breach of which damages may be allowed against the board members individually to the extent to which damage could not be minimized by the nominee, the burden of proving an effort to minimize damages being on the nominee. *Amburgey v. Draughn*, 288 Ky. 128, 155 S.W.2d 740, 1941 Ky. LEXIS 62 (Ky. 1941) (decided under prior law).

Teacher whose nomination has been wrongfully rejected or ignored has no cause of action against members of board individually until they have caused payments to be made to another teacher employed for the same position. *Duff v. Chaney*, 291 Ky. 308, 164 S.W.2d 483, 1942 Ky. LEXIS 233 (Ky. 1942) (decided under prior law).

Superintendent who recommends teacher in place of one whose nomination by former superintendent was wrongfully rejected is personally liable in damages. *Duff v. Chaney*, 291 Ky. 308, 164 S.W.2d 483, 1942 Ky. LEXIS 233 (Ky. 1942) (decided under prior law).

A teacher whose nomination has been wrongfully rejected or ignored by the board has the right, before the board has employed and paid another teacher in her place, to compel the board by suit for specific performance to accept her recommendation; if she waits until after the board has employed and paid the other teacher she has no cause of action against the board as such, but has a cause of action for damages against members of the board individually, and against the superintendent who recommended the substitute, and her failure to bring suit for specific performance before employment of the substitute does not constitute laches. *Duff v. Chaney*, 291 Ky. 308, 164 S.W.2d 483, 1942 Ky. LEXIS 233 (Ky. 1942) (decided under prior law).

Teacher, who was not employed by the school board under a continuing contract although she had taught in the system for four years and her name appeared on the superintendent's list as eligible for a continuing contract, was not deprived of a vested right to a teaching position without notice and a hearing since the provisions of this section did not apply. *Dorr v. Fitzer*, 525 S.W.2d 462, 1975 Ky. LEXIS 104 (Ky. 1975) (decided under prior law).

15. Teaching Credentials.

A school board may employ a nurse and teacher of health and physical education, and such person need not have teaching credentials. *Board of Education v. Simmons*, 245 Ky. 493, 53 S.W.2d 940, 1932 Ky. LEXIS 625 (Ky. 1932) (decided under prior law).

School principal did not have authority to bind a local school board and a school superintendent to pay a school employee retroactive pay at a certified teacher's salary for a period when the employee did not have certification, and summary judgment in favor of the board and the superintendent was warranted. *Springer v. Bullitt County Bd. of Educ.*, 196 S.W.3d

528, 2006 Ky. App. LEXIS 183 (Ky. Ct. App. 2006) (decided under prior law).

16. Necessity for Contract.

A person legally qualified and properly nominated, whose name has not been withdrawn, has a vested right to perform the duties of the position and receive the emoluments thereof, whether or not a contract has been executed and approved by the board. *Amburgey v. Draughn*, 288 Ky. 128, 155 S.W.2d 740, 1941 Ky. LEXIS 62 (Ky. 1941) (decided under prior law).

17. Erroneous Designation of Position.

The fact that an employee was designated erroneously as superintendent instead of principal is immaterial. *Sugg v. Board of Trustees*, 255 Ky. 356, 74 S.W.2d 198, 1934 Ky. LEXIS 236 (Ky. 1934) (decided under prior law).

18. County Superintendent.

19. — Time for Appointments.

A county superintendent of schools may be appointed prior to the first day of April in the year in which his term begins provided the appointment is made by the same board that is authorized to act when the vacancy actually occurs but this does not mean that the personnel of the board must remain the same but that members in office at the time the appointment is made must extend beyond the date when the term of the appointed officer begins. *Maynard v. Allen*, 276 Ky. 485, 124 S.W.2d 765, 1939 Ky. LEXIS 547 (Ky. 1939).

20. — Removal.

A charge that county superintendent as secretary of the board of education sent to the State Board of Education a statement in writing that the board had elected a director of pupil personnel when the board had not only failed to do so but had refused to do so constituted sufficient charges for removal of the county superintendent by the county board of education. *Starns v. Board of Education*, 280 Ky. 747, 134 S.W.2d 643, 1939 Ky. LEXIS 212 (Ky. 1939).

Former superintendent, despite contract provision calling for her return to her previous position of assistant superintendent upon termination for any reason, was not entitled to position of assistant superintendent because the formalities concerning her initial appointment were not fulfilled and school board was incapable of ratifying such appointment as it had no power of appointment. *Tolliver v. Harlan County Bd. of Educ.*, 887 F. Supp. 144, 1995 U.S. Dist. LEXIS 8019 (E.D. Ky. 1995).

21. Liability for Removal.

Superintendent was not held to have acted as a "final policymaker" in removing plaintiff from her position as secretary to the high school principal and refusing to recommend her for any other position. Therefore, his actions were not those of the county board of education and board could not be held liable in plaintiff's § 1983 action. *Adkins v. Board of Educ.*, 982 F.2d 952, 1993 U.S. App. LEXIS 30 (6th Cir. Ky. 1993).

22. Liability of Local Boards of Education.

Even after passage of the Kentucky Education Reform Act on July 13, 1990, which expanded state control of local boards of education, the Kentucky local boards of education are not arms of the state and, thus, they are not entitled to Eleventh Amendment immunity. *Tolliver v. Harlan County Bd. of Educ.*, 887 F. Supp. 144, 1995 U.S. Dist. LEXIS 8019 (E.D. Ky. 1995).

Summary judgment in favor of county board of education in the employee's 42 USC § 1983 action alleging a First Amendment claim and a state whistleblower claim was reversed because the employee's concerns fell within the mixed speech category because community had an interest in knowing how the district's teachers were hired and when the

district did not follow state law or its own hiring practices under KRS 160.380(2)(a), (b); likewise, a school district making purchases without approval, not accounting for funds earmarked for a specific purpose, and not balancing sections of the budget would affect and interest the community taxpayers. *Banks v. Wolfe County Bd. of Educ.*, 330 F.3d 888, 2003 FED App. 0184P, 2003 U.S. App. LEXIS 11292 (6th Cir. Ky. 2003).

23. Workers' Compensation.

Band instructor who began working for a board of education under an oral contract and who was injured in the course of his duties was an "employee" under KRS 342.640 for purposes of workers' compensation benefits even though the formalities of KRS 160.380 regarding his hiring (in particular, a contract signed by the board superintendent) were not completed until three (3) months after the injury. *Pike County Bd. of Educ. v. Mills*, 260 S.W.3d 366, 2008 Ky. App. LEXIS 245 (Ky. Ct. App. 2008).

OPINIONS OF ATTORNEY GENERAL.

While there are no express provisions which would prohibit an outgoing superintendent from recommending himself for a position as principal, an outgoing superintendent is prohibited from taking official action on his own employment. OAG 60-451.

The phrase "and other public school employe" as used in this section, includes the position of director of pupil personnel, and the board of education must accept the recommendation of an outgoing superintendent unless the nominee is found to be morally unfit or educationally unqualified. OAG 60-451.

A board of education is not required to advertise for bids in the selection of school bus drivers. OAG 61-634.

The employment of school bus drivers is not within the purview of either former law identical to present KRS 162.070 or 424.260. OAG 61-634.

An attorney engaged by a county board of education is not a "public school employee" within the meaning of this section and may be engaged without the recommendation of the school superintendent. OAG 67-84.

Where the superintendent in the proper exercise of discretion does not recommend a particular certified teacher for a certain vacancy, it is not legally possible to employ that teacher in that district and for the purposes of KRS 161.100, no qualified teacher is available. OAG 69-389.

The failure of the board to review and approve the transfers of two (2) teachers from one school to another would not of itself invalidate the transfers unless it could be shown that the teachers were improperly transferred to a position to which they were not qualified, or that the transfers were made arbitrarily or solely for political or improper purposes. OAG 71-431.

The movement of two (2) teachers from one school to another in the same school district would constitute a transfer as referred to in this section. OAG 71-431.

When the superintendent and the majority of the board of education are stalemated to the extent that the board will not approve any recommendation for a certain position made by the superintendent, the matter may be submitted to State Board of Education pursuant to this section. OAG 73-333.

A board of education would be acting at its peril, both as a board and as individual members, if it dismissed any employee without the superintendent's recommendation and without being able to show sufficient cause although this section leaves open the question of whether the dismissal of a nontenured employee must be recommended by the superintendent. Ky. Const., § 2 has been frequently interpreted to forbid a public body from exercising arbitrary power. OAG 73-366.

As the superintendent is the executive agent of the board of education and has the responsibility to carry out the lawful orders of the board, the order of the board eliminating the position of deputy superintendent for the year 1973-74 and to so notify the incumbent is a lawful order but the incumbent must be notified by May 15 that his salary for the next year will be reduced or he will be entitled to at least the same salary he received during the present year. OAG 73-378.

When a board of education officially decides to eliminate a position or not to fill a position for the coming year and to employ the person filling the eliminated position in a position of reduced responsibility and salary, it is necessary that the employee be notified that his position and salary will be reduced for the coming year before May 15 and the superintendent and the board will then have until July 1 to decide on the new position for said employee. OAG 73-378; 76-360.

While a board of education may act only upon the recommendations of the superintendent as to the placement of teachers and other certificated personnel in specific positions in specific schools, it is the board ultimately which must approve such assignments and must give notice to the teachers and other personnel as to their assignment and a superintendent may not place teachers and other certificated personnel in specific jobs in specific schools without the approval of the board of education. OAG 73-523.

While noncertificated employees of the school district may be employed only upon the recommendation of the superintendent, the superintendent may not employ an individual he has recommended without the approval of the board of education. If the board rejects the superintendent's recommendation, the superintendent may recommend another person for the said position. The board of education may continue to reject the superintendent's recommendations but may not employ a person for the said position that the superintendent has not recommended. It is only when the superintendent and the majority of the board of education are stalemated to the extent that the board will not approve any recommendations for a certain position made by the superintendent that the matter may be submitted to the State Board of Education for resolution. OAG 73-523.

Before a teacher acquires tenure, the school administration need not make a finding as to the moral fitness of a teacher in order to elect that the teacher shall not be reemployed but may base their decision upon fitness to teach. OAG 74-575.

If a teacher can make a case of arbitrary action against him by the local school board or by the State Board of Education, he may obtain relief in court despite the provision that the decision of the State Board shall be final. OAG 74-575.

The State Board of Education sits as an administrative body not as a judicial body and the hearing is not designed to satisfy the requirements of due process of law. OAG 74-575.

The board's failure to act decisively on the superintendent's recommendation before May 15 will result in the reemployment of a currently employed teacher for the ensuing school year. OAG 74-661.

If an outgoing superintendent has recommended the appointments of noncertificated personnel and the board desires to

approve these recommendations, there is nothing that may be done by the new superintendent, but the superintendent has the power to remove clerks at pleasure. OAG 76-290.

Unless a recommended position reassignment for a certified employee is made and approved by the board of education before July 15, these positions would stand unchanged for the next school year. OAG 76-360.

A board of education cannot lawfully contract away amenatory obligation of approval given it by the statutes and, therefore, any contractual provisions of a superintendent's contract in derogation of the expressed statutory outline of powers and duties of a superintendent of a public common school system and a local board of education would be void. OAG 76-360.

A local board of education may create and dispose of administrative positions without a recommendation of the superintendent; however, when an administrative position is created, it is the responsibility of the superintendent to recommend an individual to that position. OAG 77-114.

While an advisory search committee may be established by the board of education to assist the superintendent in seeking out qualified individuals for a position in the school system, in the end it is the superintendent alone who decides who will be recommended to the board to fill a position. OAG 78-41.

A board of education may reject a recommendation or nomination by the local superintendent, whether it is of a certified or classified employee, only for a legal cause of substantial nature relating to and affecting the carrying out of the position for which the individual was recommended. OAG 79-78.

A local board of education may not reject a superintendent's recommendation regarding personnel employment or appointment for just any reason it chooses, and the reasons for such rejection must be based in good faith on legal causes in order for the rejection to have legal justification. OAG 79-78.

In situations where the board has in good faith, based upon legal causes, rejected the recommendations of a superintendent, it behooves the local board to take the matter to the state board for review. OAG 79-78.

A local board of education can direct the superintendent to make a recommendation relative to a teacher's contract since a recommendation is required by law and may be a part of appropriately adopted local board policies; the refusal by a superintendent to make a recommendation could be considered legal cause for the superintendent's removal. OAG 80-205.

Although a superintendent could refuse to make a recommendation to the board of education regarding the renewal or not of a teacher's contract, such refusal would be a neglect of a lawfully imposed duty. OAG 80-205.

Being a jailer and a school bus driver at the same time involves no statutory incompatibility. However, it is possible that such dual roles will, in a particular county, present a common law incompatibility in that the jailer may not be able to execute both functions in the manner required by law. OAG 82-452.

A board of education cannot discuss the "hiring, firing, promotion or discipline" of individual employees without first receiving a recommendation from the superintendent. OAG 83-379.

The superintendent must make an unequivocal recommendation on personnel matters before the board goes into closed session to discuss specific individuals, and the superintendent's list of teachers to be employed or not employed is not to be composed in conference between the superintendent and the board. OAG 83-379.

When the legislature provided the superintendent with discretion to recommend a candidate to the board for appointment, the legislature did not choose to restrict the superintendent to one individual; beyond consideration of minimum requirements, set by law, the exercise of discretion necessi-

tates freedom to choose, and where a qualified candidate is related to a board member, the superintendent is not precluded from recommending that candidate, despite the relationship, nor is the board precluded from approving that candidate if it so chooses. OAG 89-58.

Relationships by marriage must be expressly included in a statute to fall within the statutory requirements. OAG 90-68.

The term "aunt" does not include aunts by marriage, particularly where a statute has expressly prohibited certain relationships by marriage. OAG 90-68.

If a superintendent who received his contract from the local board of education in July, 1989 were to remain superintendent on July 1, 1991, the spouse who has been a classified employee for five years will not be eligible to retain employment under the exception of this section pertaining, generally, to relatives; however, if the spouse has 20 or more years of service in school systems, then that spouse would be eligible to retain employment so long as she would not be supervising other classified employees. OAG 90-94.

Spouses are eligible for the first exception set forth pertaining to relatives in subsection (2)(e) of this section; that is, spouses, along with other qualified relative who are employees of the district prior to July 13, 1990 and who are certified employees, may retain their positions so long as their spouse, the superintendent, holds office on July 1, 1991, and any spouse of a superintendent who is unable to retain employment under the exception pertaining, generally, to relatives, may be eligible to retain employment under the second exception which pertains to both certified and classified employees by having 20 or more years of service in school systems. OAG 90-94.

The Kentucky Education Reform Act of 1990 clearly provides, in transitional sections, that incumbent members of school boards are eligible both to serve out the remainder of their terms, and to run for re-election, despite having relatives who were hired during their tenure employed by the school district; however, the elected candidate will not be eligible to take the oath of office and to serve as a board member unless the relatives first resign from employment. OAG 90-109.

If superintendent's wife's employment by the school district does not qualify under one of the two (2) exemptions contained within subdivision (2)(e) of this section, the school board would be required to terminate superintendent's employment or spouse's employment effective July 1, 1991. OAG 90-130.

Where a board member has served continuously as a member of the local Board of Education from 1955 up to present and ran for re-election in the fall of 1990, and where his spouse worked for the Board of Education as a teacher in 1948-49, before the two were married and the spouse returned to work as a teacher from 1956-1985 and returned in 1986 and is currently employed as a teacher, the spouse's "initial employment" would be when the spouse most recently came on board and remained continuously employed, that being the school year of 1986-87, and, as the board member became a member of the board in 1955, and the spouse subsequently became employed, the spouse could continue to be employed only for the remainder of the board member's current term which ended December 31, 1990. OAG 91-10.

The term "principal's spouse" does not include spouses of an assistant principal, particularly where this section has expressly prohibited certain relationships; had the legislature wished to include spouses of assistant principals the legislature would have done so. OAG 91-13.

Because a classified school employee who is a principal's spouse is not included in the statutory exception, there are no conditions under which a classified spouse of a principal may work in his or her spouse's school, but a certified school employee who is the principal's spouse may work in his or her spouse's school if: (1) the certified spouse was employed in the principal's school during the 1989-90 school year; and (2) there

is no position for which the certified spouse is certified to fill in another school operated in the district. OAG 91-28.

The requirements of subsection (2)(g) apply to all school employees, whether the employees are certified or classified. OAG 91-28.

The use of the word "certified" in the language of the exception in subsection (2)(g) limits the application of this exception to certified employees, therefore, the phrase, "for which the spouse is certified to fill," indicates that the spouse must be certified to fill some position in the school district for this exception to apply to the spouse. OAG 91-28.

The application of the exception under subdivision (2)(g) of this section depends only on whether a position exists in another school, not on whether a vacancy exists in another school and if an appropriate position exists in another school in the district, then the certified spouse must be transferred to that position; an individual occupying the position that is needed for the principal's spouse must also be transferred to accommodate the transfer of the principal's spouse. OAG 91-28.

Where the spouse of a superintendent, assuming such spouse had been employed for 20 years or more in the school system, was employed by a school system on July 1, 1990, as a food service director and assuming such position was not supervisory but rather a liaison role, the school board would be able to continue to employ her as food service director after July 1, 1991, without violating subdivision (2)(e) of this section, but if the facts of spouse's employment are contrary to either of these assumptions, then her continued employment after July 1, 1991, could violate subdivision (2)(e) of this section. OAG 91-64.

Assuming that a school council exists, subdivision (2)(a) of this section, which gives the authority and responsibility for all appointments and promotions of teachers and other public school employees to the superintendent, is qualified by KRS 160.345(2)(g) and (i) (now 160.345(2)(f) and (h)) to the extent that the superintendent recommends applicants to a particular school and the principal fills the vacancies after consultation with the school council. Therefore, when an initial assignment or the filling of a vacancy is involved, the principal and council make personnel decisions upon receiving the list of recommended applicants from the superintendent. OAG 91-122.

A superintendent may change assignments of personnel prior to July 16 without creating "vacancies" as defined by subsection (1)(b) (now (1)(c)) of this section, but after July 15, when positions are occupied by personnel as assigned by the superintendent, and when certified position openings occur due to resignation, dismissal, transfer, death, nonrenewal of contract, or creation of new positions, those openings constitute "vacancies" under subsection (1)(b) (now (1)(c)) of this section. OAG 91-149.

Coaches' positions must be handled the same as other extra-duty or extra-curricular assignments in that the distinction to be made is whether the extra duties are added to a new or vacant full-time position or to a separate position as opposed to whether the extra duties are merely assigned to the incumbent of a full-time position. OAG 91-149.

Employment of teachers is deemed to be employment in the district, not in a particular position or school, consequently, assignments of position and school, under certain conditions, do not constitute transfers when those assignments are different from previous assignments of position and school. OAG 91-149.

Generally, paid extra-duty or extra-curricular assignments do not have to be posted in accordance with this section. OAG 91-149.

The superintendent may post extra-duty or extra-curricular assignments which are to be assigned to the incumbent of a full-time position to ensure that anyone who is interested in being considered for the assignments may apply. OAG 91-149.

To the extent that a separate position is created for the purpose of hiring an individual to provide duties which cannot be carried out by a full-time member of the faculty, then the extra-duty or extra-curricular assignments would be posted as part of that position. OAG 91-149.

When extra duties are merely additional assignments, posting of those assignments is not required under the provisions of subsections (2)(a) through (c) of this section, however, when a full-time position is created or becomes vacant, to the extent that extra-duty or extra-curricular assignments are considered to be attached to the full-time new or vacant position, then the extra-duty or extra-curricular assignments would be posted as part of the new or vacant full-time position. OAG 91-149.

Where a superintendent contemplates filling an opening created by resignation by transferring another teacher into that position; filling the second opening by transferring another teacher into the second position, and contemplates advertising the third opening for which he has no specific hiring plan, it is necessary to post each vacancy as it occurs after July 15 of each school year. OAG 91-149.

Where an interim superintendent's spouse does not have 20 years' service in school districts, the spouse is not required to resign, so long as the interim superintendent is not a candidate for permanent appointment, and serves only for the brief period necessary to appoint a permanent superintendent, not to exceed 6 months. OAG 91-179.

The terms "brother" and "sister" include half-brother and half-sister, but not step-daughter or step-son. OAG 91-206.

A teacher and athletic director in a junior high school who accepts a position in a new high school as teacher and athletic director has not necessarily experienced a promotion; the change may simply be a transfer. OAG 92-1.

Extra-service positions involve payment for additional tasks that a teacher assumes, such as coach or yearbook sponsor, and to conclude that any assumption of special tasks within the school would constitute promotion, when the level of duties may not change in a material way, and when the compensation is small, would appear to be unduly burdensome; therefore, whether assumption of an extra-service position constitutes a promotion will require analysis of the level of duties and responsibilities and of the level of compensation, as well, perhaps, of the manner in which such positions are assumed; without facts to indicate a material and permanent change in duties, extra-service positions would not constitute promotions. OAG 92-1.

The assumption of teaching duties in a full-time position by a former substitute teacher does not necessarily constitute a promotion, as substitute teaching may include part-time or full-time duties, similar in nature to the duties assumed in a regular full-time position; the determination of whether or not a promotion has occurred will depend on the facts of the individual case in question. OAG 92-1.

Under subsection (2)(e) of this section, as of July 1, 1991, a superintendent has been prohibited from employing a relative in the school district. The prohibition does not apply to a superintendent's spouse who has 20 years of service in school systems so long as the superintendent's spouse does not supervise anyone other than teacher aides and student teachers. OAG 92-45.

Subsection (2)(e) of this section prohibits supervisory responsibility that is regular and permanent, and not to encompass the occasional episodes that may occur when one acts, temporarily, in the place of the principal. OAG 92-45.

A superintendent can transfer a principal from site based school A to site based school B upon the retirement of the current principal in school B, without council approval, making a vacancy in site based school A, if schools A and B are not school-based decision making schools. OAG 92-78.

The superintendent has ultimate authority over personnel decisions affecting non-certified or classified staff in the school

district. Nevertheless, principals and school councils share responsibility over certain personnel decisions, related to classified employees. OAG 92-135.

It is consistent with the goals of KERA for a superintendent to receive input from a council-elect prior to selecting a principal for its school in the event there is a vacancy in the spring before council members' terms officially begin. However, the final decision will remain with the superintendent. OAG 93-31.

A vacancy, as defined by KRS 160.380(1)(b) (now (1)(c)), can occur at any time during the year, not just after July 15. As a general rule, when a vacancy occurs in a local school district, the superintendent must notify the Kentucky Department of Education, and post the position opening in the local school board office for thirty (30) days before filling the position. OAG 97-7, withdrawing, in pertinent part, OAG 91-149.

A school superintendent cannot promote his son to assistant principal in the same school district; changing from the position of teacher to assistant principal constitutes a promotion, regardless of whether there is a corresponding salary increase, and a superintendent is prohibited by subsection (2)(e) from promoting a relative. OAG 99-6.

The Jefferson County Public School System's current method of annually posting job vacancies for certified positions on a district wide basis, followed by posting of specific school building jobs as they are known to be available, complies with the requirements of KRS 160.380. OAG 10-003.

HB 176 (2010, ch. 1) does not specify a mechanism by which retention decisions must be made. HB 176 does not prohibit the superintendent from developing a collaborative model that involves a committee making a recommendation on retention decisions. Parties to a teacher collective bargaining agreement may collaborate and otherwise agree to apply provisions of the collective bargaining agreement as long as those agreements do not violate the express provisions of HB 176. OAG 12-003, 2012 Ky. AG LEXIS 47.

The Board must disclose the national and state criminal history background checks, required by KRS 160.380 as a condition of employment, that are located in the personnel file. Given the compelling public interest in confirming that school employees charged with the supervision and education of our students are of good character, the absence of any statutory restriction on access, and the failure of the Board to articulate a specifically protected privacy interest relative to these records, their disclosure does not constitute a clearly unwarranted invasion of personal privacy within the meaning of KRS 61.878(1)(a). 160.390. General duties as to condition of schools — Responsibilities — Reports.

(1) The superintendent shall devote himself exclusively to his duties. He shall exercise general supervision of the schools of his district, examine their condition and progress, and keep himself informed of the progress in other districts. He shall prepare or have prepared all budgets, salary schedules, and reports required of his board by the Kentucky Board of Education. He shall advise himself of the need of extension of the school system of the district, shall receive and examine reports from teachers and other school officers, and shall make reports from time to time as required by the rules of his board or as directed by the board. He shall be responsible to the board for the general condition of the schools. He shall be responsible for all personnel actions including hiring, assignments, transfer, dismissal, suspension, reinstatement, promotion, and demotion and reporting the actions to the local board.

(2) All personnel actions by the superintendent as described in subsection (1) shall be recorded in the minutes of the local board of education at the next meeting after the action is taken and shall not be effective prior to receipt of written notice of the personnel action by the affected employee from the superintendent.

NOTES TO DECISIONS

Analysis

1. Application.
2. Administrative Duties.

1. Application.

Since superintendent's action in demoting school administrator was effective when administrator received notice of demotion from superintendent, while KRS 161.765 admittedly provides administrators with enhanced procedural protections, it does nothing to change the effective date of a demotion, and it is that effective date that controls for the purpose of the May 15 deadline set forth in KRS 161.760 and the fact that an administrator might contest the demotion, and thus the action might not become final for some time is of no consequence under subsection (2) of the section. *Estreicher v. Board of Educ.*, 950 S.W.2d 839, 1997 Ky. LEXIS 88 (Ky. 1997).

KRS 161.760(2) does not require finality to effect a reduction in salary and by its very terms subsection (2) of this section makes the superintendent's personnel action effective upon receipt of the written notice by the affected employee; therefore, where administrator received notice of demotion on April 26 followed by a specific statement of reasons for the demotion on May 9, the requirements of KRS 161.760(3) have been met. *Estreicher v. Board of Educ.*, 950 S.W.2d 839, 1997 Ky. LEXIS 88 (Ky. 1997).

2. Administrative Duties.

This section requires the superintendent and, necessarily, the assistant superintendent, to devote themselves exclusively to their duties, which are administrative in nature and do not include teaching, and the holding of the incompatible position of teacher operates to prevent a duly appointed assistant superintendent from being entitled to compensation as assistant superintendent. *Richardson v. Bell County Board of Education*, 296 Ky. 520, 177 S.W.2d 871, 1944 Ky. LEXIS 572 (Ky. 1944).

OPINIONS OF ATTORNEY GENERAL.

If an outgoing superintendent had recommended the appointments of noncertified personnel and the board desires to approve these recommendations, there is nothing that may be done by the new superintendent, but the superintendent has the power to remove clerks at pleasure. OAG 76-290.

This section cannot be construed to prohibit or even necessarily curtail the nonschool related activities of a local superintendent of schools. OAG 79-149.

There is no authority for a Board of Education to retain some right to hear charges concerning classified employees, to make a decision, and later to direct the superintendent on whether or not to dismiss an employee; the only involvement of the board after July 13, 1990 is to receive notice of the action taken by the superintendent. OAG 90-129.

As an employee of the local board of education, the superintendent is bound to carry out the duties and responsibilities assigned by the board so long as those duties are permissible under the law; the superintendent is to prepare all budgets, salary schedules, and reports required by the local board of education and by the state board of elementary and secondary education. OAG 92-29.

School board approval is required when the superintendent decides to move the central business office to a new location requiring substantial expenditure of school funds because the movement of the office is not, primarily, a personnel decision, but one involving the management of business affairs; while the superintendent has responsibility for the management of business affairs, that responsibility is subject to the control of the board of education and moreover, the school board has control and management of all school funds, public school property and school facilities; depending on the steps taken, approval of the Department of Education may also be required. OAG 92-65.

Members of the board of education may only inspect the nonexempt records contained in the personnel files of certified and classified employees. Since the board of education no longer plays any role in personnel actions, it does not enjoy any greater right of access to the files and board's right to inspect the personnel files of certified and classified employees

of the school system is therefore the same as the right of inspection enjoyed by any citizen under this section. OAG 92-141.

Because classified public school employees have no statutory post-termination remedy, local school boards should enact policies pursuant to KRS 161.011(9)(c) implementing due process hearing procedures applicable to classified employees prior to termination. Minimum standards of due process require reasonable notice of hearing, right to appear and produce evidence, right to call witnesses and conduct cross-examination, right to counsel, impartial decision-maker, and statement of basis for decision. OAG 2005-06.

160.395. Duty of superintendents to distribute information to school board and school council members.

(1) Superintendents of public school districts shall distribute the written information provided by the Office of the Attorney General and the Department for Libraries and Archives under KRS 15.257 and 171.223 to each elected school board member and each school council member, as designated in KRS 160.345(2), within their respective districts. Distribution shall be accomplished within sixty (60) days of receiving the written information from the Office of the Attorney General and the Department for Libraries and Archives. Distribution to newly elected or appointed members shall be accomplished within sixty (60) days of their election or appointment. The distribution may be by electronic means.

(2) Superintendents shall require signatory proof that each school board member and school council member has received the written information as required under subsection (1) of this section, shall maintain documentation of receipt on file, and shall certify to the Office of the Attorney General that the written information has been distributed as required.

OPINIONS OF ATTORNEY GENERAL.

Where the use of the superintendent of school's personal car on school business was not considered and approved by the board of education prior to the use, the board could not legally pay the superintendent's claim for reimbursement. OAG 77-331.

A school district may not advance money to its employes for travel or other necessary expenses prior to the expense actually being incurred since the applicable statutes contemplate reimbursement, not an advancement of money. OAG 80-395.

It is within the legal prerogative of the local board to fairly establish the nature of professional activities for which it will be willing to incur expenses. OAG 83-228.

While there is a legal basis for the expenditure of school moneys for professional activities, a school board is not mandated to approve the incurring of these expenses and costs for reimbursement from school funds. OAG 83-228.

Within reason, school boards are permitted to bear the direct and indirect expenses incurred by teachers and administrators who attend, after prior approval by the board, professional activities and functions; however, school boards are not wholly unfettered in exercising their discretion in approving attendance at sundry professional activities since Const., §§ 180 and 184 require that school funds may be used only for school purposes, the test being whether the expenditure is for an educational purpose rather than whether an activity might be beneficial to education. OAG 83-228.

It is legal for a board of education to pay salaries and/or expenses, including travel, lodging, and meals for school administrators to attend business sessions of their respective professional organizations, training and professional improvement meetings conducted by their professional organization and accreditation associations to which their schools or districts belong and/or lobbying activities conducted by their professional associations. OAG 83-228.

It is legal for a board of education to pay salaries and/or expenses, including travel, lodging, meals, and substitute teachers, for teachers to attend business sessions of their respective professional organizations, training and professional improvement meetings conducted by their professional organization, and/or lobbying activities conducted by their organization. 160.431. School finance officer — Certification requirements — Continuing education — Financial reports.

(1) The local district superintendent shall appoint a finance officer who shall be responsible for the cash, investment, and financial management of the school district.

(2)(a) A person initially employed as a school finance officer on or after July 1, 2015, shall obtain certification from the Department of Education prior to holding the position and entering the duties of the position of school finance officer.

(b) The Kentucky Board of Education shall promulgate administrative regulations to prescribe the criteria and procedures to be used in the certification process for a school finance officer.

(c) The administrative regulations promulgated under this subsection shall specify:

1. The initial qualification requirements for school finance officer certification;
2. The certification application and appeal process; and
3. The certification renewal process.

(3) The school finance officer shall be required to complete forty-two (42) hours of continuing education every two (2) years from a provider approved by the Department of Education. The Kentucky Board of Education shall promulgate administrative regulations to identify and prescribe the criteria for fulfilling the requirements of this subsection. The administrative regulations shall specify:

- (a) The topics of continuing education;
- (b) Qualifications for continuing education providers;
- (c) Consequences for failure to meet the continuing education requirement; and
- (d) Requirements for reinstatement of school finance officer certification.

(4)(a) The finance officer shall present a detailed monthly financial report for board approval to include the previous month's revenues and expenditures of the district. The monthly report shall be posted on the district's Web site for a minimum of six (6) months after its approval.

(b) Within six (6) months following the end of each fiscal year, the finance officer shall submit to the Kentucky Department of Education a detailed annual financial report to include the district's total assets, liabilities, revenues, and expenditures. The annual report shall be posted on the district's Web site and department's Web site for a minimum of two (2) years.

(c)1. The Department of Education shall review each district's annual financial report and shall provide, within two (2) months of receipt, the local board of education a written report indicating the financial status of the district. The department's written report shall be posted on the department's Web site and the district's Web site for a minimum of two (2) years.

2. The commissioner of education shall annually present to the Interim Joint Committee on Education a copy of the department's written report for each district.

(d) Nothing in this subsection shall lessen the obligation of a school district to publish its financial statements in accordance with KRS 160.463.

160.440. Secretary of board of education.

Each board of education shall appoint a secretary for a term of one (1), two (2), three (3), or four (4) years. The secretary shall not be a member of the board of education. The board of education of any district may appoint its superintendent as secretary. However, a superintendent who serves as secretary to the board shall not receive compensation in addition to that which he receives for serving as superintendent. The board may fix a reasonable salary for the secretary. The secretary shall keep the records of the board and perform other duties imposed upon him by the board. All orders of the board must be signed by the secretary and countersigned by the chairman of the board. The secretary shall be custodian of all securities, documents, title papers, and other papers of the board under such conditions as the board may direct. The secretary, when other than the superintendent, shall make all records of the board available to the superintendent and the board of education at any time and shall furnish the superintendent of schools and the board of education such information as is revealed by the records at any time upon the request of the superintendent or the board of education.

NOTES TO DECISIONS

Analysis

1. Superintendent as Secretary.
2. Notice of Special Meetings.
3. Custodian of Records.
4. Recordation of Charges upon Minutes.

1. Superintendent as Secretary.

Where all five (5) members of the board of education were present at meeting where superintendent was appointed secretary of the board, but due to the fact that the vote of one member should have been disregarded since her election had been declared invalid by the court, the vote on the motion to appoint superintendent as secretary would have been a tie vote, the appointment of the superintendent as secretary was an invalid appointment. Board of Education v. Nevels, 551 S.W.2d 15, 1977 Ky. App. LEXIS 690 (Ky. Ct. App. 1977).

2. Notice of Special Meetings.

Notices of special meetings may be delivered by the secretary. Board of Education v. Stevens, 261 Ky. 475, 88 S.W.2d 3, 1935 Ky. LEXIS 678 (Ky. 1935).

3. Custodian of Records.

The secretary is custodian of the records of the board, and acts under the supervision of the superintendent. Hunter v. Board of Education, 265 Ky. 162, 96 S.W.2d 265, 1936 Ky. LEXIS 453 (Ky. 1936).

4. Recordation of Charges upon Minutes.

Failure of the secretary to record charges upon the minutes does not deprive the board of its right to hear and try the charges against an employee. Hunter v. Board of Education, 265 Ky. 162, 96 S.W.2d 265, 1936 Ky. LEXIS 453 (Ky. 1936).

OPINIONS OF ATTORNEY GENERAL.

The secretary to the board of education is not a public officer within the meaning of Ky. Const., § 235 and consequently, subject to the general principles of contract law, the salary of the secretary may be changed during his term. OAG 60-480.

The secretary of a board of education is an employee and not an officer and, by mutual agreement, his contract may be renegotiated both as to salary and to length of term of office. OAG 61-509.

If the superintendent of schools is also the secretary of the board, he or she shall not meet with the board when the superintendent's tenure, salary or the administration of his office is under consideration, for while the two positions of superintendent and secretary may be separable, the body cannot be; in this situation a temporary secretary should be appointed to take the minutes of the board's proceedings. OAG 78-274.

Serving as a legal assistant is not a legitimate duty to be imposed upon the secretary to the local board of education. OAG 78-274.

The amendment of this section by Acts 1990, ch. 176, pt. II, § 91, which provided that a superintendent may not be paid for secretarial duties performed for the board of education, terminates a contract between a superintendent and a school board that allows the superintendent to be paid for serving as secretary to the board; however, compensation already paid to a superintendent for performance of a pre-existing contract since adoption of the Kentucky Education Reform Act need not be refunded since no legal recovery can be had a subsequent illegal performance. OAG 91-63.

160.445. Sports safety course required for interscholastic athletics coaches — Training and education on symptoms, treatment, and risks of concussion — Venue-specific emergency action plans.

(1)(a) The Kentucky Board of Education or organization or agency designated by the board to manage interscholastic athletics shall require each interscholastic coach to complete a sports safety course consisting of training on how to prevent common injuries. The content of the course shall include but not be limited to emergency planning, heat and cold illnesses, emergency recognition, head injuries including concussions, neck injuries, facial injuries, and principles of first aid. The course shall also be focused on safety education and shall not include coaching principles.

(b) The state board or its agency shall:

1. Establish a minimum timeline for a coach to complete the course;
2. Approve providers of a sports safety course;
3. Be responsible for ensuring that an approved course is taught by qualified professionals who

shall either be athletic trainers, registered nurses, physicians, or physician's assistants licensed to practice in Kentucky; and

4. Establish the minimum qualifying score for successful course completion.

(c) A course shall be reviewed for updates at least once every thirty (30) months and revised if needed.

(d) A course shall be able to be completed through hands-on or online teaching methods in ten (10) clock hours or less.

(e)1. A course shall include an end-of-course examination with a minimum qualifying score for successful course completion established by the board or its agency.

2. All coaches shall be required to take the end-of-course examination and shall obtain at least the minimum qualifying score.

(f) Beginning with the 2009-2010 school year, and each year thereafter, at least one (1) person who has completed the course shall be at every interscholastic athletic practice and competition.

(2)(a) Beginning with the 2012-2013 school year, and each year thereafter, the state board or its agency shall require each interscholastic coach to complete training on how to recognize the symptoms of a concussion and how to seek proper medical treatment for a person suspected of having a concussion. The training shall be approved by the state board or its agency and may be included in the sports safety course required under subsection (1)(a) of this section.

(b) The board or its agency shall develop guidelines and other pertinent information or adopt materials produced by other agencies to inform and educate student athletes and their parents or legal guardians of the nature and risk of concussion and head injury, including the continuance of play after concussion or head injury. Any required physical examination and parental authorization shall include acknowledgement of the education information required under this paragraph.

(c) Upon request, the board or its agency shall make available to the public any training materials developed by the board or agency used to satisfy the requirements of paragraph (a) of this subsection. The board or its agency shall not be held liable for the use of any training materials so disseminated.

(3)(a) A student athlete suspected by an interscholastic coach, school athletic personnel, or contest official of sustaining a concussion during an athletic practice or competition shall be removed from play at that time and shall not return to play prior to the ending of the practice or competition until the athlete is evaluated to determine if a concussion has occurred. The evaluation shall be completed by a physician or a licensed health care provider whose scope of practice and training includes the evaluation and management of concussions and other brain injuries. A student athlete shall not return to play on the date of a suspected concussion absent the required evaluation.

(b)1. Upon completion of the required evaluation, a coach:

a. May return a student athlete to play if the physician or licensed health care provider determines that no concussion has occurred; or

b. Shall not return a student athlete to play if the physician or licensed health care provider determines that a concussion has occurred.

2. If no physician or licensed health care provider described in paragraph (a) of this subsection is present at the practice or competition to perform the required evaluation, a coach shall not return a student athlete to play who is suspected of sustaining a concussion. The student athlete shall not be allowed to participate in any subsequent practice or athletic competition unless written clearance from a physician is provided.

(c) A student athlete deemed to be concussed shall not return to participate in any athletic practice or competition occurring on the day of the injury. The injured student athlete shall not be allowed to participate in any subsequent practice or athletic competition unless written clearance from a physician is provided.

(4)(a) The state board or its agency shall adopt rules governing interscholastic athletics conducted by local boards of education to require each school that participates in interscholastic athletics to develop a venue-specific emergency action plan to deal with serious injuries and acute medical conditions in which the condition of the patient may deteriorate rapidly. The plan shall:

1. Include a delineation of role, methods of communication, available emergency equipment, and access to and plan for emergency transport; and

2. Be in writing, reviewed by the principal of the school, distributed to all appropriate personnel, posted conspicuously at all venues, and reviewed and rehearsed annually by all licensed athletic trainers, first responders, coaches, school nurses, athletic directors, and volunteers for interscholastic athletics.

(b) Each school shall submit annual written verification of the existence of a venue-specific emergency action plan to the state board or its agency.

(5) Each school shall maintain complete and accurate records of its compliance with this section and shall make the records available for review by the state board or its agency upon request.

160.455. Definition of tax-levying authority.

As used in KRS 160.460 to 160.597, unless the context requires otherwise:

“Tax-levying authority” shall mean boards of education of county school districts and independent school districts.

History.

Enact. Acts 1976, ch. 127, § 1; 1990, ch. 476, Pt. V, § 232, effective July 13, 1990.

160.460. Levy of school taxes — Procedures.

(1) All school taxes shall be levied by the board of education of each school district. The tax-levying authority shall levy an ad valorem tax within the limits prescribed in KRS 160.470, which will obtain for the school district the amount of money needed as shown in the district’s general school budget submitted under the provisions of KRS 160.470.

(2) The tax-levying authority shall make an annual school levy not later than July 1. The school levy shall not be made until the general school budget has been received and approved by the Kentucky Board of Education. The failure of the authority to make the levy by the date prescribed shall not invalidate any levy made thereafter.

(3) All school taxes shall be levied on all property subject to local taxation in the jurisdiction of the tax-levying authority. If the school levy is to be made upon the city assessment, which is hereby authorized for independent school districts embraced by designated cities, the clerk of the city shall furnish to the school district or districts which the city embraces, the assessed valuation of property subject to local taxation in the school district, as determined by its tax assessor. If the school levy is to be made upon the county assessment the county clerk shall furnish to the proper school district or districts the assessed valuation of property subject to local taxation in the district or districts, as certified by the Kentucky Department of Revenue. No later than July 1, 1994, all real property located in the state and subject to local taxation shall be assessed at one hundred percent (100%) of fair cash value.

(4) As used in this section, “designated city” means a city classified as a city of the first, second, third, or fourth class as of January 1, 2014, under the city classification system in effect prior to January 1, 2015.

The Department of Education shall, on or before January 1, 2015, create an official registry listing the cities that qualify as a “designated city” under this section and shall publish that registry on its Web site.

Co.*, 246 Ky. 628, 55 S.W.2d 662, 1932 Ky. LEXIS 816 (Ky. 1932) (decided under prior law).

All taxes imposed for common school purposes in this state are state taxes even though they are for use in schools located in the territory affected by the tax. *Paducah-Illinois R. Co. v. Graham*, 46 F.2d 806, 1931 U.S. Dist. LEXIS 1138 (D. Ky. 1931); *Commonwealth v. Louisville Nat’l Bank*, 220 Ky. 89, 294 S.W. 815, 1927 Ky. LEXIS 478 (Ky. 1927) (decided under prior law).

A local school tax is a state tax. *Board of Education v. Louisville*, 288 Ky. 656, 157 S.W.2d 337, 1941 Ky. LEXIS 198 (Ky. 1941).

2. Levy.

Mandamus may issue to compel the calling of a special term of the fiscal court and the making of a levy. *Fiscal Court of Cumberland County v. Board of Education*, 191 Ky. 263, 230 S.W. 57, 1921 Ky. LEXIS 311 (Ky. 1921) (decided under prior law).

If the levy requested is insufficient, the court may levy a sufficient tax. *Madison County Board of Education v. Madison County Fiscal Court*, 246 Ky. 201, 54 S.W.2d 652, 1932 Ky. LEXIS 725 (Ky. 1932); *Newell v. Cincinnati, N. O. & T. P. R. Co.*, 246 Ky. 628, 55 S.W.2d 662, 1932 Ky. LEXIS 816 (Ky. 1932) (decided under prior law).

Fact that State Board of Education had not approved the tax rate is not fatal. *Knox County v. Lewis’ Adm’r*, 253 Ky. 652, 69

S.W.2d 1000, 1934 Ky. LEXIS 693 (Ky. 1934) (decided under prior law).

The form of the levy is not material. *Knox County v. Lewis' Adm'r*, 253 Ky. 652, 69 S.W.2d 1000, 1934 Ky. LEXIS 693 (Ky. 1934) (decided under prior law).

Where boundary lines of independent school district were not coterminous with those of the city, the fiscal court of the county was the tax levying authority for the district. *Howard v. Board of Education*, 311 Ky. 130, 223 S.W.2d 721, 1949 Ky. LEXIS 1076 (Ky. 1949).

3. — Time of Making.

Tax levy made on June 21 was valid, in view of provision of this section that failure to make levy in April should not invalidate a levy thereafter made. *Harlan-Wallins Coal Corp. v. Cawood*, 303 Ky. 544, 198 S.W.2d 218, 1946 Ky. LEXIS 891 (Ky. 1946) (Decision prior to 1949 amendment).

4. — Refusal.

When the council relies on bad faith or corruption as ground for refusal to make the levy desired by the school board, the bad faith or corruption must be clearly charged. *White v. Board of Education*, 263 Ky. 91, 91 S.W.2d 539, 1936 Ky. LEXIS 123 (Ky. Ct. App. 1936).

