The Vendor must comply with all applicable statutes, regulations and policies related to this procurement.

#### 40.2 Contract Components and Order of Precedence
The Commonwealth’s acceptance of the contractor’s offer in response to the Solicitation RFP 758 2100000145, indicated by the issuance of a contract award by the Office of Procurement Services, shall create a valid contract between the Parties consisting of the following:

1. Procurement Statutes, Regulations and Policies
2. Any written Agreement between the Parties;
3. Any Addenda to the Solicitation RFP 758 2100000145;
4. The Solicitation RFP 758 2100000145 and all attachments
5. Any Best and Final Offer;
6. Any clarifications concerning the Contractor’s proposal in response to the Solicitation RFP 758 2100000145;
7. The Contractor’s proposal in response to the Solicitation RFP 758 2100000145.

In the event of any conflict between or among the provisions contained in the contract, the order of precedence shall be as enumerated above.

40.3 **Final Agreement**
This Contract represents the entire agreement between the parties with respect to the subject matter hereof. Prior negotiations, representations, or agreements, either written or oral, between the parties hereto relating to the subject matter hereof shall be of no effect upon this Contract.

40.4 **Contract Provisions**
If any provision of this Contract (including items incorporated by reference) is declared or found to be illegal, unenforceable, or void, then both the Commonwealth and the Contractor shall be relieved of all obligations arising under such provision. If the remainder of this Contract is capable of performance, it shall not be affected by such declaration or finding and shall be fully performed.

40.5 **Type of Contract**
This Contract shall be on the basis of the minimum, guaranteed percentage discount(s) off Fortinet’s then-current Global Pricelist as set for in Section IV for the elements listed in this Contract.

40.6 **Contract Usage**
The contractual agreement with the selected vendor will in no way obligate the Commonwealth of Kentucky to purchase any services or equipment under this Contract. The Commonwealth agrees, in entering into any contract, to purchase only such services in such quantities as necessary to meet the actual requirements as determined by the Commonwealth.

40.7 **Addition or Deletion of Items or Services**
The Office of Procurement Services reserves the right to add new and similar items, by issuing a contract modification, to this Contract with the consent of the vendor. Until such time as the Vendor receives a modification, the Vendor shall not accept delivery orders from any agency referencing such items or services.
40.8 Changes and Modifications to the Contract
Pursuant to KRS 45A.210 (1) and 200 KAR 5:311, no modification or change of
any provision in the contract shall be made, or construed to have been made,
unless such modification is mutually agreed to in writing by the Contractor and
the Commonwealth, and incorporated as a written amendment to the contract
and processed through the Office of Procurement Services and approved by the
Finance and Administration Cabinet prior to the effective date of such
modification or change pursuant to KRS 45A.210(1) and 200 KAR 5:311.
Memorandum of understanding, written clarification, and/or correspondence shall
not be construed as amendments to this Contract.

If the contractor finds at any time that existing conditions made modification of
the contract necessary, it shall promptly report such matters to the
Commonwealth Buyer for consideration and decision.

40.9 Changes in Scope
The Commonwealth may, at any time by written order, make changes within the
general scope of the contract. No changes in scope are to be conducted except
at the approval of the Commonwealth. A change in scope may result in a
negotiation of additional Vendor licensing terms and conditions depending upon
the change in scope and both parties agree to mutually negotiate, finalize and
include any such applicable terms under the contract.

40.10 Contract Conformance
If the Commonwealth Buyer determines that deliverables due under this Contract
are not in conformance with the terms and conditions of the Contract and the
mutually agreed-upon project plan, the Buyer may request the Contractor to
deliver assurances in the form of additional contractor resources and to
demonstrate that other major schedules will not be affected. The Commonwealth
shall determine the quantity and quality of such additional resources and failure
to comply may constitute default by the Contractor.

40.11 Assignment
This Contract shall not be assigned in whole or in part without the prior written
consent of the Commonwealth Buyer.

40.12 Payment
The Commonwealth will make payment within thirty (30) working days of receipt
of Contractor's invoice or of acceptance of goods and/or services in accordance
with KRS 45.453 and KRS 45.454.
Payments are predicated upon successful completion and acceptance of the
described work, services, supplies, or commodities, and delivery of the required
documentation. Invoices for payment shall be submitted to the agency contact
person or his representative.

40.13 **Contractor Cooperation in Related Efforts**
The Commonwealth of Kentucky may undertake or award other contracts for
additional or related work, services, supplies, or commodities, and the Contractor
shall fully cooperate with such other contractors and Commonwealth employees.
The Contractor shall not commit or permit any act that will interfere with the
performance of work by any other contractor or by Commonwealth employees.

40.14 **Contractor Affiliation**
"Affiliate" shall mean a branch, division or subsidiary that is effectively controlled
by another party. If any affiliate of the Contractor shall take any action that, if
done by the Contractor, would constitute a breach of this agreement, the same
shall be deemed a breach by such party with like legal effect.

40.15 **Commonwealth Property**
The Contractor shall be responsible for the proper custody and care of any
Commonwealth-owned property furnished for Contractor’s use in connections
with the performance of this Contract. The Contractor shall reimburse the
Commonwealth for its loss or damage, normal wear and tear excepted to the
extent that any such losses or damages can be attributed to Contractor’s
negligence and any actual losses or damages will be limited to the overall
limitation liability as provided within the Contract.

