Data Standard Behavior

Rev. 7/1/2025

Overview

The *Behavior Management Tool* in Infinite Campus should be utilized to document behavior incidents, behavior events, behavior resolutions and behavior responses. A behavior incident is a group of behavior events that take place in school, that are linked by time and proximity. These events do not have to be related, and the same participants do not need to be grouped together in an incident. There can be multiple events attached to one incident. Behavior resolutions are what occurs to the student because of the behavior event(s), and behavior responses refer to those actions taken by staff during a restraint or seclusion.

Data use

The accuracy of behavior data collection is critical due to state and federal mandates for reporting of this data.

- [School Report Card](#)
- Federal Reporting and [Civil Rights Data Collection](#)
- OEA (Office of Education Accountability) requirements
- Data provided to Kentucky Center for School Safety annually
- Data collected regarding restraints and seclusions will be collated and analyzed on a quarterly basis (OCT 15, JAN 15, APR 15, JUL 15). These dates are not reporting deadlines; however, data collected will be used to conduct a comparative analysis across all districts for trends and opportunities for technical assistance (TA). These TA areas might include data collection and entry, physical restraint and seclusion procedures, and positive behavior intervention implementation. Ensuring that restraint and seclusion data is consistently updated increases the fidelity of this analysis.

Section A – Behavior Administration

This section outlines administration or set-up requirements for behavior events, resolutions, and responses. All set-up changes should be made with *All Schools* selected in the IC toolbar.

Tool Search: Event Type Setup

The pre-loaded local event types have been added and set-up based on reporting requirements.

Reference [Section F](#) of this document for a list and definitions of the KDE pre-loaded local event types.

Districts can choose to add local event types if needed; however, a *State Event Code (Mapping)* selection will be required.

- **Available in Referral:** Select indicator if event type should be an available option in the behavior referral section.
- **Name:** Enter the name of the local event type as it should appear in the user entry drop list.
- **Alignment:** Select Award or Discipline from the drop list
- **State Event Code (Mapping):** This is used for state reporting purposes and should remain as *No State Violation* for any local event types added by a school or district.
- **Classification:** This is used for state reporting purposes and should remain as *None* for any local event types added by a school or district.

Tool Search: Resolution Type Setup

Districts can choose to add resolution types; however, any local resolution types meeting the definition of a state resolution must have a State Resolution Code (Mapping) selection for reporting purposes.

- ❖ **Expelled, Receiving Services (SSP1)** - The removal of a student from school for disciplinary reasons that result in withdrawal of the student from the school of attendance. Criteria for expulsion are defined and set by the local board of education. Although the student was

Data Standard Behavior

Rev. 7/1/2025

expelled from the regular classroom setting, arrangements were made for the provision of educational and IEP-related services.

- ❖ Expelled, Not Receiving Services (SSP2) - The removal of a student from school for disciplinary reasons that result in withdrawal of the student from the school of attendance. Criteria for expulsion are defined and set by the local board of education. No arrangements were made for the provision of educational services.
- ❖ Out of School Suspension (SSP3) - A student was removed from the regular classroom and from school for a specified duration of time. Dates/Times of resolution must have corresponding attendance using S: Suspension (Status-Absent, Excuse-Unexcused)
- ❖ Corporal Punishment (SSP5) - A student was physically punished (e.g., paddling, spanking, or other form of physical punishment). This resolution should *only* be made available in districts in which Corporal Punishment is approved as part of board policy.
- ❖ Restraint (SSP7) – [704 KAR 7:160, Section 1\(10\)](#) defines: "Physical Restraint" means a personal restriction that immobilizes or reduces the ability of a student to move the student's torso, arms, legs, or head freely, but does not include: (a) Temporary touching or holding of the hand, wrist, arm, shoulder, or back for the purpose of encouraging a student to move voluntarily to a safe location; (b) A behavioral intervention, such as proximity control or verbal soothing, used as a response to calm and comfort an upset student; (c) Less restrictive physical contact or redirection to promote student safety; or (d) Physical guidance or prompting when teaching a skill or redirecting the student's attention.
- ❖ Seclusion (SSP8) - [704 KAR 7:160, Section 1\(15\)](#) defines: "Seclusion" means the involuntary confinement of a student alone in a room or area from which the student is prevented from leaving but does not mean classroom timeouts, supervised in-school detentions, or out-of-school suspensions.
- ❖ In-School Removal (INSR) – A removal from the student's regular educational classroom or setting for disciplinary purposes and to another program or setting within the same school. Examples include, but are not limited to, in-school alternative placement (ISAP), in-school suspension (ISS), in-school detention or alternative classroom. Students must remain under direct supervision of school personnel. The regular educational program or setting encompasses the school day and includes instructional time, lunch, recess, and study periods. Districts can have a corresponding attendance code using INSR: In-School Removal (Status-Present, Excuse-Exempt). THIS IS A LOCAL DISTRICT DECISION.
- ❖ In-District Removal (INDR) – A removal from the student's regular school to an off-site alternative program or another school for disciplinary purposes with the student continuing to receive educational and IEP services and support. Students must remain under direct supervision of district personnel.
- ❖ IAES - Unilateral Removal by School Personnel-SPED use only
Reference [Interim Alternative Educational Setting \(IAES\) Guidance](#)
- ❖ IAES - Removal by Hearing Officer-SPED use only