Inaccuracies in estimated items in county school budget submitted by board of education, due to subsequent developments, did not justify fiscal court's refusal to levy taxes required by budget, in absence of showing board had acted illegally or in bad faith. *Stokley v. Fleming County Board of Education*, 305 Ky. 602, 205 S.W.2d 168, 1947 Ky. LEXIS 881 (Ky. 1947).

5. — Amount.

The board of education of a city of the second class has the exclusive right to determine within lawful limits the amount of money necessary to be expended and the items for which it shall be expended in the operation of the schools, and, unless the board of commissioners of the city can show an illegal expenditure, or a computation unlawfully arrived at, or bad faith on the part of the school board, it must levy a tax within the limits prescribed by the Constitution and statutes sufficient to raise the revenue required under the provisions of the budget filed with it by the board of education. The board of commissioners has no legal right to question the advisability of the expenditure of the items contained in the budget submitted. *Paducah v. Board of Education*, 289 Ky. 284, 158 S.W.2d 615, 1942 Ky. LEXIS 538 (Ky. 1942).

Since the legislature has provided for penalties to offset any deficiency which might be incurred by failure to pay taxes when due, commissioners were within legal rights in deciding that a \$1.00 levy requested by the school board was based on a computation unlawfully arrived at, as it appeared 89 cents would produce sufficient revenue if fully collected. *Paducah v. Board of Education*, 289 Ky. 284, 158 S.W.2d 615, 1942 Ky. LEXIS 538 (Ky. 1942).

The board of commissioners of a second-class city performs its whole duty when it levies upon the taxable property of the city a tax which, when collected, will produce the sum requested by the board and it is not required to levy a higher tax on the theory that some of the taxpayers will fail to pay during the year for which the tax is levied. *Paducah v. Board of Education*, 289 Ky. 284, 158 S.W.2d 615, 1942 Ky. LEXIS 538 (Ky. 1942).

The fiscal court must levy the ad valorem tax and the poll tax at the rate specified by the board of education; it has no discretion in the matter. *Fiscal Court of Monroe County v. Board of Education*, 294 Ky. 758, 172 S.W.2d 624, 1943 Ky. LEXIS 534 (Ky. 1943).

Where board of education undertook to have two levies simultaneously made upon bank shares, namely, 40¢ for general purposes and 50¢ for special purposes the trial court reasonably apportioned the 40¢ maximum between the gen-

eral and special purpose in the proportion that the resolution of the board of education called to be levied on all other property, namely, \$1.50 for general school purposes and 50¢ for "special school building" purpose. *Board of Education v. Citizens Fidelity Bank & Trust Co.*, 263 S.W.2d 112, 1953 Ky. LEXIS 1148 (Ky. 1953).

Where a proposed general budget for fiscal year was submitted to the fiscal court and to the State Board of Education for approval by county board of education as provided by KRS 160.470 requesting it to impose a general school tax of \$1.50 per \$100 valuation of property subject to local tax and Superintendent of Public Instruction certified to the board that the tax rate necessary to produce the required "local tax effort" to participate in the "public school foundation program fund" would be \$1.57 per \$100 of assessed valuation which was in effect a disapproval of the budget and required an amended tax levy, the fiscal court should have levied and imposed a tax rate of \$1.57 for general school purposes. *Holmes v. Walden*, 394 S.W.2d 458, 1965 Ky. LEXIS 182 (Ky. 1965).

6. Surplus Revenue.

The mere fact that an expenditure will absorb that portion of anticipated revenue which would otherwise have been surplus does not preclude the school board from making necessary expenditures upon discovery that the funds are available for that purpose. *Paducah v. Board of Education*, 289 Ky. 284, 158 S.W.2d 615, 1942 Ky. LEXIS 538 (Ky. 1942).

7. Taxing District.

A board of education is a taxing district or municipality. *Lee v. Board of Education*, 261 Ky. 379, 87 S.W.2d 961, 1935 Ky. LEXIS 666 (Ky. 1935).

8. Collection of Delinquent Taxes.

In independent districts embracing cities of the first four classes, it is the duty of the city, and not of the school board, to cause delinquent taxes to be collected and to allow credits thereon. *McKinney's Adm'x v. Commonwealth*, 260 Ky. 608, 86 S.W.2d 167, 1935 Ky. LEXIS 504 (Ky. 1935).

9. Decisions by Local School Board.

The underlying theme of this section is that the actual decisions addressed hereunder are to be made by the local school board, not the state. *Blackburn v. Floyd County Bd. of Educ.*, 749 F. Supp. 159, 1990 U.S. Dist. LEXIS 18321 (E.D. Ky. 1990).

OPINIONS OF ATTORNEY GENERAL.

When a portion of an independent school district lies outside of the city limits, the school district is not "embraced" by the city within the meaning of subsection (1) (now (3)) of this section and the fiscal court is the levying authority for school taxes and the governmental unit which approves the school budget. OAG 61-414.

There is no deadline in terms of a calendar date by which a city board of education must submit its tax rate to the city. OAG 64-380.

An independent school district in the city could not share part of the expense incurred by the city in reassessing property located within the city. OAG 67-1.

Where an independent school district is composed of different cities, the tax levying authority is the governing body of each city in the district. OAG 68-594.

Where not all of the residents of three cities included in an independent school district lived inside the school district and one city had its own tax assessor while two (2) other cities were assessed by the county assessor, the proper tax levying authority for the district was the county fiscal court and the election expense should be borne by the fiscal court. OAG 69-2.

School taxes shall be levied by the fiscal court in each county, except in independent school districts embraced by cities of the first four classes. OAG 74-187.

Local boards of education must assume all administrative responsibility concerning bond issues for school sites and buildings; however, since school financing is done almost exclusively through school building revenue bonds pursuant to KRS 162.210 to 162.300 and KRS 58.010 to 58.120 inclusive, there is no authority for any change in the preexisting procedure used for school revenue bonds and the fiscal courts and county treasurers must continue to perform the customary functions heretofore served by them in that regard. OAG 76-711.

Pursuant to this section and KRS 132.280, independent school districts embraced in cities of the first four classes may use the city assessment or the county assessment. OAG 77-497.

160.470. Tax rate limits — Hearing — Levy exceeding four percent increase subject to recall vote or reconsideration — Levy of minimum equivalent tax rate.

(1)(a) Notwithstanding any statutory provisions to the contrary, no district board of education shall levy a general tax rate which will produce more revenue, exclusive of revenue from net assessment growth as defined in KRS 132.010, than would be produced by application of the general tax rate that could have been levied in the preceding year to the preceding year's assessment, except as provided in subsections (9) and (10) of this section and KRS 157.440.

(b) If an election is held as provided for in KRS 132.017 and the question should fail, such failure shall not reduce the "...general tax rate that could have been levied in the preceding year..." referred to in subsection (1)(a) of this section, for purposes of computing the general tax rate for succeeding years.

In the event of a merger of school districts, the limitations contained in this section shall be based upon the combined revenue of the merging districts, as computed under the provisions of this section.

(2) No district board of education shall levy a general tax rate within the limits imposed in subsection (1) of this section which respectively exceeds the compensating tax rate defined in KRS 132.010, except as provided in subsections (9) and (10) of this section, KRS 157.440, and KRS 157.621, until the district board of education has complied with the provisions of subsection (7) of this section.

(3) Upon receipt of property assessments from the Department of Revenue, the commissioner of education shall certify the following to each district board of education:

(a) The general tax rate that a district board of education could levy under the provisions of subsection (1) of this section, and the amount of revenue expected to be produced;

(b) The compensating tax rate as defined in KRS 132.010 for a district's general tax rate the amount of revenue expected to be produced;

(c) The general tax rate which will produce, respectively, no more revenue from real property, exclusive of revenue from new property, than four percent (4%) over the amount of revenue produced by the compensating tax rate defined in KRS 132.010, and the amount of revenue expected to be produced.

(4) Upon completion of action on property assessment data, the Department of Revenue shall submit certified property assessment data as required in KRS 133.125 to the chief state school officer.

(5) Within thirty (30) days after the district board of education has received its assessment data, the rates levied shall be forwarded to the Kentucky Board of Education for its approval or disapproval. The failure of the district board of education to furnish the rates within the time prescribed shall not invalidate any levy made thereafter.

(6)(a) Each district board of education shall, on or before January 31 of each calendar year, formally and publicly examine detailed line item estimated revenues and proposed expenditures for the subsequent fiscal year. On or before May 30 of each calendar year, each district board of education shall adopt a tentative working budget which shall include a minimum reserve of two percent (2%) of the total budget.

(b) Each district board of education shall submit to the Kentucky Board of Education no later than September 30, a close estimate or working budget which shall conform to the administrative regulations prescribed by the Kentucky Board of Education.

(7)(a) Except as provided in subsections (9) and (10) of this section and KRS 157.440, a district board of education proposing to levy a general tax rate within the limits of subsection (1) of this section which exceed the compensating tax rate defined in KRS 132.010 shall hold a public hearing to hear comments from the public regarding the proposed tax rate. The hearing shall be held in the principal office of the taxing district or, in the event the taxing district has no office, or the office is not suitable for such a

hearing, the hearing shall be held in a suitable facility as near as possible to the geographic center of the district.

(b) The district board of education shall advertise the hearing by causing the following to be published at least twice for two (2) consecutive weeks, in the newspaper of largest circulation in the county, a display type advertisement of not less than twelve (12) column inches:

1. The general tax rate levied in the preceding year, and the revenue produced by that rate;

2. The general tax rate for the current year, and the revenue expected to be produced by that rate;

3. The compensating general tax rate, and the revenue expected from it;

4. The revenue expected from new property and personal property;

5. The general areas to which revenue in excess of the revenue produced in the preceding year is to be allocated;

6. A time and place for the public hearing which shall be held not less than seven (7) days nor more than ten (10) days after the day that the second advertisement is published;

7. The purpose of the hearing; and

8. A statement to the effect that the General Assembly has required publication of the advertisement and the information contained herein.

(c) In lieu of the two (2) published notices, a single notice containing the required information may be sent by first-class mail to each person owning real property, addressed to the property owner at his residence or principal place of business as shown on the current year property tax roll.

(d) The hearing shall be open to the public. All persons desiring to be heard shall be given an opportunity to present oral testimony. The district board of education may set reasonable time limits for testimony.

(8)(a) That portion of a general tax rate, except as provided in subsections (9) and (10) of this section, KRS 157.440, and KRS 157.621, levied by an action of a district board of education which will produce, respectively, revenue from real property, exclusive of revenue from new property, more than four percent (4%) over the amount of revenue produced by the compensating tax rate defined in KRS 132.010, shall be subject to a recall vote or reconsideration by the district board of education as provided for in KRS 132.017, and shall be advertised as provided for in paragraph (b) of this subsection.

(b) The district board of education shall, within seven (7) days following adoption of an ordinance, order, resolution, or motion to levy a general tax rate, except as provided in subsections (9) and (10) of this section and KRS 157.440, which will produce revenue from real property, exclusive of revenue from new property as defined in KRS 132.010, more than four percent (4%) over the amount of revenue produced by the compensating tax rate defined in KRS 132.010, cause the following to be published, in the newspaper of largest circulation in the county, a display type advertisement of not less than twelve (12) column inches:

1. The fact that the district board of education has adopted such a rate;

2. The fact that the part of the rate which will produce revenue from real property, exclusive of new property as defined in KRS 132.010, in excess of four percent (4%) over the amount of revenue produced by the compensating tax rate defined in KRS 132.010 is subject to recall; and

3. The name, address, and telephone number of the county clerk of the county or urban-county in which the school district is located, with a notation to the effect that that official can provide the necessary information about the petition required to initiate recall of the tax rate.

(9)(a) Notwithstanding any statutory provisions to the contrary, effective for school years beginning after June 30, 1990, the board of education of each school district shall levy a minimum equivalent tax rate of thirty cents (\$.30) for general school purposes. Equivalent tax rate is defined as the rate which results when the income collected during the prior year from all taxes levied by the district for school purposes is divided by the total assessed value of property plus the assessment for motor vehicles certified by the Department of Revenue. School districts collecting school taxes authorized by KRS 160.593 to 160.597, 160.601 to 160.633, or 160.635 to 160.648 for less than twelve (12) months during a school year shall have included in income collected under this section the pro rata tax collection for twelve (12) months.

(b) Failure of a board to comply with paragraph (a) of this subsection may constitute a forfeiture of office by its members pursuant to KRS 415.050 and 415.060.

(10) A district board of education may levy a general tax rate that will produce revenue from real property, exclusive of revenue from new property, that is four percent (4%) over the amount of the revenue produced by the compensating tax rate as defined in KRS 132.010.

Analysis

1. Constitutionality.

3. Estimate of Anticipated Revenue.
4. Premature Submission.
5. Indebtedness.
6. Amendment by Court.
7. Evidence of Budget.
8. Determination of Maximum Rate.
9. Voter Recall Elections.

1. Constitutionality.

This statute did not violate the Fourteenth Amendment because it was not arbitrary, not irrelevant to the achievement of the state's objectives, not invidiously discriminatory, not administered unevenly, not based on some hidden motive and did bear a reasonable relationship to the legitimate purpose of preserving the financial integrity of the state. *Baker v. Strode*, 348 F. Supp. 1257, 1971 U.S. Dist. LEXIS 14893 (W.D. Ky. 1971).

The "rollback" law is not unconstitutional as perpetuating unconstitutional assessments, for the taxing power of the district is not frozen, because under KRS 157.440 a district, by popular vote, can select as high a rate as it chooses. *Miller v. Nunnolley*, 468 S.W.2d 298, 1971 Ky. LEXIS 334 (Ky.), cert. denied, 404 U.S. 941, 92 S. Ct. 286, 30 L. Ed. 2d 255, 1971 U.S. LEXIS 564 (U.S. 1971).

The present school funding statutes permit local Boards of Education to raise funds through property taxes and permissive taxes such as the utilities tax; base funding and Tier One funding can be produced by a property tax not subject to voter recall and this nonrecallable option enables Boards of Education to fund schools without relying on permissive taxes; the General Assembly has supplied a mechanism to satisfy base funding, as well as Tier One funding, according to the mandate of Section 183 of the Kentucky Constitution; and that is all that *Rose v. Council for Better Educ., Inc.*, 790 S.W.2d 186, 1989 Ky. LEXIS 55 (Ky. 1989) requires. *Board of Educ. v. Brooks*, 824 S.W.2d 431, 1992 Ky. App. LEXIS 22 (Ky. Ct. App. 1992).

2. Determination of Expenditures.

Board of education had right to appropriate by amended budget additional funds to be received in the fiscal year from collection of delinquent taxes which it had not anticipated to improvement of its physical properties, which had been badly damaged by flood, and the propriety of its decision in doing so cannot be questioned by the board of commissioners of second-class city, unless the board of commissioners can show the properties not to be in need of repair or reconstruction and the mere fact that the expenditure will absorb that portion of the anticipated revenue which would otherwise be surplus does not preclude the school board from making necessary expenditures upon discovery that the funds are available for the purpose. *Paducah v. Board of Education*, 289 Ky. 284, 158 S.W.2d 615, 1942 Ky. LEXIS 538 (Ky. 1942).

The board of education has the exclusive right to determine within lawful limits the amount of money necessary to be expended and the items for which it shall be expended in the operation of the schools, and, unless the governing authorities of the tax levying districts can show an illegal expenditure, or a computation unlawfully arrived at, or bad faith on the part of the school board, it must levy a tax within limits prescribed by the Constitution and statutes sufficient to raise the revenue required under the provisions of the budget filed with it by the board of education. *Paducah v. Board of Education*, 289 Ky. 284, 158 S.W.2d 615, 1942 Ky. LEXIS 538 (Ky. 1942).

Budget submitted by board of education was not unlawful or did not indicate bad faith which would warrant refusal by fiscal court to levy taxes pursuant to it where commission for collection was correct when made, but was rendered excessive by a subsequent court of appeal's decision. *Stokley v. Fleming County Board of Education*, 305 Ky. 602, 205 S.W.2d 168, 1947 Ky. LEXIS 881 (Ky. 1947).

3. Estimate of Anticipated Revenue.

The board of education cannot base its estimate of anticipated revenue on experience in collecting taxes and deduct the amount which may not be collected within the fiscal year but it must base its estimate on what the rate would produce if all the taxes were collected in the fiscal year. *Paducah v. Board of Education*, 289 Ky. 284, 158 S.W.2d 615, 1942 Ky. LEXIS 538 (Ky. 1942).

4. Premature Submission.

Premature submission of budget does not show bad faith. *White v. Board of Education*, 263 Ky. 91, 91 S.W.2d 539, 1936 Ky. LEXIS 123 (Ky. Ct. App. 1936).

5. Indebtedness.

Where voted building fund levy of school district had always been insufficient to meet rental payments required for the payment of revenue bonds, so that part thereof had been paid from the general fund levy, the addition of subsection (7) to KRS 160.477 (repealed) in a 1965 "rollback" act did not authorize an increase in building fund levy over the compensating rate as defined in KRS 132.010 to pay all of such rentals. *Fayette County Board of Education v. White*, 410 S.W.2d 612, 1966 Ky. LEXIS 37 (Ky. 1966).

6. Amendment by Court.

When a court finds a budget to be incorrect, it is not necessary that an amended budget be submitted to the council. It may be amended in the trial court. *White v. Board of Education*, 263 Ky. 91, 91 S.W.2d 539, 1936 Ky. LEXIS 123 (Ky. Ct. App. 1936).

7. Evidence of Budget.

In all cases where budgets and financial reports are available they are the best evidence of the information therein contained and they should be made a part of the record in order for the courts to have a clear and definite idea as to whether or not the officials have had due regard for the finances of the taxing district. *Ebert v. Board of Education*, 277 Ky. 633, 126 S.W.2d 1111, 1939 Ky. LEXIS 706 (Ky. 1939).

8. Determination of Maximum Rate.

The language of KRS 132.487(3), governing a centralized ad valorem tax system for motor vehicles, clearly and unequivocally removes all valuations of and tax revenues from motor vehicles from the base amount used in determining the compensating tax rate and maximum possible tax rate envisioned under the provisions of KRS 68.245, 132.023, 132.027, and this section. *Kling v. Geary*, 667 S.W.2d 379, 1984 Ky. LEXIS 216 (Ky. 1984).

9. Voter Recall Elections.

The 1990 change in subsections (10) and (11) (now (9) and (10)) of this section prevents voter recall of a property tax levy if the tax revenue is intended to provide mandatory minimum base funding or permissive Tier One funding, but under the previous funding scheme, the "notwithstanding" language of this section had no abrogative effect on voter recall of permissive utility taxes and the General Assembly preserved this right in the funding scheme. *Board of Educ. v. Brooks*, 824 S.W.2d 431, 1992 Ky. App. LEXIS 22 (Ky. Ct. App. 1992).

County Board of Education's levy of a utility gross receipts license tax, designed to produce additional revenue up to 15% of the base funding level, was subject to statutory recall election provisions. *Board of Educ. v. Brooks*, 824 S.W.2d 431, 1992 Ky. App. LEXIS 22 (Ky. Ct. App. 1992).

OPINIONS OF ATTORNEY GENERAL.

There is no deadline in terms of a calendar date by which a city board of education must submit its tax rate to the city. OAG 64-380.

Under the 1965 amendment to KRS 160.470, school districts which do not seek percentage increases are frozen or limited to income received in the 1965-1966 school year plus net assessment (new property) growth, but districts seeking the additional percentage increases are thereafter limited permanently to the income received at the end of the 1967-1968 school year plus subsequent net assessment (new property) growth. OAG 65-655.

If a school's fiscal year was the calendar year, in order to use the increase, the budget would have to be prepared and separated into the two (2) school terms involved so that the increase would apply to the school year rather than the calendar year. OAG 65-820.

The increase is to be permitted for "school years" rather than "fiscal years." OAG 65-820.

A school board may elect to continue to operate at the 1965-1966 revenue level for the coming and following school years, may request one percentage increase for either 1966-1967 or 1967-1968, or may request percentage increases for both of those years. OAG 66-387.

A local board of education may forego requesting any percentage increase in its ad valorem tax revenue for the 1966-1967 school year, in which event the limitations prescribed in subsection (2) of this section govern, but may then request an increase for the 1967-1968 school year if its need for that school year so dictates. OAG 66-387.

Revenue received by school districts from electric plant boards is not ad valorem tax revenue for purposes of this section and a plant board does not have net assessment growth that can be included in the Department of Revenue's (now Revenue Cabinet's) certification of net assessment growth. OAG 66-441.

A county school board could request a budget increase and the levy of a utility gross receipts license tax in the same year. OAG 66-675.

The words "preceding year's rate" mean the correct rate that could have been levied for the preceding year if final assessment figures had been available and used in the certification given by the Superintendent of Public Instruction. OAG 67-165.

A county school district may receive a credit toward the "required local tax effort" figure of former law regarding attendance for income received from the state and paid from federal funds granted to the state for distribution among the schools. OAG 67-231.

State Board of Education could not approve deficit expenditure unless a school district acted reasonably and in good faith in anticipating the collection of revenue in circumstances where the debt is contracted because of failure to collect such revenue. Only in such cases is the debt valid. OAG 67-293.

Subsections (2) and (4) of this section relate to the basic general fund levy while KRS 160.477(6) (repealed) and KRS 157.440(2) limit special voted levies to the compensating tax rate. Accordingly, these statutes do not authorize an independent school district to apply a 10 percent increase to the special voted tax in effect in the district. OAG 67-300.

The district board of education can request the Circuit Court to mandamus the fiscal court to make the levy requested. OAG 67-510.

The fiscal court cannot avoid the levy of an increased property tax when properly requested to do so by the county board of education. OAG 67-510.

Where the rates actually levied the preceding year were less than what could properly have been levied, the general fund budget can be drawn this year on the basis of the revenue that would have been produced the year before from the levy of the general fund tax at the correct maximum rate which would have been certified by the Superintendent of Public Instruction if he had been correctly advised of the true total assessed value of property in the district subject to such taxes. OAG 68-186.

The maximum property tax levies for a merged school district for 1968-1969 are calculated as follows: (a) To the revenue that would be produced by applying the old city district's basic general fund levy for 1967-1968 to the assessment for that year add the revenue that would be produced by applying the old county (as it existed before the merger) district's basic general fund levy for 1967-1968 to the assessment for that year. The sum of these figures is the total amount of ad valorem tax revenue in the computation of the maximum permissible local ad valorem tax revenue under subsection (3) of this section. The proper basic general fund levy can be calculated from the combined revenue and combined current assessment figures (with net growth treated separately). (b) The special voted general fund rate should be calculated at the proper compensating tax rate under the formula established in KRS 132.010(6) based on the 1965 revenue from this source and the 1966 assessment. (c) The special voted building fund rate (KRS 160.477 (repealed)) should be calculated at the proper "compensating tax rate," again using the formula appearing in KRS 132.010(6). (d) The overall tax rate can then be determined by adding the rates in (a), (b), and (c) above. OAG 68-343.

Following the tax rollback, the Executive Department of State Government had the authority and duty to provide supplemental payments to certain schools under the minimum foundation program as would insure the orderly continuation of the common schools program and as would prevent the regression of the program. OAG 70-474.

It is mandatory that local boards of education use the rates prescribed by the Department of Education. OAG 70-540.

The Department of Education has authority under this section for setting local tax rates for school purposes. OAG 70-540.

Assessments for school tax levy purposes under this section and for state aid purposes under KRS 157.380 (repealed) must be the same. OAG 72-330.

The county ad valorem tax revenue is limited to the application of the preceding year's tax rate to the preceding year's assessment, exclusive of voting levies, plus the revenue determined from applying the effective tax rate to the net assessment growth base. OAG 74-393.

Unless a school board indicates that the budget goes beyond the limit of this section or the fiscal court proves illegality, fraud or bad faith, and assuming budget approval by the State Board of Education, the fiscal court must accept the board's budget, fixing the necessary tax rate and making the tax levy required accordingly. OAG 74-455.

The mere fact that a school authority waited until after the city fixed its tax rate to come in and fix the school board's tax rate, in the absence of a showing of corruption, bad faith or illegality on the part of the school board, is not sufficient grounds for the city council to refuse to set the rate asked. OAG 74-499.

Even though due to a delay in certifying the county assessment, the advertising and hearing requirements necessary to levying a school district's tax rate would not be completed 45 days before the date of the next regular election, the school district, of its own volition, could waive the petition and place the question on the ballot. OAG 82-485.

While the amending of KRS 160.470 and the making of each school district their own tax levying authority repeals that part of KRS 424.250 as to filing the budget with a clerk, the other part of the statute calling for the budget to be published in a newspaper is capable of being observed. OAG 82-603.

Even though the 1990 amendment to this section by Ch. 476, § 105 set a new maximum equivalent tax rate, since in subsection (1)(c) of KRS 157.440 the 1990 amendment by Ch. 476, § 107 to that section provided that any school district, which is at or above the equivalent tax rate permitted, shall not be required to levy an equivalent tax rate which is lower than the rate levied during the 1989-90 school year, Jefferson County may keep its equivalent tax rate at 75.9 cents for the 1990-91 school year. OAG 90-45.

When levying a utilities gross receipts license tax for the purpose of complying with the minimum equivalent tax rate requirement set forth in subdivision (12)(a) (now (9)(a)) of this section or for the purpose of participating in the "Tier 1" program set forth in KRS 157.440, a school board must follow the notice and hearing requirements of KRS 160.593 and KRS 160.603, but the recall provisions of KRS 160.597 do not apply. OAG 90-88.

160.473. Limits for district board of education on personal property tax rates — Public hearing and recall not applicable.

(1) In the event that a general tax rate applicable to real property levied by a district board of education will produce a percentage increase in revenue from personal property less than the percentage increase in revenue from real property, the district board of education may levy a general tax rate applicable to personal property which will produce the same percentage increase in revenue from personal property as the percentage increase in revenue from real property; however, in no event shall the general tax rate levied by the district board of education applicable to personal property exceed the prior year general tax rate applicable to personal property levied by the respective district board of education.

(2) The general tax rate applicable to personal property levied by a district board of education under the provisions of subsection (1) of this section shall not be subject to the public hearing provisions of KRS 160.470(7) and to the recall provisions of KRS 160.470(8).

NOTES TO DECISIONS

1. Exceeding Maximum.

Regardless of time or amount, the principle remains the same, that the voting of the tax does not impose a tax in futuro, but merely grants authority to the taxing power to increase the amount of the annual tax that the law otherwise authorizes to be levied. Board of Education v. Board of Education, 250 S.W.2d 1017, 1952 Ky. LEXIS 897 (Ky. 1952).

Only a maximum rate need be specified in the proposition submitted to the voters under KRS 157.440 to exceed the maximum levy under this section. Hopson v. Board of Education, 280 S.W.2d 489, 1955 Ky. LEXIS 154 (Ky. 1955).

A special annual tax levy above the present maximum regular levy authorized by this section may be made to authorize the principal and interest of the bonds. Bell v. Board of Education, 343 S.W.2d 804, 1961 Ky. LEXIS 433 (Ky. 1961).

The maximum school property tax rate of one dollar and fifty cents (\$1.50) on each \$100 valuation may be exceeded when increased levy is necessary to provide the required local tax effort in order to participate in the foundation program under KRS 157.380 (now repealed). Holmes v. Walden, 394 S.W.2d 458, 1965 Ky. LEXIS 182 (Ky. 1965).

OPINIONS OF ATTORNEY GENERAL.

A fiscal court may legally levy a tax at a figure above the \$1.50 maximum set by this section where the figure is the amount necessary to provide the required local tax effort for participation in the minimum foundation program by the local school district. OAG 65-600.

Under the 1965 amendment to KRS 160.470, school districts which do not seek percentage increases are frozen or limited to income received in the 1965-1966 school year plus net assessment (new property) growth, but districts seeking the additional percentage increases are thereafter limited permanently to the income received at the end of the 1967-1968 school year plus subsequent net assessment (new property) growth. OAG 65-655.

Cities or counties may not levy a poll tax since it has been eliminated by amendment of KRS 68.090, 92.280 and this section. OAG 74-631.

The poll tax is not a prerequisite to the right to vote and is nothing more than another revenue measure for the taxing jurisdiction in question. OAG 72-816. (Decision prior to 1974 amendment).

160.476. School building fund taxes — Investment — Expenditures — Audit.

(1) The board of education of any district may, in addition to other taxes for school purposes, levy not less than four cents (\$.04) nor more than twenty cents (\$.20) on each one hundred dollars (\$100) valuation of property subject to local taxation, to provide a special fund for the purchase of sites for school buildings and physical education and athletic facilities, for the erection and complete equipping of school buildings and physical education and athletic facilities, and for the major alteration, enlargement and complete equipping of existing buildings and physical education and athletic facilities, provided, however, that such tax shall come within the maximum school tax levy provided by KRS 160.470. In addition to or in lieu of this special tax, any board of education may pay into this special fund at the close of any fiscal year the proceeds from the sale of land or property no longer needed for school purposes and all or any balances remaining in the general fund over and above the amount necessary for discharging obligations for the fiscal year in full.

(2) The special fund provided for herein shall be kept in a separate account designated as “school building fund.” The fund shall be kept in a depository selected by the board of education, or invested in bonds of the United States, of this state, or county or municipality in this state, provided, however, that such investments shall be approved by the Kentucky Board of Education.

(3) All expenditures from such fund shall be made solely for the purposes enumerated herein and shall be made in accordance with the school laws of the state at such times as the board of education determines. The board of education shall cause to be made annually an audit of the building fund by a certified public accountant or by an accountant approved by the State Department of Education.

(4) Notwithstanding the provisions of any other subsection of this section to the contrary, for the 1966 tax year and for all subsequent years no district board of education shall levy a tax at a rate under the provisions of this section which exceeds the compensating tax rate as defined in KRS 132.010. The chief state school officer shall certify the compensating tax rate to the district board of education.

160.482. Occupational license, policy (counties of 300,000).

To help provide for an efficient system of common schools in any county having three hundred thousand (300,000) or more inhabitants, the General Assembly delegates to the fiscal courts and boards of education of any such county the powers and duties set forth in KRS 160.482 to 160.488. The General Assembly finds and declares that in any such county there are besetting public education special problems which can best be solved pursuant to KRS 160.482 to 160.488. Furthermore, the General Assembly declares that the public

policy of the Commonwealth is not offended but is best served by the authority of KRS 160.482 to 160.488 for the imposition, payment, and collection of license fees on businesses, trades, occupations, and professions over and above license fees that may already be imposed thereon.

History.

Enact. Acts 1965 (1st Ex. Sess.), ch. 2, § 17; repealed and reenact. Acts 1990, ch. 476, Pt. V, § 442, effective July 13, 1990.

160.483. Occupational license fees, rates, exemptions (counties of 300,000) — Regulation of ministers.

(1) The license fees imposed under KRS 160.482 to 160.488 on businesses, trades, occupations, and professions shall be at a single, uniform percentage rate not to exceed one-half of one percent (0.5%) of:

(a) Salaries, wages, and commissions, and other compensations earned by persons within the county for work done and services performed or rendered in the county; and

(b) The net profits of all businesses, trades, occupations, and professions, for activities conducted in the county.

(2) The license fees, once imposed, shall continue from year to year until changed as prescribed in KRS 160.484.

(3) No public service company which pays an ad valorem tax is required to pay a license fee.

(4)(a) It is the intent of the General Assembly to continue the exemption from local license fees and occupational taxes that existed on January 1, 2006, for providers of multichannel video programming services or communications services as defined in KRS 136.602 that were taxed under KRS 136.120 prior to January 1, 2006.

(b) To further this intent, no company providing multichannel video programming services or communications services as defined in KRS 136.602 shall be required to pay a license fee. If only a portion of an entity's business is providing multichannel video programming services or communications services, including products or services that are related to and provided in support of the multichannel video programming services or communications services, this exclusion applies only to that portion of the business that provides multichannel video programming services or communications services, including products or services that are related to and provided in support of the multichannel video programming services or communications services.

(5) No license fee shall be imposed upon or collected from:

(a) Any bank, trust company, combined bank and trust company, combined trust, banking and title business in this state;

(b) Any savings and loan association whether state or federally chartered;

(c) Any income received by members of the Kentucky National Guard for active duty training, unit training assemblies, and annual field training; or

(d) Any income received by precinct workers for election training or work at election booths in state,

county, and local primary, regular, or special elections.

(6) No license tax shall be collected from any individual who is not a resident of the county of the tax-levying authority imposing the tax.

(7) Pursuant to this section, no tax-levying authority shall regulate any aspect of the manner in which any duly ordained, commissioned, or denominationally licensed minister of religion may perform his or her duties and activities as a minister of religion. Duly ordained, commissioned, or denominationally licensed ministers of religion shall be subject to the same license fees imposed on others by the tax-levying authority on salaries, wages, commissions, and other compensation earned for work done and services performed or rendered.

160.484. Occupational license fees, imposition and discontinuation (counties of 300,000).

(1) Except as provided in subsections (2), (3), and (4) the fiscal court has discretion to impose or not impose the license fees authorized by KRS 160.482 to 160.488 at a percentage rate, not to exceed one-half of one percent (0.5%), determined by the fiscal court. A fiscal court shall not proceed under this subsection without first giving all boards of education in the county thirty (30) days notice of its intention.

(2) If one (1) or more boards of education of school districts within the county which contain at least ninety percent (90%) of county's inhabitants, in the same calendar year certify to the fiscal court requests for a license fee at an identical percentage rate, not to exceed one-half of one percent (0.5%), then the fiscal court shall impose such license fees at the requested rate.

(3) Any license fees imposed under subsections (1) or (2) shall remain in full effect from year to year until all boards of education within the county have certified to the fiscal court requests for a reduction in the percentage rate theretofore imposed. Thereafter, the fiscal court shall reduce the rate to the highest rate certified as yet necessary by any board of education in the county. The fiscal court may require each board of education to make no more than one (1) certificate annually.

(4) In any calendar year in which one (1) or more boards of education of school districts containing at least ninety percent (90%) of the county's inhabitants

make a certification pursuant to subsection (2) for a rate which is at a higher percentage than any currently imposed, the fiscal court shall impose the license fee at the higher rate and any rate imposed pursuant to subsections (1), (2), or (3) shall be rescinded upon the date the new rate takes effect.

History.

Enact. Acts 1965 (1st Ex. Sess.), ch. 2, § 18; repealed and reenact. Acts 1990, ch. 476, Pt. V, § 444, effective July 13, 1990.

160.485. Occupational license fees, adoption — Referendum procedure.

(1) The imposition of license fees authorized hereby shall be by order or resolution of the fiscal court. There shall be no more than one (1) order or resolution passed in any one (1) calendar year. In the case of license fees required to be imposed pursuant to subsection (2) of KRS 160.484, the fiscal court shall make the order or resolution within ten (10) days following receipt of the first request which makes subsection (2) of KRS 160.484 effective.

(2)(a) The order or resolution of the fiscal court imposing license fees pursuant to subsections (1), (2), or (4) of KRS 160.484 shall go into effect forty-five (45) days after its passage.

(b) During the forty-five (45) days next following the passage of the order or resolution, any five (5) qualified voters who reside in the county may commence petition proceedings to protest the passage of the order or resolution by filing with the county clerk an affidavit stating that they constitute the petition committee and that they will be responsible for circulating the petition and filing it in the proper form within forty-five (45) days from the passage of the order or resolution. The affidavit shall state their names and addresses and specify the address to which all notices to the committee are to be sent. Upon receipt of the affidavit, the county clerk shall:

1. At the time of filing of the affidavit, notify the petition committee of all statutory requirements for the filing of a valid petition under this section;

2. At the time of the filing of the affidavit, notify the petition committee that the clerk will publish a notice identifying the tax levy being challenged and providing the names and addresses of the petition committee in a newspaper of general circulation within the county, if such publication exists, if the petition committee remits an amount equal to the cost of publishing the notice determined in accordance with the provisions of KRS 424.160 at the time of the filing of the affidavit. If the petition committee elects to have the notice published, the clerk shall publish the notice within five (5) days of receipt of the affidavit; and

3. Deliver a copy of the affidavit to the fiscal court and the impacted school districts.

(c) The petition shall be filed with the county clerk within forty-five (45) days of the passage of the order or resolution. All papers of the petition shall be uniform in size and style and shall be assembled in one (1) instrument for filing. Each sheet of the petition shall contain the names of voters from one (1) voting precinct only, and shall include the name,

number and designation of the precinct in which the voters signing the petition live. The inclusion of an invalid signature on a page shall not invalidate the entire page of the petition, but shall instead result in the invalid signature being stricken and not counted. Each signature shall be executed in ink or indelible pencil and shall be followed by the printed name, street address, and Social Security number or birthdate of the person signing. The petition shall be signed by a number of registered and qualified voters residing in the affected jurisdiction equal to at least ten percent (10%) of the total number of votes cast in the last preceding presidential election.

(d) Upon the filing of the petition with the county clerk, the order or resolution shall be suspended until after the election referred to in subsection (3) of this section is held, or until the petition is finally determined to be insufficient and no further action may be taken pursuant to paragraph (h) of this subsection.

(e) The clerk shall immediately notify the fiscal court and the impacted school districts that the petition has been received and shall, within thirty (30) days of the receipt of the petition, make a determination of whether the petition contains enough signatures of qualified voters to place the order or resolution before the voters.

(f) If the county clerk finds the petition to be sufficient, the clerk shall certify to the petition committee, the fiscal court, and the impacted school boards within the thirty (30) day period provided for in paragraph (e) of this subsection that the petition is properly presented and in compliance with the provisions of this section, and that the order or resolution levying the tax will be placed before the voters for approval.

(g) If the county clerk finds the petition to be insufficient, the clerk shall, within the thirty (30) day period provided for in paragraph (e) of this subsection, notify, in writing, the petition committee, the fiscal court and the impacted school districts of the specific deficiencies found. Notification shall be sent by certified mail and shall be published at least one (1) time in a newspaper of general circulation within the county or, if there is no such newspaper, shall be posted at the courthouse door.

(h) A final determination of the sufficiency of a petition shall be subject to final review by the Circuit Court of the county and shall be limited to the validity of the county clerk's determination. Any petition challenging the county clerk's final determination shall be filed within ten (10) days of the issuance of the clerk's final determination.

(3) Upon validation of the petition, the fiscal court shall submit to the voters of the county at the next regular election or called common school district election, which shall be held not less than thirty-five (35) days nor more than forty-five (45) days from the date the signatures on the petition are validated by the county clerk, the question as to whether the license fees for common school purposes shall be levied. Any called common school election shall comply with the provisions of KRS 118.025. If the election is held in conjunction with a regular election, the question shall be submitted to the county clerk not later than the second

Tuesday in August preceding the regular election. The question shall be so framed that the voter may by his vote answer, "for" or "against." If a majority of the votes cast upon the question oppose its passage, the order or resolution shall not go into effect. If a majority of the votes cast upon the question favor its passage, the order or resolution shall go into effect.

(4) License fees imposed pursuant to KRS 160.482 to 160.488 shall become effective on the date specified in the order or resolution, but no later than the first day of the calendar year first beginning after the day the order or resolution is made.

NOTES TO DECISIONS

Analysis

1. Verification of Petition.
2. Number of Petitioners Needed.

1. Verification of Petition.

Where the petition contained the signatures and addresses of the signers, but there was no verification of the addresses on the petition, and where the proponents of the petition undertook to file new verifying affidavits subsequent to the expiration of the time for filing, such late action could not cure the defectiveness of the petition and it remained insufficient to fulfill the requirements of this section. *Board of Education v. Fiscal Court of Warren County*, 485 S.W.2d 752, 1972 Ky. LEXIS 141 (Ky. 1972).

2. Number of Petitioners Needed.

Where fiscal court imposed tax levy on utilities in the county and the school districts and, within 30 days after passage of the tax levy, a petition was filed with the court for a referendum on the tax, containing a number of names equal to 15% of the votes in the school districts, the fiscal court was not authorized to order the tax levy suspended since the recall petition was not countywide and therefore contained insufficient number of signatures. *Fiscal Court of Campbell County v. Board of Education*, 522 S.W.2d 454, 1975 Ky. LEXIS 138 (Ky. 1975).

OPINIONS OF ATTORNEY GENERAL.

Although subsection (2) of this section provides that each sheet of the petition should contain the signatures of voters in but one voting precinct, the whole sheet would not be disqualified where one of the persons signing that sheet was not a voter in that precinct, even though that person would be subject to disqualification. OAG 72-174.

The election referred to in subsection (3) of this section refers to the regular November election that takes place every year. OAG 72-174.

The "not less than sixty days" provision in subsection (3) of this section refers to the date of passage of the fiscal court order levying the school tax. OAG 72-174.

The provision in subsection (2) of this section that the petition contain the signatures of 15% of the votes cast in the county for the office receiving the greatest total vote at the last preceding presidential election does not mean that every precinct in the county must be represented by 15% of the votes cast in the precinct, but that the aggregate number of signers must be 15%. OAG 72-174.

Under subsection (2) of this section, the fiscal court must conduct an examination of the petition, and if it is regular on its face then the election is ordered as directed in subsection (3) of this section, subject to an appeal from the fiscal court order to the circuit court. OAG 72-174.

In order to generate the referendum provisions of this section the signatures equal to 15 percent of those districts whose boards of education requested the tax are needed. OAG 72-471.

After a tax levy is approved by the court under KRS 160.593 the question as to whether such tax should be levied may be passed on by the voters pursuant to the procedures specified in this section. OAG 72-521.

Any school district in which a special school tax is levied or about to be levied may petition for a referendum to recall said tax within the district and such recall would not have to be on a countywide basis as the 1972 amendment to KRS 160.593 by chapter 271, section 1 provides that a tax shall be limited to the district requesting the tax. OAG 72-576.

The provisions of this section providing for recall on a countywide basis were amended by implication by the 1972 amendment to KRS 160.593 by chapter 271, section 1. OAG 72-603.

Where a request for the levy of a utility gross receipts tax for schools was defeated at the 1972 general election and the fiscal court has been presented with new requests for the imposition of said tax and the residents of the districts have filed petitions protesting the tax levy and requesting that the matter be placed on the ballot, the utility tax question can only be held at the general election in November, unless there has been a called election with respect to county school questions at a time other than the November election. OAG 73-301.

The petition provided for in this section should be filed with the county clerk who is the clerk of the fiscal court. OAG 76-440.

In a referendum seeking recall of certain school taxes while there is no specific wording for the ballot question provided in this section, it would appear that under the terms of subsection (3) it is the responsibility of the fiscal court to frame the question. OAG 76-440.

The county clerk's responsibilities on behalf of the fiscal court concerning a referendum petition that may be filed seeking the recall of certain taxes are that of accepting and checking the petition to see that it is legal on its face and in compliance with this section and KRS 160.609 (repealed), insofar as the number and validity of the signatures are concerned. OAG 76-440.

There is no requirement that notice be published with respect to the filing of the petition for referendum seeking recall of certain school taxes or the referendum election provided for in this section; however, if such petition is found to be valid, the referendum question would appear on the ballot face required to be published by the clerk pursuant to KRS 424.290. OAG 76-440.

160.486. Occupational license fees — Collection — Distribution (counties of 300,000).

The license fees imposed by authority of KRS 160.482 to 160.488 shall be collected by the fiscal court or its agent, and the proceeds thereof shall be promptly divided and distributed to each school district within the county in proportion to the number of pupils in average daily attendance in each school district as

shown by the most recent statistics certified by the chief state school officer pursuant to KRS 157.310 to 157.440. The fees shall be used for any purpose for which other common school funds may be used.

History.

Enact. Acts 1965 (1st Ex. Sess.), ch. 2, § 20; 1990, ch. 476, Pt. IV, § 233, effective July 13, 1990.

NOTES TO DECISIONS

1. Constitutionality.

This section is valid and does not contravene the express will of the people contained in the Constitution of Kentucky. Board of Education v. Board of Education, 458 S.W.2d 6, 1970 Ky. LEXIS 160 (Ky. 1970).

OPINIONS OF ATTORNEY GENERAL.

This section requires the distribution of the proceeds of the occupational license fees on the basis of the "most recent" data on average daily attendance and revised average daily attendance statistics cannot be applied retroactively to the beginning of the fiscal year to alter the percentage of proceeds distributed to the school districts in the county. OAG 67-183.

160.487. Action for refund of occupational license fees (counties of 300,000).

Any person who has paid the license fees imposed under KRS 160.484 and 160.485 may bring an action for the refund thereof without interest only within one (1) year after the license fees for any year become due. If the court finds that the license fees were invalidly collected for any reason, it shall order a refund thereof.

History.

Enact. Acts 1965 (1st Ex. Sess.), ch. 2, § 21; repealed and reenact. Acts 1990, ch. 476, Pt. V, § 446, effective July 13, 1990.

160.488. Effect of occupational license fees law (counties of 300,000).

(1) KRS 68.180, 68.185, 68.190, and 160.482 to 160.488 shall not be construed as repealing any other laws of the Commonwealth relating to the levy, assessment, and collection of taxes or license fees but shall be held and construed to authorize an additional license fee, against which the credit allowed by KRS 68.190 does not apply.