40.16 **Confidentiality of Contract Terms**
The Contractor and the Commonwealth agree that all information communicated
between them before the effective date of the contract shall be received in strict
confidence and shall not be necessarily disclosed by the receiving party, its
agents, or employees without prior written consent of the other party. Such
material will be kept confidential subject to Commonwealth and Federal public
information disclosure laws.

Upon signing of this Contract by all parties, terms of the contract become
available to the public, pursuant to the provisions of the Kentucky Revised
Statutes.

The Contractor shall have an appropriate agreement with its subcontractors
extending these confidentiality requirements to all subcontractors’ employees.
40.17  **Confidential Information**
The Contractor shall comply with the provisions of the Privacy Act of 1974 and instruct its employees to use the same degree of care as it uses with its own data to keep confidential information concerning client data, the business of the Commonwealth, its financial affairs, its relations with its citizens and its employees, as well as any other information which may be specifically classified as confidential by the Commonwealth in writing to the Contractor. All Federal and State Regulations and Statutes related to confidentiality shall be applicable to the Contractor. The Contractor shall have an appropriate agreement with its employees, and any subcontractor employees, to that effect, provided however, that the foregoing will not apply to:

A. Information which the Commonwealth has released in writing from being maintained in confidence;
B. Information which at the time of disclosure is in the public domain by having been printed and published and available to the public in libraries or other public places where such data is usually collected; or
C. Information, which, after disclosure, becomes part of the public domain as defined above, thorough no act of the contractor.

40.18  **Advertising Award**
The Contractor shall not refer to the award of contract in commercial advertising in such a manner as to state or imply that the firm or its services are endorsed or preferred by the Commonwealth of Kentucky without the expressed written consent of the agency technical contact person. (see Section 50.4)

40.19  **Patent or Copyright Infringement**
The Contractor shall report to the Commonwealth promptly and in reasonable written detail, each notice of claim of patent or copyright infringement based on the performance of this Contract of which the Contractor has knowledge.

The Commonwealth agrees to notify the Contractor promptly, in writing, of any such claim, suit or proceeding, and at the Contractor's expense give the Contractor proper and full information needed to settle and/or defend any such claim, suit or proceeding.

If, in the Contractor's opinion, the equipment, materials, or information mentioned in the paragraphs above is likely to or does become the subject of a claim or infringement of a United States patent or copyright, then without diminishing the
Contractor's obligation to satisfy any final award, the Contractor may, with the Commonwealth's written consent, substitute other equally suitable equipment, materials, and information, or at the Contractor's options and expense, obtain the right for the Commonwealth to continue the use of such equipment, materials, and information.

The Commonwealth agrees that the Contractor has the right to defend, or at its option, to settle and the Contractor agrees to defend at its own expense, or at its option to settle, any claim, suit or proceeding brought against the Commonwealth on the issue of infringement of any United States patent or copyright or any product, or any part thereof, supplied by the Contractor to the Commonwealth under this agreement. The Contractor agrees to pay any final judgment entered against the Commonwealth on such issue in any suit or proceeding defended by the contractor.

If principles of governmental or public law are involved, the Commonwealth may participate in the defense of any such action, but no costs or expenses shall be incurred for the account of the Contractor without the contractor's written consent.

The Contractor shall have no liability for any infringement based upon:

A. the combination of such product or part with any other product or part not furnished to the Commonwealth by the Contractor
B. the modification of such product or part unless such modification was made by the Contractor
C. the use of such product or part in a manner for which it was not designed

Contractor will have the obligation and right to defend any claim, action, suit or proceeding (IPR Claim) brought against the Commonwealth so far as it is based on a claim that any Product supplied under the Contract infringes Third Party IPR (as defined below). Contractor will indemnify the Commonwealth against any final judgement entered in respect of such an IPR Claim by a court of competent jurisdiction and against any settlements arising out of such an IPR Claim. Contractor's obligations to defend the IPR Claim and indemnify the Commonwealth are conditional upon:

- The Commonwealth notifying Contractor promptly in writing of the IPR Claim of threat thereof:
• The Commonwealth giving Contractor full and exclusive authority for the conduct of the defense and settlement of the IPR Claim and any subsequent appeal; and
• The Commonwealth giving the Contractor all information and assistance reasonably requested by Contractor in connection with the conduct of the defense and settlement of the IRP Claim and any subsequent appeal.

Third Party IPR means a United States copyright existing as at the Effective Date or a United States patent issued as the Effective Date. If an IPR Claim has been made, or in Contractor’s opinion is likely to be made, the Commonwealth agrees to permit Contractor, at Contractor’s option and expense, either to: (a) procure for the Commonwealth the right to continue using the Product; (b) replace or modify the Product so that there is no longer an infringement; or (c) immediately terminate both parties’ respective rights and obligations under this Agreement with regard to the Product, in which case the Commonwealth will promptly return the Product to Contractor and Contractor will refund to the Commonwealth the price originally paid by the Commonwealth to Contractor for the Product, as depreciated or amortized by an equal annual amount on a straight line basis over three years from date of original shipment.