Safe Schools Reporting will include **all** student behavior events with a resolution that is mapped to any state resolution code.

Section B – Incident Detail Information

Tool Search: Behavior Management

As in other areas of the behavior management tool, do not include student names in detail or comment fields as this data may be printed or viewed in other areas of the program.

Off-Campus Behavior Incident

When a behavior incident occurs at an off-campus location such as a Kentucky Tech System school or a post-secondary institution, the behavior must be reported to the student's home high school. The high school must enter the behavior data into the student's record. Any behavior that occurs at an off-site location will be reported under the student's home high school and district. KDE recommends that the home school select Location of SSL6: Off-Campus and enter the actual location where the incident occurred in the Location Description field via Incident Detail.

Data Standard Behavior

Rev. 7/1/2025

Step 1 Data Entry: Incident Detail Information

An incident is a group of behavior events linked by time and proximity. Events do not have to be related nor have the same participants to be grouped together in an incident. Therefore, there can be multiple events attached to one incident.

Incident Detail Information
This section stores information specific to the incident and will be shared on the behavior tab of each participant. Add Event/Participant and Add Resolution buttons will not be enabled until all required fields are filled.

Title: Enter a brief description of the incident, i.e., Fight at Assembly, if left blank, the first Event Type selected will default as the value when the incident is saved.

Date of Incident: Enter the date the incident occurred. This field defaults to the date the record is created.

Time of Incident: Enter the time the incident occurred. This field defaults to the time the record is created.

Context: Select from the drop list the context of the incident

- SS: School sponsored event, during school hours
The discipline incident occurs in a school setting OR while a student is under the authority of the school/district AND between the time the bell rings in the morning and the bell rings in the afternoon.
EXAMPLES: incident occurs during instruction in the classroom; incident occurs during lunch in the cafeteria; incident occurs in the gym during a pep rally; incident occurs on a field trip
- SN: School sponsored event, not during school hours
The discipline incident occurs in a school setting OR while a student is under the authority of the school/district AND before bell rings in the morning or after bell rings in the afternoon OR on non-instructional days.
EXAMPLES: incident occurs during a home football game; incident occurs at a school fall festival; incident occurs on the school bus; incident occurs at an away football game in which student was transported by the school or under authority of school personnel
- NS: Non-school sponsored event, during school hours

Data Standard Behavior

Rev. 7/1/2025

The discipline incident occurs off school campus AND between the times the bell rings in the morning and the bell rings in the afternoon.

EXAMPLES: incident occurs off campus during the time the student is supposed to be in attendance

- NN: Non-school sponsored event, not during school hours

The discipline incident occurs off school campus AND before bell rings in the morning or after bell rings in the afternoon OR on non-instructional days.

EXAMPLES: incident occurs at an away football game by a student that at the time of the incident is not under the authority of the school/district; incident occurs such as student uses home computer to harass another student from home in the evening

Behavior Event Location: Select from the drop list the location in which the incident occurred. **When a behavior incident occurs at an off-campus location such as a Kentucky Tech System school or a post-secondary institution, it is recommended to select SSL6: Off-Campus and enter the actual location the incident occurred in the Location Description field.**

Section C – Event and Participant Detail

Tool Search: Behavior Management

Step 2 Data Entry: Events and Participants Detail

Click *Add Event/Participant* button

Event Type: Select from the drop list the local event type. Multiple events can be added to one incident. If the selected event type has a Classification (Drug, Harassment or Weapon) selected, additional data elements related to the classification will be required in the *Participant* section.