(2) KRS 68.180, 68.185, 68.190, and 160.482 to 160.488 shall not in any manner repeal, amend, affect, or apply to any existing statute exempting property from local taxation, or fixing a special rate on proper classification, or imposing a state tax which is declared to be in lieu of all local taxation.

(3) The provisions of any statute relating to ad valorem taxes do not apply to KRS 68.180, 68.185, 68.190, and 160.482 to 160.488 or to the license fees authorized by it.

History.

Enact. Acts 1965 (1st Ex. Sess.), ch. 2, § 22; repealed and reenact. Acts 1990, ch. 476, Pt. V, § 447, effective July 13, 1990.

160.490. Maximum limits on ad valorem tax. [Repealed.]

Compiler's Notes.

This section (2980, 4399-40) was repealed by Acts 1946, ch. 36, § 3.

160.500. Collector of school taxes — Allowances to — Special collector — Tax bills.

(1) School taxes shall be collected by the sheriff for county school districts and by the regular tax collector of the city or special tax collector for the independent school districts at the same time and in the same manner as other local taxes are collected, except as provided in this section and in KRS 160.510. The bond of the regular or special tax collector shall be made to cover the duties as the tax collector of the school district or districts for which he or she collects taxes. The tax collector shall be entitled to a commission equal to his or her expenses incurred in collecting the school taxes, provided that the commission shall not be less than one and one-half percent (1.5%) or more than four percent (4%) of the amount of school taxes collected, plus four percent (4%) of the amount of any interest earned on the amounts collected and invested by the tax collector prior to distribution to the school district. No allowance shall be made for the collection of school taxes to any collecting officer who continues to collect taxes after the term that would not be allowed him or her had he collected the taxes during his or her term.

(2) An independent school district may select a special tax collector to collect its school taxes. If an independent school district selects a special tax collector, a majority of the members of the independent school district board of education shall fix a commission for the special tax collector at a rate of not less than one and one-half percent (1.5%) and not more than four percent (4%) of the school taxes or school funds collected by the special tax collector from the local school levy in such independent school district, plus four percent (4%) of the amount of any interest earned on the amounts collected and invested by the tax collector prior to distribution to the school district. The special tax collector shall be required to execute bond in the same manner as provided in KRS 160.560 for the execution of a treasurer's bond, and the penal sum of the bond shall not be less than the aggregate of the tax bills that come into the hands of the special tax collector.

(3) The clerk shall include all school taxes on the regular tax bills furnished the tax collector unless an independent district has selected a special tax collector, in which case the school taxes shall be listed by the clerk on a separate bill. The clerk shall be allowed a fee not to exceed three cents (\$0.03) for each separate school tax bill, to be paid by the independent district board of education.

(4) The county clerk shall be the ad valorem tax collector for motor vehicle taxes for county and independent school districts, and shall receive a commission of four percent (4%) of all such moneys collected for any school district, which commission shall be deducted monthly before payment to the depository of the district board of education.

(5) The General Assembly of Kentucky finds that commissions and fees set by the General Assembly for services performed in collecting ad valorem taxes by

county clerks are the reasonable costs of collection by county clerks and their offices. The county clerk shall account for all funds collected to each taxing authority; however, in any accounting or settlement with district boards of education, the county clerk shall not be required to itemize any incremental costs in any accounting or settlement for ad valorem taxes collected.

NOTES TO DECISIONS

Analysis

1. Constitutionality.
2. Fee to Be Reasonable Cost.
3. — Determination.
4. Collection after Expiration of Term.
5. Collection Costs.

1. Constitutionality.

The additional three percent fee formerly allowed the sheriff of Jefferson County for the collection of school taxes violated Ky. Const., §§ 180, 184 as a diversion of more than \$50,000 annually from school purposes would have resulted. *Dickson v. Jefferson County Board of Education*, 311 Ky. 781, 225 S.W.2d 672, 1949 Ky. LEXIS 1251 (Ky. 1949).

A flat four percent fee violates provisions of Ky. Const., §§ 180, 184, against diverting taxes or school funds in cases where the reasonable cost of collection is less than the amount reached by the application of the four percent formula to the total amount of taxes collected. *Dickson v. Jefferson County Board of Education*, 311 Ky. 781, 225 S.W.2d 672, 1949 Ky. LEXIS 1251 (Ky. 1949).

Retention by sheriff of four percent of school tax collected was unconstitutional diversion of school funds where evidence indicated one percent was sufficient to cover cost of collecting school tax and the extra three percent was to be used by the sheriff for general expenses of his office. *Board of Education v. Wagers*, 239 S.W.2d 48, 1951 Ky. LEXIS 836 (Ky. 1951).

Although it may have been that the General Assembly's intent was to create a flat four percent commission for the county clerks for collecting the taxes, such interpretation would bring subsection (3) of KRS 134.805 into conflict with Ky. Const., §§ 180, 184; therefore, a county clerk may not receive a fee for collecting the school tax which is in excess of his or her actual cost of collection, not exceeding four percent. *Benson v. Board of Education*, 748 S.W.2d 156, 1988 Ky. App. LEXIS 11 (Ky. Ct. App. 1988).

2. Fee to Be Reasonable Cost.

Four percent fee fixed by this section could only be allowed where the reasonable cost of collection justified allowance of the maximum fee and where sheriff did not employ deputies and had no expenses for supplies and equipment, maximum fee was not allowable. *Wells v. Board of Education*, 244 S.W.2d 160, 1951 Ky. LEXIS 1204 (Ky. 1951).

Under this section, the sheriff is entitled to retain as compensation the reasonable cost of collecting school taxes,

not to exceed four percent. *Davie v. Board of Education*, 249 S.W.2d 954, 1952 Ky. LEXIS 891 (Ky. 1952).

The school fund is chargeable only with the reasonable expenses actually incurred in collecting the school tax. *Board of Education v. Workman*, 256 S.W.2d 528, 1953 Ky. LEXIS 756 (Ky. 1953).

Even though this section authorizes the sheriff to charge a fee of four percent of the school taxes collected, if the charge, including his compensation, exceeds reasonable costs of collecting, he is limited to a lesser charge. *Grayson County Board of Education v. Boone*, 452 S.W.2d 371, 1970 Ky. LEXIS 348 (Ky. 1970).

3. — Determination.

The question of whether a four percent fee is reasonable will be adjudged according to the facts developed in each case. *Board of Education v. Wagers*, 239 S.W.2d 48, 1951 Ky. LEXIS 836 (Ky. 1951).

Entire annual salaries of sheriff's deputies were not chargeable to collection of taxes, but allowance should be made for personal supervisory services of sheriff and under the facts allowance in fixing the reasonable cost of collection at two percent (2%) of the school taxes collected was not erroneous. *Board of Education v. Ballard*, 249 S.W.2d 956, 1952 Ky. LEXIS 892 (Ky. 1952).

The trial court must fix the quantity of the fee for collecting school taxes at a figure commensurate with the services rendered. *Barren County Board of Education v. Edmunds*, 252 S.W.2d 882, 1952 Ky. LEXIS 1036 (Ky. 1952).

For the purpose of determining the cost of school tax collections the expense must be determined on the basis of a reasonable compensation for the time devoted by the deputies to tax collection work and a percentage contract between the sheriff and his deputies whereby they receive compensation computed on basis of tax collection cannot be used to determine cost of collection of such tax. *Board of Education v. Workman*, 256 S.W.2d 528, 1953 Ky. LEXIS 756 (Ky. 1953).

In an action to determine the sheriff's fees for school tax collection where it was stipulated that the county attorney and county clerk received \$6,100 through salary and fees, it was proper to allow the sheriff the same amount, as a basis upon which to compute the percentage of the sheriff's compensation chargeable to tax collections. *Board of Education v. Workman*, 256 S.W.2d 528, 1953 Ky. LEXIS 756 (Ky. 1953).

Sheriff should be allowed compensation for collecting the franchise and oil production taxes which were paid by large checks at his office with no collection work required. *Board of Education v. Workman*, 256 S.W.2d 528, 1953 Ky. LEXIS 756 (Ky. 1953).

Simply deducting from the total expenses of the sheriff's office the amount of money paid the sheriff by the state for law-enforcement work, was not a proper way of determining what expenses were attributable to tax collection work for the amount of money received by sheriff in the form of compensation has nothing at all to do with a determination of the expenses of office. *Board of Education v. Workman*, 256 S.W.2d 528, 1953 Ky. LEXIS 756 (Ky. 1953).

In a declaratory judgment action to determine the sheriff's fee for collecting school taxes where the proof was not adequate to enable the court to make a final and correct decision, the case was remanded for the purpose of taking further proof designed to show what portion of the time of the sheriff and his deputies was devoted to tax collection work. *Board of Education v. Workman*, 256 S.W.2d 528, 1953 Ky. LEXIS 756 (Ky. 1953).

The school fund cannot be compelled to finance law-enforcement functions of the sheriff's office. *Board of Education v. Workman*, 256 S.W.2d 528, 1953 Ky. LEXIS 756 (Ky. 1953).

Although each case must be decided upon the particular facts involved, the general formula in computing the cost of collection (although it is not intended to be applied as an exact

mathematical rule) has been to (1) first determine the percentage of their time the sheriff and his deputies devote to all tax collection work, and take this percentage of their total compensation giving the compensation for personal services allocable to the collection of all taxes then (2) to determine the ratio of school tax collections to total tax collections and apply it to the amount of compensation for personal services allocated to the cost of collecting all taxes, thus producing the amount allocable to school tax collection and (3) when costs other than personal services were involved to allocate them according to the same formula except where clearly attributable to a specific activity and (4) local standards of compensation were given some consideration in determining the sum that should be allowed the sheriff for his own services. However the keeping of more adequate and detailed records by the sheriff might eliminate the necessity of applying any formula. *Board of Education v. Workman*, 256 S.W.2d 528, 1953 Ky. LEXIS 756 (Ky. 1953).

Where from the record it was clear that no settlement had been made in the county court for school taxes, and that by tacit understanding the sheriff had paid over to the school board all tax collections except the amount of his commission which was in dispute, the sheriff's contention that the only remedy of the school board was by taking exceptions to the sheriff's settlement in county court was without merit and an action for a declaratory judgment was maintainable. *Board of Education v. Workman*, 256 S.W.2d 528, 1953 Ky. LEXIS 756 (Ky. 1953).

Where no accurate time accounting could be made for school tax collection by the sheriff and his employees but the four percent he retained was not excessive, there was no diversion of school funds in the retention of the four percent. *Grayson County Board of Education v. Boone*, 452 S.W.2d 371, 1970 Ky. LEXIS 348 (Ky. 1970).

4. Collection after Expiration of Term.

In view of provision of subsection (1) of this section that no allowance shall be made for collection of school taxes to any collecting officer who continues to collect taxes after his term that would not be allowed to him had he collected the taxes during his term, a sheriff who could not claim, during his term, the increased collection fee provided by the 1946 amendment to this section, because he was in office at the time the amendment became effective, likewise could not claim the increased fee in serving as special tax collector after expiration of his term. *Weber v. True*, 304 Ky. 681, 202 S.W.2d 174, 1947 Ky. LEXIS 704 (Ky. 1947).

5. Collection Costs.

The allocation of the costs of collection of school taxes based on a percentage of revenue collected does not violate Const., § 184; such collection costs in no way diminish the constitutional command that school taxes must be appropriated to the common schools and no other purpose. These basic principles were not changed by the adoption of the Kentucky Education Reform Act of 1990. *Board of Educ. v. Williams*, 930 S.W.2d 399, 1996 Ky. LEXIS 94 (Ky. 1996).

OPINIONS OF ATTORNEY GENERAL.

Since, under KRS 160.400, the fiscal court is the levying authority for school districts not embraced by cities of the first four classes, the county sheriff must collect the taxes levied on behalf of such schools. OAG 61-414.

Under subsection (1) of this section a board of education may not enter into a contract with a sheriff to pay, as a fee for the collection of school taxes, a certain percentage of the amount collected but may contract to pay a reasonable amount which approximates the cost of collection not to exceed four percent. OAG 62-335.

If penalties collected on delinquent taxes are due and owing to the local school district, then to permit the sheriff to retain said penalty moneys would constitute an unlawful use of school funds for other than school purposes. OAG 63-121.

Subsection (1) of this section requires that the sheriff's bond be made to cover his duties as tax collector of the school district or districts for which he collects taxes and if the sheriff fails to pay over to the school district the proper amount of tax money, he is liable on his official bond. OAG 64-159.

Where the sheriff turned in all school taxes for which he was accountable, excess fees should not have been paid to the school board. OAG 65-779.

A special tax collector selected by an independent school district pursuant to subsection (2) of this section is an officer of the school district and an employee of the school district under the definition of that term in the Social Security Act and enabling legislation enacted by the Kentucky General Assembly. OAG 67-95.

A county attorney would have no official duty to represent the sheriff in a lawsuit filed by the school board against the sheriff for fees reimbursable to the school board. OAG 67-144.

A fee increase to the sheriff for collecting county school taxes could be made retroactive to the beginning of the tax year. OAG 67-164.

The county clerk is entitled to a fee of three cents per bill for preparation of separate tax bills if a special school tax collector is selected, but the clerk is entitled to no compensation if the sheriff collects the school taxes on the regular county tax bills. OAG 67-288.

It is mandatory that the county clerk prepare the tax bills for an independent school district. OAG 67-288.

Separate tax bills should be prepared only if the independent school district selects a tax collector other than the sheriff. OAG 67-288.

The sheriff's excess fees for collecting school tax should be turned over to the county as excess fees and any part of such fees which exceeds the cost of collection should be delivered to the board of education as school money. OAG 69-59.

Under subsection (1) of this section, the regular tax collecting authority is required to collect school taxes for the independent school district if so requested. OAG 69-283.

A special tax collector is not liable for uncollectible tax bills but can only be held to a duty to diligently and faithfully attempt to collect all taxes due. OAG 72-290.

There is no final date by which the independent school district must notify the county sheriff or the county clerk of its intent to change collectors and if the tax bills in question have been prepared by the county clerk and delivered to the sheriff for collection, it would appear that the sheriff is the collector of taxes for the independent school district and the fee for such collection can be from one percent to four percent, depending upon what is sufficient to cover the costs of collection. OAG 73-630.

The tax collector is entitled to recover the reasonable cost of collection of school taxes, not to exceed four percent of the amount collected, in accordance with an itemized statement of collection expenses which he must file. OAG 73-804.

It is up to the sheriff to keep the school tax collection separate from other collections in order to determine the legal fee. OAG 74-595.

The sheriff should not settle his fee with the school board or receive it until after he computes the reasonable cost of collection, since his fee cannot exceed the reasonable cost of collection. OAG 74-595.

If a sheriff receives 4% for school taxes collected under this section, and a later determination indicates that the reasonable cost of collection is a lesser fee, then he must charge the school board the lesser fee and the excess or illegal part of the fee must be returned to the school board. OAG 74-595.

The county sheriff who acts as the regular tax collector for the school district is not required by this section to purchase an additional bond for the collection of school taxes and, if the school board decides for any reason that an additional bond is required, the premium for such bond should be paid with school district funds. OAG 75-23.

There is no requirement of a written contract for the collection of school taxes. OAG 75-131.

Even though a 4% commission fee for the collection of school taxes is authorized, if the charge including his compensation exceeds the reasonable costs of collecting the taxes, the sheriff can be limited to a lesser commission rate. OAG 75-131.

Where the fiscal court directly pays a portion of the expenses of the sheriff's office, the portion of that payment which is attributable to the expenses of the sheriff's office incurred in collecting school taxes may be collected by the sheriff from the county board of education as a part of the cost of collecting school taxes and, in turn, should be repaid by the sheriff to the fiscal court. OAG 75-361.

The sheriff's fee for collecting school taxes can be up to four percent of the taxes collected, except the fee cannot exceed the reasonable cost of collecting such taxes. OAG 76-627.

A sheriff could not base his fee for collecting school taxes on nine months of his salary, for the sheriff must compute his cost of collection of school taxes as a percentage of the cost of collection of all taxes. OAG 77-98.

Nothing in this section provides for the fiscal court to either assume part of the cost for each special tax collector or share envelope and postage costs. OAG 77-290.

Once the sheriff's total fee for collecting school taxes is properly computed the constitutional test of diversion is met since the constitutional diversion occurs no sooner than the reasonable cost of collection is exceeded, regardless of how much the excess is. OAG 78-146.

The reasonable cost of collecting school taxes is based upon a proper determination of the cost of collecting all taxes, and then the determination of the cost of collecting school taxes and that percentage of the total time allocable to school tax collection is really the percentage of all taxes collected represented by school taxes. OAG 78-146.

The total cost of collecting school taxes (prior to the 75% and 25% distribution at state level) is strictly constitutional as being an expenditure for school purposes. OAG 78-146.

The definition of the word "shall" as used in subsection (3) of this section is mandatory and the county clerk may not break the tax bill down into two installments. OAG 79-536.

A school system need not delay payment of the collection fee until all taxes are collected; a predetermined time, be it monthly or otherwise, for payment by the school district to the sheriff of his fee for school tax collection, if based upon a reasonable approximation of the cost of collection, is legally permissible. OAG 82-587. (Opinion prior to effective date of 1982 amendment.)

A sheriff, or other tax collection agent, if retained by an independent school district, may not deduct the collection fee before school tax funds are presented to the depository for the school district; since, pursuant to KRS 160.510, the sheriff, and special tax collector also, are obligated to make monthly statements of the amount of school taxes collected, all tax amounts collected must be turned over to the depository of the district board of education. OAG 82-587. (Opinion prior to effective date of 1982 amendment.)

A school system may write a monthly check for the collection fee for the collection of taxes providing the sheriff delivers a proper bill; a school may monthly, or bimonthly, agree to pay the sheriff his fee, up to four percent, covering the school taxes

collected for the particular reporting period, based upon a showing by the sheriff of the reasonable costs incurred in collecting the school taxes. OAG 82-587. (Opinion prior to effective date of 1982 amendment.)

It is clear from the express language and context of subsection (1) of this section that the one and one-half percent fee must be based upon an actual and reasonable expense at least equal to that percentage; where the facts indicate that the actual and reasonable expense was something less than one and one-half percent, only that lesser percentage could be paid the sheriff. Regardless of the statutory fee treatment given by the General Assembly, the sheriff's fee cannot exceed the actual and reasonable cost of collection up to a maximum of four percent. OAG 84-325.

The clerk's fee for collecting school ad valorem taxes on motor vehicles is the reasonable cost of collecting such taxes, not to exceed four percent. OAG 84-369.

City is not entitled to a collection fee under this section for its services in collecting a utility gross receipts license tax levied by the County Board of Education when the city is the owner and operator of the water utility taxed. OAG 91-170.

A board of education cannot designate the sheriff to collect some school taxes, and designate an employee to collect the remainder, because a shared responsibility would defeat the legislative intention present in this section and KRS 160.505 to make a single person responsible for collection of the taxes. OAG 92-11.

Collection agencies may not collect school taxes imposed by county school districts because under subsection (1) of this section the sheriff is designated as the party responsible for the collection of school taxes for county schools; the only alternative is provided by KRS 160.505, which authorizes a board of education to "appoint a person who shall be responsible for collection and administration" of the tax which clearly contemplates that the person so appointed will be an employee of the school district rather than a private contractor. OAG 92-11.

While delinquent taxes may be placed in a separate logical category from school taxes in general, it is a category without legal significance; delinquent school taxes are still school taxes, and their collection must comply with the statutory provisions for the collection of school taxes. OAG 92-11.

A board of education cannot designate the sheriff to collect some school taxes, and designate an employee to collect the remainder, because a shared responsibility would defeat the legislative intention present in KRS 160.500 and this section to make a single person responsible for collection of the taxes. 160.510. Taxes paid to depository — Reports of tax collector.

The tax collector shall, on or before the tenth day of each month, pay to the depository of the district board of education the amount of school tax collected up to and including the last day of the preceding month, except that the county clerk shall deduct his collection fee before payment to the district board of education depository. The amount so paid together with the classes of property from which it was received shall be reported in writing to the treasurer of the board. The report shall be accompanied by a duplicate of the receipt for the money given to the tax collector by the depository. The tax collector shall make final settlement with the district board of education at the same time he makes final settlement with the local taxing authority to which he is responsible. Blanks for such purposes shall be furnished by the Kentucky Board of Education.

1. Prior Month's Collection.
2. Liability of Collector.
3. Deduction Before Deposit.

1. Prior Month's Collection.

The sheriff becomes indebted to the school board each month for taxes collected the month before. *Helton v. Hoskins*, 278 Ky. 352, 128 S.W.2d 732, 1939 Ky. LEXIS 426 (Ky. 1939).

2. Liability of Collector.

Acceptance of a tax collector's final settlement release him and his sureties from further liability for delinquent taxes. *McKinney's Adm'x v. Commonwealth*, 260 Ky. 608, 86 S.W.2d 167, 1935 Ky. LEXIS 504 (Ky. 1935).

Where sheriff collected \$201,210.40 in school taxes and at the time of settlement withheld \$8,048.40 representing a fee of 4 percent but claimed \$4,900 as a fee and the board of education claimed he was entitled to only \$800 and the court allowed him \$3,782.75, he was liable for interest on the difference between the \$3,782.75 commission allowed him by the court and the \$8,048.40 he withheld. However, the costs should be divided equally between the sheriff and the board since the fee awarded the sheriff by the court was substantially in excess of the amount to which the board sought to limit him. *Board of Education v. Collins*, 259 S.W.2d 17, 1953 Ky. LEXIS 904 (Ky. 1953).

3. Deduction Before Deposit.

The plain reading of this section requires that the whole amount of school tax collected be paid to the depository; thus, a clerk may not deduct his or her fee prior to paying to the depository of the School District Board of Education the amount of the school tax collected. *Benson v. Board of Education*, 748 S.W.2d 156, 1988 Ky. App. LEXIS 11 (Ky. Ct. App. 1988).

OPINIONS OF ATTORNEY GENERAL.

The gross amount of all tax collections by the sheriff must be paid over to the school district and the school district treasurer should then reimburse the sheriff in the amount of his agreed-to commission. OAG 75-131.

A sheriff acting as collector of school taxes may not, after the 10th of the month, withhold school taxes collected from a district, but if he does withhold beyond the 10th, he is liable for 6% interest on the unpaid amount. OAG 76-54.

A tax collector cannot retain his collection fee out of the school taxes collected; instead, he must turn over to the school board all the taxes collected and the board will then pay him the proper fee. OAG 76-251.

The sheriff has no statutory authority to invest tax money during the period prior to his turning the money over to the appropriate taxing authority. OAG 80-518, modifying OAG 78-9.

A school system need not delay payment of the collection fee until all taxes are collected; a predetermined time, be it monthly or otherwise, for payment by the school district to the sheriff of his fee for school tax collection, if based upon a reasonable approximation of the cost of collection, is legally permissible. OAG 82-587.

OAG 82-587.

A sheriff, or other tax collection agent if retained by an independent school district, may not deduct the collection fee before school tax funds are presented to the depository for the school district; since, pursuant to this section, the sheriff, and special tax collector also, is obligated to make monthly statements of the amount of school taxes collected, all tax amounts collected must be turned over to the depository of the district board of education. OAG 82-587.

160.520. Penalties for tax delinquency — General laws apply.

The laws applying to penalties on and the collection of delinquent school taxes, except the taxes imposed by KRS 160.613 to 160.617 shall be the same as the general laws applying to penalties on and the collection of delinquent taxes of the taxing districts which embrace the various school districts.

2. Liability of Collector.

The collector must account for penalty and interest payable by taxpayer, and he was liable for interest as of the statutory due date. Knox County v. Lewis' Adm'r, 253 Ky. 652, 69 S.W.2d 1000, 1934 Ky. LEXIS 693 (Ky. 1934) (decided under prior law). But see Clarke v. Commonwealth, 233 Ky. 728, 26 S.W.2d 1041, 1930 Ky. 1. District School Funds.
2. Judgment Against County Board of Education.
3. Decisions by Local School Board.

1. District School Funds.

District school funds collected by taxation under the provisions of KRS 160.460 to 160.520 do not become part of the common school fund of the state which is distributed by the state to the various school districts on a per capita basis and the state has nothing to do with the funds of the local school district. Commonwealth ex rel. Meredith v. Reeves, 289 Ky. 73, 157 S.W.2d 751, 1941 Ky. LEXIS 21 (Ky. 1941).

2. Judgment Against County Board of Education.

Fact that there is no fund available to pay judgment against county board of education for refund of illegal taxes does not invalidate judgment, since county board of education may sue and be sued, and sufficient funds may be lawfully raised by taxation and used to pay the judgment. Board of Education v. Louisville & N. R. Co., 280 Ky. 650, 134 S.W.2d 219, 1939 Ky. LEXIS 184 (Ky. 1939).

3. Decisions by Local School Board.

The underlying theme of this section is that the actual decisions addressed hereunder are to be made by the local school board, not the state. Blackburn v. Floyd County Bd. of Educ., 749 F. Supp. 159, 1990 U.S. Dist. LEXIS 18321 (E.D. Ky. 1990).

OPINIONS OF ATTORNEY GENERAL.

Where the General Assembly failed to include a delayed effective date for the provisions regarding the teachers' duty-free lunch period and class-size limitations in grades 1-8 contained in the education package enacted in the 1985 extraordinary session, the effective date of these provisions was October 18, 1985. However, given the restrictions of KRS 160.550(1) and this section, as well as the impracticalities of implementation on October 18, it was doubtful that any local school district could be expected to implement these programs on October 18. Therefore, except where otherwise expressly indicated in a particular provision, the education improvement programs which the local school districts have a duty to implement would have to be implemented by the local school districts beginning with the 1986-87 school year. 1. Floating Indebtedness.

2. Limitation on Borrowing.

Provisions of this section are held to be limitations on actual borrowing, and not on the power to incur indebtedness which is controlled by the Constitution. *Waller v. Georgetown Board of Education*, 209 Ky. 726, 273 S.W. 498, 1925 Ky. LEXIS 589 (Ky. 1925) (decided under prior law).

A county board of education can accumulate a valid indebtedness only by borrowing in anticipation of the collection of a levy an amount not exceeding the total of said taxes to be collected, which borrowing is to be paid from said revenue when collected. *Farson v. County Board of Education*, 100 F.2d 974, 1939 U.S. App. LEXIS 4586 (6th Cir. Ky. 1939).

A county board of education has no authority to incur or refund indebtedness in excess of revenue, and recitals in its resolution furnish no basis for estoppel. *Farson v. County Board of Education*, 100 F.2d 974, 1939 U.S. App. LEXIS 4586 (6th Cir. Ky. 1939).

A school board cannot validly anticipate revenue in excess of the amount which it has fixed in its budget. *Ebert v. Board of Education*, 278 Ky. 75, 128 S.W.2d 185, 1939 Ky. LEXIS 375 (Ky. 1939).

3. Liquidation of Notes.

Where county board of education had incurred a \$141,000 debt represented by promissory notes due to great deficiency in allocable franchise tax collections and the expenditures giving rise to the debt were for legitimate school purposes, revenue bonds could be issued to liquidate the indebtedness and an annual special tax in excess of maximum regular ad valorem tax levy authorized by statute could be levied to amortize principal and interest of funding bonds validly issued by the county school district where the maximum regular levy provided by KRS 160.475 was insufficient. *Bell v. Board of Education*, 343 S.W.2d 804, 1961 Ky. LEXIS 433 (Ky. 1961).

OPINIONS OF ATTORNEY GENERAL.

KRS 58.430 does not implicitly repeal or in any way modify the maximum interest rate a school district may pay on money borrowed in anticipation of taxes. OAG 80-571.

160.550. Expenditure of funds in excess of income and revenue of any year.

(1) No superintendent shall recommend and no board member shall knowingly vote for an expenditure in excess of the income and revenue of any year, as shown by the budget adopted by the board and approved by the Kentucky Board of Education, except for a purpose for which bonds have been voted or in case of an emergency declared by the Kentucky Board of Education.

(2) Any school district having authorized an expenditure in violation of subsection (1) of this section may be so certified at any time by the Kentucky Board of Education. A district so certified shall thereafter, any contrary statutory provisions notwithstanding, make no expenditure of money, give no authorization involving the expenditure of money, and make no employment, purchase, or contract, unless the chief state school officer has approved in writing, as fiscally sound and necessary, the expenditure, authorization, employment, purchase, or contract. Any expenditure, authorization, employment, purchase, or contract made in violation of this subsection shall be void.

(3) Any school district subject to the provisions of subsection (2) of this section shall so remain until such time as the Kentucky Board of Education has approved, in conformity with KRS 160.470, a budget for the district for a succeeding fiscal year.

(4) In addition to the penalties set forth in KRS 160.990, any person who knowingly expends or authorizes the expenditure of school district funds or who knowingly authorizes or executes any employment, purchase, or contract, in violation of this section, shall be jointly and severally liable in person and upon any official bond he has given to such district to the extent of any payments on the void claim. For purposes of this section, "knowingly" shall mean a person acts with respect to conduct or to a circumstance described by a statute defining an offense when he is aware that his conduct is of that nature or that the circumstance exists.

4. Penalties.

1. Annual Cash Basis.

Aside from certain capital outlay expenditures, all of the statutes relating to school financing contemplate that school districts shall operate on a cash basis from year to year. *Bell v. Board of Education*, 308 Ky. 848, 215 S.W.2d 1007, 1948 Ky. LEXIS 1065 (Ky. 1948).

2. Expenditures Limited to Budget.

A school board cannot validly anticipate revenue in excess of the amount which it has fixed in its budget. *Ebert v. Board of Education*, 278 Ky. 75, 128 S.W.2d 185, 1939 Ky. LEXIS 375 (Ky. 1939).

3. Amended or Supplemental Budget.

Where a county board proposed to construct a new school, revised plans setting out the financing as well as the architectural plans must be submitted in the form of an amended or supplemental budget to the state board for consideration and approval. (This opinion has prospective effect only and did not impair the validity of any revenue bonds already issued.) *Bell v. Board of Education*, 308 Ky. 848, 215 S.W.2d 1007, 1948 Ky. LEXIS 1065 (Ky. 1948).

OPINIONS OF ATTORNEY GENERAL.

A local board of education may never legally present a deficit budget for approval; the fact that a local board can show that it will live within its means for a current fiscal year but cannot eradicate a carried forward deficit does not put the district in a legal financial posture. OAG 79-464.

A local superintendent and local board members who violate this section may be prosecuted and fined in the District Court for this violation and are subject to removal from office. OAG 79-464.

The intent of this section is that every fiscal year will be commenced by each public common school district with a balanced budget. OAG 79-464.

This section and 702 KAR 3:050 clearly prohibit a "running" deficit financial status by a local board of education. OAG 79-464.

This section and 703 KAR 3:050 safeguard against deficit spending by local boards of education. OAG 79-464.

Under this section, once the local board of education finds itself in an emergency situation, it applies to the State Superintendent of Public Instruction who, if he finds the evidence supports the claim of an emergency, submits the application and his finding for approval to the State Board for Elementary and Secondary Education (now State Board of Education), which application, if approved, would permit a deficit expenditure to be carried forward to the next year during which the deficit must be eradicated. OAG 79-464.

Where the General Assembly failed to include a delayed effective date for the provisions regarding the teachers' duty-free lunch period and class-size limitations in grades 1-8 contained in the education package enacted in the 1985 extraordinary session, the effective date of these provisions was October 18, 1985. However, given the restrictions of KRS 160.530 and subsection (1) of this section, as well as the impracticalities of implementation on October 18, it was doubtful that any local school district could be expected to implement these programs on October 18. Therefore, except where otherwise expressly indicated in a particular provision, the education improvement programs which the local school districts have a duty to implement would have to be implemented by the local school districts beginning with the 1986-87 school year. OAG 85-132.

160.560. Treasurer of board of education — Selection — Bond — Duties.

(1) Each board of education shall elect a treasurer for the board. The board may elect its secretary to serve as treasurer. The board may remove the treasurer from office at any time for cause by a vote of a majority of the members of the board.

(2) The treasurer shall execute an official bond for the faithful performance of the duties of his office, to be approved by the local board and the commissioner of education. The bond shall be guaranteed by a surety company authorized to do business in this state, and shall be in an amount determined by the board of education in accordance with the administrative regulations promulgated by the Kentucky Board of Education. The premium on the bond shall be paid by the board of education. A copy of the bond shall be filed with the board of education and with the commissioner of education.

(3) The treasurer shall receive all moneys to which the board is entitled by the Constitution or by the statutes, except as otherwise provided by law, or which may in any way come into its possession, and deposit such funds in the properly designated depository. He shall withdraw such funds from the depository only upon proper order of the board. He shall keep a full and complete account of all funds in such manner and make such reports concerning them as is required by the board of education or by the Kentucky Board of Education. He shall preserve all records relating to the transactions and duties of the office and turn them over to his successor along with all public funds in his hands and all accounts and records after due and proper audit is made by a competent outside agent when he is required to do so by the board of education.

(4) The treasurer shall issue his check on the depository for payment of all legal claims which have been authorized for payment in accordance with policies previously adopted by the local board of education and approved by the commissioner of education.

OPINIONS OF ATTORNEY GENERAL.

The treasurer of a local board of education, who received a salary of \$10.00 per month and who had a pecuniary interest in an agency that sold insurance to the board of education, would be disqualified as treasurer if the pecuniary interest in

the sale, direct or indirect, was in excess of \$25.00. OAG 61-211.

The secretary and treasurer of the city board of education and the treasurer of the county board of education were disqualified from serving on the electric plant board. OAG 61-846.

While a board of education may discharge its secretary and its attorney at any time, the board may only remove its treasurer for cause by a vote of three members of the board and the treasurer is entitled to a hearing as to the cause of removal. OAG 73-128.

The treasurer of a county school board is considered a state officer and may not at the same time serve as commissioner of a municipal public utility which office in all probability constitutes a municipal office and, even if not, constitutes municipal employment. OAG 74-707.

As this section requires each board of education to elect a treasurer but is silent as to compensation for the treasurer, under the general powers given to boards of education under KRS 160.290, the board may fix a reasonable compensation. OAG 75-461.

160.570. Depository of board — Bond — Duties.

(1) Each board of education shall appoint a bank, trust company, or savings and loan association to serve as its depository, and if its annual receipts from all sources exceed one hundred thousand dollars (\$100,000), it may designate three (3) depositories, except boards of education of school districts in counties containing cities of the first class may designate up to six (6) depositories. The depository may be designated for a period not to exceed two (2) years, and before entering upon its duties shall agree with the board as to the rate of interest to be paid on average daily or monthly balances.

(2) The depository selected shall, before entering upon its duties, provide collateral in accordance with KRS 41.240, to be approved by the local board of education in accordance with Kentucky Board of Education administrative regulations, and to be approved by the commissioner of education. A board of education may enter into an agreement with its depository whereby the premium on collateral guaranteed by a surety company may be paid either by the board or by the depository. If the board pays the premium, the depository shall allow the board not less than two percent (2%) interest on its average daily or average monthly balances.

(3) The depository shall hold for the board all funds deposited by the treasurer of the board or its tax collector or duly authorized agent, subject to withdrawal by the board at any time, and shall pay all funds

so deposited to such person and in such manner as the board directs. The depository shall keep full and complete accounts of all of the board's funds, and make reports to the board or its authorized agents upon request. The depository shall keep all records relating to the transactions and duties of the office and turn them over to the successor of its office along with all school funds in hand. The board of education may at any time require a due and proper audit of the depository's records of the funds of the board by a competent outside agent.

1. Bond.
2. — Approval.
3. — Alterations.
4. — Form.
5. Application of Funds.
6. Audit of Records.
7. Liability for Failure of Depository.

1. Bond.

The bond of a depository is a guarantee of the security of the funds and the assurance that they will be delivered on demand, and such bond imposes a greater responsibility than a bond conditioned upon the faithful performance of the duties of an officer. *Phillips v. Board of Education*, 283 Ky. 173, 140 S.W.2d 819, 1940 Ky. LEXIS 292 (Ky. 1940).

2. — Approval.

Failure of school board or officer to approve or secure approval of bond of depository does not affect liability of sureties on bond, since requirement for approval is for protection of public funds and not for benefit of sureties, and since government is not responsible for laches or wrongful acts of its officers. *Bennett v. County Board of Education*, 273 Ky. 143, 116 S.W.2d 302, 1938 Ky. LEXIS 612 (Ky. 1938).

3. — Alterations.

Burden was on plaintiff seeking to recover from defendants as sureties on depository bond to prove that alterations changing bond from treasurer's bond to depository bond were made prior to defendants' signatures, or if subsequent, by their agreement. *Phillips v. Board of Education*, 283 Ky. 173, 140 S.W.2d 819, 1940 Ky. LEXIS 292 (Ky. 1940).

4. — Form.

The bond need not be signed by the principal. *United States Fidelity & Guaranty Co. v. Board of Education*, 228 Ky. 426, 15 S.W.2d 255, 1929 Ky. LEXIS 559 (Ky. 1929) (decided under prior law).

5. Application of Funds.

A bank, which is treasurer of a school board, and to which the board is indebted, cannot apply funds held by it to satisfaction of a matured debt due it by the board. *Citizens' Bank of Morehead v. Rowan County Board of Education*, 245 Ky. 384, 53 S.W.2d 549, 1932 Ky. LEXIS 584 (Ky. 1932).

6. Audit of Records.

Statutory power to audit records of depository was merely an addition to the powers of the board and was not intended as limiting or restricting the inherent power to conduct its final affairs. *Lewis v. Morgan*, 252 S.W.2d 691, 1952 Ky. LEXIS 1019 (Ky. 1952).

7. Liability for Failure of Depository.

Treasurer and sureties are not liable for failure of a depository when its selection is by law given to another. *Edwards v. Logan County*, 244 Ky. 296, 50 S.W.2d 83, 1932 Ky. LEXIS 393 (Ky. 1932).

OPINIONS OF ATTORNEY GENERAL.

Subsection (4) of this section does not require the county board of education to designate a depository within the county. OAG 60-554.

Subsection (1) of this section requires that interest be paid on the average daily or monthly balances of school board funds in a depository. OAG 60-554.

While the exact rate is not specified, subsection (1) of this section requires that some interest be paid. OAG 60-600.

The requirements of this section are mandatory, not directory, and unless they are fully complied with there has been no valid designation of a depository. OAG 60-600.

Boards of education may place their general funds in banks designated as depositories pursuant to this section and obtain from such banks certificates of deposit representing time deposits of surplus funds subject to withdrawal on demand. OAG 64-70.

A local board of education is violating the law if it deposits money in a bank other than its named depository bank. OAG 79-538.

Applicable Kentucky administrative regulations could be amended to lawfully provide that obligations of a Federal Farm Credit Bank, the Federal National Mortgage Association and the Federal Home Loan Bank could be used as collateral as security for the depository bond mentioned in this section, since KRS 41.240(4)(a) permits as collateral obligations or securities issued or guaranteed by any federal governmental agency. All sums arising from any gift, grant, or devise by any person wherein the intent is expressed that the same is to be used to aid in the education of children in any school district in this state shall be held and used for the purposes specified in the gift, grant, or devise. The district board of education shall receive the gift, grant, or devise for the benefit of the schools of its district and shall hold and use it as requested by the donor or deviser, provided that the purpose for which it is used shall be in harmony with the aims and general program of public education in this state.

Analysis

1. Application.
2. Trustee.
3. Discretionary Powers of Board.

1. Application.

The jurisdiction conferred by KRS 160.290 relates to school property arising from public funds and necessarily does not apply to specific charitable trust donations made to a particular type of school district for its exclusive benefit, which are controlled by this section. *Board of Education v. Todd County Board of Education*, 289 Ky. 803, 160 S.W.2d 170, 1942 Ky. LEXIS 645 (Ky. 1942).

2. Trustee.

The county board of education in taking out insurance policy on district school building built by specific charitable trust donation was only a naked trustee of the property, while pupils of district school were the real beneficiaries and thus entitled to proceeds of the insurance. *Board of Education v. Todd County Board of Education*, 289 Ky. 803, 160 S.W.2d 170, 1942 Ky. LEXIS 645 (Ky. 1942).

3. Discretionary Powers of Board.

School board could make a white male high school coeducational although the land on which the school was built was partially purchased with funds contributed by the alumni association and the school board allowed the alumni association to be made a third party to the deed conveying the land and inserted a covenant that the school board agreed with the alumni association that it would hold said property for the exclusive use and benefit of white male students since the covenant in the deed was void as interfering with the exercise by the school board of its discretionary powers in the management and control of the public schools under its jurisdiction and against general public policy. *Board of Education v. territory of the school district except as provided in subsection (2) of this section.

(2) Two (2) or more boards of education may agree in writing to levy identical school taxes authorized by KRS 160.605 to 160.611, 160.613 to 160.617, and 160.621 to 160.633. After the levying in each district so agreeing of a tax under the terms of such agreement, the receipts from said tax shall be held in a common fund and disbursed therefrom to each district on the basis of average daily attendance, as set forth in KRS 160.644. 1. Utility Tax.**2. — Levy.**

As presently worded, this section and KRS 160.644 do not prohibit an individual school district from unilaterally levying a utility tax on the territory within its school district. Moreover, the legislature obviously intended this practice to be the rule rather than the exception. *Board of Education v. Independent Bd. of Education*, 681 S.W.2d 429, 1984 Ky. App. LEXIS 497 (Ky. There is nothing in this section and KRS 160.644 to preclude a school district which had agreed with another district or districts to levy taxes from rescinding that agreement and levying the taxes unilaterally. *Board of Education v. OPINIONS OF ATTORNEY GENERAL.

A board of education of a school district has no discretion as to the subject of the utility gross receipts license tax. OAG 66-551.

Unless a county board of education had acted in bad faith the fiscal court had no alternative but to accept the school budget as presented to them and levy the requested three percent utility gross receipts license tax. OAG 67-435.

If the school board complies with this section and with KRS 160.603, the fiscal court is mandatorily required to levy a utility gross receipts license tax, within 15 days of such request, at the rate requested. OAG 69-367.

The term "shall" in the statute is mandatory. OAG 69-367.

Where a school board complies with the provisions of this section and KRS 160.603, the fiscal court is mandatorily required to levy the requested tax within 15 days of such request and at the rate requested. OAG 72-365.

It would appear that a school board which does not wish to have the tax applied to its district should make such fact known by formal written motion entered into the board minutes. OAG 72-471.

Under the 1972 amendment to this section the voters of one district can recall the tax for that particular district while the voters of another district can vote to have the tax remain in effect. OAG 72-471.

If the fiscal court refuses to levy a requested tax, the school board would have the right to sue the court to compel the levy but if only a minority of the members of the court vote against the levy the board would have no right of action against such minority. OAG 72-521.

The fiscal court is required to levy a requested tax when it is presented with a properly passed resolution of the school board requesting such tax. OAG 72-521.

This section empowers either of two county school districts to levy a utilities tax under KRS 160.613. OAG 72-521.

Any school district in which a special school tax is levied or about to be levied may petition for a referendum to recall said tax within the district and such recall would not have to be on a countywide basis. OAG 72-576.

Where a petition to have the issue of a school tax placed on the ballot is filed, the names of residents of an independent school district which does not desire to have the tax imposed in its jurisdiction may properly be removed from the petition. OAG 72-579.

Districts which have taken no action to either request or deny a levy may come in at a later date and make a request as applicable to their particular district. OAG 72-603.

Once the fiscal court has approved a requested levy the question of whether or not such tax should be levied may be passed on to the voters pursuant to the procedures specified in KRS 160.485. OAG 72-603.

The 1972 amendment to this section amends by implication the provisions of KRS 160.485 insofar as that section provides for recall on a countywide basis. OAG 72-603.

The question of the imposition of a utilities gross receipts tax should be placed on the ballot only in the territory encompassed by the three districts requesting the tax. OAG 72-603.

The tax is to be imposed only in the territorial limits of the district making the request for the levy. OAG 72-603.

The word "shall" appearing in this section is mandatory. OAG 75-152.

Where the school board had requested the fiscal court to levy a gross receipts utility tax for school purposes after compliance with this section and KRS 160.603 and the fiscal court refused to levy such tax, the county attorney could not

represent the school board if a suit against fiscal court became necessary because of conflict of interest as county attorney pursuant to KRS 69.210. OAG 75-152.

Where a county adopts a three percent utility gross receipts license tax for schools, pursuant to subsection (1) of this section the applicable board or boards of education must levy the school tax, not the fiscal court, since the fiscal court has nothing to do with the levying and collecting of this tax. OAG 80-331.

The consequence of the 1976 amendment to this section was to let school districts that had been mandatorily tied together by preexisting law go their separate ways unless they requested in writing to levy an identical tax as a combined taxing district and had that request approved by the State Board of Education. School districts that had their request approved by the State Board would have the receipts from the tax distributed between the districts based upon average daily attendance as set forth in KRS 160.644. If this positive step of requesting the State Board of Education approval was not sought, each school district by itself continued to levy the tax, but was limited to the territory of its school district. Of course, any school district wishing to decrease the rate of its tax or cease levying the tax altogether could do so. OAG 82-146.