Notwithstanding the foregoing, Contractor has no obligation or liability for, and to the extent permitted under Kentucky Law, the Commonwealth will defend and indemnify Contractor against, any IPR Claim arising from:
• the combination, operation, or use of a Product supplied under this Agreement with any product, device, or software not supplied by Contractor;
• the amount or duration of use which the Commonwealth makes of the Product, revenue earned by the Commonwealth from services it provided that use the Product, or services offered by the Commonwealth to external or internal customers;
• the alteration or modification of any Product supplied under this Agreement;
• Contractor’s compliance with the Commonwealth’s designs, specification, requests, or instructions; or
• The Commonwealth’s use of the Product after Contractor has recommended to the Commonwealth modifications or changes in or to the Product required to avoid such an IPR Claim

This Section states the entire obligation of Contractor and its suppliers, and the exclusive remedy of the Commonwealth, in respect of any infringement or alleged infringement of any intellectual property rights or proprietary rights. This indemnity obligation and remedy are given to the Commonwealth solely for its
benefit and in lieu of, and Contractor disclaims, all warranties, conditions and other terms of non-infringement or title with respect to any Product.

40.20 **Permits, Licenses, Taxes and Commonwealth Registration**
The Contractor shall procure all necessary permits and licenses and abide by all applicable laws, regulations, and ordinances of all Federal, State, and local governments in which work under this Contract is performed.

The Contractor shall maintain certification of authority to conduct business in the Commonwealth of Kentucky during the term of this Contract. Such registration is obtained from the Secretary of State, who will also provide the certification thereof. Additional local registration or license may be required.

The Contractor shall pay any sales, use, and personal property taxes arising out of this Contract and the transaction contemplated hereby. Any other taxes levied upon this Contract, the transaction, or the equipment or services delivered pursuant hereto shall be borne by the Contractor.

40.21 **EEO Requirements**
The Equal Employment Opportunity Act of 1978 applies to All State government projects with an estimated value exceeding $500,000. The Contractor shall comply with all terms and conditions of the Act.

40.22 **Provisions for Termination of the Contract**
This Contract shall be subject to the termination provisions set forth in 200 KAR 5:312.

40.23 **Bankruptcy**
In the event the Contractor becomes the subject debtor in a case pending under the Federal Bankruptcy Code, the Commonwealth's right to terminate this Contract may be subject to the rights of a trustee in bankruptcy to assume or assign this Contract. The trustee shall not have the right to assume or assign this Contract unless the trustee (a) promptly cures all defaults under this Contract; (b) promptly compensates the Commonwealth for the monetary damages incurred as a result of such default, and (c) provides adequate assurance of future performance, as determined by the Commonwealth.

40.24 **Conformance with Commonwealth & Federal Laws/Regulations**
This Contract shall be governed by and construed in accordance with the laws of the Commonwealth of Kentucky. Any action brought against the Commonwealth on this Contract, including but not limited to actions either for breach of contract or for enforcement of this Contract, shall be brought in Franklin Circuit Court, Franklin County, Kentucky in accordance with KRS 45A.245.

40.25 **Accessibility**
Vendor hereby warrants that the products or services to be provided under this Contract comply with the accessibility requirements of Section 504 of the Rehabilitation Act of 1973, as amended (29 U.S.C. § 794d), and its implementing regulations set forth at Title 36, Code of Federal Regulations, part 1194. Vendor further warrants that the products or services to be provided under this Contract comply with existing federal standards established under Section 255 of the Federal Telecommunications Act of 1996 (47 U.S.C. § 255), and its implementing regulations set forth at Title 36, Code of Federal Regulations, part 1193, to the extent the vendor's products or services may be covered by that act. Vendor agrees to promptly respond to and resolve any complaint regarding accessibility of its products or services which is brought to its attention.

40.26 **Access to Records**
The state agency certifies that it is in compliance with the provisions of KRS 45A.695, "Access to Contractor's books, documents, papers, records, or other evidence directly pertinent to the contract." The Contractor, as defined in KRS 45A.030, agrees that the contracting agency, the Finance and Administration Cabinet, the Auditor of Public Accounts, and the Legislative Research Commission, or their duly authorized representatives, shall have access to any books, documents, papers, records, or other evidence, which are directly pertinent to this agreement for the purpose of financial audit or program review. The Contractor also recognizes that any books, documents, papers, records, or other evidence, received during a financial audit or program review shall be subject to the Kentucky Open Records Act, KRS 61.870 to 61.884. Records and other prequalification information confidentially disclosed as part of the bid process shall not be deemed as directly pertinent to the agreement and shall be exempt from disclosure as provided in KRS 61.878(1)(c).

40.27 **Prohibitions of Certain Conflicts of Interest**
In accordance with KRS 45A.340, the Contractor represents and warrants, and the Commonwealth relies upon such representation and warranty, that it presently has no interest and shall not acquire any interest, direct or indirect, which would conflict in any manner or degree with the performance of its
services. The Contractor further represents and warrants that in the performance of this Contract, no person, including any subcontractor, having any such interest shall be employed.

In accordance with KRS 45A.340 and KRS 11A.040 (4), the Contractor agrees that it shall not knowingly allow any official or employee of the Commonwealth who exercises any function or responsibility in the review or approval of the undertaking or carrying out of this Contract to voluntarily acquire any ownership interest, direct or indirect, in the contract prior to the completion of the contract.

40.28 No Contingent Fees
No person or selling agency shall be employed or retained or given anything of monetary value to solicit or secure this Contract, excepting bona fide employees of the offeror or bona fide established commercial or selling agencies maintained by the offeror for the purpose of securing business. For breach or violation of this provision, the Commonwealth shall have the right to reject the proposal or cancel this Contract without liability.

