Re: Purchasing Apple Computer Products

With recent changes to the KETS contract, we have received questions as to which Apple Computer products are available for purchase by school districts in Kentucky. Please see the table below for information which Apple products are available without a waiver from KDE, which are available with a KDE waiver, and which are not available (with or without a waiver). Please contact Associate Commissioner David Couch (David.Couch@education.ky.gov) should you have questions or need additional support.