When levying a utilities gross receipts license tax for the purpose of complying with the minimum equivalent tax rate requirement set forth in KRS 160.470(12)(a) (now KRS 160.470(9)(a)) or for the purpose of participating in the "Tier 1" program set forth in KRS 157.440, a school board must follow the notice and hearing requirements of this section and KRS 160.603, but the recall provisions of KRS 160.597 do not apply. OAG 90-88.

160.595. Only one tax to be in effect at any time. [Repealed.]

Compiler's Notes.

This section (Enact. Acts 1966, ch. 24, part III, § 2; 1972, ch. 203, § 20; 1972, ch. 271, § 2; 1976, ch. 127, § 9) was repealed by Acts 1984, ch. 43, § 2, effective July 13, 1984.

160.597. Levy recall procedure.

Any school tax authorized by KRS 160.593 to 160.597, 160.601 to 160.633, and 160.635 to 160.648 may be recalled as follows:

(1)(a) The order or resolution levying any of the school taxes designated in this section shall go into effect not less than forty-five (45) days nor more than ninety (90) days after its passage.

(b) During the forty-five (45) days immediately following the passage of the order or resolution, any five (5) qualified voters who reside in the school district levying the tax may commence petition proceedings to protest the passage of the order or resolution by filing with the county clerk an affidavit stating that they constitute the petition committee and that they will be responsible for circulating the petition and filing it in the proper form within forty-five (45) days from the passage of the order or resolution. The affidavit shall state their names and addresses and specify the address to which all notices to the committee are to be sent. Upon receipt of the affidavit, the county clerk shall:

1. At the time of filing of the affidavit, notify the petition committee of all statutory requirements for the filing of a valid petition under this section;

2. At the time of the filing of the affidavit, notify the petition committee that the clerk will publish a notice identifying the tax levy being challenged and providing the names and addresses of the petition committee in a newspaper of general circulation within the county, if such publication exists, if the petition committee remits an amount equal to the cost of publishing the notice determined in accordance with the provisions of KRS 424.160 at the time of the filing of the affidavit. If the petition committee elects to have the notice published, the clerk shall publish the notice within five (5) days of receipt of the affidavit; and

3. Deliver a copy of the affidavit to the school board or combined taxing district.

(c) The petition shall be filed with the county clerk within forty-five (45) days of the passage of the order or resolution. All papers of the petition shall be uniform in size and style and shall be assembled in one (1) instrument for filing. Each sheet of the petition shall contain the names of voters from one (1) voting precinct only, and shall include the name, number and designation of the precinct in which the voters signing the petition live. The inclusion of an invalid signature on a page shall not invalidate the entire page of the petition, but shall instead result in the invalid signature being stricken and not counted. Each signature shall be executed in ink or indelible pencil and shall be followed by the printed name, street address, and Social Security number or birthdate of the person signing. The petition shall be signed by a number of registered and qualified voters residing in the affected jurisdiction equal to at least ten percent (10%) of the total number of votes cast in the last preceding presidential election, except in consolidated local governments, where the petition shall be signed by a number of registered and qualified voters equal to at least five percent (5%) of the total number of votes cast in the last preceding presidential election.

(d) Upon the filing of the petition with the county clerk, the order or resolution shall be suspended from going into effect for that district until after the election provided for in subsection (2) of this section is held, or until the petition is finally determined to be insufficient and no further action may be taken pursuant to paragraph (h) of this subsection.

(e) The county clerk shall immediately notify the school board or combined taxing district that the petition has been received and shall, within thirty (30) days of receipt of the petition, make a determination of whether the petition contains enough signatures of qualified voters to place the order or resolution before the voters.

(f) If the county clerk finds the petition to be sufficient, the clerk shall certify to the school board or combined taxing district and the petition committee within the thirty (30) day period provided for in paragraph (e) of this subsection, that the petition is properly presented and in compliance with the provisions of this section, and that the

order or resolution levying the tax will be placed before the voters for approval.

(g) If the county clerk finds the petition to be insufficient, the clerk shall, within the thirty (30) day period provided for in paragraph (e) of this subsection, notify, in writing, the petition committee and the school district or combined taxing district levying the tax of the specific deficiencies found. Notification shall be sent by certified mail, and shall be published at least one (1) time in a newspaper of general circulation within the county containing the school district levying the tax or, if there is no such newspaper, shall be posted at the courthouse door.

(h) A final determination of the sufficiency of a petition shall be subject to final review by the Circuit Court of the county in which the school district is located, and shall be limited to the validity of the county clerk's determination. Any petition challenging the county clerk's final determination shall be filed within ten (10) days of the issuance of the clerk's final determination.

(2) If the petition is sufficient, the county clerk shall, at the option of the district board of education, either submit the question to the voters of the school district at the next regular election or submit the question to the voters of the school district at a called common school election, which is to be held not less than thirty-five (35) days nor more than forty-five (45) days from the date the signatures on the petition are validated by the county clerk. Any called common school election shall comply with the provisions of KRS 118.025. If the election is to be held in conjunction with a regular election, the question shall be submitted to the county clerk not later than the second Tuesday in August preceding the regular election. The question shall be so framed that the voter may by his vote answer, "for" or "against." If a majority of the votes cast in a district or combined taxing district upon the question oppose its passage, the order or resolution shall not go into effect in that district or combined taxing district. If a majority of the votes cast in a district or combined taxing district upon the question favor its passage, the order or resolution shall go into effect in that district. If the election is to be held in more than one (1) school district within a county, the votes shall be counted separately. The cost of a called common school election shall be borne by the school district causing the election to be held.

(3) If any statute in existence on June 17, 1978, is found to be in conflict with any provision of this section, the provisions of this section shall prevail.

NOTES TO DECISIONS

Analysis

1. Constitutionality.
2. Application.
3. Timeliness of Petition.
4. Sufficiency of Petition.
5. Verification by Affidavit.
6. Levy Subject to Recall.
7. Levy Not Subject to Recall.

1. Constitutionality.

The present school funding statutes permit local Boards of Education to raise funds through property taxes and permissive taxes such as the utilities tax; base funding and Tier One funding can be produced by a property tax not subject to voter recall and this nonrecallable option enables Boards of Education to fund schools without relying on permissive taxes; the General Assembly has supplied a mechanism to satisfy base funding, as well as Tier One funding, according to the mandate of Section 183 of the Kentucky Constitution; and that is all that *Rose v. Council for Better Educ., Inc.*, 790 S.W.2d 186, 1989 Ky. LEXIS 55 (Ky. 1989) requires. *Board of Educ. v. Brooks*, 824 S.W.2d 431, 1992 Ky. App. LEXIS 22 (Ky. Ct. App. 1992).

2. Application.

The county Board of Education argued that the enactment of KRS 160.614 indicated that the General Assembly intended that the recall provisions of this section would not be applicable to utility taxes levied to provide base or Tier One funding, but KRS 160.614 merely expanded the utilities subject to a permissive school funding levy to include cable television and in the absence of a strong statutory indication to the contrary, an express statute will not be deemed to have been abrogated by implication. *Board of Educ. v. Brooks*, 824 S.W.2d 431, 1992 Ky. App. LEXIS 22 (Ky. Ct. App. 1992).

3. Timeliness of Petition.

Where the 30th day following the levy of a utility gross receipts tax was a Saturday, and the taxpayers' petition to recall the levy and place the question before the voters for approval was filed on the following Monday, the county board of elections erroneously refused to consider the petition on the ground that it was not filed within the 30-day period since, under KRS 446.030(1) and (2), the last day of the period is not included in the 30 days if it is a Saturday or Sunday; however, the taxpayers' remedy was to reapply to the board of elections, pointing out the error, rather than to file an action in court. *Taxpayer's Action Group v. Madison County Bd. of Elections*, 652 S.W.2d 666, 1983 Ky. App. LEXIS 294 (Ky. Ct. App. 1983).

4. Sufficiency of Petition.

Circuit court erred in granting summary judgment to a board of education and declaring that the county clerk erred in certifying a tax recall petition because "petition committee" was merely a convenient way to refer to the individuals who initiated the petition and did not deprive them of standing, although there were technical flaws, given the liberal construction afforded to statutes, the petition substantially complied with the statutory requirements, and the county clerk properly determined that because the committee did not request publication of notice, none was required. *Petition Comm. v. Bd. of Educ.*, 509 S.W.3d 58, 2016 Ky. App. LEXIS 109 (Ky. Ct. App. 2016).

5. Verification by Affidavit.

Where affidavits were merely read, signed, and notarized, and only one circulator of the petition testified that some form

of oath may have taken place, while testimony of the others was clear that it did not, the petitions were not "verified by affidavit" as required by this section. *Board of Elections v. Board of Education*, 635 S.W.2d 324, 1982 Ky. App. LEXIS 221 (Ky. Ct. App. 1982).

An affidavit implies the taking of an oath as to the truth of its contents. A later administration of an oath to persons who previously signed affidavits cannot make the affidavits sufficient after the time has elapsed for filing the petitions to be verified, nor does the later administration of an oath constitute the "newly discovered evidence" provided for in Civil Rule 59.01(g). *Board of Elections v. Board of Education*, 635 S.W.2d 324, 1982 Ky. App. LEXIS 221 (Ky. Ct. App. 1982).

6. Levy Subject to Recall.

County Board of Education's levy of a utility gross receipts license tax, designed to produce additional revenue up to 15% of the base funding level, was subject to statutory recall election provisions. *Board of Educ. v. Brooks*, 824 S.W.2d 431, 1992 Ky. App. LEXIS 22 (Ky. Ct. App. 1992).

School district board of education's levy of a utility gross receipts license tax on cable television services, pursuant to subsection (2) of KRS 160.614, was subject to the levy recall procedure set out in this section. *Owensboro Cablevision v. Libs*, 863 S.W.2d 331, 1993 Ky. App. LEXIS 60 (Ky. Ct. App. 1993).

7. Levy Not Subject to Recall.

The 1990 change in KRS 160.470(10) and (11) (now KRS 160.470(9) and (10)) prevents voter recall of a property tax levy if the tax revenue is intended to provide mandatory minimum base funding or permissive Tier One funding, but under the previous funding scheme, the "notwithstanding" language of KRS 160.470 had no abrogative effect on voter recall of permissive utility taxes and the General Assembly preserved this right in the funding scheme. *Board of Educ. v. Brooks*, 824 S.W.2d 431, 1992 Ky. App. LEXIS 22 (Ky. Ct. App. 1992).

OPINIONS OF ATTORNEY GENERAL.

A recall petition must be filed within 30 days following the passage of the order or resolution of the fiscal court levying the tax. OAG 72-522.

A county may proportionately reduce the occupational license tax imposed under KRS 160.605 by enacting an ordinance with a logical arrangement for such a reduction, when the tax is to be levied after the start of the fiscal year and likewise penalties may be imposed for failure to pay the tax, but such penalties must be codified by ordinance. OAG 78-383.

It is the responsibility of the county board of elections to frame the question for the ballot proposal for recall of school taxes under this section. OAG 79-462.

Where a county board of education levied a utility gross receipts tax pursuant to an order authorized by KRS 160.613, after which a recall petition was presented to the county board of elections requesting that the tax levy be placed on the ballot for voter approval or disapproval, the board of education's subsequent withdrawal of the tax levy order was a valid exercise of its discretion and the board of elections would not be required to still submit the recall question to the voters, since the necessity of the public having to bear the expense of holding such an election would serve no useful purpose. OAG 80-442.

When levying a utilities gross receipts license tax for the purpose of complying with the minimum equivalent tax rate requirement set forth in KRS 160.470(12)(a) (now KRS 160.470(9)(a)) or for the purpose of participating in the "Tier 1" program set forth in KRS 157.440, a school board must follow the notice and hearing requirements of KRS 160.593 and KRS 160.603, but the recall provisions of this section do not apply. OAG 90-88.

Any board complying fully with the provisions of KRS 160.614 and KRS 160.603 is not subject to the provisions of this section. OAG 90-96.

160.599. Emergency loans to public common school districts.

(1) A special fund is hereby created which shall be known as "the emergency revolving school loan fund account," hereinafter referred to as account. This account, which shall be administered by the Kentucky Board of Education, is for the purpose of providing emergency loans to eligible public common school districts.

(2) In order to be eligible for a loan from the account, a school district shall meet all of the following conditions:

(a) A loss of physical facilities must have been suffered as a result of a fire or a natural disaster;

(b) Insurance on such facilities was insufficient to replace the loss;

(c) The district is bonded to practical capacity and has insufficient resources to meet its immediate capital outlay needs as determined by an investigation of the chief state school officer.

(3) As an alternative to the criteria in subsection (2) of this section, a school district shall be eligible for a loan from the account if the sheriff has failed to collect or disburse delinquent tax revenue, which is for the benefit of the school district, within the fiscal year that the school district is to utilize those receipts according to its budget.

(4) Under the criteria of subsection (2) of this section, no loan from the account shall be made for a period in excess of ten (10) years, and under the criteria of subsection (3) of this section, no loan from the account shall be made for a period in excess of three (3) years. The maximum amount of any one (1) loan from the account shall not exceed two hundred fifty thousand dollars (\$250,000) and shall be determined by the Kentucky Board of Education on recommendation of the chief state school officer.

(5) The Kentucky Board of Education shall establish the terms and conditions for repaying the principal of such loan and interest shall not be charged on the loan. No loan shall cover a loss prior to January 1, 1972.

(6) School districts eligible under this section to borrow from the account shall file formal application for such loan on forms provided by the state department of education. Before any loan is made, the application must be approved by the Kentucky Board of Education on the recommendation of the chief state school officer.

(7) All repayments of loans made under this section shall be paid into the emergency revolving school loan fund account, which shall be funded by an appropriation through the biennial budget. Balances remaining

in the fund shall not revert to the general fund at the end of any fiscal year.

(8) On approval of the loan application by the Kentucky Board of Education on the recommendation of the chief state school officer, the Finance and Administration Cabinet, on the certification of the chief state school officer, shall draw a warrant on the State Treasurer for the amount of the approved loan that is due the school district. The check shall be issued by the State Treasurer and transmitted to the Department of Education for distribution to the proper official of the school district when the district has complied with the rules and regulations of the Kentucky Board of Education.

(9) Any loan to a local school district under the provisions of this section shall not be considered as an indebtedness of the school district within the meaning of Sections 157 and 158 of the Kentucky Constitution.

Baker v. Strode, 348 F. Supp. 1257, 1971 U.S. Dist. LEXIS 14893 (W.D. Ky. 1971).

OPINIONS OF ATTORNEY GENERAL.

A board of education of a school district has no discretion as to the subject of the utility gross receipts license tax. OAG 66-551.

Any settlement of claims for taxes owed, including interest and penalties, would be a diversion of school fund moneys for a purpose other than that of the common schools. OAG 88-46.

Interest and penalties on past due and unpaid taxes belong to the local school district in the same manner as the taxes. OAG 88-46.

The allowance of a settlement or compromise of interest and penalties which have accrued to taxes owed a school district would be a circumvention of the provisions of this section. The result of the settlement or reduction would be that the property for which the tax was reduced would have been taxed at a different rate, which would be determined only upon the negotiating skills of the parties involved. OAG 88-46.

There is no statute which allows a local board to remit or release a claim for taxes, interest or penalty, in whole or in part. OAG 88-46.

160.603. Notice and hearing before levy.

No school district board of education shall levy any of the school taxes authorized by KRS 160.593 to 160.597, 160.601 to 160.633, and 160.635 to 160.648, except the levy required by KRS 160.614(3) and (6), until after compliance with the following:

(1) The school district board of education desiring to levy any one (1) of these taxes shall give notice of any proposed levy of one (1) of the school taxes. Notwithstanding any statutory provisions to the contrary, notice shall be given by causing to be published, at least one (1) time in a newspaper of general circulation published in the county or by posting at the courthouse door if there be no such newspaper, the fact that such levy is being proposed. The advertisement shall state that the district board of education will meet at a place and on a day fixed in the advertisement, not earlier than one (1) week and not later than two (2) weeks from the date of the advertisement, for the purpose of hearing comments and complaints regarding the proposed increase and explaining the reasons for such proposal.

(2) The school district board of education shall conduct a public hearing at the place and on the date advertised for the purpose of hearing comments and complaints regarding the proposed levy and explaining the reasons for such proposal.

(3) In the event that a combined taxing district desires to levy any one (1) of these taxes, the boards of education shall make a joint advertisement and hold a joint hearing in the manner prescribed heretofore for an individual school district.

1. Constitutionality.

The authorization to the school boards to adopt an occupational tax does not violate Const., § 29. *Turrell v. Board of Education*, 441 S.W.2d 767, 1969 Ky. LEXIS 327 (Ky. 1969).

2. Notice.

Wide publicity is not a substitute for statutory compliance, but when coupled with a notice which substantially follows the legal requirements the notice may be held valid. *Turrell v. Board of Education*, 441 S.W.2d 767, 1969 Ky. LEXIS 327 (Ky. 1969).

Where the notice of a public hearing on the adoption of the occupational tax did not state that it was for the purpose of hearing comments and complaints and the number of the house bill under which the hearing was to be held was incorrectly printed but the notice was supported by front-page publicity, there was substantial compliance with the notice requirement. *Turrell v. OPINIONS OF ATTORNEY GENERAL.

Unless a county board of education had acted in bad faith the fiscal court had no alternative but to accept the school budget as presented to them and levy the requested three percent utility gross receipts license tax. OAG 67-435.

If the school board complies with KRS 160.593 and with this section, the fiscal court is mandatorily required to levy a utility gross receipts license tax, within 15 days of such request, at the rate requested. OAG 69-367.

Where a school board complies with the provisions of this section and KRS 160.593, the fiscal court is mandatorily required to levy the requested tax within 15 days of such request and at the rate requested. OAG 72-365.

Where the fiscal court levies the utility gross receipts license tax authorized by KRS 160.613, the public should be notified by the school board in compliance with this section. OAG 74-288.

Where the school board had requested the fiscal court to levy a gross receipts utility tax for school purposes after compliance with KRS 160.593 and this section and the fiscal court refused to levy such tax, the county attorney could not represent the school board if a suit against fiscal court became necessary because of conflict of interest as county attorney pursuant to KRS 69.210. OAG 75-152.

The utility gross receipts license tax is levied by the fiscal court at the request of the school district board of education. OAG 80-22.

When levying a utilities gross receipts license tax for the purpose of complying with the minimum equivalent tax rate requirement set forth in KRS 160.470(12)(a) (now KRS 160.470(9)(a)) or for the purpose of participating in the "Tier 1" program set forth in KRS 157.440, a school board must follow the notice and hearing requirements of KRS 160.593 and this section, but the recall provisions of KRS 160.597 do not apply. OAG 90-88.

Any board complying fully with the provisions of KRS 160.614 and this section is not subject to the provisions of KRS 160.597. OAG 90-96.

160.605. Occupational tax — Exemptions.

There is hereby authorized the levy of an occupational license tax for schools on salaries, wages, commissions, and other compensation of individuals for work done and services performed or rendered in a county and on the net profits of all businesses, profes-

sions, or occupations from activities conducted in a county. No public service company which pays an ad valorem tax is required to pay an occupational license tax for schools. No occupational license tax for schools shall be imposed upon or collected from any insurance company, bank, trust company, combined bank and trust company, combined trust, banking and title business in this state, any savings and loan association whether state or federally chartered, or upon income received by members of the Kentucky National Guard for active duty training, unit training assemblies, and annual field training, or upon income received by precinct workers for election training or work at election booths in state, county, and local primary, regular, or special election.

Compiler's Notes.

This section (Enact. Acts 1966, ch. 24, Part III, § 6; 1976, ch. 104, § 3; 1976, ch. 301, § 8) was repealed and reenacted by Acts 1990, ch. 476, Part V, § 459, effective July 13, 1990.

Section 10 of Acts 1998, ch. 509, provided that the 1998 amendments to this section "apply to tax years beginning after December 31, 1997."

NOTES TO DECISIONS

Analysis

1. Constitutionality.
2. Resolution and Order.
3. Notice of Hearing.

1. Constitutionality.

The statute did not make an unconstitutional delegation of authority to tax. *Turrell v. Board of Education*, 441 S.W.2d 767, 1969 Ky. LEXIS 327 (Ky. 1969).

2. Resolution and Order.

Where a resolution was adopted making the tax levy at the meeting of the fiscal court on July 2, 1968 and it was implemented by amendment at the August 20 meeting and the amendment did not change the amount, nature or purpose of the levy, there was no violation of the enabling statute. *Turrell v. Board of Education*, 441 S.W.2d 767, 1969 Ky. LEXIS 327 (Ky. 1969).

Where the resolution and order as amended adopting the tax levy did not provide for all possible controversies, it was not void for uncertainty. *Turrell v. Board of Education*, 441 S.W.2d 767, 1969 Ky. LEXIS 327 (Ky. 1969).

3. Notice of Hearing.

Where the notice of a public hearing on the adoption of the occupational tax did not state that it was for the purpose of hearing comments and complaints and the number of the house bill under which the hearing was to be held was incorrectly printed but the notice was supported by front-page publicity, there was substantial compliance with the notice requirement. *Turrell v. Board of Education*, 441 S.W.2d 767, 1969 Ky. LEXIS 327 (Ky. 1969).

OPINIONS OF ATTORNEY GENERAL.

A county may impose an occupational license tax for school purposes under this section only as to earned income and such

a tax can be levied against natural or artificial persons as to the amount of income earned or services performed within the county limits, except as to those activities which are isolated, occurring infrequently (nonsystematic) or are a result of temporary special employment and, furthermore, an occupational license tax may be imposed upon a federal reservation by a county, notwithstanding the exclusive jurisdiction of the federal government. OAG 78-383.

A county may proportionately reduce the occupational license tax imposed under KRS 160.605 by enacting an ordinance with a logical arrangement for such a reduction, when the tax is to be levied after the start of the fiscal year and likewise penalties may be imposed for failure to pay the tax, but such penalties must be codified by ordinance. OAG 78-383.

A proportionate deduction may be used where the taxing ordinance is effectuated during the middle of a calendar-tax year, so long as it is logically arranged. OAG 78-383.

If a Union County business, whether a partnership or a corporation, performs work and services outside the county, only that portion which is earned in Union County is taxable. OAG 78-383.

The board of education can require the employer to comply with the occupational license tax ordinance by explicitly stating in a separate ordinance a penalty for failure to comply. OAG 78-383.

The scope of an occupational license tax as relates to revenue received for the privilege of engaging in a livelihood is confined to earned income. OAG 78-383.

Where a person resides is not the basis for levying an occupational license tax; the touchstone is where the person works and whether that activity is continuous or systematic. OAG 78-383.

Where an employee enters his place of employment is not important; rather, the question is where he is to perform the work, and therefore, in the case of a coal miner, the location of the entrance to the mine is unimportant but the location of the vein he works is important. OAG 78-383.

Union county may impose and collect an occupational license tax on earned income of persons employed at Camp Breckinridge. OAG 78-383.

160.607. Rate of tax.

(1) The school tax authorized by KRS 160.482 to 160.488 and 160.605 shall be at a single uniform rate not to exceed one-half of one percent (0.5%) and shall continue from year to year until changed as prescribed in KRS 160.635 and 160.484.

(2) Any county having three hundred thousand (300,000) or more inhabitants is authorized to increase the school tax rate to exceed the maximum set in subsection (1) of this section by one-quarter of one percent (0.25%).

This section (Enact. Acts 1966, ch. 24, Part III, § 8; 1976, ch. 127, § 12) was repealed and reenacted by Acts 1990, ch. 476, Part V, § 461, effective July 13, 1990.

NOTES TO DECISIONS

1. Constitutionality.

This section, which exempts nonresidents of the county from paying the license or occupational tax for schools, did not violate either the state or federal Constitutions because it taxed only the persons living in that area that would receive the benefit. *Board of Education v. Board of Education*, 458 S.W.2d 6, 1970 Ky. LEXIS 160 (Ky. 1970).

**UTILITY GROSS RECEIPTS
LICENSE TAX FOR SCHOOLS**

160.613. Utility gross receipts license tax — Exemptions — User liable if supplier is exempt — Direct pay authorization — Tollers.

(1) There is hereby authorized a utility gross receipts license tax for schools not to exceed three percent (3%) of the gross receipts derived from the furnishing, within the district, of utility services, except that "gross receipts" shall not include amounts received for furnishing:

(a) Energy or energy-producing fuels to a person engaged in manufacturing or industrial processing as provided in subsection (3) or (4) of this section, if that person provides the utility services provider with a copy of its utility gross receipts license tax energy direct pay authorization, as provided in subsection (3) of this section, and the utility service provider retains a copy of the authorization in its records;

(b) Utility services which are to be resold; or

(c) Notwithstanding subsection (2) of this section, electricity used or consumed at a colocation facility in commercial mining of cryptocurrency:

1. If the facility operator provides the utility services provider with a copy of its utility gross receipts license tax exemption certificate, as authorized by subsection (6) of this section, and the utility service provider retains a copy of the exemption certificate in its records; or

2. If the utility service provider is a governmental agency, the facility operator shall retain the exemption certificate in its records.

(2) If any user of utility services purchases the utility services directly from any supplier who is exempt either by state or federal law from the utility gross receipts license tax, then the user of the utility services, if the tax has been levied in the user's school district, shall be liable for the tax and shall register with and pay directly to the department, in accordance with the provisions of KRS 160.615, a utility gross receipts license tax for schools computed by multiplying the gross cost of all utility services received by the tax rate levied under the provisions of this section.

(3) A person engaged in manufacturing or industrial processing whose cost of energy or energy-producing fuels used in the course of manufacturing or industrial processing exceeds an amount equal to three percent (3%) of the cost of production may apply to the department for a utility gross receipts license tax energy direct pay authorization. Cost of production shall be computed on the basis of a plant facility, which shall include all operations within the continuous, unbroken, integrated manufacturing or processing production process that ends with a product packaged and ready for sale. If the person receives confirmation of eligibility from the department, the person shall:

(a) Provide the utility services provider with a copy of the utility gross receipts license tax energy direct pay authorization issued by the department for all purchases of energy and energy-producing fuels; and

(b) Report and pay directly to the department, in accordance with the provisions of KRS 160.615, the utility gross receipts license tax due.

(4) A person who performs a manufacturing or industrial processing activity for a fee and does not take ownership of the tangible personal property that is incorporated into, or becomes the product of, the manufacturing or industrial processing activity is a toller. For periods on or after July 1, 2018, the costs of the tangible personal property shall be excluded from the toller's cost of production at a plant facility with tolling operations in place as of July 1, 2018.

(5) For plant facilities that begin tolling operations after July 1, 2018, the costs of tangible personal property shall be excluded from the toller's cost of production if the toller:

(a) Maintains a binding contract for periods after July 1, 2018, that governs the terms, conditions, and responsibilities with a separate legal entity, which holds title to the tangible personal property that is incorporated into, or becomes the product of, the manufacturing or industrial processing activity;

(b) Maintains accounting records that show the expenses it incurs to fulfill the binding contract that

include but are not limited to energy or energy-producing fuels, materials, labor, procurement, depreciation, maintenance, taxes, administration, and office expenses;

(c) Maintains separate payroll, bank accounts, tax returns, and other records that demonstrate its independent operations in the performance of its tolling responsibilities;

(d) Demonstrates one (1) or more substantial business purposes for the tolling operations germane to the overall manufacturing, industrial processing activities, or corporate structure at the plant facility. A business purpose is a purpose other than the reduction of utility gross receipts license tax liability for the purchases of energy and energy-producing fuels; and

(e) Provides information to the department upon request that documents fulfillment of the requirements in paragraphs (a) to (d) of this subsection and gives an overview of its tolling operations with an explanation of how the tolling operations relate and connect with all other manufacturing or industrial processing activities occurring at the plant facility.

(6)(a) The operator of a colocation facility primarily engaged in the commercial mining of cryptocurrency may apply to the department for a utility gross receipts license tax exemption certificate. If the operator receives confirmation of eligibility from the department, it:

1. Shall provide the utility services provider with a copy of the utility gross receipts license tax exemption certificate issued by the department for all purchases of electricity; or

2. Keep the certificate on file if the utility service provider is a governmental agency.

(b) The utility gross receipts license tax exemption shall be effective from the date of confirmation of eligibility until June 30, 2030.

History.

Enact. Acts 1966, ch. 24, Part III, § 9; 1974, ch. 250, § 1, 1980, ch. 27, § 1, effective March 6, 1980; repealed and reenact., Acts 1990, ch. 476, Pt. V, § 462, effective July 13, 1990; 1998, ch. 500, § 1, effective July 15, 1998; 2002, ch. 69, § 5, effective July 15, 2002; 2004, ch. 79, § 2, effective July 1, 2005; 2014, ch. 137, § 1, effective July 15, 2014; 2019 ch. 151, § 74, effective June 27, 2019; 2021 ch. 122, § 2, effective July 1, 2021.

Compiler's Notes.

This section (Enact. Acts 1966, ch. 24, Part III, § 9; 1974, ch. 250, § 1, 1980, ch. 27, § 1, effective March 6, 1980) was repealed and reenacted by Acts 1990, ch. 476, Part V, § 462, effective July 13, 1990.

Legislative Research Commission Notes.

(6/27/2019). Section 82 of 2019 Ky. Acts ch. 151 states that the amendments to this statute made in Section 74 of that Act apply to transactions occurring on or after July 1, 2019.

(6/27/2019). This statute was amended in Section 74 of 2019 Ky. Acts ch. 151. Section 86 of that Act reads, "No claim for refund or credit of a tax overpayment for any taxable period ending prior to July 1, 2018, made by an amended return, tax refund application, or any other method after June 30, 2018, and based on the amendments to subsection (3) of Section 27 of this Act or based on the amendments to Section 74 [this statute] or 75 of this Act, shall be recognized for any purpose."

(6/27/2019). This statute was amended in Section 74 of 2019 Ky. Acts ch. 151. Section 87 of that Act reads, "Notwithstanding KRS 446.090, the amendments to subsection (3) of Section 27 of this Act [KRS 139.480] and the amendments to Sections 74 [this statute] and 75 [KRS 160.613] of this Act are not severable. If the amendment made to subsection (3) of Section 27 of this Act or the amendments to Section 74 or 75 of this Act is declared invalid for any reason, then all amendments to subsection (3) of Section 27 of this Act and the amendments to Sections 74 and 75 of this Act shall also be invalid."

(7/12/2006). 2005 Ky. Acts ch. 123, relating to the creation and organization of the Environmental and Public Protection Cabinet, instructs the Reviser of Statutes to correct statutory references to agencies and officers whose names have been changed in that Act. Such a correction has been made in this section.

NOTES TO DECISIONS

Analysis

1. Constitutionality.
2. Liability for Tax.
3. Exemptions.
4. Regulations.
5. Refund.
6. Recall Election.

1. Constitutionality.

The tax authorized under this section is for state purposes and, therefore, does not violate the provisions of Ky. Const., § 181. *Lamar v. Board Education*, 467 S.W.2d 143, 1971 Ky. LEXIS 359 (Ky. 1971).

Taxation of gross receipts from sales of gas which has moved in interstate commerce and is delivered direct to a Kentucky consumer is not an infringement of the commerce clause of the United States Constitution. *Texas Gas Transmission Corp. v. Board of Education*, 502 S.W.2d 82, 1973 Ky. LEXIS 70 (Ky. 1973).

The county regulation requiring the payment of the Utility Gross Receipts License Tax by the direct payment method in order to claim the exemption under this section to the extent that the cost of energy or energy-producing fuels used by a manufacturer, processor, miner, or refiner exceeds three percent of its cost of production, did not violate Ky. Const., §§ 171 and 172, as the regulation was neither arbitrary nor unreasonable, and the taxpayer was not assessed for excess tax. *Martin Marietta Aluminum, Inc. v. Hancock County Bd. of Education*, 806 F.2d 678, 1986 U.S. App. LEXIS 34147 (6th Cir. Ky. 1986).

2. Liability for Tax.

Where a fiscal court levied a utility gross receipts license tax of three percent pursuant to KRS 160.613 and a utility therefore increased its customers' bills by three percent (3%) pursuant to KRS 160.617, the utility was the taxpayer liable for its consequent increase in gross receipts since such receipts were not exempt from sales tax and the increase could not be considered as a tax on customers in which the utility company merely acted as a collection agency. *Luckett v. Electric & Water Plant Board*, 558 S.W.2d 611, 1977 Ky. LEXIS 543 (Ky. 1977).

Although not regulated as a public utility, a broker derived utility gross receipts when it furnished natural gas directly to a customer. Thus, the broker was subject to imposition of utility tax under KRS 160.613(1). *Commonwealth v. St. Joseph Health Sys., Inc.*, 398 S.W.3d 446, 2013 Ky. App. LEXIS 11 (Ky. Ct. App. 2013).

Any entity, whether regulated as a public utility or not, that furnishes utility services derives utility gross receipts from the furnishing of those utility services and, therefore, is

subject to imposition of utility tax under KRS 160.613(1). *Commonwealth v. St. Joseph Health Sys., Inc.*, 398 S.W.3d 446, 2013 Ky. App. LEXIS 11 (Ky. Ct. App. 2013).

3. Exemptions.

The county regulation requiring the payment of the Utility Gross Receipts License Tax in order to claim the exemption under subsection (1) of this section did not enlarge or limit the terms of the legislative enactment, and the county fiscal court had the authority to promulgate regulations for the collection of the tax; therefore, the regulation did not violate the law, and the taxpayer was not entitled to a refund for the overpaid tax on the ground that the regulation was invalid and it paid the excess tax involuntarily. *Martin Marietta Aluminum, Inc. v. Hancock County Bd. of Education*, 806 F.2d 678, 1986 U.S. App. LEXIS 34147 (6th Cir. Ky. 1986).

The regulation requiring the payment of the Utility Gross Receipts License Tax by the direct payment method in order to claim the exemption to the extent that the cost of energy or energy-producing fuels used by a manufacturer, processor, miner or refiner exceeds three percent (3%) of its cost of production did not conflict with the enabling statute. *Martin Marietta Aluminum, Inc. v. Hancock County Bd. of Education*, 806 F.2d 678, 1986 U.S. App. LEXIS 34147 (6th Cir. Ky. 1986).

A local regulation providing for a local utility tax for the purpose of collecting revenue for schools was invalid to the extent that it allowed taxpayers with an energy direct pay authorization (EDPA) to claim an exemption for energy costs that exceeded three percent (3%) of the cost of production and provided no regulatory scheme for a refund of excess tax paid prior to the time a taxpayer is eligible to obtain an EDPA. *Inland Container Corp. v. Mason County Bd. of Educ.*, 6 S.W.3d 374, 1999 Ky. LEXIS 149 (Ky. 1999).

4. Regulations.

Where the direct payment method caused less disruption in the finances of the county school district, the county regulation which gave refunds or credits to taxpayers who paid according to the direct payment method when their cost of energy or energy-producing fuels used exceeded three percent (3%) of their cost of production, but denied it to those who failed to use that method, did not violate the equal protection clause of the Fourteenth Amendment of the United States Constitution. *Martin Marietta Aluminum, Inc. v. Hancock County Bd. of Education*, 806 F.2d 678, 1986 U.S. App. LEXIS 34147 (6th Cir. Ky. 1986).

5. Refund.

Since the Utility Gross Receipts License Tax is a local tax and the moneys levied by the tax are not paid into the state treasury, KRS 134.580 would not provide a refund to a taxpayer. *Martin Marietta Aluminum, Inc. v. Hancock County Bd. of Education*, 806 F.2d 678, 1986 U.S. App. LEXIS 34147 (6th Cir. Ky. 1986).

6. Recall Election.

County Board of Education's levy of a utility gross receipts license tax, designed to produce additional revenue up to 15% of the base funding level, was subject to statutory recall election provisions. *Board of Educ. v. Brooks*, 824 S.W.2d 431, 1992 Ky. App. LEXIS 22 (Ky. Ct. App. 1992).

LEXIS 141 (Ky. 1972); *Board of Elections v. Board of Education*, 635 S.W.2d 324, 1982 Ky. App. LEXIS 221 (Ky. Ct. App. 1982); *Board of Education v. OPINIONS OF ATTORNEY GENERAL.

A board of education of a school district has no discretion as to the subject of the utility gross receipts license tax. OAG 66-551.

Bottled gas companies are not utilities and are not subject to the utility gross receipts license tax. OAG 66-555.

Electrical power furnished to coal mines for the purpose of mining coal would be exempt from the three percent utility gross receipts license tax if it can be shown by the mining companies that such electrical power consumed by them is more than three percent of their total cost of production. OAG 66-599.

The county fiscal court would be the proper party to institute any legal action to enforce the collection and payment of the utility gross receipts license tax. OAG 66-599.

Electrical power furnished to coal mines for the purpose of mining coal would be exempt from the three percent utility gross receipts license tax to the extent that such power used by the companies exceeds three percent of their total cost of production. OAG 66-663.

A county school board could request a budget increase and the levy of a utility gross receipts license tax in the same year. OAG 66-675.

The utility gross receipts license tax would not apply to the sale of mineral spring water, fuel oil, or drinking water in a particular school district. OAG 67-51.

Since the utility gross receipts license tax for schools is on the vendor there is no exemption for agencies of the federal government. OAG 67-201.

A water district is not required to pay the three percent utility tax on sewerage charges where such charges are made a part of the total water bill and are not itemized or separated on the bill to the customer. OAG 67-282.

Utility companies are not responsible for payment of the three percent tax on sewerage charges when the charge is determined from water consumption but is separated from the rest of the utility bill. OAG 67-282.

The monthly remittance of the gross receipts license tax for schools is mandatory and the Attorney General's office has no authority to approve a different period for the payment of the tax. OAG 67-403.

Unless a county board of education had acted in bad faith the fiscal court had no alternative but to accept the school budget as presented to them and levy the requested three percent utility gross receipts license tax. OAG 67-435.

For a pulp and paper company the price of pulp wood and other raw materials would be excluded from operating costs. OAG 68-58.

Each source of energy or energy-producing fuel would be taxable to the extent it does not exceed three percent of production. OAG 68-58.

In determining the cost of energy or energy-producing fuels each type of energy-producing fuel would have to be treated separately. OAG 68-58.

The cost to a pulp and paper company of treating water from the river could be treated as cost of production, but not as a cost of energy or energy-producing fuels. OAG 68-58.

A natural gas pipeline company, required by the provisions of KRS 278.485 to furnish gas to homeowners living adjacent to its lines, but not required to serve the public in general, is not a public utility and is not required to collect the tax imposed by this section. OAG 68-179.

The school board may request the tax at any time. OAG 69-17.

The levy can become effective within a reasonable time after the provisions of this section have been complied with, which would be 30 to 60 days. OAG 69-17.

A county public library is required to pay a school tax on utilities. OAG 69-202.

If the school board complies with KRS 160.593 and with 160.603, the fiscal court is mandatorily required to levy a utility gross receipts license tax, within 15 days of such request, at the rate requested. OAG 69-367.

The collection of the tax authorized by this section is limited to utility services furnished to customers located within the county and would not extend to utility services furnished customers in an adjoining state. OAG 69-576.

Energy furnished a company for manufacturing, processing, mining, or refining purposes would be exempt from the utility gross receipts tax only to the extent that the cost of the energy used exceeds three percent of the cost of production. OAG 70-757.

The housing authority of Lexington, under the provisions of KRS 80.190, is required to pay the utility gross receipts license tax for schools provided for in this section. OAG 70-788.

The procedure for reducing the tax is set out in KRS 160.635. OAG 71-323.

This section contains no tax exemptions for counties and other political subdivisions. OAG 72-460.

A city-owned utility, as well as a public utility, is required to pay the three percent utility gross receipts tax for schools when it has been enacted by the fiscal court upon request of the school district after notice and hearing in accordance with KRS 160.603. OAG 73-822.

A city-owned utility is not entitled to be paid the expense of collecting the utility gross receipts tax since it may pass the tax on to consumers through a rate increase which, in contrast to a public utility under the Public Service Commission, may be done without commission approval. OAG 73-822.

Whether or not a rural electric cooperative corporation increases its rates it must pay the utility gross receipts license tax for schools provided in KRS 160.613 since the exemption provided for in KRS 279.200 was repealed by the later enactment of KRS 160.613 and 160.617, leaving as the only exemption that provided for in KRS 160.613. OAG 74-507.

As the tax authorized by this section may be passed on to the customers directly as a rate increase, the amounts paid thereunder are not deductible by the utility for state income tax purposes. OAG 74-814.

The flat charge for the furnishing of energy to security lights would fall within the definition of gross receipts set out in this section and would subject such fee to the tax provided in the section. OAG 75-432.

A rural water district required to pay the utility gross receipts tax may increase its rates by 3%, but the increase shall be noted on the bills as a "rate increase for school taxes" and any expenses incurred in passing the tax on to the customers must be absorbed by the utility company. OAG 75-455.

The state, county and city governments are subject to the utility gross receipts license tax authorized by this section. OAG 76-269.

Where a water district, which purchases water from the municipal water and sewer commission, sells water to its own customers and bills them individually, the water district must pay the utility gross receipts license tax to the county finance officer on the amount it bills to its individual customers, but if the customers resell the water to commercial haulers, then the customers must pay the utility tax. OAG 76-269.

Since the utility gross receipts license tax is denominated a rate increase with only those exceptions set out herein, religious institutions would not be exempt from paying the tax. OAG 80-22.

A school board is not prohibited from decreasing the tax rate below the maximum three percent if, in the board's discretion, such a decrease is deemed warranted. OAG 80-59.

The local board of education has discretion to adopt a resolution calling for the levying of a utility gross receipts license tax for an indefinite number of years to come or to

prescribe a predetermined number of years for existence of the tax. OAG 80-59.

Where a county board of education levied a utility gross receipts tax pursuant to an order authorized by this section, after which a recall petition was presented to the county board of elections requesting that the tax levy be placed on the ballot for voter approval or disapproval pursuant to KRS 160.597, the board of education's subsequent withdrawal of the tax levy order was a valid exercise of its discretion and the board of elections would not be required to still submit the recall question to the voters, since the necessity of the public having to bear the expense of holding such an election would serve no useful purpose. OAG 80-442.

The furnishing of telephonic communications services "within the county" is the taxable event and the basis of the county's jurisdiction to impose the gross receipts tax. OAG 82-45.

The installation, maintenance and continued provision of telephones to residents within a county must constitute the furnishing of "telephonic communications services" and the phrase "telephonic communications services" makes no distinction between local calls and intrastate long distance calls; consequently, there is no reasonable basis to assume that the legislature ever intended to make such a distinction. OAG 82-45.

Any intrastate long distance telephone call which is made to or from a telephone located within a county where the tax is applicable and which is billed to that telephone is subject to the utility gross receipts license tax and the customer's payment for such a call would then be included in "gross receipts" as defined in this section; any suggestion that such a payment should not be included in gross receipts is simply not supported by the plain language of this section since the only amounts that are to be exempted from gross receipts are specifically set out and those exemptions do not include receipts from intrastate long distance telephone calls. OAG 82-45.

Two (2) school districts, which were a combined taxing district prior to 1976 amendment of KRS 160.593, were no longer a combined taxing district for the levying of the three percent utility gross receipts license tax, where, at no time after June 19, 1976, did the two (2) school districts seek and obtain written approval from the State Board of Education to continue to levy an identical tax as a combined taxing district. OAG 82-146.

A religious institution is not exempt from paying the utility gross receipts license tax. OAG 82-190.

The 3% utility gross receipts license tax authorized by this section may not be collected on sewerage and thus the water usage and sewerage usage will have to be separated on the bill in order for the 3% to be charged only on the water usage. OAG 82-519.

Upon a merger of a county school district and an independent school district, the utility gross receipts license tax of three percent in effect in the county school district would become effective as to the entire merged district. OAG 83-325.

Telephonic communications services encompass telephonic equipment provided to consumers by telephone companies for a periodic fee which would be included in gross receipts subject to the tax. OAG 83-346.

Since cable television is not specifically named in this section, and does not fall within the meaning of "telephonic and telegraphic communications services" because it is not a form of communication provided by telephones or telegraphs, the tax does not apply to cable television. OAG 83-346.

Even though a utility company may raise its rates under KRS 160.617 to compensate for the utility gross receipts license tax levied by this section, this does not make it a tax levied on the customers; it remains the utility company's liability. Consequently, the Providence Housing Authority, a tax exempt organization, is not exempt from paying the added

cost since it is not paying the utility gross receipts license tax, it is paying for utility services. OAG 83-445.

The utility gross receipts tax is not actually a tax on the consumer, but rather is a tax on the utility itself although the utility does have the statutory authority, under KRS 160.617, to pass on the tax to the consumer; there is no statutory basis for providing an exemption to any consumer. OAG 84-70.

Where the only road by which one could gain access to property located in a county which had a utility gross receipts tax was through the adjacent county, which did not have such tax, and where the Property Valuation Administrators of the two counties agreed to allow residents of such property to pay their property taxes in adjacent county in exchange for the county magistrate in that area caring for the roads and providing other services to these people, such arrangement had no valid legal basis and residents of the property were not entitled to exemption from utility gross receipts tax if their property was within the boundaries of the county school district, even though their children attended school in the adjacent county. OAG 84-70.