40.29 Intentionally Left Blank

40.30 Contract Claims
The Parties acknowledge that KRS 45A.225 to 45A.290 governs contract claims.

40.32 ** Discrimination 
Discrimination (because of race, religion, color, national origin, sex, sexual orientation, gender identity, age, or disability) is prohibited. This section applies only to contracts utilizing federal funds, in whole or in part. During the performance of this contract, the contractor agrees as follows:

1. The Contractor will not discriminate against any employee or applicant for employment because of race, religion, color, national origin, sex, sexual orientation, gender identity, or age. The Contractor further agrees to comply with the provisions of the Americans with Disabilities Act (ADA), Public Law 101-336, and applicable federal regulations relating thereto prohibiting discrimination against otherwise qualified disabled individuals under any program or activity. The Contractor agrees to provide, upon request, needed reasonable accommodations. The Contractor will take affirmative action to ensure that applicants are employed and that employees are treated during employment without regard to their race, religion, color, national origin, sex, sexual orientation, gender identity, age or disability. Such action shall include, but not be limited to the following; employment, upgrading, demotion or transfer; recruitment or recruitment advertising; layoff or termination; rates of pay or other forms of compensations; and selection for training, including apprenticeship. The Contractor agrees to post in conspicuous places, available to employees and applicants for employment, notices setting forth the provisions of this non-discrimination clause.

The Contractor will send to each labor union or representative of workers with which he has a collective bargaining agreement or other contract or understanding, a notice advising the said labor union or workers' representative of the Contractor's commitments under this section, and shall post copies of the notice in conspicuous places available to employees and applicants for employment. The Contractor will take such action with respect to any subcontract or purchase order as the administering agency may direct as a means of enforcing such provisions, including sanctions for noncompliance.

6. In the event of the Contractor’s noncompliance with the nondiscrimination clauses of this Contract or with any of the said rules, regulations or orders, this Contract may be cancelled, terminated or suspended in whole or in part and the contractor may be declared ineligible for further government contracts or federally-assisted construction contracts in accordance with procedures authorized in Executive Order No. 11246 of September 24, 1965, as amended, and such other sanctions may be imposed and remedies invoked as provided in or as otherwise provided by law.

The Contractor will take such action with respect to any subcontract or purchase order as the administering agency may direct as a means of enforcing such provisions including sanctions for noncompliance; provided, however, that in the event a contractor becomes involved in, or is threatened with, litigation with a subcontractor or vendor as a result of such direction by the agency, the Contractor may request the United States to enter into such litigation to protect the interests of the United States.

SECTION 50 – SCOPE OF WORK

50.1 Agencies to Be Served
This Contract shall be for use by the KY DEPARTMENT OF EDUCATION. No shipments shall be made except upon receipt by vendor of an official delivery order from the using agency.

50.2 Term of Contract and Renewal Options
The initial term of this Contract shall be valid through June 30, 2023 from the effective date of the Award of Contract.

This Contract may be renewed at the completion of the initial contract period for two (2) additional two (2) year periods upon the mutual agreement of the
Parties. Such mutual agreement shall take the form of a contract modification as described in Section 40.8.

At the end of this Contract, the Vendor shall provide all agency data in a form that can be converted to any subsequent system of the agency’s choice. The Vendor shall cooperate to this end with the vendor of the agency’s choice, in a timely and efficient manner.

The Commonwealth reserves the right not to exercise any or all renewal options. The Commonwealth reserves the right to extend this Contract for a period less than the length of the above-referenced renewal period if such an extension is determined by the Commonwealth Buyer to be in the best interest of the Commonwealth.

The Commonwealth reserves the right to renegotiate any terms and/or conditions as may be necessary to meet requirements for the extended period. In the event proposed revisions cannot be agreed upon, either party shall have the right to withdraw without prejudice from either exercising the option or continuing the contract in an extended period.

50.3 Basis of Price Revisions

PRICE ADJUSTMENTS: Unless otherwise specified, the prices established by this Contract shall remain firm for the contract period subject to the following:

A. Price Increases: A price increase shall not occur during the first twelve (12) months of this Contract. A vendor may request a price increase after twelve (12) months of this Contract, which may be granted or denied by the Commonwealth. Any such price increase shall be based on industry wide price changes. The contract holder must request in writing a price increase at least thirty (30) days prior to the effective date, and shall provide firm proof that the price increase(s) is justified. The Office of Procurement Services may request additional information or justification. If the price increase is denied, the contract holder may withdraw from the contract without prejudice upon written notice and approval by the Office of Procurement Services. Provided, however, that the vendor must continue service, at the Contract prices, until a new contract can be established (usually within sixty (60) days).

B. Price Decreases: The Contract price shall be reduced to reflect any industry wide price decreases. The contract holder is required to furnish the Office of
Procurement Services with notice of any price decreases as soon as such decreases are available.

C. Extended Contract Periods: If the Contract provides for an optional renewal period, a price adjustment may be granted at the time the contract is renewed, subject to price increase justification as required in Paragraph A “Price Increases” as stated above.

The Contractor is permitted to make subcontract(s) with any other party for furnishing any of the work or services herein. The Contractor shall be solely responsible for performance of the entire Contract whether or not subcontractors are used. The Commonwealth shall not be involved in the relationship between the prime contractor and the subcontractor. Any issues that arise as a result of this relationship shall be resolved by the prime contractor. All references to the
contractor shall be construed to encompass both the contractor and any subcontractors of the contractor.