Call to Police: Select checkbox if the event resulted in a call to police.

Gang Related: Select checkbox if the event was gang related.

School Resource Officer: Select if the event involved a School Resource Officer.

Court Designated Worker: Select if the student is referred to a Court Designated Worker because the event that occurred on school premises, on school-sponsored transportation or at school functions.

Data Standard Behavior

Rev. 7/1/2025

Safe Schools extract will include **all** incidents involving assault, violence, weapons, alcohol, drugs, tobacco use, bullying and harassment **regardless of event resolution**.

Enter the participant details for each participant involved in the event; this will write the event/resolution information to the student's behavior tab.

Search for Participant

Filter: Current Student, School Employees or All People

Participant Name: Search for participant or offender by last name

Role: Select from the drop list the role the person played in behavior event

- Offender
- Participant
- Victim (required to be collected for CRDC if the event is classified as Harassment)
- Witness

Relationship to School: Select from the drop list the appropriate participant relationship to the school in which the event occurred.

Medical Services Provided: Indicator activated when an event type of Tobacco Use or Drug Use is selected. This indicator should be selected if any type of medical intervention was given to offenders due to tobacco or drug use per [House Bill 142](#).

Arrest: Select if the student is seized and taken into custody because of this behavior event that occurs on school premises, on school-sponsored transportation or at school functions. Custody is defined as physical custody of a person (such as an arrestee) whose freedom is directly controlled and limited by a law enforcement officer. Do NOT select this indicator if a student is briefly detained, questioned, and/or searched by a sworn law enforcement officer without being seized and taken into custody.

Charges: Select if the student has charges filed against him/her because of an event that occurred on school premises, on school-sponsored transportation or at school functions. charges should be verified by a prosecutor or other appropriate individual.

Resolution Type: Select from the drop list the appropriate resolution for specified participant in specified event. Multiple resolutions can be entered for a behavior event.

NOTE: Selection of SSP7: Restraint or SSP8: Seclusion requires additional data elements to be entered in the Behavior Response Detail.

Resolution Assign Date: Enter the date the resolution was assigned to participant

Resolution Start Date: Enter the date the resolution begins

Resolution Start Time: Enter the time the resolution begins; verify the correct AM or PM designation

NOTE: The Resolution Start Date and Resolution Start Time fields default to the date/time the record is created, record should be updated to reflect the actual date/time the resolution begins. State resolutions require a start/end date and time.

Resolution End Date: Enter the date the resolution ends

Resolution End Time: Enter the time the resolution ends; verify the correct AM or PM designation. If a resolution ends at the close of a specified school day, then the end date and time should be the close of school that day, not the beginning of school the next day.

Duration in School Days: This field auto-populates to the hundredth of a day as soon as a Resolution End Time is entered. This field will populate the Resolution Length used in Safe Schools reporting.

Tool Search: Behavior Management

Step 4 Data Entry: Behavior Response

If *resolution* of SSP7: Restraint or SSP8: Seclusion is selected, behavior *response* record is required. If a Restraint or Seclusion *response* is entered, there must be a corresponding *resolution* of SSP7: Restraint or SSP8: Seclusion.

Behavior response missing
Seclusion (Resolution ID: 21886)

Response Type: Select the appropriate technique used during the restraint:

- BR01: Control position restraint
- BR02: Kneeling position restraint
- BR04: Release/escape (self-protection) restraint
- BR06: Standing position restraint
- BR07: Transport position restraint
- BR05: Seclusion (use only if Resolution SSP8 selected)

NOTE: The most-restrictive physical response type should be chosen. A new response is required to be entered when the student de-escalated from a previous response to the point where staff safely released the student from the physical restraint.

Multiple responses will be required if the student again becomes an imminent danger to themselves or others and staff determines all other interventions have been attempted and physical restraint is the only means of keeping the student safe. Each use of a restraint or seclusion should be documented as individual responses.

Section F – Event Type Definitions

Safe Schools extract will include **all** incidents of assault, violence, use of weapons, alcohol, drugs, tobacco use, bullying and harassment **regardless of event resolution**. State mapped event types that are categorized as assault or violence, alcohol, drug, tobacco, harassment or weapon are reportable to KDE via the Safe Schools Report and will generate counts on the annual [School Report Card](#) regardless of resolution.