While this section does contain an exemption for utilities that are resold, it is obvious that the exemption applies only to utility purchases that are resold as utilities, in which event the reseller becomes liable for the tax as a supplier of the utility; in the case of a brick manufacturer, presumably the water purchases represent the cost of a raw material necessary for production; although the water may be a component of the finished bricks, nobody buys bricks to get the water out of them and therefore, the manufacturer may not be deemed to be reselling the water utility, and consequently its water purchases are taxable. OAG 92-22.

County is obligated to pay the cost of taxes imposed on utilities that are passed through to the county as a consumer. County is not entitled to a refund of such taxes that have been previously paid. OAG 93-17.

160.6131. Definitions for KRS 160.613 to 160.617.

As used in KRS 160.613 to 160.617:

(1) "Department" means the Department of Revenue;

(2) "Communications service" means the provision, transmission, conveyance, or routing, for consideration, of voice, data, video, or any other information signals of the purchaser's choosing to a point or between or among points specified by the purchaser, by or through any electronic, radio, light, fiber optic, or similar medium or method now in existence or later devised.

(a) "Communications service" includes but is not limited to:

1. Local and long-distance telephone services;
2. Telegraph and teletypewriter services;
3. Postpaid calling services;
4. Private communications services involving a direct channel specifically dedicated to a customer's use between specific points;
5. Channel services involving a path of communications between two (2) or more points;
6. Data transport services involving the movement of encoded information between points by means of any electronic, radio, or other medium or method;
7. Caller ID services, ring tones, voice mail, and other electronic messaging services;
8. Mobile wireless telecommunications service and fixed wireless service as defined in KRS 139.195; and

9. Voice over Internet Protocol (VOIP).

(b) "Communications service" does not include any of the following if the charges are separately itemized on the bill provided to the purchaser:

1. Information services;
 2. Internet access as defined in 47 U.S.C. sec. 151;
 3. Installation, reinstallation, or maintenance of wiring or equipment on a customer's premises. This exclusion does not apply to any charge attributable to the connection, movement, change, or termination of a communications service;
 4. The sale of directory and other advertising and listing services;
 5. Billing and collection services provided to another communications service provider;
 6. Cable service, satellite broadcast, satellite master antenna television, wireless cable service, including direct-to-home satellite service as defined in Section 602 of the federal Telecommunications Act of 1996, and Internet protocol television provided through wireline facilities without regard to delivery technology;
 7. The sale of communications service to a communications provider that is buying the communications service for sale or incorporation into a communications service for sale, including:
 - a. Carrier access charges, excluding user access fees;
 - b. Right of access charges;
 - c. Interconnection charges paid by the provider of mobile telecommunications services or other communications providers;
 - d. Charges for the sale of unbundled network elements as defined in 47 U.S.C. sec. 153(29) on January 1, 2001, to which access is provided on an unbundled basis in accordance with 47 U.S.C. sec. 251(c)(3); and
 - e. Charges for use of facilities for providing or receiving communications service;
 8. The sale of communications services provided to the public by means of a pay phone;
 9. Prepaid calling services and prepaid wireless calling service;
 10. Interstate telephone service, if the interstate charge is separately itemized for each call; and
 11. If the interstate calls are not itemized, the portion of telephone charges identified and set out on the customer's bill as interstate as supported by the provider's books and records;
- (3) "Gross cost" means the total cost of utility services including the cost of the tangible personal property and any services associated with obtaining the utility services regardless from whom purchased;
- (4) "Gross receipts" means all amounts received in money, credits, property, or other money's worth in any form, as consideration for the furnishing of utility services;
- (5) "Utility services" means the furnishing of communications services, electric power, water, and natural, artificial, and mixed gas;
- (6) "Cable service" has the same meaning as in KRS 136.602;

(7) “Satellite broadcast and wireless cable service” has the same meaning as in KRS 136.602;

(8) “Ring tones” has the same meaning as in KRS 136.602;

(9) “Multichannel video programming service” has the same meaning as in KRS 136.602;

(10) “Industrial processing” has the same meaning as in KRS 139.010;

(11) “Manufacturing” has the same meaning as in KRS 139.010;

(12) “Plant facility” has the same meaning as in KRS 139.010;

(13) “Commercial mining of cryptocurrency” has the same meaning as in KRS 139.516; and

(14) “Colocation facility” has the same meaning as in KRS 139.516.

Legislative Research Commission Notes.

(6/27/2019). Section 82 of 2019 Ky. Acts ch. 151 states that the amendments to this statute made in Section 75 of that Act apply to transactions occurring on or after July 1, 2019.

(6/27/2019). This statute was amended in Section 75 of 2019 Ky. Acts ch. 151. Section 86 of that Act reads, “No claim for refund or credit of a tax overpayment for any taxable period ending prior to July 1, 2018, made by an amended return, tax refund application, or any other method after June 30, 2018, and based on the amendments to subsection (3) of Section 27 of this Act or based on the amendments to Section 74 or 75 [this statute] of this Act, shall be recognized for any purpose.”

(6/27/2019). This statute was amended in Section 75 of 2019 Ky. Acts ch. 151. Section 87 of that Act reads, “Notwithstanding KRS 446.090, the amendments to subsection (3) of Section 27 of this Act [KRS 139.480] and the amendments to Sections 74 [KRS 160.613] and 75 [this statute] of this Act are not severable. If the amendment made to subsection (3) of Section 27 of this Act or the amendments to Section 74 or 75 of this Act is declared invalid for any reason, then all amendments to subsection (3) of Section 27 of this Act and the amendments to Sections 74 and 75 of this Act shall also be invalid.”

160.614. Tax on gross receipts from furnishing of cable television services and multichannel video programming services.

(1) A utility gross receipts license tax initially levied by a school district board of education on or after July 13, 1990, shall be levied on the gross receipts derived from the furnishing of cable service in addition to the gross receipts derived from the furnishing of the utility services defined in KRS 160.6131.

(2) A utility gross receipts license tax initially levied by a school district board of education prior to July 13, 1990, shall be levied on the gross receipts derived from

the furnishing of cable service, in addition to the gross receipts derived from the furnishing of the utility services defined in KRS 160.6131, if the school district board of education repeats the notice and hearing requirements of KRS 160.603, but only as to the levy of the tax on the gross receipts derived from the furnishing of cable service.

(3) A utility gross receipts license tax initially levied by a school district board of education on or after July 1, 2005, shall include the gross receipts derived from the furnishing of direct satellite broadcast and wireless cable service in addition to the gross receipts derived from the furnishing of utility services defined in KRS 160.6131 and cable service.

(4) Any school district that has cable service included in the base of a utility gross receipts tax levied prior to July 1, 2005, shall, as of July 1, 2005, include gross receipts derived from the furnishing of direct satellite broadcast and wireless cable service in the base of its utility gross receipts tax at the same rate as applied to cable service, unless the school district board of education chooses to opt out of this requirement by following the procedures set forth in subsection (5) of this section.

(5) Any school district board of education may elect to opt out of the base expansion required by subsection (4) of this section. However, any district electing to opt out of the provisions of subsection (4) of this section shall also remove from the base of its utility gross receipts tax all gross receipts from the furnishing of cable service. To opt out of the provisions of subsection (4) of this section, a school district board of education shall, before May 1, 2005:

(a) Determine the amount of revenue that will be lost from removing gross receipts of cable service from the base of the utility gross receipts tax, and how that revenue will be replaced; and

(b) Provide written notice of the intent to opt out of the base expansion required by subsection (4) of this section to the Department of Revenue, the Department of Education, all cable service providers operating in the district, and the public.

1. Notice to the public shall be accomplished through the publication at least one (1) time in a newspaper of general circulation in the county, or by a posting at the courthouse door if there is no such newspaper, of the fact that the district board has elected to opt out of the base expansion required by subsection (4) of this section. The notice shall include the following information:

a. The amount of revenue that will be lost from removing gross receipts of cable service from the base of the utility gross receipts tax and how that revenue will be replaced; and

b. The date, time, and location of a meeting of the board, not earlier than one (1) week or later than two (2) weeks from the date of the notice, for the purpose of hearing comments regarding the proposed action of the board, and explaining the reasons for the proposed action.

2. The board of education shall conduct a public hearing at the place and on the date and time provided in the notice for the purpose of hearing comments regarding the proposed action of the

board, and explaining the reasons for the proposed action.

(6) A utility gross receipts license tax initially levied by a school district board of education on or after July 1, 2009, shall include the gross receipts derived from the furnishing of multichannel video programming service in addition to the gross receipts derived from the furnishing of utility services.

(7) Any school district board of education that has cable service and direct satellite broadcast and wireless cable service included in the base of a utility gross receipts tax levied prior to July 1, 2009, shall, as of July 1, 2009, include gross receipts derived from the furnishing of Internet protocol television service provided through wireline facilities without regard to delivery technology, in the base of its utility gross receipts tax at the same rate as applied to cable service and direct satellite broadcast and wireless cable service.

Such a correction has been made in this section.

NOTES TO DECISIONS

Analysis

1. Application.
2. Recall Election.
3. Federal Preemption.

1. Application.

The county Board of Education argued that the enactment of this section indicated that the General Assembly intended that the recall provisions of KRS 160.597 would not be applicable to utility taxes levied to provide base or Tier One funding, but this section merely expanded the utilities subject to a permissive school funding levy to include cable television and in the absence of a strong statutory indication to the contrary, an express statute will not be deemed to have been abrogated by implication. *Board of Educ. v. Brooks*, 824 S.W.2d 431, 1992 Ky. App. LEXIS 22 (Ky. Ct. App. 1992).

2. Recall Election.

County Board of Education's levy of a utility gross receipts license tax, designed to produce additional revenue up to 15% of the base funding level, was subject to statutory recall election provisions. *Board of Educ. v. Brooks*, 824 S.W.2d 431, 1992 Ky. App. LEXIS 22 (Ky. Ct. App. 1992).

School district board of education's levy of a utility gross receipts license tax on cable television services, pursuant to subsection (2) of this section, was subject to the levy recall procedure set out in KRS 160.597. *Owensboro Cablevision v. Libs*, 863 S.W.2d 331, 1993 Ky. App. LEXIS 60 (Ky. Ct. App. 1993).

3. Federal Preemption.

Section 602(a) of the Telecommunications Act of 1996 preempts local taxation of direct-to-home broadcast satellite programming; the gross receipt taxes which various local

school district boards of education impose on satellite programming providers pursuant to KRS 160.140 are local taxes which carry the administrative burdens the federal law was intended to avoid. *DirectTV, Inc. v. Treesh*, 290 S.W.3d 638, 2009 Ky. LEXIS 145 (Ky. 2009), cert. denied, 558 U.S. 1111, 130 S. Ct. 1053, 175 L. Ed. 2d 882, 2010 U.S. LEXIS 161 (U.S. 2010).

Providers of broadcast satellite services were not subject to the gross receipts tax of KRS 160.614(3) because the gross receipts tax, as administered, was the sort of local imposition preempted by Pub. L. No. 104-104, Title VI, § 602(a) (reprinted at 47 U.S.C.S. § 152, historical and statutory notes), of the federal Telecommunications Act of 1996. *DirectTV, Inc. v. Treesh*, 290 S.W.3d 638, 2009 Ky. LEXIS 145 (Ky. 2009), cert. denied, 558 U.S. 1111, 130 S. Ct. 1053, 175 L. Ed. 2d 882, 2010 U.S. LEXIS 161 (U.S. 2010).

OPINIONS OF ATTORNEY GENERAL.

Any board complying fully with the provisions of this section and KRS 160.603 is not subject to the provisions of KRS 160.597. OAG 90-96.

The inclusion of cable television services under the utility gross receipts license tax is merely an enlargement of the class of utilities subject to the utility gross receipts license tax and not a new tax. OAG 90-96.

160.6145. Utility gross receipts license tax returns, payments transmitted electronically — Waiver — Administrative regulations. [Repealed.]

Compiler's Notes.

This section (Enact. Acts 2005, ch. 184, § 4, effective June 20, 2005) was repealed by Acts 2010, ch. 147, § 9, effective July 15, 2010.

160.615. Taxes payable, when — Extension.

(1) The school taxes authorized by KRS 160.613 and 160.614 shall be due and payable monthly and shall be remitted to the department on or before the twentieth day of the next succeeding calendar month.

(2) On or before the twentieth day of the month following each calendar month, a return for the preceding month shall be filed with the department in the form prescribed by the department, together with any tax due.

(3) For purposes of facilitating the administration, payment or collection of the taxes levied by KRS 160.613 and 160.614, the department, in consultation with the impacted school district, may permit or require returns or tax payments for periods other than those prescribed in subsections (1) and (2) of this section.

(4) The department may, upon written request received on or prior to the due date of the return or tax, for good cause satisfactory to the department, extend the time for filing the return or paying the tax for a period not to exceed thirty (30) days.

(5) Any person to whom an extension is granted and who pays the tax within the period for which the extension is granted shall pay, in addition to the tax,

interest at the tax interest rate as defined in KRS 131.010(6) from the date on which the tax would otherwise have been due.

OPINIONS OF ATTORNEY GENERAL.

A board of education of a school district has no discretion as to the subject of the utility gross receipts license tax. OAG 66-551.

The monthly remittance of the gross receipts license tax for schools is mandatory and the Attorney General's office has no authority to approve a different period for the payment of the tax. OAG 67-403.

The levy can become effective within a reasonable time after the provisions of KRS 160.613 have been complied with which would be 30 to 60 days. OAG 69-17.

160.6151. Administration of taxes authorized by KRS 160.613 and 160.614.

For purposes of administering the taxes authorized by KRS 160.613 and 160.614 relating to the sourcing of communications services and the rights of customers, the provisions of KRS 136.602, 136.605, and 139.775 shall apply.

History.

Enact. Acts 2004, ch. 79, § 5, effective July 1, 2005; 2007, ch. 141, § 18, effective July 1, 2007.

160.6152. Superintendents to provide information to department and to utilities — Allocation of tax payments — Agreement by participating districts within county to allocate based on average daily attendance — Resolution of conflicts.

(1) The superintendent of schools in each school district levying the tax permitted by KRS 160.593 shall, on or before March 31, 2005, provide to the department and to each entity providing utility services within the school district, the boundaries of the school district.

(2) If the boundaries reported to the department and to each entity providing utility services within the school district change, the superintendent of schools shall report the boundary changes to the department and to each entity providing utility services within the school district.

(3) The department and entities providing utility services within the school district shall allocate tax payments among the various school districts imposing the taxes authorized by KRS 160.613 and 160.614 in accordance with the most recent boundary information provided by the superintendents, as adjusted by any agreements entered into pursuant to KRS 160.6153. The department and entities providing utility services within a school district shall not be responsible for nor subject to the imposition of penalties or interest relating to, distribution errors resulting from incorrect boundary information provided pursuant to this section, and may rely upon the most recent boundary information and any agreements entered into pursuant to KRS 160.6153 and provided by each superintendent as accurate.

(4) If more than one (1) school district board of education within a county levies the taxes permitted under KRS 160.613 or 160.614, the participating districts may choose to allocate the taxes collected and distributed by the department in proportion to the number of pupils in average daily attendance in the participating districts that levy the tax as shown by the final certification by the chief state school officer for the previous school year pursuant to the provisions of KRS 157.310 to 157.440. Implementation of this allocation shall be based on the following provisions:

(a) The participating districts shall provide a jointly executed agreement to the department thirty (30) days prior to the first distribution to be so allocated;

(b) The agreement shall remain in effect until one (1) of the participating districts notifies the department and any other participating districts by certified mail thirty (30) days prior to the effective date of any change in allocation that the agreement is dissolved; and

(c) The department shall make annual adjustments to allocations made pursuant to an agreement entered into under this subsection based upon changes in the number of pupils in average daily attendance in the participating districts as shown by the final certification by the chief state school officer for the previous school year pursuant to the provisions of KRS 157.310 to 157.440.

(5) If there is a conflict regarding school district boundaries, the department may, until the conflict is resolved, distribute the total tax revenues collected for the districts involved in the conflict proportionately to the districts based upon the average daily attendance in the districts for the previous school year.

History.

(3/6/2006). 2006 Ky. Acts ch. 6, § 26, provides that this section applies retroactively to January 1, 2006.

160.6153. Procedure when allocation on taxpayer's return varies from school district boundary information provided by superintendents — Adjustment — Exceptions — Reallocation agreement.

(1) If the department determines that the allocation among districts as submitted by the taxpayer on the

return varies from the school district boundary information submitted to the department pursuant to KRS 160.6152, the department shall:

(a) Make a proposed administrative adjustment to correct the erroneous allocation going forward;

(b) Determine whether the erroneous allocation was used on prior returns and if it was, make a proposed administrative adjustment going back a maximum of one (1) year from the date the erroneous allocation was discovered; and

(c) Retain taxes collected and still on hand for distribution to the impacted districts that are related to the erroneous allocation until the proposed administrative adjustment becomes final.

(2) Within ten (10) days of the discovery of the erroneous allocation, the department shall notify the taxpayer and the impacted school districts in writing of the allocation discrepancy, including the dollar amount at issue, the proposed administrative adjustment to be made, and the process for agreeing to or filing an exception to the proposed administrative adjustment.

(3) The proposed administrative adjustment shall become final upon the earlier of the receipt by the department of written acceptance of the administrative adjustment by all impacted school districts or the expiration of forty-five (45) days from the date of the notice with no exception having been filed.

(4)(a) Exceptions to the proposed administrative adjustment shall be filed with the commissioner of the department, within forty-five (45) days from the date of the notice, and shall include a supporting statement setting forth the basis of the exception. A copy of any exception filed shall also be mailed to the impacted utility services provider and any other impacted school district.

(b) After the exception has been filed, the impacted school district may request a conference with the department. The request shall be granted in writing stating the time and date of the conference. Other impacted school districts and the impacted utility services provider may also attend any conference. Additional conferences may be held upon mutual agreement.

(c) After considering the exceptions filed by the impacted school district, including any information provided during any conferences, a final administrative ruling shall be issued by the department. The final administrative ruling shall be mailed to all impacted school districts as well as the impacted utility services provider.

(d) The impacted school district filing the exception may request in writing a final ruling at any time after filing exceptions and a supporting statement, and the department shall issue the ruling within thirty (30) days after the request is received by the department.

(e) After a final ruling has been issued, the school district may appeal to the Franklin Circuit Court or to the Circuit Court of the county in which the school district is located.

(5) The method and timing of the implementation of a final administrative ruling that requires a reallocation of previously distributed tax receipts shall be determined by agreement of the impacted school dis-

tricts, provided that any agreement allowing for adjustments to be made over time in the future shall not extend beyond four (4) years.

(a) The department shall, upon request of the impacted school districts, assist in the development of an agreement.

(b) An agreement that requires distribution changes that vary from the district boundary information shall be provided to the department so that distributions can be made in accordance with the agreement.

(c) If the impacted school districts fail to reach an agreement regarding the reallocation of previously distributed tax receipts, the department shall adjust distributions going forward for four (4) years so that at the expiration of four (4) years, the district that should have received the original distribution has recouped all of the funds distributed erroneously, and the district that erroneously received the funds has repaid all of the funds distributed erroneously.

History.

Enact. Acts 2004, ch. 79, § 7, effective July 1, 2005; 2006, ch. 6, § 22, effective March 6, 2006.

160.6154. Collection and distribution of taxes imposed under KRS 160.613 and 160.614.

(1) The department shall collect all taxes imposed by school districts pursuant to KRS 160.613 and 160.614, and shall have all the powers, rights, duties, and authority with respect to the collection, refund, and administration of these taxes as provided under KRS Chapters 131, 134, and 135, except as otherwise provided in KRS 160.613 to 160.617. The department shall distribute the taxes collected to each school district imposing the tax on a monthly basis. Distributions shall be made in accordance with the district boundary information submitted to the department pursuant to KRS 160.6152, as modified by any adjustments or agreements made pursuant to the provisions of KRS 160.6153.

(2) From each distribution, the department shall deduct an amount which represents the proportionate share of the department's actual operating and overhead expenses incurred in the collection and administration of the taxes not to exceed one percent (1%) of the amount collected. The department shall report its actual expenses and the allocation of expenses among school districts to the Kentucky Board of Education on a quarterly basis.

(3) As soon as practicable after each return is received, the department may examine and audit it. If the amount of tax computed by the department is greater than the amount returned by the taxpayer, the excess shall be assessed by the department on behalf of the school district within two (2) years from the date prescribed by law for the filing of the return including any extensions granted, except as provided in this section. A notice of the assessment shall be mailed to the taxpayer.

(4) In the case of a failure to file a return or the filing of a fraudulent return, the excess may be assessed at any time.

160.6155. Taxes to be distributed in compliance with KRS 160.613 to 160.617.

The taxes collected by the department pursuant to KRS 160.613 to 160.617 are remitted to the department for administrative purposes only and shall remain the property of the local school districts levying the tax. The amounts so collected shall not be distributed, allocated, expended, or used in any manner except as provided in KRS 160.613 to 160.617.

History.

Enact. Acts 2004, ch. 79, § 12, effective July 1, 2005; 2006, ch. 6, § 24, effective March 6, 2006.

160.6156. Refund of utility gross receipts tax — Effect of utility's rate increase — Appeal to Circuit Court.

(1) Any utility service provider or any registered user of utility services as provided in KRS 160.613(2) or (3) that has paid the utility gross receipts tax imposed by a school district pursuant to KRS 160.613 and 160.614 to the department may request a refund or credit for any overpayment of tax or any payment where no tax was due within two (2) years after the tax due date, including any extensions granted.

(2) A request for refund shall be in writing, and shall be made to the department with a copy to the school district to which the tax was allocated. The request shall state the amount requested, the applicable period, and the basis for the request.

(3)(a) Refunds shall be authorized by the department, in consultation with the chairman or finance officer of the district board of education, with interest as provided in KRS 131.183.

(b) Notwithstanding paragraph (a) of this subsection, a utility service provider shall not be entitled to a refund or credit of the taxes paid under KRS 160.613 or 160.614 if the utility service provider has increased its rates in accordance with KRS 160.617, unless the utility service provider refunds or credits its related customers the amount of overpayment made to the department.

(4) The department shall make authorized tax refunds, including interest, from current tax collections in its possession allocated for distribution to the affected district. Applicable school district distributions and the department administrative expense allocation provided for pursuant to KRS 160.6154(2) shall be adjusted proportionately to reflect refunds paid. If sufficient funds are not available from the current distribution cycle, the department shall pay refunds from subsequent amounts collected for distribution to the affected district until all refund payments, including interest, have been completed.

(5) If the department denies a requested refund in whole or in part, the taxpayer may appeal the denial to the Circuit Court in the county where the school district is located within thirty (30) days from the mailing date of the denial.

(3/6/2006). 2006 Ky. Acts ch. 6, § 26, provides that this section applies retroactively to January 1, 2006.

NOTES TO DECISIONS

1. Applicability.

Because an action challenging the imposition of utility services tax was initiated by the consumer, not the provider, KRS 160.6156(1) was inapplicable and the consumer was not required to exhaust administrative remedies. *Commonwealth v. St. Joseph Health Sys., Inc.*, 398 S.W.3d 446, 2013 Ky. App. LEXIS 11 (Ky. Ct. App. 2013).

160.6157. Penalty provisions applicable to taxes levied by school districts — Penalty imposed for erroneous billing.

(1) The uniform penalty provisions of KRS 131.180 shall apply to all taxes levied by school districts pursuant to KRS 160.613 and 160.614.

(2) In addition to the penalties provided by KRS 131.180 and the taxes imposed under KRS 160.613 and 160.614, any utility service provider that erroneously bills customers after being notified of the error by the department shall be subject to a penalty of twenty-five dollars (\$25) per subsequent error, not to exceed ten thousand dollars (\$10,000) per month.

160.6158. Waiver of penalties.

(1) Notwithstanding any other provisions to the contrary, the commissioner of the department, in consultation with an impacted school district, shall waive any penalty, but not interest, where it is shown to the satisfaction of the department that the failure to file or pay timely is due to reasonable cause.

(2) The penalty imposed by KRS 160.6157(2) may be waived by the department based on reasonable cause.

Such a correction has been made in this section.

160.617. Utility rate increase.

Notwithstanding KRS 278.040(2), or any other provision to the contrary, any utility, cable service provider, or satellite broadcast and wireless cable service provider required to pay the tax authorized by KRS 160.613 or 160.614 may increase its rates in any school district in which it is required to pay the school tax by the amount of the school tax imposed, up to three percent (3%). Any utility, cable service provider, or satellite broadcast and wireless cable service provider so increasing its rates shall separately state on the bills sent to its customers the amount of the increase and shall identify the amount as: “Rate increase for school tax.”

NOTES TO DECISIONS

Analysis

1. Constitutionality.
2. Increase in Gross Receipts.

1. Constitutionality.

This section does not impose an arbitrary or discriminatory tax classification in violation of Ky. Const., §§ 2, 171. *Lamar v. Board Education*, 467 S.W.2d 143, 1971 Ky. LEXIS 359 (Ky. 1971).

2. Increase in Gross Receipts.

Where a fiscal court levied a utility gross receipts license tax of three percent pursuant to KRS 160.613 and a utility therefore increased its customers' bills by three percent pursuant to KRS 160.617, the utility was the taxpayer liable for

its consequent increase in gross receipts since such receipts were not exempt from sales tax and the increase could not be considered as a tax on customers in which the utility company merely acted as a collection agency. *Lockett v. Electric & Water Plant Board*, 558 S.W.2d 611, 1977 Ky. LEXIS 543 (Ky. 1977).

Cited:

Baker v. Strode, 348 F. Supp. 1257, 1971 U.S. Dist. LEXIS 14893 (W.D. Ky. 1971); *Texas Gas Transmission Corp. v. Board of Education*, 502 S.W.2d 82, 1973 Ky. LEXIS 70 (Ky. 1973).

OPINIONS OF ATTORNEY GENERAL.

The utility company should pay the tax to the county finance officer who would then distribute the tax to the school districts in the county. OAG 66-420.

The fiscal court could by regulation require a periodic roster or list of legal users or customers from the utility company. OAG 66-420.

A board of education of a school district has no discretion as to the subject of the utility gross receipts license tax. OAG 66-551.

The county fiscal court would be the proper party to institute any legal action to enforce the collection and payment of the utility gross receipts license tax. OAG 66-599.

Since the utility gross receipts license tax for schools is on the vendor there is no exemption for agencies of the federal government. OAG 67-201.

The three percent (3%) tax can be passed on to the consumer, but if this option is exercised the special three percent (3%) must be identified on the utility bill. OAG 70-757.

Whether or not a rural electric cooperative corporation increases its rates it must pay the utility gross receipts license tax for schools provided in KRS 160.613 since the exemption provided for in KRS 279.200 was repealed by the later enactment of KRS 160.613 and 160.617, leaving the only exemption that provided for in KRS 160.613. OAG 74-507.

A utility may not impose Kentucky sales and use tax upon that part of the bill which is a license tax as there is nothing in the Kentucky Constitution which authorizes the levy of a tax on a tax. OAG 75-221.

Where a water district, which purchases water from the municipal water and sewer commission, sells water to its own customers and bills them individually, the water district must pay the utility gross receipts license tax to the county finance officer on the amount it bills to its individual customers, but if the customers resell the water to commercial haulers, then the customers must pay the utility tax. OAG 76-269.

Even though a utility company may raise its rates under this section to compensate for the utility gross receipts license tax levied by KRS 160.613, this does not make it a tax levied on the customers; it remains the utility company's liability. Consequently, the Providence Housing Authority, a tax exempt organization, is not exempt from paying the added cost since it is not paying the utility gross receipts license tax, it is paying for utility services. OAG 83-445.

The utility gross receipts tax is not actually a tax on the consumer, but rather is a tax on the utility itself although the utility does have the statutory authority, under this section, to pass on the tax to the consumer; there is no statutory basis for providing an exemption to any consumer. OAG 84-70.

160.620. Independent school district at Louisville and Jefferson County Children's Home. [Repealed.]**Compiler's Notes.**

This section (Enact. Acts 1946, ch. 198) was repealed by Acts 1966, ch. 255, § 283.

EXCISE TAX FOR SCHOOLS

160.621. Excise tax on individual income for schools.

There is hereby authorized an excise tax for schools not to exceed twenty percent (20%) on a county resident's state individual income tax liability as computed under KRS Chapter 141. The tax year, for purposes of this school tax, shall be the same as the individual's tax year for state income tax purposes. An individual is a resident of a county if, on December 31 of his tax year, he was domiciled in such county.

This section (Enact. Acts 1966, ch. 24, part III, § 13) was repealed by Acts 1976, ch. 127, § 23.

160.625. Excise tax returns — Payment — Form.

The school tax authorized by KRS 160.621 shall be self-assessing. Each county resident paying state individual income taxes under KRS Chapter 141 shall file, on or before July 1 of each year for calendar year taxpayers and six (6) months after the close of the tax year for all other taxpayers, with the proper tax collector, a return showing his state individual income tax liability and the amount of county school tax due. This school tax shall be remitted with the return and shall be delinquent six (6) months after the close of the individual's tax year. The district board of education shall furnish the necessary tax returns for the administration of this school tax.

160.627. Information on state income tax liability of school district residents — Department of Revenue as tax collector.

(1) The Department of Revenue shall, where that department is not acting as such, make available to the tax collector, or to the school district, where the Department of Revenue is acting as tax collector under subsection (2) of this section, by October 1 of each year, such information as the tax collector or the school district may request concerning the state income tax liability of the school district residents. This information shall be made available on a confidential basis as provided in KRS 131.190.

(2) The Department of Revenue, upon request by a school district, shall act as tax collector for the school tax authorized by KRS 160.621, and the Department of Revenue, where so acting, KRS 160.625 notwithstanding, may in its own discretion incorporate its tax collecting duties with those relative to collection of state individual income taxes under KRS Chapter 141, thereby making an individual's tax payment hereunder due along with his individual income tax payment and subject to law applicable to such as to time and manner of payment. Tax required to be paid under the provisions of this chapter shall be remitted together with the state income tax return. The Department of Revenue, when so acting, KRS 160.500 notwithstanding, shall remit school excise taxes collected to the school districts for which it is acting as tax collector in a reasonably timely and expeditious manner.

OPINIONS OF ATTORNEY GENERAL.

A school board is not prohibited from decreasing the tax rate below the maximum three percent (3%) if, in the board's discretion, such a decrease is deemed warranted. OAG 80-59.

160.637. Administrative costs — Department of Revenue collection procedure.

(1) "Requesting school districts" shall mean those school districts for which the Department of Revenue is requested to act as tax collector under the authority of KRS 160.627(2).

(2) Reasonable expenses not to exceed the actual costs of collection incurred by any tax collector, except the Department of Revenue, for the administration or collection of the school taxes authorized by KRS 160.605 to 160.611, 160.613 to 160.617, and 160.621 to 160.633 shall be reimbursed by the school district boards of education on a monthly basis or on the basis agreed upon by the boards of education and the tax collector. The expenses shall be borne by the school districts on a basis proportionate to the revenue received by the districts.

(3) The following shall apply only when the Department of Revenue is acting as tax collector under the authority of KRS 160.627(2):

(a) When the department is initially requested to be the tax collector under KRS 160.627(2), the department shall estimate the costs of implementing the administration of the tax so requested, and shall inform the requesting school district of this estimated cost. The requesting school district shall pay to the department ten percent (10%) of this estimated

cost referred to as "start-up costs" within thirty (30) days of notification by the department. Subsequent requesting school districts shall pay their pro rata share, or ten percent (10%), whichever is less, of the unpaid balance of the initial "start-up costs" until the department has fully recovered the costs. The payment shall be made within thirty (30) days of notification by the department.

(b) The Department of Revenue shall also be reimbursed by each school district for its proportionate share of the actual operational expenses incurred by the department in collecting the excise tax. The expenses, which shall be deducted by the Department of Revenue from payments to school districts made under the provisions of KRS 160.627(2), shall be allocated by the department to school districts on a basis proportionate to the number of returns processed by the Department of Revenue for each district compared to the total processed by the Department of Revenue for all districts.

(c) All funds received by the department under the authority of paragraphs (a) and (b) of this subsection shall be deposited into an account entitled the "school tax fund account," an account created within the restricted fund group set forth in KRS 45.305. The use of these funds shall be restricted to paying the department for the costs described in paragraphs (a) and (b) of this subsection. This account shall not lapse.

(d) The department may retain a portion of the school tax revenues collected in a special account entitled the "school tax refund account" which is an account created within the restricted fund group set forth in KRS 45.305. The sole purpose of this account shall be to authorize the Department of Revenue to refund school taxes. This account shall not lapse. Refunds shall be made in accordance with the provisions in KRS 134.580(6), and when the taxpayer has made an overpayment or a payment where no tax was due as defined in KRS 134.580(7), within four (4) years of payment.

(e) KRS 160.621 notwithstanding, when the department is acting as tax collector under the authority of KRS 160.627(2), the requesting school district may enact the tax enumerated in KRS 160.621 only at the following rates: five percent (5%), ten percent (10%), fifteen percent (15%), and twenty percent (20%) on a school district resident's state individual income tax liability as computed under KRS Chapter 141.

(f) Beginning August 1, 1982, any school district which requests the department to collect taxes under the authority of KRS 160.627(2) shall inform the department of this request not less than one hundred fifty (150) days prior to January 1.

(g) The department shall not be required to collect taxes authorized in KRS 160.621 of an individual when the department is not pursuing collection of that individual's state income taxes. The department shall not be required to collect or defend the tax set forth in KRS 160.621 in any board or court of this state.

(h) Any overpayments of the tax set forth in KRS 141.020 or payments made when no tax was due may

be applied to any tax liability arising under KRS 160.621 before a refund is authorized to the taxpayer. No individual's tax payment shall be credited to the tax set forth in KRS 160.621 until all outstanding state income tax liabilities of that individual have been paid.

(i) KRS 160.510 notwithstanding, the State Auditor shall be the only party authorized to audit the Department of Revenue with respect to the performance of its duties under KRS 160.621.

Legislative Research Commission Notes.

(6/27/2019). This statute was amended by 2019 Ky. Acts chs. 151 and 196, which do not appear to be in conflict and have been codified together.

(7/13/90). The Act amending this section prevails over the repeal and reenactment in House Bill 940, Acts Ch. 476, pursuant to Section 653(1) of Acts Ch. 476.

160.640. Custodian of tax funds to give bond — Department of Revenue excepted — Expense, how paid.

Any person having custody of the proceeds of any school tax authorized by KRS 160.605 to 160.611, 160.613 to 160.617, and 160.621 to 160.633, except the Department of Revenue, shall be required to secure a corporate surety bond in an amount to be set by the Kentucky Board of Education. The cost of the surety bond shall be considered a part of the cost of the administration of the school taxes authorized under KRS 160.605 to 160.611, 160.613 to 160.617, and 160.621 to 160.633.

History.

Enact. Acts 1966, ch. 24, Part III, § 19; 1976, ch. 127, § 18; 1978, ch. 155, § 82; repealed and reenact. Acts 1990, ch. 476, Pt. V, § 471, effective July 13, 1990; 1996, ch. 362, § 6, effective July 15, 1996; 2004, ch. 79, § 14, effective July 1, 2005; 2005, ch. 85, § 598, effective July 1, 2005.

160.642. Custodian to be audited.

Any person having custody of the proceeds of any school tax authorized by KRS 160.605 to 160.611, 160.613 to 160.617, 160.621 to 160.633 shall be audited as provided by KRS 156.265 to 156.285.

History.

Enact. Acts 1966, ch. 24, Pt. III, § 20; 1972, ch. 203, § 27; repealed and reenact. Acts 1990, ch. 476, Pt. V, § 472, effective July 13, 1990; 1994, ch. 296, § 7, effective July 15, 1994.

Compiler's Notes.

This section (Enact. Acts 1966, ch. 24, Part III, § 20; 1972, ch. 203, § 27) was repealed and reenacted by Acts 1990, ch. 476, Part V, § 472, effective July 13, 1990.

Legislative Research Commission Note.

(9/2/94). By letter of September 2, 1994, the Secretary of the Finance and Administration Cabinet, acting under KRS

48.500, advised the Reviser of Statutes of his determination "that no funds appropriated by the Executive Branch Appropriations Act for the 1995-96 biennium can be identified as having been appropriated for the purpose of implementing Sections 1 to 7 of House Bill No. 616, Chapter (296), Acts of the 1994 Regular Session of the General Assembly." Accordingly, the amendment to this statute contained in 1994 Ky. Acts ch. 296 is void under sec. 3(8) of that Act and has not been codified into the statute.

160.644. Tax proceeds, apportionment to districts.

The school taxes and penalties collected under KRS 160.593 to 160.597, 160.601 to 160.633, 160.635 to 160.648 shall be distributed to the treasurer of the board of education of the school district. In the event that more than one (1) board of education within the county is participating in one (1) of these tax levies, the funds collected shall be distributed in proportion to the tax rate levied and the number of pupils in average daily attendance in the participating districts as shown by the final certification by the chief state school officer for the previous school year pursuant to the provisions of KRS 157.310 to 157.440.

History.

Enact. Acts 1966, ch. 24, part III, § 21; 1972, ch. 203, § 28; 1974, ch. 125, § 4; 1990, ch. 476, Pt. IV, § 237, effective July 13, 1990.

NOTES TO DECISIONS

Analysis

1. Utility Tax.
2. — Levy.
3. — Distribution.

1. Utility Tax.

2. — Levy.

As presently worded, KRS 160.593 and this section do not prohibit an individual school district from unilaterally levying a utility tax on the territory within its school district. Moreover, the legislature obviously intended this practice to be the rule rather than the exception. *Board of Education v. Independent Bd. of Education*, 681 S.W.2d 429, 1984 Ky. App. LEXIS 497 (Ky. Ct. App. 1984).

There is nothing in KRS 160.593 and this section to preclude a school district which had agreed with another district or districts to levy taxes from rescinding that agreement and levying the taxes unilaterally. *Board of Education v. Independent Bd. of Education*, 681 S.W.2d 429, 1984 Ky. App. LEXIS 497 (Ky. Ct. App. 1984).

3. — Distribution.

If a utility tax is levied by an individual school district, all the money goes to that school board. If the tax is levied by multiple districts in combination, the money is distributed proportionately. *Board of Education v. Independent Bd. of Education*, 681 S.W.2d 429, 1984 Ky. App. LEXIS 497 (Ky. Ct. App. 1984).

OPINIONS OF ATTORNEY GENERAL.

Where two (2) school districts which were a combined taxing district prior to the 1976 amendment of KRS 160.593 never obtained written approval to continue to act as a combined district, this section was no longer applicable to the collection

and distribution of the utility gross receipts tax as levied in one of the two (2) districts. OAG 82-146.

160.646. Finance officer to administer tax — Appointment. [Repealed.]

This section (Enact. Acts 1966, ch. 24, part III, § 22; 1972, ch. 203, § 29; 1974, ch. 125, § 5) was repealed by Acts 1976, ch. 127, § 23.

160.648. Penalty for failure to make returns or pay tax.

(1) Any person, individual, or corporation required by the provisions of KRS 160.605 to 160.611 and 160.621 to 160.633 to file any return or report or furnish any information requested under the authority of KRS 160.605 to 160.611 and 160.621 to 160.633 who fails to file such return or report or furnish such information on or before the date required shall pay a penalty in the amount of ten dollars (\$10) for each failure.

(2) Any person, individual, or corporation who fails to pay, on or before the due date, any school tax authorized by KRS 160.605 to 160.611 and 160.621 to 160.633 and levied by the district board of education shall pay a penalty of one percent (1%) per month of the amount of such tax past due until paid.

This section (Enact. Acts 1966, ch. 24, Part III, § 23; 1972, ch. 203, § 30; 1976, ch. 127, § 19) was repealed and reenacted by Acts 1990, ch. 476, Part V, § 473, effective July 13, 1994.

NOTES TO DECISIONS

1. In General.

The statute does not allow a county board of education to negotiate the amount of tax, interest, or penalties owed by a taxpayer prior to collection of the tax. *Inland Container Corp. v. Mason County Bd. of Educ.*, 6 S.W.3d 374, 1999 Ky. LEXIS 149 (Ky. 1999).

OPINIONS OF ATTORNEY GENERAL.

Neither the school nor the tax collector can abate past due interest or penalty on local school taxes paid prior to or after filing suit for collection of the unpaid taxes, penalty and interest. OAG 88-46.

This section is not written in a permissive form but requires the payment of the penalty which has accrued at a rate of one percent per month until the taxes have been paid. OAG 88-46.

KENTUCKY FAMILY EDUCATION RIGHTS AND PRIVACY ACT

160.700. Definitions related to KRS 160.700 to 160.730.

As used in this chapter, unless the context otherwise requires:

(1) "Directory information" means the student's name, address, telephone listing, date and place of birth, participation in school recognized sports and activities, height and weight of members of athletic teams, dates of attendance, awards received, major field of study, and the most recent previous educational agency or institution attended by the student, contained in education records in the custody of the public schools;

(2) "Educational institution" means any public school providing an elementary and secondary education, including vocational;

(3) "Education record" means data and information directly relating to a student that is collected or maintained by educational institutions or by a person acting for an institution including academic records and portfolios; achievement tests; aptitude scores; teacher and counselor evaluations; health and personal data; behavioral and psychological evaluations; and directory data recorded in any medium including handwriting, magnetic tapes, film, video, microfiche, computer-generated and stored data, or data otherwise maintained and used by the educational institution or a person acting for an institution. "Education record" shall not include:

(a) Records of instructional, supervisory, and assisting administrative personnel which are in the sole possession of the maker and are not accessible or revealed to any other person except a substitute for any of those persons;

(b) Records maintained by a law enforcement unit of the educational institution that were created by that law enforcement unit for the purpose of law enforcement;

(c) In the case of persons who are employed by an educational agency or institution but who are not in attendance at that agency or institution, records made and maintained in the normal course of business which relate exclusively to that person in the person's capacity as an employee and are not available for use for any other purpose; or

(d) Records on a student who is eighteen (18) years of age or older, which are made, used, or maintained by a physician, psychiatrist, psychologist, or other recognized professional or paraprofessional for treatment of the student, and are not available to anyone other than persons providing this treatment, except a physician or other appropriate professional of the student's choice.

(4) "Eligible student" means a student, or a former student, who has reached the age of eighteen (18) or is pursuing an education beyond high school and therefore the permission or consent required of, and the rights accorded to the parents of the student shall thereafter be required of, and accorded to the student;

(5) "School official" means personnel employed in instructive and administrative positions with a school board or educational institution. Parents and other noneducational persons who are elected or appointed to school-based decision making councils or committees thereof, or other voluntary boards or committees shall not be considered school officials.

History.

Enact. Acts 1994, ch. 98, § 1, effective July 15, 1994.

NOTES TO DECISIONS

1. Open Records Act.

Kentucky takes the view that the Family Educational Rights and Privacy Act (FERPA) prohibits disclosure of education records under the Kentucky Open Records Act; Kentucky has adopted its own version of FERPA, applicable to elementary and secondary schools indicating the General Assembly has determined that education records are not subject to the Open Records Act. *Kernel Press, Inc. v. Univ. of Ky.*, 2019 Ky. App. LEXIS 92 (Ky. Ct. App. May 17, 2019, sub. op., 2019 Ky. App. Unpub. LEXIS 905 (Ky. Ct. App. May 17, 2019).

OPINIONS OF ATTORNEY GENERAL.

A county school system did not violate the Open Records Act in denying a request to inspect a videotape recording of an incident involving the requester's son that occurred on a county school bus; the videotape qualified for exclusion from public inspection under KRS 61.878(1)(k) and (1)(l) which incorporate the Family Educational Rights and Privacy Act and its state counterpart into the Open Records Act as it contained information on more than one student and such information was inextricably intermingled and therefore non-segregable, and, therefore, the school system could not disclose the videotape in such a way as to meaningfully honor the rights of the requester to inspect the tape without violating the corresponding rights of the other students and their parents in nondisclosure of the tape to third parties. OAG 99-ORD-217.

Photographs of students performing school work are considered confidential as education records and may be excluded from public inspection if the school system has not taken appropriate steps to designate them as directory information. Photographs of students working with a school counselor or in counseling would be privileged and confidential. OAG 02-ORD-61.

Because videotapes of students in a school classroom are educational records, and because all educational records are exempt from disclosure under the Open Records Act, and since the exemptions for the Open Records Act apply based on the records rather than the status of the requester, the school district properly denied the request of a teacher for access to videotapes made of her own classroom pursuant to KRS 61.878(1)(k) and (l). OAG 02-ORD-132.

The video recording of the basketball game falls within the definition of an education record for purposes of both FERPA and KFERPA: it contains information directly related to particular students and is maintained by the educational agency or institution; the video was part of the communications course work or extra-curricular activity of the school; and the student commentator in the recording was readily identifiable by his voice and the tape served as the basis by the school in disciplining the student for his communications activity. Thus, the School District properly denied the request on the basis that release of an education record containing personally identifiable information of a student is prohibited

by FERPA and KFERPA, incorporated into the Open Records Act by operation KRS 61.878(1)(k) and (l). OAG 03-ORD-49.