50.6 **Scope of Work/Technical Requirements:**

This Contract will be the mechanism by which Kentucky public school districts and the Kentucky Department of Education purchase (or lease) and maintain network products and associated services. These products and services may be hardware or software-based and assure the effective delivery of network traffic across the customers' Local Area Network (LAN) and Wide Area Network (WAN). These offerings may be a combination of products and services that are on the customer premise or provider/cloud hosted. These offerings might also include subscription-based services. The type of products may include (but are not necessarily limited to): Switches, Routers, Wireless Access Points, Wireless Controllers (physical or virtual), security-related enhancements, Network Access Control, Network Security, traffic logging, traffic reporting, traffic analysis.

**C. Qualified Vendors:**

A qualified vendor is an original equipment manufacturer (OEM) of enterprise level network solutions that meet or exceed all technical specifications outlined in this Contract.

After the award, the manufacturer may propose the usage of up to five (5) agents/resellers. The Kentucky Department of Education reserves the right to review and give final approval to the proposed agents/resellers and/or any change in agents/resellers after the initial contract award. The manufacturer is still responsible for ALL aspects of the contract requirements regardless of the usage of an agent(s)/reseller(s). A manufacturer SHALL NOT be allowed to have more than five (5) agents/resellers.
An agent/reseller is defined as a company or individual that represents the manufacturer in quotes for products and/or services, purchase order review, delivery and/or warranty and support services of the manufacturer’s product(s). Quotes for products and/or service may be on the agents/resellers letterhead. Billing and payment for invoices from contract purchases may be addressed to the agent/reseller.

D. Single Point of Contact:

It is crucial to have a dedicated account team with which to form a partnership. This working partnership affords the vendor insight into how KDE and K-12 public school districts operate. Vendor should provide an account team that includes, but is not limited to, a sales account representative that is also the Single Point of Contact (SPOC), pre-sales engineer, and a post-sales support level staff to serve the needs of the K-12 customers. Vendor shall name a person that will be the single point of contact (SPOC) for contract issues. Vendor shall ensure that this person and all salespersons of their product will be knowledgeable in:

- All the details of the KETS contract;
- The KY public school, district office, and KDE customer base and
- The most current KETS Master Plan on our KDE web site and year round current events in KETS

The SPOC must be proactive in sharing information or presenting a point of view with the selling staff and the manufacturer(s) of the KETS products.

KETS customers shall notify the OET Vendor Manager when vendors fail to meet the requirements of this Contract. The OET Vendor Manager will work directly with the SPOC to remedy the issue and work with KDE staff and Vendor escalation points of contact to escalate issues as needed.

Upon contract award, Vendor shall provide a description of a copy of procedures for requesting escalation, complaint resolution and identify the staff available for installations, billing problems, etc. Vendor shall provide updated information annually at a minimum.
E. Deliverables:

Deliverables, Penalty and Penalty Waiver:
All deliveries of equipment shall be provided within thirty (30) calendar days of the vendor’s receipt of the purchase order from the customer, unless otherwise requested by the purchasing agency in writing. Delivery is defined as the receipt of goods and completion of installation, if required.

Customers purchasing from this Contract shall have thirty (30) calendar days from the date the customer receives a complete order to notify the vendor of any issues with the order (i.e. missing or damaged parts). Vendor may consider the order accepted by the customer after the close of the thirty (30) calendar day window.

Deliverables Penalties:
Vendor agrees when delivery and/or installation is not made within the contracted timeframes, one percent (1%) per day from the total invoice amount may be deducted from the vendor’s invoice for each day the Vendor fails to meet the contracted timeframe. Penalties will continue to be charged to the vendor until the delivery and installation if applicable is complete.

Deliverables Penalty Waiver:
Vendor shall not be penalized if within the thirty (30) day delivery period, they have supplied OET and the customer with a written notice indicating the particular model ordered is not available in inventory anymore and a newer different model will be shipped in its place. In this case, the vendor must have submitted the new model to OET for evaluation testing. The new model shall not be shipped to the customer until which time the model has been added to the KETS contract. The vendor shall not use this penalty waiver to notify customers falsely with intentions to stall and send the same unit originally ordered. This conduct may result in termination of contract. Once the vendor receives notification, their new model is now available for sales; the thirty (30) day clock starts again.

F. Leasing:

Leasing should be made available as an option to KETS customers. Leasing agreements shall meet all legal requirements for the Commonwealth and KDE. Vendor shall quote hardware warranty coverage for the duration of the lease period. The Commonwealth Lease Agreement is included as See Attachment I.
No changes or substitutions to the Commonwealth Lease Agreement may be made without the approval of KDE and the Finance Cabinet Office of Procurement Services (OPS). Lessee shall not be penalized for failure to return copies of device technical documentation such as CDs if reasonable efforts have been made to store, track and return them at the end of a lease. Information provided by the Vendor of leased items on any Lease quote or schedule of equipment shall include the following: description (including model name and number where applicable), price, quantity, total quantity price, and the KETS contract number. When there is a residual lease value the Vendor shall clearly identify the residual value per unit and the total quantity residual value. The residual value must be clearly identified in the lease quote and lease agreement. Lease payments will be addressed to the contract holder. If the lease exceeds threshold of $100,000 then the lease has to be approved by KDE before the lease can be approved. Below is a link to the guidelines and regulations regarding leases;

https://education.ky.gov/districts/tech/kpur/Pages/Leases.aspx

G. Warranty:

Vendor shall be required to include one (1) year of maintenance/warranty in the initial purchase cost. After the initial one (1) year period, if hardware maintenance is desired, it will be the responsibility of the customer to procure from either this contract or other approved sources.