The list of County students awaiting enrollment in the school is a record that consists of harmless directory information which does not implicate student and family privacy interests, and which is similar, if not identical, to information the Board previously disclosed in response to another open records request. Under these circumstances, the board's invocation of 20 USCS § 1232g and KRS 160.700, et seq., is legally unsupported. OAG 03-ORD-120.

Information that is maintained by a school and that can reasonably lead to the identity of a student is information directly related to a student constitutes an educational record. Unless the school system has first given the parents and students notice and an opportunity to designate the information on a student that may be released, release is prohibited under both the federal act and state law. Because the release of the information is prohibited under federal and state law, the information is exempt from disclosure under the Open Records Act, KRS 61.878(1)(k) and (l). OAG 03-ORD-163.

160.705. Confidentiality of students' education records — Procedures for protection and preservation of education records and recordings of school activities.

(1) Education records of students in the public educational institutions in this state are deemed confidential and shall not be disclosed, or the contents released, except under the circumstances described in KRS 160.720.

(2) School officials shall take precautions to protect and preserve all education records, including records generated and stored in the education technology system. School officials shall:

(a) Retain for a minimum period of one (1) week a master copy of any digital, video, or audio recordings of school activities without editing, altering, or destroying any portion of the recordings, although secondary copies of the master copy may be edited; and

(b) Retain for a minimum of one (1) month in an appropriate format, a master copy of any digital, video, or audio recordings of activities that include, or allegedly include, injury to students or school employees without editing, altering, or destroying any portion of the recordings.

(3) Recordings of school activities shall be subject to privacy and confidentiality requirements as provided in this chapter.

History.

Enact. Acts 1994, ch. 98, § 2, effective July 15, 1994; 2013, ch. 14, § 1, effective June 25, 2013.

OPINIONS OF ATTORNEY GENERAL.

A county public school system violated the Open Records Act in partially denying a request for records relating to traditional school enrollment policies and residency requirements;

the school system's reliance on KRS 160.705 et seq. and 20 USCS § 1232g, incorporated into the Open Records Act by operation of KRS 61.878(1)(k) and (1)(l), was misplaced. OAG 00-ORD-119.

Any records from a school counselor which identify or lead to the identification of a student or a student's parent are privileged and confidential. Hence, these records are exempt from disclosure under the Open Records law. OAG 02-ORD-61.

Photographs of students performing school work are considered confidential as education records and may be excluded from public inspection if the school system has not taken appropriate steps to designate them as directory information. Photographs of students working with a school counselor or in counseling would be privileged and confidential. OAG 02-ORD-61.

The video recording of the basketball game falls within the definition of an education record for purposes of both FERPA and KFERPA: it contains information directly related to particular students and is maintained by the educational agency or institution; the video was part of the communications course work or extra-curricular activity of the school; and the student commentator in the recording was readily identifiable by his voice and the tape served as the basis by the school in disciplining the student for his communications activity. Thus, the School District properly denied the request on the basis that release of an education record containing personally identifiable information of a student is prohibited by FERPA and KFERPA, incorporated into the Open Records Act by operation KRS 61.878(1)(k) and (l). OAG 03-ORD-49.

Both records at issue constitute an "education record," maintained by the school as part of a student's educational activity and disciplinary record. One was an e-mail from the principal of the school to the superintendent of the County Schools and the other was a Student Behavior Referral form, containing both the teacher's and the principal's reports on the incident and identifying the student. They both describe the details of the incident involving the student. OAG 03-ORD-78.

The list of County students awaiting enrollment in the school is a record that consists of harmless directory information which does not implicate student and family privacy interests, and which is similar, if not identical, to information the Board previously disclosed in response to another open records request. Under these circumstances, the board's invocation of 20 USCS § 1232g and KRS 160.700, et seq., is legally unsupported. OAG 03-ORD-120.

Because the School District has not implemented the statutory mechanism for designating any information directly relating to its students as directory information, the School District properly denied the request. OAG 03-ORD-146.

160.710. Notification of privacy rights — Written policies.

Parents or eligible students shall be informed of the rights of privacy and confidentiality accorded student education records. The educational institution shall determine the means and method of notice and adopt written policies consistent with the state law.

History.

Enact. Acts 1994, ch. 98, § 3, effective July 15, 1994.

160.715. Inspection and review of records — Procedures — Fees for copying permitted.

(1) Parents of students or eligible students attending

public institutions or who have been in attendance shall have the right to inspect and review student education records within a reasonable time of making a request to inspect.

(2) Educational institutions shall establish procedures for honoring requests for inspection within a reasonable time. Fees for copying materials and documents may be charged.

History.

Enact. Acts 1994, ch. 98, § 4, effective July 15, 1994.

160.720. Consent to release of records — Release without consent — Waiver by student — Records of release.

(1) Parents or eligible students may consent to the release of written documents by completing and signing forms devised by the educational institution identifying the records to be released, the date of the release, the party to whom the release is granted, and the purpose of the request.

(2) Educational institutions shall not permit the release or disclosure of records, reports, or identifiable information on students to third parties other than directory information as defined in KRS 160.700, without parental or eligible student consent except to:

(a) Other school officials, including teachers, with legitimate education interests and purposes.

(b) Other school systems, colleges, and universities to which the student has sought enrollment and transfer, or from which the student was graduated.

(c) Federal, state, or local officials who carry out a lawful function and who are authorized to receive this information pursuant to statute or regulation. This authority includes requests from any agency of the federal and state government for the purpose of determining a student's eligibility for military service.

(d) Federal, state, or local officials to whom the information is required to be disclosed or reported.

(e) Individuals or organizations conducting legitimate studies, surveys, and data collection in such a manner so as not to permit personal identification of the students or parents.

(f) Accrediting organizations enlisted to carry out accrediting functions.

(g) Parents of a dependent student of the parent as defined in Section 152 of the Internal Revenue Code of 1954 (26 U.S.C. sec. 152).

(3) Students may waive the right to inspect confidential recommendations relating to admission to educational institutions, application for employment, and receipt of an honor or honorary recognition. In the case of admissions, the waiver of release shall apply if the student, upon request, is notified of names of persons or organizations making confidential recommendations, and those recommendations are used solely for the purpose intended.

(4) Records of release for information contained in education records, other than directory information indicating the agency, institution, or organization that has requested or has had access to student education records and indicating the purpose of the release or inspection shall be maintained by the educational in-

stitution. These records of release shall be limited to inspection by parents, eligible students, school officials and their assistants who are responsible for custody of education records; by school officials within the educational institution who have legitimate educational interests; and by federal and state officials and representatives conducting audits and evaluations of the education programs or in connection with the enforcement of federal or state legal requirements relating to the programs.

NOTES TO DECISIONS

1. Teacher's Interest in Viewing Records.

Substantial evidence did not support a Circuit Court's finding that, under the Family Educational Rights and Privacy Act (FERPA), 20 USCS § 1232g, and the Kentucky Family Educational Rights and Privacy Act (FERPA), KRS 160.700 et seq., a teacher had no legitimate educational interest in viewing videotape recordings of her own classroom. The case was remanded for a hearing to determine whether her request under the Kentucky Open Records Act, KRS 61.870 et seq., was made pursuant to a legitimate educational interest as defined by FERPA and KFERPA. *Medley v. Bd. of Educ.*, 168 S.W.3d 398, 2004 Ky. App. LEXIS 305 (Ky. Ct. App. 2004).

Doe v. Knox County Bd. of Educ., 918 F. Supp. 181, 1996 U.S. Dist. LEXIS 7231 (E.D. Ky. 1996).

OPINIONS OF ATTORNEY GENERAL.

Because videotapes of students in a school classroom are educational records, and because all educational records are exempt from disclosure under the Open Records Act, and since the exemptions for the Open Records Act apply based on the records rather than the status of the requester, the school district properly denied the request of a teacher for access to videotapes made of her own classroom pursuant to KRS 61.878(1)(k) and (l). OAG 02-ORD-132.

160.725. Directory information on student — Student's right to restrict release — Official recruiters' access to public high school campuses and student directory information.

(1) An educational institution may publish and release to the general public directory information relating to a student. An educational institution shall give public notice of the categories of directory information that it has designated as directory information with respect to each student in attendance and shall allow a reasonable time after the notice has been given for a parent or eligible student to inform the institution that any or all of the information designated should not be released without prior consent.

(2)(a) If an educational institution provides access to its campus or its student directory information to persons or groups which make students aware of occupational or educational options, the board shall provide access on the same basis to official recruiting representatives of:

1. The Armed Forces of the United States;

2. The Kentucky Air National Guard;
3. The Kentucky Army National Guard; and
4. The service academies of the Armed Forces of the United States.

(b) Local secondary schools shall provide the student directory information to official recruiting representatives by September 30 of each year.

(c) Student directory information given to official recruiting representatives may be used for the purpose of informing students of educational and career opportunities available in the Armed Forces of the United States, the Kentucky Air National Guard, the Kentucky Army National Guard and the service academies of the Armed Forces of the United States.

History.

Enact. Acts 1972, ch. 84, § 2, effective July 15, 1982; repealed and reenact. Acts 1990, ch. 476, Pt. V, § 433, effective July 13, 1990; 1994, ch. 98, § 6, effective July 15, 1994; 2002, ch. 39, § 1, effective July 15, 2002.

Compiler's Notes.

This section as enacted (Enact. Acts 1972, ch. 84, § 2, effective July 15, 1982) was codified as KRS 160.297, was repealed and reenacted by Acts 1990, ch. 476, Part V, § 473, effective July 13, 1990, was amended by 1994, ch. 98, § 6 and was renumbered by the Reviser of Statutes as this section effective July 15, 1994, pursuant to KRS 7.136(1).

160.730. Challenge of contents of record — Procedure.

(1) Parents or eligible students may challenge the content of a student record to ensure that the record or report is not inaccurate, misleading, or otherwise in violation of privacy or other rights of the student. The right to challenge shall also provide the opportunity for rebuttal to, and the correction, deletion, or expunction of, any inaccurate, misleading, or inappropriate information.

(2) A challenge to the record may take the form of an informal discussion among the parents, student, and school officials. Any agreement between these parties shall be reduced in writing, signed by all parties, and placed in the student's records. If no agreement can be reached, either party may request a formal hearing to the challenge which shall be conducted in accordance with procedures established by rules and regulations of the Department of Education and the Council on Post-secondary Education for educational institutions under their jurisdiction. The rules and regulations shall provide that a formal hearing be conducted within a reasonable time after the request for a hearing; and an official of the educational institution who has no direct interest in the outcome of the challenge shall conduct the hearing and render a decision on the challenge within a reasonable time after the hearing. All parties to the challenge shall be afforded a full and fair opportunity to present evidence relevant to the issues raised. Furthermore, school officials shall take the necessary action to implement the decision.

History.

CERTIFICATION OF SCHOOL EMPLOYEES

161.010. Definitions for KRS 161.020 to 161.134.

As used in KRS 161.020 to 161.134:

(1) "College or university work of graduate grade" means academic preparation which extends beyond the usual four (4) year program of undergraduate studies leading to a bachelor's degree and which is completed at a college or university accredited for the graduate level;

(2) "Continuing education" means study or other activities to provide professional improvement and personal growth for certified teachers throughout their career. It may include, but shall not be limited to, university courses, an advanced degree, or a combination of field-based experience, individual research, and approved professional development activities, pursuant to KRS 156.095;

(3) "Professional certificate" means the document issued to an applicant upon completion of an approved program of preparation, recommendation by the educator preparation provider, and successful completion of the assessments in the area in which certification is being sought, and if applicable, successful completion of any internship requirements,

unless otherwise waived under KRS 161.030 based on preparation and experience completed outside of Kentucky;

(4) "Provisional certificate" means the document issued to an individual prior to the issuance of a professional certificate;

(5) "Standard college or university" means an institution accredited by the Southern Association of Colleges and Schools or by one of the other recognized regional accrediting agencies or by the Education Professional Standards Board;

(6) "Student teacher" means an adult who has completed the prerequisite teacher preparation as prescribed by the accredited teacher education institution in which he or she is enrolled, and who is jointly assigned by the institution and a local school district to engage in a period of practice teaching under the direction and supervision of the administrative and teaching staff of the school district and the institution; and

(7) "Teacher's aide" means an adult school employee who works under the direction of the professional administrative and teaching staff in performing, within the limitations of his or her training and competency, certain instructional and noninstructional functions in the school program including, but not limited to, clerical duties, tutoring individual pupils, leading pupils in recreational activities, conducting pupils from place to place, assisting with classroom instruction as directed by the teacher, aiding the school librarian, and preparing and organizing instructional materials and equipment.

History.

4502-2; amend. Acts 1972, ch. 178, § 1; 1978, ch. 55, § 1, effective June 17, 1978; 1985 (1st Ex. Sess.), ch. 10, § 38, effective October 18, 1985; 1988, ch. 38, § 1, effective July 15, 1988; 1990, ch. 476, Pt. II, § 53, effective July 13, 1990; 1996, ch. 298, § 2, effective July 15, 1996; 2001, ch. 137, § 5, effective June 21, 2001; 2017 ch. 14, § 1, effective June 29, 2017.

NOTES TO DECISIONS

1. Limited or Continuing Contract.

Under Teachers' Tenure Act the county board of education could enter into a limited or continuing contract with teacher. *Beverly v. Highfield*, 307 Ky. 179, 209 S.W.2d 739, 1948 Ky. LEXIS 682 (Ky. 1948).

OPINIONS OF ATTORNEY GENERAL.

Although conservation officers cannot act as teachers, they may act as guest lecturers on conservation without being licensed as teachers if a certified teacher remains in the classroom and maintains control of the class. OAG 63-37.

A student teacher may not legally take charge of a classroom in the absence of the regular teacher. OAG 63-269.

In view of the description of duties and definition of "paraprofessional" and "teacher aide" given in subsections (6) and (7) (definition of "paraprofessional" has been deleted and see now (5) for definition of "teacher's aide") of this section, and the fact that KRS 161.044(1), (2), and (3) refer to such persons performing "supplementary instructional and noninstructional activities with pupils," and that while reference is made to "provisions established by the State Board of Education," such regulations have not been prepared and adopted, it

would appear that a teacher's aide cannot conduct a class, even with a teacher present. OAG 73-206.

Since the State Board of Education has adopted regulations relating to paraprofessional personnel (704 KAR 15:080), a local board of education could prepare a job description outlining the duties of a paraprofessional which would include some limited teaching responsibilities if the paraprofessional held a valid and appropriate teaching certificate; however, the instructional assistance of a paraprofessional with a teaching certificate may not be permitted to supplant the day to day teaching responsibilities of the regular classroom teacher. OAG 76-555.

161.011. Definitions of "classified employee" and "seniority" — Job classifications and minimum qualifications — Requirement of written contracts and written personnel policies — Reduction in force — Registry of vacant classified employee positions and training — Review of local board policies by Department of Education.

(1)(a) "Classified employee" means an employee of a local district who is not required to have certification for his position as provided in KRS 161.020; and

(b) "Seniority" means total continuous months of service in the local school district, including all approved paid and unpaid leave.

(2) The commissioner of education shall establish by January, 1992, job classifications and minimum qualifications for local district classified employment positions which shall be effective July 1, 1992. After June 30, 1992, no person shall be eligible to be a classified employee or receive salary for services rendered in that position unless he holds the qualifications for the position as established by the commissioner of education.

(3) No person who is initially hired after July 13, 1990, shall be eligible to hold the position of a classified employee or receive salary for services rendered in such position, unless he holds at least a high school diploma or high school certificate of completion or High School Equivalency Diploma, or he shows progress toward obtaining a High School Equivalency Diploma. To show progress toward obtaining a High School Equivalency Diploma, a person shall be enrolled in a High School Equivalency Diploma program and be progressing satisfactorily through the program, as defined by administrative regulations promulgated by the Education and Labor Cabinet.

(4) Local school districts shall encourage classified employees who were initially hired before July 13,

1990, and who do not have a high school diploma or a High School Equivalency Diploma to enroll in a program to obtain a High School Equivalency Diploma.

(5) Local districts shall enter into written contracts with classified employees. Contracts with classified employees shall be renewed annually except contracts with the following employees:

(a) An employee who has not completed four (4) years of continuous active service, upon written notice which is provided or mailed to the employee by the superintendent, no later than May 15, that the contract will not be renewed for the subsequent school year. Upon written request by the employee, within ten (10) days of the receipt of the notice of nonrenewal, the superintendent shall provide, in a timely manner, written reasons for the nonrenewal.

(b) An employee who has completed four (4) years of continuous active service, upon written notice which is provided or mailed to the employee by the superintendent, no later than May 15, that the contract is not being renewed due to one (1) or more of the reasons described in subsection (7) of this section. Upon written request within ten (10) days of the receipt of the notice of nonrenewal, the employee shall be provided with a specific and complete written statement of the grounds upon which the nonrenewal is based. The employee shall have ten (10) days to respond in writing to the grounds for nonrenewal.

(6) Local districts shall provide in contracts with classified employees of family resource and youth services centers the same rate of salary adjustment as provided for other local board of education employees in the same classification.

(7) Nothing in this section shall prevent a superintendent from terminating a classified employee for incompetency, neglect of duty, insubordination, inefficiency, misconduct, immorality, or other reasonable grounds which are specifically contained in board policy.

(8) The superintendent shall have full authority to make a reduction in force due to reductions in funding, enrollment, or changes in the district or school boundaries, or other compelling reasons as determined by the superintendent.

(a) When a reduction of force is necessary, the superintendent shall, within each job classification affected, reduce classified employees on the basis of seniority and qualifications with those employees who have less than four (4) years of continuous active service being reduced first.

(b) If it becomes necessary to reduce employees who have more than four (4) years of continuous active service, the superintendent shall make reductions based upon seniority and qualifications within each job classification affected.

(c) Employees with more than four (4) years of continuous active service shall have the right of recall positions if positions become available for which they are qualified. Recall shall be done according to seniority with restoration of primary benefits, including all accumulated sick leave and appropriate rank and step on the current salary schedule based on the total number of years of service in the district.

(9) Local school boards shall develop and provide to all classified employees written policies which shall include but not be limited to:

(a) Terms and conditions of employment;

(b) Identification and documentation of fringe benefits, employee rights, and procedures for the reduction or laying off of employees; and

(c) Discipline guidelines and procedures that satisfy due process requirements.

(10) Local school boards shall maintain a registry of all vacant classified employee positions that is available for public inspection in a location determined by the superintendent and make copies available at cost to interested parties. If financially feasible, local school boards may provide training opportunities for classified employees focusing on topics to include but not be limited to suicide prevention, abuse recognition, and cardiopulmonary resuscitation (CPR). If suicide prevention training is offered it may be accomplished through self-study review of suicide prevention materials.

(11) The evaluation of the local board policies required for classified personnel as set out in this section shall be subject to review by the Department of Education while it is conducting district management audits pursuant to KRS 158.785.

(7/5/2001). Previous references to “subsection (6) of this section” in subsection (5)(b) of this statute were not changed to “subsection (7)” when the subsections renumbered in 2000 Ky. Acts ch. 271, sec. 2. It is clear from the context that this should have been done but was inadvertently overlooked. This omission has been corrected by the Reviser of Statutes under KRS 7.136(1)(e) and (h).

NOTES TO DECISIONS

Analysis

1. Due Process and Policy Procedures.
2. Due Process When Termination Is for Cause.
3. Reasons for Nonrenewal.
4. Seniority Requirements.

1. Due Process and Policy Procedures.

Where under defendant school district’s policy, developed under KRS 161.011(9)(c), plaintiff former employee was provided an abbreviated pre-termination meeting to present his side of the story, but was not afforded a post-termination hearing, the employee was not required to plead or prove the inadequacy of post-termination state-law remedies under 42 USCS § 1983, and thus, the District Court erred in granting summary judgment to the school district on the employee’s

claim of a deprivation of due process. *Mitchell v. Fankhauser*, 375 F.3d 477, 2004 FED App. 0225P, 2004 U.S. App. LEXIS 14383 (6th Cir. Ky. 2004).

2. Due Process When Termination Is for Cause.

Where under defendant school district's policy, plaintiff former employee was provided an abbreviated pre-termination meeting to present his side of the story as to whether he should be fired for "cause" under KRS 161.011(5), (7), for allegedly stealing school property, but was not afforded a post-termination hearing, the employee was not required to plead or prove the inadequacy of post-termination state-law remedies under 42 USC § 1983, and thus, the District Court erred in granting summary judgment to the school district on the employee's claim of a deprivation of due process. *Mitchell v. Fankhauser*, 375 F.3d 477, 2004 FED App. 0225P, 2004 U.S. App. LEXIS 14383 (6th Cir. Ky. 2004).

3. Reasons for Nonrenewal.

Even if a school employee had presented a claim pursuant to KRS 161.011(5)(a), her claim could not succeed because the plain language of the statute provided that after receipt of the letter stating that her contract would not be renewed, she had 10 days within which to request written reasons for nonrenewal; because she did not submit a written request for a statement of reasons within 10 days from her receipt of the termination letter, thus she had no cause of action. *Cornett v. Byrd*, 2007 U.S. Dist. LEXIS 18054 (E.D. Ky. Mar. 14, 2007).

4. Seniority Requirements.

When a school district consolidated two schools into one, resulting in a decrease in an employee's compensation and responsibilities, the seniority requirements of KRS 161.011(8) did not apply because (1) the school district did not reduce the district's total number of employees, and (2) a "reduction in force" did not include a transfer within the employee's employment. *Webb v. Meyer*, 406 S.W.3d 444, 2013 Ky. LEXIS 364 (Ky. 2013).

Employee did not show a job as a family literacy instructor made the employee a "certified employee," under KRS 161.020, rather than a "classified employee" because (1) the job did not require a certificate from the Education Professional Standards Board as a condition precedent to employment, and (2) the fact the employee had a certificate and the job included instruction did not make the employee a "certified employee." *Spalding v. Marion County Bd. of Educ.*, 452 S.W.3d 611, 2014 Ky. App. LEXIS 71 (Ky. Ct. App. 2014).

Dep't for Cmty. Based Servs., Cabinet for Health & Family Servs. v. Baker, 613 S.W.3d 1, 2020 Ky. LEXIS 459 (Ky. 2020).

OPINIONS OF ATTORNEY GENERAL.

Anyone employed as a bus driver or cook initially before or on July 13, 1990, does not need a high school diploma or GED certificate; anyone initially employed after that date may satisfy the requirement by enrolling in a GED program and proceeding under the schedule for satisfactory progress set by the Board of Adult, Vocational Education and Vocational Rehabilitation (now Department for Adult Education and Literacy). OAG 90-103.

"Certified employee" means teacher, principal, superintendent, director of pupil personnel, and any employee who supervises any such employee or who has any type of responsibility for instruction or teaching of pupils; school bus drivers and cooks are not "certified employees" and therefore are "classified employees." OAG 90-103.

The opinion in OAG 92-133 is overruled since the 1994 General Assembly enacted House Bill 50 (Enact. Acts 1994, ch.

25) which provides local school boards with the authority to adopt a seniority policy for classified employees. OAG 94-37.

Because classified public school employee have no statutory post-termination remedy, local school boards should enact policies pursuant to KRS 161.011(9)(c) implementing due process hearing procedures applicable to classified employees prior to termination. Minimum standards of due process require reasonable notice of hearing, right to appear and produce evidence, right to call witnesses and conduct cross-examination, right to counsel, impartial decision-maker, and statement of basis for decision. OAG 2005-06.

(1) The administration of the duties of the Education Professional Standards Board, established in KRS 161.028, shall be headed by the commissioner of education and shall include the following:

- (a) Setting up appropriate organizational structures and personnel policies for approval by the board;
- (b) Appointing all staff;
- (c) Preparing annual reports on the board's program of work;
- (d) Carrying out policy and program directives of the board; and
- (e) Performing all other duties and responsibilities assigned by state law.

(2) With approval of the board, the commissioner of education may enter into agreements with any state agency or political subdivision of the state, any post-secondary education institution, or any other person or entity to enlist assistance to implement the duties and responsibilities of the board.

(3) The commissioner of education shall have access to the papers, books, and records of education personnel as part of an inquiry or investigation relating to disciplinary actions against a certified employee.

(4) Pursuant to KRS 161.120, the commissioner of education, on behalf of the board, may issue administrative subpoenas for the attendance of witnesses and the production of documents relevant to disciplinary cases under consideration. Compliance with the subpoenas shall be enforceable by the Circuit Court in Franklin County.

1. Limitation or Abolishment of Professional Standing.

A certificate of professional standing may be abolished or limited by the legislature. *Gullett v. Sparks*, 444 S.W.2d 901, 1969 Ky. LEXIS 234 (Ky. 1969).

2. Tenure.

Teacher tenure is statutory and not contractual, and the legislature may abridge or destroy it. *Gullett v. Sparks*, 444 S.W.2d 901, 1969 Ky. LEXIS 234 (Ky. 1969).

3. Certificate.

The qualification of an applicant as teacher must be determined as of time when he begins to fulfill the contract and not as of date of application, but teacher must hold certificate when he begins to teach. *Martin v. Knott County Board of Education*, 275 Ky. 483, 122 S.W.2d 98, 1938 Ky. LEXIS 454 (Ky. 1938).

Summary judgment granted to the school board and the school superintendent was appropriate because the employee could not be paid retroactive pay at a certified teacher's salary. A teacher was not entitled to be paid as a certified teacher until the teacher had obtained certification pursuant to KRS 161.020. *Springer v. Bullitt County Bd. of Educ.*, 196 S.W.3d 528, 2006 Ky. App. LEXIS 183 (Ky. Ct. App. 2006).

Employee did not show a job as a family literacy instructor made the employee a "certified employee," under KRS 161.020, rather than a "classified employee" because (1) the

job did not require a certificate from the Education Professional Standards Board as a condition precedent to employment, and (2) the fact the employee had a certificate and the job included instruction did not make the employee a "certified employee." *Spalding v. Marion County Bd. of Educ.*, 452 S.W.3d 611, 2014 Ky. App. LEXIS 71 (Ky. Ct. App. 2014).

4. — Filing

A discharged teacher, suing to compel reinstatement, must allege compliance with subsection (2). *Bullock v. Brown*, 258 Ky. 522, 80 S.W.2d 593, 1935 Ky. LEXIS 207 (Ky. 1935).

Teacher, whose certificate had expired previous year and who failed to file with school board evidence of his qualification to teach, was not entitled to damages for board's failure to employ him. *Martin v. Knott County Board of Education*, 275 Ky. 483, 122 S.W.2d 98, 1938 Ky. LEXIS 454 (Ky. 1938).

5. Minimum Qualifications.

Boards of education may establish minimum qualifications for teachers higher than those required by statute. *Board of Education v. Messer*, 257 Ky. 836, 79 S.W.2d 224, 1935 Ky. LEXIS 96 (Ky. 1935).

6. — Date Determined.

The qualification to teach is to be determined as of the day an applicant is to begin teaching, and not as of the date of application for the position. *Reynolds v. Spurlock*, 257 Ky. 582, 78 S.W.2d 787, 1935 Ky. LEXIS 60 (Ky. 1935). See *Swinford v. Chasteen*, 261 Ky. 249, 87 S.W.2d 373, 1935 Ky. LEXIS 623 (Ky. 1935); *Cottongim v. Stewart*, 277 Ky. 706, 127 S.W.2d 149, 1939 Ky. LEXIS 716 (Ky. 1939).

7. — Ineligibility.

Where minor was ineligible to be teacher because she held no certificate and failed to qualify for same under former KRS 161.040, she was a volunteer and entitled to no salary for the period prior to her eighteenth birthday. *Floyd County Board of Education v. Slone*, 307 S.W.2d 912, 1957 Ky. LEXIS 119 (Ky. 1957).

8. — Less Than Four-Year Degree.

The General Assembly has the power to provide that teachers with less qualification than a four-year degree shall receive only a minimum salary and the fact that the motive of such a provision might be to make teaching so economically unattractive as to discourage the less-qualified teachers from continuing in service does not make the provision unfair. *Gullett v. Sparks*, 444 S.W.2d 901, 1969 Ky. LEXIS 234 (Ky. 1969).

9. Administrator.

An administrator is one who (1) holds a position categorized as an administrative position pursuant to KRS 161.720(8) or pursuant to approval by the State Board of Education of the position as a certified administrative position; and (2) is duly certified by the State Board of Education as an administrator. *Petett v. Board of Education*, 684 S.W.2d 7, 1984 Ky. App. LEXIS 529 (Ky. Ct. App. 1984).

10. Equitable Estoppel.

It was error to grant summary judgment dismissing an employee's claim that a school board (board) was equitably estopped from claiming the employee was not a "certified employee" because there was a genuine issue of material fact as to whether the board's conduct during the employee's employment led the employee to reasonably believe the employee was a "certified employee," given various representations that the employee was such an employee. *Spalding v. Marion County Bd. of Educ.*, 452 S.W.3d 611, 2014 Ky. App. LEXIS 71 (Ky. Ct. App. 2014).

OPINIONS OF ATTORNEY GENERAL.

A school psychologist does not fall within the group of school

personnel excluded from the provisions of KRS Ch. 319 by KRS 319.015(4) and consequently, an individual may not be employed as a school psychologist without being a licensed psychologist pursuant to the provisions of that chapter. OAG 67-180.

Since a school district is a public agency under the Open Records Law and the certificates required by this section are public records as defined in KRS 61.870(2), denial of a request to inspect certificates required by this section to be filed with the board of education was improper under the Open Records Law, except that information, if any, on the certificates of a personal nature, such as social security numbers, home addresses and telephone numbers, need not be released. OAG 85-109.

Notwithstanding the apparent legislative intent of this section to make the revocation of any instructional leader's certificate contingent upon laws then in force, KRS 156.101 clearly controls revocation of an instructional leader's certificate; therefore a certificate of an instructional leader may be revoked for failure to obtain the hours of intensive training required by KRS 156.101. All instructional leaders, including those who received a certificate prior to the effective date of the statute, are required to comply with KRS 156.101. OAG 88-37.

The legislative purpose of the instructional leadership program, set forth in subsection (1) of KRS 156.101, was to develop a program which would result in improvement in the quality of performance of principals, assistant principals, supervisors of instruction, guidance counselors or directors of special education. Practically, this prescribed program of improvement could not be effective if it did not supersede this section. OAG 88-37.

The requirement of subsection (3) of this section, that certificates be considered pursuant to the application of the laws which were in effect at the time of the granting of the certificate, is not in harmony with the instructional leadership program. Therefore, subsection (3) of this section is controlling except when an instructional leader fails to comply with the instructional leader improvement program. At such time, the state board may exercise its power of revocation granted by subsection (4) of KRS 156.101. OAG 88-37.

"Certified employee" means teacher, principal, superintendent, director of pupil personnel, and any employee who supervises any such employee or who has any type of responsibility for instruction or teaching of pupils; school bus drivers and cooks are not "certified employees" and therefore are "classified employees." OAG 90-103.

The Cabinet for Workforce Development was directed to release the employment applications and resumes of the named employees of a state vocational-technical school, after separating or otherwise masking any information of a personal nature which appeared on those documents, including the employees' home addresses, social security numbers, and medical information; if the employees' teaching certificates were contained in the file, they too should have been released. OAG 92-59.

This section (Enact. Acts 1972, ch. 248, § 2; 1978, ch. 155, § 101, effective June 17, 1978) was repealed by Acts 1990, ch. 476, Pt. VI, § 616, effective July 13, 1990.

161.027. Preparation program for principals — Assessment and internship requirements.

(1) The Education Professional Standards Board, pursuant to KRS 161.028, shall by administrative regulation establish requirements for a preparation program in institutions of higher education for all new applicants for principal certification and establish criteria for admission to the program.

(2) The Education Professional Standards Board and the Council on Postsecondary Education shall evaluate the preparation programs for principals and maintain only those institutional programs that can demonstrate both the quality and the capability to enroll adequate numbers of students to justify the resources necessary for maintenance of a quality program.

(3) The Education Professional Standards Board shall develop or select appropriate assessments for applicants seeking certification as principals, including an assessment of the ability to apply knowledge, instructional leadership, management, and supervision skills.

(4) The Education Professional Standards Board shall establish the minimum score for successful completion of assessments and shall establish a reasonable fee to be charged applicants for the actual cost of administration of the assessments. The Education Professional Standards Board shall provide for confidentiality of assessment scores.

(5) The Education Professional Standards Board shall develop an internship program which shall provide for the supervision, assistance, and assessment of beginning principals and assistant principals. The internship shall not be required of applicants who have completed, within a ten (10) year period prior to making application, at least two (2) years of successful experience as a principal in a school situation. The Education Professional Standards Board, by administrative regulation, shall establish the internship program.

(6) The certification of principals shall require the successful completion of the examinations required by subsection (3) of this section. A one (1) year certificate may be given to a person who has:

- (a) A comparable certificate from another state; or
- (b) All other qualifications except the assessments and is selected as a principal or assistant principal in a district where the superintendent certifies to the Education Professional Standards Board that there is a limited number of applicants to meet the requirements.

Upon successful completion of the assessments, a certificate shall be issued for an additional four (4) years. A person employed in Kentucky as a principal or assistant principal who was certified in another state and practiced in that state for two (2) or more years is exempt from taking the assessment described in subsection (3)(a) of this section.

(7) Upon successful completion of the approved preparation program and the assessments, the Education Professional Standards Board shall issue to the applicant a statement of eligibility for internship valid for five (5) years. If the applicant does not participate in an internship program within the five (5) year period, the applicant shall reestablish eligibility by repeating and passing the assessments in effect at that time or by completing a minimum of six (6) graduate hours, directly related to instructional leadership, management, or supervision, at a regionally or nationally accredited institution. The option for renewal through completion of graduate hours shall be available only for the first reestablishment of eligibility. Upon obtaining employment for an internship position as principal or assistant principal within the period of eligibility, the applicant shall be issued the appropriate one (1) year certificate for the position.

(8) All applicants for principal certification, after successfully completing the assessments, shall successfully complete the internship program described in subsection (5) of this section for principal certification. If the principal's or assistant principal's internship performance is judged to be less than satisfactory pursuant to administrative regulations developed by the Education Professional Standards Board, the applicant for principal certification shall be provided with an opportunity to repeat the internship one (1) time if the applicant is employed by a school district as a principal or assistant principal.

(9) Following successful completion of the internship program, the principal certificate shall be extended for four (4) years. Renewal of the certificate shall require the completion of a continuing education requirement as prescribed by the Education Professional Standards Board.

161.028. Education Professional Standards Board — Powers and duties regarding the preparation and certification of professional school personnel — Membership.

(1) The Education Professional Standards Board is recognized to be a public body corporate and politic and

an agency and instrumentality of the Commonwealth, in the performance of essential governmental functions. The Education Professional Standards Board has the authority and responsibility to:

(a) Establish standards and requirements for obtaining and maintaining a teaching certificate;

(b) Set standards for, approve, and evaluate college, university, and school district programs for the preparation of teachers and other professional school personnel. College or university programs may be approved by the board for a college or university with regional institutional level accreditation or national institutional level accreditation that is recognized by the United States Department of Education and is eligible to receive federal funding under 20 U.S.C. secs. 1061 to 1063. Program standards shall reflect national standards and shall address, at a minimum, the following:

1. The alignment of programs with the state's core content for assessment as defined in KRS 158.6457;

2. Research-based classroom practices, including effective classroom management techniques;

3. Emphasis on subject matter competency of teacher education students;

4. Methodologies to meet diverse educational needs of all students;

5. The consistency and quality of classroom and field experiences, including early practicums and student teaching experiences;

6. The amount of college-wide or university-wide involvement and support during the preparation as well as the induction of new teachers;

7. The diversity of faculty;

8. The effectiveness of partnerships with local school districts; and

9. The performance of graduates on various measures as determined by the board;

(c) Conduct an annual review of diversity in teacher preparation programs;

(d) Provide assistance to universities and colleges in addressing diversity, which may include researching successful strategies and disseminating the information, encouraging the development of nontraditional avenues of recruitment and providing incentives, waiving administrative regulations when needed, and other assistance as deemed necessary;

(e) Discontinue approval of programs that do not meet standards or whose graduates do not perform according to criteria set by the board;

(f) Issue, renew, revoke, suspend, or refuse to issue or renew; impose probationary or supervisory conditions upon; issue a written reprimand or admonishment; or any combination of actions regarding any certificate;

(g) Develop specific guidelines to follow upon receipt of an allegation of sexual misconduct by an employee certified by the Education Professional Standards Board. The guidelines shall include investigation, inquiry, and hearing procedures which ensure the process does not revictimize the alleged victim or cause harm if an employee is falsely accused;

(h) Receive, along with investigators hired by the Education Professional Standards Board, training on

the dynamics of sexual misconduct of professionals, including the nature of this abuse of authority, characteristics of the offender, the impact on the victim, the possibility and the impact of false accusations, investigative procedures in sex offense cases, and effective intervention with victims and offenders;

(i) Recommend to the Kentucky Board of Education the essential data elements relating to teacher preparation and certification, teacher supply and demand, teacher attrition, teacher diversity, and employment trends to be included in a state comprehensive data and information system and periodically report data to the Interim Joint Committee on Education;

(j) Submit reports to the Governor and the Legislative Research Commission and inform the public on the status of teaching in Kentucky;

(k) Devise a credentialing system that provides alternative routes to gaining certification and greater flexibility in staffing local schools while maintaining standards for teacher competence;

(l) Develop a professional code of ethics;

(m) Charge reasonable fees for the issuance, reissuance, and renewal of certificates that are established by administrative regulation. The proceeds shall be used to meet a portion of the costs of the issuance, reissuance, and renewal of certificates, and the costs associated with disciplinary action against a certificate holder under KRS 161.120;

(n) Waive a requirement that may be established in an administrative regulation promulgated by the board. A request for a waiver shall be submitted to the board, in writing, by an applicant for certification, a postsecondary institution, or a superintendent of a local school district, with appropriate justification for the waiver. The board may approve the request if the person or institution seeking the waiver has demonstrated extraordinary circumstances justifying the waiver. Any waiver granted under this subsection shall be subject to revocation if the person or institution falsifies information or subsequently fails to meet the intent of the waiver;

(o) Promote the development of one (1) or more innovative, nontraditional or alternative administrator or teacher preparation programs through public or private colleges or universities, private contractors, the Department of Education, or the Kentucky Commonwealth Virtual University and waive administrative regulations if needed in order to implement the program;

(p) Grant approval, if appropriate, of a university's request for an alternative program that enrolls an administrator candidate in a postbaccalaureate administrator preparation program concurrently with employment as an assistant principal, principal, assistant superintendent, or superintendent in a local school district. An administrator candidate in the alternative program shall be granted a temporary provisional certificate and shall be a candidate in the Kentucky Principal Internship Program, notwithstanding provisions of KRS 161.030, or the Superintendent's Assessment process, notwithstanding provisions of KRS 156.111, as appropriate. The temporary certificate shall be valid for a maximum of

two (2) years, and shall be contingent upon the candidate's continued enrollment in the preparation program and compliance with all requirements established by the board. A professional certificate shall be issued upon the candidate's successful completion of the program, internship requirements, and assessments as required by the board;

(q) Employ consultants as needed;

(r) Enter into contracts. Disbursements to professional educators who receive less than one thousand dollars (\$1,000) in compensation per fiscal year from the board for serving on an assessment validation panel or as a test scorer or proctor shall not be subject to KRS 45A.690 to 45A.725;

(s) Sponsor studies, conduct research, conduct conferences, and publish information as appropriate; and

(t) Issue orders as necessary in any administrative action before the board.

(2)(a) The board shall be composed of seventeen (17) members. The secretary of the Education and Labor Cabinet and the president of the Council on Postsecondary Education, or their designees, shall serve as ex officio voting members. The Governor shall make the following fifteen (15) appointments:

1. Nine (9) members who shall be teachers representative of elementary, middle or junior high, secondary, special education, and secondary vocational classrooms;

2. Two (2) members who shall be school administrators, one (1) of whom shall be a school principal;

3. One (1) member representative of local boards of education; and

4. Three (3) members representative of postsecondary institutions, two (2) of whom shall be deans of colleges of education at public universities and one (1) of whom shall be the chief academic officer of an independent not-for-profit college or university.

(b) The members appointed by the Governor shall be confirmed by the Senate under KRS 11.160. If the General Assembly is not in session at the time of the appointment, persons appointed shall serve prior to confirmation, but the Governor shall seek the consent of the Senate at the next regular session or at an intervening extraordinary session if the matter is included in the call of the General Assembly.

(c) Each appointed member shall serve a three (3) year term. A vacancy on the board shall be filled in the same manner as the original appointment within sixty (60) days after it occurs. A member shall continue to serve until his or her successor is named. Any member who, through change of employment status or residence, or for other reasons, no longer meets the criteria for the position to which he or she was appointed shall no longer be eligible to serve in that position.

(d) Members of the board shall serve without compensation but shall be permitted to attend board meetings and perform other board business without loss of income or other benefits.

(e) A state agency or any political subdivision of the state, including a school district, required to hire

a substitute for a member of the board who is absent from the member's place of employment while performing board business shall be reimbursed by the board for the actual amount of any costs incurred.

(f) A chairman shall be elected by and from the membership. A member shall be eligible to serve no more than three (3) one (1) year terms in succession as chairman. Regular meetings shall be held at least semiannually on call of the chairman.

(g) The commissioner of education shall serve as executive secretary to the board and may designate staff to facilitate his or her duties.

(h) To carry out the functions relating to its duties and responsibilities, the board is empowered to receive donations and grants of funds; to appoint consultants as needed; and to sponsor studies, conduct conferences, and publish information.

OPINIONS OF ATTORNEY GENERAL.

The Educational Professional Standards Board (EPSB) lacks the authority to delegate the holding of a revocation hearing, as found in KRS 161.120, to a hearing officer. Nowhere in the statutory sections dealing with the board is there any authority for such a delegation of power, and therefore, based upon the lack of authority granted to the EPSB under their statutes, the board must be physically present to "hear" the evidence introduced during a hearing. Of course, a hearing officer may assist the Board during and following the hearing. OAG 91-37.

161.030. Certification authority — Assessments of beginning teachers and teachers seeking additional certification — Conditional certificates — Temporary certificates — Internship — Beginning teacher committee — Resource teachers — Emeritus and exception certificates.

(1) Notwithstanding the age of the pupil, the certification of all teachers and other school personnel, in public schools only, is vested in the Education Professional Standards Board. When so certified, teachers and other school personnel shall not be required to have licensure, certification, or other forms of approval from any other state agency for the performance of their respective assignments within the common schools, except as provided for by law. All certificates authorized under KRS 161.010 to 161.126 shall be issued in accordance with the administrative regulations of the Education Professional Standards Board. After July 15, 1994, all certificate applications and other data collection instruments of the board shall include a request for voluntary information about the applicant's ethnic background. This information shall be available to help local school districts locate minority candidates. A person who holds a certificate prior to this requirement may request that ethnic information be added to his or her file. Nothing in this section shall preclude the right of an individual in a nonpublic school from seeking voluntary certification by the Education Professional Standards Board.

(2) Certificates shall be issued upon written application and in accordance with statutes and regulations in effect at the time of application to persons who have completed, at colleges, universities, or local school district programs approved by the Education Professional Standards Board for the preparation of teachers and other school personnel, the curricula prescribed by the administrative regulations of the Education Professional Standards Board.

(3)(a) Certification of all new teachers and teachers seeking additional certification shall require the successful completion of appropriate assessments prior to certification. The assessments shall be selected by the Education Professional Standards Board and shall measure knowledge in the specific teaching field of the applicant, including content of the field and teaching of that content. The Education Professional Standards Board shall determine the minimum acceptable level of achievement on each assessment. The assessments shall measure those concepts, ideas, and facts which are being taught in teacher education programs in Kentucky. Upon successful completion of the assessments and the approved teacher preparation program, a certificate valid for one (1) year shall be issued.

(b) If an applicant for teacher certification has completed the approved teacher preparation program and has taken but failed to successfully complete the appropriate assessments selected by the

Education Professional Standards Board, a conditional certificate may be issued for a period not to exceed one (1) year, if the employing school district, in collaboration with the teacher education institution, agrees to provide technical assistance and mentoring support to the conditionally certified teacher. The teacher shall retake the assessments during the validity period of the conditional certificate. The conditional certificate shall not be reissued. Upon successful completion of the required assessments, a certificate valid for one (1) year shall be issued and the teacher shall be eligible to participate in the internship program as provided in subsection (5) of this section. The teacher shall not be eligible to participate in the internship program while teaching on the conditional certificate. The Education Professional Standards Board shall promulgate administrative regulations to establish the standards and procedures for issuance of the conditional certificate.

(c) If an out-of-state teacher with less than two (2) years' experience comes to Kentucky after the deadline for taking the assessments, a temporary certificate may be issued for a period up to six (6) months provided the local board cannot fill the vacant position with a certified teacher. The teacher shall take the assessments if they are administered during the period of the temporary certificate. The certificate shall be extended for the remainder of the year if the teacher successfully completes the assessments. If the teacher fails the assessments, the temporary certificate shall be valid only for the current semester.