Warranty shall meet the following criteria:

- The KETS customer’s primary period of service (PPS) falls between the hours of 7:30am and 5:00pm customer’s local time, Monday -Friday, excluding state observed holidays;
- The vendor shall be available to provide warranty service during the PPS; Extended warranty coverage up to (24 x 7) shall be available if needed;
- Vendor shall call and/or email customer back within one (1) hour of placing call to provide applicable information including ticket number;
- The three (3) year warranty coverage included in the initial networking hardware purchase shall include:
Vendor response within four (4) business hours to begin the diagnostics/fault determination. Vendor should perform all fault determination.

Next business day onsite response. Onsite is defined that the vendor goes to the location of the equipment purchased, e.g. a school district office, state agency, etc. Vendor shall come on-site to install any replacement parts or perform repair work so the networking hardware is operational within 24 business hours (three (3) business days) of the initial call.

- All technicians shall be properly certified and or licensed to service networking hardware;

- Vendor may perform diagnostics and repair remotely if applicable versus onsite response with the customer’s prior approval.

- Vendor is not responsible for disaster recovery;

- Replacement parts shall be new or reconditioned, and of equal or better quality than original parts;

- There shall be no charge for any shipping and handling of parts or labor charges for troubles or issues with the equipment;

- Vendor shall ensure the cost is the same throughout the state for installation;

- Vendor shall perform a backup on all devices that have backup capability prior to making hardware or software changes;

- Vendor shall be provided access to the customer’s building where the networking equipment is located as required to fulfill customer service requests.

H. Sales Reporting:

Vendor shall maintain accurate records indicating sales from the KETS Contract. Reports will contain the following fields: Contract number, invoice date, customer name, product number, description (must include model name and number), unit price, list price, quantity purchased, total price, discount off MSRP.
Vendor shall prepare and submit electronically this information no later than ten (10) business days after the end of each quarter to the OET Vendor Manager. It will be the responsibility of the Vendor SPOC to submit the quarterly sales reports. The OET Vendor Manager nor KDE shall be responsible for reminders to submit reports. OET shall report any failure to submit and/or late submissions of sales reports on the annual contract review.

COMMONWEALTH LEASE AGREEMENT
Term Lease Agreement

THIS TERM LEASE AGREEMENT is made this ____ day of _____________, 20__

WHEREAS, The Commonwealth of Kentucky ("Lessee") and _________ ("Lessor")
desire to enter into a Term Lease Agreement No. __________, dated ____________
(the "Lease Agreement") and;

NOW, THEREFORE, the parties hereby agree as follows:

Lease
Lessor hereby leases to Lessee and Lessee hereby leases from Lessor, all hardware,
software and other property (collectively, the “Equipment” and individually the “Item” or
“Items of Equipment” described in the Equipment Schedule (Exhibit A) attached hereto
and made a part hereof). Lessee acknowledges responsibility for choosing the
Equipment to be leased. Lessor hereby affirms to have the ability to perform responsibly
in connection with this Lease Agreement. Lessor has the capability in all respects to
perform fully the Lease requirements, and the experience, integrity, perseverance,
reliability, capability, facilities, equipment, and credit that will assure good faith
performance.

Order of Equipment
Lessor agrees to arrange for delivery of the Equipment within thirty (30) days of the date
of the Lease Agreement. All Equipment shall be completely configured with components
and software prior to delivery. Lessor shall provide at time of delivery to Lessee the
operational manuals for all hardware and software provided by Lessor. Delivery shall
include unpacking and setting up Equipment as requested by the Lessee. Original boxes
and packing shall be removed from the Lessee’s premises and retained by the Lessor if
Lessor requires re-packing of equipment at the end of the Lease period. There shall be
no additional costs for configuration, delivery, or setup of Equipment. There shall be no
additional charge for any Equipment delivered and installed earlier than other Equipment.

Term
The date of the Lessee’s signing of the Certificate of Acceptance (Exhibit B which shall
be attached hereto and made a part hereof) shall be the “Lease Commencement Date”.
The term of this Lease with respect to each item of Equipment as detailed in the
Equipment Schedule (Exhibit A) shall commence when the Certificate of Acceptance
(Exhibit B) is signed by Lessee or as otherwise specified herein and shall end upon the
expiration of the number of months specified in the Equipment Schedule (Exhibit A).
Use
Lessee covenants and represents to Lessor that the Equipment will be used exclusively for official governmental agency purposes and will not be used at any time during the Term of this Lease for personal, family, or household purposes.

Lessee's Inspection and Acceptance
The Lessee's acceptance of the Equipment shall be evidenced by the Lessee's signing of the Certificate of Acceptance (Exhibit B). Lessee shall inspect each item of Equipment within five (5) work days of delivery and installation for acceptability thereof and if Equipment is acceptable shall promptly execute the Certificate of Acceptance (Exhibit B). Unless within such period of time Lessee gives written notice to Lessor specifying any defect in the Equipment or any other proper objection to the Equipment, Lessee agrees that it shall be conclusively presumed, as between Lessor and Lessee, that Lessee has accepted the Equipment and the Lease shall be deemed to commence on the sixth day after delivery. If Lessee gives such written notice to Lessor, the Equipment shall be deemed to be unacceptable.

Equipment Location
Lessee shall keep and use the Equipment at the Lessee address location as specified below. However, Lessee may move the Equipment to another location upon informing the Lessor of the new location.