(4) A reasonable fee to be paid by the teacher and directly related to the actual cost of the administration of the assessments shall be established by the Education Professional Standards Board. Provisions shall be made for persons having less than minimum levels of performance on any assessment to repeat that assessment, and candidates shall be informed of their strengths and weaknesses in the specific performance areas. The Education Professional Standards Board shall provide for confidentiality of the individual assessment scores. Scores shall be available only to the candidate and to the education officials who are responsible for determining whether established certification standards have been met. Scores shall be used only in the assessment for certification of new teachers and of out-of-state teachers with less than two (2) years of teaching experience who are seeking initial certification in Kentucky.

(5) Except as provided in subsection (3)(b) of this section, all new teachers and out-of-state teachers with less than two (2) years of successful teaching experience who are seeking initial certification in Kentucky shall serve a one (1) year internship. The teacher shall be a full-time employee or shall have an annual contract and serve on at least a half-time basis and shall have supervision, assistance, and assessment during the one (1) year internship. The internship may be served in a public school or a nonpublic school which meets the state performance standards as established in KRS 156.160 or which has been accredited by a regional or national accrediting association. Successful completion shall be determined by a majority vote of

the beginning teacher committee. The internship period shall be counted as experience for the purpose of continuing contract status, retirement eligibility, and benefits for single salary experience increments. Upon successful completion of the beginning teacher program, the one (1) year initial teaching certificate shall be extended for the remainder of the usual duration period established for that particular certificate by Education Professional Standards Board administrative regulations.

(6) The beginning teacher committee shall be composed of three (3) persons who have successfully completed special training in the supervision and assessment of the performance of beginning teachers as provided in subsection (8) of this section, except as provided in paragraph (g) of this subsection. The committee shall consist of a resource teacher, the school principal of the school where the internship is served, and a teacher educator appointed by a state-approved teacher training institution.

(a) If more than two (2) teacher interns are employed in the same school, the principal's responsibility may be shared with an assistant principal who holds certification as a principal.

(b) In unusual situations, the Education Professional Standards Board may permit the assistant principal to serve in lieu of the principal on a beginning teacher committee.

(c) If the teacher training institution is unable to provide a member, the district superintendent shall appoint an instructional supervisor from the school district.

(d) If the intern is teaching in a regionally or nationally accredited nonpublic school without a principal, the person filling the principal member position may have other appropriate qualifications as required by administrative regulations promulgated by the Education Professional Standards Board.

(e) If the teacher training institution is unable to provide a member to serve on the beginning teacher committee in a nonpublic school, the chief officer of the school shall appoint an instructional supervisor or a teacher with like qualifications and responsibilities to serve on the beginning teacher committee in lieu of the teacher educator.

(f) The resource teacher shall be appointed by the Education Professional Standards Board with recommendations from the local school district from a pool of qualified resource teachers, and, any statutes to the contrary notwithstanding and to the extent of available appropriations, shall be entitled to be paid a reasonable stipend by the Education Professional Standards Board for work done outside normal working hours. In the case of a resource teacher in a nonpublic school, payment shall be made directly to the resource teacher by the Education Professional Standards Board. Priority shall be given to resource teachers in the following order, except as provided in paragraph (g) of this subsection:

1. Teachers with the same certification in the same school;
2. Teachers with the same certification in the same district;
3. Teachers in the same school;

4. Teachers in the same district; and
5. Teachers in an adjacent school district.

(g)1. The resource teacher for an individual pursuing initial certification as a baccalaureate level teacher of exceptional children/communication disorders shall be a master's level teacher of exceptional children/communication disorders, if one is available.

2. If a master's level teacher of exceptional children/communication disorders is not available, the Education Professional Standards Board may allow a licensed speech-language pathologist to serve on the beginning teacher committee in lieu of a resource teacher.

(h) The committee shall meet with the beginning teacher a minimum of three (3) times per year for evaluation and recommendation with all committee members present. In addition, each member of the committee shall observe the beginning teacher in the classroom a minimum of three (3) times per year. If the teacher's first year performance is judged by the committee to be less than satisfactory, the teacher shall be provided with an opportunity to repeat the internship one (1) time if the teacher is employed by a school district.

(7) The resource teacher shall spend a minimum of seventy (70) hours working with the beginning teacher. Twenty (20) of these hours shall be in the classroom setting, and fifty (50) of these hours shall be in consultation other than class time or attending assessment meetings. The resource teacher shall have completed at least four (4) years of successful teaching experience as attested to by his or her immediate supervisor or by having achieved tenure and be able to show evidence of continuing professional development by having achieved a master's degree or its equivalent or the accumulation of two thousand (2,000) hours of continuing professional activities.

(8) By contract with teacher education institutions in the Commonwealth, the Education Professional Standards Board shall provide special training for persons who will be serving on the beginning teacher committees. Completion of special training shall be evidenced by successfully passing the assessments as prescribed by the Education Professional Standards Board. A principal hired after July 15, 1996, shall be required to complete the beginning teacher committee training program within one (1) year after his or her appointment.

(9) If an applicant establishes eligibility for a one (1) year certificate under the provisions of subsection (3)(a) of this section, but does not become employed on the basis needed to satisfy the one (1) year internship requirement, the applicant shall be eligible for the issuance of a certificate for substitute teaching as provided by the administrative regulations of the Education Professional Standards Board. The applicant shall remain eligible for the one (1) year certificate, as provided in subsection (3)(a) of this section, and for the opportunity to serve the internship for a period of five (5) years after establishing eligibility. If the internship is not completed within the five (5) year period, the applicant must reestablish eligibility by repeating and passing the assessment program in effect for new

teachers at that time or by completing a minimum of six (6) graduate hours toward completion of a graduate program required by administrative regulations promulgated by the Education Professional Standards Board. The option for renewal through completion of graduate hours shall be available only for the first reestablishment of eligibility.

(10)(a) The Education Professional Standards Board shall issue a ten (10) year emeritus certificate to an applicant who has:

1. Retired or will retire not more than one (1) year prior to the expiration date of the certificate;

2. Met the requirements to receive an emeritus certificate as set forth in administrative regulation promulgated by the Education Professional Standards Board; and

3. Completed the required application unless the provisions of KRS 161.120 apply.

(b) The Education Professional Standards Board shall issue a one (1) time five (5) year exception certificate to an individual:

1. Whose certificate has expired;

2. Whose rank upon expiration was Rank I or Rank II;

3. Who has met the requirements to receive an exception certificate as set forth in administrative regulation promulgated by the Education Professional Standards Board;

4. Who completed three (3) years of classroom instruction prior to the certificate's expiration; and

5. Who has completed the required application unless the provisions of KRS 161.120 apply.

(11) The Education Professional Standards Board shall approve the curricula of any college or university, or of any department thereof, for the training of teachers, and any nontraditional or alternative teacher preparation program offered in a public or private postsecondary education institution, private contractor, or state agency, and shall also approve the curricula of any local district alternative certification program, when the curricula comply with the administrative regulations of the Education Professional Standards Board for the issuance of certificates and when the institution has met the terms and conditions provided in KRS 161.010 to 161.120. Any student who has completed any of these curricula, as approved by the Education Professional Standards Board, and who has completed the prescribed requirements for the issuance of certificates shall be granted a certificate corresponding to the curricula completed.

NOTES TO DECISIONS

Analysis

1. Nonpublic School Teachers.
2. Administrator.

1. Nonpublic School Teachers.

It cannot be said as an absolute that a teacher in a nonpublic school who is not certified under subsection (2) of this section will be unable to instruct children to become intelligent citizens; certainly, the receipt of "a bachelor's degree from a standard college or university" is an indicator of the level of achievement, but it is not a sine qua non the absence of which establishes that private and parochial school teachers are unable to teach their students to intelligently exercise the elective franchise. *Kentucky State Board for Elementary & Secondary Education v. Rudasill*, 589 S.W.2d 877, 1979 Ky. LEXIS 295 (Ky. 1979), cert. denied, 446 U.S. 938, 100 S. Ct. 2158, 64 L. Ed. 2d 792, 1980 U.S. LEXIS 1592 (U.S. 1980).

2. Administrator.

An administrator is one who (1) holds a position categorized as an administrative position pursuant to KRS 161.720(8), or pursuant to approval by the State Board of Education of the position as a certified administrative position; and (2) is duly certified by the State Board of Education as an administrator. *Petett v. Board of Education*, 684 S.W.2d 7, 1984 Ky. App. LEXIS 529 (Ky. Ct. App. 1984).

OPINIONS OF ATTORNEY GENERAL.

Under this section a teacher certified to teach only in a nonpublic school would not be qualified to teach in a public school. OAG 70-355.

The 1970 amendment to this section was not discriminatory because it established different standards for certification of teachers in public and nonpublic schools. OAG 70-355.

The provisions of this section as amended in 1972 supercedes and repeals by implication the provisions of KRS 164.020 as to determination of the curricula for teacher education. OAG 72-272.

The 1986 General Assembly intended to require licensing by the Board of Speech Language Pathology and Audiology of those certified speech language pathologists and audiologists who began teaching or had a certificate issued after August 1, 1986, or who had a master's degree in such subjects; those persons who were certified by the Department of Education on and prior to August 1, 1986, and who had not obtained a master's degree in speech language pathology or audiology, or the substantive equivalent, and who render speech language pathology or audiology services exclusively in the public schools were not required to obtain a license from the Board of Speech Language Pathology and Audiology. OAG 87-34.

A school board may not require principals to be residents of the school district. OAG 01-7.

161.032. Certification incentive fund — Purpose of grants — Eligibility — Priorities — Forgivable loan incentive — Stipend — Other financial incentives.

(1)(a) There is hereby created a certification incentive fund in the State Treasury to be administered by the Education Professional Standards Board. The fund shall provide grants to eligible recipients for conducting institutes as described in KRS 161.048(8), including the costs of salaries of institute instructors, consultants, materials, stipends and loans to participants, other costs associated with the institutes, and costs of assistance to teachers throughout their first year of teaching.

(b) Eligible recipients of grant funds may be non-profit organizations, institutions, and agencies, including but not limited to postsecondary education institutions, school districts, education cooperatives, and consortia of school districts.

(c) The Education Professional Standards Board shall promulgate administrative regulations establishing standards and procedures for the grant program, including minimal participation levels and maximum grant awards.

(2)(a) Priority for the institutes funded under this section for academic years 2008-2009 through 2011-2012 shall be for the purpose of certifying teachers in high school mathematics, chemistry, integrated science, and physics, and middle school mathematics and earth science under the provisions of KRS 161.048 (8), Option 7: Certification of a person in a field other than education to teach in elementary, middle, or secondary programs. At the completion of academic year 2011-2012, the Education Professional Standards Board shall determine priority for specific institutes.

(b) The board shall request proposals and approve at least one (1) summer institute for the purpose described in paragraph (a) of this subsection each academic year. The institute shall be a minimum of ninety (90) clock hours, based on six (6) hour days for a three (3) week period.

(c) Each individual who completes a summer institute shall have additional hours of formal instruction or assistance during the first year of teaching to reach the minimum number of clock hours as required in KRS 161.048(8)(b)2.

(d) Notwithstanding KRS 161.030, an alternative teacher certification candidate participating in the institute described in the provisions of this subsection

shall not be required to participate in the teacher internship program until the second year of teaching. The candidate shall be assigned a teacher mentor by the grant recipient the first year of teaching. Payment of the teacher mentor shall be from the grant provided under subsection (1) of this section.

(3)(a) Individuals who are accepted into an institute shall be provided a forgivable loan incentive at the beginning of the institute to encourage their participation. The amount of the forgivable loan shall be determined by the Education Professional Standards Board. The loan shall be forgiven if the participant teaches in a Kentucky public or Kentucky Board of Education certified nonpublic school for one (1) year within the three (3) years following the awarding of the loan.

(b) If an individual does not successfully complete the institute or teach mathematics or science in a qualifying Kentucky school, the loan must be repaid according to procedures promulgated in administrative regulation by the Kentucky Higher Education Assistance Authority.

(c) The Education Professional Standards Board shall enter into a memorandum of understanding with the Kentucky Higher Education Assistance Authority to administer the forgivable loan incentive under this section. Based on the memorandum of understanding, the authority may retain a portion of the funds for administering the forgivable loan incentive. Funds recovered under provisions of this section, minus the administrative costs, shall be returned to the State Treasury.

(4) Each individual who successfully completes a summer institute shall be awarded a stipend equal to the amount of the forgivable loan as described in subsection (3) of this section. The stipend shall be awarded at the end of the institute without restrictions.

(5) Grant recipients and local school districts may offer financial incentives to potential participants and individuals who complete an institute from fund sources other than the grant funds.

161.042. Status of student teachers — Responsibility to administrative staff and supervising teachers — Professional competency requirement for supervising teachers.

(1) The Education Professional Standards Board shall provide through administrative regulation for the utilization of the common schools for the preparation of teacher education students from the colleges and universities.

(2) Within the provisions established by the Education Professional Standards Board, local boards of education are authorized to enter into cooperative agreements, including financial arrangements, with colleges and universities for the purpose of providing professional laboratory experiences and student teaching experiences for students preparing for the education profession.

(3) The Education Professional Standards Board shall promulgate administrative regulations defining the professional requirements and general duties of a supervising teacher and requirements for a local school district and school to be used for this purpose.

(4) A student teacher who is jointly assigned under agreement by a teacher education institution and a local board of education shall have the same legal status and protection as a certified teacher employed within the school district and shall be responsible to the administrative staff of the school district and the supervising teacher to whom he or she is assigned. All student teachers shall be subject to the state and national criminal records checks required of certified hires under provisions of KRS 160.380.

(5) Teacher education students, other than student teachers, may be permitted through cooperative agreements between the local school district and the teacher education institution, to engage in supplementary instructional activities with pupils under the direction and supervision of the professional administrative and teaching staff of the school district. Teacher education students shall not be subject to the criminal records checks required under KRS 160.380 or 161.148.

OPINIONS OF ATTORNEY GENERAL.

A student teacher may not perform services as a student teacher in the absence of a regular classroom teacher. OAG 75-70.

A student teacher may be held liable in tort for his negligent acts or omissions just as may a regular teacher but his actions, and whether he acted as a reasonable person would act under the circumstances, must be judged in the light of the fact that he is acting under the supervision and direction of a regular classroom teacher. 161.044. Requirements for teachers' aides — Legal status — Preference to certified applicants — Training.

(1) The Kentucky Board of Education shall promulgate administrative regulations governing the qualifications of teachers' aides in the common schools. All teachers' aides working in kindergarten or with entry level students in primary classes and all instructional teachers' aides initially employed after July 1, 1986, except those with current teacher certification, shall have a high school diploma or a High School Equivalency Diploma.

(2) "Noninstructional teacher's aide" means an adult who works under the direct supervision of the teaching staff in performing noninstructional functions such as clerical duties, lunch room duties, leading pupils in recreational activities, aiding the school librarian, preparing and organizing instructional material and equipment and monitoring children during a noninstructional period. Noninstructional teachers' aides employed on a full-time basis shall possess skills necessary to perform their duties and shall meet the requirements established in KRS 161.011 and 160.380.

(3) Within the administrative regulations established by the Kentucky Board of Education, a local district may employ teachers' aides in supplementary instructional and noninstructional activities with pupils. While engaged in an assignment as authorized under the administrative regulations, and as directed by the professional administrative and teaching staff, these personnel shall have the same legal status and protection as a certified teacher in the performance of the same or similar duties.

(4) Local districts shall give preference to applicants for the position of teacher's aide who have regular or emergency teacher certification.

(5) Local districts shall provide training of the instructional teacher's aide with the certified employee to whom he is assigned.

History.

Enact. Acts 1972, ch. 178, § 3; 1978, ch. 155, § 82, effective June 17, 1978; 1985 (1st Ex. Sess.), ch. 10, § 19, effective October 18, 1985; 1988, ch. 38, § 2, effective July 15, 1988; 1990, ch. 476, Pt. II, § 68, effective July 13, 1990; 1994, ch. 417, § 2, effective July 15, 1994; 1996, ch. 362, § 6, effective July 15, 1996; 2000, ch. 336, § 2, effective July 14, 2000; 2012, ch. 61, § 4, effective July 12, 2012; 2017 ch. 63, § 19, effective June 29, 2017; 2019 ch. 31, § 5, effective June 27, 2019.

OPINIONS OF ATTORNEY GENERAL.

In view of the description of duties and definitions of "paraprofessional" and "teacher aide" given in KRS 161.010(6) and (7) (definition of "paraprofessional" has been deleted and "teacher's aide" is now defined in (5)) and the fact that subsections (1), (2) and (3) of this section refer to such persons performing "supplementary instructional and noninstructional activities with pupils" and that while reference is made to "provisions established by the State Board of Education," such regulations have not been prepared and adopted, it

would appear that a teacher's aide cannot conduct a class even with a teacher present. OAG 73-206.

Since the State Board of Education has adopted regulations relating to paraprofessional personnel (704 KAR 15:080), a local board of education could prepare a job description outlining the duties of a paraprofessional which would include some limited teaching responsibilities if the paraprofessional held a valid and appropriate teaching certificate; however, the instructional assistance of a paraprofessional with a teaching certificate may not be permitted to supplant the day to day teaching responsibilities of the regular classroom teacher. OAG 76-555.

The distinction in subsection (1) of this section between kindergarten teacher aides and the other aides was drawn to indicate that all kindergarten teacher aides, regardless of when they were hired, must comply with the requirements, while non-kindergarten aides must comply only if they were initially hired after July 1, 1986. OAG 86-43.

161.046. Adjunct instructors.

(1) For purposes of this section, "adjunct instructor" means an individual who has training or experience in a specific subject area and who has met the requirements for certification as an adjunct instructor established by the Education Professional Standards Board.

(2) The Education Professional Standards Board shall adopt administrative regulations governing the qualifications and utilization of adjunct instructors. These administrative regulations shall specify the minimum essential competencies which must be demonstrated by persons seeking an adjunct instructor certificate.

(3) Holders of an adjunct instructor certificate shall be employed on an annual contract basis and shall not be eligible for continuing service status pursuant to KRS 161.740 or for the retirement provisions of KRS 161.220 through 161.714, except that the return to work limitations set forth in KRS 161.605 shall apply to any retired member of the Kentucky Teachers' Retirement System who resumes employment as an adjunct instructor. The granting of successive annual contracts to the holder of an adjunct instructor certificate shall not give rise to a claim of expectation of continuing employment.

(4) Local school boards may contract with certificated adjunct instructors for part-time services on an hourly, daily, or other periodic basis as best meets the needs of the board. An adjunct instructor shall not fill a position that will result in the displacement of a qualified teacher with a regular certificate who is already employed in the district.

(5) An orientation program shall be developed and implemented for adjunct instructors by the local school board.

161.048. Alternative certification program — Purpose — Options — Testing and eligibility requirements — Salary schedule.

(1) The General Assembly hereby finds that:

(a)1. There are persons who have distinguished themselves through a variety of work and educational experiences that could enrich teaching in Kentucky schools;

2. There are distinguished scholars who wish to become teachers in Kentucky's public schools, but who did not pursue a teacher preparation program;

3. There are persons who should be recruited to teach in Kentucky's public schools as they have academic majors, strong verbal skills as shown by a verbal ability test, and deep knowledge of content, characteristics that empirical research identifies as important attributes of quality teachers;

4. There are persons who need to be recruited to teach in Kentucky schools to meet the diverse cultural and educational needs of students; and

5. There should be alternative procedures to the traditional teacher preparation programs that qualify persons as teachers;

(b) There are hereby established alternative certification program options as described in subsections (2) to (10) of this section;

(c) It is the intent of the General Assembly that the Education Professional Standards Board inform scholars, persons with exceptional work experience, and persons with diverse backgrounds who have potential as teachers of these options and assist local boards of education in implementing these options and recruitment of individuals who can enhance the education system in Kentucky;

(d) The Education Professional Standards Board may reject the application of any candidate who is judged as not meeting academic requirements comparable to those for students enrolled in Kentucky teacher preparation programs; and

(e) The Education Professional Standards Board shall promulgate administrative regulations establishing standards and procedures for the alternative certification options described in this section.

(2) Option 1: Certification of a person with exceptional work experience. An individual who has exceptional work experience and has been offered employment in a local school district shall receive a one (1) year provisional certificate with approval by the Education Professional Standards Board of a joint application by the individual and the employing school district under the following conditions:

(a) The application contains documentation of all education and work experience;

(b) The candidate has documented exceptional work experience in the area in which certification is being sought; and

(c) The candidate possesses:

1. A bachelor's degree or a graduate degree;

2. A minimum cumulative grade point average of two and seventy-five hundredths (2.75) on a four (4) point scale or a minimum grade point average of three (3.0) on a four (4) point scale on the last thirty (30) hours of credit completed, including

undergraduate and graduate coursework from a nationally or regionally accredited postsecondary institution; and

3. An academic major or a passing score on the academic content assessment in the area in which certification is being sought by the applicant as designated by the Education Professional Standards Board.

The candidate shall participate in the teacher internship program under KRS 161.030. After successful completion of the internship program, the candidate shall receive a professional certificate and shall be subject to certificate renewal requirements the same as other teachers with a professional certificate.

(3) Option 2: Certification through a local school district training program. A local school district or group of school districts may seek approval for a training program. The state-approved local school district training program is an alternative to the college teacher preparation program as a means of acquiring teacher certification for a teacher at any grade level. The training program may be offered for all teaching certificates approved by the Education Professional Standards Board, including interdisciplinary early childhood education, except for specific certificates for teachers of exceptional children. To participate in a state-approved local school district alternative training program, the candidate shall possess:

(a) A bachelor's degree or a graduate degree;

(b) A minimum cumulative grade point average of two and seventy-five hundredths (2.75) on a four (4) point scale or a minimum grade point average of three (3) on a four (4) point scale on the last thirty (30) hours of credit completed, including undergraduate and graduate coursework from a nationally or regionally accredited postsecondary institution;

(c) A passing score on the academic content assessment in the area in which certification is being sought by the applicant as designated by the Education Professional Standards Board. To be eligible to take an academic content assessment, the applicant shall have completed a thirty (30) hour major in the academic content area or five (5) years of experience in the academic content area as approved by the Education Professional Standards Board; and

(d) An offer of employment in a school district which has a training program approved by the Education Professional Standards Board.

Upon meeting the participation requirements as established in this subsection, the candidate shall be issued a one (1) year provisional certificate by the Education Professional Standards Board. The candidate shall participate in the teacher internship program under KRS 161.030. After successful completion of the internship program, the candidate shall receive a professional certificate and shall be subject to certificate renewal requirements the same as other teachers with a professional certificate.

(4) Option 3: Certification of a professional from a postsecondary institution: A candidate who possesses the following qualifications may receive a one (1) year provisional certificate for teaching at any level:

(a) A master's degree or doctoral degree in the academic content area for which certification is sought;

(b) A minimum of five (5) years of full-time teaching experience, or its equivalent, in the academic content area for which certification is sought in a regionally or nationally accredited institution of higher education; and

(c) An offer of employment in a school district which has been approved by the Education Professional Standards Board.

The candidate shall participate in the teacher internship program under KRS 161.030. After successful completion of the internship program, the candidate shall receive a professional certificate and shall be subject to certificate renewal requirements the same as other teachers with professional certificates.

(5) Option 4: Certification of an adjunct instructor. A person who has expertise in areas such as art, music, foreign language, drama, science, computer science, and other specialty areas may be employed as an adjunct instructor in a part-time position by a local board of education under KRS 161.046.

(6) Option 5: Certification of a veteran of the Armed Forces. The Education Professional Standards Board shall issue a statement of eligibility, valid for five (5) years, for teaching at the elementary, secondary, and secondary career technical education levels to a veteran of the Armed Forces who was honorably discharged from active duty as evidenced by Defense Department Form 214 (DD 214) or National Guard Bureau Form 22 or to a member of the Armed Services currently serving with six (6) or more years of honorable service, including Reserves, National Guard, or active duty. The candidate shall possess:

(a) A bachelor's degree or graduate degree;

(b) A minimum cumulative grade point average of two and seventy-five hundredths (2.75) on a four (4) point scale or a minimum grade point average of three (3) on a four (4) point scale on the last thirty (30) hours of credit completed, including undergraduate and graduate coursework from a nationally or regionally accredited postsecondary institution; and

(c) An academic major or a passing score on the academic content assessment in the area in which certification is being sought by the applicant as designated by the Education Professional Standards Board.

Upon an offer of employment by a school district, the eligible veteran shall receive a one (1) year provisional certificate with approval by the Education Professional Standards Board of a joint application by the veteran and the employing school district. During this year, the veteran shall participate in the teacher internship program under KRS 161.030. After successful completion of the internship program, the veteran shall receive a professional certificate.

(7) Option 6: University alternative program. With approval of the Education Professional Standards Board, a university may provide an alternative program that enrolls students in a postbaccalaureate teacher preparation program concurrently with employment as a teacher in a local school district. A student in the alternative program shall be granted a one (1) year provisional certificate and shall participate in the Kentucky teacher internship program, notwithstanding provisions of KRS 161.030. A student may not

participate in the internship program until the student has successfully completed the assessments required by the board. The one (1) year provisional certificate may be renewed two (2) additional years, and shall be contingent upon the candidate's continued enrollment in the preparation program and compliance with all requirements established by the board. A professional certificate shall be issued upon the teacher candidate's successful completion of the program, the internship program requirements, and all academic content assessments in the specific teaching field of the applicant as designated by the Education Professional Standards Board.

(8) Option 7: Certification of a person in a field other than education to teach in elementary, middle, or secondary programs. This option shall not be limited to teaching in shortage areas. An individual certified under provisions of this subsection shall be issued a one (1) year provisional certificate, renewable for a maximum of two (2) additional years with approval of the Education Professional Standards Board.

(a) The candidate shall possess:

1. A bachelor's degree with a declared academic major in the area in which certification is sought or a graduate degree in a field related to the area in which certification is sought;

2. A minimum cumulative grade point average of two and seventy-five hundredths (2.75) on a four (4) point scale or a minimum grade point average of three (3) on a four (4) point scale on the last thirty (30) hours of credit completed, including undergraduate and graduate coursework from a nationally or regionally accredited postsecondary institution;

3. A passing score on the GRE or equivalent as designated by the Education Professional Standards Board. A candidate who has a terminal degree shall be exempt from the requirements of this subparagraph; and

4. A passing score on the academic content assessment in the area in which certification is being sought as designated by the Education Professional Standards Board.

(b) Prior to receiving the one (1) year provisional certificate or during the first year of the certificate, the teacher shall complete the following:

1. For elementary teaching, the individual shall successfully complete the equivalent of a two hundred forty (240) hour institute, based on six (6) hour days for eight (8) weeks. The providers and the content of the institute shall be approved by the Education Professional Standards Board. The content shall include research-based teaching strategies in reading and math, research on child and adolescent growth, knowledge of individual differences, including teaching exceptional children, and methods of classroom management.

2. For middle and secondary teaching, the individual shall successfully complete the equivalent of a one hundred eighty (180) hour institute, based on six (6) hour days for six (6) weeks. The providers and the content of the institute shall be approved by the Education Professional Standards Board and shall include research-based teaching strate-

gies, research on child and adolescent growth, knowledge of individual differences, including teaching exceptional children, and methods of classroom management.

(c) The candidate shall participate in the teacher internship program under KRS 161.030. After successful completion of the internship program, the candidate shall receive a professional certificate and shall be subject to certificate renewal requirements the same as other teachers with a professional certificate.

(9) Option 8: Certification of a Teach for America participant to teach in elementary, middle, or high schools. Nothing in this subsection shall conflict with the participation criteria of the Teach for America program. An individual certified under this subsection shall be issued a one (1) year provisional certificate.

(a) The candidate shall possess:

1. An offer of employment from a local school district;

2. A bachelor's degree;

3. A successful completion of the summer training institute and ongoing professional development required by Teach for America, including instruction in goal-oriented, standards-based instruction, diagnosing and assessing students, lesson planning and instructional delivery, classroom management, maximizing learning for diverse students, and teaching methodologies; and

4. A passing score on the academic content assessment in the area in which certification is being sought as designated by the Education Professional Standards Board.

(b) The provisional certificate granted under paragraph (a) of this subsection may be renewed two (2) times with a recommendation of the superintendent and approval of the Education Professional Standards Board.

(c) A Teach for America participant who is approved for a second renewal of his or her provisional certificate under paragraph (b) of this subsection may participate in the teacher internship program under KRS 161.030.

(d) A Teach for America participant shall be issued a professional certificate upon the participant's successful completion of the internship program and assessments relating to teaching of subject matter required by the Education Professional Standards Board under KRS 161.030.

(e) Notwithstanding any statute or administrative regulation to the contrary, a teacher certified under this subsection shall have ten (10) years from the date that the teacher successfully completed the internship program to complete a master's degree or fifth year program, or the equivalent as specified by the Education Professional Standards Board in administrative regulation.

(10) Option 9: Expedited certification of a person to teach at any grade level through a cooperative program. With approval of the Education Professional Standards Board, a college or university may partner with a school district to develop an expedited certification program that results in a bachelor's degree and initial certification within three (3) school years.

(a) The program shall:

1. Include a residency or paraprofessional component which employs the person within the participating district for the duration of the program to gain work experience to supplement the expedited program and reduced coursework;

2. Utilize experienced teachers employed by the district to provide coaching and to mentor the candidates; and

3. Be designed to meet the needs of the participating district and may include an emphasis in developing a teacher pipeline for the district's students, improving the numbers of underrepresented populations among the district's workforce, or focusing on increasing the number of teachers with certification areas that are in high demand.

(b) A school district entering into a cooperative partnership shall ensure the availability of funding for each candidate employed within the district in the residency or paraprofessional program for the duration of the candidate's participation in the program. However, nothing in this subsection shall be interpreted as requiring the district to continue employing the candidate during the program or after the candidate has received initial certification.

(c) A person who has begun a traditional path or another option for certification shall be eligible to transfer into this option if the person meets the program's requirements.

(d) If a school district participating in a cooperative partnership determines to end the partnership, the district shall no longer accept new candidates to the program but shall continue the partnership until the district's employed candidates for Option 9 certification complete the program or are no longer employed by the district.

(11) A public school teacher certified under subsections (2) to (10) of this section shall be placed on the local district salary schedule for the rank corresponding to the degree held by the teacher.

(12) Subsections (1) to (3) of this section notwithstanding, a candidate who possesses the following qualifications may receive certification for teaching programs for exceptional students:

(a) An out-of-state license to teach exceptional students;

(b) A bachelor's or master's degree in the certification area or closely related area for which certification is sought; and

(c) Successful completion of the teacher internship program requirement required under KRS 161.030.

161.049. Professional support teams — Training program — Alternate training program.

(1) As used in this section, "professional support team" means a school principal, an experienced teacher, a college or university faculty member, and an instructional supervisor. If an instructional supervisor or college or university faculty member is not available, the district shall assign a member with comparable experience. The school principal shall serve as the chairman of the team.

(2) The Education Professional Standards Board shall establish a training program for professional support teams which shall be implemented by the board or contracted with another agency. The training shall include content and procedures for the evaluation of teacher candidates. Completion of the training shall be evidenced by successfully passing the examinations prescribed by the board.

(3) A local school district seeking to hire a teacher pursuant to KRS 161.048(3) shall submit a plan for a local district alternative training program to the Education Professional Standards Board and have it approved in accordance with administrative regulations established by the Board. The district shall show evidence that it has sought joint sponsorship of the program with a college or university. No local school district shall employ a teacher seeking certification in a state-approved local district training program unless it has submitted a plan and received approval by the Education Professional Standards Board.

(4) Each state approved local district alternative training program shall provide the teacher candidate with essential knowledge and skills and include, but not be limited to, the following components:

(a) A full-time seminar and practicum of no less than eight (8) weeks' duration prior to the time the candidate assumes responsibility for a classroom. The content of the formal instruction shall be prescribed by the Education Professional Standards

Board and shall include an introduction to basic teaching skills through supervised teaching experiences with students, as well as an orientation on the policies, organization, and curriculum of the employing district.

(b) A period of classroom supervision while the candidate assumes responsibility on a one-half (½) time basis for a classroom and continuing for eighteen (18) weeks. During this period, the candidate shall be visited and critiqued no less than one (1) time per week by one (1) or more members of a professional support team appointed by the local district and assigned according to the administrative regulations adopted by the Education Professional Standards Board. The candidate shall be formally evaluated at the end of five (5) weeks, at the end of the second five (5) weeks, and at the end of the last eight (8) weeks by the members of the team. During this period, the candidate shall continue formal instruction which emphasizes student assessment, child development, learning, curriculum, instruction of exceptional children, and school and classroom organization.

(c) An additional period of at least eighteen (18) weeks continued supervision of the teacher candidate who may be assigned full-time classroom duties. During this period the teacher candidate shall be critiqued at least once per month and shall be observed formally and evaluated at least twice. No more than two (2) months shall pass without a formal observation. Formal instruction shall also continue during this period. In addition, opportunities shall be provided for the teacher candidate to observe the teaching of experienced teachers.

(5) At least two hundred fifty (250) hours of formal instruction shall be provided in all three (3) phases of the program combined.

(6) At the conclusion of the alternative training program, the chair of the support team shall prepare a comprehensive evaluation report on the teacher candidate's performance. This report shall be submitted to the Education Professional Standards Board and shall contain a recommendation as to whether the teacher candidate shall be issued a one (1) year certificate of eligibility to complete the internship pursuant to KRS 161.030. The support team shall make one (1) of the following recommendations:

(a) Approved: recommends issuance of certificate to complete the internship;

(b) Insufficient: recommends the candidate be allowed to seek reentry into a teacher preparation program; or

(c) Disapproved: recommends the candidate not be allowed to enter a teacher preparation program.

161.053. Certification of teachers of exceptional children/communication disorders.

(1) The Education Professional Standards Board shall have the authority and responsibility to certify as a teacher of exceptional children/communication disorders, an individual who has:

(a) Completed an approved program of preparation that corresponds to the certificate;

(b) Achieved a passing score on an appropriate assessment as determined by the Education Professional Standards Board;

(c) Fulfilled other requirements for teacher certification as determined by the Education Professional Standards Board, in accordance with KRS Chapter

161 and administrative regulations promulgated thereunder; and

(d) Completed the requirements set forth in subsection (2) of this section.

(2) The Education Professional Standards Board shall issue two (2) levels of certification for teachers of exceptional children/communication disorders:

(a) Baccalaureate level certification shall be issued to a person who has:

1. Completed an approved program of preparation leading to a bachelor's degree in speech-language pathology;

2. Been granted licensure as a speech-language pathology assistant from the Kentucky Board of Speech-Language Pathology and Audiology, under KRS Chapter 334A; and

3. Completed the other requirements set forth in subsection (1) of this section; and

(b) Master's level certification shall be issued to a person who has:

1. Completed an approved program of preparation leading to a master's degree in speech-language pathology; and

2. Completed the other requirements specified in subsection (1) of this section.

(3) A person holding licensure through the Kentucky Board of Speech-Language Pathology and Audiology as a speech-language pathology assistant, but not certified as a teacher of exceptional children/communication disorders, may:

(a) Continue to work in the public schools as a classified employee under the provisions of KRS Chapter 334A and administrative regulations promulgated by the Kentucky Board of Speech-Language Pathology and Audiology; or

(b) Pursue certification as a baccalaureate level teacher of exceptional children/communication disorders while working as a speech-language pathology assistant.

(4) Candidates for certification as a teacher of exceptional children/communication disorders shall participate in the teacher internship program under KRS 161.030.

(5) A bachelor's level teacher of exceptional children/communication disorders shall work under requirements for speech-language pathology assistants set forth in KRS Chapter 334A.

(6) The Education Professional Standards Board shall develop a policy through the promulgation of administrative regulations by June 30, 2001, to permit a speech-language pathology assistant with two (2) years or more of successful professional experience pursuing certification as a baccalaureate level teacher of exceptional children to:

(a) Substitute prior professional experience for student teaching requirements; and

(b) Substitute prior professional experience for beginning teacher internship requirements.

(7) A teacher of exceptional children/communication disorders shall receive salary and benefits, including membership in the Teachers' Retirement System, commensurate with his or her education, certification, and experience as prescribed by law. Years of experience as a speech-language pathology assistant shall be in-

cluded in the calculation of all benefits, including membership in the Teachers' Retirement System, for individuals with baccalaureate level certification as a teacher of exceptional children/communication disorders.

(1) The Education Professional Standards Board, with the advice of the Kentucky Board of Education, shall:

(a) Promulgate administrative regulations to establish procedures for a teacher to maintain his or her certificate by successfully completing meaningful continuing education;

(b) Develop standards for continuing education related to maintaining a certificate, including university courses, an advanced degree, or a combination of field-based experience, individual research, and approved professional development; and

(c) Establish a system of quality assurance related to continuing education activities and certification requirements.

(2)(a) The Education Professional Standards Board shall extend the validity period of a certificate of a member of the Armed Forces of the United States of America by one (1) year for each year the member is

determined by the board to have been prohibited by military service or training from pursuing an advanced degree or completing professional development required to maintain certification; and

(b) The Education Professional Standards Board shall promulgate administrative regulations to establish an application process and develop guidelines for the process by which education or professional development is considered to have been prohibited by military service.

When a district board of education satisfies the Education Professional Standards Board that it is impossible to secure qualified teachers for a position in a school under the control of the district board, the Education Professional Standards Board may issue emergency certificates to persons who meet the qualifications determined by the Education Professional Standards Board for emergency certificates. An emergency certificate shall be valid only for the specific job for which issued and for the current school term. The Education Professional Standards Board may require the passing of a written examination before an emergency certificate is issued. The examination shall be prepared and administered and the papers graded in the state offices of the Education Professional Standards Board under the direction of the commissioner of education, in accordance with administrative regulations approved by the Education Professional Standards Board.

NOTES TO DECISIONS

1. Hiring Practices.

In a special education teacher's suit against a board of education for rejecting his application and hiring a teacher for the position who had only an emergency certification, summary judgment in favor of the board of education was proper because, although the special education teacher's level of certification was superior to the certification of the teacher hired, the board of education's policy required it to consider an applicant's certification level, educational background, prior work experience, recommendations, and personal characteristics shown during the interview process. Because the teacher's prior employer gave him a poor evaluation and absolutely did not recommend him for employment and because there was

testimony that the teacher was under review by the professional standards board at the time of his application, the board had before it substantial evidence relating to the factors it was required to consider under its policy, and the teacher failed to raise the existence of an issue of material fact sufficient to defeat summary judgment. *Hicks v. Magoffin County Bd. of Educ.*, 292 S.W.3d 335, 2009 Ky. App. LEXIS 145 (Ky. Ct. App. 2009).

161.115. Deletion of certificate, certificate endorsement, or subject specialization from official certification record at holder's option — Restoration of deleted areas of certification.

The holder of any type of Kentucky teacher certification issued by the Education Professional Standards Board may, at the holder's option, have any certificate, certificate endorsement, or subject specialization deleted from the official certification record upon application, subject to the following provisions:

(1) The application shall be submitted to the Education Professional Standards Board on a form furnished by the board. The form shall include the information required by this section and the applicant shall verify the information by affidavit. The application shall be submitted between September 1 and December 1 and shall become effective on the

following July 1. If the requirements of this section are satisfied, the Education Professional Standards Board shall notify the applicant and the applicant's employing school or school district on or before February 1 following submission of the application, that the decertification has been approved.

(2) No portion of the certification shall be deleted for any subject or assignment in which the teacher has had experience during the three (3) year period preceding the request in an amount equivalent to one (1) year of full-time employment (140 days) during which at least one (1) period per day was in the subject or assignment corresponding to the portion of the certification requested for deletion.

(3) If the certification for classroom teaching at the secondary level is to be retained, at least one (1) teaching major or one (1) area of concentration shall be retained.

(4) A certificate which is a prerequisite or a concurrent requirement to the issuance of another certificate or certificate endorsement held by the applicant shall be retained.

(5) Applications for restoration of areas of certification deleted under this section shall be submitted to the Education Professional Standards Board showing restored competency and proficiency by completion of twelve (12) semester hours of credit pertinent to the deleted areas as prescribed by an institution approved for teacher education. A transcript or other appropriate verification of completion of the twelve (12) semester hours of credit from the institution approved for teacher education shall be accepted as evidence showing restoration of competency and proficiency in the areas of certification.

161.120. Disciplinary actions relating to certificates — Appeals.

(1) Except as described in KRS 161.795, the Education Professional Standards Board may revoke, suspend, or refuse to issue or renew; impose probationary or supervisory conditions upon; issue a written reprimand or admonishment; or any combination of those actions regarding any certificate issued under KRS 161.010 to 161.100, or any certificate or license issued under any previous law to superintendents, principals, teachers, substitute teachers, interns, supervisors, directors of pupil personnel, or other administrative, supervisory, or instructional employees for the following reasons:

(a) Being convicted of, or entering an "Alford" plea or plea of nolo contendere to, notwithstanding an order granting probation or suspending imposition of any sentence imposed following the conviction or entry of the plea, one (1) of the following:

1. A felony;
 2. A misdemeanor under KRS Chapter 218A, 508, 509, 510, 522, 525, 529, 530, or 531; or
 3. A misdemeanor involving a student or minor.
- A certified copy of the conviction or plea shall be conclusive evidence of the conviction or plea;

(b) Having sexual contact as defined in KRS 510.010(7) with a student or minor. Conviction in a criminal proceeding shall not be a requirement for disciplinary action;

(c) Committing any act that constitutes fraudulent, corrupt, dishonest, or immoral conduct. If the act constitutes a crime, conviction in a criminal proceeding shall not be a condition precedent to disciplinary action;

(d) Demonstrating willful or careless disregard for the health, welfare, or safety of others;

(e) Physical or mental incapacity that prevents the certificate holder from performing duties with reasonable skill, competence, or safety;

(f) Possessing, using, or being under the influence of alcohol, which impairs the performance of duties;

(g) Unlawfully possessing or unlawfully using a drug during the performance of duties;

(h) Incompetency or neglect of duty;

(i) Making, or causing to be made, any false or misleading statement or concealing a material fact in obtaining issuance or renewal of any certificate;

(j) Failing to report as required by subsection (2) of this section;

(k) Failing to comply with an order of the Education Professional Standards Board;

(l) Violating any state statute relating to schools or the teaching profession;

(m) Violating the professional code of ethics for Kentucky school certified personnel established by the Education Professional Standards Board through the promulgation of administrative regulation;

(n) Violating any administrative regulation promulgated by the Education Professional Standards Board or the Kentucky Board of Education; or

(o) Receiving disciplinary action or having the issuance of a certificate denied or restricted by another jurisdiction on grounds that constitute a violation of this subsection.

(2)(a) The superintendent of each local school district shall report in writing to the Education Professional Standards Board the name, address, phone number, Social Security number, and position name of any certified school employee in the employee's district whose contract is terminated or not renewed, for cause except failure to meet local standards for quality of teaching performance prior to the employee gaining tenure; who resigns from, or otherwise leaves, a position under threat of contract termination, or nonrenewal, for cause; who is convicted in a criminal prosecution; or who otherwise may have engaged in any actions or conduct while employed in the school district that might reasonably be expected to warrant consideration for action against the certificate under subsection (1) of this section. The duty to report shall exist without regard to any disciplinary action, or lack thereof, by the superintendent, and the required report shall be submitted within thirty (30) days of the event giving rise to the duty to report.

(b) The district superintendent shall inform the Education Professional Standards Board in writing of the full facts and circumstances leading to the contract termination or nonrenewal, resignation, or

other absence, conviction, or otherwise reported actions or conduct of the certified employee, that may warrant action against the certificate under subsection (1) of this section, and shall forward copies of all relevant documents and records in his possession.

(c) The Education Professional Standards Board may consider reports and information received from other sources.

(d) The certified school employee shall be given a copy of any report provided to the Education Professional Standards Board by the district superintendent or other sources. The employee shall have the right to file a written rebuttal to the report which shall be placed in the official file with the report.

(3) A finding or action by a school superintendent or tribunal does not create a presumption of a violation or lack of a violation of subsection (1) of this section.

(4) The board may issue a written admonishment to the certificate holder if the board determines, based on the evidence, that a violation has occurred that is not of a serious nature. A copy of the written admonishment shall be placed in the official file of the certificate holder. The certificate holder may respond in writing to the admonishment within thirty (30) days of receipt and have that response placed in his official certification file. Alternatively, the certificate holder may file a request for a hearing with the board within thirty (30) days of receipt of the admonishment. Upon receipt of a request for a hearing, the board shall set aside the written admonishment and set the matter for hearing pursuant to the provisions of KRS Chapter 13B.

(5)(a) The Education Professional Standards Board shall schedule and conduct a hearing in accordance with KRS Chapter 13B:

1. Before revoking, suspending, refusing to renew, imposing probationary or supervisory conditions upon, issuing a written reprimand, or any combination of these actions regarding any certificate;

2. After denying an application for a certificate, upon written request filed within thirty (30) days of receipt of the letter advising of the denial; or

3. After issuing a written admonishment, upon written request for a hearing filed within thirty (30) days of receipt of the written admonishment.

(b) Upon request, a hearing may be public or private at the discretion of the certified employee or applicant.

(c) The hearing shall be conducted before the full board, a panel of three (3) members of the board, or a person appointed as hearing officer by the board pursuant to KRS 13B.030(1).

(6) The Education Professional Standards Board or its chair may take emergency action pursuant to KRS 13B.125. Emergency action shall not affect a certificate holder's contract or tenure rights in the school district.

(7) If the Education Professional Standards Board substantiates that sexual contact occurred between a certified employee and a student or minor, the employee's certificate may be revoked or suspended with mandatory treatment of the employee as prescribed by the Education Professional Standards Board. The Education Professional Standards Board may require the employee to pay a specified amount for mental health

services for the student or minor which are needed as a result of the sexual contact.

(8) At any time during the investigative or hearing processes, the board may enter into an agreed order or accept an assurance of voluntary compliance with the certificate holder.

(9) The board may reconsider, modify, or reverse its decision on any disciplinary action.

(10) Suspension of a certificate shall be for a specified period of time, not to exceed two (2) years.

(a) At the conclusion of the specified period, upon demonstration of compliance with any educational requirements and the terms set forth in the agreed order, the certificate shall be reactivated.

(b) A suspended certificate is subject to expiration and termination.

(11) Revocation of a certificate is a permanent forfeiture. The board shall establish the minimum period of time before an applicant can apply for a new certificate.

(a) At the conclusion of the specified period, and upon demonstration of compliance with any educational requirements and the terms set forth in the agreed order, the applicant shall bear the burden of proof to show that he or she is again fit for practice.

(b) The board shall have discretion to impose conditions that it deems reasonably appropriate to ensure the applicant's fitness and the protection of public safety. Any conditions imposed by the board shall address or apply to only that time period after the revocation of the certificate.

(12) An appeal from any final order of the Education Professional Standards Board shall be filed in Franklin Circuit Court in accordance with KRS Chapter 13B.

Legislative Research Commission Notes.

(7/15/96). This section was amended by 1996 Ky. Acts chs. 318 and 343. Where these Acts are not in conflict, they have been codified together. Where a conflict exists, Acts ch. 343, which was last enacted by the General Assembly, prevails under KRS 446.250.

(7/15/94). This statute was amended by 1994 Ky. Acts chs. 265 and 470, which were companion bills and are substantively identical. These Acts have been codified together. For the few minor variations between the Acts, Acts ch. 470 prevails under KRS 446.250, as the Act which passed the General Assembly last.

NOTES TO DECISIONS

1. Immunity.

A school superintendent as a public official acting under express authority of law is entitled to absolute immunity from a defamation action, even if the information he forwarded to the Professional Standards Board, regarding the reasons why a principal's contract wasn't renewed, was false. *Matthews v.*

Holland, 912 S.W.2d 459, 1995 Ky. App. LEXIS 214 (Ky. Ct. App. 1995).

OPINIONS OF ATTORNEY GENERAL.

Although this section seems to provide for an abbreviated consideration by the state board of revocation of certificate, a fundamentally fair adversary due process hearing would, at the minimum, be required, and a decision to revoke a certificate must be by a majority vote of the membership of the state board (four votes). OAG 79-394.

The state superintendent need not recommend revocation of certificate even though he has recommended suspension or removal under KRS 156.132 for the same acts. OAG 79-394.

The Educational Professional Standards Board (EPSB) lacks the authority to delegate the holding of a revocation hearing, as found in this section, to a hearing officer. Nowhere in the statutory sections dealing with the board is there any authority for such a delegation of power, and therefore, based upon the lack of authority granted to the EPSB under their statutes, the board must be physically present to "hear" the evidence introduced during a hearing. Of course, a hearing officer may assist the Board during and following the hearing. OAG 91-37.

The Education Professional Standards Board, as a public agency, may meet to take action so long as a majority of the members are present and express themselves by vote. This section provides that a majority of the board may take official action upon hearing the evidence presented, and it would not be appropriate to require that additional members who are not present and did not hear the evidence should render a vote. It is clear that the quorum necessary for the board to conduct business may also act. The Education Professional Standards Board, composed of 15 members, may act when eight members are present to hear the evidence and to take action; that action may consist of a vote of which a majority of those present prevail over the rest. OAG 91-107.

The language of KRS 160.270 which is applicable to local boards of education and states that a concurring vote by a majority of the board, the number of board members in the quorum notwithstanding, shall be necessary to take any particular action unless otherwise specified by statute does not apply to this section, which is applicable to the Education Professional Standards Board. OAG 91-107.

A report written under subsections (2)(a) and (b) of this section does not represent final agency action, but is more closely analogous to an internal affairs report and is exempt under KRS 61.878. OAG 91-198.

This section (Enact. Acts 1985 (1st Ex. Sess.), ch. 10, § 20, effective October 18, 1985) was repealed by Acts 1990, ch. 476, Pt. VI, § 616, effective July 13, 1990.

161.1211. Classification of teachers.

(1) The Education Professional Standards Board shall rank teachers as follows:

(a) Rank I. Those holding regular certificates who have met the requirements for Rank II and have additionally earned:

1. A master's degree in a subject field approved by the Education Professional Standards Board or equivalent continuing education;

2. Initial certification of the National Board for Professional Teaching Standards; or

3. Thirty (30) additional semester hours of approved graduate work or equivalent continuing education.

The board shall not allow a teacher who qualified for Rank I status on the basis of his or her national board certification to maintain that classification if the national board certificate is revoked for misconduct or voided for other reasons.

(b) Rank II. Those holding regular certificates and who:

1. Have a master's degree in a subject field approved by the Education Professional Standards Board;

2. Have earned initial certification of the National Board for Professional Teaching Standards; or

3. Have completed equivalent continuing education.

The board shall not allow a teacher who qualified for Rank II status on the basis of his or her national board certification to maintain that classification if the national board certificate is revoked for misconduct or voided for other reasons.

(c) Rank III. Those holding regular certificates and who have an approved four (4) year college degree or the equivalent.

(d) Rank IV. Those holding emergency certificates and who have ninety-six (96) to one hundred twenty-eight (128) semester hours of approved college training or the equivalent.

(e) Rank V. Those holding emergency certificates and who have sixty-four (64) to ninety-five (95) semester hours of approved college training or the equivalent.

(2) In determining ranks, the Education Professional Standards Board shall classify teachers who hold valid certificates in the respective ranks according to approved college semester hours of credit or equivalent continuing education. The board, in defining preparation for certain types of vocational teachers as equivalent to college training, shall give consideration to apprenticeship training and industrial experience.

(3) For purposes of the state salary schedule only as referenced in KRS 158.070, rank shall be determined on September 15 of each year.

(4) Nothing in this section shall allow the Education Professional Standards Board by regulation to reclassify downward any teachers in Ranks II or I.

161.1221. Out-of-field teaching.

(1) The Education Professional Standards Board shall define "out-of-field" teaching and inform all local school districts of the definition.

(2) By November 15 of each year, the Education Professional Standards Board shall identify every teacher assigned classes out-of-field in the current school year and shall inform the Kentucky Department of Education.

(3) The Kentucky Department of Education shall provide to each school district a summary of the teachers identified as teaching out-of-field and give the district opportunity to correct the situation during the year. 161.1222. Pilot teacher internship program — Report to Interim Joint Committee on Education — Appropriated funds.

(1) Whereas, the Education Professional Standards Board is studying the value of modifying the current

teacher internship program under KRS 161.030 to provide improved support for beginning teachers, and whereas, the Education Professional Standards Board has received a federal Teacher Quality Enhancement Grant under incentives provided by the 1999 amendments to the Higher Education Act, Pub. L. No. 105-244, to support a pilot program to address this issue and other improvements to teacher preparation, the board is authorized, notwithstanding the requirements of KRS 161.030(5), to conduct a pilot program to study a two (2) year internship program. The pilot program may serve up to eight hundred (800) interns. The program shall be conducted between July 1, 2003, and June 30, 2007.

(2) All interns in the pilot program shall be governed by the provisions of KRS 161.030, except requirements specified in subsections (5), (6), (7), and (9) of KRS 161.030 which the board may deem inappropriate to the pilot program and which shall be modified in administrative regulations promulgated by the board. The board shall promulgate administrative regulations that specify:

(a) Conditions under which prospective intern candidates shall be chosen for participation;

(b) Incentives to encourage participation in the two (2) year pilot program;

(c) Responsibilities of the beginning teacher committee;

(d) Duties of teacher mentors;

(e) Certification options for interns who may leave the pilot program or lose employment during the pilot years or who have not successfully completed the internship within the two (2) year period;

(f) Time, content, and assessment requirements during the mentoring and assessment phases of the internship period; and

(g) Other provisions necessary to implement the pilot program.

(3) The two (2) year internship period shall be counted as experience for teachers for the purpose of continuing contract status, retirement eligibility, and benefits for single salary experience increments.

(4) A professional teaching certificate shall not be awarded to a participant in the pilot project until successful completion of the pilot internship program.

(5) Participation in the pilot internship program shall not exempt the interns from personnel evaluations to be conducted under KRS 156.557.

(6) The board shall collect data, conduct formal evaluations throughout the pilot project, and complete analyses of the data. The board shall provide preliminary findings to the Interim Joint Committee on Education by October 1, 2005, and October 1, 2006, and a final report by October 1, 2007. The reports shall provide data and information relating to the value and costs of a two (2) year internship program, including the benefits of additional mentoring for new teachers, the impact on the retention of new teachers, and the impact on student learning.

(7) Notwithstanding KRS 45.229, beginning with the 2003-2004 fiscal year, the board may carry forward general funds appropriated for the internship program into the next fiscal year and each subsequent fiscal year through fiscal year 2006-2007 in an amount necessary

to support the interns' second year internship experience and to match the federal funds appropriated under the grant described in subsection (1) of this section.

**INTERSTATE AGREEMENT ON
QUALIFICATION OF
EDUCATIONAL PERSONNEL**

161.124. Interstate Agreement on Qualification of Educational Personnel.

The Interstate Agreement on Qualification of Educational Personnel is hereby enacted into law and entered into with all jurisdictions legally joining therein, in the form substantially as follows:

ARTICLE I.

**PURPOSE, FINDINGS, AND
POLICY**

(1) The states party to this agreement, desiring by common action to improve their respective school systems by utilizing the teacher or other professional educational person wherever educated, declare that it is the policy of each of them, on the basis of cooperation with one another, to take advantage of the preparation and experience of these persons wherever gained, thereby serving the best interests of society, of education, and of the teaching profession. It is the purpose of this agreement to provide for the development and execution of these programs of cooperation as will facilitate the movement of teachers and other professional educational personnel among the states party to it, and to authorize specific interstate educational personnel contracts to achieve that end.

(2) The party states find that included in the large movement of population among all sections of the

nation are many qualified educational personnel who move for family and other personal reasons but who are hindered in using their professional skill and experience in their new locations. Variations from state to state in requirements for qualifying educational personnel discourage these personnel from taking the steps necessary to qualify in other states. As a consequence, a significant number of professionally prepared and experienced educators is lost to our school systems. Facilitating the employment of qualified educational personnel, without reference to their states of origin, can increase the available educational resources. Participation in this compact can increase the availability of educational manpower.

ARTICLE II.

DEFINITIONS

As used in this agreement and contracts made pursuant to it, unless the context clearly requires otherwise:

(1) "Educational personnel" means persons who must meet requirements pursuant to state law as a condition of employment in educational programs.

(2) "Designated state official" means the education official of a state selected by that state to negotiate and enter into, on behalf of his state, contracts pursuant to this agreement.

(3) "Accept," or any variant thereof, means to recognize and give effect to one (1) or more determinations of another state relating to the qualifications of educational personnel in lieu of making or requiring a like determination that would otherwise be required by or pursuant to the laws of a receiving state.

(4) "State" means a state, territory, or possession of the United States; the District of Columbia; or the Commonwealth of Puerto Rico.

(5) "Originating state" means a state and its subdivisions, if any, whose determination that certain educational personnel are qualified to be employed for specific duties in schools is acceptable in accordance with the terms of a contract made pursuant to Article III.

(6) "Receiving state" means a state and its subdivisions which accept educational personnel in accordance with the terms of a contract made pursuant to Article III.

ARTICLE III.

**INTERSTATE EDUCATIONAL
PERSONNEL CONTRACTS**

(1) The designated state official of a party state may make one or more contracts on behalf of his state with one or more other party states providing for the acceptance of educational personnel. Any contract for the period of its duration shall be applicable to and binding on the states whose designated state officials enter into it, and the subdivisions of those states, with the same force and effect as if incorporated in this agreement. A

designated state official may enter into a contract pursuant to this Article only with states in which he finds that there are programs of education, certification standards or other acceptable qualifications that assure preparation or qualification of educational personnel on a basis sufficiently comparable, even though not identical to that prevailing in his own state.

(2) Any contract shall provide for:

(a) Its duration.

(b) The criteria to be applied by an originating state in qualifying educational personnel for acceptance by a receiving state.

(c) Waivers, substitutions, and conditional acceptance as shall aid the practical effectuation of the contract without sacrifice of basic educational standards.

(d) Any other necessary matters.

(3) No contract made pursuant to this agreement shall be for a term longer than five years but any contract may be renewed for like or lesser periods.

(4) Any contract dealing with acceptance of educational personnel on the basis of their having completed an educational program shall specify the earliest date or dates on which originating state approval of the program or programs involved can have occurred. No contract made pursuant to this agreement shall require acceptance by a receiving state of any persons qualified because of successful completion of a program prior to January 1, 1954.

(5) The certification or other acceptance of a person who has been accepted pursuant to the terms of a contract shall not be revoked or otherwise impaired because the contract has expired or been terminated. However, any certificate or other qualifying document may be revoked or suspended on any ground which would be sufficient for revocation or suspension of a certificate or other qualifying document initially granted or approved in the receiving state.

(6) A contract committee composed of the designated state officials of the contracting states or their representatives shall keep the contract under continuous review, study means of improving its administration, and report no less frequently than once a year to the heads of the appropriate education agencies of the contracting states.

ARTICLE IV. APPROVED AND ACCEPTED PROGRAMS

(1) Nothing in this agreement should be construed to repeal or otherwise modify any law or regulation of a party state relating to the approval of programs of educational preparation having effect solely on the qualification of educational personnel within that state.

(2) To the extent that contracts made pursuant to this agreement deal with the educational requirements for the proper qualification of educational personnel, acceptance of a program of educational preparation shall be in accordance with such procedures and requirements as may be provided in the applicable contract.

ARTICLE V. INTERSTATE COOPERATION

The party states agree that:

(1) They will, so far as practicable, prefer the making of multilateral contracts pursuant to Article III of this agreement.

(2) They will facilitate and strengthen cooperation in interstate certification and other elements of educational personnel qualification and for this purpose shall cooperate with agencies, organizations, and associations interested in certification and other elements of educational personnel qualification.

ARTICLE VI. AGREEMENT EVALUATION

The designated state officials of any party state may meet from time to time as a group to evaluate progress under the agreement, and to formulate recommendation for changes.

ARTICLE VII. OTHER ARRANGEMENTS

Nothing in this agreement shall be construed to prevent or inhibit other arrangements or practices of any party state or states to facilitate the interchange of educational personnel.

ARTICLE VIII. EFFECT AND WITHDRAWAL

(1) This agreement shall become effective when enacted into law by two (2) states. Thereafter it shall become effective as to any state upon its enactment of this agreement.

(2) Any party state may withdraw from this agreement by enacting a statute repealing the agreement, but no withdrawal shall take effect until one (1) year after the Governor of the withdrawing state has given notice in writing of the withdrawal to the Governors of all other party states.

(3) No withdrawal shall relieve the withdrawing state of any obligation imposed upon it by a contract to which it is a party. The duration of contracts and the methods and conditions of withdrawal therefrom shall be those specified in their terms.

ARTICLE IX. CONSTRUCTION AND SEVERABILITY

This agreement shall be liberally construed so as to effectuate its purposes. The provisions of this agreement shall be severable and if any phrase, clause,

sentence, or provision of this agreement is declared to be contrary to the Constitution of any state or of the United States, or the application thereof to any government, agency, person, or circumstance is held invalid, the validity of the remainder of this agreement and the applicability thereof to any government, agency, person, or circumstance shall not be affected thereby. If this agreement shall be held contrary to the Constitution of any state participating therein, the agreement shall remain in full force and effect as to the state affected as to all severable matters.

**NATIONAL BOARD
CERTIFICATION OF TEACHERS**

161.131. Legislative findings and goals on national board certification.

(1) The General Assembly hereby finds that:

(a) Student achievement is directly related to the competency levels of the teachers and the teachers’ ability to nurture student learning;

(b) All students are entitled to have teachers who know the subjects they teach and who demonstrate skill for managing and monitoring student learning;

(c) Teachers who meet entry-level standards need support and opportunities to develop higher-level skills throughout their teaching careers;

(d) Certification through the National Board for Professional Teaching Standards is based on high and rigorous standards and provides a process of development and assessment of teachers’ knowledge, skills and abilities embedded in classroom practices in the certificate field; and

(e) Teachers who successfully meet the certification requirements through the National Board for Professional Teaching Standards can help strengthen the teaching profession within their schools and school districts by advising, assisting, and mentoring new teachers; by serving as role models and master teachers to student teachers; and by assisting other experienced teachers who seek national board certification.

(2) The General Assembly establishes, on behalf of the public school teachers and students in the Commonwealth, a goal that by the year 2020 there will be at least one (1) national board certified teacher in every public school in Kentucky.

As used in KRS 161.131 to 161.134 and KRS 157.395 and 161.123, unless the context otherwise requires:

(1) “Mentor” means a highly skilled, experienced teacher who provides systematic and on-going support and assistance to other teachers in a school or school district to help them improve their teaching skills and practices;

(2) “National Board for Professional Teaching Standards” and “national board” means a nonpartisan, independent, and nonprofit board composed of teachers and others that has developed a set of high and rigorous standards for accomplished teachers and that operates a national voluntary system to assess and certify teachers who meet their standards; and

(3) “National board certification” means a demonstration by an experienced teacher of his or her teaching practice as measured against high and rigorous standards through a comprehensive assessment process administered by the National Board for Professional Teaching Standards.

161.133. Teachers' national certification incentive trust fund — Purposes — Appropriations.

(1) There is hereby established a "Teachers' National Certification Incentive Trust Fund" in the State Treasury for the purposes of:

(a) Funding stipends for teachers to prepare for certification by the National Board for Professional Teaching Standards;

(b) Reimbursing a portion of the certification fee to each teacher who is awarded national board certification;

(c) Reimbursing local boards of education or the Department of Education for persons who serve as substitute teachers for national board certification candidates; and

(d) Funding stipends for national board certified teachers who serve as mentors to other teachers within the school district or the Kentucky Tech system.

(2) Appropriations by the General Assembly in each biennial budget for the purpose of supporting national board certification shall be credited to the fund and invested until needed. All money credited to the fund, including interest earned on money in the fund, shall be retained in the fund for reinvestment and used for the purposes of this section. Funds appropriated to the fund shall not lapse at the end of a fiscal year or a biennium.

(3) The Education Professional Standards Board shall promulgate administrative regulations that establish the procedures for the administration of the funds as described in this section and the requirements for participating teachers, local boards of education, and the Department of Education. The board shall allocate only those funds to teachers, school districts, or the department for the purposes in this section for which other sources of funds are not being received. The board may limit the number of participants accepted in any given enrollment or application period due to the lack of available funds.

(4) Money in the fund shall be distributed to local boards of education, the Department of Education, and teachers by the Education Professional Standards Board in compliance with the administrative regulations promulgated by the board.

161.134. Preparation for national board certification — Incentives — Authority to prorate reimbursements if funds insufficient — Administrative regulations for mentoring program.

(1)(a) A teacher pursuing national board certification shall receive from the fund established under

KRS 161.133 a stipend of two hundred dollars (\$200) per day for two (2) days beyond the school contract year to prepare for the certification assessments.

(b) A local board of education shall provide five (5) days' released time during the school year for a teacher pursuing national board certification. The local board of education shall request reimbursement from the fund established under KRS 161.133 for substitute teacher pay based on the local board of education salary schedule for substitute teachers and for stipends paid to a teacher described in subsection (3) of this section. A local board of education may, at its own expense, provide additional released time for teachers pursuing national board certification.

(c) If a teacher does not successfully complete all assessments required for national board certification during a school year, the provisions in this subsection may be applied to a second school year.

(d) When funds are not available to fully fund the requirements of paragraphs (a), (b), and (c) of this subsection for all national board applicants, the board may prorate the specified reimbursements in paragraphs (a) and (b) and may limit the conditions under which provisions of paragraph (c) shall be applied to second year participants. The board shall establish the procedures for carrying out the provisions of this subsection in an administrative regulation.

(2)(a) As of July 14, 2000, a teacher who attains national board certification shall be reimbursed seventy-five percent (75%) of the certification fee for the initial ten (10) year certificate, except the Education Professional Standards Board may decrease the percentage of reimbursement if a teacher receives payment other than a repayable loan for the same purpose from another source and the cumulative amount would exceed one hundred percent (100%) of the cost of the certification fee.

(b) Fees for retaking one (1) or more entries of the national board assessment for the initial national board certificate and fees for renewal of the certificate shall be at the teacher's expense.

(c) Nothing in this subsection shall prohibit the board from reimbursing a percentage of the initial certification fee to a teacher who has received a repayable loan from a local board of education or other agency to offset initial costs.

(3) A national board certified teacher may receive a stipend in addition to his or her annual compensation for serving as a mentor to teachers within his or her school or school district. The Education Professional Standards Board shall promulgate administrative regulations under which a local board of education, in cooperation with the school-based decision making council, may establish a mentoring program within a school to utilize national board certified teachers. The administrative regulations shall specify the conditions for the mentoring program as well as the amount of the stipend that will be provided to a teacher serving as a mentor.

REGULATIONS AS TO SCHOOL EMPLOYEES

161.140. Duties of school employees prescribed by board of education. [Repealed.]

Compiler's Notes.

This section (4503-1) was repealed by Acts 1982, ch. 34, § 1, effective July 15, 1982.

161.141. Participation in retirement systems — State-sponsored insurance program — Appropriations for retirement and insurance — Sick leave credit — Requirements and prohibitions concerning public charter school employees and local school boards — Employees of education service provider.

(1) As used in this section, "education service provider," "public charter school," "local school board," and "local school district" have the same meanings as in KRS 160.1590.

(2)(a) Public charter school employees shall participate in the Teachers' Retirement System or the County Employees Retirement System, as determined by their eligibility for participation in the appropriate system and provided the public charter school satisfies the criteria set by the Internal Revenue Service to participate in a governmental retirement plan.

(b) Teachers and other certified personnel shall make any required employee contributions to the Teachers' Retirement System under KRS 161.220 to 161.716.

(c) Classified employees shall make any required employee contributions to the County Employees Retirement System under KRS 78.510 to 78.852.

(d) A public charter school shall participate in the state-sponsored health insurance program on the same basis as a local school district pursuant to KRS 18A.225.

(e) Any state appropriation for retirement, health, or life insurance benefits made on behalf of a local public employee or a school district employee shall also be made on behalf of a public charter school employee.

(f) A public charter school shall make any required employer contributions to the Teachers' Retirement System under KRS 161.220 to 161.716 and the County Employees Retirement System under KRS 78.510 to 78.852 in the same manner as local school districts.

(g) For the purposes of calculating sick leave credit under KRS 161.220 to 161.716, teachers and other certified personnel of a public charter school shall not accumulate more days of sick leave during their employment with the public charter school than they would have otherwise accumulated as a certified employee of the school district of location.

(3)(a) A public charter school employee shall not be required to be a member of any collective bargaining agreement.

(b) A public charter school employee who enters into any collective bargaining unit must do so as a separate unit from the local school district.

(4) A local school board shall not require any employee of the local school district to be employed in a public charter school or any student enrolled in the school district to attend a public charter school.

(5) A local school board shall not harass, threaten, discipline, discharge, retaliate, or in any manner discriminate against any district employee involved directly or indirectly with an application to establish a public charter school.

(6) An employee of an education service provider shall not be considered a public charter school employee, but shall meet the same certification and background check requirements otherwise required of a public charter school employee.

161.145. Cost of physical examination required for employment of classified personnel.

(1) When a physical examination is required as a condition of employment of classified personnel, excluding bus drivers, the examination shall be provided at no cost to the employee by the board. The examination shall be provided by the county health department if appropriate health department personnel are available.

(2) If employee elects to be examined by private physician, the cost of examination shall be borne by employee.

(3) Each examination shall include a risk assessment and the appropriate follow-up with skin testing or chest X-ray for applicants who are determined to be at risk for developing tuberculosis in accordance with the recommendations of the Centers for Disease Control and Prevention. The risk assessment and the appropriate follow-up for those determined to be at risk shall be conducted prior to August 1 of the employable year in which the person is employed.

161.148. Use of volunteer personnel — Criminal records check — Orientation — Exception.

(1) As used in this section, “volunteers” means adults who assist teachers, administrators, or other staff in public school classrooms, schools, or school district programs, and who do not receive compensation for their work.

(2) Local school districts may utilize adult volunteers in supplementary instructional and noninstructional activities with pupils under the direction and supervision of the professional administrative and teaching staff.

(3) Each board of education shall develop policies and procedures that encourage volunteers to assist in school or district programs.

(4) Each local board of education shall develop and adopt a policy requiring a state criminal records check on all volunteers who have contact with students on a regularly scheduled or continuing basis, or who have supervisory responsibility for children at a school site or on school-sponsored trips. The request for records may be from the Justice and Public Safety Cabinet or the Administrative Office of the Courts, or both, and shall include records of all available convictions as described in KRS 17.160(1). Any request for a criminal records check of a volunteer under this subsection shall be on a form or through a process approved by the Justice and Public Safety Cabinet or the Administrative Office of the Courts. If the cabinet or the Administrative Office of the Courts charges fees, the local board of education shall arrange to pay the cost which may be from local funds or donations from any source including volunteers.

(5) The local board of education shall provide orientation material to all volunteers who have contact with students on a regularly scheduled or continuing basis, including school policies, safety and emergency procedures, and other information deemed appropriate by the local board of education.

(6) The provisions of this section shall not apply to students enrolled in an educational institution and who participate in observations and educational activities under direct supervision of a local school teacher or administrator in a public school.

161.150. Minimum salary for teachers. [Repealed.]

Compiler's Notes.

This section (4399-46) was repealed by Acts 1954, ch. 214, § 16.

161.151. Removal of references to criminal allegations not resulting in charge or conviction from school employee's personnel file — Nonpreclusion of separate investigation.

(1) All records and references relating to an allegation of a criminal offense committed by a school employee that did not lead to formal charges and all records relating to a criminal proceeding in which a school employee was found not guilty or the charges were dismissed shall be removed from the school employee's personnel file by the superintendent or the superintendent's designee in the local school district.

(2) The provisions of subsection (1) of this section shall not preclude a school district from separately investigating, taking action upon, and creating and maintaining records on the same or a similar fact situation upon which the allegations of a criminal offense was based.

History.

161.152. Emergency leave for school employees.

(1) For the purpose of this section, “school personnel” shall mean any person employed as a full-time employee in the public schools.

(2) Each district board of education may allow each person employed as a full-time employee in the public schools not to exceed three (3) emergency days per school year for reasons designated by the district board of education, without loss of salary to the employee and without affecting his sick leave.

(3) Personal leave granted under this section shall not be treated as having effect on the provisions of KRS 161.155, except that school personnel, after using the maximum days allowed in subsection (2) of this section, may, upon the recommendation of the school district superintendent and approval of the district board of education, use up to three (3) sick-leave days per school year for emergency leave according to the district board policy as established pursuant to subsection (2) of this section.

(4) Payments made by a district board of education under the provisions of this section are presumed to be for services rendered and for the benefit of the common schools and the payments do not affect the eligibility of any school district to participate in the public school funding program as established in KRS Chapter 157.

History.

OPINIONS OF ATTORNEY GENERAL.

Under this section the granting of emergency leave is discretionary on the part of the board of education, and if the board, within its discretion, decides to grant emergency leave, this section provides that the district board of education may designate the specific reasons for which the leave will be granted, and limitations which exclude the death of a mother-

in-law from the emergency leave benefits is a legal limitation. OAG 71-199.

The fact that teachers of the Jewish faith are not granted emergency days with pay when they are absent on religious holidays does not constitute unjust discrimination against such teachers. OAG 72-348.

A school board does not have to have an emergency leave regulation, but if it does have one, it cannot provide that emergency leave shall be charged as sick leave. OAG 73-832.

Proposal of school board to grant certified personnel two emergency leave days and one personal leave day for a total of three and to grant noncertified personnel three emergency leave days and no personal leave days does not follow the requirements of this section and KRS 161.154 and the board cannot permit two emergency days for certified personnel and three emergency days for noncertified personnel. OAG 76-427.

If a teacher is absent on an extended school day and is not covered by sick leave, personal leave or emergency death leave, he or she loses one and one-fifth day's salary. OAG 78-367.

161.153. Leave for jury duty for teachers and state employees.

(1) Any teacher or state employee, except employees subject to the provisions of KRS Chapter 18A, who serves on a jury in any duly constituted local, state, or federal court shall be granted leave with full compensation, less any compensation received as jury pay, for the period of his actual jury service, which leave shall be in addition to all other leave to which the teacher or state employee may be entitled.

(2) Any state employee who is subject to the provisions of KRS Chapter 18A and who serves on a jury in any duly constituted local, state, or federal court shall be granted leave with full compensation for the period of his actual jury service, which shall be in addition to all other leave to which the employee may be entitled.

Compiler's Notes.

This section (Enact. Acts 1972, ch. 97, § 1; 1978, ch. 269, § 8, effective June 17, 1978) was repealed and reenacted by Acts 1990, ch. 476, Part V, § 476, effective July 13, 1990.

OPINIONS OF ATTORNEY GENERAL.

A teacher is to receive his or her school teacher's compensation less \$5.00 per day received as jury pay, but the \$7.50 per diem received need not be deducted from the teacher's regular compensation. OAG 78-696.

161.154. Personal leave days for school employees.

(1) For the purpose of this section, "school employees" shall mean any person for whom certification is required as a basis of employment in the public schools.

(2) Each district board of education may provide up to three (3) personal leave days per school year to school employees, without loss of salary to the employee and without affecting any other type of leave granted by law, regulation, or school board policy. Local boards of education may establish policy regarding the

number of teachers who may take personal leave on any one (1) day.

(3) Personal leave granted under this section shall not be treated as having effect on the provisions of KRS 161.152 to 161.155 and shall be supported by personal affidavit of the school employee stating that the leave taken is personal in nature; no other reason for or verification of the leave shall be required.

(4) Payments to school employees made by a district board of education under the provisions of this section are presumed to be for services rendered and for the benefit of the common schools and such payments do not affect the eligibility of any school district to share in the distribution of funds from the public school foundation program fund as established in KRS Chapter 157.

161.155. Definitions for section — Salary, benefits, and leave for employee or teacher when victim of assault — Sick leave for employee or teacher — Sick leave bank — Sick leave donation program — Payment for unused sick leave upon retirement or death.

(1) As used in this section:

(a) "Teacher" shall mean any person for whom certification is required as a basis of employment in the common schools of the state;

(b) "Employee" shall mean any person, other than a teacher, employed in the public schools, whether on a full or part-time basis;

(c) "Immediate family" shall mean the teacher's or employee's spouse, children including stepchildren and foster children, grandchildren, daughters-in-law and sons-in law, brothers and sisters, parents and spouse's parents, and grandparents and spouse's grandparents, without reference to the location or residence of said relative, and any other blood relative who resides in the teacher's or employee's home;

(d) "Sick leave bank" shall mean an aggregation of sick leave days contributed by teachers or employees for use by teachers or employees who have exhausted all sick leave and other available paid leave days; and

(e) "Assault" shall mean an act that intentionally causes injury so significant that the victim is determined to be, by certification of a physician or surgeon duly qualified under KRS Chapter 342, incapable of performing the duties of his or her job.

(2) Each district board of education shall allow to each teacher and full-time employee in its common school system not less than ten (10) days of sick leave during each school year, without deduction of salary. Sick leave shall be granted to a teacher or employee if he or she presents a personal affidavit or a certificate of a physician stating that the teacher or employee was ill, that the teacher or employee was absent for the

purpose of attending to a member of his or her immediate family who was ill, or for the purpose of mourning a member of his or her immediate family. The ten (10) days of sick leave granted in this subsection may be taken by a teacher or employee on any ten (10) days of the school year and shall be granted in addition to accumulated sick leave days that have been credited to the teacher or employee under the provisions of subsection (4) of this section.

(3) A school district shall coordinate among the income and benefits from workers' compensation, temporary disability retirement, and district payroll and benefits so that there is no loss of income or benefits to a teacher or employee for work time lost because of an assault while performing the teacher's or employee's assigned duties for a period of up to one (1) year after the assault. In the event a teacher or employee suffers an assault while performing his or her assigned duties that results in injuries that qualify the teacher or employee for workers' compensation benefits, the district shall provide leave to the teacher or employee for up to one (1) year after the assault with no loss of income or benefits under the following conditions:

(a) The district shall pay the salary of the teacher or employee between the time of the assault and the time the teacher's or employee's workers' compensation income benefits take effect, or the time the teacher or employee is certified to return to work by a physician or surgeon duly qualified under KRS Chapter 342, whichever is sooner;

(b) The district shall pay, for up to one (1) year from the time of the assault, the difference between the salary of the teacher or employee and any workers' compensation income benefits received by the teacher or employee resulting from the assault. Payments by the district shall include payments for intermittent work time missed as a result of the assault during the one (1) year period. If the teacher's or employee's workers' compensation income benefits cease during the one (1) year period after the assault, the district shall also cease to make payments under this paragraph;

(c) The Commonwealth, through the Kentucky Department of Education, shall make the employer's health insurance contribution during the period that the district makes payments under paragraphs (a) and (b) of this subsection;

(d) The Commonwealth, through the Kentucky Department of Education, shall make the employer's contribution to the retirement system in which the teacher or employee is a member during the period that the district makes payments under paragraphs (a) and (b) of this subsection; and

(e) Payments to a teacher or employee under paragraphs (a) and (b) of this subsection shall be coordinated with workers' compensation benefits under KRS Chapter 342, disability retirement benefits for teachers under KRS 161.661 to 161.663, and disability retirement benefits for employees under KRS 61.600 to 61.621 and 78.5522, 78.5524, 78.5526, 78.5528, and 78.5530 so that the teacher or employee receives income equivalent to his or her full contracted salary, but in no event shall the combined payments exceed one hundred percent (100%) of the teacher's or employee's full contracted salary.

(4) Days of sick leave not taken by an employee or a teacher during any school year shall accumulate without limitation and be credited to that employee or teacher. Accumulated sick leave may be taken in any school year. Any district board of education may, in its discretion, allow employees or teachers in its common school system sick leave in excess of the number of days prescribed in this section and may allow school district employees and teachers to use up to three (3) days' sick leave per school year for emergency leave pursuant to KRS 161.152(3). Any accumulated sick leave days credited to an employee or a teacher shall remain so credited in the event he or she transfers his or her place of employment from one (1) school district to another within the state or to the Kentucky Department of Education or transfers from the Department of Education to a school district.

(5) Accumulated days of sick leave shall be granted to a teacher or employee if, prior to the opening day of the school year, an affidavit or a certificate of a physician is presented to the district board of education, stating that the teacher or employee is unable to commence his or her duties on the opening day of the school year, but will be able to assume his or her duties within a period of time that the board determines to be reasonable.

(6) Any school teacher or employee may repurchase previously used sick leave days with the concurrence of the local school board by paying to the district an amount equal to the total of all costs associated with the used sick leave.

(7) A district board of education may adopt a plan for a sick leave bank. The plan may include limitations upon the number of days a teacher or employee may annually contribute to the bank and limitations upon the number of days a teacher or employee may annually draw from the bank. Only those teachers or employees who contribute to the bank may draw upon the bank. Days contributed will be deducted from the days available to the contributing teacher or employee. The sick leave bank shall be administered in accordance with a policy adopted by the board of education.

(8)(a) A district board of education shall establish a sick leave donation program to permit teachers or employees to voluntarily contribute sick leave to teachers or employees in the same school district who are in need of an extended absence from school. A teacher or employee who has accrued more than fifteen (15) days' sick leave may request the board of education to transfer a designated amount of sick leave to another teacher or employee who is authorized to receive the sick leave donated. A teacher or employee may not request an amount of sick leave be donated that reduces his or her sick leave balance to less than fifteen (15) days.

(b) A teacher or employee may receive donations of sick leave if:

1.a. The teacher or employee or a member of his or her immediate family suffers from a medically certified illness, injury, impairment, or physical or mental condition that has caused or is likely to cause the teacher or employee to be absent for at least ten (10) days; or

b. The teacher or employee suffers from a catastrophic loss to his or her personal or real

property, due to either a natural disaster or fire, that either has caused or will likely cause the employee to be absent for at least ten (10) consecutive working days;

2. The teacher's or employee's need for the absence and use of leave are certified by a licensed physician for leave requested under subparagraph 1.a. of this subsection;

3. The teacher or employee has exhausted his or her accumulated sick leave, personal leave, and any other leave granted by the school district; and

4. The teacher or employee has complied with the school district's policies governing the use of sick leave.

(c) While a teacher or employee is on sick leave provided by this section, he or she shall be considered a school district employee, and his or her salary, wages, and other employee benefits shall not be affected.

(d) Any sick leave that remains unused, is not needed by a teacher or employee, and will not be needed in the future shall be returned to the teacher or employee donating the sick leave.

(e) The board of education shall adopt policies and procedures necessary to implement the sick leave donation program.

(9) A teacher or employee may use up to thirty (30) days of sick leave following the birth or adoption of a child or children. Additional days may be used when the need is verified by a physician's statement.

(10)(a) After July 1, 1982, a district board of education may compensate, at the time of retirement or upon the death of a member in active contributing status at the time of death who was eligible to retire by reason of service, an employee or a teacher, or the estate of an employee or teacher, for each unused sick leave day. The rate of compensation for each unused sick leave day shall be based on a percentage of the daily salary rate calculated from the employee's or teacher's last annual salary, not to exceed thirty percent (30%).

(b) Except as provided in paragraph (c) of this subsection, payment for unused sick leave days under this subsection shall be incorporated into the annual salary of the final year of service for inclusion in the calculation of the employee's or teacher's retirement allowance only at the time of his or her initial retirement, provided that the member makes the regular retirement contribution for members on the sick leave payment. The accumulation of these days includes unused sick leave days held by the employee or teacher at the time of implementation of the program.

(c) For a teacher or employee who becomes a nonuniversity member of the Teachers' Retirement System on or after January 1, 2022, as provided by KRS 161.220, payment for unused sick leave days under this subsection shall not be incorporated into the annual compensation used to calculate the teacher's or employee's retirement allowance in the foundational benefit component as described by KRS 161.633 but may be deposited into the nonuniversity member's supplemental benefit component as provided by KRS 161.635.

(d) For a teacher or employee who begins employment with a local school district on or after July 1, 2008, the maximum amount of unused sick leave days a district board of education may recognize in calculating the payment of compensation to the teacher or employee under this subsection shall not exceed three hundred (300) days.

(11) Any statute to the contrary notwithstanding, employees and teachers who transferred from the Department of Education to a school district, from a school district to the Department of Education, or from one (1) school district to another school district after July 15, 1981, shall receive credit for any unused sick leave to which the employee or teacher was entitled on the date of transfer. This credit shall be for the purposes set forth in subsection (10) of this section.

(12) The death benefit provided in subsection (10) of this section may be cited as the Baughn Benefit.

(1/1/2022). This statute was amended by 2021 Ky. Acts chs. 102 and 157, which do not appear to be in conflict and have been codified together.

(12/13/2018). On December 13, 2018, the Kentucky Supreme Court ruled that the passage of 2018 SB 151 (2018 Ky. Acts ch. 107), did not comply with the three-readings rule of Kentucky Constitution Section 46 and that the legislation is, therefore, constitutionally invalid and declared void. That ruling applies to changes made to this statute in that Act.

(7/13/90). The Act amending this section prevails over the repeal and reenactment in House Bill 940, Acts Ch. 476, pursuant to Section 653(1) of Acts Ch. 476.

1. Purpose.

The sick leave statute and the tenure statute, as embodied in this section and in KRS 161.740 respectively, are both

designed to protect a teacher by allowing transfer from one school district to another without losing accumulated benefits. *Young v. Board of Education*, 661 S.W.2d 787, 1983 Ky. App. LEXIS 384 (Ky. Ct. App. 1983).

2. Transfer of Accumulated Leave.

Even though the legislature has not specifically defined a meaning for the phrase, "transfers his place of employment from one school district to another within the state" as used in subsection (3) (now (4)) of this section, it is quite logical to infer that the construction to be applied to the statutory language infers that the sick leave statute requires continuity of employment from one district to another district. *Young v. Board of Education*, 661 S.W.2d 787, 1983 Ky. App. LEXIS 384 (Ky. Ct. App. 1983).

Under the provisions of subsection (3) (now (4)) of this section, in order for accumulated sick leave days to remain credited upon transfer from one school district to another within the state, the transfer must be a direct one; accordingly, county board of education properly refused to credit teacher, who left school system entirely and subsequently returned, with the unused sick leave days accumulated during her first period of employment in the public school system. *Young v. Board of Education*, 661 S.W.2d 787, 1983 Ky. App. LEXIS 384 (Ky. Ct. App. 1983).

3. Reduction of Accumulated Leave.

The conduct of the school board in reducing the teacher's unused accumulated sick leave was rational in that it desired to conform its records with this section, and no denial of substantive due process took place. *Sublette v. Board of Education*, 664 F. Supp. 265, 1987 U.S. Dist. LEXIS 10597 (W.D. Ky. 1987).

4. Property Interest.

This section, as well as the recording of the teacher's accumulated sick leave days on her sick leave cards by school officials, could have created a legitimate claim of entitlement by the teacher to her accumulated sick leave days; consequently, she could have had a constitutionally protected property interest in those days and could not be deprived of such interest without being afforded due process of law. *Ramsey v. Board of Educ.*, 844 F.2d 1268, 1988 U.S. App. LEXIS 5433 (6th Cir. Ky. 1988).

5. Liability for Improper Application.

A county board of education could not be held accountable for the failure of its superintendents to properly apply this section. *Ramsey v. Board of Educ.*, 789 S.W.2d 784, 1990 Ky. App. LEXIS 19 (Ky. Ct. App. 1990).

6. Accumulation Above Statutory Caps.

There is no dispute but that this section requires affirmative action by a board of education to allow accumulation above the statutory caps. *Ramsey v. Board of Educ.*, 789 S.W.2d 784, 1990 Ky. App. LEXIS 19 (Ky. Ct. App. 1990).

OPINIONS OF ATTORNEY GENERAL.

Subsection (2) of this section includes sick leave for mental or emotional illnesses as well as physical sickness. OAG 60-1193.

Under this section the cause of the illness is not controlling and sick leave is allowed for illness due to pregnancy. OAG 61-13.

A school board has legal authority to purchase liability insurance to cover the liability for sick leave payments imposed by this section. OAG 64-841.

This section does not authorize a "lump-sum" payment of additional salary in lieu of accumulated sick leave at the termination of employment either during or at the end of the

school year or in the event of the termination of employment for purposes of retirement. OAG 67-371.

Subsection (2) of this section authorizes the use of either a personal affidavit or a physician's certificate to support a sick leave absence and a regulation of the board prohibiting the use of the personal affidavit would be improper. OAG 67-447.

Aside from the inherent right of the board to disallow sick leave by reason of fraud, the allowance of sick leave, within the minimum prescribed by this section, upon the presentation of a personal affidavit or physician's certificate is not discretionary. OAG 67-523.

The phrase "member of his immediate family," added to this section by the 1970 amendment, includes any member of the teacher's household who is bound to the teacher by blood or marriage. OAG 70-412.

Maternity leave is not "sick leave" within the meaning of this section but a "leave of absence" under KRS 161.770 and as such it results in a cessation of salary benefits during the period of absence. OAG 70-730.

There is no apparent legal basis for distinguishing between types of illnesses which may incapacitate a teacher for duty or for restoring and crediting, as accumulated sick leave, those sick leave days either unused during the 1958-68 period or cut off by the prior 20-day ceiling. OAG 71-144.

Under this section a teacher not treated by a physician may present a personal affidavit and a teacher treated by a physician may present a certificate signed by the physician which need not be in the form of an affidavit. OAG 72-302.

A teacher may receive full sick leave and worker's compensation benefits at the same time. OAG 72-684.

A school board does not have to have an emergency leave regulation, but if it does have one, it cannot provide that emergency leave shall be charged as sick leave. OAG 73-832.