____________________________________________________________________________
____________________________________________________________________________
____________________________________________________________________________

Equipment Maintenance
Lessee must maintain and use the Equipment in compliance with all laws and regulations and in accordance with a manufacturer-approved maintenance program or agreement. If the Equipment malfunctions, is damaged, lost or stolen, Lessee agrees to continue to make all payments due under this Lease Agreement and each Schedule. This does not limit nor eliminate any rights or remedies Lessee may have against the Equipment manufacturer or supplier related to Equipment malfunction.

Title and Personal Property
The Equipment at all times shall be and remain the sole and exclusive property of Lessor during the Lease Term and Lessee shall have no right, title, or interest herein. In the event Lessee purchases missing/unfound Equipment at the end of Lease term, title shall transfer to Lessee at that time.

Liens and Taxes
Lessor shall keep the Equipment free and clear of liens and encumbrances. Lessee shall not be responsible for any taxes (property, local, state, or federal) related to ownership of the Equipment.

**Lease Payments**
Lease payments shall be made in accordance with Payment Schedule (Exhibit C attached hereto and made a part hereof).

The Lease payments for Equipment during the Term shall be payable to the Lessor in the amounts and sent to the address as specified on a per schedule basis on the Assignment Acknowledgement
Lease payments shall be paid on a ______ basis. First Lease payment shall be due no less than thirty (30) days after Lease Commencement Date or Lessor billing date, whichever is the later, for all Equipment.

**Assignment**
LESSEE MAY NOT SELL, PLEDGE, TRANSFER, ASSIGN OR SUBLEASE THE EQUIPMENT OR THIS LEASE AGREEMENT OR ANY SCHEDULE. Lessor may sell, assign, or transfer all or any part of this Lease Agreement, any Schedule, and/or the Equipment. Assignment requires Lessee’s prior written approval which will not be unreasonably withheld. The new owner will have the same rights that Lessor had, but Lessee agrees Lessee will not assert against the new owner any claims, defenses or set-offs that Lessee may have against Lessor or any supplier. The parties agree that any assignment will not materially affect Lessee’s rights and benefits under this Lease Agreement or any Schedule.

**Loss and Damage**
Lessee assumes risks and liabilities directly related to loss, theft, damage, or destruction to any Equipment. No loss, theft, damage, or destruction of the Equipment shall relieve Lessee of the obligation of Lease payments or any other obligation under this Lease.

**Insurance**
Until a Schedule is paid in full and the Equipment has been returned to Lessor, Lessor will obtain insurance on the Equipment and Lessee acknowledges that the costs are included in the amount due under the applicable lease.

**Notices**
Lessor shall keep Lessee informed of their current address at all times. Service of all notices under this Lease shall be sufficient if mailed to the party involved at its respective address as set forth in the Lease Agreement or at such addresses as such party may provide in writing from time to time. Any such notice mailed to such address shall be
effective when deposited in the United States mail via certified mail or other dated deliverance method such as Federal Express or UPS.

**Return of Equipment or Purchase of Missing/Unfound Equipment**
If Lessee does not exercise the lease End Purchase Option at the end of any Schedule term, as extended or renewed ("Termination Date"), Lessee will arrange for Equipment to be immediately crated, insured, and shipped, in good working condition, to Lessor by means Lessor will designate, with all expenses to be prepaid by Lessee. If Lessee fails to return the Equipment to Lessor as agreed, Lessee shall pay to Lessor the regular Lease payments each month from the Termination Date until the Equipment is returned. Lessee will be responsible for any damage to the Equipment during shipping.

**Funding Out Provision**
Lessee presently intends to continue this Lease hereunder for its entire Lease Term and pay all Lease payments thereto. Lessee will include in its budget proposal and use all reasonable and lawful means available to secure the appropriation of money for such payments. Lessor acknowledges that appropriation is a governmental function which Lessee cannot contractually commit itself in advance and this Lease Agreement does not constitute such a commitment. However, Lessee reasonably believes that moneys in an amount sufficient to make payments will be appropriated.

Other provisions of this Lease Agreement notwithstanding, the Lessor agrees that if funds are not appropriated to the Lessee or not otherwise available for the purpose of making payments hereunder, then the Lessee shall be authorized, upon sixty (60) days written notice to the Lessor, to terminate this Lease Agreement without obligation for the payment of any cancellation or termination charges. Lessee shall provide supporting documentation of funding lapse if Lessee initiates termination under this provision.

**Non-waiver**
No covenant or condition of this Lease shall be waived except by written consent of the Lessee and the Finance and Administration Cabinet, Office of Procurement Services by issuance of an official Modification.

**Warranties**
LESSOR IS LEASING THE EQUIPMENT TO LESSEE "AS IS", WITH NO WARRANTIES, EXPRESS OR IMPLIED, INCLUDING WARRANTIES OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE. Lessor assigns to Lessee for the term of this Lease Agreement and each Schedule any transferable manufacturer or supplier warranties. Such warranties are the sole covenant and obligation of the Equipment manufacturer or supplier; thereby Lessor or its assignees are not liable for any breach of those warranties. Lessee agrees that upon Lessee's
acceptance of the Equipment, Lessee will have no set-offs or counter-claims against Lessor.

For the sake of clarity, please distinguish between the general obligations of the manufacturer in connection with the sale and performance of the Equipment, and the limited obligations of Lessor, as Lessor, as stated in this Lease Agreement and each Schedule. Lessee acknowledges any right of return is solely with the manufacturer or supplier and not with the Lessor. Claims connected to the Equipment's performance must be addressed by Lessee directly with the Equipment manufacturer or supplier, separate and apart from the leasing relationship, and Lessee may not withhold lease payments during the pendency of such claims.

Default; Damages
If Lessee (a) fails to make any lease payment when due or (b) becomes insolvent or commences bankruptcy or receiverships proceedings or has such proceedings commenced against Lessee, or (c) terminates Lessee's existence by merger, consolidation, sale of substantially all Lessee's assets, or (d) defaults under any other agreement Lessee has with Lessor or Lessor's affiliates, or (e) otherwise breaches any provision of this Lease Agreement or any Schedule, Lessor may accelerate the remaining balance due on this Lease Agreement and any Schedule and demand the immediate return of the Equipment to Lessor. If Lessee does not return the Equipment to Lessor within (10) days of Lessor's notice of Lessee's default, Lessee will also pay a liquidated Equipment charge equal to the anticipated Lease-end residual value of the Equipment. Lessor may also use any remedies available to Lessor under the Uniform Commercial Code or any other applicable law. In the event of court action in which there is a final judgment, the losing party will pay all legal fees and expenses in addition to any judgment. Lessor will provide Lessee with notice and due process of law on any repossession or disposition of the Lease. To the extent permitted by law, Lessor will not be responsible to Lessee for any consequential or incidental damages. Lessor's delay or failure to enforce Lessor's rights under this Lease Agreement and each Schedule will not prevent Lessor from doing so at a later time.

Entire Lease Agreement
The terms and conditions of this Term Lease Agreement, Equipment Schedule (Exhibit A), Certificate of Acceptance (Exhibit B), Payment Schedule (Exhibit C), and the Master Agreement (_________________ and any Modifications thereto) upon which it is based shall constitute the entire Lease Agreement between the Lessee and the Lessor. These terms and conditions shall not be amended, altered, or changed except by the written agreement of both parties and issuance of an official change order by the Finance and Administration Cabinet, Office of Procurement Services. Lessee shall not be required to sign any other lease agreement. Should Lessor request that any Commonwealth officer
or employee sign such documents, and such documents are signed, any such documents shall not be binding on the State and shall be cause for termination of the Lease. This Lease Agreement shall be governed by and construed in accordance with the laws of the Commonwealth of Kentucky and any litigation with respect to this Lease Agreement shall be brought in state or federal court in Franklin County, Kentucky.
THIS LEASE IS SUBJECT TO THE TERMS AND CONDITIONS WRITTEN ABOVE AND WHICH LESSEE AND LESSOR ACKNOWLEDGE HAVING READ. THIS LEASE SHALL BE EFFECTIVE UPON ON THE DATE WRITTEN FIRST ABOVE.

[ATTORNEY’S LETTERHEAD]
OPINION OF COUNSEL

RE: Term Lease Agreement No. ______, dated as of ______, 200____, by and
between __________________ (“Lessor”) and Commonwealth of Kentucky
 (“Lessee”)

_________________________ or __________________________ its Assignee:

This firm has acted as counsel to Lessee with respect to the Term Lease Agreement
described above (the “Lease”) and various related matters, and in this capacity has
reviewed a duplicate original or copy of the Lease, including all Exhibits and
attachments thereto. Based upon the examination of these and such other
documents, records and papers as we deem relevant and necessary as the basis
for the opinion set forth below, it is this firm’s opinion that:

Lessee is authorized and has power under applicable law to enter into the Lease,
and to carry out its obligations thereunder and the transactions contemplated
thereby.

The Lease has been duly authorized, approved, executed, and delivered by and on
behalf of Lessee, and is a valid and binding contract of Lessee enforceable in
accordance with its terms, except to the extent limited by bankruptcy,
reorganization or other laws of general application relating to or affecting the
enforcement of creditors’ rights.

No further approval, consent, or withholding of objections is required from any
federal, state, or local governmental authority with respect to the entering into or
performance by Lessee of the Lease and the transactions contemplated thereby.

The authorization, approval, and execution of the Lease and all other proceedings
of Lessee relating to the transactions contemplated thereby have been performed
in accordance with all applicable open meeting, public bidding and all other
applicable laws, rules and regulations.

The entering into and performance of the Lease and other related documents, and
the appropriation of moneys to pay the Lease payments coming due thereunder,
will not result in the violation of any judgment, order, law, rule or regulation
applicable to Lessee, or any constitutional, statutory or other limitation relating to
the manner, form or amount of indebtedness which may be incurred by Lessee,
or result in the creation of any lien, charge, security interest, or other
encumbrance upon any assets of Lessee or the equipment pursuant to any indenture, mortgage, deed or trust, bank loan, credit agreement or other instrument by which the Lessee is a party or by which it or its assets may be bound.

There is no litigation, action, suit or proceeding pending or before any court, administrative agency, arbitrator or governmental body which (i) if adversely determined, will have a material adverse effect on the ability of Lessee to perform its obligations under the Lease, or (ii) challenges the organization or existence of Lessee; the authority of Lessee or its officers or its employees to enter into the Lease; the proper authorization, approval and/or the appropriation of moneys to make Lease payments under the Lease for the current fiscal year of Lessee; or the ability of Lessee otherwise to perform its obligations under the Lease and the transactions contemplated thereby.

The person’s signature which appears therein or is designated therein is the appropriate person to execute the Lease and has actual authority to do so.

We acknowledge and agree that Lessor intends to rely on the above statements in order to enter into Lease.

Respectfully yours,

By: ____________________________
